Mr. Conlan stated, "We are living in the most terrific age in history." He pointed out that it is up to us to protect our heritage, and he posed the question as to whether we are going to have the courage to do something about world conditions. American Heritage Week Programs Well Received

The program and activities of "Our American Heritage Week" planned by Ranger Junior College have been well received, and the project is proving to be both worthwhile and successful.

Dr. John C. Stevens, Assistant President of Abilene College, will speak at the National Guard Armory at 8:00 P.M., Thursday night, on the last of the non-partisan, patriotic programs presented by the college in observance of "Our American Heritage Week." Dr. Stevens, Professor of History, serves as Director of the American Studies Program for ACC. A scholar and a historian, he is a forceful, authoritative speaker, who, with the presentation of Music of Our America by the Ranger High School Band, will be a fitting climax for the week's activities.

The series got off to a good start Monday morning with films and a seminar presented by Freedom Fighters from Fort Worth. Representing the Freedom Fighters were R. J. Muscardini, a Fort Worth building contractor, P. T. Mokritsky, associated with a steel corporation, and Carroll Simmons, of the Fort Worth Fire Department. Mr. Muscardini stressed the fact that we must read to inform ourselves if we are to fight Communism effectively and that we must write our Congressmen to let them know what we want and expect from them. Many students participated in the question period following Mr. Muscardini's discussion, and some have expressed a desire to carry ideas gained back to the high schools from which they graduated.

A crowd of approximately 300 people heard Major General Crutcher, Jr., and John B. Conlan, Jr., of Dallas Monday evening at the National Guard Armory. After showing an Air Force film demonstrating U. S. air power, Gen. Crutcher pointed out that "Communism is an evil religion," and that "we must stand armed to prevent the inroad of such a religion." He observed that armed might may be compared with insurance, saying that "No one knows how much he really needs. Our armed might at this time is poised to defend our belief in God, our human dignities, and the dignities of man from the further inroads of Communism." He stated that he does not think that a nuclear war is imminent, for such a war would defeat Soviet plans to conquer the world, and he added that making us afraid of the outbreak of nuclear war is part of the studied plan of Russia to undermine our strength.

Mr. Conlan stated, "We are living in the most terrific age in history." He pointed out that it is up to us to protect our heritage, and he posed the question as to whether we are going to have the courage to do something about world conditions. He emphasized the importance of the internal check of Communism, a check based on the moral and spiritual values of the individual, and he said that our heritage "will be won or lost by the next generation."

Both Gen. Crutcher and Mr. Conlan also stressed reading to be informed, writing our Congress-

men, and participating in every way possible to preserve our heritage.

Mr. Robert L. Hunt, Jr. A.A.M., appeared on the American Heritage Week program Wednesday morning, and Dr. Morris S. Wallace, Texas Tech, Wednesday evening.

Scott Bailey of Cisco and Wayne Gibbons of Breckenridge, members of the Texas State Legislature, spoke to a crowd of 300 Tuesday evening at the Armory. The meeting was opened with a flag drill and songs by Mrs. N. E. Landers' second and third grade pupils from Hodges Oak Park School.

Representative Bailey in defining heritage stated that it "revolves around the people in it" and that "our government is no better and no worse than the people are." He said, "We have inherited a republic. It's up to us to keep it."

Both Bailey and Gibbons stressed the heritage of freedom bequeathed us by our ancestors and the importance of participation in governmental affairs.

Representative Gibbons used Uncle Sam as the symbol of our heritage. He said, "Uncle Sam was conceived in freedom and with your help will live in freedom. In defending our way of life he said that we should not be afraid of the word capitalism, for there is 'nothing to be ashamed of in capitalism. It brings out the best in people.' Gibbons listed these specific things to do in preserving our heritage: 1. Participate. 2. Understand our laws. 3. Inform our legislators about what we want. 4. Form groups for discussion, and 5. Tell the story of America to our children.

Santaland Now Open At Wards

"Santaland is now open," said C. W. Sooter, manager of the Ranger Montgomery Ward Store, when he announced that the local store has one of the largest selections of toys in the area. Sooter said that display counters have been placed near the furniture department in the store and that they are overflowing with the widest range of toys that have been available in the Ranger store in recent years. He invited parents to bring the children to the store to view the many wonderful toys so that they can "write" Santa and tell him what they want for Christmas.

Cisco Wranglers Blank Rangers Saturday Nite

The Wranglers of Cisco Junior College assured themselves of at least a tie for the Texas Junior College Conference championship when a 28-0 victory over Ranger Junior College last Saturday night at Ranger.

A comparatively large crowd turned out for the game, which was played in crisp fall weather. It was a much better game than the score might indicate with the two teams fighting hard all the way.

Big Steve Howell, the power driving Wrangler fullback, was the top Cisco man as he personally made 133 yards and scored two of his team's touchdowns. He carried the ball 23 times. Phil Graham, a CJC scat-back, gained a respectable 61 yards in five tries, and Jerry Reeves made 79 yards in eight bucks.

Standing out in the Cisco line were Tackle Ralph Widocki, who dealt Ranger QB Dub Higginbotham a lot of trouble, Guard Jimmy Walker and Center Delbert Brewster.

William McAlister, Ranger's fullback was one of the game's outstanding performers. He gained the bulk of his team's net yardage and played a fine defensive game. Also standing out defensively for Ranger were James Potts, Winfrey Shipp and James Lee.

"The first Cisco score came near the end of the first quarter. The Wranglers took a punt on their 38. Graham got loose for 37 yards to the Ranger 21. Howell picked up eight yards in two bucks, and Reeves got loose for 13 yards and the TD. Reeves missed the uprights for the extra point.

Ranger took the kickoff and as the second period opened, they had to punt to the Cisco 29. Gary Josey got 11 yards, and Cisco drew a 15-yard penalty. After Willie Roten hit End Rodney Russell with a 12 yard pass, Howell made a first down in two bucks. Graham got loose for 13 yards, and Howell drove for 20. Josey then went 12 yards and on the next play he went over the goal line. Reeves kicked goal.

After kicking off, to Ranger, Cisco drew a 15 yard penalty to

Mrs. Hal Hunter of Fort Worth Guest Speaker For 1920 Club

The Lone Cedar Country Club was the scene for the fall luncheon, Saturday November 4, of the 1920 Club.

Mrs. Hunter, formerly of Ranger, is an English teacher in Arlington Heights High School. Last summer she and Mr. Hunter visited their son in Hawaii.

Lt. Commander Reid Hunter is stationed at Pearl Harbor, where he is in charge of one of the U. S. submarines. This strategic base at Pearl Harbor has jurisdiction over 10,000 miles of our interest in the Pacific. She commented on the noticeable patriotism of the Hawaiian people, and the happiness they seem to feel now that they are one of the fifty states in the union. Mrs. Hunter also gave interesting and timely information about naval and submarine preparedness.

The tables for the luncheon were appropriately decorated with

autumn leaves and fruit. The speaker's table was centered with a large arrangement of fruit, fall berries and autumn leaves.

There is an Old Chinese Proverb—

... which says that every long journey begins with the first step. Likewise, all achievements require the act of starting. He who never starts, never does, never enjoys, never grows, never really lives! Failures usually follow wrong starts. For example, if one is to deal in real estate, he should start right by getting an abstract with every purchase. In this, he is not only obeying the wisdom expressed in the Proverb, but following the course of many others in this field who have enjoyed successful careers.

HOW AUTOMATIC CAN COOKING GET?

New **GAS** ranges do practically everything but serve the meals

AUTOMATIC "BURNER-WITH-A-BRAIN" maintains any temperature you select. Set it — and forget it... no burned food or boilovers, no pot-watching!

AUTOMATIC CLOCK-CONTROLLED OVEN starts cooking at the time you dial, turns itself off at the proper moment. No need to be a "kitchen captive"!

AUTOMATIC MEAT THERMOMETER regulates heat so that roasts, ham, fowl are done to perfection every time!

AUTOMATIC "OVEN-WITH-A-BRAIN" holds a precise 140° low temperature — ideal for keeping meals warm without over-cooking or drying out.

AUTOMATIC SELF-BASTING ROTISSERIE means richly browned, moist, flavorful results — with no fuss or smoke. (Smokeless closed-door broiling is only guaranteed in modern GAS ranges.)

See for yourself how a new gas range gives you new help (and new time) for creative cooking! Look for the Gold Star Award on the new gas ranges — it tells you they're the very Best buy!

Publisher's REPORT

• People and Things
• News and Views
by JWS

WE ARE GRATEFUL to the many folks in Cisco, Eastland and Ranger who have offered their good wishes since we took over Oct. 30 as publisher of the three newspapers. Operating the three newspapers is a real challenge and an opportunity that we appreciate.

The decision to buy the Eastland and Ranger papers was made easier by the fact that each has a very fine crew. H. V. O'Brien at Eastland and Dwayne Dennis at Ranger and their staffs have the confidence of and are a credit to their communities.

WHEN THE opportunity to acquire the newspapers was first presented to us, we began doing a lot of studying. The three towns have a lot in common, and the three newspapers do a lot of dealing with the same things. By working together, perhaps the newspapers can do things better than ever before. At least, that is the aim.

We did a lot of studying about the future. Finally, we concluded that it would be worthwhile to accept the opportunity and help the good people in Cisco, Eastland and Ranger keep and make the future bright.

EACH OF THE three newspapers will try very hard to be the best home town paper it can. In addition, it will seek to contribute in every way possible to the general cooperation and progress of Eastland County.

A certain amount of competition among towns, schools and communities is healthy. But there are many instances where cities with things in common can accomplish much more by working together.

ENJOYED ATTENDING the football game between the Cisco and Ranger colleges at Ranger last Saturday night. At half-time, a group of some 15 junior girls presented a twirling and marching routine. They have been taught during the past few months by Misses Sandi Halbrook and Donna Drennon, twirlers with the Ranger High School band. The little girls practice on Saturday mornings and occasionally after school.

Misses Halbrook and Drennon were in the press box to play recorded music and to direct their pupils. It all went well, too. And Misses Halbrook and Drennon are due much credit for their work with the little girls.

Miss Halbrook got a good-natured ribbing about her marching with the Ranger High band Friday night. She threw her baton high in the air as the twirlers do, and she lost it in the field lights. The baton fell on her head.

The Ranger schools, by the way, have at their 1st, 2nd and 3rd graders in one building; the 4th, 5th and 6th graders in another, and the others together at high school. And it works good, they tell us.

DROPPED IN Sunday afternoon to join a good many others in playing respects to the CoC officers at Eastland. The offices have just undergone a complete redecorating job, with most of the work being done by volunteers, we understand.

Thanksgiving Is Theme For The Luncheon Club

Ranger members of the Lone Cedar Luncheon Club were hosts with Mmes. E. R. Crawford, T. C. Wylie and Al Larson acting as hostess committee when the club met Friday, Nov. 3rd.

The committee chose a Thanksgiving theme for the decorations.

A lovely tiered arrangement of yellow and bronze chrysanthemums was on the main table. The luncheon tables were centered by gold hurricane lamps with Japanese persimmons resting at the base.

The prizes were won by the following: Mrs. W. P. Watkins of Ranger, bridge; Mrs. T. C. Wylie, of Ranger, door; and Mrs. Paul Woods of Cisco, bingo.

Mr. and Mrs. Al Tune 2nd from Monahan were here over the weekend visiting his aunt, Mrs. Mary Kohler.

Wells, Barker Lead on Defense Against Coleman

Statistics for the Ranger Bulldog-Coleman Bluecat football game last week show that Johnny Wells and Joe Barker were defensive leaders for the night.

CHRISTMAS SUPRISSES FROM PHONELAND

It's not too soon to start thinking about your Christmas shopping list.

If you have as much trouble as I do in selecting just the right thing for those especially close to you, why don't you visit or call our Christmas Phoneland in the telephone business office? You'll find a host of exciting, new and colorful telephone services that are sure to surprise and please.

Here are a few suggestions: A Colorful extension phone for Mother in the bedroom, kitchen or sewing room... or in the den or workshop for Dad. You can be sure a phone for the teenagers will be well received. Choose from a table model, a wall phone, or the lovely little Princess phone with the light-up dial.

For family, we offer Home Interphone. It lets you talk from room to room, answer the door, and take outside calls with out racing through the house—a real step-saver for everyone.

AN UNUSUAL GIFT

Another swell idea for a Christmas gift is something I am sure many of you have had demonstrated to you in our Ranger business office. I am speaking of our newest item, the Bell Chime. Any of your friends would enjoy the pleasant musical tone of the Bell Chime which replaces the old telephone bell. You could pay for it for an entire year for only \$7.85 plus tax.

To announce your surprise, be sure to ask for the free bantam Princess phone to place under the tree. It makes a wonderful child's toy, too.

Why not visit or call our Christmas Phoneland in the business office and order the telephone gifts you want this week?

"HOLD THE PHONE"

Did you know color telephones are designed to give you a place to leave the receiver when you're called away from the phone in the midst of an unfinished conversation?

If you have a handsome wall phone you may have noticed it has a ridge on the top at each side. If you are called away, just hang the receiver over the ridge. This offers two advantages: it gives you a handy place to hold the phone, and it keeps the ringing cord from stretching out of shape and becoming unsightly in your home.

If you have a table model, place the receiver across the front of the instrument just above the dial, so that it rests on the recessed shoulders of the phone base. No need to worry about it falling off—these phones are designed to give you this extra convenience.
