## Scouting's Spirit Is Service

By Walter W. Head  
President of the Boy Scouts of America

Never in the history of our country have we needed the character building and citizenship training influences of the Boy Scouts of America so urgently as we do today. Scouting instills in our boys reverence for God, admiration for country, love for home and respect for their fellows. It is a genuine brotherhood.

During the 31 years the Movement has served America, more than nine million boys and men have been registered on its membership rolls. Today more than one million five hundred thousand are active participants in its program. And every day throughout the land this vast brotherhood individually and collectively is doing something worth while to "strengthen and invigorate our democracy."

Indeed, it is my conviction from personal observation in many hundreds of communities in every section of America over a period of twenty years that Scouting epitomizes all the attributes of democracy. It is a great Movement charged with the responsibility of working ceaselessly for our great country. Its idealism is practical; its acceptance is universal. It is free and voluntary. Its spirit is service.

Raley, President of Oklahoma Baptist University, is booked to deliver the inspirational addresses. Other speakers on the program are Dr. Thomas H. Taylor, President of Howard Payne College; Dr. A. D. The addresses for the Conference are built around the general theme of "The Gospel of Christ in the World of Today." In the light of world conditions this is a timely topic.

Plainview will open her homes for all who attend. Bed and breakfast will be furnished all who come, without cost. Under such an entertainment plan every Baptist man on the Plains should attend this session. Every pastor should come, and bring as many of his men with him as possible.

The territory covered by this meeting runs from Lamesa to the top of the Panhandle; from New Mexico to Childress, Paducah, Spur and Post.

The conclave closes Wednesday afternoon. Every moment of the three days will be packed with inspirational addresses and sermons. None should leave before Dr. White's final address Wednesday afternoon.

## Boy Scout Week February 7-13

During Boy Scout Week 1941 the Boy Scouts of America is reminding Americans that "the paramount need in national defense is the strengthening and invigorating of democracy in the United States." This organization proposes to do through its normal programs of activity and education.

Boy Scouts in this country following a non-military policy are engaged in a program of "learning by doing." Boys in every city are learning how to do the simple, necessary things of life, from tying a knot that will hold to cooking a meal in the open. Their program is an active one, stressing outdoor life and the ability to think under emergency conditions.

This is not unfamiliar to the people of America. The Boy Scouts of this country have an enviable record in service which older people many times cannot match. Each year brings its quota of news stories, telling how some youngsters who learned the rudiments of first aid from the Scoutmaster have saved the life of a human being in some crisis.

Drownings annually are lessened by the prompt actions of these boys in the khaki uniforms. The 1938 New England hurricane disaster, bears witness to the prompt and valuable service of these boys. Carrying messages, taking care of refugees, and many times actually saving lives in dramatic episodes, these Scouts have shown themselves to be fine examples of all the best that America can create for the future.

The efforts upon the part of the leaders of the Boy Scouts of America to strengthen America by giving the boys of the country the ability to act quickly and effectively in times of emergency deserves the support of every person who believes in the value of democracy.

The Boy Scouts of America believe that the way to fight those forces which would attack our democracy is to be democratic. And to that end over three hundred and thirty thousand Americans are giving voluntary service to the million and a half members of the Movement.

An example of the way in which Scouts are keeping clear and open minds under present conditions, is the welcoming of Scouts from foreign countries to affiliation with Troops in the Boy Scouts of America. American Scouts are mixing with foreign refugees, giving them the spirit of the American Way, and taking in return a true knowledge of conditions overseas. Scout Leaders are sparing no efforts to prepare American youth with the knowledge and skills which will make them valuable in times of emergency.

Applications for auditions for the second annual tour of the All-American Youth Orchestra, which is to be organized by the renowned Leopold Stokowski for a series of concerts in Mexico, Canada and the United States are now available. It was announced today by the Amarillo office of the National Youth Administration.

The deadline for filling in applications is set for February 10, 1941.

All applications from youths between sixteen and twenty-four years of age inclusive, are to be made on official application forms which are available at the area NYA office, 315 Amarillo Building. On the basis of the qualifications listed by the applicant, the local committee will select musicians and notify them of the date and place of the area auditions.

## Methodist Notes DIMMITT CIRCUIT

Due to personal lethargy on the part of the pastor, there was no report in this column last week. The copy got to the printer too late.

Anyway, we had a good day at Flagg, with a good attendance and ood attention. A nice crowd of young people.

Last Sunday we went to Jumbo and despite the threatening weather, we had a good crowd. A number of the young people from Canyon were home between semesters at the school.

We had an exceptionally good Sunday school with a good lesson, well represented by Bro. Thurston the teacher.

We also had a good day Wednesday, January 9th, at Eastor where we attended a Zone meeting of the Ladies for the Womens Society of Christian Service. It was a high spiritual day for us and I am sure that everyone went home much better than when they came. It is good to see these good women, willing to leave some of their pressing duties left undone for a day to attend to the work of the church.

My attention has been drawn to an article appearing in the Southwestern Advocate for this week, headed, "Church Going is Better" it is calling to mind some of the statements of some of our outstanding men and women in America who after years of Church inactivity, have recently returned to the Church and have been surprised at the personal loss that they have sustained because they have deprived themselves of services of the Church.

Mr. Henry C. Link, a noted psychologist wrote that in his counseling, that he found that the best medicine for a diseased mind and a disintegrated soul, is a religious faith, a faith in God, a faith in realities which the church presents, clarifies and exemplifies.

Roger William Riis, son of the distinguished author of "How The Other Half Lives", said recently in an article condensed for readers Digest ("Now I Am For The Church") that last may be casually entered a church for the first time in twenty-two years. The service and sermon surprised him very greatly. He has gone regularly since then and has become a permanent convert to the value of the Church, its ministry, and its worship.

We do not have to have great men to tell us the value of the church, because as insignificant as we are we know what the church can do for a man. I have seen the religion of Jesus Christ go into the poverty stricken home and pick out a useful member of society when under the influence of the church. I have seen the religion of Jesus Christ turn the drunkard into a sober useful citizen. Also, I have seen practical religion applied to people who seemingly had lost all desire to be anybody and change them completely. So completely in fact that you would hardly suspect them of being the same person.

Yes, the religion of the Christ is great and Powerful and it does not need defending. I think that the real trouble today is that the Church and religion in general is getting too much defense and not enough preaching. All that the word of God needs is preaching, not defending men will find that

## NOTICE! CHANGED BASIS FOR FILING INDIVIDUAL FEDERAL INCOME TAX RETURN

AMOUNT OF GROSS INCOME—NOT NET INCOME—DETERMINES LIABILITY

The Revenue Act of 1940 has made important changes with respect to the liability of individuals for the filing of income tax returns. Individuals under the following circumstances are required to file returns covering the calendar year 1940:

Single individuals, or married individuals not living with husband or wife, having a GROSS INCOME of \$300.00 or more. Married individuals living together having a combined GROSS INCOME of \$2,000.00 or more.

The net income is no longer to be used in determining the liability for the filing of a Federal income tax return. The liability of a citizen or resident of the United States to file a return is dependent upon his status as a married or single person and the amount of his GROSS INCOME. Therefore every citizen or resident of the United States will be required to file a return for the taxable year 1940 if his GROSS INCOME in 1940, regardless of the amount of his net income, comes within the amount specified above for his particular status. A return must be filed even though, by reason of allowable deductions from gross income and of allowable credits against net income, it develops that no tax is due.

Form 1040A should be used for GROSS INCOME of not more than \$5,000 derived from salaries, wages, interest, dividends, and annuities. Form 1040 should be used for GROSS INCOME from salaries, wages, interest, dividends, and annuities of more than \$5,000; or if any part of your income is derived from other than salaries, wages, interest, dividends, or annuities. Form 1040 should be used regardless of the amount of your income. While returns must be filed on or before March 15, 1941 with the collector of internal revenue for the district in which you reside, it is urged that they be filed as soon as possible.

If in doubt as to your liability for the filing of a return and if your employer has no blank return forms available, make request of the collector of internal revenue for the district in which you reside, or any deputy collector stationed in your vicinity, for the 1940 individual income tax return and the printed instructions accompanying the form.

Failure of individuals, under the circumstances outlined above, to file returns will subject them to the imposition of the penalties prescribed by law.

Mr. and Mrs. Jack Gregory and Carol Denn have been in Iowa the past two weeks where Mrs. Gregory has been receiving eye treatments.

Harold Clark was a business visitor in Amarillo Saturday.

It is the Power of God Unto Salvation if it is preached. Let us preach it in its most effective way, by consistent daily living. And let us go to church.

Let us keep in mind that Sunday is Race Relations Sunday and that we are asked to observe the day and take an offering to be sent to the board responsible for Negro work in America.

The district has set a goal that all finances should be up to date by Easter Sunday which is not far off. Let us do our part.

Your pastor has accepted a request to help in a revival at Supply, Oklahoma, beginning March 3. To run ten days or two weeks. He requests your prayers for it's success.

I trust that we are thinking and praying for our own revivals this year.

**Band Rehearses Festival Music**

"Close your eyes and draw"—That seems to be the only way of deciding which Band Clinic to attend. On March 1st, Littlefield and Hereford are conducting a Band Clinic and the band has received invitations to both. Since it is impossible to attend both the band must decide upon one.

Two new marches and one new overture have been received. The marches are "Semper Fidelis" and "National Emblem" and the overture is "Horizon," which is one of the festival selections.

The band students are working hard on the festival pieces and it is the hope of all the students that the band will make a good impression and receive a good rating at this year's festival.

The girls need slacks to make the band look more uniform; finding a better chance of receiving recognition of the marching band.
