**WINDBAG**  
By The Office Loafer

Some of you may remember that a few days ago a young upstart from the Army was in Ranger and tried to write this column for one issue. At the time he was around here he was a Pfc. Now in the mail we receive the following:

"CAMP CARSON, Aug. 16 (Spl.) — Fred E. Wortham, Jr., son of Fred E. Wortham, Sr., better known as "Windy" of Ranger, was promoted to Corporal today with full recognition for outstanding and conscientious service and superior efficiency in the performance of duties assigned."

The manner in which the above is worded leads us to believe that it is not an official Army news release. Sounds like a lot of make-believe to me, but anyway papa is proud to receive the news — at least to learn that junior will be getting \$23.92 more each pay day as long as he can keep his present hold on this spot in the Army.

J. B. Shirley, who lives west of Ranger on the Breckenridge highway, came snooping around here early today, shortly after sunrise, and I think to his surprise found this old country boy on the job. Yes, I think he left here convinced that I am all that I claim to be — just a plain old country boy, because I proved to him that I was up in time to milk and feed if there had been any milking and feeding for me to do early this morning.

His visit was enjoyed, and all of us thank him for the aid to the Maddux fund and the Emergency March of Dimes drive.

This man Willis out at the Ranger Junior College looks to me like he is headed for trouble for at least one football game this fall. He is on the faculty and will be of course be expected to show his loyalty and full support for the Rangers, but when Henderson Junior College plays here on November 13, who is coaching that team? If you didn't already know, it is none other than a son of our beloved Prof. Willis. From the way it looks to this old country boy, it would appear that friend Willis is in for some hedging somewhere down the line.

There's a lot of football spirit and a lot of football fans in Ranger. The Quarterback club needs everyone as a member. It has as its purpose the wholehearted support of the school, the coaches and the team. Through the organized effort of the club a lot can be done to help where it would be impossible to accomplish anything if left to individual effort. Let's back the QB club and in that way put more support behind the team.

Folks around this place have a habit of going off on vacation and not telling me a thing about it. Strolling around the town I see a few familiar faces missing from their usual spots but thinking they're out for a spot of tea, I don't mention it for a few days and then find they are long gone on a vacation. Upon returning they pick some of the hottest times of the day to discuss the subject with me and begin by telling what a cool vacation they have had. Hope some of the next ones come back with frostbite on their toes.

How are the fishing forecasts in this corner working out, or does anyone read them?

Heard there were some Ranger folks up around Neeley's camp on Possum Kingdom last week end. Wish I knew how they came out, and whether or not they wasted their bait.

If I don't miss it, there should be some good fishing for the next day or so, especially during the morning hours.

Thursday, Aug. 26 will be the 54th anniversary of the 19th Amendment to the Constitution becoming effective, giving the women, and this caused our special correspondent at Gunsight to remark that since then politics ain't what they once were.

Quotable Quotes: "Maybe you can't take it with you, but these days where can you go without it?" That's why I'm stranded, how about you cousins?

## Bulldog Grid Sessions Begin With 30 Boys

### Because of Dimes— Ranger Lad Starts To School Sept. 1

On Sept. 1, a 6-year-old Ranger lad will enter school for the first time. So will scores of other Ranger children, but the case of little Bobby Matthews will be different. Without the aid of funds from the March of Dimes in the past he might not have any hopes of ever being able to go to school.

Stricker with polio in July, 1950 at the age of two, Robert James Matthews, son of Mr. and Mrs. Fred W. Matthews, 1208 Division, Ranger, his body was completely paralyzed below his shoulders.

It was necessary that he receive extensive treatment, both at Hendricks Memorial Hospital, Abilene, and at Gonzales, Texas, Warm Springs Foundation.

Mr. and Mrs. Matthews state that without the aid and assistance from the National Foundation for Infantile Paralysis, all of his treatment would not have been possible. At the time the child was stricken four years ago, the family carried a \$1,000 insurance policy. This was soon absorbed. Likewise the family funds were quickly exhausted. Within the past four years the family has spent \$1,500 on treatment and expenses in connection with the care for Bobby.

Records of expenditures on the part of the National Foundation, both from the local chapter and from higher levels, show over \$4,000 for the case of Bobby Matthews.

Expenditures are not yet over for the treatment of this child. There is an indefinite period of treatment ahead. During the time he was at Gonzales his condition was such that he averaged four hours daily in an iron lung.

"The remarkable part of this story," said M-Sgt. Jess Cole, county chairman of the Emergency March of Dimes drive, "is that the child can now walk and will be able to go to school. He is able to walk a part of the time without the aid of leg braces, although he has to wear a body brace all of the time."

"Without the aid of funds from other March of Dimes fund raising drives, it would have been impossible for the child to have had the extensive treatment which definitely has given him a chance. Proper treatment as no doubt been responsible for saving his life and partially restoring the usefulness of his limbs and body."

"This is only one of the multitudes of cases aided by the March of Dimes constantly. It is to help others who have suffered and are suffering that additional funds are needed now. Preventative programs and the heavy drain of case loads have combined to cause national funds, and funds in many local chapters to become exhausted. Contributions now will mean that we can carry on the work of saving lives and rebuilding bodies, and possibly prevent thousands from being stricken."

"The parents of Bobby joined Cole in emphasizing the fact that they would have been unable to provide the proper treatment without assistance from the National Foundation."

## QUARTERBACKS OUTLINE PLANS FOR YEAR AT SESSION MONDAY

Some of the "trade secrets" and plans of this year's strategy for the Bulldogs was discussed Monday night by Coach Boone Yarborough at the first fall meeting of the Quarterback Club.

The coach gave a few hints of how he plans to move against opponents this year, provided he can get the holes in his team closed. He indicated pleasure at the spirit and work shown following the two work-outs of the first day. He still sounded a few notes of pessimism regarding the over-all prospects for the season.

L. E. Wallace, president of the Quarterback Club, will head a committee to make plans for the formal presentation of the electric scoreboard and clock from the club to the school. This clock, it was pointed out, had cost the Quarterback Club \$1,450.00 and it has been paid for, but an anonymous friend of the club had made the club a loan. Now the club will be in a position to repay that loan and it can be formally presented to the school.

Another added feature for this year's football at Bulldog Stadium will be two new loudspeakers. These, it is planned, will be installed at the south end of the playing field, with one directed to each of the west and east stands thus making for a better understanding of announcements over the public address system.

The Quarterback Club is to provide one speaker and the school will provide the other.

Another project, which received the approval of Coach Yar-

## Farmers Must Comply With Whole Allotment Program To Be Eligible For Price Supports On 1955 Crops

A compliance by farmers to all allotment requirements in 1955 to become eligible for price support of any crop next year is pointed out in an announcement by Emmett E. Powell, manager of the Eastland County office of the Agricultural Stabilization and Conservation Committee.

He said that in addition to wheat, cotton and peanut allotments there will be a general crop allotment for 1955, to possibly include oats, barley, rye and all grain sorghums. Details are not yet available he added, but just as they are received the information will be passed on to Eastland County farmers.

## Hugh Booher Dies Suddenly In Fort Worth

Word was received in Ranger last night by Mrs. Edna Huffman and Mrs. May Smith of the death of their nephew, Hugh Booher, yesterday afternoon in Ft. Worth. He died suddenly of a heart attack.

Funeral services are pending word from his son, Harold Booher, who is a Methodist missionary in Monrovia, Liberia.

## Break In Line Puts City Area Without Water Monday

A small area of Ranger was without water for several hours Monday as a city water department crew repaired a broken water main. The six-inch main broke in the 300 block of South Rusk, Sunday night. Cause of the break was undetermined. This is one of the older six-inch lines in the city's system which is in the grid system for downtown fire protection and supply.

## Bank Will Close On Election Day

Officials of the Commercial State Bank today reminded customers and depositors that the bank will be closed Saturday, Aug. 28 because it is election day for the run-off primary.

## Gorman GI Is Now In England

UPPER HEYFORD, ENGLAND (Spl.) — Pvt. Harold G. Higginbottom, son of R. M. Higginbottom, Route 1, Gorman, is now serving in England with the 4th Anti-Aircraft Artillery Battalion.

He is a mechanic in the battalion, part of the 32d AAA Brigade, which engages in joint training exercises with the U. S. and Royal Air Forces and the British Army.

UH-HUH? HUH-UH!—Baby Sea Lion wants to head for the deep end of the pool, but Mama says "nothing doing." There'll be no shennigans on Seal Island in the London, England, zoo if she can help it.

## JUNIOR COLLEGE RANGERS TO START DRILLS SEPT. 1

Football practice for the Ranger Junior College Rangers will start Sept. 1, with prospects for approximately 65 men seeking 11 places on the starting line-up, Coach Dick Henderson said today.

The first game on the schedule for the Rangers will be a home game against Wharton Junior College here on the night of Sept. 11. The first game away from, against Allen Military Academy at Bryan has been changed from a night game to an afternoon affair and will be played at 2:30 p. m., Sept. 18.

The change in the time of the game was made because of the College Station on the night of Sept. 18. Members of the Rangers squad who make the trip will see the Aggie and Tech game.

## SIX STUDENTS TWO YEARS AGO PLACE BULLDOGS IN CLASS AA

Six extra students in Ranger High School during the school year of 1952-53 resulted in the Ranger Bulldogs being shifted back to Class AA competition for 1954 football season. This is the report of School Superintendent G. B. Rush.

The rules of the Texas Inter-scholastic League determines the classification of schools in all events of interscholastic competition, and they set a figure of 210 average high school membership as the mandatory dividing point between Class A and Class AA in football.

When a school's attendance records exceed the number used as a class dividing point, it is then mandatory for the school to go to the higher classification bracket. Schools with the average membership below the mandatory dividing point, may upon request be voted into a higher bracket for football competition.

This was the case of Ranger for several seasons when the Bulldogs played in the AA classification, but for the 1953 season they dropped back into Class A where the school membership records placed them. In this class the Bulldogs took the State Championship.

Now, the Bulldogs are back in Class AA as a result of an average membership of six above the maximum number permitted for a school to remain in Class A.

Supt. Rush pointed out that a school, under the method used by the Inter-scholastic League, is always operating a year behind the annual school year records used in determining its classification.

## Several Hundred Visit Open House

Several hundred attended the open house Sunday held by W. D. McAllister upon the completion of a modern 3-bedroom ranch style dwelling on Highway 80 west.

The house was furnished with attractive and comfortable modern furniture by the Ranger Furniture Exchange for the occasion of the public inspection of it.

## WEATHER REPORT SLOW DOWN and Live

PARTLY CLOUDY, SLIGHTLY COOLER, possible afternoon showers through Wednesday.

## Hagaman Ranch Well Blows In To Create Much Interest Here

It was like a page out of the history of Ranger's boom days when oil shot skyward last weekend from the Vaughn Production Company No. 1-A M. Hagaman on the Hagaman Ranch northeast of Ranger.

The well which indicates good production from the Marble Falls formation came in unexpectedly shortly before noon Saturday and sprayed the countryside with oil.

This wildcat well has created more interest locally than any in a long time, local residents declare.

"This well shows every indication of being a good producer," Leslie H. Hagaman, said Monday. Cementing of the well was completed late Sunday and it will be several days before the plug is drilled and the well brought in, operators stated.

When the well was running wild the production was variously estimated from 50 to 100 barrel per hour by those who saw it flowing.

The No. 1-A is 650 feet north of the No. 1 Hagaman which the Vaughn Production Company of Wagon, Okla., brought in last May. This well, strictly a wildcat, found production in the Marble Falls sand, and was completed with a depth of approximately 3,600 feet with a daily potential of 72 barrels.

It is generally understood that the Marble Falls formation in the No. 1 well was covered with a lime formation, and in the No. 1-A, that a shale formation was picked up at the point where the lime was expected. Some thought this indicated an unfavorable prospect.

When a school's attendance records exceed the number used as a class dividing point, it is then mandatory for the school to go to the higher classification bracket. Schools with the average membership below the mandatory dividing point, may upon request be voted into a higher bracket for football competition.

This was the case of Ranger for several seasons when the Bulldogs played in the AA classification, but for the 1953 season they dropped back into Class A where the school membership records placed them. In this class the Bulldogs took the State Championship.

Now, the Bulldogs are back in Class AA as a result of an average membership of six above the maximum number permitted for a school to remain in Class A.

Supt. Rush pointed out that a school, under the method used by the Inter-scholastic League, is always operating a year behind the annual school year records used in determining its classification.

The six teams in District 9-AA into which Ranger is placed this year includes Graham, Mineral Wells, Weatherford, Stephenville, Cress and Ranger.

It is understood that Eastland missed having to move up into Class AA by being three students under the 219 mark.

## Funeral Monday For W. L. Brown, Here Since 1918

Funeral services were held Monday at 10:00 a.m. at the Second Baptist Church in Ranger for Walter Lee Brown, 84, Capt. Jasper C. Masseege, former pastor of the church officiated.

Mr. Brown who had been ill for a number of months died at his home, 419 Strawn Road, Saturday, August 21, at 4:59 p.m. He had been a resident in Ranger since 1918, and was a retired carpenter. He was a member of the Second Baptist Church.

Surviving are two sons, Claude Brown, of Whiteface, and Vada L. Brown of Longview; two daughters, Mrs. J. B. Baker of Ranger and Mrs. H. L. Andrew of Bronco; six grandchildren and five great grandchildren.

Funeral services were held Monday at 10:00 a.m. at the Second Baptist Church in Ranger for Walter Lee Brown, 84, Capt. Jasper C. Masseege, former pastor of the church officiated.

Services were under the direction of Morris Funeral Home with interment at Evergreen Cemetery, Ranger.

When the well was running wild the production was variously estimated from 50 to 100 barrel per hour by those who saw it flowing.

The No. 1-A is 650 feet north of the No. 1 Hagaman which the Vaughn Production Company of Wagon, Okla., brought in last May. This well, strictly a wildcat, found production in the Marble Falls sand, and was completed with a depth of approximately 3,600 feet with a daily potential of 72 barrels.

It is generally understood that the Marble Falls formation in the No. 1 well was covered with a lime formation, and in the No. 1-A, that a shale formation was picked up at the point where the lime was expected. Some thought this indicated an unfavorable prospect.

When a school's attendance records exceed the number used as a class dividing point, it is then mandatory for the school to go to the higher classification bracket. Schools with the average membership below the mandatory dividing point, may upon request be voted into a higher bracket for football competition.

This was the case of Ranger for several seasons when the Bulldogs played in the AA classification, but for the 1953 season they dropped back into Class A where the school membership records placed them. In this class the Bulldogs took the State Championship.

Now, the Bulldogs are back in Class AA as a result of an average membership of six above the maximum number permitted for a school to remain in Class A.

Supt. Rush pointed out that a school, under the method used by the Inter-scholastic League, is always operating a year behind the annual school year records used in determining its classification.

## Local Market Good On Stock At Monday Sale

Sales Monday at the Ranger Livestock Commission Company auction sent a total of 350 head through the ring, including 400 cattle, 50 hogs and 100 goats.

It was pointed out this morning by the management of the livestock auction sale that Ranger is producing a good strong market for livestock producers in this area in the sale of small lots. This is confirmed by a comparison with the Fort Worth market for Monday, which shows that top prices paid here were well in line, and in several instances above prices at the larger market.

On the local market fat calves brought \$14 to \$18.50; common medium grades, \$10 to \$14; fat cows, \$8 to \$10.50; canners and cutters, \$5 to \$7.50; bulls, \$10 to \$12.50; stocker calves, \$14 to \$18.50; stocker yearlings, \$12 to \$14.50; coveys and calves, \$75.00 to \$135.00 a pair.

Top hogs brought \$23.25, with some selling at \$18.00 up to \$18.50. Goats averaged \$4.25 each.

### Fall Hunting Regulations Summarized

Major fall hunting regulations are summarized for ready reference.

**MOURNING DOVES:** North Zone — September 1-October 10; South Zone — October 1-November 9, noon to sunset; ten doves per day in possession.

**WATERFOWL:** November 5 - January 3; one half hour before sunrise to sunset except opening day when shooting begins at noon; five ducks per day, ten in possession; five geese per day or in possession in the aggregate.

**DEER:** November 16-December 31 under General State Law; November 20-25 West of Pecos; November 19-24 in Panhandle. Several special local seasons. Limit varies from two buck deer under General Law to one buck deer in Panhandle, West of Pecos, and in some other areas.

**TURKEY:** November 16-December 31 under General State Law; November 12-21 Panhandle. Limit three gobblers under General Law, two gobblers in Panhandle. Special

dates and limits govern several counties.

**QUAIL:** December 1-January 16 under General Law; month of December for West of the Pecos; one half hour before sunrise to one half hour after sunset; twelve quail a day, not more than thirty-six in one week or in possession; Panhandle bag limit six per day or twelve in possession; special regulations in several individual counties.

**SQUIRRELS:** October, November, December under General Law; season open all year in sixty-nine counties; ten squirrels per day or in possession; many counties have special regulations.

**WILD HOG:** November 16-December 31 under General Law; limit two per season; season open all year in forty-nine counties.

**PHEASANT:** Limited to December 4-5 and December 12-13, four days altogether for small Panhandle area; limit two cocks per day, four in possession; may be taken only with shotgun.

**IMPORTANT:** Foregoing ready reference may be supplemented with detailed information from Hunting Law Digest or Waterfowl Supplement. If in doubt, make certain by checking your local game warden.

Week-end visitors in the Lee Everheart home were his brother, Mr. and Mrs. H. B. Everheart of Lamessa and his uncle J. B. Everheart.

Contributions to the aid of the Maddux family have now reached a reported total of \$347.26. Those who have contributed since the last report on Aug. 19, include A. G. Koenig, G. F. Landtroop, Willard Swamy, Bill Barnes, A. E. Crawley, Mrs. Mary Joy Wilson, R. V. Robinson, Mrs. W. A. W. Alsham, Ranger IOOF, Mrs. A. W. Brazda, D. D. Pickrell, G. P. Rose and J. B. Shirley.

Robert, 17 and Mary Jane, 15, son and daughter of Mrs. C. S. Maddux, who are confined with polio at the Hendricks Memorial Hospital, Abilene, were reported Monday to be showing a slight continued improvement.

Mrs. Maddux stated that the doctors had indicated that both might be sent to the Warm Springs Foundation at Gonzales, Texas, for further treatment, but they would in all probability remain at Hendricks hospital for another two weeks.

Mary Jane has celebrated her 15th birthday since she has been in the hospital and both she and Robert have expressed appreciation for the many cards and letters from friends in Ranger.

### Tom Warden Is Honored By His Fellow Employees

Tom Warden, veteran right-of-way and claims agent for Lone Star Gas Company in Eastland, got a pretty fair idea Friday night of just how fellow employees feel about him.

More than 100 of them and their wives and husbands attended a picnic and dinner in his honor at Cite Park. And they presented him with a \$75 gift certificate for a brand new pair of cowboy boots.

The Company pension plan and following 27 years in the same job. Present, including Mr. and Mrs. Warden and their children, were Lone Star families from Athens, Groesbeck, Sulphur Springs, Abilene, Dallas, Ranger and Eastland.

Burford Jordan of Eastland was master of ceremonies. Mrs. Clara Connor helped with arrangements. A barbecue supper was served followed by dancing in the American Legion hall.

A congratulatory telegram was read from Gerdes Rice, manager of the right-of-way and claims department of the company, who was unable to attend due to illness in his family.

### Forty-One Children, Grandchildren Present For Pounds Family Reunion

For the first time in 14 years all members of the family of Police Chief and Mrs. W. G. Pounds were present to celebrate a reunion Saturday and Sunday.

Their nine children and their families made a total of 41 members of the family present, in addition to three visitors.

At noon Sunday an outdoor barbecue dinner was served to 46 people at the Pounds residence, 709 McCleskey. Visiting was the order of the day with a few games of 42 and dominoes.

Those of the family attending were: Mr. and Mrs. Cecil Pounds of Monahans, and children, Glenda Jean, Mary Jane and Darryl. Mr. and Mrs. Leonard Pounds of Ranger, and children, Alyce, L. H. and Lewis.

Mr. and Mrs. Adron Pounds of Victoria, and children Anita, Barbara, Laura Jean and Mike. Mr. and Mrs. Jake McNeely of Los Angeles, Calif., and children, Colleen, Larry and Ronnie.

Mr. and Mrs. Wendell Surles of Dallas, and daughter, Carol Ann. Mr. and Mrs. T. J. Belknap of Ranger, and children, Virginia, Jerry, Janice, Jimmy and Judy. Mr. and Mrs. W. G. Pounds, Jr., of Monahans, and son, Billy. Mr. and Mrs. Joe Bob Pounds of Monahans and daughter, Julia. Mr. and Mrs. Charles Beskow of Eastland and children, Randy and Craig.

### Final Services Held Monday For James W. Horn

Funeral services for James William Horn, 88, were held Monday at 4 p.m. at the Church of God in Eastland with Rev. W. E. Hallenbeck in charge.

A resident of Eastland County for 79 years, Mr. Horn died Monday morning at 2 a.m. He was born in Kentucky June 29, 1866.

Survivors include his wife; two sons, Arthur of El Paso and Truman of Oden; three daughters, Mrs. Beulah Young and Mrs. Stella Hazard of Eastland and Mrs. Liddie Pell Clem of Fort Worth; 17 grandchildren and 17 great-grandchildren.

Mr. Horn's nephews were pallbearers. Burial was in Eastland Cemetery with Hamner Funeral Home in charge of arrangements.

Lewisville Ceremony Unites Miss Stockard, Meredith Sides

Wedding vows were repeated Friday evening, August 13, at the First Methodist Church in Lewisville, Texas, by Miss Dora Anne Stockard and Ollie Meredith Sides. The Rev. W. J. Hodge, pastor, officiated at the double-ring ceremony before an altar banked with gladioli.

The bride is the daughter of Mr. and Mrs. J. Allie Stockard of Lewisville and the groom is the son of Mr. and Mrs. O. F. Sides of Ranger.

Miss Betty Stewart of Lewisville, pianist, provided traditional wedding music, and also accompanied Miss Sue Doss of Paris who sang "Eternally" and "At Dawning."

The bride, given in marriage by her father, wore a waltz-length gown of ice green nylon organdy with a full skirt. The bodice featured short, cuffed sleeves and tiny self-covered buttons down the front. She wore matching shoes and her shoulder-length veil was topped with pearls. She carried a single green orchid.

As maid of honor, Miss Mary Davis of Sherman wore a brown organdy street-length gown.

R. C. Smith of Ranger served as best man, and ushers were Tommy Wayne Stockard of Lewisville, cousin of the bride, and Alfred Stockard of Denton.

Mrs. Sides is a graduate of Lewisville High School and North

BETTI'S BUDGET of HELPFUL HINTS

Make a Vegetable Special for tots or teenagers by mixing 3 cups cooked white rice, 1 cup grated cheese (part sharp, part American) 1 cup milk and some chopped pimiento, and spreading it in a greased shallow baking dish or on an oven-proof platter. Top with cooked, seasoned mixed vegetables then lots of tomato slices. Sprinkle 1 cup grated cheese over the top. Bake at 450 degrees F. for 10 minutes. Then place under the broiler until the cheese bubbles and browns. Serve and watch every bit disappear — fast.

Starting school is one of the biggest events in life. Familiarizing a child with his classrooms before he attends his first session will go a long way toward school more appealing to a youngster.

Here's a recipe for a low calorie salad dressing: 1 clove garlic 1/2 green pepper, chopped, 2 radishes, chopped, 2 hard-cooked egg yolks, mashed, 6 tablespoons cottage cheese, 1 teaspoon salt, 1/4 teaspoon paprika, 2 tablespoons lemon juice and 1/2 cup buttermilk. Rub inside of bowl with garlic. Combine green pepper, radishes and egg yolks in bowl, add remaining ingredients, mix thoroughly. Pour over hearts of lettuce or any green salad.

If you are wondering if the new washable wools are really washable the answer is yes! Many, many more of these wools are available this season than in previous years and they are specially treated so they can be washed safely and satisfactorily. If directions are carefully followed, these wools come through repeated washings as soft and springy as when they are new. Be sure to remember — lukewarm water, mild suds,

through rinsing. Press with a steam iron, preferably, on the wrong side.

For something a little different, try these Extra Special Onions: Cook 10 to 12 small onions in water until tender. Drain. Combine 1 can condensed cream of mushroom soup, 1/3 cup chopped walnuts, 1/4 cup pimiento strips and the onions. Put in baking dish and sprinkle with 1/4 cup grated cheese. Bake in a moderate oven (350 degrees) for 30 minutes, or until cheese is melted. Six servings.

Wash the interior of your refrigerator often with warm, sudsy water. Rinse with a cloth wrung out in hot water to which a little soda has been added. Polish the interior with a clean soft cloth and replace the trays.

Joint Meeting Of P-TAs To Be Held August 26

All members of Hodges Oak P-TA, Young P-TA and Child Study Association, Pre-School, are invited to be present at a joint meeting in the Young School auditorium Thursday, August 26 at 9:30 a.m.

The purpose of the meeting is to make plans for the concessions which the local units will operate during the football season, and to elect a general chairman for the concessions project. The first game of the season will be played here September 11 between Ranger Junior College and Wharton.

### Clift Brannon Revival To End Sunday Night

All of Ranger is being thrilled to the Bible quotation and memory of the hundreds of scriptures used by Evangelist Clift Brannon each night in the Big Tent Revival located in the Athletic Field.

Several thousand people hear

these Bible supported messages each night, according to Rev. Ralph Perkins. Rev. Brannon has not used a single point in his message that could not and was not scripturally supported. The revival will continue through Sunday night.

Tuesday night Rev. Brannon preaches on 'The Sin Unto Death'. What is the sin unto death? Why does God demand such a penalty? Can a Christian get beyond the reach of prayer?

These questions and others will be answered from God's word and any reasonable person will accept God's word as a complete answer. There have been many decisions for the Master, and even greater results are expected for this week.

#### CARD OF THANKS

We wish to extend our sincere thanks and appreciation to every one who was so kind to us during the long illness and death of our father, W. L. Brown.

#### PERSONAL

Ricky Hinkson of Strawn has been visiting his grandmother, Mrs. E. L. McMillian, while his parents, the Pat Hinksons are vacationing in New Mexico.

### Friday To Be 'Ladies Night' At Tent Revival

Mrs. Clifton W. Brannon of Longview, Texas, wife of the noted Evangelist who is conducting the revival in the Big Tent located on the Athletic Field, will be the feature speaker Friday night, Aug. 27, at 8 p.m. The program will be called 'Ladies Night' of the tent campaign. Mrs. Brannon will give her gripping testimony revealing the truth of how this former club woman and civic worker threatened her lawyer husband with divorce in an effort to prevent him from preaching the gospel as an Evangelist. She tells how she was led to consecrate her life to God and became a soul winner beside her famous husband.

The music begins each night at 8 p.m. with Jerry Barnes leading. He is assisted by the Brannon sisters at the organ and piano.

Mrs. Brannon was a member of 12 social and civic clubs in Longview. Said she, "I went to church on Sunday morning, the rest of the time was used to gratify my own ego." This message should be heard by every person in the city of Ranger. The big tent will accommodate the crowds and there is parking room round about the tent.

### CHURCH NEWS

### 'Your Angel' Is Wednesday Topic At Tent Revival

Wednesday night sermon by Evangelist Clift Brannon will be "You and Your Angel." There are 273 scriptures pertaining to the question of Angels. Many people need to know things about Angels. These questions will be answered by scriptures from God's Holy Bible.

Do you have an angel? If so when will he come, when does he come? What does he do when he comes. When will he come?

The answer to the above questions are all found in God's book and will be delivered Wednesday night under the Big Tent located on the Athletic Field.

### Where In World Is The Perfect Man? in Army!

SEOUL — It's hard to believe, but Army Private First Class Robert B. Shealy totes sandbags and loaded duffle bags and does push-ups by the score — on purpose.

These carryings on would make most soldiers steer clear of Shealy if they didn't know that he was just living up to his civilian title, Junior Mister America.

The 20-year-old Californian began working out in the garage of his Los Angeles home at the age of 16. Taken in tow by the owner of a physical culture gymnasium, Shealy became one of the "strong men" of Muscle Beach and soon acquired the title of Mr. Super-man.

In muscle circles, apparently, Superman is not the peak of achievement, for Shealy became Junior Mister America only after progressing through the Los Angeles, Southern California and California "Mr." titles.

The measurements he hopes to maintain throughout Army service are a working weight of 215 pounds, bicep measurement of 19 1/2 inches and a thigh measurement of 26 inches. Cement blocks, its devices for workout seasons.

After his active duty tour is completed, Shealy will be transferred toward becoming Mr. Universe, the top title for physical culture contestants.

Mrs. Cox is the daughter of Mrs. A. N. Larson, who is visiting in Temple at this time.

### Women Have Equal Rights—But Their Pay Is Only 44% Of Men's

In spite of the gain in women's rights in the United States over the last half century, the shocking fact is that the average woman worker is paid only 44 percent as much as the average male worker. Besides sex discrimination, there are other factors working against the principle of equal pay for women, according to the editors of Redbook Magazine. In a hard-hitting editorial for the September issue, they put the fate of the struggle to raise women's wages in the hands of each and every American citizen, and, in addition, they point out the benefits that would result from such a change:

"Progress toward raising women's wages to the level of men's is discouragingly slow, even though the list of champions for equal pay for women includes such groups as the Republican and Democratic parties, the National Association of Manufacturers, the United States Chamber of Commerce, the American Federation of Labor, the Congress of Industrial Organization and almost every prominent women's organization."

"The startling difference between men's and women's pay is not the result of sex discrimination alone. There are other causes: Many women have jobs which pay low wages even to males; women have only limited experience in many fields; many women work only part-time; women have less seniority and less opportunity for promotion. But taking all this into account, it is still clear that women's incomes are much lower than the value of their work."

"Because of prejudice and fear, many people continue to resist the principle that it's the work done, not the persons who do it, which should determine the rate of pay. There are those who want to discourage women from competing in the labor market. Some men resent having to work with women, and also are afraid women will lower the entire wage scale. Some women are fearful that their husbands will lose their jobs to other women."

"Actually, equal pay to women will do the opposite. It will give men greater wage and job security because it will discourage employers from replacing men with women at less pay. This, in turn, means more economic security for housewives and their children. In addition, equal pay will protect fair employers from the unfair competition of those who try to use women to undercut men's wages."

"Only 13 states have equal-pay laws, and most of these are recent. But laws — even including a proposed Federal law — aren't enough, for enforcement is difficult. Most important in the struggle for equal pay are the opinions of you, the reader, and of your fellow citizens. Until you want a change, women workers will continue to receive less pay, mainly because they happen to be women."

**An Open Letter To . . .**

**PRECINCT ONE VOTERS**

Dear Friends,

It won't be long until you will return to the polls to decide who will serve you as your commissioner during the next two years.

I don't have to tell you that it is an important privilege that you have, for you know it. It is important in that you will be electing a man to do one of the most important jobs in the county. I consider it an honor and a privilege to have served you during the past few months.

In asking my first elected term, I would like to bring out a few facts about my record since I was appointed to fulfill the unexpired term of my brother. When I took office April 1, 1953 the precinct had a cash balance of \$12,303.95. On July 1, 1954 the cash balance was \$27,730.08. This increase in cash on hand was brought about by running the precinct as I would run my own business, which I did for 31 years.

I would like to point out that this cash balance was increased from \$12,303.95 to \$27,730.08 at a time when we were still in process of completing Highway 80 between Eastland and Ranger, which naturally necessitated the expenditure of additional funds.

My ability as a businessman is what I am offering you. If you think I have done a good job during the past year, I will greatly appreciate your support and your vote on August 28.

Sincerely,  
**Frank Castleberry**  
(Pol. Adv. Paid for by Friends of Frank Castleberry)

**WE WANT TO HELP**

SEE US ABOUT DROUGH RELIEF FEEDS

Working with the Ralston Purina Company we stand ready to serve farmers in this area which has been declared a drought disaster area by the Government.
