## CURTIS STEPHENS NAMED DISTINGUISHED STUDENT

Curtis Lynn Stephens, senior student at Texas A&M College, and son of Mr. and Mrs. Lonnie C. Stephens of Ranger, has been listed as a "Distinguished Student" at the college for the first semester. Curtis had a grade ratio of 2.625.

The announcement was made by Dean Frank W. R. Hubert and Associate Dean G. W. Schlesselman, in a letter to Curtis. The letter read, in part,

## Around Town

By Dwaine Dennis

NOTICE ANY changes in the appearance of The Times?

Beginning last Thursday, The Times of Ranger, The Telegram of Eastland and The Press of Cisco—members of the Eastland County Newspaper, Inc. family—begin coming out of a central plant. The real purpose, we hasten to add, is to give the readers of each town a better newspaper.

Under the new plan, the company will concentrate its newspaper printing at Cisco and its commercial printing at Ranger. In this way, each printing shop can become a specialist in its field and, as a result, do a better job. Plans call for the addition of new commercial printing equipment at The Times plant, including an offset press.

The reason that the newspaper printing will be done at Cisco is the fact that the Cisco plant has the best equipment for this type of printing, including an automatic typesetter machine and a more modern newspaper press.

There will be little change in the payroll situation in any of the three towns. In fact, we hope to generate enough commercial printing to fill up our big building here in Ranger. Centralized printing has become common throughout the country to offset increasing costs.

You can bet that The Times will always be Ranger's champion in all things and that we will always be alert for opportunities to help make our city and community better in every way.

WITH THE paving of the north-south runway at the Ranger Airport, it will place Ranger in a better position to make bids for industry. Many industrialists of today will not even consider a site for industrial plants unless the community has a Class I airport.

The paving program at the airport is just one of the many progressive moves made recently by the city and the chamber of commerce.

ACCORDING TO "Wing Tips," official publication of the Texas Aeronautics Commission, improvements made at the Crockett, Texas, Airport were directly responsible

RANGER DIAL MI 7-1488

"On behalf of the faculty of the School of Arts and Sciences, we should like to congratulate you upon the high scholastic record which you achieved during the fall semester 1962. Because of this fine record, you are being designated as a "Distinguished Student."

In order to be named a "Distinguished Student," a student must complete a semester schedule of at least 15 hours with no grade lower than C, and with a grade point ratio of not less than 2.25. Official acknowledgement of the designation is made by the issuance of a Distinguished Student card by the dean of the school.

Curtis, a chemistry major at A&M, is a 1959 graduate of Ranger High School. He was valedictorian of his graduating class. Following graduation this spring, he plans to attend graduate school at A&M to work toward his master's degree.

He is married to the former Annabeth Deffebach of Ranger, the daughter of Mr. and Mrs. Vernon Deffebach.

## Candy Strippers Club To Be Organized Soon

Ranger General Hospital may take on a new look soon—that of stripes—candy stripes, that is.

All over the United States Future Nurses Clubs (FNC) such organizations have been in practice for some time. Such a club is now in the organization process, with the aid of Mrs. Arthur Deffebach, Home Economics teacher, and Mrs. Mary Jacobs, RN, and Mrs. Geraldine Lindsey, RN, who work at the local hospital.

Mrs. D. E. Pulley had become aware of the happy service given by the Candy Strippers (so called because of their unusual uniform—

striped pinafore with white blouse) in the children's hospital in Houston where her grandson was ill for awhile. Noticing the pleasure the young Samaritans received by giving this service to others, she mentioned this satisfaction to her Sunday School class, not knowing about the same time that Mrs. Jacobs, who had moved here from Fort Worth, had already made mention of the organization, knowing it would be a worthwhile project for girls.

It was pointed out that many who belong to the Candy Strippers do not desire to become a nurse, but simply enjoy doing small things for people in the hospital. Members will help the nurses in making bandages, ready the patients for treatment, etc., write letters for them, and give them attention in personal matters such as combing their hair, and showing them that somebody cares.

Meetings for this National Organization will be held in the school building, therefore, necessitating a school sponsor such as Mrs. Deffebach. She will act in the capacity as advisor.

Next meeting will be March 26 and details will be announced later.

## Purchase Of Frigid Queen Is Announced

Mr. and Mrs. O. L. Justice of Ranger, announced today that they have purchased the Frigid Queen Drive In, located on Highway 80 East. The popular Drive In opened Friday under the management of Mrs. Justice.

Mrs. Justice said that the business will be operated as it has in the past and will feature all popular sandwiches, hamburgers, soft drinks, ice cream, and other foods associated with drive ins. The Frigid Queen will be open from 11 a. m. until 11 p. m. each day.

Employees will include Mrs. Tom Miller, Tollie Norton, Ena Foville, Peggy Neeley and Betty Morris.

AIRPORT IMPROVEMENTS — Workmen are pictured as they place base material on the runway at the Ranger Airport in preparation for paving the north-south runway. The paving project is being sponsored by the city and the chamber of commerce. Several fund-raising campaigns are being planned by the CoC to help with the cost of the project. ## Statistics Show 1.5 Births For Every County Death

Eastland County produced a big excess in the number of births during the past decade, according to a special population study released by the Government.

It shows that 1.5 local residents were born in the period for every one who died. The composite figures reveal that there were 3,868 live births and 2,594 deaths in the 10 years. This refers to local residents only. Excluded are any non-residents who were born or who died in the county.

The source of the data, assembled by the Department of Commerce, was the vital statistics that have been gathered

each year by the U. S. Public Health Service. The results are given for each county in the United States.

Although the rate of births is still at a high level in Eastland County, such is not the case in every part of the country. The figures indicate that the national rate has been dropping for the last five

years, reversing the upward trend that had been in progress since 1945.

Locally, over the past decade, the average annual birth rate amounted to 17.3 per 1,000 population.

By way of comparison, the birth rate throughout the country ran as low as 13 per 1,000 in some communities.

From the evidence at hand, it appears that the large-family era is at an end, at least for the present. The desire, or the intention, to have more than one or two children seems to be diminishing.

Young couples are waiting longer before taking on the role of parents. They are delaying this step for a few years after marriage. Older married couples, by the same token, are ending their child-rearing careers sooner than was the case ten years ago.

What is the reason for this change in attitude? A number of explanations are advanced. One is that it is becoming increasingly expensive to bring up children. Providing for their food, clothes and education, while carrying the present day tax load, takes a lot of money.

Added to this is the tighter job situation and the trend toward apartment house living, with the space limitations that it involves.

## Ranger Goes Wet By Margin Of 11 Votes

The City of Ranger voted approval of a proposition to legalize the sale of all alcoholic beverages for off premises consumption in an election Saturday. The margin of victory for the wet forces was 11 votes—643 for and 632 against the

proposition. A total of 1,301 ballots, including 62 absentee, were cast in the election. Election officials had 26 mutilated ballots. Under the law, the returns of the election must be canvassed by the county commissioners' court within five days. Sales of beverages cannot begin until state permits are issued. Applications for permits go first to the county judge, who is permitted a five-day period to act, and then to the district office of the Texas Liquor Control Board. Legal notices must be run giving the names of operators and the location where they plan to conduct sales.

It was understood that it would be 30 days or longer before liquor sales could begin. This was the fourth election in Ranger on the wet-dry issue in the past eight months, and this was the largest turnout of voters by some 300 persons.

## PLANS TO PAVE AIRPORT ARE OUTLINED BY CoC AND CITY

Plans are near completion for the paving of a 2000-foot runway at the Ranger Airport. Dick Henderson, president of the Ranger Chamber of Commerce, announced today.

The north-south runway will be 3000-feet in length and 30-feet wide, it was announced. The runway will have an un-paved taxi-strip, 500-feet in length, at each end of the 2000-foot paved area.

The project is being sponsored by the Ranger Chamber of Commerce and the City of Ranger, Mr. Henderson said. He also said that many business firms and individuals have donated funds and materials, in order to make the project a reality. Additional funds needed to complete the project will be secured by the chamber through several fund-raising projects, it was reported.

Workers have been busy for the past week shaping the new runway and placing fill dirt, before the actual paving gets underway. Approximately 2000 yards of base material have been placed and spread on the runway at the present time. Actual paving is expected to get underway sometime next week, Mr. Henderson reported.

Also due for a face-lifting job will be the hangar at the airport. The hangar will be completely repainted on the outside. On the roof, the word "Ranger" will be lettered in international orange, on a black background. The sign not only can be seen from the air, but also by persons traveling U. S. Highway 80, which passes near the airport.

When the project is complete, the Ranger Airport will have a Class I rating, it was announced. Only airports with the above specifications received Class I ratings from Civil Aeronautics authorities, it was explained.

With the paving of the runway, a large increase in air traffic is expected, it was stated. Joe Collins, owner of the Ranger Air Service, leases the airport from the city. The airport has two licensed A and E mechanics on duty at all times. They do major and minor repair on aircraft and engines. From 12 to 20 planes are based at the Ranger airport throughout the year.

Records show that Ranger Junior College has the fifth largest increase in enrollment in Texas junior colleges. The increase in enrollment was listed as 24.51 per cent.

As compared with junior colleges in this area, Cisco had an increase of 16.22 per cent and Weatherford an increase of 3.54 per cent.

Full-time student equivalent for Ranger Junior College is 19047. Last year, the student equivalent was listed at 16039. According to college officials, it is expected that the increase for the coming year will be approximately the same.

Ranger Junior College is in the midst of a building program which has already produced a dormitory to house 54 men students. The building will be doubled in size this year with an addition which will bring the capacity to 108.

Expected to be started this year will be an administration building, a Science building and a Gymnasium Auditorium combination.

## Final Rites For Mrs. Mills Are Planned Monday

Mrs. Buster Mills, 52, a resident of Ranger for the past few months, died at 11 p. m. Friday at the home of her brother, Ivan Rutherford, at McAllen, Texas. Death came unexpectedly while she was visiting there.

Funeral services for Mrs. Mills will be conducted at 2 p. m. Monday, March 25, at the First Methodist Church in Ranger with the pastor, the Rev. B. L. McCord, officiating. Burial will follow in Evergreen Cemetery with arrangements in charge of Killingsworth Funeral Home.

Mrs. Mills was born Oct. 22, 1910, at Starr, Mills County, Texas, and was married to Mr. Mills on June 25, 1936, in Rochester, New York. She was a member of the First Methodist Church in Ranger. Mr. and Mrs. Mills had lived in Waco since 1942 until they returned to Ranger last January. Mr. Mills grew up here.

Surviving Mrs. Mills are her husband of Ranger; three brothers, R. S. Rutherford of Oklahoma City, Ivan Rutherford of McAllen, and Cap Rutherford of Hayes Center, Nebraska; two sisters, Mrs. Davie Hall of Canadian and Mrs. Cleve Stine of Refugio, and several nieces and nephews.

pallbearers were named as follows: W. A. (Tony) Lewis, Gaston Dixon, Charlie Hamilton, W. R. Swaney, Vernon Deffebach, Arthur Deffebach, S. M. McAnelly and Jack Robinson.

## RJC SHOWS 24.51 PER CENT INCREASE IN ENROLLMENT

F. P. Brashier, Jr., president of the Board of Regents of Ranger Junior College, has announced the following report, released by the State Auditor on enrollment records for public junior colleges of Texas, 1962-63.

Records show that Ranger Junior College has the fifth largest increase in enrollment in Texas junior colleges. The increase in enrollment was listed as 24.51 per cent.

As compared with junior colleges in this area, Cisco had an increase of 16.22 per cent and Weatherford an increase of 3.54 per cent.

## Country 4-H Club Members Complete Successful Year

Eastland County 4-H Club boys and girls recently completed a successful year by exhibiting and selling their show animals.

Congratulations to all 4-H members, their leaders and parents who were expressed by Roger Blackmon, Assistant County Agent, and J. M. Cooper, County Agent, for the hard work and high interest shown.

4-H placings in the County show were as follows: Breeding Sheep: Champion and Reserve Champion Fine Wool Ewe, Phillip Harrison, Eastland Club. Champion Fine Wool Ram, Phillip Harrison. Medium Wool Breeding Sheep: Two tooth and under ewes, 1st Ivy Ferguson, Cisco and second JoAnn Baker, Eastland; Two tooth and under buck, first John Baker, Eastland, second Ivy Ferguson, Cisco. First place four tooth and over buck, Darwin Pharr, Nimrod.

The Grand Champion Medium Wool ewe was Ivy Ferguson's Hampshire ewe and the Reserve Champion medium wool ewe was JoAnn Baker's Southdown.

The Champion Medium Wool ram was a Southdown shown by John Baker and the Reserve Champion Ram was a Hampshire exhibited by Ivy Ferguson.

4-Hers placing in the Swine show were Dennis Ingram,

Nimrod, who showed the Champion Duroc barrow. Also placing in the Duroc class were Teddy Jordan, Gorman, Dwaine Snyder, Gorman and Kenny McCulloch, Scranton. Jimmy Warren, Gorman placed his Hampshire barrow seventh in a strong black class. Bobby Maynard of the Rising Star Club placed his white barrow sixth.

Judy Pharr of Nimrod showed the Champion Duroc female and Jimmy Warren of Gorman showed the Reserve Champion Duroc female.

The 4-Hers worked especially hard with their lambs and showed good results. Exhibiting the Champion Fine Wool lamb was Patsy Kincaid of Morton Valley. Patsy is the daughter of Mr. and Mrs. Robert Kincaid. The 75 pound lamb, named Miss Texas, was Patsy's only entry in the show. The Reserve Champion Fine Wool Lamb was shown by nine year old Reggie Underwood, Carbon 4-Her, son of Mr. and Mrs. Carbon.

Placing third and fourth were two lambs belonging to Larry Griffin of the Carbon club. He is the son of Mr. and Mrs. J. D. Griffin. Fifth, seventh and ninth places were won by Reggie Underwood, Larry Terrell and Kathy Kincaid.

In the Fine Wool Cross Class, 4-H members exhibited eight of the 10 top animals.

Showing the Champion cross-breed was a nine year old Nimrod member, Butch Pharr. Butch is the son of Mr. and Mrs. Garland Pharr. James Roy Agnew of Cisco exhibited the Reserve Champion Cross. He is the son of Mr. and Mrs. Ed Agnew. Placing third was Linda Gary, Cisco; fourth, Eddy Kincaid, Morton Valley; sixth, Mack Wolf, Rising Star; seventh, Larry Terrell, Morton Valley; ninth, Billy Turner, Rising Star; and tenth, Robert Harbin, Eastland.

Showing the Champion Medium Wool Lamb was Ivy Ferguson, Cisco, daughter of Mr. and Mrs. "Hoot" Ferguson. This lamb was a twin to the Champion Medium Wool Ewe Breeding Sheep. Showing reserve champion was Betty Sullivent, daughter of Mr. and Mrs. Bill Sullivent and a member of the Eastland 4-H.

Third was Suzanne Harbin, Eastland; seventh, Tommy Boyd, Cisco; eighth, Tommy Lee.

Showing the Reserve Champion Southdown was Kathy Kincaid, daughter of Mr. and Mrs. Robert Kincaid, Morton Valley. In third place was Tommy Lee of Cisco; fourth, JoAnn Baker of Eastland; fifth, Ivy Ferguson, Cisco; seventh, David Cox, Eastland and tenth, David Cox, Eastland. (Continued on Page Two.)

He told of one boy he had talked to, though, who was most confused when he came to America. In his country only married women wore a great deal of cosmetics, so when he came to America he thought all the girls were married. Another foreign student found it so hard to get used to American food that he ate hamburgers three times a day for several weeks. About once a month he sends used clothes and foodstuffs back to Israel to be distributed among the needy there. Anyone having such articles that they would like to give, may contact Mrs. Pete Miller who will see that he gets them.

His impression of Ranger was one of friendly people and he is anxious to come back soon.

"My family always lived in Jaffa, Palestine. When Israel was established in 1948, my family decided not to move out, not even when the war came. When you hear about Israel, it is the same thing as Palestine, because Israel includes most of the territory formerly known as Palestine. However, such holy places as Jerusalem, old city, Bethlehem, Jericho and Hebron are not in Israel because that part of Palestine is controlled by the Kingdom of Jordan. In Israel there are 2,300,000 people—two million Jews and the rest mostly Arabs—Christians, and Moslems. The Christians in Israel number about 60,000. People here in America, are born with democratic ideas, and they have absolute rights and individual freedom, among which is the right to worship God. I was very much impressed by the sincerity in the love of Christ which the Christian people in the United States have for Jesus. There is nothing greater than freedom and people in America should realize that their country is great because their ideas of freedom and democracy are great, too," said the student.

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.

 ty, hospitals and Orphans Home. Besides the satisfaction of helping others, we had loads of fun and experiences. Another interesting experience during our four years in Spain was our Mediterranean tour, in that we visited five other countries: Italy, Greece, Egypt, Jordan and Lebanon. The highlights of this trip was the week we tread the grounds where Jesus Christ once trod in the Holy Lands. (We had toured most of Europe during our three year tour in England in 1953-56).

With heavy hearts on one side, we told our many Spanish friends "Adios" on July 4, 1962 and on the other side we were very excited with the expectations of Jim entering

Omaha University to get his degree. This is behind us also and we hope now we are settled for a few years in the beautiful sunny state of Florida until retirement.

### CFW To Send Eggs To Juliet Fowler Home

Members of the Christian Women's Fellowship met in the church fellowship room for a covered dish luncheon at 11:00 a. m. Tuesday, March 19th. Mmes. B. G. Pirdle and Margie Hatton were co-hostesses.

Eggs for Juliette Fowler Home was the special offering for the group this month and thirty dozen will be crated for the group's home which is sponsored by the Disciples of Churches throughout this area.

Mrs. Pirdle led the worship service entitled, "The Seeds of Faith". Mrs. Edgar Ward Black told the group in her talk of the many wonderful happenings of home missions. She quoted actual experiences, "Through the N.C.C." including the Indian Mission Schools in the northwest and southern part of our nation.

Others attending were Mmes. John Boen, Bill Collins, Lottie Davenport, B. S. Dudley, Sr., O. R. Ervin, Robert Bray, Dick Jones, and R. H. West.

### Group Gives Testimonies At Circle Meeting

The Ruth Porter Circle of the Second Baptist Woman's Missionary Union met in the home of Mrs. Verne Hartsfield with Mrs. Edgar Ward Circle Chairman reading the 15th Psalm for the devotional.

Prayer requests for the sick and shut-ins were given. George Ann Walton read the prayer calendar for the Missionaries and Mrs. Coleman led the prayer.

Cards were signed and sent to shut-ins.

Mrs. Dora Caraway, WMU President, was a visitor and she urged all members to attend the Worker's Conference. Everyone present gave scripture verses and testimonies of "What It Means to Develop A Spiritual Life."

Mrs. R. B. Wymer, who attended the circle for the first time this year as she has been a sunbeam leader, led the closing prayer.

Refreshments were served the following: Mmes. Sutton, Williams, Wymer, Walton, Ward, White, Coleman, Caraway and the hostess, Mrs. Hartsfield.

### To Attend PTA Conference

Mrs. J. D. Johnson, president of the local P-TA will be among members from 16 North Texas counties attending the annual Spring Conference of First District at Richland High School, March 28.

This year's conference host is the Birdville Council of P-TA which includes 23 local units. Mrs. Lloyd Weaver is conference chairman and Mrs. James Hazelwood is Birdville Council president.

Richland High is one of the two high schools in the Birdville Independent School System and is located west of the Grapevine highway in North Richland Hills, a suburb of Fort Worth.

Registration, for those who have not pre-registered, is scheduled to begin at 8:30 a. m., March 28.

Charles Brinkley, president of the Northeast National Bank will speak at the first general assembly at 10:00 a. m. Workshops are set for the afternoon following a luncheon, which will be served in the school cafeteria.

Mrs. Stanley Statch first district's out-going president offers this information: "We have tried to give you the workshops that you (PTA members) have asked for. It is up to you now to attend. This is your conference."

### Around —

(Continued from Page 1) for the locating of a \$500,000 plant in the city.

City officials of Crockett report that the facilities at the airport, which includes a paved runway, was the deciding factor for a Houston firm in locating the manufacturing plant in Crockett.

The runway enables the company's light twin and small utility cargo planes to land near their plant facilities.

Crockett city officials feel that there will be a substantial improvement in the economy of the city and they also feel that other companies will be attracted to their area because of the airport facilities.

This is not saying that Ranger will be able to go out and land a one half million dollar industry just because the runway has been paved at the airport, but it certainly places us in a better position to talk to manufacturers interested in locating here.

### Methodists To Observe "Hour Of Sharing"

"One Great Hour of Sharing" will be observed with communion at the First Methodist Church Sunday morning.

This program helps in four district ministries of the church which are: Crusade Scholarships, Committee on Overseas Relief, Missions, and Program for camp activities of armed services throughout the world.

Sacrificial offerings will be placed on the altar of all Methodist churches in the U. S. participating in the observance this Sunday, March 24.

### Rebekah Lodge Has Regular Session

Ranger Rebekah Lodge met in the IOOF Hall Tuesday night for a regular session with Noble Grand Sylvia Neal in the chair.

Routine business was transacted and sick reports were given. Sister Sudie Strong was reported to be confined in her home with a broken ankle.

Penny prize was furnished by Eula Blackwell and won by Sylvia Neal.

Present were Mmes. Neal, Blackwell, Mae Hunt, Louie Calder, Leila Effert, Ethel Johnson, Gertrude Gid eon, Erle Wallace, Rudy Greer, Lillie Anderson, and Laura Toddy.

The chamber of commerce and city officials are to be congratulated for their efforts and we certainly need to back any program that is necessary to help finance the paving project.

RANGER JAYCEES are tentatively planning to produce a rodeo here this year, sometime during the last of July, it has been announced by President Don Yarbrough. The group has been busy talking with producers and met with Dan Coats of Fort Worth this week. Tentative plans call for a 3-day show.

Billy Rippy has been named as chairman of the rodeo and will name various committees at a later date.

Production of a show this year will be based on whether or not the stands can be repaired in time for the last of July date.

Mr. and Mrs. Edgar Ward will attend the Golden Wedding Anniversary of their uncle and aunt, Mr. and Mrs. George Thorp to be observed Sunday, March 24 at their ranch home on the Cisco-Breckenridge highway.

Women who cook electrically know...

# Electric cooking is COOLER

## because it's flameless

Flameless electric cooking units fit snugly against pan bottoms. They put their heat into the pans where it is needed, not into the kitchen air. With an electric range your kitchen stays degrees cooler when you cook. And there is less kitchen heat for your air conditioner to remove.

An electric range oven is insulated all around, including the bottom, to keep heat inside where it belongs. This is possible because the electric oven, being flameless, does not require a flow of air into and out of it to support combustion. Result: your kitchen stays cooler when you are baking or roasting.

Electric cooking also is clean, fast, accurate and economical. See your dealer soon for a flameless electric range and enjoy all these benefits. Electric cooking is one of the nicest things about living better... electrically.
