

What's New In November For Everyday As Well As Holidays

November brings to turkey, cranberries, and to pumpkin pie and golden. Most people like to have these foods in the Thanksgiving season. The turkey and the cranberry have become winter-rounder foods, rather than just feast day foods. They are so much with us that it's fun to try variations on the theme.

Have you ever served cranberries and bananas together, as a new combination? Cranberries, as red and ripe, so tart and tangy, find a perfect companion in melon, sweet bananas. Put this very good idea to work in a relish made by just adding diced, ripe bananas to cold cranberry sauce, fresh or canned. This relish is a wonderful flavor accompaniment to turkey, chicken or ham.

Holiday Sundaes
Has New Topper
You can make a festive sundae in the November mood by merely topping vanilla ice cream with fresh or canned whole cranberry sauce, then arranging banana slices around the sides of the ice cream. For dainty, "crinkly-edged rounds", flute the bananas by running the prongs of a fork lengthwise down a peeled, ripe banana, then slice crosswise. A softful topping, this makes a sundae with contrast in color as well as in flavor.

Bananas can flank turkey, too, in interesting variations. It's new from the tropics to add diced, slightly green-tipped or all-yellow bananas to your favorite bread stuffing for turkey. Use about 1 1/2 cups finely diced bananas (2 to 3 bananas) for each quart of bread cubes, and collect compliments for the unusually delicate, but characteristic banana flavor of your stuffing.

Turkey salad is bound to be popular, what with the big birds gracing our tables. Want something new that takes no longer to make than your usual salad? Turkey Salad Tropical is easy and so different. Just dice leftover, cooked turkey, and add diced canned pineapple, and juicy ripe sliced bananas. Perk up the salad with mayonnaise or French Dressing and a dash of salt, mustard, and sweet, chopped pickle.

As a final flavor team for November foods, try Bananas Baked with Cranberries, a delicious accompaniment to serve with poultry, ham, or other meats.

Bananas Baked With Cranberries
4 firm bananas
1 1/2 tablespoons melted butter or margarine
Salt

1/2 cup whole cranberry sauce, fresh or canned.
*Use slightly green-tipped or all-yellow bananas.
Peel bananas. Place into well-greased baking dish. Brush with butter or margarine and sprinkle lightly with salt. Spread cranberry sauce over bananas. Bake in a moderate oven (375 degrees F.) 15 to 18 minutes, or until bananas are tender. . . easily pierced with a fork. Serve hot as a vegetable, with turkey, chicken or ham. Makes 4 servings.

Suggestion: In place of whole cranberry sauce, 1/2 cup canned jellied cranberry sauce, mashed and beaten into spreading consistency with 1/4 cup cold water may be used.

A Luggage Gift Will Please Him

Looking for a truly masculine gift which that special guy would be proud to receive and use? Because all men instinctively appreciate fine accessories, chances are that a handsome set of luggage will fill the bill—whether he travels frequently or just once in a while. Good luggage will also add to his prestige, and help keep clothing wrinkle-free when he must look his very best. Moreover, having his own suitcases will mean no more borrowing of luggage for emergency trips.

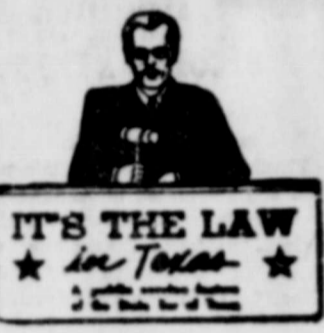

According to luggage retailers, the luggage pieces most wanted by men include a "suiter bag and matching companion case. Usually these are either suntan or ginger in color, but there are many other styles, coverings and colors for the less conservative traveler to choose from. In fact, subdued plaids, small houndstooth check and gingham in blue, grey and even red are gaining in popularity.

The "suiter bag is generally what retailers describe as "soft side," which means that the leather or other covering is drawn over a metal frame rather than a solid box. "Hard side" means just that—often with a tray for suits inside of hangers which fasten to the body of the case. Companion cases (to use on a weekend or for accessories) on a long trip) a smaller version of the "suiter bag with no interior hardware.

When you buy, remember that luggage should be selected to give the receiver every convenience; although a two-suiter bag is the most popular size, for instance, one, three and four-suiter bags are available. Check for sturdy handles, even stitching, carefully fitted linings and evenly coated hardware. If the luggage is to receive extra hard use, bear in mind that sturdiness may be preferable to lightness in weight, because a good investment in luggage that can "take it" will mean fewer replacements.

Witnesses To Convene Soon In San Angelo
Ranger, Eastland and Cisco will be represented by a delegation of about ten persons at the Circuit Assembly of Jehovah's witnesses, Municipal Auditorium, San Angelo. Mrs. Zettye Parrack, presiding minister here, and head of the delegation, announced today that the group will travel by car, to join more than 1,000 other witnesses of Jehovah in their 3-day assembly opening Nov. 26.

Mrs. Parrack pointed out that Jehovah's witnesses are coming from several cities to participate in one of the semi-annual assemblies. Delegations from Ft. Worth, Abilene, and other cities and towns are already making plans to attend.

Government of Law Is American Tradition

What is a "Government of law"? Most of us run across this phrase from time to time, but few stop to think what it means. It has a special significance and is extremely important to each of us as an American citizen.

The implications of the term are broad, but its basic definition is simple: Because legal controversies must be tried and determined in our courts on established and recognized public standards of right and wrong, we call our government a government of law—as distinguished from a government of men.

If judges and juries were not bound by law and precedents—if in each lawsuit, the judge or juror could set up a private standard of rights and duties in matters not covered by constitution and statute—Judges have access to these

statements of the law and which apply to the situation involved in any lawsuit. So that justice may be done according to the law, it is imperative that the jurors in each case accept the law as the judge gives it to them. They are therefore required to base their verdict on his instructions as to the law, rather than on their own notions of what the law is, or ought to be.

For somewhat similar reasons there are rules governing the way a case is to be tried in court. These rules prescribe what must be stated in the pleadings, in what order evidence must be presented, what evidence is proper, what form questions must take, in what order lawyers are permitted to argue, what is permissible and what is not permissible argument.

If it were not for these rules no one could foresee what would happen during a lawsuit. It would be impossible to prepare properly for the trial. No one would know, until the judge had ruled, what he would be permitted to say or do, or in what order. Such a situation would inevitably result in confusion and injustice.

The whole purpose of laws and rules is to insure equal justice by providing a single standard of rights and duties, applicable to all persons similarly situated. This is what we should remember when we hear or read the phrase, "Government of Law".

(This column, based on Texas and Federal law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

SOCIETY

Royal Neighbors To Take Part In Shipman Funeral

The Royal Neighbors of America met at 7:30 p.m. Monday, Nov. 22 with Oracle May Smith presiding. Routine business was transacted and sick reports given. The charter was draped for Mrs. Bertie Shipman who passed away Sunday night and for Mrs. Frances L. Torkelson, Supreme Oracle, of Rock Island, Ill., who was killed recently in a car wreck. Plans were completed for the Christmas supper for members and their families on Dec. 20. The penny prize was furnished by Annie Mills and won by Eary Wallace.

All members are asked to meet at 2 p.m. Thursday afternoon to take part in funeral services for Mrs. Shipman at the First Baptist Church. Present were: Meses Smith, Leona Arterburn, Laura Todd, Viola Law, Maudie Ellis, May Weaver, Lena McDonough, Annie Mills, Montes Warren, Della Rushing, Opal Kelly, Brown, Annie Harper Clara Dupree, Lillie Anderson, Lee Graham, Eary Wallace, Ietta Smith, Edna Huffman and Laura Melton.

"C" ISN'T FOR "CHERRY"—It's for vitamin C, and juice of the cherry-like Acerola berries which fill these tubs on a plantation at Sahana Seca, Puerto Rico, is said to yield as much as 80 times more Vitamin C than an equal quantity of orange juice. The once-wild shrubs which produce the berries are now being cultivated for their health-rich harvest.

We Like To Talk About Abstracts—

... because making abstracts has been our job for many years. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have put their life's savings into a home to find out later they have no title. But most title problems are simple and the abstract helps to make them simple. So before buying real estate better talk to us about the title.

Rhee, Kagawa, And Schweitzer Welcome Friendship Food Grants

You won't find any turkey in Madras or Mindanao, but their Thanksgiving is as real this year as any celebrated in America.

Korea's President Syngman Rhee gives "profound thanks for the gifts of \$5000 in Friendship Food", providing a quarter-million "meals", in a letter just received at the Los Angeles headquarters of the Meals for Millions Foundation. Albert Schweitzer, Nobel Prize-winning medical missionary of Lambarene, West Africa sends "grateful thanks" for the Foundation's offer of 5,000 pounds of its Multi-Purpose Food for use in

his hospital, Japan's renowned Christian leader, Dr. Toyohiko Kagawa, voiced his thanks during a recent visit to Meals for Millions offices for a 30,000 pound grant of Friendship Food to be used in religious and governmental relief programs. Officials of India and the Philippines are also grateful for food shipments on behalf of victims of typhoons, hurricanes and floods.

Through their leaders, countless men, women and children around the world, who know no holiday from hunger, are thanking the many Americans who are sharing with them their harvest of plenty. The fact that millions live under the terror of starvation is not always news. But what is being done about it is news. 27 million "3c meals" have been sent to famine areas by concerned Americans during the last 8 years. Three cents buys 2 ounces of Multi-Purpose Food, called a "meal" because it provides one-third of a day's protein, mineral and vitamin requirements (except Vitamin C). This "miracle food" was developed from soybean grits by Dr. Henry Borscock of the California Institute of Technology. MPF is distributed through some 72 relief and religious agencies in which most donations are represented.

BETTI'S BUDGET of HELPFUL HINTS

For some special occasion serve peaches and honey this way: Bake your favorite pastry shell and fill with freshly sliced peaches. Over the top of the peaches sprinkle one tablespoon of quick cooking tapioca. Then over this pour 1-2 cup of honey. Cover the top with decorative strips of pastry and

bake in a hot oven 425 degrees F. for ten minutes, then in a moderate oven 350 degrees F. for about 30 minutes. Serve with whipped cream, and my, is it good!

You can make your life easier this hectic Christmas season if you decide to give fragrance gifts to all on the feminine side of your list. Beauty preparations and fragrance make glamorous presents and need not cost much.

After the gala Thanksgiving dinner, nobody expects to eat a morsel of food for a week; but comes supper time, the family clamors for something light. How about a tossed green salad with blue cheese

dressing, coffee and a light sponge cake. Either home-made or store bought sponge cake becomes something special when topped with marshmallow, over which is sprinkled a layer of shredded coconut, then run under the broiler flame just long enough to toast the coconut a delicate brown.

Here's a tip for shelling nuts for holiday puddings and goodies. Soak the whole nuts overnight in salt water. The next morning the shells will crack easily and the kernels come out whole instead of in broken pieces. In addition, the nut flavor will be accentuated by the salt. You can save drawer space in

your kitchen by storing such articles as rolling pins on two broom clips inside the door of your kitchen cabinet. Measure the rolling pin before screwing on the clips and place them above the shelves so the doors will easily close.

Burned food or food that sticks to the pan needn't worry you any more... just soak your cooking utensils in warm water to which a teaspoon of soda detergent has been added. The soda loosens immediately and your utensils sparkle again.

New Chemical Being Tested On Bollworm

COLLEGE STATION—A possible powerful new tool against the pink bollworm is being tested by entomologists at Texas A&M College.

The new chemical is an organic phosphorus compound whose exact chemical description has not yet been released by the makers.

Seven test applications of the chemical were made in comparison with DDT during September and early October. Average tabulations of damaged bolls and worms found were:

Check plots with no treatment, 31.1 injured bolls and 50.9 worms; DDT plots at treatment rate of 1 1/2 pounds of active ingredient per acre, 20.5 injured bolls and 31.7 worms; DDT plots at a three-pound rate, 23.8 bolls and 32.8 worms; and the new chemical, 5.16 damaged bolls and 6.2 worms.

This work was conducted by J. R. Brazzel, graduate assistant, and Dr. D. F. Martin, professor of entomology under auspices of the Texas Agricultural Experiment Station.

A special progress report (not numbered) has been published by the Texas A & M Agricultural Information Office at College Station.

According to Dr. J. C. Gaines, head of the Department of Entomology at the college, organic phosphorus compounds are absorbed through the insect's skin or protective covering on contact, and attack the nervous system. They destroy the insect's coordination so that it dies in convulsions within a short time after exposure.

Do A Little Figuring On Meat In The Freezer—How To Save

COLLEGE STATION — Stop and do a little figuring on the cost of meat for the home freezer. It is often the most important item stored from the standpoint of cost and storage space. Can money be saved by buying a whole, half or quarter of an animal instead of retail cuts?

If the amount paid for meat bought in quantity is less than the total of retail prices, Mae Bell Smith, extension specialist in consumer education, says some savings may be made. She points out that storing meat in a freezer costs from 6 to 12 cents a pound provided the box is used regularly. To make quantity purchases economical, the savings would have to exceed the cost of the meat and those for storage.

Since beef is in plentiful supply, the specialist used a hindquarter of U. S. Choice grade beef for the figuring job. The cuts from a 170 pound hind quarter will provide about 21 pounds of porterhouse steak; 27 pounds of sirloin steak or roast; 2 pounds flank steak; 38 pounds of round steak or roast; 8 pounds of rump steak or roast; 40 pounds of ground beef or stew meat and 34 pounds of bone and fat.

If the hindquarter costs about 65 cents a pound already processed, the edible meat figures about 81 cents a pound. Now for the arithmetic, use retail prices for the U. S. Choice grade and multiply them by the pounds of each cut you can expect from the 170 pound hindquarter and add. You should have the answer to whether it is cheaper to buy in quantity or by retail cuts.

A pair of fine silk stockings contains nearly four miles of thread.

Miss Smith emphasized that the most economically operated freezer is the one which is kept busy . . . keep food moving in and out.

Mother Goose In Texas

By Ray Wood

I had a little pony, his name was Dapple Gray; I lent him to a lady to ride a mile away; She whipped him, she lashed him, she rode him through the mire.

I would not lend my pony now for all the lady's hire. This rhyme, which has appeared in most of the Mother Goose books printed in this country, texts of which were copied from similar books printed in England, may have, indeed, inspired the following rhyme, often used as a "ride-a-cock-horse" rhyme for very young children:

I had a little pony his name was Jack;

I put him in the stable and he jumped through a crack;

I picked up a cob and knocked him back;

Whoa, Jack!

Next: "My Black Hen"

Variants of these or similar rhymes will be recorded in the permanent collection of Mother Goose in Texas if sent to Ray Wood at Raywood, Texas.

Dates Are Plentiful So Use Them In Your Holiday Menus

These tasty recipes, utilizing low plentiful dates, will add much to your holiday menus and festive occasions.

DATE AND NUT BREAD

4 1-2 cups sifted flour
1 teaspoon baking powder
2 teaspoons soda
1-2 teaspoon salt
1 pound dates
2 1-2 cups hot water
2 1-2 tablespoons butter
1 1-2 cups sugar
2 eggs
1 cup nuts

To prepare the bread, add baking powder, soda, and salt to the flour and sift. Cut the dates fine and pour the hot water over them. Then let them cool.

Cream the butter, add the sugar, and cream well. Blend the eggs in thoroughly. Add the flour and liquid containing the dates, alternately, to this mixture. Then stir in the nuts.

The recipe will make two loaves. Bake them in greased 8x2-inch square loaf tins at 350 degrees for one hour.

OLD-FASHIONED DATE

SQUARES

1 pound of dates, cut fine
1 cup of boiling water
1 cup shortening
2 cups flour
1 1-2 cups brown sugar
1-2 cup orange juice
1 cup rolled oats

To prepare the filling, follow these directions from the Norge Home Institute:

Scald the dates with the boiling water. Add one-half cup of brown sugar and cook until the mixture thickens. Remove from the heat, add the orange juice, and let the filling cool.

Combine shortening, flour, rolled oats, and one cup of brown sugar. Work this crumbed mixture thoroughly with a pastry blender.

Grease the bottom of a 9-inch square cake pan and line it with the crumbed mixture, saving one cup for the topping. Pat the crumbs into the pan firmly with a spoon. Cover with date filling and sprinkle the remaining crumbs over the top.

Bake at 350 degrees for about 30 minutes.

PONTIAC FOR '55

The 1955 Pontiac is getting a royal welcome. "It's hot," they're saying, "the hot car of the year." And no wonder! With its Vogue Two-Tone styling and Strato-Streak V-8 engine, Pontiac wraps up more beauty, luxury, size and power than a like amount of money ever bought before. The price is near the lowest, but the car is way out front in everything that makes an automobile great.

The reason lies in the achievement General Motors is now celebrating—the vast experience gained in building 50 million cars. Research experience that uncovers what you want and need. Design experience that creates new trends. Engineering experience producing more dollar-for-dollar quality year after year.

That's the background of this All-New General Motors Masterpiece. Come in, drive it, and find out what it means to you. Let your own eyes tell you that here is the smartest car on the highway. Let your own hands report the new handling perfection brought about by recirculating ball steering and other advancements in the all-new shock-proof chassis. And let the great new Strato-Streak V-8 whisper its tale of getaway, response and compelling power that make driving a brand-new experience.

Then let us tell you about Pontiac's new thrift and reliability—and how little it costs to buy this future-fashioned beauty. Come in soon and get the exciting facts!
