During the month of January the fire department answered a total of 20 fire alarms. Last Wednesday the department swered six r "s, five of which were grass free. On Thornton two more grass alarms were an swered. During the entire was of 1961, the department had only 57 alarms.

January fires included two houses, one chicken house, two car fires, one caterpillar tractor and 14 grass fires.

Chief Isabell urged everyone to please take extra precautions in burning of trash. He emphasized that all trash barrels be covered and the dead grass cleaned from around the bar

INSTALL A MODERN FLAMELESS

Important advantages:

SAFE - NO FLAME

Perfectly safe in any location, an electric water heater has no flame to blow out, no fuel to leak, no pilot light or five to worry about. And the outside of an electric water heater is always cool,

HIGH EFFICIENCY

Electric heating elements are in the water, inside the tank. The tank is completely insulated, even on the bo to prevent heat loss. And no heat is wasted up a flue. You get hotter water faster and it stays hot longer.

LONG LIFE

With an electric water heater, the tank bottom is not subjected to the corrosive action of flames. There are no valves to stick, no moving parts to get out of order. An electric water heater assures you many years of trouble-free service.

INSTALL ANYWHERE

ause an electric water heater requir no flue, it can be installed anywhere in the house, close to the point of greatest use. This saves long pipe runs and consequent waste of heat due to water cooling in the pipes.

..

SUNSHINE CLEAN

With an electric water heater, there are no by-products of combustion to soil walls or ceilings, No unpleasant fumes, No flue to accumulate soot. An electric water heater provides the cleanest method known for heating water.

MODERN — COMPACT

Choose from round or table top mo at your plumber's or appliance dealer Compact round models require only for square feet of floor space. Table a models provide additional counter spa in kitchen or laundry.
