Runoff Vote Looms For Two City Council Candidates

Second Round Set April 19

The City Council scheduled the runoff election for mayor and Place No. 1 commissioner Tuesday, April 19.

Meeting for their regular weekly gathering, though one night late because of Tuesday's election, the Commissioners had a 10 day period to set the run-off election. It can not be held less than 15 days following the last election, nor more than 20.

Should a runoff develop in the runoff, another election would be held before May 1, when new officers are placed on the commission.

The group also approved Tuesday's vote tabulations and again appointed W. W. Paschall election judge.

In other business, the commissioners granted Joe Collins a five-year lease on the city airport after he agreed to repaint and repair the hangar at his own expense if the lease was granted.

DOG GONE!—That's the latest thing that this workman in Fort Scott, Kan., can think of to say as he views the paw-prints - for - posterity left in fresh cement by some anonymous pooch who hoped to leave a concrete mark for posterity.

Mayor A Seats To

The first half climax for five seats on the City Council was reached Tuesday night when 989 voters scattered their ballots enough to cause a runoff election in the mayor and Place 1 spots.

Active campaigning, which has been evident in the past two months, began anew Wednesday after Lee Dockery and Tryman

Hale, who pulled 469 & 361 votes respectively, were thrown into the runoff race. O. G. Lanier, third mayor candidate was eliminated with 181 votes.

Also Jim Ingram with 344 votes and Willis Clarke, Jr., who received 319 votes, square off for a run-off campaign. Their competition, Billy Ewing and George Robinson were voted with 136 and 174 votes respectively.

In the other races, where the competition was limited to two candidates, Owen Bray edged C. D. Ervin 515 votes to 479 for the street commissioner job, Holman Bagwell, narrowly squeaked by A. G. Koeng, the only incumbent seeking re-election, to win the finance commissioner post, and A. H. Williams took an easy 807 to 171 vote over Norman Huffman.

Tuesday's vote was considerably higher than the vote cast two years ago in the city election, but fell a little short of the mark at four years ago.

A new commission is required by law to be in office May 1. The new vote, nine were by law to be in office and 34 of the total were cast and 34 mutilated which would have brought the total to 998 ballots were cast absentee.

Other entertainment includes a tour of the city of Houston, a formal banquet at the Crystal Ballroom at the Rice Hotel which will be followed by a formal dance with Ed Gerlach and his orchestra.

Following the final business session Saturday, lunch and a swimming party at the University of Houston pool will terminate three days of association and fellowship with students who rank in the top ten percent of their class.

Colleges from all over the United States will be represented. To finance convention expenses, the local chapter has planned Stairway To The Stars, April 28, one of the largest and nicest social functions to be held on the Ranger Junior College campus this spring.

Special guests for the occasion will be high school seniors of this area and citizens of Eastland County.

The program will feature excellent music, an outstanding talent show, a game room filled with games of all kinds, and the awarding of valuable prizes to the guests.

Tickets are on sale now for 25c. Delegates to the convention are: Alan Gibbs, Don Dooley, James Meazle, Delores Cox, Diane Koenig, Beverly Cary, Ariana Ash, Sudl Gray, Lanell Rowell, and Jenna Yee Hatton. Mrs. Price Ashton is faculty sponsor.

Farrell Smith, son-in-law of Mrs. Blanche Murray of Ranger, was elected mayor of Corpus Christi in that city's election Tuesday by an overwhelming majority.

Smith is married to the former Mavis Murray of Ranger and is an attorney engaged in insurance business in the coastal city.

The couple were married after attending Texas University together and now have three children.

Bargain Days Set This Week

Once again, the time for Ranger's Bargain Day's celebration has rolled around!

Such resounding success has been experienced at previous Bargain Days, that Ranger merchants have again taken their marketing pencils and sliced the sales price of their merchandise to rock bottom figures.

Many persons in previous months have traveled to Ranger in these two glorious days to sample the bargains, they have returned for each following sale, and plan to make many others in the future.

No matter what your need may be, it will be found in the shelves of Ranger merchants on these two days - Friday and Saturday, and all at such unbelievable prices. Many shoppers have traveled for miles to sample these bargains and test advertised prices, and some have met with disappointment.

Who's not join in with the hundreds of others, who find gigantic savings on these two days. Remember, Friday and Saturday.

County Pecan Field Day Set For Gorman

The annual Eastland County Pecan Field Day will be held April 28 at the C. D. Simmons orchard, near Gorman according to information today from the County Agent's office.

Pecan growers not only from

But also from adjoining counties are invited to attend the all day affair which starts at 10 o'clock and lasts until mid afternoon.

Cover crops, fertilizers, crow control, new pecan varieties, insects, sprays and other topics will be discussed at the meeting by top pecan men from over the state it was said.

Those who have been asked to appear on the program include B. G. Hancock, Extension Horticulturist, A&M College; W. L. Rainey, pecan nurseryman and grower, Richland Springs; L. G. Romberg, U. S. Pecan Experiment Station, Brownwood and J. W. Foster, Jr., entomologist, Weatherford.

Several round table discussions will be held on several topics it was said in order to give those in attendance a chance to express their opinion. Those who attend (Continued On Page Four)

National Alert In Spring Schedule

The Service Battery 648th Armored Field Artillery Battalion, Texas National Guard at Ranger will play an important part in the nationwide one-day test alert of Army and Air National Guard units to be held sometime this spring.

The alert will be known as "Operation Minuteman", according to Cecil C. Carr, captain, commanding the Ranger unit. All other units of the Texas National Guard will also participate in the alert, first of its kind ever held in the United States.

Capt. Carr cautioned citizens of

this area that "Operation Minuteman" is being planned for training purposes, and to test the mobilization plans of all Army and Air National Guard units throughout the state and nation.

"For that reason", he said, "we ask the people of Ranger not to be alarmed when this test alert is sounded and our National Guard unit is temporarily mobilized."

Capt. Carr emphasized that the exact date and time of "Operation Minuteman" will be kept secret. The alert orders will come directly from the state Adjutant General, and will be coordinated with simultaneous alerts in the other states, and the District of Columbia, Alaska, Hawaii and Puerto Rico, he added.

The coordination order will come directly from Major General Edgar C. Erickson, Chief of the National Guard Bureau, with headquarters at the Pentagon, Washington, D.C. From the Adjutant General, it will be passed down to all Army and Air National Guard units in this state.

Nearly 400,000 Guardsmen including officers and men of the Ranger Service Battery, in more than 2,200 other communities will participate in "Operations Minuteman."

Cripple Children's Hospital Admits Ranger Youth

David O'Shields, 9-year-old son of Mrs. Christine O'Shields, of Ranger, was admitted on Friday, April 1, to the Scottish Rite Hospital for Crippled Children in Dallas.

Texas Scottish Rite Masons founded the hospital more than 30 years ago in an effort to provide a chance at a normal life and a useful place in society for the handicapped children.

The Scottish Rite Hospital has accepted almost 100,000 children for treatment since 1925. An expert staff, plus unique physical facilities and dedication to the welfare of the child, make it an outstanding treatment center which serves the entire state. It is supported by public contributions and bequests.

Ranger Trio Escape Injury In Auto Accident

Three Ranger people narrowly escaped injury Tuesday night when their automobile overturned approximately two miles east of Eastland on U. S. Highway 80.

The trio, Dr. and Mrs. P. M. Kuykendall and Mrs. J. P. Morris, were enroute to Eastland when a tire on Mrs. Morris' automobile blew out and the car overturned before coming to rest upside-down.

None of those involved in the accident received injury. The new car was demolished.

Ed Freeman, Five Year Veteran, Quits Police Force

Ed Freeman has resigned as patrolman on the Ranger Police Force, Chief W. G. Pounds announced today.

Freeman, a veteran of five years of service, resigned in favor of business transactions. He will remain however, until a suitable replacement has been employed.

Chief Pounds said that four persons had applied for the vacancy, but that no definite commitment had as yet been made.

Freeman has recently been assigned as a patrolman on the early morning shift, beginning at 11 p. m.

The Pathfinder by Lee Harr

Father: Your young man approached me and asked for your hand in marriage. I consented.

Daughter: But father, I don't want to leave mother.

Father: I quite understand, child. But don't let me stand in the way of your happiness. Take your mother with you.

A stand has finally been completed for Pete Turner's TV and according to his mother he has really begun to enjoy the programs.

Spud Summers constructed the stand from wrought iron and all at no charge.

Mrs. Turner also said that Pete's vision has improved with the television and over a period of time from not enough use, and as each day passed they grow continually stronger.

It will probably be two years from Tuesday before you can find as sincere handshakes that have prevailed here for the past few weeks.

Has Tuesday's balloting only stimulated political pressures here?

Summer is what you wait for all year, complain about when it arrives, and wonder where it ever went after it is gone.

A new car, driven by an out of town man, was seen about Tuesday. It had lettered on either side, "This (make of car) is a", then drawn out and appropriately painted yellow was a picture of a large lemon.

Also lettered was, "The factory and the dealer would not make it satisfactory." Underneath, a 150 printed, was all the troubles that the fellow had with his new shiny automobile.

Talking with the fellow, one could see that he was more than displeased with his new purchase. But, if we were a betting man, we'd wager that he gets some sort of adjustment or a new car, with all this unfavorable publicity that he's getting for the company.

### Ward Head Says Wolfson Control Means "Blueprint For Disaster"

CHICAGO, APRIL 7.—Labeling the program of Louis E. Wolfson, who seeks control of Montgomery Ward, a "blueprint for disaster," Sewell Avery, chairman of the board, today told stockholders that the proposals "involve dangerous risks to the security of your investment."

Mr. Avery's statement took the form of a proxy letter to the 68,000 Ward stockholders. He dealt specifically with the Wolfson "spin off," which would make the company a tenant in property it now owns free and clear; a proposal to invite tenders for two million shares of stock, and other Wolfson proposals to expend the company's reserves.

Regarding the proposal for a "spin off" of all the real estate and physical properties of the corporation to a separate real estate corporation, the stockholders would be divided into two groups, Mr. Avery said:

Other proposals by Wolfson for Wards, as cited by Mr. Avery, call for \$160 million to be put into more time and charge accounts; \$75 million into more inventories, and plans to build or start 24 new stores in his first year. Mr. Avery added:

"He (Wolfson) estimates that initially this would require \$36 million. At present peak construction prices we estimate it would cost approximately \$5,400,000 to build, stock and open one store of the type last built by Wards—24 such stores would cost about \$130,000,000.

Citing Wolfson's promise to bring into the company six top merchandising men of outstanding reputation and a proposed stock split, the Ward letter to stockholders concluded:

"He (Wolfson) has refused to identify these individuals so that

The Rev. Clifford Nelson is a former pastor of the First Baptist Church at Olden.

### Eastland County Gets Additional Oil Discovery

Eastland County has gained a new oil discovery 1/2 mile east of Eastland.

It is H. A. Birdwell and Son of Coleman No. 1 Dountain, in John House Survey. It formerly was Stuart Lydick No. 1, Dountain.

Completed from the Lake Sand, the well has a daily potential of 24 barrels of oil, pumping from 39 perforations at 3,084-3,090 feet. Casing was set on bottom at 3,123 feet.

Their experience and record can be checked by you. In contrast, the present management of Wards is composed of men who have spent a substantial portion of their lives at Wards and who have contributed to bringing the company to its present position as one of the soundest and strongest corporations in America. The eight top executives in the present management have combined experience at Wards of 160 years, an average of 20 years per man, although, with two exceptions, all of these officers are less than 50 years of age. They constitute a young, aggressive and experienced management, and in my opinion are the best management team which Wards has ever had.

"As to the stock-split, the stockholders would simply have three pieces of paper instead of one and would be entitled to exactly the same earnings and dividends as they now have. We suspect, however, that Mr. Wolfson has hoped that some stockholders will conclude they will get something more than they not have. The proposed stock split is only a maneuver."

### Royal Neighbors Meet Monday

The Royal Neighbors of America met in regular session at 8 o'clock Monday evening, with Oracle Tillie Hicks presiding. Routine business was transacted and Winnie Pirkle and Edna Huffman

was reported ill. The penny prize was furnished by Elenor Horton and won by Emma Warden. Members of the team which will do the floor work for the convention, are asked to be present next Monday night for practice. There were 29 members present at the meeting Tuesday night.

### Youth Week Continues At First Baptist

Youth Week in the First Baptist Church continues with the young people filling the key positions in department devotionals, ushering, choirs, mid-week prayer meeting, and Sunday evening preaching services.

Youth week is sponsored by the Training Union Department, with Walter Arterburn giving special attention to the programs. John Boyd Rush, Rod Carter, Gerald Shockey and Dick Waters presented the Brotherhood with their program Monday night. Sudi Gray, youth WMU president, met with the WMU on Tuesday and will meet with the BWC Thursday night. Pete Jameson, associate pastor, presented the prayer meeting service. Sherry King, Sunday school superintendent for the week brought a devotional to the teachers and officers. "Using The Bible in Teaching," Dick Waters directed the choir rehearsal.

Saturday evening at 8 the Youth Crusade will have a special service and invite all the youth of the city to this service.

Sunday morning, five will bring devotionals in the following departments: Adult 2, Joe Haney; Adult 1, John Boyd Rush; Young People, Gerald Shockey; Intermediate, Mrs. Dick Waters; Juniors, Janice Carter. Sunday evening at 8, the Youth Pastor, Rod Carter will preach the evening message.

Barbara Nichols is Training Union director and saw service April 3, and will serve April 10.

The church has cooperated the last several years in making Youth Week one of the main features for all departments. The church has sponsored a Christian program of activities for all the youth of the city on Saturday and Sunday nights during school and during Tuesday night during the summer months. All youth of the city and area are always welcome.

### WSCS Circle 2 Meets Monday In Weaver Home

Members of WSCS Circle 2 met Monday afternoon in the home of Mrs. Bruce Weaver with Mrs. H. G. Ramsey as co-hostess.

Mrs. Gaston Dixon, who had charge of the program, read the text, John 17:20,23, after which the Lord's Prayer was repeated in unison.

The questions, who, what, why, when and where were answered by Moses James Ratliff, Frank Williamson, Stanley McAnelly, M. P. Williams and Dixon. The devotional was given by Mrs. M. H. Hagasha.

Mrs. Ratliff presided over the business session during which the minutes were read by Mrs. Williamson. The meeting was closed with the singing of "Blest Be the Tie that Binds."

Refreshments were served to the 19 members present.

Stamp sales at overseas Army post offices amounted to \$10,836,272 during the year 1953.

### HOSPITAL NEWS

Mrs. Harvey Miniard of Gordon is a new patient at West Texas Hospital.

### 1920 Club Has Music Program At RJC Wed.

The 1920 Club met at the Ranger Junior College Music Building 8:30 Wednesday afternoon. Fred Baumgardner, Dean of the Fine Arts Dept., presented a beautiful and inspiring program on "Trends in Religious Music" placing emphasis on the history and development of the hymn.

He was assisted by Rhelda Reed at the organ, while he played the piano. Various hymns were demonstrated by the trio, Sudi Gray, Mrs. Crider and Rhelda Reed. The piano numbers and solo work was done by Misses Crider and Gray.

Following the program, refreshments were served by the girls, with Mrs. Frances Jameson and Mrs. Price Ashton as hostesses. Fruit punch and Easter cookies were served from a table covered with a white linen cutwork cloth over yellowed with crystal appointments. Centering the table was a white Easter bunny flanked by orchid and yellow chrysanthemums.

Mrs. R. L. Hamrick and Grady Tice and Misses Vivian Simmons and Waldine Kribbs assisted in serving the 30 guests present. Following the social hour, the guests were escorted to the girl's dormitory for a tour of inspection.

### Ranger Music Club Meets Monday Evening

Members of the newly organized Ranger Music Club met Monday evening at the Ranger Junior College Music Hall.

The business session was conducted by Mrs. Arthur Deffebach, president.

### Short Tales Of Bulldogs (At Ranger High School)

By Jackie Neeley

All the students of RHS observed the annual "Senior Kid Day" last Friday which is held each April 1. It was a common sight all day to see the seniors going around dressed like "kids," with their dolls, water guns, sling shots, suckers, etc.

The RHS State Band was honored by having as its guests the Breckenridge State Band Tuesday night. The group from Breckenridge presented a concert for the Band Boosters meeting and afterwards practiced with the Ranger group.

Last week's assembly program was given by the seniors who presented the "Kid Day Program." The program consisted of several musical numbers and was enjoyed by the entire student body.

Growth and Problems are Twin Companions— . . . and go along together in the evolution of Progress. Two years ago in a Western city we witnessed the processing of 4400 County Clerk documents into the records of a large title plant. Every day it was the same. Every instrument filed added another entry to someone's abstract and another problem to the abstracter who processed it. And as we walked away we thought of our big responsibility in preserving your title records even in this small county. Yes, it's a problem, but Progress in action!

### Home Nursing Hints

## Water, Water Everywhere

Boys and baths don't mix well even under ordinary circumstances, and handling a squirming youngster and a pan of soapy water in bed can be a real chore. The bed bath refreshes and relaxes a patient. It also stimulates the circulation and provides a mild form of exercise. For these reasons it is important to the patient's recovery and comfort. It is equally important to give the bath correctly to avoid chilling or fatigue.

To learn how to wash a patient in bed comfortably and easily—in addition to other simple sickroom skills—join a Red Cross home nursing course. See your local chapter about enrolling.

### Home Nursing Class Will Begin In Eastland Monday Afternoon

Mrs. Bill Tucker, Rt. 1, Ranger, Home Nursing Chairman for the Eastland County Red Cross Chapter, announced today that a Red Cross Home Nursing Class is scheduled to begin Monday.

Classes will be conducted from 2 to 4 p.m. Mondays, Wednesdays and Fridays. It will take six two-hour sessions to complete the course. The class will be taught in the Home Nursing room in the City Hall at Eastland. This room is provided by the City free of charge.

The class will be limited to ten students. The ladies from the Morton Valley area will be given preference as it is by their request that the class is being offered at this time; however, if anyone in Eastland or surrounding territory is interested in taking this course,

please call the Red Cross office in the afternoons, phone number 453, or contact Mrs. Tucker, it was announced. If sufficient interest is shown another class will be organized.

There will be no charge as this is a Red Cross community service. Mrs. Bill Tucker, an authorized Red Cross instructor, will teach the course.

### Facts For Drivers

By members of the Drivers Training Class at Ranger High School. This column will be prepared and printed in the Times each Thursday.

DID YOU KNOW THAT . . .

1. It takes the average individual 3-4 of a second to apply the brakes in an emergency.
2. At 20 miles per hour the average driver will travel 22 feet before he applies the brake.
3. At 60 miles per hour, you are traveling 88 feet per second.
4. If you double your speed, your braking distance will be four times as great.
5. If your car strikes a fixed object going 60 miles per hour it strikes with the same force as if it were driven off a nine story building.
6. If two cars crash head on, the impact is the same as if you drove your car off an eighteen story building.

### Methodists To Hold Communion Tonight At 7:30

A Maunday Thursday Communion Service will be observed at the First Methodist Church Thursday evening, April 7, at 7:30 o'clock. Rev. Bruce Weaver, pastor, will conduct the service and Mr. Fred Baumgardner will have charge of music.

The Communion Service will be observed in memory of the death and suffering of Jesus. The word Maunday means "mandatum or command" in keeping with the command of Jesus in John 13:34 "A new commandment I give unto you, that ye love one another, as I have loved you, that ye also love one another."

The Lord's Supper will be served in tables of twelve in a place designated as The Upper Room in keeping with the Last Supper Jesus had with his disciples before his crucifixion.

All members of The Methodist Church are urged to attend and all Christians are invited.

# Thanks!

On behalf of my wife and myself, and my friends who have helped me so much in my campaign for Mayor, I want to express my sincere thanks to the people who voted for me on last Tuesday, and to earnestly solicit their continued support.

To those, who for reasons of their own did not see fit to vote for me, I would respectfully ask that they give me consideration in the run-off election. To every one who voted in the first election, regardless of how they voted I should like to express my appreciation for their interest in their City's affairs, and to express my sincere hope that they will still be my friends after the election. Again my heartfelt thanks.

# HOMEMAKING CHATTER

by Minnie Mae Billingsley and Julia LaFaye Mason

Homemakers getting ready to store electric blankets are asking if they are washable. The answer is YES... provided you use care. Equipment authorities state that laundering is the only recommended method of cleaning electric blankets. They tell us that dry cleaning damages the electric wiring. Tests show that electric blankets can be safely washed in an automatic washer and dried in the electric dryer.

The following instructions have been worked out for home laundering of electric blankets:

Fill washer with water at 100 degrees F. Add water softener and mild soap of mild detergent, agitate to dissolve. Add blanket and allow to soak 10 minutes. Badly soiled spots or bindings should be penetrated by brushing with water

mixed to a paste with the washing compound to be used to wash the blanket. Agitate for one minute. Spin out water for two minutes. Fill washer with water at 100 degrees F. Agitate for one minute. Spin out water for two minutes. Bindings of dark colored blankets may streak unless a major part of the moisture is removed in the spin. Wash and dry only one blanket at a time. Blankets should not be stretched as this could cause damage to wiring. Preheat dryer 5 to 10 minutes on High Heat.

Add blanket and buffer towels and allow to tumble 15 minutes, until partially dried. Complete the drying on the line or on a clean flat surface. Brush lightly to fluff further, if desired. Iron bindings.

Blankets treated in this way will be soft and fluffy. There may be some shrinkage depending on the combination of fibers used to make up the blanket.

**NEW PURINA Bite-Size CHECKER PLAN OF GROWING PULLETS**

Compared to usual mash feeding, the new Bite-Size Checker plan can make a big cut in your growing cost. Chicks start eating the new, smaller Checkers when only 4 to 6 weeks old. It takes less feed because pullets spill less out of the hoppers. And the few Checkers that are spilled are quickly picked up—not lost on the ground like mash.

Have you had experience in sewing with synthetic fabrics? If so, you know that some synthetic fabrics have a tendency to pucker or stretch if not handled properly. Before you begin sewing it is necessary to make three adjustments.

First, shorten the stitch slightly. Test for the proper stitch on the lengthwise grain of the fabric. When the lengthwise grain shows the proper stitch, the crosswise grain and the bias will be correct, too.

Next loosen the tension slightly. Adjust the top tension first as this may be all that is necessary. If not, loosen the bobbin tension screw a bit. Many machines are set tighter than necessary for ordinary sewing.

For hard finish synthetics, such as nylon organza or a very smooth, tightly woven synthetic, increase the pressure from the pressure foot. Thicker fabrics will require only the usual pressure.

Thread may make a difference, too... Nylon, dacron, and mercerized cotton are used for sewing on synthetics. Be sure to use the same thread in the bobbin as in the needle, and wind the thread loosely and evenly on the bobbin.

Dehydrofreezing! Add this word to your vocabulary to keep up with the evolution of food processing. Dehydrofrozen foods take up less space and weigh less because of the dehydration but retain the convenience and freshness of freezing. Another advantage is that it is a more natural product. These foods are now commercially available. Thawed dehydrofrozen apples have a much firmer texture and make better pies than when frozen in the regular way. Fruits and vegetables now being dehydrofrozen commercially are apples, apricots, peas and pimientos. Reconstitution of dehydrofrozen food is very simple, just cook directly or soak... Be on the lookout for dehydrofrozen foods on your retail markets.

In doing some reading the other day we ran across this thought... "It's not what you have that matters, but what you do with what you have." All of us could stop to think about this once in a while and profit by it.

## FOOD FARE

By Polly Parsons

"Potatoes In Popular Ways" is the title of a U.S. Department of Agriculture booklet which points out important facts about this nourishing, but often under-valued vegetable.

"Penny for penny," says the booklet, "they have more energy-giving value than any other vegetable." When you eat them daily, you get "a goodly portion of your Vitamin C quota, besides B vitamins, iron and important minerals."

And, it points out, potatoes need not be fattening. "A medium-sized potato has about 100 calories — no more than an apple. If you are watching your weight, watch the gravy, butter or other fat that you put on the potatoes. It's those that pile up the calories," says the Department.

To get most food value from potatoes cook them in their jackets. Boiling is preferable to baking—retaining more vitamins and flavor. So start with potatoes boiled in their jackets, even if you ultimately intend to serve them creamed, mashed or any other way.

Good potato values come in Union Bag and Paper Corporation's mesh window paper bags. They are well ventilated and protected from light burns and excess condensation. Clear printing on paper bags lets you see at a glance the grade and size of potato you are buying.

In baking potatoes, wash and dry them, then bake in a hot oven (425° Fahrenheit, 40 to 60 minutes). Rubbing a little fat on the potato before baking will keep the skin nice and soft. You can save fuel by baking potatoes while you oven-cook other foods. If the other food requires a moderate oven, allow a little extra time for the potatoes to bake.

In boiling potatoes, first scrub them, then drop them into a kettle of boiling water. Put lid on and, when finished, drain at once so the potatoes don't get water-logged.

Buy potatoes in quantity—they are cheaper that way. And keep them in a cool, but not cold temperature — preferably in a dark place.

A valuable list of tasty recipes using potatoes is offered by the Bureau of Home Economics, Agriculture Research Administration, U.S. Dept. of Agriculture, Washington, D.C. Write for it. It's free.

## Cheaney Chatter

Mrs. Bill Tucker

Cheaney's very important person this week could well be Mrs. J. P. Strickler, whose birthday was Tuesday, Mar. 29. She was 83 years young, and on Sunday, despite the crisp weather, walked several hundred yards to church. She still keeps her own house, when not visiting one or another of her children: Earl at Caddo; Oscar at Fort Worth; Mrs. Pearl Snell at Carbon or Mrs. Ruby Blackwell.

Mrs. Richard Tucker returned from Waco Friday, where she had been at the bedside of her brother, Troy Melton, who underwent surgery last week. He is reported recovering nicely.

Bob Love visited his mother, Mrs. Ann Love, while here looking after farming interests at Stephenville. He returned to Odessa Sunday afternoon.

Mr. and Mrs. Bob Revel and children and Mr. and Mrs. Kenneth Brown and children visited here Saturday and Sunday with the parental Jack Revels and Shirley Browns. Both families returned to Lovington, N.M. Sunday afternoon.

Guests in the Bill Tucker home Saturday through Monday were his sister, Mrs. Mabel Owen, his aunt, Miss Nellie Wallace, and a cousin, Truitt Stovall, all from Kress, Tex., near Plainview.

We enjoyed a chat with a former Cheaney resident, Wesley Elliott and his wife, Wanda while in Ranger Saturday afternoon. Wesley told us he is employed by the Fort Worth Star Telegram. The couple visits in Ranger quite often with his grandparents, Mr.

and Mrs. Levi Conant, and his mother, Mrs. Lewis Mitchell.

Mr. and Mrs. Jack Blackwell and family of Ranger visited in the home of her parents, Mr. and Mrs. Herman Neizer at Alameda, following church services at Cheaney.

The Bill Tuckers and their guests visited Mr. and Mrs. Sam Wallace at Gorman Sunday afternoon. They also visited the site of the old Johnson school house where the Wallace children attended school long ago, and the old farm where they once lived near the Liberty Baptist church.

Mrs. Ann Love suffered an arm injury Tuesday morning when she fell at her home. She was taken to Ranger for treatment, but the seriousness of the injury has not been determined.

**Here's why MORE PEOPLE ARE BUYING PONTIACS than ever before!**

1. You can buy a big, 200-H.P. Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

Biggest car at its price (122" and 126" wheelbases) - Most powerful car at its price - Only car at any price with distinctive Vague Two-Tone Styling and the riding and driving ease of the Shock-proof Chassis.

You don't have to look far to find the reason for the tremendous surge to Pontiac. No further than the fact that only Pontiac produces cars that compete with the costliest in size, smartness and power, yet carry a price tag that is well under many in the lowest-price field.

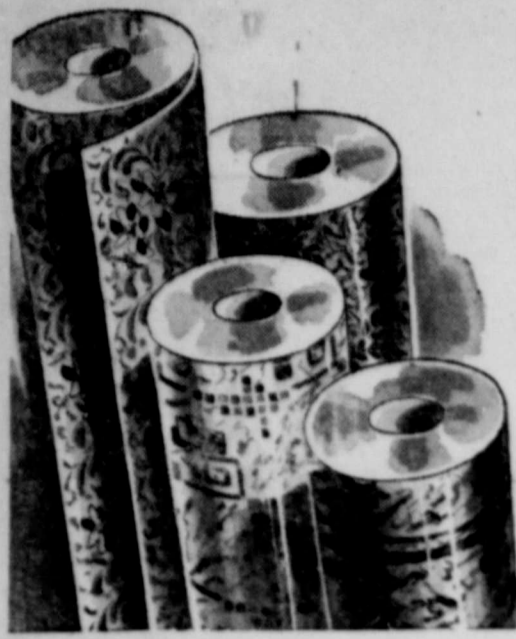

That's what brings people in to see and drive a Pontiac—a value story they simply can't afford to overlook. And once they do—once they get a close-up of America's most distinctive styling... once they sample the superlative roominess and comfort of Pontiac's luxury interiors... once they try the pulse-racing thrills of exclusive Strato-Streak V-8 performance—they lose interest in every car but this.

Come in and get the rest of the story. See, drive and price this high-powered future-fashioned beauty. You'll find that if you can afford any new car you can easily afford a Pontiac.

what's more... No gasoline—no, not a single one—has higher octane than...

### New 1955 GULF NO-NOX

Fill up now with new Super-Refined Gulf NO-NOX and feel the difference in power that really works for you mile after mile. Right from the start, you'll get these lasting benefits:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving you do most.
- Stall-proof smoothness... instant starts... fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined... to burn clean!  
The '55 gasoline for all high-compression engines.

'Til April 9 only!
