AAUW, 7:30 p.m

The average American like you and me drifts along

from day to day without giving much concern to the question of values. We buy anything, go where we please (sometimes

too fast), and enjoy an almost unrestricted freedom unknown

in any other land, without thinking. But the folks who are

getting somewhere today are beginning to consider a n d measure values for what they are. Modestly, we suggest you

do this before buying real estate without an abstract. It's a

# **Eight Point Program Outlined** For Farmers

Emmett E. Powell, county office manager of the Agricultural Stab-ilization and Conservation office of the US Department of Agriculture, Thursday outlined the agri culture conservation program for Eastland county for 1954. Powell divided the program int

eight sections. Strip cropping with Guar o Crotolaria, seeding rangeland, con rolling oak, construction of earth n dams, establishing sod wat

ways, construction of standard erraces, construction of diversion egumes were the eight practices outlined by Powell. Powell said any producer who

ishes may sign up for any of hese practices to be carried out his farm in 1954 by coming to he Production and Marketing As ociation office between Dec. 11 He said funds not obligated dur

ng this period will be used for ite requests during the year. A county wide meeting of fare rs was held today in the court iouse at Eastland. The 1954 pro gram was discussed by the group
