Ever add up what you could LOSE?

You have perhaps often added up what you are

Ever add up what you COULD LOSE? It might perhaps be several times what you are worth.

Example: you may in-jure somebody, and the law may take all you're worth and attach your future income for years to

Example: your house may burn and it may cost you twice its original price to replace it.

Sometime add up all the losses you MIGHT have and you'll see that you are underinsured at many points - against theft, fires, lawsuits, embezzlement, interruption of business, etc.

Gloomy? Well, the purpose of the American Fore insurance policies write is to end this kind of gloomy thinking.

Times Are Changing Fast-

ions, ways of life, and even human nature itself. Likewise, revolutionary changes have taken place in the field of titles. Not so long ago title chains were short and simple, but today the records in this county are voluminous and the changing times have wrought havoc to many titles, maybe to yours. The abstract is about the only answer. Do you have one?

keep your hands out of soapy dishwater

with an automatic electric dishwasher Each year, most women spend more than 400 hours et the sink, screping, washing, rinsing and drying dishes by hand. It's a tiresome, messy, never-ending job. And so unnecessary when an Electric Dishwasher will do it for you at the flip of a switch. It washes your dishes in water so hot it actually senitizes them . . . then dries them sparkling bright . . . automatically. Your kitchen stays tity . . . your hands stay lovely . . . and you have more free time for other things. See your favorite appliance dealer soon for an electric dishwasher, built-in or portable, that will help you Live Better . . . Electrically!
