

Extension Given Drouth Aid For Eastland County

Designation of Eastland County within drouth disaster area extended until May 15.

This paper received the foregoing telegram from Congressman Omar Burleson Wednesday.

Tuesday the emergency feed program was reinstated for 82 counties in central Texas, said Emmett Powell, office manager of the Agricultural Stabilization and Conservation County Office, second floor of the Courthouse.

Mr. Powell said the drouth emergency feed program begun August 15 was closed out February 15, and that now since it has been reinstated, the only difference is (Continued On Page Four)

Polio Shots Will Start In County Soon

First shipments of the Salk polio vaccine are expected to reach Austin Monday for state-wide distribution, Jess Cole, county chairman of Eastland County March of Dimes activities, said here today.

If the vaccine is received in Austin on the tentative date, Eastland County representatives will be on hand to receive allotments for his area, and actual inoculation should begin in the schools here within two to three days.

Vaccination schedules were drawn up even before the success of the vaccine was announced and the serum is all that is needed to put the schedule into effect here.

Dr. L. C. Brown, county health officer, said today that a supply of the vaccine is expected to be available at the State Health Department in Austin presently and that this county's requested amount is to be brought here within the next week or ten days.

It is his plan to ask for about 1,600 CCs, which will be for the first and second doses.

"It is our understanding that a third dose may be recommended for administering in about seven months," Dr. Brown said.

He said that while requests for the vaccine are expected to multiply, now that it has been declared "safe and potent," he presently plans to call for a sufficient amount to inoculate 800, on the basis of requests now on hand.

It is available free to children of the first and second grades, of

both public and parochial schools. It is expected that doctors in the various towns will administer the vaccine, Dr. Brown said.

Explaining that a sizable task is involved, Dr. Brown said:

"Some of the children will be vaccinated at their own schools; probably a considerable number will be gathered up by bus and taken to a central place for the inoculation."

Parents who want their children to receive the free shots sign permission forms.

The Salk vaccine has been termed 80 to 90 per cent effective and the official report stated that only one death occurred among the 1,800,000 mass-tested children, that child having died after a tonsillitis.

The serum is being rushed from pharmaceutical houses and manufacturers to beat the summer polio epidemic season. It appeared possible the first vaccinations might be administered here Wednesday or Thursday of next week.

Officials familiar with the serum and its distribution prophesied that 27 million children will be inoculated with two shots of the vaccine within a month to six weeks.

Enough vaccine to give two shots to others in the most susceptible age group should be ready for commercial distribution during June.

Dr. Salk urged a seven month waiting period before the final and third shot is taken. Pharmaceutical houses assured that there could be no doubt of the companies ability to have the third booster shot ready within seven months.

The vaccine is public property and technical data is available to qualified persons. One German pharmaceutical house has begun production of the vaccine.

If the two shots instead of the planned three are administered, 250,000 more Texas children would receive the vaccine than originally planned. Frequency of inoculation will probably now be two shots two to four weeks apart and another approximately seven months later.

The decision, however, on how to administer the vaccine will be made in New York by officials of the National Foundation for Infantile Paralysis, which is financing the free shots to first and (Continued on Page 2)

Two Lone Star Employees Get Service Pins

Two Lone Star Gas employees here were recently awarded service pins, commemorating various amounts of longevity with the company.

Alvin C. Langley, dispatcher here, was presented a 25 year pin award and Jessie W. Finley, assistant operator, was awarded a pin on the completion of 10 years of service.

Fishing Permits For Hagaman Now On Sale

The Ranger Country Club has again leased Hagaman Lake for fishing purposes, it was announced here today.

Fishing permits may be purchased at the H. H. Vaughn service station or from George Peck, caretaker at the lake.

Permits will again be sold for \$5 a year.

AMMUNITION FOR "V" DAY—Workers at Eli Lilly and Company, Indianapolis, Ind., are among employees of several pharmaceutical houses packaging vials of polio vaccine in anticipation of "V-Day"—vaccination day—which will occur across the nation at times set by separate communities. Children in first and second grades—an age bracket highly susceptible to the disease—will receive the three-shot Salk treatment on a voluntary basis under a program sponsored by the National Foundation for Infantile Paralysis. Because the supply of vaccine is still limited, only children in certain other specific age groups will be able to receive the shots at this time.

The Pathfinder

by Lee Harr

Two staid Bostonian ladies were visiting California where the summer day had sent the temperatures close to the 100 degree mark.

"I've never seen it so hot," complained one of the ladies. "It never gets this way in Boston."

"Of course not," the other lady spoke up. "But you must remember we're 3,000 miles from the ocean."

Much of the credit for installing the stand for Pete's (Turner) TV set should go to Herman Snyder and J. B. Baker who donated labor in erecting the attractive project. The stand is made from wrought iron was constructed at Spud Summers' business on Highway 80.

Only a few more days until we'll have the results of the city run-off election. Come Tuesday and it will probably mark the end of voting for this purpose for another two years.

Things though could get into a pretty mess. State laws provide that the new commission will be seated May 1. Now if a tie should develop, which is virtually impossible, we'd have to go through this thing again before May 1. Not that it should be so trying for us, but think of the poor politicians, who are required by competition to electioneer the largest part of each 24 hours, then lie awake most of the night planning the next day's strategy. We'll take just a steady 11-hour a day job anytime.

Notice the current fad of the younger generations about town—with their gaudy colored hats folded up in both the front and back.

The weather has it that a man can not even go fishing anymore with the weather so susceptible to change from one moment to the next. One instant you're dodging lightning bolts, the next you're getting wet and then there is dust in your eyes only slightly later.

And while speaking of sand, only a few days ago as we allowed ourselves to listen to the radio, the pleasure and past time that has nearly been replaced by TV, one of the well-known commentators of this time mentioned that no longer was Texas to be blamed for sand storms.

He contended that Texas had taken necessary steps to prevent erosion and blowing sands in the past few years while Oklahoma, Kansas and Nebraska had done virtually nothing to prevent this terrific pest and discomfort.

Hill Acquitted On One of Two Assault Counts

Elbert Burr Hill, former mayor of White Settlement who was arrested in Ranger last month, was acquitted of a statutory rape charge by a Criminal District Court jury Wednesday in Fort Worth.

The 52-year-old father of 10 children was acquitted late Wednesday afternoon after the jury received the case shortly before noon.

A 13-year-old girl testified that Hill had sexual relations with her for the past five years.

He has steadily denied the accusations and declared that the charges were a "frame-up."

Hill yet faces another rape charge of the girl's 19-year-old sister, but the acquittal in the first hearing dimmed the possibility of prosecution.

Four T P Veterans Get 'Oscar' Awards

Four employees of the T&P Coal and Oil Co. were given "Oscar" awards here Tuesday night for safety performances during the past 20 years.

To win this award, a gold plated trophy, the driver must have driven a company motor vehicle for 20 or more years, and to have avoided even a small dent on the fender or other part of a moving vehicle—his or the other vehicle, provided that, if the company vehicle is the one damaged, this damage was not done while it was properly parked.

Also, seven other employees were awarded various other items depending upon the length of accident-free service with the company.

Those awarded with the number of years of service are Odell Booth, two years; O. F. Sides, 2 years; Lester Kim, three years; A. H. Blackwell, nine years; Dick Jones, one year; H. H. Sutton, two years; and W. M. Brown, 13 years.

The awards were furnished and presented by the Employer's Group Insurance Companies.

College Troupe Retraces Area School Circuit

The traveling units of the college, which have been presenting shows at high schools in this immediate vicinity were on tour again this Thursday visiting schools at Putnam, Moran, and Albany.

Members of the Rangeans, Twisters Lanell Rowell and Beverly Carey, the College Chorus and a novelty act by Don Donley and Dan Mitchell, gave the three shows in a style that betrayed their experience as real troupers. Dan Wiggins emceed the program.

Dean E. F. Webb, who schedules the tours, and travels with the units, greeted each of the student bodies.

Weather Reports

Fair and mild today, tonight and Friday. High temperatures today and Friday, 75 to 80, low tonight 45-50.

THE RANGER TIMES

35TH YEAR RANGER, TEXAS, THURSDAY, APRIL 14, 1955 PRICE FIVE CENTS

Lone Star Adding Equipment At Cost Of \$50,000 Here

100-Foot Tower To Mark Site Of Unit

The Lone Star Producing Company is adding equipment to its Central Fractionating plant in Ranger to separate isobutane from the commercial butane now being processed along with three other petroleum products.

Isobutane is a valuable constituent in the manufacture of aviation fuel so important to the defense program and is used in the production of synthetic rubber, according to J. A. Bates of Ranger, West Texas district superintendent for the company's gasoline department.

Bates added a conservation note by pointing out that, under the separation process, the isobutane—once lost through normal consumption of commercial butane—could now be applied to a more useful purpose.

The isobutane fractionating unit consists of a steel tower 100 feet high, reflux pumps, reflux condensers plus accessory equipment. Cost will approximate \$50,000 and it will have capacity for producing a maximum of 5,000 gallons of 95 per cent pure isobutane every 24 hours.

The equipment was designed and is being installed by Lone Star Producing Company personnel under the supervision of Bates and W. A. Robinson of Ranger, assistant West Texas district superintendent; C. R. Rogers of Dallas, superintendent of Lone Star's gasoline department; and H. H. Saunders of Trinidad, maintenance foreman, L. C. Stephens of Ranger is ECF plant superintendent.

The isobutane fractionating tower will add a fifth product to the plant's operation which now makes approximately 60,000 gallons of commercial propane, commercial butane, isopentane and natural gasoline per day. The new tower is scheduled to be in operation by May 1.

College Dean Judges Regional Vocal Contest

Fred D. Baumgardner, Dean of Music at Ranger Junior College, was listed among the judges for the Interscholastic League Vocal contest at Brownwood recently.

Baumgardner responded to an invitation extended by Miss Dorothy MacIntosh, chairman of the Interscholastic League Vocal Events in this district.

Complete list of the judges other than Baumgardner were Lee Flier, University of Texas; Kenneth Howard, Waco High School; Harold Greenlee, Alamo High School; Woodrow Wall, Howard Payne College; and Miss Mavis Douglas, Fort Worth.

All activities were scheduled on the campus of Brownwood High School with both junior and senior high school students participating. More than 800 students participated in this vocal event for Region II.

FHA Club Bringing Backwoods Comedy

With advance warnings of "prepare yourself to laugh," the Ranger FHA club is bringing "Comin' the Mountain" to town Friday night at 7:30.

The play, patterned after the backwoodsmen of the Ozark Mountains in remote Tennessee, bills laughter at its best. No play in recent years here has ever offered such hilarious parts as Daisy Judkins and Zeke Bemis and the scene in which one of Zeke's friends stands behind a sofa and blows a horn in Daisy's ear to keep her awake while Zeke proposes.

There is plenty of action in the play and a well developed plot that is filled with real suspense.

The play consists of an all-girl cast.

Curtain time will be at 7:30 p. m. in the high school auditorium and admission is 25 cents for students and 35 cents for adults.

Those cast in the play are: Daisy Judkins, 18 year old daughter who is always asleep, Sherry Baker.

Zeke Bemis, a suitor who isn't fond of work or water, Deanne Hazard.

Ma Judkins, she worries about her "old maid" daughter, Elizabeth Seymour.

Dyanette Ann, woman sheriff of Fishhook County, Jonell Penny.

Burnham Made Athletic Director At College

Stanley Burnham, who came to Ranger Junior College as basketball coach during the first part of the spring semester, was this week appointed athletic director, Dr. Eric R. Ashton, college president, said today.

No assistant coach has as yet been appointed. Dr. Ashton stated, but that two prospects, both now students at Baylor University, were the strongest contenders from a long list of applications.

Burnham assumed his duties here after Dick Henderson resigned to accept a position in another field of business.

The newly appointed athletic director is a graduate of Daniel Baker and a former student of Texas University. He formerly coached at Mineral Wells High School before coming to Ranger.

T. C. Weaver Elected Fire Chief Here

T. C. Weaver was elected chief of the city volunteer firemen at a regular meeting Tuesday night following the official resignation of Virge Johnson who will soon leave here.

H. A. Shockey was chosen as the firemen's president while Bill Meyers will serve as fire-police marshal.

Johnson's resignation from the department is to become effective immediately.

Weaver formerly served as the firemen's president and Shockey will not act only as president but also as the group's chaplain.

Local Airman Promoted In North Africa

Jack H. Tucker, whose wife and four children live at 716 S. Austin, Ranger, was recently promoted to Staff Sergeant in the Air Force.

Sgt. Tucker is serving with the 3506th Supply Squadron at Sidi Slimane AFB, French Morocco, North Africa and has been stationed there for the past eight months.

He attended Eastland High School and his parents are Mr. and Mrs. E. T. Tucker, 611 S. Walnut, Eastland.

Cisco Boy Hurt By Hit-and-Run

A small boy at Cisco was struck and slightly injured by a hit-and-run motorist yesterday afternoon, Sheriff J. B. Williams, whose department is investigating, said today. The sheriff said that the child's name was Yeager. Confusing reports concerning identity of the car has made pursuit difficult for the officers.

Killingsworth's Participates In Hardware Week

IRHA Hardware Week, one of the nation's biggest promotions, will find Killingsworth's playing a key part, it was announced today.

Featuring one of the greatest of all advertising and merchandising campaigns, bigger by far than last year's record-breaking event, Hardware Week will be observed by 23,000 independent hardware stores from coast to coast April 15-23.

The store opens at 9 a. m.

The letters IRHA stand for Independent Retail Hardwaremen of America. It is part of the symbol that identifies Killingsworth's of Ranger as a member of the National Retail Hardware Association and a seller of standard, quality merchandise.

To participate in the long-anticipated event, Killingsworth's has loaded its shelves and store rooms with the latest merchandise.

Like member stores throughout the country, Killingsworth's will have special decorations and exhibits in his store. There will be special window displays, posters, and pennants, on items that are for sale.

All in all it will be open house at Killingsworth's store with clerks and proprietor ready to extend a welcome. Even though you may not buy, they are anxious to have customers drop in, ask questions and browse around.

Also featured for the eight day event are the sales on gift items, Chinaware and silverware.

Two Assistant Election Judges Named Tuesday

Mrs. Helen Boen and D. C. Arterburn were confirmed by the City Commissioners to act as judges in the runoff election here Tuesday.

Two others had been tentatively appointed at council meeting a week ago but would have been unable to serve because of other commitments.

W. W. Pa-hall was appointed to again serve as election judge a week ago.

Complete list of those assisting the judges will be announced at a later date, however, probably little change will be made from the staff serving the April 5 election.

Ed Freeman Buys Ranger Steam Laundry

Ed Freeman, former police officer here, officially announced the purchase of the Ranger Steam Laundry from L. T. (Lem) Rushing today.

Freeman has assumed control of operations and he promised "the same high quality, dependable and quick service that has been previously rendered."

Rushing was in the laundry business here for the past 10 years, and he said that he had no definite plans for any type business in the near future.

Don Pierson Olds - Cadillac Eastland, Texas

Don Butler Appointed To Police Force

Don Butler, who had previously been engaged in the cattle business here, was recently appointed patrolman on the Ranger Police Department, Chief W. G. Pounds said today.

Butler, was appointed shortly after the resignation of Ed Freeman, and is now listed as a temporary duty officer.

For Emergencies ID Tags To Be Available Here

Mayor Calvin W. Harris, M. D., Civil Defense Director of Ranger, today announced plans for making Official Civil Defense Identification Tags available to all children and adults in this community.

The identification tags are authorized by the Federal Civil Defense Administration and are an important safety measure for everyone, Dr. Harris said. They provide quick identification which would be helpful in case of accident, sudden illness or any emergency, including air attacks.

Each tag is permanently stamped with the wearer's name plus the name and address of the person to be notified in an emergency. The wearer's birth date and religious preference also are stamped on the smooth metal tag which is carried on a non-tarnishable chain.

Through special arrangements, instructions for ordering Official Civil Defense Identification Tags may be obtained at displays in many grocery stores soon, Dr. Harris added.

He also reported that Civil Defense has tried to put this project into effect for three years but has been blocked by lack of personnel and funds. Recently, however, FCDA secured the help of a large food manufacturer in distributing Official Identification tags on a nation-wide, at-cost basis.

4 Years Assessed On Check Charge

R. L. Coleman, recently brought here from Abilene, was given a four year sentence on conviction on check charges in district court here yesterday. The sheriff from Brownfield came here for him, Sheriff J. B. Williams said.

Pipkin Opens 13th Store At Cisco Location

Formal grand opening of Pipkin Grocery Company's thirteenth Piggy Wiggles Store is being held in Cisco Wednesday through Saturday of this week.

Grady Pipkin's expanding business began in 1919 and now extends into the Ranger, Eastland, Cisco, Coleman, Graham, Kermit, Midland and Odessa communities in West Texas. Four of the stores are located in Midland and three in Odessa.

Associated with Mr. Pipkin in his businesses are his three sons, Bruce, Raymond and James.

General offices and company warehouses are located on South Seaman street in Eastland. The concern operates a fleet of Diesel-powered trucks to service the chain of stores with groceries and produce.

Fighting Saucers—The little men from Mars aren't responsible for the flying-saucer craze, nor is the right uncorked by Alonzo Joiner, right, of Gary, Ind., as he hammers at Rudolph Corney, of Brooklyn, N. Y. Saucers were served up by the photographer, who made a double exposure during the New Chicago Golden Gloves bouts at Chicago, Ill.

With advance warnings of "prepare yourself to laugh," the Ranger FHA club is bringing "Comin' the Mountain" to town Friday night at 7:30.

With advance warnings of "prepare yourself to laugh," the Ranger FHA club is bringing "Comin' the Mountain" to town Friday night at 7:30.

 second graders.
 None of the school vaccine quotas has as yet been shipped, the National Foundation said. Probably the first shipment of the vaccine to Texas will reach Dallas Monday. The 330 pound shipment was marked for private distribution, however.
 Approximately 193 first and second graders here are going to be eligible for the shots. The number vaccinated however, will depend upon the number of parents expressing desire for their children to receive the inoculation.
 Questionnaires were mailed to surrounding homes nearly a month ago and as yet several have not been returned. School officials expected positive reports from 90 to 95 per cent of eligible school children here.

Considerable Milk Increase For This Area
 Producers supplying milk for the Central West Texas market (23 cities in Central West Texas) to receive a minimum price of \$5.47 per hundredweight for milk sold during March, Byford W. Bain, Market Administrator, announced. This price applies to milk delivered to plants at Abilene, San Angelo, Stamford, and Sweetwater. For milk delivered to plants at Midland and Lamesa a price 15 cents higher is paid, and for milk delivered to Brownwood and Mineral Wells prices 20 and 25 cents lower, respectively, is paid. For each point (0.1 per cent) that the average butterfat content varies from 4.0 per cent, a butterfat differential of 0.9 cents applies.
 This price was computed from reports filed by eleven milk handlers regulated by the Central West Texas milk marketing order.
 In March an average of 372,439 pounds (almost 175,000 quarts) of Class I milk (milk, skim milk, buttermilk, chocolate milk, and cream) was sold each day by these eleven handlers. This was an increase of 4.9 per cent from March 1954.
 Milk was supplied to the Central West Texas market in March by 712 producers who supplied an average of 407,946 pounds of milk each day. This is the largest volume of milk supplied for the market in the last 28 months. It was 2.6 per cent larger than a year ago. However, supplies were less in relation to Class I sales in March this year than in March last year because of the increase in Class I sales.
Rev. B. White Laid To Rest At Gunsight
 The Rev. Bruce White, 62, of Gunsight, who died recently of a heart attack, was laid to rest in the cemetery there, after funeral services in the Gunsight Methodist Church.
 The pastor of the church, the Rev. W. L. Connell, conducted the services, and was assisted by the Rev. Chief Warden of Arlington and the Rev. Jackson C. Oglesby of Eastland.
 In Methodist terminology, the Rev. Mr. White was a "local preacher." His membership was in the Eastland Methodist Church, whose pastor is the Rev. Mr. Oglesby.
 He taught a class of boys in the Eastland church and will be remembered especially for his work with youngfolk.
 The Rev. Mr. White was unmarried and lived alone on the old White homestead at Gunsight.

Use Chintz with Modern

Decorative fabrics add warmth and a bright splash of color to any room, besides providing a background for the decorative scheme. A dramatic demonstration of the fact is this use of Cyrus Clark's Everglaze chintz in a modern interior where the soft, flowing lines of the crease-resistant draperies add a special charm and brightness to the room. Chintz also offers low-cost luxury for slipcovers, bedroom ensembles, vanity skirts and scores of other uses. There are colors and designs to fit every decorating scheme.

"As It Looks From Here"
Importance of Adequate Water Supply Is Told By Burleson
 "A story is going around of the three Russians in a labor prison in Siberia," says Congressman Omar Burleson, in his report to newspapers.
 "It seems they finally found themselves in a place where they dared to converse. The first one asked the second why he was sent to prison. He replied that he was supposed to have been sympathetic to Malenkov. The second then asked the first why he was there. He answered that he was supposed to have been plotting against Malenkov. The first and second then asked the third what he was in for. He replied that he was Malenkov."
 "It is said that a person never misses what he has never become accustomed to having. In the last two decades, people of this country have gotten used to a great many things, and it has changed our economic status. We all have new interests, new culture, new hopes, new social consciousness, as well as new wants. We are no longer satisfied with the bare necessities of life."
 "Walter C. Ayres, addressing association of national advertisers at Hot Springs, Arkansas, said: "They have escaped to the promised land—a land filled with wonderful things to enhance life, liberty and the pursuit of happiness. A land overflowing with travel, paper steering and brakes, air conditioning, color television, boats, dishwashers, picture windows, movie cameras, clothes dryers, contour sheets, electric blankets, and thousands of other marvelous contributions to comfort, convenience, sport and good living." Mr. Ayres said that we should break away from our historical patterns and practices, and that we should commence advertising and selling. He said salesmanship is needed to put more dynamic action into what may become a lagging economy if we do more about it than we are doing at present.
 "This brings to mind a report made by the Bureau of Business Research of the University of Texas, in cooperation with the Governor's Economic Advisory Commission of Texas.
 "The report says the reason manufacturing concerns have moved to Texas during the past five years and are expected to continue to do so in the future is because of the availability of raw materials, good climate, high per capita income, and a large labor force. These were some of the reasons given in the report influencing the bringing of new factories to Texas.
 "It certainly should keep us constantly reminded that an adequate water supply for commercial use is the essential item missing in the picture.
 The American Cancer Society allocated \$5,500,000 for cancer research last year.
GETTING UP NIGHTS
 If worried by "Bladder Weakness" (Getting Up Nights) too frequent, burning or itching sensations, or Strone, Chronic Urinary due to common Kidney and Bladder Irritations, try CYS-TEX for quiet, refreshing, comforting help. A billion CYS-TEX tablets used in past 25 years prove safety and success. Ask Druggist for CYS-TEX under satisfaction or money-back guarantee.

Warmup Due After Two Days of Dust
 With Spring like temperatures, this area can expect sun filled skies the next two days, the weatherman said today.
 Fair and mild is the forecast with high temperatures both days in the middle 80's. The warmup followed two days of relative low temperatures after a cold front passed through this area Monday bringing some rain Monday night and dust for the past two days.
 Snow that hit the nonhandle Wednesday is expected to keep down dust the next two days.

PURINA SOW and PIG CHOW

The average hog man already has an investment of 2¼ bushels of corn in every pig the day pigs are farrowed. But the man who feeds his sows Purina Sow and Pig Chow on the Purina Program has an investment of only 1 bushel of corn per pig when pigs come—that's a difference of a couple of dollars per pig to start with.

Here's why—Purina Sow and Pig Chow has everything sows need to keep them up in condition and help them to grow and farrow big litters. Purina Farm farrowing records show better than 3 more pigs per litter than average. Many Purina Program feeders get equally good results.

And sows are ready with lots of milk... to start them right. Let us tell you more about Sow and Pig Chow and the Purina Hog Program. Come see us soon at Your Store with the Checkerboard Sign.

ROUND-UP on the CAMPUS at Ranger Junior College

Jimmy Bonney, ex-student at R.J.C. has found a new interest at the girls' dormitory. Miss Jo Ann Crider is singing "One Dozen Roses" these days. Jimmy is a student at T.C.U.

Lynn Roberts — of the U.S. Navy and Ranger ex-student is home on leave. He is dividing his time at Vernon and at R.J.C. Miss Rhodia Reed is all smiles. Lynn and Rhodia visited Marshall Camp in Brownwood on Sunday.

Della Joiner accompanied Glenn Clifton and his family on a trip to East Texas. Mr. and Mrs. Clifton brought the students back to Ranger on Sunday.

Lyla Pearl Houston is wearing a beautiful new engagement ring. Weldon Cunningham — former student at R.J.C. is the lucky fellow.

Miss Arlena Ash is having double trouble these days. One old love from the Armed Services makes his appearance just as Arlena is giving a lot of her time to a very nice A.C.C. student.

Floyd Hacker has added expenses this month. A new car plus

a big telephone bill to Eastland — and cute Nancy Hamilton to entertain in Ranger.

Roddy Carter reports the busiest weekend of his life — being best man for Jerry was a terrific strain on the champion basketball star.

Lanell Rowell will go to Fort Worth this weekend to take twirling lessons from a professional instructor.

Seldon Wood, number one handyman around the girls dormitory, is always looking for extra jobs at no-visit hours. Mrs. Jamerson thinks his willingness to be so helpful could be influenced a bit by lovely Beverly Carey.

Billy Huff came sporting down in a beautiful new station wagon and some very lucky R.J.C. students got rides home to Vernon in real style.

Dr. David Norton administrative assistant at Ranger Junior College and director of the Breckenridge Branch, will be guest speaker at the Junior-Senior Banquet at Strawn on Thursday evening.

Dr. Price Ashton and Dean Russell Webb are attending the Texas Association of College Presidents and Deans in Austin on April 14-16.

Mrs. Mamie Ruth Hamrick had as her Easter guests her four lovely little granddaughters from Lubbock.

Dr. and Mrs. Grady Tice took an Easter trip to Hot Springs, Ark. with friends from Weatherford.

Helen Jean Parks Circle Meets In W. G. Myers Home

The Helen Jean Parks circle met Tuesday morning at 9 in the home of Mrs. W. G. Myers. The meeting was opened by the circle chairman Mrs. Walter Arterburn.

The invocation was led by Mrs. Arterburn.

Mrs. Wilson Guest gave the first chapter of the new missionary book entitled "Missions in the Bible," by Dr. J. B. Lawrence.

Those present were Mrs. Ronald Pruet, WMU president, Mmes. Walter Arterburn, Guest, and hostess Mrs. Myers.

700,000 HAVE CANCER
The American Cancer Society estimates that about 700,000 Americans are now under treatment for cancer. Support the 19-55 ACS crusade by giving a generous donation.

Powell-Heath Engagement Is Announced

The engagement and approaching marriage of Miss Sudie Opal Powell to Jackie Lee Heath has been announced by her parents, W. Powell and Mrs. Viola Du Bose. The groom-to-be is the son of Mr. and Mrs. W. H. Heath.

LOOK WHO'S NEW

Mr. and Mrs. Olen W. Crenshaw of Ranger announce the birth of an 8 pound 8 ounce boy, James Allen, at 3:45 a.m. Thursday, April 14 at West Texas Hospital.

HOSPITAL NEWS

Mrs. J. D. Johnson is a new patient at West Texas Hospital.

New admissions at Ranger General Hospital include: J. O. Harris, Cisco, medical; Mrs. E. W. Williams, Ivan, medical; Mrs. Pearl Jackson, Ranger, medical; Mrs. Sam Seay, Ranger, medical; and Frank Ainsworth, Ranger, surgical.

Mystery Mocha Cake — Dessert with a Touch of Abracadabra!

Do you find, somehow, that an air of mystery is just about the hardest thing in the world to impart to your baking activities? Cockey, these days, is a brisk and business-like affair. But sometimes, it's fun to baffle the family with a mottored "abracadabra" and a mysterious culinary effect. When this Houdini-like mood steals over you, that's the time to set the stage for a Mystery Mocha Cake.

Begin your act by inviting everybody into the kitchen and showing them that you have nothing up your sleeve. Then let them observe you pouring a perfectly plain cake-batter into an everyday, unmythical ring mold. Sprinkle sugar and cocoa on top before their very eyes. Then boldly pour a cup of coffee over all before you pop the cake into the oven.

When the baking is finished, just turn the cake out with a dramatic flourish. There's the cake, and lavishly and deliciously distributed over it is a thick, rich mocha sauce. Who made it? You didn't, and they didn't! It made itself! In addition

to being lots of fun, this is really the most labor-saving way to make a sauce we have ever heard about. Coffee-ice-cream piled high in the hollow center of the cake after it is turned out onto the serving platter makes this the most "a la mode" mystery around. And we can assure you that it's truly luscious. You'll need a generous pot full of hot, fragrant coffee, to "go with" of course.

Mystery Mocha Ring

1 pkg. spice cake mix
1/2 cup brown sugar
1/2 cup sugar
2 tablespoons cocoa
1/4 cup strong cold coffee
1 quart coffee ice cream
Prepare cake mix as directed on package. Spoon evenly into well-greased 10-inch ring mold. Combine brown sugar, sugar and cocoa and sprinkle over cake batter. Pour coffee over all. Bake in moderate oven, 350° F., 50 to 60 minutes. Invert at once on large plate, preferably with a "well" to receive sauce that forms during baking. Fill center with coffee ice cream. Serve at once. Makes 8 to 10 servings.

First Methodist Revival Meeting To Include Breakfast Next Week

Revival services at the First Methodist Church will begin Friday evening at 7:30 o'clock. Rev. Weaver, the pastor, announced that several committees have been at work for several weeks planning for the revival and interest is mounting each day.

The revival will climax several weeks activity that began in January. Rev. Ervin Gathings, pastor of the St. Luke's Methodist Church in Fort Worth, will preach the sermons. Rev. Gathings is a graduate

of Texas Wesleyan College. He received a Bachelor of Divinity Degree from the Perkins School of Theology at Southern Methodist University. He has served as associate pastor of First Methodist Church in Fort Worth, pastor at Moody, Grandview, and Cleburne prior to going to St. Luke's in Fort Worth.

Rev. Jack Payne, pastor of the Ferris Heights Methodist Church in Waxahachie will lead the song services for the revival. He is a graduate of Texas Wesleyan College and the Perkins School of Theology at Southern Methodist University. He has served pastorate in Fort Worth, Santa Anna, and Waxahachie. He is an excellent song leader and has assisted Rev. Weaver previously in revival meetings.

Morning services at 7:30 o'clock will begin Monday, April 18 and continue through Friday morning April 22. These worship services will include a full breakfast at 7:00 a.m., song service at

7:20 a.m., preaching service at 7:25 a.m., concluding at 7:45. They are designed to enable worshippers to include the service in the regular daily routine. The public is invited to participate in this revival meeting.

HOME FOR EASTER
Weekend guests in the home of Mrs. R. L. Hamrick and Mr. and Mrs. F. E. Langston were Buddy Hamrick, home from Trinity University in San Antonio; Mr. and Mrs. F. E. Langston, Jr. of Dallas; and Mary Ellen, Suzanne and Margaret Rhoads of Wilson, Tex. Suzanne remained here to visit this week.

Legion Auxil. Meets In Eastland Number Attend From Ranger

The American Legion Auxiliary, Dulin - Daniel Unit No. 70, of Eastland, held its regular monthly meeting at the American Legion building Monday night. Mrs. S. F. Owen, Auxiliary president, called the meeting to order.

Air Force Allows Six Months for Re-Enlistments

The United States Air Force has announced a new re-enlistment program with special inducements, according to Sergeant Grady Hoyle, local Air Force recruiter.

Under the new plan former airmen who are qualified and technically trained in specified specialties, may now enlist in their permanent grade held at the time of separation and be concurrently promoted to any temporary grade held at that time, provided they enlist within six months from the date of their separation.

Under the former plan, airmen were required to re-enlist within 90 days. The date of grade will serve as the date of enlistment under this plan.

As of this date there are 108 Air Force specialties included in the list of shortages now existing in the United States Air Force.

For further details and a list of the Air Force specialties qualifying men and women for this opportunity, contact Sgt. Grady Hoyle at Eastland Courthouse or your nearest Air Force base.

Others attending from Ranger were Mmes. C. R. Williams, Luna Lane, E. J. Greer, H. C. Croom and R. C. Johnson. Refreshments of coffee and doughnuts were served to the guests and members.

The group was honored with a visit by a number of members of the American Legion Auxiliary from Ranger. Mrs. A. H. Powell, Auxiliary president of Ranger, gave an interesting talk regarding the coming spring convention of the American Legion and Auxiliary in Ranger, April 23-24.

Income Tax Deadline Day Is April 15

B. M. Smith, administrative officer in charge of the Eastland Internal Revenue Service office, cautioned taxpayers of the North Texas area that April 15 is not only the deadline for paying 1954 income taxes but is also the final date for filing an estimate of taxes for 1955.

A large number of taxpayers are required to file an estimate. Last year, 121,954 estimates were filed by North Texans.

As a general rule, taxpayers in business for themselves must file. Wage earners who have income on which withholding tax has not been paid must file.

"Taxpayers must file their estimated tax return by April 15, 1955," Mr. Smith said. "It should be delivered or mailed to the District Director of Internal Revenue for the District in which you expect to file your 1955 income tax return. Your estimated tax may be paid in full with the declaration or in equal installments on or before April 15, 1955, June 15, 1955, September 15, 1955 and January 15, 1956. The first installment must accompany the declaration."

As a general rule, taxpayers in business for themselves must file.

Wage earners who have income on which withholding tax has not been paid must file.

"Taxpayers must file their estimated tax return by April 15, 1955," Mr. Smith said.

It should be delivered or mailed to the District Director of Internal Revenue for the District in which you expect to file your 1955 income tax return.

Co. Chapt. ARC Conducts Home Nursing Course

The first class in the Home Nursing Course being conducted by the Eastland County Chapter of the Red Cross, met at 2 p.m. Monday at the City Hall in Eastland.

The following women from Morton Valley were present Mrs. Clifton Beck, Mrs. Wince Graham, Mrs. Claude Harris, Mrs. John H. Nix, Mrs. O. E. Dunlap, Mrs. Benson, Mrs. Hub Lewis.

The three members not present were Mrs. Tommy Alford, Mrs. Arngrove and her daughter.

Those women will make up the first class so that they can complete the course by April 22 along with the rest of the class.

The class is taught by a Red Cross volunteer instructor, Mrs. Bill Tucker of Ranger.

Extension -

(Continued From Page One) it will be limited to 30 days' supply of feed instead of 60 days as formerly and that this program covers only surplus feed grains and thus does not include hay.

"This will mean a lot of savings to the farmers and ranchers," Mr. Powell said. Applications will be made through the Farmers Home Administration office, second floor Eastland National Bank Building with George I. Lane.

Fifth Grade Students Visit Many Places of Interest On Field Trip

The fifth grade students of Young School made a field trip last Friday, including various places of interest in Ranger and Eastland and a picnic lunch in Eastland park.

First, the group visited the Southern Ice Plant and were shown how ice is made.

Then they made a tour of the Ranger Times office and learned how the newspaper is printed.

They were shown where and

how their science work books are made. They also went through the Southwestern Bell Telephone office where Mrs. Abraham explained how a phone call is handled.

After making a tour of the local depot, the group boarded a train for a trip to Eastland, accompanied by Mrs. M. W. Herweck. They were shown through the train by the assistant superintendent of the district of the T & P Railroad.

Following this they were taken through the county jail and shown the different cell blocks and the jailers quarters.

Then "Pop" Garrett, County Superintendent, took the group to the Corner Drug and bought them all double-dip ice cream cones, as a climax to a fulfilled, educational day.

BETTI'S BUDGET of HELPFUL HINTS

Onion soup is on the menu in the smartest places—and it's something you can make easily at home. We suggest a topper of toasted cheese bread cubes. Add cheese to the top of each bread cube, bake in the oven of your gas range, bake just before serving the hot soup, top it with the cubes. It's delicious.

If there's a shiny chrome oven in your new gas range, you can keep it like new by following this bit of advice: Avoid unnecessarily high temperatures for cooking meats. It will save the chrome—and the meat. Make a habit of wiping out the oven with a rag wrung out of clear water, every time the oven is used.

To be well-baked, all a cake asks of a cook is this little attention: press its top surface lightly with your finger before removing it from the oven of your gas range.

Wash ash trays often in hot soapsuds to remove those stale tobacco odors.

It's about time to clean and store woolen blankets, first, measure both length and width—write 'em down. Check for spots; sponge suds into each, and every one. Fill your washer with warm, not hot, water, soap and head bluing and soak blanket about 15 minutes.

Mrs. Warford Is Hostess To New Era Club

"Christianity and the World" was the program topic Wednesday at 4 p.m. when members of the New Era Club met in the home of Mrs. A. W. Warford. Mrs. Howard Oliver was co-hostess.

During the business session, presided over by Mrs. Glenn West, plans were made for a bake sale to be held April 16 at Figgy Wiggy.

Members answered roll call with biblical quotations.

In appreciation of the late Mrs. Fred Baumgardner, a former member of the club, Mrs. W. A. Lewis gave personal reminiscences and read a poem in tribute to her. Others on the program were Mrs. J. L. Turner whose subject was "Billy Graham, Modern Crusader," Mrs. Arthur Deffebach spoke on "World Council of Churches."

Salad plates were served to the following members during the social hour: Mmes. Lloyd Bruce, W. F. Creager, Arthur Deffebach, Vernon Deffebach, Myrtle George, N. E. Landers, B. S. Dudley, Jr., B. S. Dudley, Sr., E. R. Green, Lewis, W. W. Mitchell, Alex Robinson, Turner, Buck Wallace, West, J. T. Roberson and the hostesses, Mmes. Warford and Oliver.

Rebekahs Meet Tuesday Night

Members of the Rebekah Lodge met in regular session Tuesday evening, with Noble Grand, Eleanor Horton, presiding.

Reports were made on sick members.

During the business session, a letter was read from Opal Berry of Brownwood, new district superintendent.

A committee was appointed to meet Thursday evening with the Oddfellows to complete plans for family night, April 22, which will be a covered dish affair.

The Team Captain, Lillie Wilson, requests that all who can go to Graham for the Association April 28, be at the hall at 6 p.m. Saturday evening for practice.

Present were: Eleanor Horton, Gertrude Gideon, Alberta Miller, Mattie Cox, Lena McDonough, Sudie Strong, May Smith, Clara Ivey, Ruby Greer, Callie Lee, Mabel Greer, Viola Law, Lillie Wilson, Eula Blackwell, Edna Huffman, Marvin Wilson, Jesse Smith, Bill Rainwater and a visitor, Lulu Williams.

Facts For Drivers

By members of the Drivers Training Class at Ranger High School. This column will be prepared and printed in the Times each Thursday.

DID YOU KNOW THAT...

A driver must: Stop when approaching a school bus, from any direction, if children are getting on or off. After you have stopped, you may pass at a safe speed, not to exceed 10 miles per hour.

Stop at any red light. If it continues, you wait until it changes. If it is blinking, you drive on after making sure that the way is clear.

Stop not closer than 15 feet of the nearest rail of a railroad crossing if any kind of signal device is working. Be sure that the way is clear before crossing.

Stop at any intersection where a stop sign is erected.

Stop at once in case of any accident, regardless of how slight. For failing to do so, you may be charged with "hit and run driving."

Slogan for the week "Be alert, don't get hurt."

One of the American Cancer Society's chief goals is to improve services to needy cancer patients.

Mrs. Hardy Hosts WMS Circle Meet

Members of the Vivian Hickerson circle of the First Baptist Church met in the home of Mrs. Judson Hardy at 9 o'clock Tuesday morning.

Mrs. Marshall Jolly opened the meeting with prayer and conducted the business session.

The first chapter of the new mission book was reviewed by Mrs. Charles Layton.

Refreshments were served to four members present.

Posse's Biggest Meet On April 21

Planned as the biggest meeting of the newly-organized Eastland County Sheriff's Posse, an 8 p.m. session will be held April 21 at the Courthouse.

Secretary H. B. MacMoy has requested every newspaper in the county to give the next-week session extensive publicity and for each of them to send a representative to the meeting.

Presently a campaign to get in charter members is at its peak, since Apr. 18 is the deadline for setting on the roster with such a rating.

"We would like very much to have 75 charter members — and grow from there," said Capt. Bill Hoffman of the posse.

Secretary MacMoy said that the figure stood at 34 last meeting night, "but," he added, "I know that others are coming in, right along; just how many, I haven't learned as yet."

Next Thursday's meeting will be an occasion for adopting a constitution and by-laws and a request for a charter will be sent to Austin. When the charter is authorized, members will be issued their posse badges.

Cancer Drive Helping Hand Due Sunday

Cancer Control Sunday will be observed in Eastland County Sunday as the spiritual highlight of the American Cancer Society's current crusade against that disease, an announcement from its headquarters in Eastland said today.

Leaders of all faiths throughout the nation, on this date, will devote special programs, sermons and prayers to the problem of cancer control.

The religious approach to the menace of cancer has been an inspiring feature of Cancer Control Month in past years. It was pointed out by the Rev. Jackson C. Oglesby, pastor of First Methodist Church, who is crusade chairman for Eastland, and by Mrs. John Love, Rt. 1, Ranger, chairman of the county communities committee for Eastland County, and oth-

ers working on the crusade. "This religious aspect of the crusade against cancer, with its message of faith and hope, will be stressed in local pulpits and those special services will be dedicated to all those engaged in the struggle against the disease which now ranks as America's number two killer," it was announced.

In Eastland County the "neighbor-to-neighbor" crusade will be held April 20-21. Mrs. D. L. Houle and Mrs. H. B. MacMoy are today placing Cancer Crusade posters in the shop windows in Eastland and Cancer Crusade literature will be distributed at the Second District, TFWC, convention in Eastland, Monday and Tuesday, by Mrs. Joseph M. Perkins, vice president of the Texas Division of the American Cancer Society and a member of the national board of directors of the society. Mrs. L. E. Dudley of Abilene, president of Texas Federation of Women's Clubs, who will be an honored guest at the district convention in Eastland, is also a member of the executive committee of the Texas Division of the American Cancer Society.

NEWS FROM DESDEMONA

By Mrs. Ethel A. ... Bob Koonce, who underwent major surgery in the Gorman hospital more than two weeks ago and had been home for a few days, has been returned to the hospital for further treatment and is expected to be home again this week.

Mrs. Floyd (Blackie) Foreman of Ranger was returned to the hospital at Gorman early Sunday. Mrs. Foreman are the proud parents of a new baby girl, Linda Sheril, born at Gorman last week. Mrs. Foreman is the daughter of Mr. and Mrs. Fazel Lewis.

Mr. and Mrs. Atlas Wall of Grand Prairie were Sunday visitors with the Fazel Lewises. Mr. and Mrs. Neal Maltby of Kingsville were week-end visitors here with his parents, Mr. and Mrs. Charles Maltby. Mrs. Hugh Abel left early Sunday with her daughter, Mrs. S. W. Walker, to spend the week-end in

Odessa with the Walker grandchildren, Roger and Scherry, who have the measles. Mrs. H. C. Abernathy has been told by her doctor that she must spend a week in bed for rest and treatment. Mr. and Mrs. Robert Myers of Fort Worth and Mr. and Mrs. Earl Scott and son, Mark of Andrews, spent the Easter holidays with their parents, Mr. and Mrs. Raymond Joiner.

The Virgil Branhams of Lamesa were recent visitors with his parents, the Floyd Moores. Mr. and Mrs. W. H. Davis were in Langsville Sunday visiting with their daughter and family, Mr. and Mrs. Aaron Hensley, Sandra and Aaron Hensley Jr.

Mr. and Mrs. Matt Wilcoxson and children of Odessa and Mr. and Mrs. Mack Keith of Marabana spent the Easter holidays here with relatives.

Mrs. Ethel Keith spent Sunday afternoon in Dublin with her mother, Mrs. N. S. Partain.

Mr. and Mrs. Floyd Moore are busy adding coars-room to their home.

Mrs. Horace Kullenberg and son-in-law and daughter, Mr. and Mrs. Billy Alf of Austin, were visitors last week in the Fazel Northcutt home. The Alf's made a trip to Duncan, Okla., on business.

Mr. and Mrs. Kenneth Wille were home this week-end with their parents.

Among those attending the funeral of Little Kyle Duke in DeLeon Saturday from here, and visitors from other places, were Messrs. Roy Guthery, Hilery Search, Gordon Tate, Hugh Abel, Ethel Keith, and Mrs. Matt Wilcoxson, Mr. and Mrs. Bill Greenhaw, Mr. and Mrs. Kenneth Wittie, Bobbie Purleson and Mrs. Fazel Car and daughter Lavada and Mr. and Mrs. Jim Dishman.

Mrs. Vesta Richards and daughter, Billie, spent a few days during the Easter holidays with her mother, Mrs. C. H. Genoway and family.

Hardy Tidwell made a trip to Rudosa Monday to deliver turkey points and Mrs. Tidwell was in Tyler Tuesday, to deliver poultry.

Mrs. Bobbie Gleason and children and Miss Lou Nelle Allen spent the week-end in Breckenridge with Mrs. Wiley O'Neal.

The Scottie LeMasters of Dallas and the Glen Maltbys were here the past week-end.

Mr. and Mrs. C. H. May spent Sunday in Brady with Mr. and Mrs. Ernest Key and children.

(Editor's Note: This is another in a series of articles prepared for farm families by R. R. Tuley, Jr., District Manager of the Social Security Administration office in Abilene.)

The self-employed farmer, rancher, or cotton ginnee will begin to have in 1955 the same sort of protection for himself and his family against income loss by reason of old age or death that other self-employed persons gained in 1951. The old-age and survivors insurance provisions of the Social Security Act have a purpose that might be summed up in this short phrase: "Replacement of a portion of a lost income where the loss is caused by old age or death. Later articles will deal with how large a replacement is possible, and to whom such payments are made.

Large corporations have intricate profit and loss statements and batteries of accountants busily engaged in compiling them. Most merchants maintain rather detailed records of inventories, receipts, losses, etc. What sort of records must the farmer keep in order to know whether he must make a special social security report in 1956 on his 1955 earnings?

There are no set rules or particular bookkeeping systems prescribed by the law. However, the records, of whatever nature they may be, must be sufficiently complete to support a finding that there was or was not a net profit for the year. And, to keep his social security protection in force even though drought or other had years, the farmer who has a gross income of more than \$1800 may claim credit for either his actual net income or a special figure of \$900 if he failed to net that much. The farmer whose gross income is

below \$1800 may also take social security credit for either his actual net income or one-half of his gross income, but here that figure must be at least \$400 or no social security credit is possible. Farmer A grosses \$3700 but his true net profit is only \$500 — he can legally report \$500 or \$900. Farmer B grosses \$1700, but nets only \$500 — he can report either \$500 or \$850. Farmer C grosses only \$799, and nets less than \$400 — he can have no social security credits for that year.

Later articles will give more details, or if you prefer to write us a card or letter, we'll send you our freebooklet, "Facts for Farm Families." Our mailing address is Social Security Administration, Abilene, Texas.

Remember, the records of the self-employed farmer must be complete enough to show his gross income from his farming operations, his operating expenses, and finally, his net profit. Income from renting out a pasture, or a part of the farm itself, on a true rental agreement does not count toward Social Security credits for the farm owner. Only income traceable to actual operation of the farm or ranch can be used in building up a social security account.

Completing and mailing the coupon below will bring you even more details on just what this new Social Security coverage will mean to you and your family. Social Security Administration, Abilene, Texas.

Please send me the free booklet, "Facts for Farm Families."

Growth and Problems are Twin Companions—
... and go along together in the evolution of Progress. Two years ago in a Western city we witnessed the processing of 4400 County Clerk documents into the records of a large title plant. Every day it was the same. Every instrument filed added another entry to someone's abstract and another problem to the abstracter who processed it. And as we walked away we thought of our big responsibility in preserving your title records even in this small county. Yes, it's a problem, but Progress in action!

EARL BENDER & COMPANY
Eastland (Abstracting since 1923) Texas

CITES ROAD NEEDS

WASHINGTON—National unity, the nation's economy, and ultimately its defense hinge on the development of a national road program. Testifying before a Senate Subcommittee on Roads here James J. Nance, president of the Automobile Manufacturers Association, said that these modern highways would be supplemented by new farm-to-market and feeder roads which were an economic necessity and a capital investment in our own future. Nance, who is also president of Studebaker-Packard Corporation, urged consideration for the two major aspects of the President's program: (1) Full modernization of the vital 40,000-mile interstate highway system and (2) completion of the entire plan within 10 years.

Most of us never go inside a courtroom, unless perhaps to pay a traffic fine. Yet things take place there that vitally affect the way we live. That's why we believe that justice must be done in "open court" where all may see. Why not visit a court soon, and see what goes on? The judge who conducts the trial will be glad to have you present. He sits on the "bench" behind a big desk. His job is to see that each party gets a fair hearing, to keep order, and to instruct the jury in the law, or to decide the

case if there is no jury.

The jury sits in the jury box to one side of the judge. The jurors swear to consider well and impartially all evidence. The witnesses who sit near the bench swear to tell the truth. They may be examined and cross-examined by the lawyers for the two parties.

The two parties in a trial are the "plaintiff" and the "defendant." In a civil action, the plaintiff complains that the defendant has infringed some of his rights. He seeks "relief." He usually wants the court to make the defendant pay damages for the harm he has suffered, or believes he has suffered. In a criminal trial the "state" is the plaintiff, represented by the district or county attorney.

Besides the clerk, the marshal or bailiff, and the shorthand reporter, you will find in your courtroom two vital things — the press and the public.

The newspapers and the public are represented in the courtroom for the same reason. Justice is public business, for what takes place in the court may affect everybody in the land. The pages of law and justice tell of the long

fight to open the doors of the courts. They are open now!

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Countian Has Long Service In Red Cross

The Red Cross was born in the spirit of the volunteer and without the volunteer could not exist.

At the end of the War when the sun rooms were no longer needed, the furnishings of the Sun Room were divided and given to Ranger Junior College and Cisco Junior College. This decision was made knowing that many veterans would be attending these two colleges.

Mrs. Croom is now and has been for many years a member of the Eastland County Red Cross Chapter Board of Directors. She is also serving as the Red Cross representative on the Board of Directors of the Ranger Community Chest.

This gracious lady has done many more things to help her community that she was too modest to mention. For instance, it is known that she has been a member of the Methodist Church for 56 years, has been a regular choir member for a long time, a member of the Eastern Star for 47 years, holds an officer position in the American Legion Auxiliary, served as a local and County IFA officer, served as a member of the board for the Ranger Community Library, as an officer in the Civic League, assists in all elections held at the City Hall and numerous other endeavors; however, her greatest pride is in her fine family.

Her husband, H. C. Croom, was an oil driller before he retired. He worked in Eastland County all during the boom and was one of the first drillers for the Hog Creek Oil Co. of Desdemona. They have six children: Bernice Brewer of Marlin, Lionel Croom of Artesia, N.M., Maurice Griffith of Ranger, Mary Smith, of Fort Worth, James Croom now living in Refugio and Lewis Croom of Midland. They also have 10 grandchildren.

Mrs. Croom is a busy, useful citizen who somehow finds time to help in all worthwhile projects. She said she enjoys her Red Cross volunteer work because it means sharing in the work of people helping people.

In 1917 a Red Cross instructor came to Strawn to conduct and supervise classes in surgical dressings and hospital garments. From one of these classes, Mrs. Croom was selected to supervise and organize other classes. She and her groups made many thousands of dressings and packed and shipped these with many hundreds of other needed hospital supplies for use of the men serving in World War I.

Mrs. Croom and her family moved to Ranger in 1937 where she immediately began helping in many types of Red Cross work. She served when her services were needed, including the annual Roll Call each year.

During World War II Mrs. Croom worked many hours in the Red Cross work room. She also served as Red Cross Camp and Hospital Chairman for Ranger, Eastland County Red Cross Chapter, together with other adjacent chapters, organized to help meet the needs of the servicemen stationed at Camp Bowie, Brownwood. Chairman of this service met in Eastland monthly and went to camp Bowie by chartered buses. There they discussed the needs of the hospitalized servicemen with the Red Cross volunteers and paid staff members. Each Red Cross Chapter represented accepted an assignment to supply the needed articles. Mrs. Croom vividly recalls that one time Eastland County Chapter was requested to supply musical instruments and records, also a request to completely furnish two sun rooms for convalescent patients. She also helped in securing Christmas gifts for each patient. She asked everyone and all organizations to help in making ill servicemen more comfortable. All the churches and organizations and many, many individuals of Ranger helped Mrs. Croom to achieve the success of the Ranger unit of the Camp and Hospital Program.

FAMOUS TEXANS' RECIPES

"Fancy Dressing" Bows to Skill In Senator's Favorite Selection

Fort Worth— "As all good cooks know, beef does not need camouflage," says United States Senator Price Daniel, "but all the skill of good cooking should be brought to bear on retaining its good flavor and natural juices."

"And Mrs. Daniel is one of the best cooks in Texas," he tactfully maintains.

Roast beef is very popular in the Daniel home for family meals and buffet suppers, and a special favorite of the Senator's and his four 'little Daniels.'

The family recipe for roast beef with "locked-in flavor" was provided the Texas Beef Council by Mrs. Daniel, a resident of Liberty, Texas. It will be included in the educational council's recipe book, now in compilation.

Care in selection of the roast is an important factor also, Mrs. Daniel says. She recommends the tender rump, loin tip, or rib roast for best results.

Now is an especially good time to try Mrs. Daniel's recipe, according to the Texas Beef Council, because cattle that have been fed on corn and other grain during the winter start to market in large numbers during March. Characteristics of the young, carefully fed beef cattle are juiciness, tenderness and flavor.

For six generous servings, select a five to six pound beef roast, rub it with salt and pepper, and slit it in eight places. Quarter two cloves of garlic and insert them in the slits.

Preheat the oven to 325° and roast the beef in a constant 325° oven until the desired degree of doneness is reached.

"We like ours well done," Mrs. Daniel says, "so I cook it 30 minutes per pound." However, rare roast beef requires only 18 to 20 minutes per pound and medium doneness can be obtained by roasting it 22 to 25 minutes per pound.

"For added crispness which my family likes, I remove the foil and brown the roast 20 minutes before serving," she concludes.

ATOMS FIGHT CANCER

Radioactive isotopes from atomic furnaces aid in treating some cancers, in locating others, and as tracers in basic cancer research, supported by contributions to the American Cancer Society.
