54TH YEAR

RANGER, TEXAS, SUNDAY, OCTOBER 17, 1954

PRICE FIVE CENTS

Community Chest Past Half Mark -- Lags

The Pathfinder by Lee Harr

Since the time that I wrote my very first column for The Times (Oct. 12 edition), I have, so to speak, had my hands spanked. One of our local ministers advised me that anyone arriving in Ranger, after five p.m. on Sunday, would not experience the quietness of this small city if he would only walk up the street to his church. Seems that things are never quiet there.

Since coming to Ranger, I have marveled at the enthusiasm that the people around here build up for their football teams. I just wonder if it prevails in all sports. There are very few cities, so many a great deal larger, that can make the fervor so evident in any of the contests involving local teams.

For those of you that have not seen Greyhound's new Scenicruler, which makes its appearance in Ranger again this month on a regular schedule, it will be worth a trip down to the local depot for a quick look-see. Reminds me of a large yacht out in the deep blue.

Persons on the city streets got quite a show on style in women's formal dress apparel Thursday as visitors for the Royal Neighbors in evening convention and banquet strolled up and down the thoroughfares visiting various business establishments.

Ranger Junior College undoubtedly has one of the most colorful marching organizations in the entire state in their Rangemans. This group of girls furnishes sufficient proof that it does not take a large unit of entertainers to inspire audiences. Next time they perform, note the crowds reaction when they take the spotlight.

Incidentally, next week is Homecoming for the college. Planning committee members have given every indication that with the help of the local merchants and businessmen that this year's celebration will surpass any previous homecoming, especially in color and pageantry. Better get your floats ready!

Ranger streets have been mighty bare the past couple of days. I sometimes think human nature is somewhat like that of the animal. Most everyone that was out was running from one door into another and back. Stocking up for winter hibernation, I guess?

With national elections not too far off, and both major parties warming up their propaganda machines, it seems like a poor time for the working class of people to be segregated into two distinctive classes of canines. In fact I do not recall of any period of time allocated especially for segregation of this type.

A-3C JOE BEARD

Ranger Gridder Gets All Air Force Blue Devil Berth

One of Ranger's ex-school football players, A-3C Joe Beard, son of Mrs. Ben Robinson, Ranger, has been chosen as one of 33 men from a group of 400 airmen to play with the Blue Devils, the all Air Force football squad.

Entering the service in February, 1954, Beard completed a 13 1/2 months communications course at Keesler AFB, Mississippi before being transferred to Dover AFB, Maine as a prospect for the Blue Devil team.

The Blue Devils have collected three wins this year in as many games. The most important game of the year to date was with the New Castle AFB Jets, who thrashed the Devils last year. However, it was a different tune in the most recent skirmish as the Devils came up on the heavy end of the scoring with a 32-13 victory.

In after-game newspaper articles, Beard was credited with sterling and outstanding line play throughout the game.

Airman Beard is a former Ranger Junior College student and had played his first football game on the Bulldog Pup team here.

Miss Billingsley, Assistant Schedule Tarleton Meeting

Miss Minnie Mae Billingsley, county home demonstration agent, and the assistant Miss Julia Lafaye Mason will attend a Homestead Improvement Workshop sponsored by The Agricultural Extension Service of The Texas A&M College system which will be held at Tarleton State College in Stephenville November 3rd and 4th.

Some very interesting and educational programs will be held during this time. Some of the programs are "Make a Game of Learning Shrub Identification," "Garden Designs for Busy People," "Selection Grass, Sodding, Fertilizing and Water Lavans," "Conservation and Preparation of Soil for Flowers, Shrubs, and Trees," "A Safe Trashburner is Good Fire Insurance," and "It is Easy to Lay a Walk."

A registration fee of one dollar will be charged. Those attending may spend the night in the college dormitory, if reservations are made ahead of time, for \$1.25. Meals will be served in the college cafeteria -- breakfast, 50c; lunch and supper, 60c.

According to Miss Billingsley, anyone may attend this workshop. Home Demonstration people, garden club members, and non-club members are all welcome. Anyone desiring to attend should contact the agent not later than October 22. A good representation from Eastland County is highly desirable.

Olden Future Farmers, FHA Attend Fair

OLDEN (TNS) -- Olden's Future Farmers of America and Future Homemakers of America were in Dallas Saturday to attend the State Fair. The club members left early Saturday morning and stayed all day.

Both groups went in the school bus. Saturday was Rural Youth Day and FFA clubs from all over Texas were represented. Mrs. Elizabeth Vaught and G. P. Copeland are sponsors of the two clubs.

SEE DON PIERSON -- Old - Cadillacs Before You Trade Eastland

Typing Students Get Lift With New Textbooks

With the purchase of new typing texts, "College Typing Technique" by Harold H. Smith and Allan C. Lloyd as well as new typewriters and desks, Ranger Junior College typing classes have gotten off to an excellent start.

Some students who have had a year's instruction in high school are already typing 100 words a minute or more. Other students who are strictly beginners are getting approximately 30 words a minute after four weeks of instruction.

Miss Vivian Simmons, head of the Business Administration department, has studied the teaching of typewriting under the author of the text, Dr. Allan C. Lloyd. Very satisfying accomplishments can be attained under the method prescribed by Dr. Lloyd and with the addition of his own text, it is much easier to attain the goals set forth.

In former years some typing teachers sat in the typing room as "watchers," charged with responsibilities for care of equipment rather than for instruction of students. In comparison with such "teachers," Ranger Junior College feels that it represents "progress" as the administration and faculty feel that the first concern is teaching others how to typewrite.

Administrators of our schools have awakened to the fact that there is a teaching problem in our typewriting class just the same as any other course -- not just a place to sit and watch the students while they perform.

A model office connects the two classrooms. Students may come in at their leisure time and browse about at the reading table which has pamphlets on various interesting topics such as "Getting the Right Job," "The Modern Secretary," "How to Make Friends by Telephone," "How to Invest," "How to Read a Financial Report," "Money Management" and other related topics.

The newness of equipment, the colors used in the classrooms and the unique ways of arranging the rooms, makes the allover appearance of classrooms and office singularly attractive and provides a most inviting atmosphere.

"HOT" HANDS FOR ATOM AGE--Remote-control "hands" manipulate a piece of radioactive material which is to be machined, at the National Reactor Testing Station, near Idaho Falls, Ida. Many types of machining operations are performed in this "hot cell," controlled by operators who view progress of the work through periscopes and systems of mirrors, to avoid coming in contact with deadly radiation

RJC Students Elect Officers

During a meeting of the freshmen and sophomore classes of Ranger Junior College Thursday morning, George Scott and Crowell were elected president and vice-president respectively, and James Meagle of Rowlett was elected president of the freshmen class.

Lee Oke Clayburn, vice-president of the student council, presided at the sophomore meeting, and the other officers elected were: Vice-President, Raymond Gilstrap of Big Spring; Secretary - treasurer, Deloris Cox of Ranger; Student Council representative, Allan Gibbs of Newcastle; and sponsor, Dick Henderson and Sam Aulls.

Loyle Cogburn, president of the student body, presided over the freshmen who chose the following officers: Vice-president, W. H. White of Austin; Secretary-treasurer, Jenna Vee Hatton of Ranger; Student Council representative, Marshall Camp of Brownwood; and the sponsor, Mrs. Price Ashton.

Oil News No. 1-A Guy Parker Is Completed

Another new regular field producer has been announced by Porter and Harner, et al, of Olney for Eastland county.

It is the No. 1-A Guy Parker, five miles south of Eastland in Section 20 Block 2, H&C Survey. Daily potential was 54 barrels of 33 gravity oil, plus 10 percent water, pumping from 24 perforations at 1,319-1,323 feet. Casing was set at 1,368 feet, with total depth of 1,373.

Rose E. Day, separate estate, of Eastland No. 1 Holcomb Heirs will be a regular field producer for Eastland county.

Three locations in the regular field were staked by John W. Pope of Eastland, all on the Guy Parker lease six miles south of Eastland and in Section 30, Block 2, H&C Survey. All are slated for 1,999 feet with rotary.

No. 1 Lysteria will be 150 feet from the north and east lines of the Section. No. 3 Lysteria will be 450 feet from the north and 1,190 feet from the east lines of the section.

Ranger Marine On Overseas Duty

Marine M-Sgt. Herman H. Braver of 1901 Pershing St., Ranger, is scheduled to sail the middle of October for duty in the Far East after spending four weeks in the staging regiment at Camp Pendleton, Calif. Marine Corps Base.

The staging regiment handles the last minute details in getting men ready for foreign duty. A Marine's few weeks in staging are filled with clothing and equipment inspections, refresher courses on weapons and physical conditioning.

Girl Gets Stage Role

Betty Lou Hagaman, daughter of Mr. and Mrs. Leslie Hagaman, Ranger, has been chosen as a member of the cast for the "Troyan Women," a play sponsored by the University of Texas drama department.

The play, to be staged Nov. 15-20 in Austin, is the drama department's contribution to the annual Fine Arts Festival that week.

Phone For Scores

The Times will bring the Ranger - San Angelo Rams football game into your living room tonight. Plans have been formulated for us to get a report at each quarter's end. All you have to do is phone the Ranger Times office for the up-to-the-minute scores. Reports will probably not begin coming in until after 8:30. Remember the phone number -- 224.

Ticket Sell-Out On Chamber Banquet Expected Tuesday

The ticket committee reports brisk sales of tickets to the Ranger Chamber of Commerce annual banquet which will be held next Thursday evening at 7 o'clock in the Reception building, according to Wilson Guest, chairman of the committee.

Due to the fact that ticket sales will be limited to 300, a complete sell-out is anticipated by Tuesday night.

A very entertaining and enjoyable program has been arranged by the program committee, and the main address by R. G. Le Tourneau of Longview, will be one of inspiration to all who attend. It is an opportunity for the people of Ranger and this section to hear this great industrialist and church layman, whose success in life is directly attributable to his taking God in partnership with him in all his business ventures.

Quite a number of ladies have been working at night for the past several days on decorations for the building, stage and tables, to carry out the theme of the banquet--Lake Leon, and some of the cleverest ideas possible have been employed to carry out the theme.

Tickets may be had from members of the ticket committee, the Chamber of Commerce, or Wilson Guest at the Commercial State Bank.

BA Department Gets New Home At Ranger JC

With the advent of the Fall Term, the Business Administration department of Ranger Junior College officially made its home in Boswell Hall, a brick building located directly across the street from the Student Union building.

In each classroom color is used consistently: walls are in a pastel rose with accents deeper tones of rose, a green and beige mottled tile is used on the floors. The two entrances to the classrooms have solid doors of blonde birch. The rooms are well ventilated and equipped with venetian blinds so that daylight may be used as much as possible.

The office machine room, which is combined with the accounting lecture and lab room, has 15 student stations -- eight at rotary calculators, four at 10-key adding machines, and three at folder-keyboard adding machines. Two large work tables are used for accounting. The duplicating lab has two mimeographs and access to the spirit duplicator in the administration building.

The typewriting room with its new typewriters, including one electric machine, and new blonde typewriting desks equipped with 25 stations. This room is also used for shorthand transcription.

Three storage rooms provide ample space for supplementary material.

Desdemona Students At State Fair

DESDEMONA (TNS) -- Saturday could have been called Desdemona Day at the State Fair. For the Desdemona school practically held classes there.

A large group of high school students were in Dallas for the fair.

Momentum Broken As Program Staggers

Total donations to the Community Chest have jumped to \$2672.50 this week, Dr. M. E. Jolly, president of the organization has announced.

After being kicked off with a breakfast October 6, the drive gained momentum daily until last week then hit a snag. Dr. Jolly has stressed that this drive substitutes for several individual solicitation programs annually.

When the final quota of \$5,896.00 is realized the money will be pro-rated between the Boy and Girl Scouts, Child's Welfare, Salvation Army, USO, Youth Center, and Red Cross.

The organization is attempting to get one day's pay pledged from each individual.

Dr. Jolly has indicated that there will be a call meeting of all team captains in the near future and it is his desire that the captains turn in their pledge cards and a report, whether or not it is complete.

To consider the basic purposes of one of these organizations listed above to which a portion of the donations will be distributed, consider one of the least known -- the Child's Welfare unit.

Organized in Ranger some 35 years ago this club does a great deal of work that the general public never realizes. Each year the unpaid members are constantly busy investigating and helping in all phases of welfare work, such as supplying medicine to those in need of medical attention, buying crutches, and wheel chairs for the crippled, furnishing glasses and clothing to the under privileged children and serving hot lunches at school to those who are not able to bring satisfying and nourishing lunches in their lunch basket.

The schools of Ranger work closely with these women, recommending investigations in homes where children reflect undernourishment and resulting in illness or poor grades.

At the recommendation of the investigators, the children are included on the free lunch program of the schools. When the schools have reached the point where they can furnish no more free lunches, the club assumes the responsibility.

Complete records are kept on each family receiving help, and every effort is made to distribute the funds in such a manner that no family gets more than the sum considered necessary to bridge financial gaps.

The tremendous responsibility of investigating and aiding unfortunate families in Ranger has been shouldered by this group of carefully selected women, who are willing to donate their time and effort to this cause.

The Child's Welfare club, which now consists of 22 volunteer women, is operated solely with the funds allotted to it through membership in the Community Chest. None of the funds are used for salaries or expenses of any kind. Since their allotment for the year depends upon the outcome of the Community Chest drive, it is necessary that sufficient donations be made to handle these many calls which seem to grow as dry years persist.

Rotarians Hear Area Governor

Warren Tayman, governor of the 186th District of Rotary International, addressed the Ranger Rotary Club Wednesday as a portion of his schedule in visiting each of the 32 Rotary clubs in this district.

Tayman was selected district governor of Rotary International at the annual convention in Seattle, Wash., last June. He is one of the 229 district governors supervising the activities of some 8,200 Rotary Clubs which have a membership of 389,000 business and professional executives in 89 countries and geographical regions throughout the world.

Speaking on the organization of the Rotary, Tayman outlined the objects of the organization as:

The development of acquaintance as an opportunity for service; high ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society.

Also the application of the ideal of service by every Rotarian to his personal, business, and community life; and the advancement of international understanding, good will, and peace through a world fellowship of business and professional men united in the ideal of service.

Maxine McCotter Sweetheart Of Olden FFA Club

OLDEN (TNS) -- Maxine McCotter, has been elected sweetheart of the Olden Future Farmers of America.

Miss McCotter, the daughter of Mr. and Mrs. Max McCotter, will represent Olden at the district banquet in Stephenville.

Cpl. Pardon Takes Part In Field Training

1ST DIV., GERMANY (Sp.) -- Cpl. Morris F. Pardon, 24, son of Mrs. J. B. Moore, 207 S. Medina, Eastland, recently participated with the 1st Infantry Division's Medical Battalion in "Ridge Runner" and "Indian Summer," two Army field training problems in Germany.

Cpl. Pardon, a mechanic in the Battalion's Ambulance Company, arrived overseas last June from an assignment at Fort Hood. He entered the Army in 1947.

Sixth of A Series Voters Will Decide Question Of Pay Raise For State Legislators

(This is the sixth of a series of 11 articles prepared by the Texas League of Women voters on the proposed constitutional amendment to be voted on in the general election Nov. 2.)

Proposed amendment number five which voters will decide on Nov. 2 would mean a pay raise for State Legislators if passed.

This amendment would permit the Legislature to fix the salary of the Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office and Secretary of State. It would provide that the salaries could not be set below those in effect on January 1, 1953, which are set out in the Constitution as \$12,000 annually for the Governor, \$10,000 for the Attorney General and \$6,000 for each of the other officials named.

This amendment would change the salaries of Legislators from \$10 per day for the first 120 days and \$5 per day thereafter to \$25 per day for 120 days only, after that nothing.

FOR

The salary paid those officials receiving \$6,000 per year is almost ridiculous in comparison with salaries paid by private business concerns to men doing similar work. These men all have heavy duties, and responsibilities. Some of the employees working in these departments receive higher salaries than is paid the head of the department.

Salary raises are imperative for state officials in view of the increased cost of living.

The \$10 per day now allowed legislators will not cover hotel room and other living expenses while they are in Austin. The \$25 per day would at least allow members to serve their districts without having to draw on private funds and the 120-day limit on the \$25 pay would be an incentive to them to try to finish the legislative business in 120 days.

AGAINST

Salaries of state officials should be fixed by the Constitution and not left to the whim of the legislature to raise or lower as they see fit.

Any increase in salaries would result in an increase in taxes. In states where low salaries are paid legislators, a higher type of man runs for the legislature, since he does it from a sense of civic duty and is not concerned with the salary.

This would call for a general raise in salaries for all state employees.

Olden Teams Score Victories Friday Night

OLDEN (TNS) -- Coach Billy (Hank) Green's Olden Hornets got underway Friday night in their first home games of the season to take a couple of cage tilts from Lingleville.

The girls game was a close one all the way with Proctor of the visitors giving the Hornets lots of trouble and scoring 28 points. Theina Edwards of Olden got 21 points to lead Olden in scoring, to pace the girls to a 49-44 win.

The boys looked much sharper in play Friday night than they did against Putnam, taking the game 41-32. Jimmy Everett turned in a good game, scoring 21 points to take scoring honors. Bill (Marv. Man) McCotter took runner up honors.

Officials for the game were Foster of Olden, A&M and Gordon of Ranger J.C.

LEGAL NOTICES

Notice is hereby given at the regular meeting of the City Commission of the City of Ranger on November 2, 1954, it is the intention of said City Commission to pass and enact and to begin the passage and enactment of an ordinance providing for the submission to the qualified voters of the City of Ranger of a certain amendment to the Charter of the City of Ranger, which said ordinance is as follows:

AN ORDINANCE PROVIDING FOR THE SUBMISSION TO THE QUALIFIED VOTERS OF THE CITY OF RANGER, TEXAS, OF A CERTAIN AMENDMENT TO THE CHARTER OF SAID CITY TO BE VOTED ON AT A SPECIAL ELECTION TO BE HELD IN SAID CITY ON DECEMBER 4, 1954.

Be it ordained by the City Commission of the City of Ranger: That there shall be submitted to the qualified voters of the City of Ranger at a special election to be held in the City of Ranger on December 4, 1954, the following proposed amendment to the present charter of said City of Ranger:

PROPOSED AMENDMENT:

1. That Sections Two, Eight, and Nine, all of Article V of said Charter of the City of Ranger be so amended to hereafter read as follows:

"Section 2 — Term of Office: The Mayor and each Commissioner shall serve as follows:

Beginning in the year 1955 the Mayor and Commissioners of Places Two and four shall serve for a term of two (2) years and until his successor is elected and qualified, unless sooner removed from office as herein provided.

Beginning in the year 1955 the Commissioners of Places One and Three shall serve as follows:

For one year beginning with the 1955 term, and thereafter beginning with the 1956 term for two years; and until his successor is elected and qualified, unless sooner removed from office as herein provided."

"Section 8 — Election Day: The regular municipal elections of the City of Ranger shall be held on the first Tuesday in April in the year 1955, and on said first Tuesday in April every year thereafter."

"Section 9 — Election, Law Controlling: All elections provided for in this Charter, except the regular election held on the first Tuesday of April, 1955, and on said day every year thereafter shall be called special elections, and all elections shall be conducted and results canvassed and announced by the election authorities prescribed by the Election Code of the State of Texas, and said Election Code shall control in all municipal elections, except as otherwise herein provided."

"That all parts of the existing City Charter of the City of Ranger in conflict herewith, and especially Sections 2, 8, and 9, all of Article V, as the same now exist, are hereby repealed and said Sections 2, 8, and 9 of Article V, as the same herein read, be substituted therefore.

A new type of double-deck railroad coach is undergoing tests on the Santa Fe railroad. Passengers occupy the upper level, and baggage, rest rooms and equipment are housed in the lower section.

Story of Joseph on Ranger Drive-In Screen

The sweetest story ever told taken from the world's greatest book, comes to the Ranger Drive-In Theatre Sunday and Monday. "The Story of Joseph and His Brothers" is filmed in beautiful color.

October Birthstones, The Opal And Tourmaline, Signify Hope

The opal and the tourmaline, October's birthstones, both signify hope. Equally expressive of the season's gay coloring, each of them captures the brilliance of a clear October day.

Famous October birthdays belong to U.S. President Dwight D. Eisenhower and to a celebrated ex-president, Teddy Roosevelt, as well as to such international notables as Chiang Kai-Shek and Admiral Richard E. Byrd. Author Damon Runyan is also on the October birthday list, along with contemporaries in the theatre — playwright Eugene O'Neill and leading lady Helen Hayes.

The opal, one of the most mysterious and beautiful of all gems, has been treasured for centuries. The Jewel Industry Council tells us, Emperors and kings have worn it for its beauty and because it was said to guard their regal honor. The ancient Greeks believed its possession gave foresight to its wearer, leading thus to its modern significance as a symbol of hope.

Among the many variations of opal there are two main classes: the milky Hungarian opal, which is shot with iridescent colors; and the dark blue, grey and black "Australian" opal, flashing with fiery lights. The main source of opals today is Australia, where opal fields were discovered around 1903.

Popular as a ring stone, the opal is often set with diamonds both in rings and in other jewelry. The tourmaline, which in history had the power to dispel fears and melancholia, is found in almost every color, including dark green, pink, red, blue, violet and brown. Mined in Brazil and Madagascar, it is versatile in its uses for jewelry. Particularly pleasing for a man's ring is a deep red tourmaline, known as rubellite.

IT'S THE LAW in Texas
A REAL ESTATE TITLE PROMEDURES OUTLINE

How many a purchaser determine whether the title he is receiving in a real estate transaction is good, bad or indifferent? Although at first glance there may appear to be more than one alternative method, purchasers usually find that all roads of complete title security lead to a lawyer chosen by the prospective buyer to represent his interests.

In a previous column it was said that the Contract of Sale should state the Quality of Title to be conveyed to the purchaser. If the contract does not so state, then the seller may be obligated to sell — and the purchaser bound to buy — only whatever title the seller happens to possess, which may actually be quite defective. This may be in spite of the fact that the seller is in possession, has a deed to the property, has been paying taxes, etc.

A real estate title is a claim of ownership or right to land and to the improvements, such as houses and other structures, located thereon. It may be partial or complete, as determined by the numerous facts in each case. If it is complete and superior to any other person's claim—if you can prove your right thereto against all the world, it is a Good Title. If, in addition, the evidence of your claim of ownership is contained in the proper public records, it is a Good Record Title. Ordinarily, only a Good Record Title is considered salable, being sometimes referred to as a Good Marketable Title.

When you buy a house, you want a title which is good, so that you and your heirs will not be troubled while enjoying the use of the premises. You also want that title to be marketable, in order that it can be sold when you are ready to sell — without the expense of perfecting title before your buyer will complete his purchase.

Having made certain that your contract of sale indicates the exact nature of the title to be conveyed to you by the seller, how do you go about assuring yourself that you will receive the specified quality of title? People have varied ideas about this matter.

Some consider themselves safe when they gain possession of an Abstract of Title or a General Warranty Deed. But an Abstract is merely an outline of public records on the tract of land—a history of the title—which anyone may purchase, regardless of ownership.

A General Warranty Deed from a responsible seller is comforting to have, but is a poor substitute for a careful title examination. True, it entitles you to sue the seller for damages caused by defects in the title. But serious title defects may not come to light until long after the seller is dead, has moved to an unknown address, or is bankrupt.

Safer procedures include your attorney's examination of the Abstract tendered by the seller, and the purchase of a Title Insurance Policy indemnifying you as the insured for the full amount of your investment. In any event you will want your attorney's advice when closing a real estate transaction.

A free pamphlet containing useful information on legal problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Austin 1, Texas.

This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Education More Important Than Work For Youth

DALLAS — With school bells nearly ready to sound the fall opening of the nation's public schools, education-minded officials of the U.S. Department of Labor here are concentrating on keeping employment from hampering youthful education.

It is best, they say, for every youngster to finish his schooling before venturing into the working world on a permanent basis. Child-labor provisions in the Federal Fair Labor Standards Act generally prohibit the employment of children under 16 years of age in agriculture or in any other occupation covered by the law during hours when school is in session.

Regional Director William J. Rogers of the U.S. Labor Department's Wage-Hour Division here said such unlawful employment should not cheat youngsters of an education.

"The economic well-being of individuals and communities is directly related to their levels of education," he said. "It is to the material interests of both to aid educational upgrading."

Since Congress enacted the law in 1938, he said he hoped it was generally understood to apply equally to local resident children and to migratory children.

It does exempt a farmer's own children working on the parents' farm. But farmers are responsible under the law, the same as other employers, if they employ under-age children during school hours.

Nine Contractors Busy Building County Farm Pond

The Eastland Work Unit of the Soil Conservation Service reports that for the last month they have been primarily engaged in locating and laying out farm ponds for construction along with checking them after completion for minimum specifications and yardage of dirt moved.

The number of ponds being constructed can be realized by noting that on this date there are nine different contractors at work on ponds in the Eastland Work Unit area which includes approximately three-fourths of Eastland County. Farm ponds are constructed as a part of the Agricultural Conservation Program and are located in order to obtain proper distribution of livestock and encourage rotation grazing and better grassland management as a means of protecting established vegetative cover.

Due to the prolonged drought and extensive evaporation numerous old ponds, many of them small and built with teams, that have provided stock water in the past have become undependable or have dried up completely and in some cases have left the stock farm or ranch with no stock water at all.

Ponds being constructed under the Agricultural Conservation Program are built to specifications set up by the Soil Conservation Service and include provisions for adequate spillways to insure a long lasting structure that will provide a dependable supply of water.

MAVERICK B TEAM LOSES TO CISCO 11

CISCO (TNS) — Eastland's B team blew a seven point halftime lead Thursday night to drop a 19-7 encounter to the Cisco Lobo B team.

Davis Willoughby, a 190-pound star for the Mavs, raced 65 yards after taking a pitchout in the second quarter to put the Mavs out front.

Cisco tied the score in the third frame as Tuffy Carlisle plunged over from the two after the Lobos recovered a Mav fumble on the six.

The Lobos went ahead a few minutes later when Larry McCausley plunged over from the three after driving from the May 46.

The final Cisco score came on a two yard plunge. This TD was set up for a Mav fumble on their own 16.

General George Washington, on Jan. 14, 1776, initiated re-enlistment furloughs in an effort to help re-enlistments and recruiting. This policy has continued in the Army to this day.

calves on the ground are like MONEY IN THE BANK

It costs a lot of money to keep a cow. A lot of that money is lost if she fails to settle or drops small, weak calves that die or develop into "tail-enders."

BIG CROPS of husky calves are a must, if a fellow is going to make money ranching. This is especially true when the price of cattle is off.

Your range needs help. It takes more than grass alone to give your cows what they need to grow and drop the kind of calves that will bring top prices next fall.

PURINA RANGE CHECKERS have proved their worth in research tests and on thousands of ranches. This favorite range supplement has what it takes. Cattle love Checkers, do well on them. Cows stay up in good shape at calving time, have lots of milk for the calves, too.

More and more Southern cattlemen are planning their breeding program so that calves come in the late fall. These calves are ready to eat early grass—hit the early market, which is usually best.

Feed for big calf crops the Purina Way. Purina Range Checkers can help you keep your operation on the profit side of the ledger.

COME IN. We'll visit about Purina Range Checkers and profitable ranch management. Make it soon!

Ft. Riley Will Never Be The Same; Last Horses Walk Into Retirement

FORT RILEY, Kan. — When the end came to more than a century of glory at Fort Riley, it came quietly with the single-file tramp of 14 aging horses into the rimrock hills just off the military reservation.

With the passing of the government-owned mounts from the Army, where the thunder of hoofbeats no longer has a place, there were few to remember the glory of another day when horses like Comanche, Milwood, Lady Balber, and Dakota carried famous riders — Custer, Wainwright, Grimes, and Patton.

Col. Earl F. Thompson watched the horses walk off to a life of ease on the rimrock ranch of retired Col. John Wofford. Thompson remembered. He wasn't overly sentimental, but he talked.

He remembered how he brought Rascal, now 18 years old, home from Germany, trained him and showed him all across the United States and three times in Europe. He rode Rascal in the Olympic Games.

Rascal has won half the silver in our house," Thompson said.

A GI remarked, but Thompson didn't hear, or pretended not to hear:

"I'll bet the only horse he (Thompson) ever rode was on a merry-go-round."

The GI wasn't old enough to know that Thompson is the only four-time member of the U.S. Army Olympic equestrian team and once was a high-goal polo player.

The horses included Milwood, favorite mount of the late Gen. Jonathan Wainwright, hero of Bataan. Milwood is 20, Dakota, an Olympic jumper, is 26.

Master Sgt. Charles (Kay) Brown watched the horses leave. He is a farrier for the veterinary detachment who has shod more than 40,000 cavalry horses in his day.

He said he was sorry to see the horses go, "but they're going to a good home—and they deserve the best."

And so they went. They held their heads up as they walked behind a little monster called a jeep.

Bible Comment

Heritage of Liberty Given to World By Jewish People

THE story is well known how Jacob and his great company went down to Egypt and flourished under the power and patronage of his illustrious brother, Joseph.

But it is a story that cannot be too well known.

Trouble began for these people in that foreign land when there arose "a pharaoh, who knew not Joseph." Racial and religious prejudice, still life in our own supposedly enlightened environment, soon wreaked its havoc on the Jews.

Great works of ancient time soon became symbols of injustice and oppression. Forced to make bricks without straw, the remnants of those who had come to Egypt seeking food were cast into bondage, suffering cruelly.

Later, a man, foster son of the palace, renounced his foster mother and his prospect of ease and power to share the affliction of his people. He led them out of bondage toward freedom.

But it was, as we know, by no means as simple as that. Hardships, discouragements, rebellious spirits and yearning to turn back marked the way until the freedom of Canaan was won.

Out of that unpleasant march came wisdom with special glory—the conception of liberty enshrined in the ancient Jewish Scriptures.

In a world marked with slavery, it is remarkable how the Jews designed laws and regulations to protect the community against slavery and the individual in his rights.

One cannot go into this fully here, but one can point to the laws designed to prevent serfdom. There was the law which protected debtors from becoming permanent slaves to their creditor. There were the Cities of Refuge where one who had inadvertently injured another could go for safety.

The heritage of liberty that the world owes to the Jews is immense. Unfortunately, the world has never fully appreciated it.

DESDEMONA CAGE TEAMS FALL BEFORE LINGLEVILLE TWICE

DESDEMONA (TNS) — Lingleville's girls took a pair of victories over Desdemona here last Thursday night, winning both games 29-25. The games involved Junior High teams.

For Desdemona Carr led in scoring with 17 and Nabers with seven, and Allen with five points.

For Lingleville, loving led with seven, Reed nine, and Ledbetter with six points. Helen Lewis, La Touge Lewis, Anell McMaster and Elenia Barker played "an excellent" game as guards. In the boys game the Lingleville was the winner 33 to 17, with Proctor leading with 11 points and Lucas with 10. For Desdemona Whitlock and Bridges were the leaders with eight and seven points each.

Human Values Stressed In Business World

A good many people still are convinced that business is concerned only with production and sales, profit and loss. They think that the typical business man is strongly materialistic, with small regard for human values.

But today, says the Chamber of Commerce of the United States, these beliefs are obsolete. Increasingly, business men are becoming concerned with what Chamber President Clem D. Johnston terms "the vast and vital areas that lie between the things of the spirit and the things of the world."

Business men realize, says the Chamber, that there is a contribution they can make in the area of human values.

Thus today's responsible business man is more than a technician. He understands people and uses his understanding to promote their welfare.

As an employer, the business man is coming to understand that the people who work for him want recognition of a job well done, and a sense of participation, of belonging. Opinion surveys show that employees want these things even more than good wages and job security, the Chamber points out.

As a producer, the business man recognizes that what he sells can provide such benefits as comfort, leisure, better health, better living—all directly related to human values.

It may well be, the Chamber suggests, that business has found it can gain as much in the long run through venture in the study of human values as it has already gained through research into material productivity.

HOSPITAL NEWS

New patients at Ranger General Hospital are: Mrs. F. E. Caraway, medical, at Ranger; a Joyce Leonard, medical, Ranger.

The Chamber of Commerce of the United States reports that payments under the national aid-to-the-blind program are being made to about 100 thousand persons at an average of \$55.76 per month.

Poultry Raisers Waste Feed, Says A&M Farm Expert

COLLEGE STATION (Spl.) — Many backyard poultry raisers are wondering why their birds eat so much.

Visit the poultry yard of one such producer, scratch around in the litter and this question will be partially answered, says C. A. Hensarling, extension poultry husbandman. While no feed may be evident on the surface, a great deal may have sifted to the bottom.

The total loss may be slight but the expected profit from a small flock is already gone in wasted feed. Fortunately, such examples aren't common in commercial flocks, but are not uncommon among backyard producers, Hensarling says.

Commercial producers in many cases, however, are wasting more feed than they realize. Most feed is lost by the birds continually "hooking" at it. Some poultrymen have switched to pellets for growing birds and find it helps eliminate waste.

The best method, says the specialist, is to have plenty of the right size, waste-proof type hoppers and do not fill them too full. The "V" shape feeders in general are more wasteful than the square-bottom type.

Recent tests of a large feed company demonstrates the value of not filling feeders too full. In hoppers filled to capacity and allowed to become empty, White leghorns wasted 49 per cent of their feed. In hoppers filled to two-thirds of capacity, the same birds wasted 16 per cent and when half-full the leghorns wasted nearly four per cent.

Feed bills take the lion's share of the poultryman's money. But these tests show that much feed never sees the inside of a chicken, Hensarling concludes.

A tree native to northern South America gives a nourishing milk-like substance when tapped for its sap. It is said to be indistinguishable from fresh cream when used in coffee.

Assure Butter Quality In Paraffined Carton

The flavor for which butter is treasured can be changed when exposed to more dominant foods in storage. To get the most for your money, buy and store butter protected in paraffined cartons as it left the creamery. The sturdy cartons protect and prevent weight loss, denting, or crushing.

For the three dishes here, butter highlights different sauces. Butter, wine and herbs contribute a sauce that enriches the subtle chicken flavor. Butter and lemon juice give moistness and accent to fish fillets. The cheese butter sauce adds food value and novelty to eggs as a luncheon course.

Chicken With Butter Wine Sauce

1 3-pound broiler-fryer, cut up
1-2 teaspoon salt
1-8 teaspoon pepper
1-2 teaspoon paprika
4 tablespoons butter
1 4-ounce can mushrooms
1-2 cup dry red wine
1-16 teaspoon each, savory, rosemary, thyme, marjoram and basil, optional
1-4 cup water
3 cups hot cooked rice

Sprinkle chicken with salt, pepper and paprika. Melt butter in skillet; brown chicken. Drain liquid from mushrooms; add to chicken with wine. Sprinkle with herbs; cover and simmer 45 minutes. Paste several times during cooking, adding water when liquid in skillet is partially reduced. Add mushrooms last 10 minutes cooking time. Serve with hot cooked rice. Yield: 4 servings.

Fish With Amadine Butter Sauce

2 pounds fresh or frozen fish fillets, (haddock, flounder, perch, etc.)
1-2 cup melted butter, divided
Paprika
1-4 cup blanched slivered almonds
1 tablespoon lemon juice

Thaw frozen fillets before broiling. Place in greased oven-proof platter or foil lined pan. Brush with 1-4 cup of the melted butter; sprinkle with paprika. Place in broiler 2 inches below medium heat. Broil until fish is

easily flaked and moist, 10 to 12 minutes. While fish is broiling, brown almonds in 1 tablespoon of the remaining butter. Add remaining butter and lemon juice; heat. Pour over fish. Yield: 6 servings.

Eggs With Cheese Butter Sauce

8 slices toast
Butter
1 small can deviled ham
4 eggs, poached

Cut toast into rounds to fit individual serving dishes. Butter 4 of the rounds; spread with deviled ham. Top with remaining toast. Put small amount *Cheese Sauce in each dish; place toast sandwiches on top. Top with poached egg; spoon remaining sauce over top. If desired, garnish with chopped parsley. Yield: 4 servings.

*Cheese Butter Sauce

3 tablespoons butter or margarine
3 tablespoons flour
1-2 teaspoon salt
3-4 teaspoon prepared mustard
1 1-2 cups milk

1 cup grated American cheese
Melt butter; blend in flour, salt and prepared mustard. Add milk and cook, stirring constantly until mixture thickens and comes to a boil. Remove from heat; add grated cheese, stirring occasionally, until cheese is melted.

Five dollars was the average value at the mine of a ton of bituminous coal in 1953.

Since 1900, more than 136 million motor vehicles have been produced in the U. S.

Church of Christ Lectureship To Begin October 17

A lectureship is to be held at the Church of Christ, Mesquite and South Rusk, October 17 through October 24. The general theme of this series is "Building Up The Church." Each lecture will deal with some phase of this subject.

Max R. Crumley, Evangelist of the local church, will open the Lectureship Sunday morning at 10:45 a.m. by an address entitled "Building Up The Church by Nurturing Young Christians." Visiting Evangelists will speak at the various week-day services which will be held at 7:30 each evening.

Some of the topics to be discussed are: Singing; Prayer; Christian Living; Pulpit preaching; Personal Work; Radio Preaching; and Local Mission Work.

Brother Crumley, in a statement made to the Ranger Times this week, said "The very nature of the program makes it of interest to people of all religious beliefs. It is sincerely hoped that this Lectureship will prove a blessing to our community."

Christian Science

Man's inseparability from God is the keynote of the Lesson-Sermon to be read at Christian Science services Sunday. The subject will be "Doctrine of Atonement." Selections from the King James Version of the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include these from Psalms (51:16-17): "O Lord, open thou my lips; and my mouth shall shew forth thy praise. For thou desirest not sacrifice; else would I give it; thou delightest not in burnt offering. The sacrifices of God are a broken spirit; a broken and a contrite heart, O God, thou wilt not despise."

From the Christian Science textbook will be read the following: "Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement, — in the at-one-ment with God, — for he lacks the practical repentance, which reforms the heart and enables man to do the will of wisdom." (p. 19).

The Golden Text is from I John (2:1): "If any man sin, we have an advocate with the Father, Jesus Christ the righteous."

Bible Verse

CHRIST NEEDS YOU
Use your talents of the Master By these five or two, or one. He'll reward you at His coming With His words of praise, "Well done."
Has your talent long been buried, Hidden just because of fear? Have you found no place of service, Failed to use it year by year? If so, try your hand for Christ, Come and see what you can do. Fields are white awaiting harvest and the Master calleth you!
—Mrs. Hiram McCarver

The cooking stove, which slowly replaced the fireplace, and has since given way to electricity and gas, was invented only 135 years ago, the Chamber of Commerce of the United States recalls.

According to the United States Public Health Service, the life expectancy of American women at birth is now 71.8 years, the average for men 65.9 years and the average for both sexes is 68.5 years.

Sunday School Officers To Be Installed At First Baptist

Installation services for the Sunday school class officers will be a feature in the First Baptist Church this Lord's day when the officers in the two Adult, the Young People's, and Intermediate departments are installed. Installing officers, Mrs. Ralph E. Perkins, Miss Anice Locke, Walter Arterburn, and the pastor.

The regular teaching of the lesson will follow the installation services. There are 14 adult classes, 4 Young People, and 8 Intermediate. The pastor will be in the pulpit at the 11 o'clock worship hour. His message will be based upon the theme, "The Throne of Affections." Using the scriptural text: "Where your treasure is, there will your heart be also." Read Matthew chapters 6, and 7. Mr. Russell will have the choir and special music has been arranged for both morning and evening services. Training Union will begin at 6:30 throughout the winter. A special invitation is given to all who are in our midst to attend this most interesting phase of Christian growth. Training Union is that phase of Christian work wherein the individual learns to do by doing. There is

a Union for each age group. The Unions meet in the same departments as on Sunday morning.

The evening worship at seven thirty will find the pastor bringing a message on, "Christian Constancy," based on Colossians, chapter 2. The ordinance of baptism will be observed at the close of the evening worship service.

For the stranger in Ranger, our Church services are open; you are welcome. It is the friendship of the citizens that make this a "Friendly City." You are always welcome. There is a place in our services for each member of the family. "Bring your family to Services this Lord's day." Our nursery is always open for the little ones. Capable women are in charge and clean and sanitary equipment is found in this department.

Sermon To Be On Peace Offering At Merriman

In the continuation of a series on the offerings of the Book of Leviticus, the message this Sunday at Merriman Baptist church will be on the peace offering, showing our communion and nearness to God the Father through the sacrifice of His son and our Lord, Jesus Christ.

The evening message will be

evangelistic in nature. "Come, Expecting a Blessing," says Rev. E. H. Hoover, pastor.

Mr. and Mrs. R. J. Taylor have just returned from a weeks visit in Spraberry with their daughter and husband, the John Norths and in Odessa with Mr. and Mrs. Bob North and daughters.

Recent guests in the home of Mr. and Mrs. W. C. McDonough were their daughter and family, Mr. and Mrs. Felix McCurdy of Donna, Texas and Mr. and Mrs. George Davis of Terrell, Okla.

Church of Christ Mesquite & Rusk

The following is the schedule of services at the Church of Christ, Mesquite and South Rusk, Max R. Crumley, Evangelist.

Sunday:
Crusade for Christ (KERC) 7:45 a.m.
Bible School 9:45 a.m.
Morning Worship 10:45 a.m.
Young People's Class 6:00 p.m.
Evening Worship 7:00 p.m.
Wednesday:

Assembly for Praise and Devotion 7:30 p.m.
The Children's Hour 8:00 p.m.
Adult Edification 8:00 p.m.
The Sunday morning subject will be "Building Up The Church by Nurturing Young Christians." The Sunday evening subject will be "Come Unto Me."

The church is a dynamic force in the community. Through this instrumentality the Lord proposed that the Gospel be taught. The church stands against sin and it stands for righteousness. The church endeavors to help people

"come to themselves" by coming to an understanding of righteous principles and their application to life-situations. You will find a warm welcome and spiritual comfort at our services.

Misses L. E. Pearson, E. E. Crawford, Saunders Gregg and E. L. McMillian attended funeral services Saturday in Denton for Dr. Holland, a former Ranger resident.

Methodists To Observe Layman's Day

Sunday, Oct. 17, is Layman's Day in the Methodist Church in Ranger. Rev. Bruce Weaver will preach a sermon at eleven o'clock entitled "Qualifications for Manhood." The Chancel Choir will sing the anthem, "This is the Day the Lord Hath Made" by Thimian untrite under the direction of Fred Baumgardner. Recognition will be given to the men who are present and all visitors will receive a special welcome by the pastor.

The sermon for the evening service at 7:30 will be "Little Things Mean A Lot." Miss Kay Hopper will sing "Teach Me To Pray" by Jewitt.

The young people will meet at 6:30 for the regular Methodist Youth Fellowship meeting. Duke Dixon is president, Mr. and Mrs. M. G. Smith are serving as Adult Counsellors. Mr. and Mrs. Raymond Lingle are serving as counsellors for the Intermediate Fellowship.

KISS of DEATH

Under the semblance of a kiss, Judas did it! He had a chance for greatness and an opportunity to serve but chose a disgraceful grave in the field of the nameless and shameless dead. This traitor employed a tender kiss to betray the Christ. He sold his membership in the Kingdom for thirty pieces of silver. What a paltry sum for so dastardly a crime! But only money counted with Judas. The Master's work and the cause of the Church held no interest for him. What about the silver in your life? Don't let it coat too heavily the window panes of your soul. It will turn them into mirrors of yourself, revealing your own dried-up life. Go to church. Be of service. Don't be guilty of the "Kiss of Death."

You In The Church... The Church In You
Form a combination for good. Every man, woman and child needs the influence of the church. Be a faithful worker. Attend every service.

SOCIETY

Joyce Dempsey Is Complimented Friday Evening With Gift Tea

Miss Joyce Dempsey, bride-elect of Billy Don Browning, was complimented Friday evening from 7:30 to 9 with a gift tea at the Community Club House. Hostesses were Mrs. Wendell Halbrooks and Misses Mary Jo Stee, Cecil Lynn Robinson and Martha Harris.

The honoree, her mother, Mrs. Ernest Dempsey, Mrs. Gene Browning, mother of the groom to be, and Mrs. Halbrooks, sister of the groom to be, formed the receiving line and greeted the guests. The bride's chosen color of pink was carried out in the decorations and refreshments.

An arrangement of pink carnations in a horseshoe holder stood on the table where Miss Imogene Loper registered the guests in the bride's book.

The refreshment table was covered with an Italian cutwork cloth and was centered with an arrangement of pink carnations.

Young P-TA Has Night Session

The Young School P-TA met in a special night session Tuesday, Oct. 12 in the school auditorium.

After an entertaining program presented by the sixth grade students, Mrs. Millard Herweck introduced the faculty to the guests.

During the business meeting, Mrs. R. V. Robinson read a 15-minute report of the previous meeting and Mrs. Morris Neunham brought the treasurer's report.

Mrs. J. M. Hunt reported 144 paid memberships and presented \$2 prize awards to the following teachers to be used in their rooms, for having 100 percent P-TA membership: Mmes. Bobo, Landers, Harris and Coody.

Mrs. Pat Thomas reported that \$212 had been paid on the water coolers and urged all who have not yet returned their envelopes containing their gift, to please turn them in as soon as possible.

Coffee and pie were served to about 180 persons in the lunch room during the social hour after the meeting.
