

**NEW CASHWAY BUILDING**—The latest commercial structure to be opened for business in Dimmitt is this new Cashway Food Store building in North Dimmitt. Built by Calhoun-Gladman, constructors, the new building has 7,000 square feet of floor space and cost about \$50,000. G. L. Willis is the owner and the leasees are Mr. and Mrs. C. W. Walker, proprietors of the store.

## New Cash Way Super Market Slates Grand Opening Friday and Saturday

The big, new Cash Way Super Market, built near the north city limits at a cost of \$50,000, will observe grand opening this week-end with a two-day sale.

The store will be open to the public early on both of the sale days, Friday and Saturday. Cash way got its start in Dimmitt eight years ago when Mr. and Mrs. C. W. Walker Mr. and Mrs. T. R. White and Mr. and Mrs. G. E. Gollehon opened the old store on the east side of the square. Four years ago, White and Walker bought Gollehon's interest in the store here and another store that was opened by the three men at Olton about the same time. A new building was built to replace the old store building at Olton last October. White and Walker now operate the two new Dimmitt and Olton stores on a partnership basis.

The new structure represents the latest, both in modern fixtures and convenient service. It is equipped with a complete air conditioning and heating system and intercommunication and public address system for the convenience of customers and employees. Six islands or self-service counters are conveniently located in the store and are stocked with a wide variety of products. The building, which houses 7,000 square feet of floor space, has 33 feet of refrigerated vegetable racks as well as three produce tables. Produce and meat vaults in the rear assure the customer of fresh foods at all times. A cold storage space for ice cream is also located in the rear of the store along with a storage room for cigarettes.

Another asset to the store and something the owners are particularly proud of, is a modern, stainless steel meat market in the back of the store. The market is completely sanitary and large enough to eliminate customer waiting.

Other features of the store are rest rooms for men and women, motor room to eliminate noise, a snack bar for employees and a kiddie corral complete with books and rocking horse.

Ample parking space will be provided the customer as sufficient room to park 150 cars is available on both sides of the store. The interior of the store is painted with soft pastel colors to make viewing easy.

In opening the new store, "Wimpy" Walker, as he is known to friends, stated, "We are very grateful for the fine patronization of our customers in the past. It has been through the efforts of the people of Dimmitt and Castro county that has made our new building possible. We will endeavor to continue giving courteous and efficient service. Our thanks goes out to every individual here and elsewhere in the county who has made our new business possible."

The addition of Mrs. Jack Bradley brings the store staff to 13 full and part time employees.

## Cotton Pullers Plentiful As Harvest Starts

Cotton pullers are plentiful now that the harvest has begun in Castro county as between 600 and 700 Mexican Nationals are available at the local office of the Texas Producers Cooperative. However, when the harvest reaches its peak in November, some 4,000 pullers will be needed, local officials say.

Only ten bales of cotton had been ginned in the county as of Monday as the harvest is just getting underway. Bad weather last week delayed operations, but with much of the cotton now open in the county, gins will likely be operating around the clock soon.

The total county yield will depend largely on the weather. Favorable weather or a late frost may cause forecasters to revise the original estimate of 55,000 bales to a 65,000-bale total for the county. On the other hand, bad weather could mean a reduction of the original figure as only 53,190 acres of land are in stand out of the original county allotment of 55,040 acres.

The market price for cotton locally is 32 and 33 cents per pound at this writing.

Two new gins completed prior to the fall harvest, one between Dimmitt and Hart and the other in the Easter community, brings the total number of gins now in operation in the county to 13.

## Lion Club Speaker Emphasizes Faith

"Remember, regardless of what happens during life, it could have been worse." These were the words of Dimmitt Lion Club member D. W. Brashear as he spoke before the local club at his Tuesday luncheon meeting.

The retired Methodist minister, noted throughout the High Plains area for his humor and wit, delivered what he termed "a carefully prepared extemporaneous address." However, departing from his usual humorous vein, Rev. Brashear declared that we spend a lot of time worrying when we do not know what will happen in the final analysis. "There is a lot of refined atheism in spite of the fact that 70 million people in the United States are affiliated with a Christian organization," he exclaimed.

Rev. Brashear cited the man who lost everything or at least thought he had lost everything until he looked around him. He indicated that it's a marvelous thing to have a sense of security and "everyone can find it if they will only believe and have faith." In conclusion, Rev. Brashear repeated, "Regardless of what happens, it could have been worse."

Dimmitt Coach Leo Fields briefly commented on the Bobcats' next foe, Abernathy, just before the club adjourned. Fields said, "The game with Abernathy may be another long drouthy weekend. I talked with Sundown's coach and he said Abernathy could have scored two or three times more had they wanted to. I'm sure our boys will play their best, however."

## Local Gin Contributes To 1st Bale Of Cotton

Through an oversight the News failed to list Dimmitt Gin Company as one of the cash contributors to the first bale of cotton grown and harvested in Castro county. The News is glad to make this correction as ginners and merchants of the county each year make this first bale premium possible.

## --now Chao has a chance

Eliseado Saucedo, known to his pals as "Chao," found out this week what it means to have friends who care and are willing to help.

The small, 14-year-old Latin American youth, who lives with his parents in the labor camp here, has been handicapped with poor hearing for some time. Monday, he was taken to Amarillo where he was examined by doctors and found to be completely deaf.

Local Baptist Church workers in the Baptist-sponsored Mexican Mission here heard of Chao's plight and came to the rescue. They took his problem to county commissioners and together the two groups purchased new clothes for Chao and made arrangements for him to be enrolled in the State School for Deaf at Austin. Mr. and Mrs. Elvis Burch, among those who have been helping Chao, took the youth to Austin in their car Wednesday morning in order that he might have the same privileges as those children more fortunate than he.

Chao has a younger brother and sister who are afflicted with the same disability. One is four years old and the other a year old. When they become six years of age they, too, will be enrolled in the Austin school for deaf.

## Hart Longhorns To Meet Plains In 2nd Conference Game

With a good rest behind them due to an open date on their schedule, the Hart Longhorns will be loaded for bear when they travel to Plains Friday night for their second conference tilt of the season.

Coach Paul Boswell's crew will take to the field at 8 p.m. in the role of underdogs. But this should be to their advantage and make the contest closer than some figure. At any rate a large following of Hart fans are expected to be on hand for the game as the Longhorns shoot for their first victory of the season.

The Cowboys fresh from a 52-13 win over Grandfalls look impressive, but they can be corraled as the Meadow Bronchos hold a 14-13 win over them. To make things more confusing, only last week Springlake's Wolverines scuffled Meadow 45-0. The Plains team reportedly can pass and run and do not bank too heavily on one either factor for yardage.

Quarterback Eddie Savage will direct the "T" attack for the Hart eleven. The probable lineup for Friday night's tilt follows: Doyle Dunham, right guard; John Lacy, right tackle; James Webb, right end; Monte Phillips, center; Pancho Rublacada, left guard; Ronald Clark, left tackle; Johnny Hindman, left end; Melvin Aven, right half; Alfred Gonzales, fullback; James Holloway, left half; and Savage at quarterback.

## Farmers Take Part In F&H Program

The Farm and Home Program being carried out in Castro county under the direction of the Extension Service is progressing and may show some definite results for at least four county farm families by the end of the year.

To date the following families are cooperating in this important program: Jack Bradleys, M. L. Simpsons, Forrest Collins and Rayphord Smithsons. County Agents Marvin Simms and Mrs. Sybil Stringer will meet with these families this week to do further work.

The state-wide program is a program of all phases of farm production, marketing and home management fitted into one overall plan made by the farmers themselves. This is the first year that it has been put into effect in Castro county. Other counties have successfully used the program and it has resulted in better farm management as well as increased farm income.

Coach Leo Fields' Dimmitt Bobcats went into stiff workouts Monday in preparation for what may well be their toughest game of the season—the non-conference tilt at Abernathy Friday night.

The Bobcats are undaunted over their first loss of the season, a 34-0 defeat to non-conference Hale Dunham, right guard; John Lacy, right tackle; James Webb, right end; Monte Phillips, center; Pancho Rublacada, left guard; Ronald Clark, left tackle; Johnny Hindman, left end; Melvin Aven, right half; Alfred Gonzales, fullback; James Holloway, left half; and Savage at quarterback.

# The Castro County News

Official Publication of Castro County, Texas

VOLUME XXVIII DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, SEPTEMBER 22, 1955 12 PAGES—NO. 47

## Castro County's First Sesame Crop Of 700 Acres to be Harvested Soon

**Wow! don't we smell nice...**

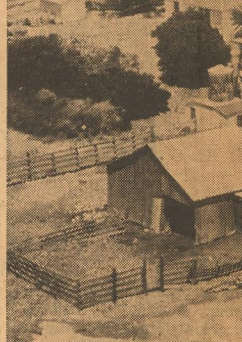

Lady, if your husband came home today from the post office smelling of perfume, don't blame him—it's the Castro County News.

Various people at one time or another have said this newspaper smells... well, this time it does.

If you'll turn to the second section of today's newspaper, you'll find four pages printed in red for the Cash Way Food Store. The ink used in these advertisements was liberally soured with a perfume made for the purpose.

It was the first time such an experiment was tried in this plant and we were curious to see how it would work out.

The reason for this story—which is something you can more easily smell than read about—is to explain why the Castro County News office and personnel will be smelling of perfume for the next couple of weeks.

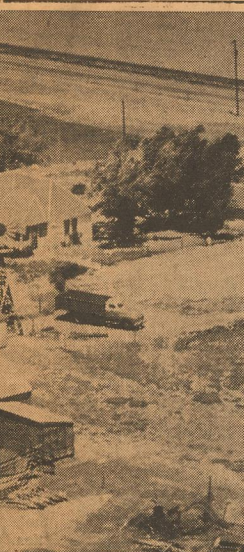

**MYSTERY FARM 36**—The News is publishing mystery farm 36 this week. It is an aerial photograph of a Castro county farm and is worth a year's subscription to the News to some lucky guesser.

## Barber And Beauty Shop Burglarized

Trimble's Barber and Beauty Shop, located on the west side of the square in Dimmitt, was burglarized Saturday night and 20 dollars in silver was taken from cash registers in the two establishments, according to Deputy Sheriff "Pie" Montgomery, who investigated.

The deputy sheriff said entrance was gained by removing a screen from a window in back of the building. Part of the money was taken from a cash register in the barber shop and some from another register in the beauty shop. The two shops are in the same building but are partitioned off.

Rain marred tracks in the rear of the building and little evidence was left behind. The sheriff's office has no suspects in the burglary, but are continuing their investigation.

The owner should make identification not later than Monday noon in order to collect a mounted enlargement of the original. All mystery farm pictures are sponsored by Blanton Butane, Inc.

Another general reshuffling of school boy football in Texas handed down by Texas Interscholastic League officials finds Dimmitt in the same class but in a newly composed district—District IAA, according to a report this week from Coach Leo Fields.

In the new district, Dimmitt will keep company with the Dalhart Wolves, Canyon Eagles, Olton Mustangs, Muleshoe Mules and

Tulia Hornets, all of whom have been assigned to 1-AA. Littlefield and Lockney moved out of the old district occupied by the Bobcats; the Wilcats going into triple A and the Longhorns back to single A.

Dimmitt's conference schedule for 1956, already released by TIL, is: October 19—Dalhart, here; October 26—Canyon, here; November 2—Tulia, there; November 9—Muleshoe, there; and November 16—Olton, here.

Enrollment requirements for double A ball are now from 200 to 375. Present Dimmitt enrollment is 258. Other class requirements are: Class B—less than 125; Class A—125 to 200; Class AAA—375 to 750; and Class AAAA—750 and up.

Of the new setup, Coach Fields said, "It won't hurt us year in and year out. The new district probably won't be any tougher than the district we now occupy. The change will give a better balance and make competition on a more even keel."

The purpose of the shakeups, according to TIL, is to put the various teams in the class they deserve to be in or in a district with schools their same size.

## Farmers Shut Off Irrigation Pumps Across County

Many irrigation well pumps were shut off on Castro county farms when rainy weather moved across the country over the weekend.

Beginning Friday morning, rain fell intermittently over the county until Monday bringing from .50 of an inch at Dimmitt to three inches in the western part of the county. No crop damage was believed to have resulted. However, if the rainy weather persists many farmers will stand to suffer extensive cotton damage, according to David LaGrone of the Frio community who reports two and one-half inches of rain. LaGrone said some of his cotton bolls have fallen on the ground, and if bad weather continues all of this cotton will be lost. LaGrone said potato digging had been delayed. On the other hand, he states that his pumps have been off two weeks and maize will not have to be watered again due to rains.

On the Box Shanty place, about 12 miles west of Dimmitt, three inches of rain fell and pumps have been shut off throughout that area.

Rains were general throughout West Texas with some areas in and around Abilene and the Permian Basin receiving their heaviest deluges in many years. Water in these areas rose to flood stages with some residents abandoning their homes.

Proceeds will go into the Assembly treasury for church projects and work.

## Hart Church Schedules Bake Sale October 1

Saturday, October 1 is the date set for the Hart Assembly of God Church Bake Sale. The sale will be held at Gilmore's Grocery, will start in the morning and continue throughout the day.

Mr. and Mrs. Bill Graham, Mrs. Nettie Graham and Mrs. Ethel Womack are in Marlin this week for a vacation and the mineral baths.

## Rapidly Growing Castro County FB Looks To Goal Of 1,000 Members

The Castro County Farm Bureau has set its sights on a goal of 1,000 members and at the current rate of growth may reach this mark much sooner than expected.

In the past 14 years the organization's growth has been just short of phenomenal. A report from the state office shows that only 19 county farmers belonged to Farm Bureau in 1941 compared to 569 paid memberships this year just prior to the state convention slated for Fort Worth November 7-8-9. In 1942 membership increased to 34 and in 1943 records show a big goose egg. However, the county organization recovered in 1944 with 23 members and from then on it was a case of rapid growth. Fifty members were in FB in 1945; 16 in 1946; and 374 in 1947 when FB experienced its largest increase in history. In 1948 membership dropped to 220 and moved back up to 239 in 1949. Two hundred and fifty-three members were active in 1950; 327 in 1951; 357 in 1952; and a jump to 500 in 1953. Last year there were as many as 564 members and the story this year is one of continued growth with a listing of 569 members.

According to local Farm Bureau Service Manager Gene Ivey, "Sound policies of the American Farm Bureau Federation and co-operation of county farmers in developing policies on a local level have been the main factors in FB's rapid growth." And too, a FB county office was set up in April, 1951 and this helped immeasurably toward serving members of FB and establishing better relations, Ivey points out.

The Castro County Farm Bureau will probably have its biggest representation of delegates in history at the convention this year.

Some of the services FB now offers are stenographic work, notary public service, preparing and completing irrigation well applications, gas refund service and insurance service.

## Bobcats Get Set for Abernathy After Losing To Hale Center

Coach Royal James has put together a smooth functioning team at Abernathy; one that is capable of running and passing due to its speed and clever ball handling. The Antelopes are a tricky T formation team and will likely unveil some new plays. This game like the Hale Center game shapes up as a ground-bruising attack versus speed and passing on the part of Abernathy. The Bobcats, seeking revenge, may make the contest closer than some expect. At any rate an overflow crowd from both Dimmitt and Abernathy will be watching when the kickoff whistle sounds at 8 p.m.

Despite their loss to Hale Center, the Cats played a bruising ground game and held the host Owls scoreless for 42 1/2 minutes of play. The Hale Center crew scored twice in the first quarter on a five yard plunge by Halfback Perman McBeth and a 70-yard kickoff return by Halfback Wayland Richardson, and again on the first play from scrimmage at the start of the second quarter when Fullback Jimmy Carver went over from a yard out. From here on the scoring was scarce as the Owls didn't cross the goal again until the final three minutes of the game when McBeth ran over from eight yards out

and Leon Douglas, quarterback, tossed a 37 yard pass to McBeth for the final tally. When McBeth caught the pass the horr blew and he crossed the goal after the game was over. McBeth also ran the extra point over after the end of the game.

Dimmitt's ground jarring plays carried them to the one-yard line just before the half after Halfback Zey Gilbreath had recovered an Owl fumble and returned to his own 35. Fullback Alton Bates, Quarterback Don Mobley and Halfback Jerry Brown chewed up yardage to the Owl one and would have scored had not time ran out.

**Football News**

The Football boys had open date Friday night and have been working very hard for their next game with Plains on Friday, Sept.

30th. The game is at Plains, so everyone be sure and go and back the Longhorns. This will be their second conference game for the year.

 Book—"The Robe"  
 Pet Peeve—"?"

**Question Of The Week**

What do you think about the light in a lightning bug's tail?  
 James—I think they have a short circuit and try to do the Morse code with their light bulb.  
 Rowean—A modernized version of a bumpy-doodle girl.  
 Rue—Just nearly as bright as some Junior girls.

Peggy B—A mighty bright light for such a naughty world.  
 Mr. Goodin—If autos had generators like them, we wouldn't have any generator trouble.

Virginia—If some of the students in H. H. S. were as bright as the bug, they'd be pretty bright.

Glen—Pretty dim—but alright for courting.

Norman—I agree with Glen, but I'd rather have a girl to court than a lightning bug.

Alvin—I never have seen one. Monte—Me either.

Eddie—Drawing doodles make a much brighter light.

Johnny—Same as Eddie.

Melvin—Big light!

Sonny—It's all a big fake.

Jo Davis—They must be pretty dim because I've never seen one.

Phyllis—Lightning Bug??!! Never saw one.

Barbara Jackson—Could be just the thing for indirect lighting.

Carla Jean—How could you keep them from going off, Barbara?

Wyona—I don't know, I have never seen one.

Ella Lou—Don't ask me, I don't know, what are they?

Nelda—Never saw one before in my life.

Bobbie—Real crazy!

Charlotte—If there were so many there wouldn't be any need for light bulbs. Fake.

Darrell—They will do for now. James W.—The End!

Mr. Wescott—No comment.

Joyce—I didn't know the light was in its tail.

Kay Nell—I think it's pretty.

Brenda—I didn't know he had one.

Nancy—What's that??

Ione—Gosh, I don't know.

Mary B.—It's okay.

Donna—Well, I don't know.

**Senior News**

The seniors are proud to welcome Donald Featherstone. Donald is recently from Northfield, Texas. He is taking Bookkeeping, Agriculture III, American History, English IV. He is going to play football. He has experience and may be a great help to our football team.

**CHEVROLET**

An important point about stock car racing that may not have occurred to you:

**The safer car wins... and Chevrolet is the big winner**

Auto races aren't won by brute horsepower. Roadability, acceleration, precision steering and stamina—the very qualities that make a car safer for you—are the keys to victory on the track! And that's why Chevrolet is top car, by far, on the NASCAR (National Association for Stock Car Auto Racing) Short Track circuit.

**Faster acceleration means safer passing**  
 Chevrolet's cannonball acceleration has punched past many a bigger car to victory. But the same blazing surge is a vital safety factor on the highway—one that can whisk you more safely around other cars and out of critical situations.

**Easier, super accurate steering**  
 Nimble is the word for Chevrolet. But you don't have to see them in action on a tight quarter-mile track to judge how they make other cars seem clumsy. You can feel that yourself in the press of traffic, and sense the feather-light precision of Ball-Race steering in every curve. There's extra safety, too, in Glide-Ride front suspension that sops up the harshest bumps—that lets your car "keep its feet under it" for maximum traction on the roughest roads.

**More stability on curves**  
 Chevrolet's famous stability means money in the bank to the race driver—it lets him broadside through turns faster and smoother. But it means peace of mind to you on the road—more comfort in every curve and less body-roll with Outrigger rear springs, extra security if you have to swerve sharply to meet an emergency, a solid "one-piece" feel that is a delight to any driver.

**The ability to slow down and stop quickly and smoothly**  
 Those big 11-inch brakes have averted many a disaster in the close-packed battle of racing. But they weren't designed for that; they were made to give you "heads-up" stops and extra stopping power in traffic, on mountain grades, on high-speed expressways. Competition has merely proved their margin of superiority!

Come in and try out this new winner yourself . . . and see how easy we're making it to buy a Chevrolet right now!

**A growing list of Chevrolet victories in stock car competition**

### Hometown Comments...

By MRS. C. J. MAPES

Memory may be a great asset to one while it is a liability to another. It plays unusual tricks upon people.

Old-timers who purchased downtown lots in Dimmitt many years ago could peer out of their dug-outs to see nothing but crops of careless weeds produced during the intervening years, and were financially pressed in paying the cost of paving when civic progress forced them to do so.

It is difficult for them to comprehend the thousands of dollars that fifty feet or more of frontage would bring. Hence, their memory cost them money.

Spectacular transactions are taking place today. We can recall many of our neighboring hamlets who are making money, due to their money.

We see the upward swing in real estate beginning. More ciphers will be added to prices that are now being quoted—for Dimmitt is in the making of a city. It is in center of diversified farming, well balanced economy and has always been a substantial livestock center.

Irrigation farming has played an important role in making Dimmitt a great trading center and with the abundant sunshine has caused the expansion of an industry calling for sky-scraper elevators. Many other pushing developments are nearing the blueprint stage.

Majority consensus is that those that made a profit on property in Dimmitt when it was only a wide spot in the road, could re-invest in the same property and make a neater profit than they did on the original transaction.

Architecture has changed since the early days. Beautiful churches, schools and push-button modern home are memorial embodiments. We salute Dimmitt.

Mr. and Mrs. M. A. Gilmer returned from Temple, Texas, Sunday, where Mrs. Gilmer received medical treatment in the Scott and White Clinic.

### PTA Starts Year With 239 Members

The Dimmitt Parent Teachers Association started off the 1955-56 fiscal year last week with a membership of 239. The meeting was conducted in the high school auditorium.

Following the introduction of officers and teachers, High School Principal S. T. Newman gave a talk on the growth and progress of the local schools. The group later met in the school lunch room for a social.

PTA members were reminded that the school Halloween carnival will be held this year on Thursday night, October 29. Proceeds will be used for school activities and projects.

### WT Homecoming Set For October 22

CANYON, Sept. 29 (Special)—Homecoming for ex-students of West Texas State College has been set Oct. 22, when annual festivities will again draw thousands of West Texans back to the campus. A program of events has been drawn and preparations are already underway.

Among top features for the day is the silver anniversary reunion of the Class of 1930, which will receive special recognition and honor.

Schedule opens at 8 a.m. with registration in the Administration Building, and a general assembly, climaxed with the crowning of WT's Homecoming Queen, will be at 10:45 a.m. From noon until 3:30 p.m., campus organizations and clubs will honor exes at teas, smokers and parties. The big parade through Canyon is at 4 p.m., and the barbecue, which last year drew nearly 3,000 persons, is to be at 5:30 p.m.

Football attraction at 8 p.m. in Buffalo Stadium will pit the Buffs against arch rivals, the Hardin-Simmons Cowboys. A dance following the game will close the Homecoming celebration.

### Bethel Shorthorn Breeder Wins Cash Awards At Lubbock

Bethel Milking Shorthorn Breeder Harry Rothwell, owner of Rothacres Farms, exhibited some quality animals at the Panhandle-South Plains Fair Tuesday afternoon and won several cash awards, including the reserve grand champion female rosette.

Rothwell's Shorthorns were in competition with some 75 head of prize stock, termed as one of the largest and best Shorthorn divisions in the fair's history. Lewis Brothers of Ropesville won both grand champion places in the dual-purpose cattle division of the show.

Results of Rothwell's entries follow: bull calf over four months—Rothacres Farms, 3rd, \$30; Junior yearling bull—Rothacres, 5th, \$20; senior yearling bull—Rothacres, 3rd, \$30; bull three years old or older—Rothacres, 2nd, \$35; junior yearling heifer (not in milk)—Rothacres, 3rd, \$30; cow two years—Rothacres, 1st, \$45; cow four years—Rothacres, 4th, \$25; cow five years—Rothacres, 2nd, \$35; dairy herd—Rothacres, 3rd, \$30; best three females—Rothacres, 2nd, \$35; best uddered cow—Rothacres, 3rd, \$30; senior get of sire—Rothacres, 3rd, \$30; produce of dam—Rothacres, 3rd, \$30; and ster spayed or Martin heifer—Rothacres, 3rd, \$30.

**THICKNESS OF WATER-BEARING STRATA IN A PORTION OF POTTER COUNTY, TEXAS 1938**

**APPROXIMATE DECLINE OF THE WATER TABLE IN A PORTION OF POTTER COUNTY, TEXAS 1938-1955**

**Data On Potter County Underground Water Table Released By District Office**

The portion of Potter county within the boundary of the High Plains Underground Water Conservation District covers approximately 23,000 acres of land. The underground reservoir in the Ogallala formation beneath the area within the Water District contains approximately 344,000 acre-feet of ground water in storage available for pumping.

The map in plate 1 shows the thickness of the water-bearing strata between the water table and the redbeds in 1938 before an appreciable amount of water had been pumped from the reservoir. The map in plate 2 shows the decline of the water table from the spring of 1938 to January 1955.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and

multiplying the remainder by the coefficient of storage of 15 percent.

These data show about 376,000 acre-feet of water was in storage available for pumping in 1938, after has been removed from storage and about 32,000 acre-feet of water since 1938. In other words approximately 8.5 percent of the volume of the available water has been removed since 1938.

The approximate quantity of underground water in storage, available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and their multiplying by the storage coefficient of 15 percent.

Suppose the farm consists of 160 acres and has 150 feet of water-bearing strata underlying it, then 160 acres x 150 feet x 0.15 percent equals 3,600 acre-feet of

water available for pumping. An acre-foot of water is the quantity required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet, or 325,829 gallons.

An individual may use this information to determine how long the quantity of underground water in storage beneath his farm will last at any annual rate of withdrawal. This assumes, of course, that his neighbors pump a comparable amount of water per acre on their farms.

These maps and studies of this type are parts of the regular hydrological work in progress by the staff of the Water District. Similar maps and information will be prepared, as rapidly as practicable, for all the counties within the Water District. Maps of Deaf Smith, Parmer, Castro counties and a portion of Potter county are now available.

Mr. and Mrs. R. D. Northen of Amarillo visited her mother, Mrs. Etta Brashear, over the weekend.

**Johnson To Make State-Wide Talk**

Senator Lyndon B. Johnson has announced that Civil Service examinations for Texas boys seeking appointment to the Army, Navy and Air Force service schools will be held November 14 at 71 cities and towns throughout the state.

Senator Johnson uses the results of these examinations as a guide in making his appointments to the military academies.

Entrance requirements vary, but all three academies require that appointees be United States citizens. In the case of applicants to be considered by Senator Johnson, they must be residents of Texas. They must be between the ages of 17 and 21 years upon entry, must be single and must pass a rigid medical examination and a physical aptitude test. Candidates for the Air Force Academy must be able to pass the medical examination for flying training and a pilot aptitude test.

Persons interested in taking the competitive examination on November 14 are advised to write Senator Lyndon B. Johnson, Senate Office Building, Washington, D. C., not later than October 15.

**Soldier Arrested North Of Here**

Thomas Wade Lark, alias Bobby Moss, was in jail at Hereford today (Thursday) after being charged with the theft of 19 used batteries and selling same to Bill Nichols, local tire and junk dealer.

According to Castro Sheriff Jack Cartwright, Clark is AWOL from Fort Bragg, North Carolina and allegedly stole a car which he was driving when Highway Patrolmen picked him up Wednesday night between Dimmitt and Hereford. After Clark sold the

batteries to Nichols Wednesday morning the local dealer reported the incident to the sheriff's office and a call was put out on the suspect. Patrolmen arrested him later and he was jailed at Hereford as officials there have several charges against him. The defendant was with another unidentified man at the time of the incident but no charges have been brought against him.

Sheriff Cartwright also reported a wreck at the "P" just north of Dimmitt Wednesday night. Two of three Filipino laborers from Hereford, who were driving a car north at the time of the wreck were hospitalized here for minor injuries but were later released.

The car occupied by the Filipinos crashed into the side of a diesel transport, according to Cartwright. The driver of the transport, who was heading toward Hart, was not hurt, however.

Billy Jones and John Benson of Hale Center have returned from a business trip to Phoenix, Ariz.

Mrs. Joe Smyer of Graham, Texas is visiting in the Ernest Jones home.

To Participate In  
State Dress Revue**

Royce Lynn Pyeatt, Hart 4-H Club member, will participate in the state finals of the 4-H Dress Revue at the 1955 State Fair of Texas.

She earned a place in the finals by her showing in district competition. More than 170 Texas counties held preliminary contests with an estimated 7,500 girls participating. County winners then competed in contests in each of the twelve Texas A&M Extension

**We Have Purchased 300  
Old Model New Radiators  
\$15.00 exchange  
STOVALL-BOOHER  
Radiator Sales & Service**

Service Districts. The district representative will appear on the stage of the State Fair auditorium on Rural Youth Day, Oct. 15, at the Fair.

The girls will model dresses suitable for school in their home towns. Special attention will be given to choice of color and fabric.

Judging will be based on personal grooming, poise, presentation of costume, construction of costume, choice of accessories, and overall 4-H achievement record.

The first-place winner will get an expense-paid trip to represent Texas at the national 4-H Club Congress in Chicago. Second and third place winners will receive sewing machines. Fourth, fifth and sixth place winners will get steam irons, and seventh, eighth and ninth place winners will be given electric irons.

The girl making the highest scoring gown will be given a \$50 certificate for the purchase of wool fabric.

**Fire Smokes Up Hotel  
Kitchen Sunday Night**

Employees of the Rawlings Hotel were given a brief scare here Sunday night when fire broke out in the hotel kitchen and smoked up the walls of the room before it was extinguished.

Grease on a grill in the hotel kitchen caught fire and a spark caused a waste box near the stove to burst into flames. Firemen suppressed the fire with a hand extinguisher before it could spread to other hotel rooms, however, and only negligible damage resulted.

The fire occurred about 10:15 p.m. and was extinguished within 15 minutes.

**SS Representative To  
Be Here October 5**

A representative from the Social Security office in Amarillo will be in Dimmitt Wednesday, Oct. 5, 10:00 a.m. He can be contacted at the Commissioners Court Room in the Court House.

This representative can furnish any information or assistance which would be available at the District Office in Amarillo. He will receive applications for retirement or survivors insurance under the Social Security Act; applications for original, duplicate, or change of name social security cards; and applications for employer identification numbers for new employers or employers recently becoming liable for making social security returns.

**Texas Bond Sales  
Up 21 Percent**

DALLAS, Sept. 29 — Texans bought more than \$123 million worth of United States Savings Bonds during the first eight months of 1955. It was reported today by Nathan Adams and Ed Gossett, co-chairman of the Savings Bonds Advisory Committee for the state.

Bond sales throughout Texas this year up to September 1 totaled \$133,276,815, which was 21 percent more than for the same period last year.

Purchases in August 1955 were \$16,909,996, which was an increase of \$2,149,560 over July.

"Sixty-six percent of the state's 1955 Savings Bonds goal was achieved during the first eight months," the co-chairman noted. "However, this is still 1.8 percent below the average of sales necessary to make our state quota of \$201.9 million for 1955."

**Texas Druggists  
And Doctors  
Distribute Vaccine**

AUSTIN, Sept. 29—Pharmacists and physicians are key people in the State Health Department's intricate plan for insuring fair distribution of still-scarce polio vaccine.

The plan moved into high gear this week as Texas' 2,700 pharmacists were sent "vaccine usage" forms to be filled out and returned at weekly intervals to state health officials as a means of keeping tabs on every dose of the vital vaccine that is administered to a child of priority age.

"Priority age" is under 10, and pregnant women. It means that only persons in these categories will be eligible for shots. Health Commissioner Henry A. Holle said the priority groups was extended from the 5 to 9 bracket because health department records show that the younger age group is most susceptible in Texas.

Best estimate of the number of eligibles set the figure at 2,185,095. Of that number 1,942,645 are children under 10. Both figures are based on a statistical analysis of the state population as a whole.

Here are the mechanics of the plans as established by Dr. Holle on recommendations of the State Polio Advisory Committee:

Vaccine manufacturers, by mutual agreement, will sell only to retail and wholesale pharmacists, rather than directly to physicians. Physicians will requisition from druggists on forms supplied by the State Health Department.

The forms, together with a summary of all vaccine distributed to local purchasers, will be forwarded each week to the Communicable Disease Control Division at the State Health Department. Division personnel will use the information to keep a running check on where the vaccine is going, and to do epidemiological studies on polio.

For the present, health department planners have decided to retain 17 percent of vaccine shipments for public use, while 83 percent will be released into normal commercial channels. These percentages are subject to change as conditions warrant, Dr. Holle has stressed.

Limited amounts of vaccine, part of the 17 percent being held for public use, have already arrived at the State Health Department. Distribution to local health officials will begin after October 1, upon local request.

National authorities anticipate that the necessity for tight controls over the vaccine will end this winter.

"But until it does," Dr. Holle said, "cooperation between physicians, pharmacists, state and local health officials and the general public is imperative if vaccine is to go to those who need it most."

Mr. and Mrs. Jack Gregory visited their son, Billy, and wife at Abilene and attended the ball game there last weekend.

Mr. and Mrs. W. P. Gipson

and family visited last weekend with their daughter and family. Mr. and Mrs. Lavon Haney, at Ft. Lupton, Colo. They also visited the Cave of the Winds at Manitou, Colo.

Chevrolet Truck Work Styling is well illustrated in these four models ranging from the Low Cab Forward and Come Carrier at left to the pickup and tractor-trailer unit at right.

**New Chevrolet  
Task-Force Trucks**

They're the most modern trucks on the road. If you don't get all the advantages they offer, you stand to lose money on the job today... and again at trade-in-time!

**Most modern power—V8 or 6**  
In most new Chevrolet truck models, you have your choice of V8\* or 6. Chevrolet's new truck V8's have the shortest stroke of any V8 in any leading truck! That means less friction and wear per mile. The valve-in-head sixes are new editions of the engines that have long been famous as the "work horses" of the truck world! And all Chevrolet truck engines have a modern 12-volt

electrical system for quicker starting, better ignition and a greater electrical reserve.

**The truck driver's "dream cab"**  
That's the closest we can come to describing the new Flite-Ride De Luxe cab. What truck driver wouldn't go for features like these: panoramic windshield for wider, safer vision; concealed Safety Step that stays clear of snow, mud and ice; High-Level

ventilation that provides a more constant supply of outside air in all kinds of weather.

**Most modern truck styling**  
We call it Work Styling—and you get it only in new Chevrolet trucks! Two fresh, functional styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models. Your Chevrolet truck will do your job better—and look better doing it!

**Most modern features throughout**  
Advanced destinations, more rigid, ladder-type frames! Tubeless tires standard on 1/2-ton models! Come in and see all the ways you're way ahead with new Chevrolet trucks!

\*V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

**CHEVROLET** Year after year, America's best selling truck!

**DIMMITT MOTOR CO.**

## Checkerboard News

From the  
Castro County Grain Company  
By Edd C. McLeroy

### FREEZE THOSE CRACKED EGGS

Did you ever wonder what to do with excess cracked, pullet or off-shaped eggs? Read an interesting article about a poultryman in Mississippi who had this problem licked. He breaks the pullet eggs at times of low prices; saves the cracked and chipped eggs, and puts them in his deep freeze. Why couldn't our local poultrymen do the same thing? Keep your unsaleable eggs in a cool place until you get enough eggs to fill a small container and then break them, stir to thoroughly mix white and yolk and put them in your deep freeze. Use these eggs in making cakes or whatever need you might have for them. Somebody try this and let us know how you come out.

### FARM VISIT

Visited the Frank Henderson farm north of Dimmitt early in the week to check results of fertilizer applied to milo and cotton this spring. Mr. Henderson has a real milo and cotton crop and it has been made with a minimum amount of water. His milo should cut out 5,000 pounds to the acre and his Lockhart cotton will make close to a bale to the acre with only one watering after planting. This cotton is already made and will turn out white cotton if it freezes in the next ten days. If you know exactly how to raise cotton drop by and tell us. We like to pass such information on to our many customers.

### ONE EXTRA POUND OF MILK PER DAY PAYS FOR PURINA

In terms of milk, it takes about one pound of extra milk a day or 300 pounds per lactation to pay for Purina, compared to poorer, low-cost rations.

Thousands of dairymen who have switched to Purina have

upped production per cow as much as 2,000 pounds in one lactation. This leaves a healthy profit margin of 1,700 pounds of extra milk to sell. In the long run it's actually cheaper to feed a top-line ration than to skimp cows on poor feeds.

Purina milking chows hold body condition, helps cows utilize their roughage better and supply the milk-making properties needed for high production. Are you interested in bigger profits?

Mr. M. L. Simpson, Jr., successful dairyman nine miles north of Dimmitt, can show you where Purina milking chows have made him more money than the various cheaper rations he has tried. In a recent conversation with M. L., he stated when he switched his cows to a cheaper ration, their butter fat dropped from four percent to 3.5 percent and upon returning to Purina their butterfat returned to four percent. This alone, states Mr. Simpson, more than pays for the extra cost.

**FERTILIZE BEFORE PLOWING DOWN MILO STUBBLE THIS FALL**

One of the best times to apply nitrogen fertilizer is when you have organic matter to decompose. More farmers each year are trying this practice and it's really paying off. They not only get the use of fertilizer applied, but they also get the most of what they already have—the milo stubble left on the land.

If the present moisture stays until after combining, then the chiseling in of anhydrous ammonia in the milo stubble is the cheapest route for the farmer to take. If you plan to fertilize this fall, come by and talk with us about the most practical way to get the most from what you already have.

**SOMETHING TO THINK ABOUT**

If your farm and livestock could choose their owners, would they choose you?

## Friends Come to Chao's Rescue

Nearly half a ton of Texas canned beef has arrived in Germany through efforts of the Texas Christian Rural Overseas Program (CROP) for distribution among German refugees.

It was announced at Texas CROP headquarters in Austin that the shipment of 863 pounds which was processed in Fort Worth and left Houston on August 9, 1955, is now being distributed by German church agencies and Church World Service.

West Germany still supports upwards of ten million refugees; and refugees cross the East-West Berlin line at the rate of 400-500 each day.

The Texas CROP shipment is part of a national more-than-a-million-dollar community program in which food and fiber is collected for needy people overseas and distributed to them regardless of race or creed by church agencies.

## Early Residents On Visit Here

Two former residents who came to Dimmitt and Castro county shortly after the turn of the century are visitors to Dimmitt this week.

Mr. and Mrs. Boone Kilgore of Roscoe, Texas, are visiting Mrs. Kilgore's father, Mrs. Mark Cowser and a number of other old friends. The Kilgores farmed east of Dimmitt for some 20 years before moving away in the early thirties. They plan to visit in New Mexico before returning home.

The former residents are well acquainted with Castro county history and remember many of the early stories of Dimmitt as well as Castro county.

Mr. and Mrs. Ernest Jones and Mrs. Joe Snyer visited the Sam Jones at Earth Tuesday.

## Nazareth News

Recently four little boys were baptized in the Holy Family Church. Stephen Lee Acker, the son of Mr. and Mrs. David Acker, had as his sponsors, Mr. and Mrs. James Fangman. Sponsors for Paul Lawrence Gerber, son of Mr. and Mrs. Leonard Gerber, were Mr. and Mrs. Albert Gerber. The son of Mr. and Mrs. Vernor Braddock was christened Kenneth Leo. His sponsors were Mrs. Josephine Ball and Urban Ball. Gary Lee Bartels, son of Mr. and Mrs. Erwin Bartels had as his sponsors, Mr. and Mrs. Norbert Rohmfield.

Pfc. Leo Durbin of Camp Story, Virginia, is home on a twenty day furlough.

## Sunnyside Women Meet With Springlake Club

Guest book reviewer for the XIT Study Club of Springlake Tuesday evening was Mrs. R. A. Axtell of the Sunnyside community. Also a guest at the meeting was Mrs. Noble Howard, also of the Sunnyside community.

Mrs. Axtell reviewed the book, "The Far Journey" by Mrs. Loula Grace Erdman. The meeting was in the home of Mrs. McNamara.

## Rainbows, DeMolays To Have Program Here

A special program by the Rainbow and Demolays of Tulsa, under the direction of Henry Teuble, will be presented at the local Masonic Temple Monday, Oct. 3 at 7:30 p.m. All Masons are urged to be present.

### CARD OF THANKS

We wish to take this opportunity to thank our friends for the lovely floral offerings, the cards, prayers and other kindnesses shown us at the passing of our loved one.

It humbles our hearts to have such kind and thoughtful friends. May the Lord bless you in our prayer.

The Otis Englishes,  
The S. J. Blacks,  
The Branscum,  
The J. H. Teels.

#### Cinnamon Applesauce Salad Molds

(Makes 8 servings)  
1/2 cup (about 4 ounces) red cinnamon candies  
2 cups boiling water  
2 (3 ounce) packages lemon-flavored gelatin dessert  
2 cups sweetened applesauce  
1 cup cottage cheese  
2 tablespoons mayonnaise  
1/4 cup lemon juice

Dissolve candy in boiling water. Add gelatin, stir until dissolved, then add applesauce. Chill until mixture begins to thicken. Add cottage cheese, mayonnaise and lemon juice. Pour into 8 individual salad molds. Chill until firm. UNMOLD on chopped red and green cabbage on salad platter. Arrange apple wedges, pear halves, and grape clusters around rim of salad platter.

## Mystery Farm Identified

Mystery Farm number 33, which appeared in the September 8th Issue of the News, has been identified by Mrs. Troy Maxwell. She will receive a subscription to the News for one year. The farm is that of Mr. and Mrs. J. W. Godfrey, located five and one-half miles north of Dimmitt on Highway 51.

The Godfreys have been on their farm for 26 years. They purchased it from Will Wright in 1928. The farm was first settled and put under plow in 1916. Recent improvements include a new barn, chicken house, work shop, grainary, irrigation well and landscaping with trees.

Godfrey carries out a diversified farming program on his 320-acre farm. He deep breaks the land and summer tills for maximum results. Twenty-five acres are in pasture land; 57 in cotton; 100 in maize; ten in alfalfa; ten in hegari; and the balance is summer tilled. He has 12 head of Jersey and Angus cattle.

Mr. Godfrey was married to the former Miss Pauline Dinkins in 1923. They have seven children, all of whom are married except the youngest, Carolyn, who is ten years old and in the fifth grade.

The Godfreys belong to the Church of Christ and Castro County Farm Bureau.

## Dimmitt Garden Club Members Outline Projects For '56 At Initial Meeting

In their initial meeting of the new year, members of the Dimmitt Garden Club got down to serious business by setting forth plans and outlining projects for 1956.

The group, meeting in the home of Mrs. George Bradford for a coffee, discussed the spring tour of homes to be conducted here next year and listed these goals: 1. To create interest in developing city parks and beautification of our county; 2. To increase the number and quality of roses in every home garden; 3. To interest the public in decorating for the Christmas season; 4. Continue plot in front of hospital; and 5. rose show in May, and to help organize more Garden Clubs in the county.

Mrs. Raymond Wilson was given the assignment of supervising a Christmas lighting program in the Dimmitt residential area this year. Residents are urged to

make plans early for this program and decorate their homes for the holidays.

Mrs. H. E. Wall and Mrs. W. H. Curtis gave reports on the recent fair flower show and bingo concession operated by Garden Club members.

The Club approved plans for a rummage sale and set October 1 as the date of the sale. Proceeds will go into the club treasury for coming projects.

Assisting hostesses for the meeting were Mrs. R. D. Rogers and Mrs. R. S. Vestal. Flower arrangements were made by Mrs. J. C. Gilbreath, who also chairmanned the meeting. Mrs. Nolan Froeher and Mrs. Buster Cooper. The serving table was laid with a linen cloth, appointments of china and silver and with a formal arrangement of roses for the center piece.

Eighteen members were present for the first fall meeting.

## COMMISSIONERS STUDY HIRING DEPUTY AFTER HART REQUEST

The need for more county police protection was scored here Monday morning when a delegation of Hart townspeople met with Castro county commissioners and asked that an additional deputy sheriff be hired by the county and assigned to the Hart area.

County Judge Robert Estes revealed this week that the Hart group, consisting of 14 businessmen, appeared before commissioners to make the request. The group clarified their request, however, by stating that they were not in anyway dissatisfied with the present sheriff's department, but rather that their request was motivated by the need of additional help for the department due to the rapid growth of Castro county in recent years. They also pointed out that Sheriff Jack Cartwright is now assisted by only one deputy just as was the case 20 years ago.

Commissioners discussed the matter with the Hart delegation, regarding the possibility of the town of Hart incorporating and thereby creating the means of

raising some money for local police protection.

It was brought out that some interest had been shown in the possibility of the town of Hart incorporating, but no definite plans have been made to this date. The commissioners court requested time to consider the matter and no action was taken at the Monday session.

Commissioners studied the basic values set up by the recent tax appraisal program and tentatively agreed that for the 1956 tax roll the county would use only 17 percent of the basic values adopted in the appraisal program and ten percent of market value for personal property. The court also agreed that a more detailed study was necessary and would be made before definite values and percentages are adopted for the 1956 tax roll in order to arrive at the same total for state and county purposes of the same ten million dollars.

Mr. and Mrs. Morris Bounds of Weatherford have been visiting in the Ernest Jones home. Those enjoying dinner and visiting with them on Sunday were Mr. and Mrs. Horace Bounds of Whiteface, Mr. and Mrs. Claude Broods of Amarillo, Mr. and Mrs. Claude Jones of Plainview, Mrs. J. Frank Norfleet, Mr. and Mrs. Lee Thomson, Mrs. Pete Norfleet, Viola B. Moody, Mr. and Mrs. Virgil Jones and Orville Jones of Hale Center, Mr. and Mrs. Sam Jones, Mr. and Mrs. Carl Jones, Carlene and Eddie Sam of Earth, and Mr. and Mrs. Jack Broods of Dimmitt.

## Poll Tax Payable Here October 1

Poll tax fees in Castro county will become payable Saturday (Oct. 1) and may be paid up until January 31 of next year, according to Deputy Tax Assessor-Collector Kent Birdwell.

The state does not require that this tax fee of \$1.75 be paid, but in order to be eligible to vote payments must be made. Birdwell points out. The tax assessor emphasizes that 1956 is an important election year as both state and county elections will be held. And there is always the possibility of a city and county school bond election, he adds.

Some 1,900 county residents paid their poll taxes the last elec-

### Stock Entered In Lubbock Fair

Harry Rothwell, Milking Short-horn breeder of the Bethel community and Dowe Foster, Dimmitt Shorthorn breeder, have entered cattle in the Lubbock fair. Rothwell, who owns Rothacres Farms, has 14 head in the stock show of the fair while Foster has two animals entered. Premiums totaling \$24,034 will be offered exhibitors at this year's fair. The county will also have a booth at the fair and will receive a \$50 participation award as well as any ribbons that might be presented by judges.

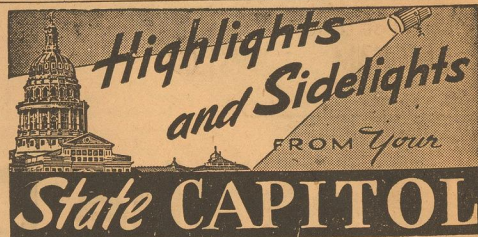

### Livestock Auction Opens At Hereford

Livestock breeders in Castro county will have access to auction sales service at Hereford soon when the Hereford Livestock Auction opens September 29. Otis Cansler, formerly of Tulia, will own and operate the new auction. He is known throughout the county and has been in the business for ten years. He will conduct sales every Thursday at 11 a.m. Mr. and Mrs. Ivan Sinclair moved to Abilene early this month. They will attend Hardin-Simmons University. They will live at 1657 North 21st Street.

### SO LONG, SUSIE

After a bone-rattling ride this convict cowboy bids his hard bucking outlaw mount a frantic farewell in the dramatic Battle of the Outlaws. Known as The Wildest Show on Earth, the 24th Annual Prison Rodeo promises to be wilder and woolier than ever. This year's Spectacle of Suspense will be held every Sunday in October at Prison Stadium in Huntsville, Texas.

By VERN SANFORD  
Texas Press Association

Almost everyone is talking about farm prices.

In Austin before a meeting of 200 Texas Farm Bureau officials, the Indiana Bureau's president predicted a "depression that will make the 'thirties look like a picnic" if present farm policies continue.

At his Gillespie county ranch U. S. Senator Lyndon Johnson said the Republican sliding scale of parity lets "prices slide down and mortgages slide up."

In Houston Secretary of Agriculture Ezra Taft Benson reported in a speech before Texas Citrus and Vegetable Growers. Democrats, he said, left him a "neat package of carefully fused bombs"—falling prices and accumulating surpluses.

Substantial progress has been made, nevertheless, Benson said. Major strategy to help low-income farmers, he promised, is in the offing.

Drought Aid Announced  
Farmers in 22 South Texas

I will not be responsible for any obligations incurred by anyone other than myself.

C. W. George, Jr.  
47-3tp

counties are eligible to buy surplus feed grain at lower prices. President Eisenhower designated the counties as drought disaster areas at the request of Gov. Allan Shivers.

Applications for relief grain will continue until Nov. 15.

### Insurance Overcharges Hit

A Texas Insurance Commission report claiming "millions of dollars" in excess charges collected by a New York automobile insurance company may touch off a nation-wide investigation.

Commr. J. Byron Saunders reported Texas' findings at a zone meeting of insurance commissioners from six states. All indicated they would start inquiries.

Service Fire Insurance Company of New York overcharged, Saunders said, by putting policy holders in a higher rate bracket than necessary. He reported that so far the company had refunded \$89,000 on the policies checked by the commission.

Attorneys for the company said that if there were excess insurance charges, they were offset by an undercharge on financing.

Service Fire Insurance Company handles policies for Universal C. I. T., finance company with which it is affiliated.

### Vaccine Priority Changed

Texas children under five have been added to the priority group for Salk polio vaccine. In other areas eligible.

states only five to nine-year-olds State Health Department officials obtained special approval from federal authorities, as some 44 per cent of paralytic polio in Texas hits tots under five. School Inquiries Set

Legislative subcommittee reports on school squabbles at Houston and Irving are due Oct. 21. Investigations are being made by two-member groups of the house general investigating committee. Rep. Wade F. Spillman, Jr. of McAllen is chairman.

Suspension of a school administrator was the origin of difficulties in each town.

### No Federal Interference

Federal authorities do not intend to interfere with Texas policing of racial problems. Such assurance was sent by an assistant U. S. attorney general to Texas' Attorney General John Ben Shepperd.

A Houston Negro organization had requested U. S. Attorney General Herbert Brownell to investigate the Texas Citizens Council. Shepperd sent a telegram advising that Texas enforcement agencies are able to take care of any Texas situation.

### Water Problems Studied

Inform the people about Texas' water problem and money to solve it will be forthcoming. Max Starcke, manager of the Lower Colorado River Authority, so advised more than 100 experts at a Water for Texas Conference at College Station.

It will be a lengthy, costly proposition, he said.

### Land Buyers Cleared

Honest deals sought under the veterans land program are gradually being cleared. A suspense order, invoked when investigations began, has been moved from 111 accounts. They were "made in good faith," according to Land Commr. J. Earl Rudder.

Another 1,400 accounts, representing a \$3 million investment, still are being checked.

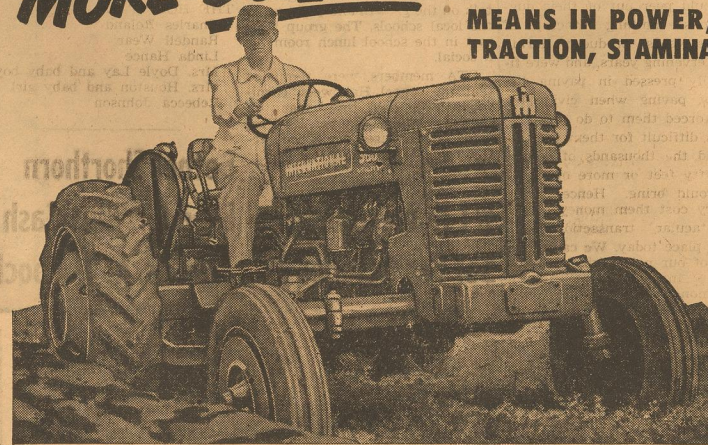

SHORT SNORTS: A. C. Turner, director of rehabilitation for the Texas Prison System, has resigned to become a member of the State Board of Pardons and Paroles. He will serve out the six-year term of the late Lyle C. Harris. . . . Burton C. Hackney of Brownfield will succeed Hubert T. Johnson of Waco on the State Board of Public Welfare. . . . Charles A. Rowe of Houston is the new member of the Texas

Aeronautics Commission . . . A new law prohibits drinking or possession of liquor at "public school" athletic events. That includes the University of Texas football games in the opinion of Austin law enforcement heads . . .

A five-state drive for funds to extend the Boy Scout program in the Southwest opens Oct. 25. H. H. Coffield of Rockdale is chief planner for the county-by-county campaign. . . . Texas' oil allowance for October will be 3,148,459

barrels per day, up 64,772 over September. . . . Two critical issues, segregation and school district organization, will be scrutinized when the Texas Association of School Boards meets in Austin on Oct. 7-8.

# Something NEW Has Been Added To Better Serve You During the Harvest Season

We are installing a Semi-Truck dump in our No. 1 elevator. This house will also have an overhead dump. Your SemiTruck can dump now almost as quickly as a Bob-tail truck, pickup or four wheel trailer. This new dump should be in operation by September 22.

We have purchased the two small elevators south of us, formerly owned by Kimbell Elevators. We are now repairing these two houses, and will dump all white grain there to relieve the rush on our two main elevators during the peak of the harvest.

We will have 1,000,000 bushels of storage room in the local elevators, and the management is happy to have obtained 1,000,000 bushels of terminal storage. We hope to ship new milo as boxcars are available during the harvest.

We have three experienced elevator men and are training one more who will be regularly employed. We have selected these men carefully. They are sober, honest, and hard working men. These men will treat you with the same courtesy in carefully unloading your Semi-truck, truck, pickup or farm trailer.

We have repaired many parts of the four elevators and with some work still to be done, we feel that your elevators will be in top shape for what will perhaps be the largest harvest in our history.

Your Board of Directors, the Manager, the office employees, and the boys working in and around the elevators want to thank you from the bottom of our hearts for your patronage and cooperation. Remember it doesn't cost you anything to patronize your Cooperative—IT PAYS.

## Washington Newsletter

TO THE PEOPLE OF THE 18TH DISTRICT:

Transportation

One of the big battles shaping up in our domestic economy is the one that will be between the several segments of the transportation industry. This is a three-sided problem between the railroads on one side, the motor transportation (trucks and buses) on another side and the water carriers on the third side. The other mode of freight transportation, to wit, the airlines, are not primarily concerned in this fight because they are outside of the competitive field in which the railroads, the trucks and the boats find themselves. Their freight is very costly and does not appear to be in position to cause any trouble in the lower freight rate areas for many, many years. The entire fight will center around rates and regulations, because it is through this particular medium that each segment of the industry feels that it can gain benefits or be subjected to unbearable hardships.

President Eisenhower appointed a Presidential Advisory Committee on Transport Policy and Organization to make a study of the problems and to recommend action thereon. This committee was composed of three members with an additional four persons who were listed as ad hoc participating members. The three member committee was headed by Secretary of Commerce Sinclair Weeks as chairman and the other members

were Charles E. Wilson, Secretary of Defense, and Arthur S. Fleming, Director of the Office of Defense Mobilization. The ad hoc members were George M. Humphrey, Secretary of the Treasury, Arthur E. Summerfield, Postmaster Gen. Ezra Taft Benson, Secretary of Agriculture, and Rowland R. Hughes, Director, Bureau of the Budget. This committee issued a report on Monday, April 18. This report has become highly controversial, and many people in this country are alarmed about it, especially those in the motor freight business. These people feel this report is definitely a pronouncement of administration policy because the members making up the committee are the President's top advisors and are in either Cabinet or semi-Cabinet status. It will be remembered that the report filed by the President's Fuel Committee recommending discontinuance of federal control of the production and gathering of natural gas became highly controversial because of the possible political repercussions. At that time the President took the position that he did not consider that report pronouncement of administration policy, but only the recommendations of an advisory committee which he was not bound to follow. It might be pointed out that the Transport Advisory Committee had members on it who are much closer to the President and who have much more influence on the President than did the members on the Fuel Committee. This is the

thing that is disturbing many of the people in the motor freight industry. They feel that the report is definitely a pronouncement of policy by those who are shaping many of the governmental policies at the present time.

It is a problem that must be worked out by the Congress, and I am happy to say that I have the good fortune of being a member of the Committee on Interstate and Foreign Commerce which has jurisdiction over this particular part of our domestic economy. I am looking forward with great interest to the extended hearings which will be had on the subject and which commenced on September 19th.

### An Involuntary Visitor In D. C.

The genial and able Carson County Agricultural Agent, H. M. "Nick" Nichols, has been recuperating in the Walter Reed Army Hospital. I have had some good visits with Nick, and he is getting along fine and hopes to be back on the job before long. He sends his regards to all of his good friends scattered throughout the Panhandle. He is getting more fan mail than most movie stars, although Nick has never tried to win any beauty contests. He was disturbed about not being able to answer these welcome letters because he had lost his glasses. However, he has now found them and is doing his best to catch up with his correspondence. It is good to have a chance to visit with Nick and be brought up to date with the many agricultural activities that he keeps up with so well.

### Questions and Answers

We all worry about the many international and domestic problems and where we are going to find the answers. There are always so many questions and so few answers. I found out the other day that grown-ups are not the only ones who are plagued with this trouble. On our way back to Washington, we had stopped overnight in a southern town and had gotten up the next morning for an early start. I took the smaller children next door to a small cafe for a bite of breakfast. One of them, between bites of cantaloupe, asked me this question, "Daddy, why do they call it a cantaloupe a cantaloupe?" If anyone has an answer to this, I would be glad to hear from them. Frankly, I had to refer him to his older brothers and sisters who have not yet been willing to listen to him. I don't think they know the answer.

IT'S THE LAW in Texas  
A public service feature of the State Bar of Texas

Misunderstanding of simple driving rules by numerous motorists is one factor which places Texas right at the top in number of traffic deaths. Possibly the most mystifying of all traffic rules to the average driver are those relating to "Right of Way" at an intersection.

In trying to understand the laws regulating intersecting traffic, it is best to start off with the premise that all streets are of equal dignity, legally speaking. Traffic signs and signals may vary this rule somewhat, but when in doubt it is safest to assume that all drivers crossing your path have a claim to the right of way equal to your own.

Obviously, however, in many cases one driver or the other will be legally entitled to the right of way. When it becomes necessary

to determine right of way in a particular situation, the driver who reaches the intersection first, or who is going to get there first, is ordinarily favored.

But when two automobiles are an equal distance from the intersection, that one approaching from the other driver's right normally has the right of way.

Some intersections are known as "courtesy corners," having a stop sign or a flashing red signal facing each direction of approach. The first driver reaching the corner and coming to a complete stop will normally have the right of way over other vehicles not already in the intersection. However, don't depend too much on the other fellow's courtesy, and be sure to keep a "proper lookout" and your car under "proper control," as explained in a previous column.

At intersections involving one through street and another street having a stop sign, a driver approaching the stop sign and coming to a full stop is ordinarily said to have the right of way over vehicles approaching on the through street but not already in the intersection.

However, this last rule must be qualified by saying that you should not proceed, cross or turn onto the through street until you can do so without interfering with oncoming traffic. In other words,

if an approaching car will arrive within the intersection before you are completely clear, wait just a little longer. The same rules apply to entering a highway from a side road containing a stop sign.

Many drivers violate the rules of right of way covering left-hand turns at intersections. When turning left, you should always be on the inside (or center) lane, displaying the proper hand signal. You must allow all cars coming from the opposite direction, already in the intersection, to pass through before completing your turn. Even when the intersection is cleared, do not proceed unless other oncoming traffic is far enough away to be able to see your signal and slow down to allow you to turn with safety to all concerned.

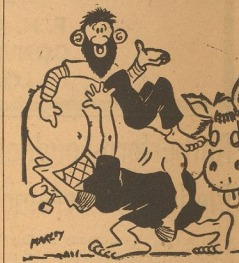

Stay in the inside lane until your left-hand turn is entirely completed, and only then move gradually over to the right-hand lane if you wish. When turning right, stay in the right-hand lane at all times. Do not swing wide into the center lane, as to do so is unnecessary, unlawful and dangerous.

Many detailed rules and suggestions for safe driving are included in the official "Texas Driving Handbook" which is available to any person requesting same from the Texas Department

of Public Safety, Drivers License Division, Austin, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who

knows the facts, because the facts may change the application of the law.)

**Rutherford-Louder Wedding Vows Pledged In Ceremony At Earth**

In a church ceremony at Earth Saturday evening, Miss Roxie Jean Rutherford, daughter of Mr. and Mrs. Wayne Rutherford of Earth, and Dwayne Louder, son of Mr. and Mrs. Alton Louder, of Rt. 1, Dimmitt, were united in marriage.

The Earth First Baptist Church, scene of the wedding, was decorated with an arch of greenery centered with an open Bible and flanked by baskets of white carnations. Mrs. Lou Wilson, organist, accompanied Mrs. Milburn Haydon as she sang, "Because" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a princess-style dress of white Italian velveteen designed with a high neckline and three-quarter length sleeves. She wore a white headed velveteen hat and carried an orchid surrounded by stephanotis.

Richard McCaskill served as best man and ushers were Gale Sadler of Lubbock, cousin of the bridegroom; Douglas Louder of Dimmitt, brother of the bridegroom; Loyd Ray Goodwin of

**Texas Help For Tampico Scored**

DALLAS, Tex., Sept 29—The hurricane which struck Tampico, Mexico, with such killing force last week, leaving hundreds dead and wrecking thousands of homes, also completely destroyed the Salvation Army building in that city, according to word received at Texas headquarters. However, in spite of the lack of a center from which to operate, Salvation Army officers were on the job from the beginning, giving whatever emergency disaster relief was possible.

Lt. Col. John A. Morrison, Texas divisional commander, states that funds are needed immediately to help our neighbor south of the border. He says, "The work of the Salvation Army in this disaster will be limited only by the funds available." Those desiring to contribute to this fund may send their contributions to Lt. Col. John A. Morrison, The Salvation Army, 500 North Ervay, Dallas, Texas, and they will be forwarded immediately to Mexico for use there.

**Sen. Johnson to Make Broadcast Soon**

WACO —(Spl)— Senator Lyndon B. Johnson Saturday will make his first state-wide radio address since he was stricken by a heart attack in early July. His transcribed message will be broadcast this weekend by the 109-station "Farm Bureau Round-up" network.

Although still recuperating at his ranch home at Johnson City, Senator Johnson consented to make a recording to be played on the Texas Farm Bureau's public service radio program. The senator's remarks are expected to be directed mainly to the farmers and ranchers of Texas. Next week the state farm organization will kick-off a statewide membership drive and the radio program is devoted to "Texas Farm Bureau Organization Week"—October 3-8.

**Castro Dairy Animals Are Listed By DHIA**

Lubbock and Doyle Wooly, both cousins of the bride. Faynell Clark of Lubbock, cousin of the bride, was flower girl and Mickey Montgomery, cousin of the bride was ring bearer.

At a reception which followed, the bridal table featured attendant's bouquets and a wedding cake. Mrs. Lexie Branscum of Farwell, Misses Lou Lewis of Lubbock, Charlene Hamilton, Janis Jones, Janell Williams and Sherry Stire assisted with hospitalities.

For a wedding trip to Colorado, the bride chose a beige knit suit with black accessories and an orchid corsage. The couple will be at home near Springlake where the bridegroom is engaged in farming.

The bride and bridegroom are both graduates of Springlake High School.

Four Castro county dairymen have milk cows listed in the August Dairy Herd Improvement Association summary on milk and butterfat production. They are Frank Huseman, Leo Witkowski, M. L. Simpson, Jr. and Harry Rothwell. Animals owned by Huseman, Simpson and Witkowski were listed under the 50 to 60 percent butterfat production class while Rothwell, Huseman and Simpson have animals in the 40 to 50 percent butterfat class.

Mrs. Pearl Sheffy is visiting her brother and family, Mr. and Mrs. P. D. Miller, in New Mexico.

**FOOD STORES**

OUR TAPE CUTTING CEREMONY—On Tuesday night, Sept. 20, we cut the tape across our front door and admitted more than 3,000 people during Open House. This act opened a new era for the Cashway Food Store in Dimmitt and exemplifies our faith in the continued prosperity of Castro County and the continued patronage of our customers. Cutting the tape is Mrs. C. W. Walker. From left to right we are: Joy Walker, T. R. White, Mrs. C. W. Walker, C. W. Walker, Mrs. T. R. White.

Dear Readers:

When we open our doors Friday we will mark the beginning of our biggest sale in Dimmitt. We ordered a lot of groceries, produce, meats and frozen foods when we moved into our new building and the low, low prices we've set on these items mean tremendous food savings for you. Our new building is ready, our stocks are ready, and we're ready and willing to serve you. Come on down Friday and Saturday—you may win a prize (or several prizes for that matter) and the savings will astound you.

Mr. and Mrs. C. W. Walker

UPWARDS OF 3,000 PERSONS jammed the new Cash Way Grocery here last week when the store observed open house. Here are just a few of the many visitors inspecting facilities and merchandise. The ribbon cutting ceremony dedicating the new

building attracted persons throughout the area and from adjoining counties. The \$50,000 structure is one of the largest and most up to date stores in the High Plains area. The store will have its opening sale Friday and Saturday.

## THE TATLER

On Monday morning, Sept. 19, a representative of the Henington Studios took individual pictures for the annual.

**RIBBONS! RIBBONS! RIBBONS!** The Nazareth 4-H members had many exhibits at the County Fair in Dimmitt and at the Tri-State Fair in Amarillo. We are proud to announce the following winners:

Gerald Braddock, Grade 2—Grand Champion Banner and two blue ribbons at Dimmitt and two blue ribbons at Amarillo, on his Brown Swiss cows.

Virginia Huseman, Grade 7—Baking, two blue, two white and one pink ribbons.

Ronald Braddock won fifth place on his Chester White Gilt at Dimmitt.

Jerry Lange's Holstein heifers placed first and second at Dimmitt.

Robert Schacher took second place in Dimmitt with his Brown Swiss calf.

Eighth Grader Louis Acker won fifth in Amarillo on his Chester White Gilt, and third in Dimmitt.

Ralph Brockman placed fourth in Dimmitt with his Poland China

Gilt. Marilyn Braddock, Eighth Grader, won first and Grand Champion in Dimmitt and two first and a second at the Tri-State Fair with her Brown Swiss cows. In the Senior 4-H Club, Fred Acker's Chester White barrow won blue ribbon and Grand Champion Banner, while his gilt of the same breed took a blue ribbon at Dimmitt and a red one at Amarillo.

George Huseman also took first and Grand Champion in Dimmitt on his Chester White barrow, and won a pink ribbon at Amarillo. Joe Ed Pohlmeier's Chester White Barrow was awarded fifth place at Dimmitt.

Garden products brought in 5 ribbons for Joe Drerup. His cucumbers, okras and red beets won blue ribbons; his okra took a red ribbon and his cantaloupes, a pink ribbon.

Mary Ann Huseman received blue ribbons for frozen green beans and cherries, embroidered pillow slips and for one dress. She received four second places—one for frozen corn, one for a cake, one for cookies and one for a dress. Her skirt and blouse

each took second place and her three pink ribbons were awarded on pumpkins, onions and biscuits. In addition to all these ribbons, Mary Ann was awarded the honor of Reserve Champion of the 4-H Girls of Castro county. The Nazareth Fair Booth won sixth place.

**4-H MEETINGS HELD**

The four Nazareth 4-H clubs held meetings on Friday, Sept. 3. Jack Acker opened the meeting for the Senior boys club. Joe Ed Pohlmeier was elected president while Denis Hoelting was chosen vice-president. Edwin Huseman is secretary, Dan Schmucker, reporter and George Huseman, Council delegate. Mr. Sims explained to us the purpose of the Council delegate and the necessity of choosing one active in attending the meetings.

The Senior Girls' meeting was called to order by Mary Ann Huseman, last year's president. After opening exercises new officers were elected. Mary Ann Huseman and Odetta Ball were re-elected president and secretary. Eileen Schulte was chosen vice-president and Linda Hindman was named reporter. Recreation leader and song leader are Carolyn Huseman and Regina Gerber. Mrs. Stringer spoke a few words about

4-H Day at the Tri-State Fair at Amarillo.

Mary Ruth Bachus was elected president for the Junior Girls' Club. The following girls were chosen to assist her. Vice-president—Clara Schacher; Secretary—Charlotte Schumacher; Reporter—Rita Sue Witkowski; Song leader—Colette Conrad; Recreation Leader—Diana Hoelting.

Leroy Hoelting was chosen president of the Junior Boys' Club.

Vice-president is Eugene Gerber and secretary, Ralph Albracht. Sam Burt was elected reporter.

**LEAF PRINTS**

The pupils of the third and fourth grades have been enjoying the thrilling experience of making leaf prints with crayolas. The prints were used for room decoration. They also learned to make little Japanese baskets, a paper folding project.

**BASKETBALL**

The Swifts, under the supervision of Mr. Charles Schupack, elected Dan Schmucker as captain and Jack Acker, co-captain. Sister Florence, who is beginning her fifth year as their coach, directed the Swifties in their election of officers. Regina Gerber is captain and Carolyn Huseman, co-captain. Both teams have started their workouts in preparation for the coming season.

## Oats Gain Favor As Texas Forage Crop

COLLEGE STATION, Sept. 29—The vital estimated acreage of small grains planted in Texas in 1955 for forage alone exceeded one million acres and oats made up 844,050 acres of the total. Dr. I. M. Atkins, agronomist in charge of small grains for the Texas Agricultural Experiment Station, says the figures on small grain plantings for forage purposes were obtained in a survey made through the county agents of Texas.

The survey showed that a total of 3,393,555 acres of oats were grown in 1955 which Atkins points out is more than twice the 1943-52 average of 1,229,000 acres. He says the cut in wheat and cotton acreages and the introduction of new varieties through the Station's small grain breeding programs have been factors in the increase. Several of the newer varieties have been bred for forage production.

Atkins says the increase in total acreage of oats has brought Texas into fifth place nationally. A closer look at the oat acreage reveals that out of the total acreage of more than 3.3 million, 790,750 acres were planted for grain alone; 1,738,755 acres for grain and forage and 844,050 acres for forage alone.

The heaviest acreage of oats is planted in the Blacklands and in the adjacent areas. Extension District four (Denton district) leads in the acreage of oats planted for grain; District 8 (Central Texas) leads in acreage planted for both grain and forage while District 10 (South Central district) tops the state in the acreage for forage alone.

All types of livestock thrive on oat pastures, says Atkins and dairy as well as beef cattle producers have found by experience that oats alone or in combination with a legume can give them one of the best of all winter temporary pastures.

Atkins suggests to those who may be interested in planting oats this fall or next spring a visit with the local county agent. He has information on the varieties best adapted to the area as well as on fertilization and cultural methods.

Texas ranks third among the 48 states in the use of water by industry.

The new CASHWAY GROCERY BUILDING was built with faith in Castro County and its continued prosperity

Mr. and Mrs. Wimpy Walker and their Cashway Grocery Store are now located in one of the finest buildings in the Panhandle. It was our pleasure to have it constructed for them. It is our hope that our leasees, Mr. and Mrs. Walker, will continue to enjoy as good or better patronage in their new store as in the past.

# G. L. WILLIS

Owner of the New Cashway Grocery Building

# Congratulations

To Mr. and Mrs. C. W. Walker

and their

## CASH WAY GROCERY

### Staff

Every new private investment like the Cashway Grocery Store Building just completed in North Dimmitt, means one step farther in the development of this city. It was with faith in the future that Mr. G. L. Willis constructed the building for the store and the same faith prompted the leasees, Mr. and Mrs. Wimpy Walker to expand their stock and move from their old building to the new.

Progress has long been analogous with Dimmitt merchants and their untiring efforts have been geared to making Dimmitt and Castro County a better place to live. The efforts of Mr. and Mrs. Walker and Mr. Willis are an exemplification of this spirit.

The new Cashway Grocery Store is one of the finest to be found anywhere. It is a good addition to the city. To Mr. and Mrs. Walker and their staff of fourteen we say Congratulations for a job well done.

## FRIO NEWS

Several of the people of the Frio community attended the Tri-State Fair at Amarillo last week. Mr. and Mrs. James Dobbs moved Wednesday and Thursday into a house owned by Henry Andrews which is located just north of the Frio Draw on the 25 Mile Avenue. Monday night, Mr. and Mrs. Floyd Cole, Mr. and Mrs. Frank Robins, Mr. and Mrs. Glen Roberts, Mr. and Mrs. Henry Dobbs, Mr. and Mrs. E. H. Little, and T. L. Sparkman helped to paper the house. Mr. and Mrs. Leonard Schmidt moved into the house vacated by the Dobbses. Jana, Bill, and Cheryl Cole spent Monday night with Mr. and Mrs. Darwin Miller of Hereford. Carol, Stevie and Jeanie Robins visited Monday evening with their grandparents, the H. D. Robins, of Hereford. Glen Andrews and George Zetsche were in Plainview and Floydada Saturday on business. Mrs. H. M. Mobley, Austin Mobley, and Mr. and Mrs. Dar-

win Miller attended the Hale Center-Dimmitt football game Friday night in which Hale Center won 34 to 0. Mrs. Mobley's daughter and her husband of Seminole also attended the game as Don Mobley is on the Dimmitt team.

Mr. and Mrs. David Yandell of Tahoka and Mr. and Mrs. Olin Parris were vacationing and visiting relatives in Sherman, Durant, Okla. and Ardmore, Okla. from Sunday until Wednesday of last week.

Mr. and Mrs. Leonard Schmidt, Alton Brook of Oklahoma City, and Mr. and Mrs. Clyde Brock and family of Corpus Christi were Sunday dinner guests in the Arthur Brock home in Hereford. Alton and Clyde Brock are brothers of Mrs. Leonard Schmidt.

Mrs. Henry Dobbs, Mrs. James Dobbs and Mrs. Owen Andrews attended the Baptist Association Meeting at the First Church in Canyon last Tuesday. Rev. and Mrs. B. H. Baldwin attended the meeting Tuesday night and also visited with their daughter, Olga, at Cousins Hall.

Mr. and Mrs. James Dobbs, and Mr. and Mrs. Herb Schmidt and boys visited with Darryl McLallen and U. L. Leslie, a former resident of the Frio community, at Northwest Texas Hospital in Amarillo Sunday.

Rocky Andrews, son of the Clark Andrews, has been quite ill with an ear and throat infection but was much improved at the first of the week.

Mrs. Leonard Buttrill returned to her home Thursday from the Clovis Memorial Hospital. She is recuperating nicely from her recent operation.

Mr. and Mrs. T. L. Sparkman Sr. and Mr. and Mrs. F. J. Springer of Kress returned Friday from an eighteen day trip to California. They visited with an aunt and family, Mrs. Jennie Buchanan and Mr. and Mrs. Cleo Buchanan and children in Manteca, Calif. Also they visited with Mr. and Mrs.

## Value Of Fall And Winter Pastures Is Demonstrated

COLLEGE STATION, Sept. 29 —Records kept last year by 21 dairymen in an eight county area in East Texas show the value of winter pastures—vetch and oats—for increasing milk production and cutting feed costs.

The on-the-farm research work was directed by A. C. Magee and B. H. Stone of the Texas Agricultural Experiment Station.

The research men in the study compared the relative value of early and usual planting dates for the oat and vetch pastures. Four of the 21 farmers planted early, between September 15-22, while the other 17 cooperators seeded their pastures in late October or early November, the usual date of planting in the area.

Based on 1954 prices the average cost for seeding the 990 acres was \$16.18 an acre. Seed costs amounted to \$4.48, fertilizer \$7.70 and labor and tractor costs \$4.00 an acre.

From the early planted pastures an extra 570 pounds of milk was produced with a value of \$28.60 while 2,145 pounds of hay was saved and this was valued at \$26.81. A total of \$55.31 for each of the early planted acres. Subtract the cost, \$16.18 and a net return of \$39.13 was produced by each acre.

The pastures planted on the usual date produced an extra 320 pounds of milk with a value of \$16.00 and saved the dairyman 1,200 pounds of hay valued at \$15.00 for a total of \$31.00 an acre. The net return was \$14.82 an acre.

Both the early and usual planted pastures paid good profits to the dairymen, but the early pastures furnished 143 days of grazing against only 80 days for those planted at the usual time. The net return for the early planted pastures was almost three times greater.

Dairymen are advised to check with their local county agent for suggestions covering winter pastures for their dairy herd.

Lester Irwin and children, Mr. and Mrs. Don Cox and daughter, and Mr. and Mrs. Wiley Littrell of Orange, Calif., and the L. D. Irwins, Calif., all former residents of this community.

Visitors in the Billy Gene Cotton home Saturday night were his folks and family, the W. G. Whites of Roswell, N. M. His sister and family, the Carlton Bucks, visited with them on Sunday.

Mr. and Mrs. Elbert Summers and family took dinner Sunday in the W. A. Springer home.

## Hints On Fall Care Of Lawn Offered

COLLEGE STATION, Sept. 29 —Lawn grasses will remain green longer in the fall and grow off earlier next spring if given an application of a complete fertilizer at least 30 days before the first expected hard freeze.

Too, E. M. Trew, extension agronomist, says when the lawn grasses go into the winter in a healthy, vigorous condition, winter weeds have less chance to grow and are less of a problem.

If the fertilizer application is made too late, Trew points out that some grass may be lost from a hard freeze and also that the fertilizer cannot be fully utilized by the grass before it goes dormant.

The specialist recommends a fertilizer of the 2-1-1 or 1-1-1 ratio. Application should be made at a rate to supply two pounds of actual nitrogen per 1,000 square feet of lawn. This amount of nitrogen would be supplied by 20 pounds of 10-5-5 or 10-10-10 or 25 pounds of 8-8-8. He adds that some soils do not need potash but since the cost is small, it is good insurance and may give excellent results.

Trew recommends dividing the fertilizer, that is, apply half then spread the remainder at right angles to the first application. This, he says, will help insure even distribution.

Give the lawn a good soaking after the fertilizer has been applied. The grass can't use the plant food without moisture. Soak the soil to a depth of at least six inches or better until the moisture meets. If the soil is wet when the fertilizer is applied, wash it off the grass onto the soil.

Bermuda lawns are sometimes overseeded with ryegrass to keep the lawn green during the winter but Trew says unless the ryegrass is kept closely clipped, it competes with Bermuda for light, moisture and plant food in the spring. Italian or annual ryegrass should be used if overseeding is practiced for these plants die in the spring. Finally, Trew says, give the lawn good care now and enjoy its beauty next spring.

Mr. and Mrs. Bill Houghtaling and Larry of Boys Ranch visited Saturday in the home of Mr. and Mrs. A. A. Dodd.

Mr. and Mrs. A. A. Dodd and Mrs. Elmer Dixon attended funeral services for Mr. Richmond Sprawls at Tulla Saturday.

Mr. and Mrs. Bill Graham, Mrs. Nettie Graham and Mrs. L. A. Womack are visiting at Marlin this week.

General Contractors

Ever so often we get a special satisfaction out of constructing a building—this is one of those times. The new Cashway Grocery Building is modern, complete, and made to endure. The craftsmanship that went into this building was the finest available. We congratulate Mr. and Mrs. Wimpy Walker, leasees of the building for their grocery and Mr. G. L. Willis, owner, for having one of the finest buildings of its size anywhere on the High Plains. We were happy to have been selected as contractors for the structure.

NUMBER 3

### Keep On Living

Walk across the street when the light is green. Stand up on a school bus. Walk around behind school buses. Drive fast in a school zone. Slow down when the sign says stop.

These are a few ways to die young. In this modern age in which we are living there are a few rules we have to abide by if we want to live to a ripe old age. Many accidents are caused by the pedestrians. Although the driver of the motor vehicle is blamed. If the pedestrian walks across the street against a red light and a car hits him, the driver of the car is responsible. A pedestrian who steps off the curb to wait for the light to change is likely to be hit by a passing car. One should remain on the side walk until the light has completely changed.

We have been very fortunate here in Dimmitt and have had no fatal accidents. If we want to keep our record that way, it is going to take the cooperation of everyone, especially the students from school. Many high school students drive and we should be very careful when driving near the school. We should always be watching for small children coming from behind a bus or stepping from between parked cars. We should be going slow enough to stop if someone should step in front of us.

One of traffic's major irritations is to drive downtown, park along the curb, and attend your business; then to return to your car and find it all jammed between two cars like this.

### Teachers In Review

The Bobcat Tales is proud to welcome our new teachers. The first two teachers we will introduce this week are Mr. and Mrs. George Muse. They came all the way from Conway, Arkansas where they graduated from Conway High School, and attended college there. Mrs. Muse graduated from Arkansas State Teachers College in Conway, where she received her BSE degree. Mr. Muse graduated from Hendrix College in Conway and received his BA degree.

They have one daughter, Rebecca. She was 16 months old Monday, September 26. Both of them enjoy fishing and their favorite sport is football. Mr. Muse also enjoys playing golf. Mrs. Muse teaches English I and Algebra I. Mr. Muse teaches Typing I and Bookkeeping.

### From The Mailbox

Ten Commandments for upper classmen:

1. Thou shalt not vamp seniors; they are trying to graduate.
2. Thou shalt not misbehave in the halls. Save it for the classrooms.
3. Thou shalt not pass notes; they might be intercepted.
4. Thou shalt not throw chalk; use thy books.
5. Thou shalt not walk in the hall before school starts; it is safer to run.
6. Thou shalt not covet the seniors privileges; something has to give dignity.
7. Thou shalt not snore in study hall; thou mightest disturb the slumber of others.
8. Thou shalt not borrow thy neighbor's information; thy books are often more correct.
9. Thou shalt not park thy gum on the desk; use thine ear.
10. Thou shalt not scan the journalist; if thou thinkest it is easy to write; try it.

### Keith Lowe's Ideal Girl

### D. H. S. Dates

September 29—7th and 8th grade football game with Tulia here.  
September 29—B team at Hale Center  
September 30—Bobcats vs Abernathy there  
October 3—Rainbows  
Oct. 6—B team at Tulia  
Oct. 8—Senior Bake Sale  
Oct. 10—Rainbows  
Oct. 11—Grade school football game with Hereford there  
Oct. 13—B team vs Hereford here  
Oct. 14—Bobcats vs Sudan here  
End of first six weeks.

### New Students Welcome To D. H. S.

Last week D. H. S. welcomed three new students. The senior class received two of these new members. They are James Hennamen from Okee, Oklahoma, and J. W. Putman from O'Donnell. This makes a total of 52 students in the senior class. The sophomore class received the other member, Pretiss Putman from O'Donnell. The sophomore class now has 69 members.

### Ann Gollehon's Ideal Boy

Most Handsome—Jim Tate

### Seniors Flash Rings

Perhaps you have noticed that the seniors always have their hands visible. That is because they are wearing their new rings. The seniors are very proud of their rings and everyone seems to be very well pleased with them. The rings were received on May 23, 1955.

Municipal water demands are increasing at the rate of 4 1/2 percent each year, the Texas Water Conservation Association says.

### New Seats Added To Auditorium

Dimmitt High School now has 677 seats in the auditorium. The balcony, which until now has been empty, has 226 installed. There are 451 seats on the ground floor and the high school students nearly fill them. In the past at such programs as P. T. A. and Commencements the auditorium has been more than filled.

### Senior Boy Of The Week

Mr. and Mrs. A. L. Wilcox were the fortunate parents of a bouncing baby boy on May 3, 1955. Joe Lee is a member of the annual staff, Bobcat Tales staff, and Vocational Agriculture. Some of Joe Lee's favorites are:  
Food—Shrimp  
Color—Baby blue  
Actor—Kirk Douglas  
Actress—Grace Kelly  
Subject—Dramatics  
Teacher—Mr. Bates  
Pasttime—Rating around

### D. H. S. Director Is T. M. E. A. Chairman

Ralph Smith, band director in Dimmitt's schools, was elected Regional Chairman of the Texas Music Educators Association on September 4.

Smith along with William E. Tregoe, Pampa, and Bob Irby, also of Pampa will be on the board of directors for this region at the T. M. E. A. meeting in Dallas February 7-11.

The T. M. E. A. is made up of all band directors and choir directors of the state. T. M. E. A. is constantly trying to improve high school music.

### Cats Bow To Hale Center 34-0

The D. H. S. Bobcats fell under one of the strongest Class A teams of the area last Friday night to lose to the Hale Center Owls 34 to 0. This was not a Conference game.

Dimmitt will take on Abernathy

next Friday night there. Last Friday night Abernathy beat Sundown 27 to 0. Hale Center and Sundown tied the previous week; so it appears as the Bobcats have quite a job cut out for them.
