

Herman Cupp New Rotary President

In a regular weekly meeting of the Rotary Club Wednesday at the Ranger College Cafeteria, Herman Cupp was elected President. Other officers elected were Roy Plumley, Sr., 1st Vice President and program chairman; Garland Greenlee, 2nd Vice President; and Dewey Cox was re-elected Secretary and Treasurer. Out-going officers were Alver A. Simmans, President and Rev. Lively Brown, Vice-President and Program Chairman.

The Board of Directors set a meeting for Tuesday at Tom and Jenny's Cafe (formerly King's Cafe) to discuss projects for the coming year.

The program was brought by W. T. Eaton, manager of Ranger Lone Star Gas Company. He gave a brief sketch of the gas industry. In his talk he stated that though Jean Baptiste Van Helmont made some of the earliest contributions to chemistry during the 17th century, he was actually the last of the line who labored in vain to make gold. In the course of his experiments he came close to discovering our modern fuel gas, but it was nearly 200 years before any practical step was taken to harness his elusive "wild spirit" and to make it serve a useful purpose.

On May 18, 1804, Frederick Albert Winsor, a German, obtained the first English patent for gas making purposes. Winsor claimed that gas could be used for heating as well as lighting. (Continued on page three)

Eternals Win Abilene Talent Show Monday

The Eternals, formerly known as the Teddy Bears, appeared on a talent program in Abilene last Monday and walked away with the first prize of a \$100 bond.

The Ranger group was in competition with nine other bands, soloists and dancers from the surrounding area. Among those performing was Miss Abilene of 1961, who gave a ballet number and the Joe Terry 4. This group recently returned from a two weeks engagement at the Sands Hotel in Las Vegas, Nevada.

The Eternals received much publicity from their appearance and had several inquiries from club owners in Abilene, seeking the group for appearances in their clubs. They also had an opportunity to put in a plug for their new record, recently recorded in Hollywood, California.

Lon Jones To Hold Meeting At Church of Christ

The Mesquite and Rusk Church of Christ announced today that a Gospel Meeting will be held at the church beginning Sunday and continuing through Sunday, July 16.

Mr. Lon Jones, minister of the Eighth Street Church of Christ in Cisco, will be the speaker for each service. Weekday services will be held each evening at 8 p.m. and Sunday services will be held at the regular time.

A spokesman for the church said that everyone was invited to attend.

Carnival To Be Sponsored by Ranger Firemen

Ronald Carroll, Chief of the Ranger Volunteer Fire Department, announced today that the Volunteer Fire Department will sponsor the Big State Carnival Monday, July 10 through July 15.

The big carnival will be located near the National Guard Armory on Highway 80, Carroll said that there would be fun for all ages and invited everyone to attend the show.

A COMPLETE ATHLETIC PLANT—That's what the future plans call for at Ranger Junior College. Pictured is an architect drawing of the new university type track and football field that was started this week at the college. The 440-yard track will be centered with a lighted foot-

ball field and a baseball diamond will be built adjacent to the track. Stadium stands will be moved from the old Ranger Rodeo Grounds and placed outside of the track. The track will be the official 440 yard length with a 220 yard straightaway.

Lion Convention Report Given by D. C. Arterburn

D. C. Arterburn, immediate past president of the Ranger Lions Club, recently returned from the annual convention of Lions International held in Atlantic City, New Jersey. Mrs. Arterburn accompanied him on the trip.

Arterburn gave a report of the convention to the local Lions Club Thursday. Following is his report. Ninety out of 112 countries representing Lionism was in the big kickoff parade or among the 4 watchers on the street. The convention officially opened with the three hour long parade. There were 33 floats, 56 musical groups and 40 Lions districts marching in the parade.

The Texas delegation placed 5th in the Lions marching delegations. In the juvenile band section, the White Oak Band of White Oak, Texas won fourth place.

Some 60,000 people were on hand to watch the parade and among that number were 38,000 Lions and their families. After the parade delegates convened at the Convention Hall to register and get ready for the first business session.

The welcome address was given by Joseph Altman, mayor of Atlantic City. David D. Furman, Attorney General of New Jersey, gave a report on rules and procedures for the convention. The main address was presented by Finis E. Davis, Lions International president.

A very impressive flag ceremony was presented by the 113 nations representing Lionism. Seventy-two nations of the 113, have flags and they were presented in the order of the establishment of Lionism in that nation.

The next two days of the convention was spent by the delegates taking care of various business concerning Lionism and electing of officers for the coming year.

The last day of the convention was opened by the presentation of the new chairman of the Board of Governors and new District Governors for 1961-62. The morning address was given by Mrs. Pearl S. Buck on "A Look at the Far East Today."

After the main address, the new International President, Par Stahl of Sweden was installed, along with Curtis D. Lovill, Gardiner, Maine, first vice president; Aubrey D. Green, York, Alabama, second vice president and Claude M. DeVoss, Kansas, as third vice president.

After the installation ceremony, the 44th International Lions convention was adjourned. Mr. and Mrs. Arterburn reported that they had a very enjoyable trip and took many side trips on their return journey to Ranger.

Mrs. Pruitt Dies In Mississippi

Mr. and Mrs. O. G. Lanier have returned from Midland where they stayed with their grandchildren while their daughter and son-in-law, Mr. and Mrs. Walter Pruitt attended the funeral of his mother, Mrs. Byron Pruitt in Yazoo, Mississippi.

Mrs. Pruitt passed away at her home last Thursday. Besides her son, she is survived by her husband and a daughter, Barbara.

GREEN THUMB—T.A. Munnerlyn, 906 Cherry, can rightly claim the title of tomato growing champion. Munnerlyn has two vine, type tomato plants in his garden and one plant produced a tomato that measured 5 inches across and 4 inches in depth. Circumference measured 14 1/2 inches. The vines are 6 feet tall. Mr. and Mrs. Munnerlyn moved here last September from Del Rio. He is retired and has a beautiful garden as a hobby.

Auxiliary and Legion Elect New Officers

The American Legion and the Ladies Auxiliary of the Carl Barnes Post No. 69 met in separate meetings Monday night and elected officers.

Officers elected for the Post were: Post Commander, Robert A. Patterson; 1st Vice Commander, E. C. Ward; 2nd Vice Commander, Thornton Cooper; Adjutant, J. F. Byas; Chaplain, John Ussery; Historian, Electra Pearson; Service Officer, Ray Williams; Child Welfare, N. E. Huffman; Sergeant-at-Arms, Otto Roehar.

The Auxiliary elected the following: President, Mrs. A. H. Powell; 1st Vice President, Mrs. H. C. Croom; 2nd Vice President, Mrs. J. F. Byas; Treasurer, Mrs. Edward Greer; Secretary, Mrs. Howard Elwood; Sergeant-at-Arms, Mrs. Guy Davis.

After the meeting the Post served refreshments to both the Auxiliary and Post.

School Consolidation Is Opposed By Group Of Ranger Citizens

A group of Ranger citizens have formed an organization opposing the consolidation of the high schools of Eastland County. The group, said that they wanted to give the public a different look at the county school situation and issued the following prepared statement.

"We would like to go on record as opposing the consolidation of the Eastland County High Schools, and make the observation that we do not feel that such a consolidation will take place for many years, if ever. In the beginning, we assumed that since there seems to be no probability that such a consolidation will take place the publicity advocating such a consolidation should be ignored. Second thought has reminded us that recent events in this country have come about due to people ignoring a vocal minority, and that we have been caught in situations which the majority of the people do not favor. We feel that people should speak out for what they think, but also feel that people who oppose certain things should take an equal interest in presenting their thoughts.

"It is our understanding that such a consolidation could not take place without the majority vote of the people of Eastland County, but it is also our understanding that only a few people could sign a petition calling for an election and that the election would be held. We oppose the expenditure of tax payers money to hold such an election since in our opinion this consolidation is being promoted by a few individuals and that there are few people in the county that feel such a plan would be either practical or desirable.

"There have been some arguments by the advocate (or advocates) of this proposal that Abilene has only two high schools and that if they had as many high schools as we have, based on

population, they would have 43. Without checking, we will assume that these figures are correct. We have talked with citizens of Abilene and have been informed that the second high school came about as a result of an increase in population which made the second school an absolute necessity. Such a comparison is foolish when the geographical area is considered. Some of the present school districts in Eastland County are larger in area than Abilene School District. Of course, the reason for such statements or comparisons by the advocates of the Consolidation of County Schools might be to leave the impression that a progressive town like Abilene has a done just what is being proposed for Eastland County. We would like to call attention to something that has not been mentioned—there are eight high schools within twenty miles of Abilene, with some of them being smaller than most of the Eastland County schools. They are: Noodle, Wylie, Clyde, Hawley, Eula, Merkel, Trent and Jim Ned.

There has also been the argument that better education could be provided in schools with larger enrollments. Certainly a wider selection of subjects could be offered but some of the more prominent and clear thinking educators in this country are quick to state that so called "Progressive Education" has set us back further, education wise, than any other one thing that has been done in (Continued on page six)

Ranger College Receives \$51,536 for Improvements

All-Stars Named From Ranger Little League

The Ranger Little League All-Star team was named Thursday night at the Little League Park. Ranger All-Stars will play in the area tournament in Eastland. The tournament will last three days, July 20, 21, and 22. Ranger will not play the first night, drawing a bye. Their first game will be on the night of July 21. Other teams participating in the tournament will be from Albany, Breckenridge, Cisco and Eastland. Ranger's first opponent will be Albany.

All Star team members from Ranger are: Left Field, Blackwell, Giants; Johnny McGee, Giants; Bill Arterburn, Giants; Jerry Watson, Dodgers; Leroy Pearson, Dodgers; Joe Don Gibson, Braves; Bobby Daskevich, Yankees; Dwight Dunn, Yankees; Jackie Wilson, Braves; Duwell Hartsfield, Yankees; Randall Hale, Indians; Joel Jiminez, Dodgers; Bennie Dean Elder, Dodgers and O. J. Caraway, Indians.

Alternates will be: Jimmy Crossley, Yankees; Garrett Lee, Braves; Richard Boone, Giants and Jimmy Battles, Indians.

Bob Galley and Sammy Elder will be managers for the locals. In Thursday night's play, the Giants won over the Indians by a score of 9-2. Johnny McGee hit his fourth home run of the season in this game, and leads the field in the home run department.

Science Department To Receive Largest Benefits

Ranger Junior College has received notice from the Texas Education Agency of the allocation of \$51,536 for the acquisition of materials and equipment and minor remodeling in the fields of science, mathematics, and modern foreign language. The allocation comes under Title III of the National Defense Education Act. The funds given are on a matching basis to be used for such things as purchase of new science laboratory equipment which will include new biology tables, new

chemistry tables, and other modern science laboratory apparatus. In addition, the college intends to purchase a mechanical foreign language laboratory, a mathematics laboratory, tape recorders, records, and other materials of similar nature. Many new volumes for these three areas, science, mathematics, and modern foreign language, will be added to the library. Books and other printed library materials such as charts, pamphlets, magazine, current newspapers and other serial publications that relate directly to the three areas will be purchased. In science editions will include reference books such as dictionaries of scientific terms, encyclopedias of science, reference handbooks, histories of science, biographies of great scientists, science fiction, books or pamphlets related to these subject areas as well as journals, magazines, or other biological, earth, and physical science. In mathematics books and printed materials to be bought by the funds will be reference books such as dictionaries of mathematics terms, handbooks, biographies of mathematicians, histories of mathematics, mathematics tables, formulas and charts, theories of mathematics and mathematics recreation. In the field of modern foreign language to be added are reference books such as foreign language dictionaries, handbooks of grammar, composition and usage for the particular foreign languages, handbooks of information about countries in which the foreign language is spoken; books and pamphlets which include description and travel in the countries in which the foreign language is spoken; all types of literature both in translation and in the foreign language; and current periodicals and newspapers about countries in which the foreign language is spoken.

Brashier Family Gives Large Gift To Local College

The chairman of the citizen's group organized to underwrite the building a remodeling fund at Ranger Junior College announced today that the first contribution had been received by the organization.

A large gift was received from F. P. Brashier Sr. and F. P. Brashier Jr. The sizeable donation by the Brashier family is of great benefit to the college in its effort to make Ranger Junior College one of the best two-year institutions in the State of Texas. Local support of this nature will enable the college to continue its growth, which in turn will be of great benefit to Ranger and the entire area.

The organization also announced that other donations are expected in the near future and would be announced as they are received.

Bank Deposits Show Increase Over Last Call

Bank deposits in the Commercial State Bank of Ranger show an increase over the last bank call of April 12.

The June 30 statement reveals that deposits total \$2,585,025.92, as compared to \$2,375,079.80 last April.

Loans and discounts also show an increase from \$1,070,730 last April to \$1,105,337 at the present.

Total resources at the Commercial State Bank now stand at \$2,642,968.95. (Continued on Page Three)

Blue Sox Take 11th Straight With No-Hitter

Ronnie Hinds, pitcher for the Ranger Blue Sox, hurled a no hitter against Eastland Friday night, for his fourth pitching victory of the season. Hinds struck out 14 batters and walked four.

Ranger collected only two hits in the game, both being doubles by Hinds and Jesse Renteria. The 8 to 0 score in favor of the Ranger team was a much closer game than the score indicates.

The Blue Sox team this year is one of the best teenage teams that has ever been fielded in Ranger and they certainly deserve the support of the town. Only four games remain on their schedule this year, two next week against Eastland and Carbon and the following week they will play two games against the Eastland team. Everyone is invited to attend these last games and give the local team support.

County Dress Review Winners Are Announced

The Eastland Co. 4-H Dress Review was held last Friday night in the American Legion Hall in Eastland.

The setting was a Paris Side-walk Cafe. The girls modeled their garments they made before about 175 people. There were 38 girls who made garments in the 4-H club program this year and they were all very pretty in their new frocks and so proud that they made them their selves.

The women who graded record books were Mrs. Hargus of Morton Valley and Mrs. Waverly Massengale of Flatwood.

Three judges and clothing leaders of Comanche Co. were the ones who judged the construction of the garments. The judges for the appearance judging were Miss Martha Graves of Cisco, Loretta Morris, Eastland, Mrs. Helen Murrell, Eastland, Mrs. James Smith,

Eastland and Mrs. Yonkers of Ranger.

On the Junior Division, Joy Love of Gorman took first place with her red dress made of cotton. The material was a small figured square print made into a simple dress with a square neckline and no sleeves. The skirt was gathered to the bodice and she wore a self made belt. Joy carried a notebook and red apple to complement her new school outfit. Second place went to Ruby Wende of Nimrod for her black and white checked dressy dress. Ruby wore black shoes, gloves, white hat and a string of pearls and carried a blue purse.

Third place went to Linda Cagle of Olden for her skirt and blouse of blue cotton.

In the Senior Division, Mary (Continued on page six)

Austin Report

May I continue the news report that I started last week. Major issues in the field of State finance for the next biennium remain to be settled. However, dozens of revenue-raising measures or proposals were introduced in the Regular Session and considered in some cases only by the Revenue and Taxation Committee, in some cases by the House only, and in some cases by the Senate also. With the vast amount of study and research conducted in recent years on the subject of taxation and with the work which was done by the Legislature in the Regular Session, a substantial groundwork has been laid for the decisions which must be made. The appropriation bill to provide for the support of state departments and agencies and for maintaining and improving services to the people of Texas was considered and passed by the Senate in the waning hours of the Regular Session. The House had no opportunity to consider this bill nor to act upon it. The work already done by the Appropriation Committee and the House, the Finance Committee and the Senate, and by the Conference Committee will mean speedier handling of the appropriation bill at the coming Special Session.

Perhaps the most significant piece of legislation passed in the field of Public Welfare was SB 73, which provides for medical care on behalf of recipients of public assistance. Public assistance recipients will also be benefited by H. B. 38, which increases the amount of money to be allocated from the Omnibus Tax Clearance Fund to the Blind Assistance fund and the Old Age assistance fund. H. B. 654, will encourage blind persons in vocational and business enterprises by exempting earned income from consideration in determining the need for public welfare assistance to persons so handicapped.

Game and Fish—In addition to the usual great number of local game and fish bills, the 57th Legislature passed H. B. 733, which will permit certain incapacitated persons to hunt from motor vehicles under specified conditions. Because of the great volume of this type of legislation passed biennially and resulting conflicts and confusion, the House passed HSR 658, asking the Texas Legislative Council to study wildlife regulation in Texas and prepare a codification of State laws in this area.

Public Schools—The Public Schools continue to receive sympathetic attention from the Legislature. This session, for instance, provided through S.B. 51 for the allocation of professional units by the Texas Education Agency to school districts reporting increases in average attendance, helping to do away with the time lag which has created problems of overcrowding and unacceptably large classes by basing such allocations on average daily attendance for the preceding year. H.E. 107 would permit the re-employment of retired teachers under certain conditions, a measure designed to help relieve teacher shortages in some areas.

Election Code—Several changes were made in the Election Code and a major study and revision of that body of law was requested by S.C.R. 30. This study is to be done by an interim committee with the cooperation of several state agencies, including the Texas Legislative Council.

Administration of Justice—H. B. 351, transferring Shackelford County from the 42nd to 90th Judicial District was passed; this and other similar measures will greatly aid the administration of justice in this part of the State. Your Rep. was a co-author of several bills effecting Shackelford and adjoining Counties. It was my good fortune and

County Escapes Highway Deaths In Six Months

Eastland County retained its record of no fatalities for the year during the past month, but seven persons were injured and a total of 10 accidents were investigated by Highway Patrolmen, Sgt. J. O. Tanner revealed this week.

The seven injuries occurred in three accidents while seven of the smash-ups were non-injury wrecks. Property damage for the month totaled \$6,805.

For the year the Highway Patrol has now investigated 57 accidents. Thirty-two persons have been injured and property damage for the year stands at \$35,293.

Telephone Co. Announces New Farm System

A new farm communications system that combines regular telephone service with an inter-com system for the farm, chicken ranch or dairy farm is being introduced here. Ranger Southwestern Bell Telephone Company manager, announced today.

Known as the Farm Interphone, the system includes a master phone in the house, an extension phone in the barn, milk shed or other farm building, and a two-way long-range loudspeaker outdoors.

Additional extension phones and outdoor speakers can be added to fit the farmer's individual needs.

The Farm Interphone was specially designed to meet the needs of farms, cattle ranches, chicken ranches, and dairy farms. Archer Marx, manager said. "By making it possible to talk between various farm locations, it will save valuable time and steps for users."

Each phone on the system has a control button to change from regular telephone service to inter-com calling between farm locations. Phones are equipped with loudspeaker - microphone units so the user can talk on the inter-com without removing the receiver from the hook.

This feature enables the farmer, for example, to continue working in the barn while carrying on an inter-com conversation with his wife in the house.

Regular phone calls can be held on the line while the inter-com is used to talk with anyone at another location on the farm.

The outdoor loudspeaker-microphone feature makes it possible to talk with persons working outdoors in the farm yard. For example, the farmer's wife can talk to him while he is working outdoors, and he can reply, even though he may be a considerable distance from the sensitive microphone.

"Many adaptations of the Farm Interphone can be made to meet the individual needs of the farmer," the manager said.

Christian Science

Genuine appreciation of the sacrifice and triumph of Christ Jesus must be expressed in daily living.

This is a theme of the Lesson-Sermon on "Sacrament" to be presented at the semi-annual communion service in Christian Science churches Sunday.

Paul's charge to Timothy, "Watch thou in all things, endure afflictions, do the work of an evangelist, make full proof of thy ministry" (II Tim. 4), will be included in the Bible readings.

A correlative citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done" (p. 4).

LIGHT UP... OUT DOORS!

FOR PLEASURE . . .
 You'll have more hours for family fun with proper outdoor lighting. You can enjoy lawn games, outdoor dining or just plain relaxing long after the sun goes down. And you'll find yard work is easier when you can do it in the cool of the evening under the lights.
FOR BEAUTY . . .
 With outdoor lighting, you can enjoy the beauty of your flowers in the evening, too. Over-all low level yard lighting is recommended for a unified picture, plus lights in each flower bed to provide attractive "spotlight" effects.
FOR SAFETY . . .
 Outdoor lighting along steps and walks helps prevent dangerous slips and falls. Flood lights, properly placed, discourage prowlers and permit you to do after-dark chores with daytime ease and safety.
 Your dealer will gladly show you how to light your yard for beauty, safety and convenience. See him about it soon, or visit our office.

County School-

(Continued from page one)
 recent years. It is our opinion that if high standards of performance are required, there is much to be said in favor of smaller schools where more individual attention can be given. We can only speak for the Ranger School system, but we feel that it does offer a program with high standards and any student who desires to go on to a higher education is well prepared to do so, if he or she has taken advantage of the opportunities offered.

"The suggestion that a large consolidated high school would help the economic situation in the county is a unique one and there seems to be false. Such a pro-

cedure as building a school before the people are there is sometimes followed when a large government installation is being planned and where a known number of people will be moved into an area. It is also for a l l o w e d i n o t h e r c o u n t i e s w h e r e people are moved and shifted around without the desires of individuals being considered. The building of schools does and should take place when there is need for such schools due to an increase in population. Another point that should be considered is that the consolidation of all high schools in Eastland County would actually decrease the number of students attending Eastland County Schools and in turn adversely affect the County's economy. With five of the county schools located near the lines of Stephens, Palo Pinto, Erath, Comanche, Brown and Callahan counties, we have both consolidated school districts attending Eastland County Schools plus others attending by transfer.

It is reasonable to assume that if a county school is located thirty miles from a student's home and he can attend a good high school in his own county. That is only 15 or 20 miles, then he will go to the other school. If children attend schools in other counties it is likely that the parents will do their trading in the town where the school is located.

"The financial position of the present school districts has been mentioned. There is no question that we owe some money, but the figures quoted might have been misleading. Ranger School District owes some \$480,000.00 and paying this at the rate of \$18,000.00 per year. According to some of the articles that have previously appeared, Eastland District owes \$125,000.00. This question should be considered—Who is in the better position the district that owes and is paying on \$480,000.00 with more than adequate physical plant and facilities, or the district that owes \$125,000.00 and is faced with the problem of voting bonds to rebuild some schools that are on the verge of being condemned?"

"What is going to take over the indebtedness of the present school system? Who is going to pay for the proposed county high school? We are not aware of the procedure that has been considered on this problem, but without question someone will pay it. If by some political procedure, a part of the present debts are written off to be replaced with an even greater debt, then we are participating in a something for nothing program that we or our children will be paying for years to come.

"We understand the need for consolidation in certain cases, but

County Dress-

(Continued from Page One)
 Tonne of the Nimrod Community took first place with her orange sherbert dress made of cotton wafle pique. The dress was made with a panel down the front with two rows of self covered buttons to make it very smart. The straight skirt and the 3/4 length fitted sleeves added to the neatness of the garment. Mary will be the contestant to represent Eastland Co. in the District Dress Revue on July 20 at Stephenville. Joy Love will go to the Jr. Division.

Second place Jr. honors went to Kathy Ricks of the Scranton Community for her neat dress of cotton made in shirt waist style with long full sleeves. Three white buttons added to the front lines of the garment.
 Third place went to Sharon Donham of Rising Star for her simply made dress of printed pique. The dress was made with a rounded neck line and a simple gathered skirt attached to a sleeveless bodice.

Mrs. Horace Horton narrated the Dress Revue and Dewaine Webb acted as a waitress in the Paris Sidewalk Cafe.

Other girls who entered the dress revue were:
 Simple Skirts—Alto Jo Fowler, Kathy Kincaid, Lela Ann Lee, Janet West and Carolyn Yancy.

NEWEST FARM TOOL, the Farm Interphone, makes it possible to communicate easily with distant locations. One feature is outdoor loudspeaker-microphone which permits conversations between house and farmyard.

NEW FARM INTERPHONE CAN SAVE YOU TIME, STEPS AND MONEY

The new Farm Interphone combines conventional telephone service with an inter-communications system for the farm, chicken ranch, or dairy farm.

By making it possible for you to talk to and from distant farm locations, Interphone can save you steps and valuable time.

The basic Interphone package consists of a master telephone in the house, an extension phone in the barn, milk shed or other farm building, and a two-way long-range loudspeaker outdoors. You can add additional extension phones and outdoor speakers to fit your individual needs.

Phones are equipped with special loudspeaker-microphone units that enable you to talk on the inter-communications system without removing the receiver from the hook.

The Farm Interphone can save you many times its cost by helping you make the most of your time.

It's easy to use. The cost is low. And equipment is maintained in perfect working order at no additional cost.

If you'd like to know more about the Farm Interphone, call your telephone business office. We'll help you plan the system that best fits YOUR needs.

Come On Out And Bring The Children

Ask your dealer about a real cost saving option—Chevrolet air conditioning.

Corvair 700 Club Coupe. A 2-door budget-minded beauty with thistledown handling, rear-engine traction and quick-stepping, sassy performance.

Nomad 9-Passenger Station Wagon. Chevrolet's the full-sized wagon more people are picking. A choice of air to save on from fifty Nomads to thirty Brookwoods.

Bel Air 4-Door Sedan. Priced just above the thriftiest full-sized Chevrolets, Bel Airs give you the full treatment of Body by Fisher craftsmanship.

Impala 2-Door Sedan. Like all Chevrolets, this Impala handles rough roads (or any other kind) with smooth magic.

Summer Savings Now at your Chevrolet Dealer's One-Stop Shopping Center

You'll find the buys even more inviting than the weather at your Chevrolet dealer's now. Because more people are buying Chevrolets than any other make, your dealer can serve up summer savings in extra big portions.

If you like your driving full sized, you can choose from thrifty Biscaynes, people-pleasin' Bel Airs and impeccable Impalas. If you've a yen for a big wagon, Chevy's got six that haul like sixty.

If thrift-size is your size, then Corvair's the car for you. Ten budget-pleasin' models to pick from. And, of course, every Corvair is a driver's delight thanks to the nimble, sure-footed going that's yours with Corvair's superb rear-engine design.

It sure adds up to a lot of happy-driving ways to save, doesn't it? Thirty-one, to be exact. With so much so handy at your Chevrolet dealer's, choosing a new car just couldn't be simpler or savin' er. Come in and see for yourself.
