**Random Thoughts
at Election Time**

Maybe we need to be reminded again that Tuesday is General Election Day, as General Election Day always falls on the first Tuesday after the first Monday in November.

I will vote the Democratic ticket straight, from the top to the bottom, because I participated in the Democratic Primaries and there was a line at the top of my Primary ballot that read, "I am a Democrat and I pledge to support the nominees of this primary." Some people say that a pledge is no longer of any consequence, I disagree.

**V-DAY IS
TUESDAY! VOTE!**

The only statewide races in which the Democrats are being seriously challenged by the Republicans are for President and Vice President, U. S. Senator and Congressman-at-Large and in the local Congressional district. The Democrats will pole a majority in each of these races if there is a large vote. You can be sure that the Republicans will vote in force and if the Democrats through lack of interest or apathy stay away from the polls on election day the candidates of their choice may be a casualty of their indifference.

V-DAY, 1964
... Be sure to VOTE
TUESDAY!

This has probably been the wildest election year in the history of American politics. The various candidates gave their pledge to the Fair Election Practices Committee to wage a clean campaign, then immediately bent their every effort to make it as unclean as possible.

In Dimmitt, as in every other hamlet, village, town and city in the United States, the Republicans are making house-to-house canvasses along with telephone calls to get out their vote. This is legitimate politics. If the Democrats don't make the same effort they may wake up on Wednesday morning and wish they had.

Vote for YOU!
ONLY YOU CAN CAST
YOUR VOTE!
V-Day is Tuesday! VOTE!

Recommended reading—Turn to page 4, second section of this issue of the news and read a letter addressed to Senator Goldwater and written by State Senator Walter Richter of the 19th District, Genzales, Texas.

The letter to the Editor signed only "A Democrat" received the same treatment that all unsigned letters to this newspaper receives. There is no logical place for an unsigned letter other than the wastebasket. If you want to be heard, then be identified. Although it is distasteful to us, we will withhold the name of a letter writer when requested to do so, but we will never publish an unsigned letter.

Don't Forget!
V-Day is Tues.
VOTE!

I doubt if any one of President Johnson's supporters would claim that he is faultless, and many of them would probably admit that he has erred on occasion in conduct and important decisions. It is only human to do so, but the reams and reams of vilification, in pamphlet and book form, saturated with lies, half-truths and innuendos directed at the man that is serving in the high office of the presidency of the United States causes one to wonder if all sense of decency and responsibility has forsaken his detractors.

YOUR Vote Counts!
V-DAY IS TUESDAY!
... VOTE!

Senator Goldwater accuses President Johnson, without ceasing, of being power hungry, power mad and endlessly seeking more power. Is the Senator saying that the President is not governed by the Constitution in which his duties, responsibilities and limitations are clearly defined? Does the Senator think that if he is elected President he will be footloose and fancy free to conduct the affairs of the office to suit his eye?

Local Telephone Company Sells

Trans-Continental Telephone and Electronics, Inc. today announced the purchase of West Texas Telephone Company from the T. A. Singer family. West Texas Telephone Company headquarters is located here with automatic dial offices also located in the towns of Hart, Sunnyside and Nazareth.

The selling stockholders were Mrs. T. A. Singer, widow of T.A. Singer, a long time pioneer in the independent telephone industry, Elton Singer, Robert Singer, Estate of Jimmie Singer and Juanita Singer Stiff. The purchase price was not announced.

T. A. Singer purchased the telephone company in 1929. He came here the last part of '29 or early

part of '30. Singer moved with his family from Guymon, Oklahoma where he had owned a telephone company. Mr. Singer passed away in 1957.

The Singer family have all participated in the growth of the local telephone company. When the Singers first purchased the company, it boasted one board. The Company serviced approximately 100 phones in Dimmitt and about 200 in the outlying areas.

T. A. Singer was quite active in civic work of the community. He worked in promoting water and sewer lines here, first paving and city sidewalks. He was one of the big promoters of highways through Dimmitt. He was one of the original instigators of Highway 335

which is a main traffic artery through here. He also worked on obtaining Highways 194 and 86. Singer along with two others also owned and operated the Castro County News at one time.

Changes have been steady and progressive since the purchase of the telephone company by T. A. Singer. Progress was slower during the 1930's and war years. Growth has been quite steady since 1945.

The Singers started with one position magneto switchboard, then progressed to a complete dial setup in all the offices.

In Dimmitt, the company went from the Magneto switchboard to 24 volt common battery then to 48 volt common battery and

finally to the all-modern automatic dial system.

Trans-Continental Telephone and Electronics, Inc. whose first public stock offering was in June, is based in Dallas and operates, with this acquisition, 60 telephone exchanges in Texas and Oklahoma. Thomas L. Anderson, President of the firm stated, "Dimmitt will fit nicely into our organization since we are already operating in 8 Panhandle counties. We expect great things in that part of Texas since irrigation plays such an increasingly important role in agriculture. We are very proud to become owners of this property and will certainly give the finest possible service to the people."

Bill Woodard has been transferred to division manager of this company. He was formerly working as manager of the telephone company in Lancaster, Dallas County.

Woodard and his wife, Sharon have two daughters and one son. They are Michael, 12, Diana, 9, and Shannon, 7.

The Woodards are presently looking for a permanent residence here.

Woodard will be employed with the Trans-Continental & Electronics Company for three years. He is a graduate of Palmer High School, Palmer, Texas.

According to Mr. Woodard, there will be more news in the future concerning plans for the company here.

Rayphard Smithson Named Outstanding Young Farmer

Rayphard Smithson has been named "Outstanding Young Farmer" for 1964 in Castro County. It was announced Monday night by Larry Allen, President of the Dimmitt Jaycees.

The selection was made by a committee composed of Pete Wright of the Jaycees, Dale Reeves of the Dimmitt Young Farmers or George Sides and Ray Joe Riley, former winners of this award.

Smithson was selected in competition with 14 other nominees. Other nominees included Bob Anthony, Cyril Brockman, Carl Brugel, Fred Brugel, Jr., Don Carpenter, Raymond Crum, Bob DuLaney, John Gilbreath, Charles Heck, Jr., Ray Robertson, Truman Touchstone, Dale Winders, Frank Wise and Donald Wright.

Selection was based on progress in agricultural career, extent of soil and water conservation practices and services and contributions to community, state and nation. In addition to this progress, the committee lauded Smithson's work in conservation of soil and water on the James Re-

ger farm which he operates and named "Outstanding Young Farmer" for 1964 in Castro County. It was announced Monday night by Larry Allen, President of the Dimmitt Jaycees.

Also sharing in the honor are his wife, Mary Lou, who is well known for her activities in various organizations within the county and their four children, Teddy, 12, Janet, 9, Dean, 8 and Randy 6.

"This is the first year that a member of the Jaycees has received this honor" commented Larry Allen.

"It's nice to see a number of both the Jaycees and the Young Farmers Organization so honored. I would like to extend my congratulations to the winner and to the nominees for a job well done," declares Allen.

In addition to his selection at the local level, Smithson will be entered in the State Outstanding Young Farmer competition which will climax with the naming of the State's Outstanding Young Farmer in Houston on December 5. All local winners across the state will be feted with a banquet in their honor on the above date.

Crippled Children Camp Will Be Lions November Project

The Texas Lions Camp for Crippled Children at Kerrville will be the program subject of Burr Morris when the Dimmitt Lions Club holds its regular meeting Tuesday noon, November 3 at the Steak House.

The Lions of Texas have set aside November in honor of the Camp, which has allowed more than 7,000 handicapped youngsters to enjoy the thrill of camping life since it was opened in 1953.

Anyone wishing to make a contribution of any type or way may contact Cecil Vandiver, M. E. Clevinger, Russell Nelson or Joe Cowen. The Lions will appreciate and local contributions.

The camp is free to the blind and mute, deaf and crippled children of Texas from the age of 7 through 16. Growing steadily, the camp now has 16 permanent buildings perched on the brow of a hill and valued at more than \$600,000.

Each summer, for two weeks, 720 youngsters learn to swim, camp outdoors under the stars and develop new skills by learning various handicrafts.

Originally, the camp was in use only in the summer. Now it is being used the year around. During the other months, the camp served as a training center for the adult blind.

Applications to the summer camp are handled only through local Lions Club.

Farmers Union Adopts Resolutions

The following resolutions were adopted by the Castro County Farmers Union in their recent annual meeting. A goodly proportion of the resolutions drawn up by the Castro County Farmers Union last year were adopted by the State and National Farmers Union.

FEED GRAINS—Whereas, the present voluntary feed grain program has been successful in reducing stocks, we recommend a long term program that will maintain the farmers net income equivalent to the 1964 level. Because of a continuing rising cost of production we recommend that this be accomplished through acreage payments, com-

pensatory payments, and price support loans based on a cost of production index. We recommend a minimum of 20 per cent voluntary diversion with the privilege of increasing this to 50 per cent based on 50 per cent of support rate times normal yield. We recommend a continuation of the option to grow non-government supported oil seed crops on diverted grain sorghum acreage with reduced diverted acreage payments.

WHEAT—We recommend a long term wheat program that will maintain the farmer income level of 1962-63 based on a cost of production index. We believe the present program would do this at a loan rate of

\$1.50 per bu. and the domestic and export certificate payments at the 1964 rates.

COTTON—We recommend a long term program that will maintain farmer income based on a loan rate of 90 per cent of parity. We feel the parity method is the only way to maintain farmer net income, as cost of production continues to increase. We recommend a continuation of the two price system whereby domestic mills may purchase for same price as export mills. We protest dumping of cotton in the market by the Secretary of Agriculture during cotton harvest forcing cotton in the loan.

GENERAL STATEMENT—Die to the extremely high investment required to farm, the continually increasing cost of production, we feel it very essential that all farm programs be on a long term basis. We believe that such programs should be at least four years.

BRACERO PROGRAM—We favor a continuation of the bracero farm labor program.

GAS USERS ASSOCIATION—The Castro County Farmers Union goes on record as favoring the Castro County Gas Users Association and the Plains Gas Users Association in their efforts to secure irrigation gas at a fair and equitable rate.

SUGAR BEETS—The Castro County farmers union urges the Congress and the Department of Agriculture to give full and careful consideration to the expansion of domestic sugar production in Texas and the United States.

We urge that 90 per cent of the growth factor be allocated to sugar beet areas and the remainder to cane producing areas. That the Texas Allotment be increased from 27,500 acres to 40,000 acres.

Dr. Abernathy Addresses County's Young Democrats

Approximately 56 Democrats heard Dr. Bryan Abernathy speak Tuesday night at the Young Democrat Fund-Raising dinner.

He told the group that the issues of this campaign have never actually been clarified.

Dr. Abernathy says, "This is an unfortunate situation for the people and the country for there is no great debate to clarify policies and issues."

Abernathy commented, "This is entirely a negative campaign, offering nothing constructive, it is appealing to baseness of humanity and not the nobleness of humanity".

The speaker declared, "We need to recognize at this time that we have something new in political history. Americans are confronted with a coalition of hatred, a threat to America and a usurper of the Republican party."

"Extremist groups have captured the Republican party and are attempting through this party to gain control of the United States," commented Dr. Abernathy. He went on to say, "It is a strange alliance of the nation's dissonance, it is not a loyal opposition party, it is an anti-party."

Dr. Abernathy told the group that the American voters have a choice Tuesday between two candidates for president. He asked, "Which of the two candidates, both with their human weakness, their human frailties and their human strengths, would you trust with the hot line to Moscow and the power to push a nuclear button at any time?"

Dr. Abernathy declared, "There is only one obvious choice. Even if you believe the worst that Senator Goldwater says about President Johnson he still merits our support because of the alternative Mr. Goldwater presents."

Dr. Abernathy went on to discuss some of the problems which will have to be faced by the federal government in the future. He says, "To whom do you want to trust America's future in the next four years?"

Abernathy expounded, "There is some screwy thinking going on in gain control of the United States," commented Dr. Abernathy. He went on to say, "It is a strange alliance of the nation's dissonance, it is not a loyal opposition party, it is an anti-party."

Multi-Purpose Dam For Area Discussed

Approximately 42 were present Thursday night at the meeting called by County Program Building committee concerning the construction of a multi-purpose dam in this county.

Bob Anthony, chairman of the committee, presided. Pete Wright, SCS technician, gave a report on the watershed and how a multi-purpose structure could be included in the watershed project.

Project planning engineers will begin work January 15. By this date, it will be necessary to know if a multi-purpose structure is desired by people of this area.

Art Fowler, F.H.A., explained to the group the possibilities of securing an FHA loan to finance the local peoples cost.

Following a lengthy discussion, it was decided by the group present that the construction of multi-purpose dam would be of vital interest and value to the area.

A committee was appointed to secure a local sponsor (city, county or combination thereof or others) to begin planning for a multi-purpose structure. Serving on this committee are Allan Webb of Dimmitt, O. D. Dinwiddie of Hart and Sanderson of Earth.

Represented at the meeting were the following: Castro County Commissioners Court, City of Hart, City of Earth, Castro County Chamber of Commerce, Earth Chamber of Commerce, Farm Bureau, Farmer's Union, Dimmitt Jaycees, Young Farmers and various other interested individuals.

CONSERVATION CONVERSATION

"The future hope of each farmer and the future hope of all farmers lies in soil protection and soil building. A fertile soil, safe against erosion, is worth more than money in the bank. In itself, such a soil is a bank account which Nature will honor with plentiful crops. We all might as well admit right now that the days of soil mining are over, and the days of soil building are here. The man who cant or won't build soil is destined to give way to the man who will. The soil waster is his own worst enemy and the enemy of society."

Youth Plan CROP Hallowe'en 'Trick Or Treat' Drive Here

All young people of the County churches will meet at the First Baptist Church in Dimmitt tonight at 7 p.m. to kickoff the annual Hallowe'en CROP 'Trick or Treat' drive.

The drive will be organized into teams and will start at 7:30 to-night. Drive will end at 8:45 p.m. and everyone will assemble at the First Baptist Church for fellowship period and refreshments.

Communities of Hart, Sunnyside and Frio will carry on their own drive and then assemble at Dimmitt First Baptist Church for the fellowship time.

This CROP Drive is sponsored by the Interfaith Youth Council.

If any donations need to be made by individuals living in rural areas, they may be sent to First State Bank CROP account, Dimmitt.

Donations or gifts to CROP yields the following:

Wheat from CROP—survival for civil war refugees in Algeria.

Seeds from CROP—a better nourished family in Grenada.

Young Republicans Hear Calnan

Neil Calnan, candidate for 1965 at Austin. Calnan gave a few facts concerning Republican candidate Bob Price. He said that Price has three children. He has followed in the footsteps of five generations as a successful rancher. Price flew 27 combat missions during the Korean conflict.

Price ran for Congress last November.

Calnan concluded with the following statement: "He (Price) will be a Panhandle Congressman and not move to Maryland like Walter Rogers did."

Calnan, a graduate of the University of Texas, told the group, "We want to work for the Republican party in Texas."

He gave a few minutes of discussion to the Young Republican Convention which will be held March,

Western Auto Store To Open Here Soon

A new Western Auto Store will open the latter part of next week in the Bruegel Shopping Center according to an announcement made today by Grover Cornelius, manager.

The store, located at 202 Bedford, will carry a general line of hardware, appliances, toys, tools, etc. The store will feature a complete service department which will include work on appliances and installation of car accessories.

The store contains 4,000 square feet. Approximately 3,000 sq. ft. will be used for display of merchandise according to the manager.

Grand Opening will be announced at a later date.

Grover Cornelius and his wife moved here from Borger where he was employed in the ready mix concrete and gravel business. He has worked 13 years in the concrete business. He also farmed and ranched for a while in New Mexico.

The Cornelius' have four children, three boys and one girl. Mike Cornelius is attending Frank Phillips College in Borger where he is a sophomore. James Cornelius is in steel business at Houston and Bill Cornelius works for a Ready Mix Concrete Co. in Borger. The daughter, Mrs. J. D. Fowler, is a resident of El Paso.

This is Mr. Cornelius' first affiliation with Western Auto Stores.

FIXTURES are being unloaded for the new Western Auto Store which will open for business the latter part of next week in the Bruegel Shopping Center, Grover Cornelius, formerly of Borger, will be the new manager. See story for details. —Staff Photo

Stretch Garments Need Proper Care

Fabric manufacturers have offered consumers greater comfort in stretch garments. Now, prospective buyers need to be more discerning consumers, says Lynn Parks, Extension consumer education specialist.

The comfort feature is keyed to America's accelerated way of life. Before buying a garment, the stretch property of the fabric or garment really adds to its comfort in wearing, or is it just a promotional sales gimmick taking advantage of a new and different product.

Use of the garment should determine whether or not stretch is needed, how much stretch is needed, and where the stretch should be, says Miss Parks. Get the correct type of stretch for a garment, and give it proper care, she says.

In selecting garments or fabrics stretch is important. Today's fabrics have warp, lengthwise or vertical; filling, crosswise or horizontal; and two-way stretch, a combination of warp and filling.

For longer wear, an extra margin of stretch is recommended. Research results on the amount of stretch desired show: Tailored clothing, horizontal stretch, 25 to 35 percent; pants with stirrups, vertical, 40 to 60 percent stretch; sportswear, horizontal, 25 to 40 percent.

Sizing of stretch garments should follow regular sizing methods. Stretch garments have the advantage of a tailored smooth fit, yet provide for movement when it is needed. They are not intended to be worn skin-tight.

In caring for stretch garments, give them a chance to relax and snap back into shape often. Let the garments rest between wearings. Launder and press in relation to the most heat-sensitive fiber. Read labels for fiber contents and care procedure, the specialist recommends.

Hart Riders Have Play Day

Hart Riding Club conducted a play day Sunday at the Hart riding arena. High point trophies and rosettes were awarded the winners.

High point trophy was awarded DanaMcLa in the Pee Wee girls division. James McLain and Lonnie Davis tied for High Point trophy in the Pee Wee boys division.

Rex Henderson won the Junior boys High Point trophy. Margaret Swindle won the Junior girls High Point trophy. Rita Henderson was awarded the High Point trophy in the Senior girls division.

Individual places in the five events are as follows:

Pee Wee Girls: Dana McLain won first in rings, keyhole, barrels, flags and stakes; Nelda Henderson won second in rings, keyhole barrels, flags and stakes; and Kim Davis won third in keyhole, barrel and stakes.

PeeWee Boys: James McLain won first in barrels and stakes, second in flags and rings; Lonnie Davis won 1st in flags and rings second in keyhole; Kerry McLain won first in keyhole; HarleyM alone won third in rings, second in stakes; and Jerry Swindle won third in keyhole, stakes and flags.

Junior Girls: Margaret Swindle won first in rings, keyhole, barrels, flags and stakes.

Junior Boys: Rex Henderson won first in rings, keyhole, barrels, flags and stakes; Jim Swindle won second in keyhole, third in rings, barrels, flags and stakes; David Dalton won third in keyhole and second in rings, barrels, flags and stakes; David Dalton won third in keyhole and second in rings, barrels, flags and stakes.

Senior Girls: Rita Henderson won first in rings, keyhole, barrels, flags and stakes.

IN HOSPITAL

Mr. Joe Young is improving in the Hereford Hospital following a week's illness.

Letters To The Editor

Dear Editor:

It is difficult to understand why well educated, freedom loving citizens, many of whom realize partially at least, the danger created by the ever growing communist infiltration in our country, in our state department and in our schools, make no effort to try to curb his communist encroachment.

To be sure we can write to our congressman, but will he listen? Will he do anything about it? Apparently not enough of those now congress have listened, as communism in our country has been on the increase steadily for 30 years or more.

Bill Hayes is asking you to give him your vote for Congressman-at-large from Texas. Bill knows by actual experience of the tyranny threatening the U.S. as well as all of the world, because of the fact that his father's family in Yugoslavia was annihilated by the communists.

Why not vote for a man who knows from his own experience and is conscientious in trying to do something about it?

Sincerely,
Tina S. Rawlings

Meltons Have New Son

Mr. and Mrs. James Raymond Melton III are parents of a new baby son, James Raymond IV born Friday, October 23 in Deaf Smith County Hospital, Hereford. The young son weighed 7 lbs. and 1 oz.

Grandparents are Mr. and Mrs. James Raymond MeltonII of Lubbock and Mr. and Mrs. Coy Newberry of Littlefield.

U. S. Savings Bonds

SERIES "H"

pay you interest twice
a year by check

Series "H" Bonds are a particularly good investment for those who desire guaranteed current income. "H" Bonds offer an ideal saving plan for the individual who wants a security that pays interest by check rather than having the Treasury accumulate the interest for him.

Series "H" Bonds pay 3 3/4% guaranteed interest when held to maturity of 10 years. They are available in convenient denominations—\$500, \$1,000, \$5,000, and \$10,000. They are not subject to market fluctuation.

Series "H" Bonds provide a safe, sure and predictable income.

Series E Bonds may be exchanged for Series H—tax on E Bond interest accrual may be deferred until H is redeemed or matures. The H is not subject to state or local income, intangible, or personal property taxes.

Let us assist you in submitting your application for "H" Bonds.

BUCCANEER STAMPS WITH EVERY PURCHASE

Arthur Howe, Jr. Named Prexy Of The American Field Service

Arthur Howe, Jr., has been elected President of the American Field Service it was announced today by Edward A. Weeks, Chairman of the Board of Directors. Mr. Howe fills the position left vacant by the recent death of Stephen Galatti. At the first of next year, Mr. Howe will leave Yale University, where he has been Dean of Admissions and Student Appointments since 1956 to take up his new post in New York.

Mr. Howe has been with the AFS since 1942 when, a freshman at Yale, he volunteered as an ambulance driver. He was attached to the British Eighth Army, assigned first to the African campaign, then to the Italian. In one year he advanced to Major in command of the 567 American Field Service Ambulance car Company. His wartime citations include the Order of the British Empire, awarded him by King George VI, the 1939-45 Star, the Africa Star with Eighth Army Clasp and the Italy Star.

When illness forced his retirement from active duty late in 1943, Mr. Howe returned to the United States and joined the Representatives who kept the AFS going as a volunteer ambulance corps by raising funds, creating publicity and recruiting men. After the war, when AFS disbanded its ambulance corps and initiated its International Scholarship program, Mr. Howe was elected to the AFS Board of Directors. In 1952 he became a Vice President. Through the years, Mr. Howe has played a vital part in the program.

Born July 19, 1921 in Watertown, Conn., Arthur Howe attended Public school while his father served as

President of Virginia's Hampton Institute was founded by young Howe's maternal grandfather, General Samuel Chapman Armstrong, as a school for training Negro teachers (it has since become a racially integrated, fully accredited four year Liberal Arts college). When his father became assistant headmaster of the Taft School, Howe, Jr., was transferred to school in New England. He graduated from Hotchkiss in 1938 and spent a year at Rugby School in England as an exchange student, sponsored by the English Speaking Union.

He entered Yale before World War II and continued at the University after his AFS tour of duty. After earning his B. A. degree at Yale in 1947, Mr. Howe taught Latin and mathematics at the Hotchkiss School. In 1949 he returned to England for a year of study at Lincoln College, Oxford. While abroad, he served as European Representative of AFS's International Scholarships.

In 1951 Mr. Howe was appointed Assistant Dean of the Freshman Year at Yale; he was made Director of Admissions in 1953. Three years later he became Dean of Admissions and Student Appointments.

At Yale Mr. Howe was responsible not only for selecting some 1000 new freshmen each year, but for the University's undergraduate financial aids program, vocational counseling and placement, and educational research (He was granted a leave of absence for the current academic year to study admissions policies of European schools at Oxford University.) Mr.

CHOSEN for originality of costume at the Halloween party Saturday night in Nazareth cafeteria are Darren Jones (left) and Claude Annen (center). They were dressed in the grave clothes of mummies. Chosen as best-dressed individual at the masquerade party was Eileen Lupton (right) as the traditional black witch.

Rear View Mirror On Tractor May Save Many Lives

Howe also originated Yale's Summer School, and experimental program for educationally deprived high school students of superior intelligence.

He is Chairman of the Board of Trustees of Hampton Institute, A Trustee of the Pomfret School and a Director of the Foote School and of the Rockywood-Deephaven Camp.

Mr. Howe is married to the former Margaret May Durke of Washington, D. C. They have four children.

VISITS MOTHER

Mrs. A. W. Bates of Plainville and son, Mike Bates and wife and son of Lubbock visited Mrs. Bates' mother, Mrs. E. R. Rothwell and other, Junior Rothwell, Friday.

A rear view mirror on your tractor can save lives on highways and will help you do more work in the field.

Beverly Reeves, cotton ginning and mechanization specialist with the Texas Agricultural Extension Service, believes every tractor should be equipped with a rear view mirror.

He cites a recent highway mishap to indicate how a mirror can pre-

his wits—but he couldn't straighten up after getting around. After completely rolling over, the car came to rest right-side-up in the shallow road ditch. All four occupants could have been killed instead of receiving serious injuries.

With a rear view mirror, the

tractor driver could have seen the approaching situation, says Reeves. A quick move, then, to the right shoulder would have removed all danger to everyone.

A rear view mirror also aids in viewing the operation of a trailing machine in the field. It makes your

work much easier and keeps your eyes looking ahead where they should be, allowing for greater safety as well as a better job.

A rear view mirror on your tractor will let you work more efficiently, and it could save a life—perhaps your own.

VOTE FOR BARRY

GOLDWATER

IN YOUR HEART, YOU KNOW HE'S RIGHT

Political ad paid for by Goldwater For President Committee, Tad Smith, chairman.

The world's leading acoustical experts made the test. The U. S. Auto Club certified the results: at 20 mph... at 40 mph... at 60 mph...

The 1965 Ford rides quieter than a Rolls-Royce!

Prior to the introduction of the 1965 Fords, the country's leading automotive writers drove the new models at Dearborn. Most of these experts remarked about the extraordinary quietness and smoothness of the Ford ride. An automotive writer, in *Mechanix Illustrated*, said, "If there is a quieter car made in this country, I haven't driven it."

Quiet Means Quality... Since quiet is a traditional measure of car quality, Ford engineers designed the '65 Ford for maximum quietness. To illustrate

New Rolls-Royce Silver Cloud III during series of tests.

this quality achievement, Ford chose to make a documented test against the world's finest luxury car—Rolls-Royce.

Bolt, Beranek and Newman, Inc., world's leading acoustic consultants to government and industry, conducted the tests under supervision of the authoritative United States Auto Club. All cars were tuned to factory specifications.

The Result... The Fords proved

PRODUCTS OF  MOTOR COMPANY

to be slightly quieter at all speeds.

The official test report reads, in part: "At all moving speeds, on both courses, the Fords were quieter than the Rolls-Royces."

The Difference... The sound level difference, to be sure, is small—but it is there. At 60 miles an hour, Ford was actually 2.8 decibels* quieter than Rolls-Royce. At 40, Ford was 5.5 decibels* quieter. At 20, Ford was 4.9 decibels* quieter. However small these advantages over Rolls-Royce may be, they are significant evidence of quality—important to anyone buying a car in Ford's class.

Take A Test Drive... A key—and a warm welcome—await you at your Ford Dealer's. The key, incidentally, fits in the lock no matter which side is up—symbolic of the hundreds of advances you'll find in any Ford you road-test. Come in and see for yourself.

*Decibels are the universally recognized units for measuring the volume of sound.

The Total Performance 1965 Ford Galaxie 500 LTD being tested.

SOUND LEVEL (All readings in decibels)

MPH	FORD	ROLLS-ROYCE	FORD QUIETER BY
20 mph	67.4	72.3	4.9
40 mph	75.9	81.4	5.5
60 mph	82.6	85.4	2.8

TEST CONDITIONS: Dry, level, moderately smooth concrete divided highway; light, quartering wind. All cars operated at steady 20, 40 and 60 mph with all windows and vents closed. **TEST EQUIPMENT:** Bruel & Kjaer precision octave band analyzer, recording through direct observation and through Naagra precision tape recorder. Data expressed in Perceived Noise decibels. **TEST CONDUCTED ON** September 24, 1964, by Bolt, Beranek and Newman, Inc., of Cambridge, Mass., the world's largest

acoustic consulting firm. **TEST CERTIFIED** by the United States Auto Club. **CARS TESTED:** Two brand-new Rolls-Royce Silver Cloud III sedans, V-8 with automatic transmission, list price in New York \$16,655 each. Three 1965 Fords, each with 289-cubic-inch V-8 engine and Cruise-O-Matic transmission: Galaxie 500 LTD, Galaxie 500/ XL and Galaxie 500 4-Door Sedan.

ELECT GEORGE

BUSH

REPUBLICAN FOR U. S. SENATE
GEORGE BUSH ON THE ISSUES*

* FEDERAL SPENDING

I do not believe a politician should attempt to perpetuate himself in office through wasteful spending projects. Certainly some federal projects have a legitimate place in sound government, but I believe in cutting out wasteful pork barrel projects. We must balance the budget and then provide a sensible tax cut for all Americans.

* FOREIGN POLICY

We do not want our sons or brothers to become unknown soldiers in foreign graves—lost in vain causes. The tragic policy that permits us to fight wars we cannot win must be completely done away with. Might does not make right, but might and right together can keep the communist world from carrying out its threat to bury us.

* FOREIGN AID

I support the use of foreign aid to strengthen our friends and extend freedom. But not one cent of our aid money should end up in enemy hands. Our foreign aid should be drastically reduced except in those areas where technological and military assistance is necessary to the defense of the free world. I oppose foreign aid to communist countries.

* CIVIL RIGHTS

I believe that the solution to this grave problem lies in the hearts and good will of all people and that sweeping federal legislation, like the Civil Rights Act, can never fully succeed. I favor job opportunity and educational opportunity for all, justly administered by the state and local government. I oppose lawless attempts to try the issue in the streets.

* UNITED NATIONS

The UN has largely been a failure in preserving freedom. The United States has taken the responsibility for the freedom of the Western World and should not relinquish that responsibility to the General Assembly. All nations should pay their dues or lose their votes. In the event Red China is ever admitted to the UN, I advocate withdrawal of the United States. I favor strengthening our NATO alliance.

* MEDICARE

I oppose the Medicare Bill which would overburden the social security system and lead to socialized medicine. I favor the state-controlled medical care for the aged laws now in effect or pending in most of the states.

* IMPORTS

We must reappraise our present oil and meat import programs. The programs now in effect have seriously hurt these two basic Texas industries. A senator from Texas should be in the forefront of any battle to protect this state's prime industries. I will continue to support meaningful programs to restrict oil and beef imports.

* MORALITY IN GOVERNMENT

Morality, like honesty, is not a matter of degree. The American people are fed up with self-seeking, perpetually-running politicians who place personal gain and their desire for re-election above service to their nation. The Estes-Baker scandals must be fully disclosed and measures taken to prevent such acts of immorality.

Nazareth FHA Club Presented P-TA Program, Monday

Nazareth Future Homemakers presented the program to P-TA Monday evening at Nazareth cafeterium. Emblem service was conducted by Stephanie Birkenfeld, Joy Wilhelm, Nancy Drerup, Janeta Wehington, Shirley Acker Gail Dobmeier Magaline Birkenfeld and Raenele Schulte. Viola Schacker, Joan Acker, man helped with the singing services. Sharon Hochstein accompanied the group on the piano. She also played some numbers between the Emblem service and the Skit. Skit was produced by sophomore FHA members. It portrayed what Makes a Successful Party."

WINNING PRIZES AS LEAST-DRESSED at the Nazareth High School Hallowe'en masquerade party Saturday night were (backrow) Arthur Brockman, Larry Ringwald, David Ehly and Bobby Steffens, (front row) Joan Acker and Magaline Birkenfeld.—Staff Photo

Buying Guides For Consumers

These food buying tips by Mrs Gwen Clyatt, Extension consumer marketing specialist, may save consumers some money during the next several days. The cooler weather may bring out the "soup kettle," so look for best beef values on ground beef, short ribs and arm and blade pot roasts, the specialist says. Shoulder and round steaks are the most economical.

Pork values include smoked ham and picnics, shoulder roasts and pork liver. Fryers remain an excellent bargain in retail meat departments, and Grade A large size eggs continue as the economy quality egg buy.

Fresh fruit and vegetables items in ample supply at reasonable prices include Jonatha, golden and red delicious apples, bananas, prune plums, tokay grapes, Bartlett pears, tomatoes green peppers, squash, carrots dry onions radishes, and mustard and turnip greens. High quality green beans, broccoli and eggplant are moderately priced.

Mental Health Needs Are Increasing Daily

The scope of mental health needs increases daily as our population continues to grow, says Patsy Reynolds, specialist in family life education at Texas A & M University. During 1964, some 84,000 Texans will seek professional help for some type of mental disturbances if statewide predictions prove accurate.

"They will come from every county, every city, every income and social and educational level. Some of these people are your neighbors and friends. Next year we can expect even more trouble people to need help," says Miss Reynolds.

Many people are interested in helping these people and in knowing what steps can be taken to prevent as well as treat mental disturbances. The State Mental Health

Planning Committee has been studying the situation. Under the leadership of Hale County Judge C. L. Abernathy, the committee is nearing completion of recommendation for a statewide effort to meet this challenge.

Mental illness is a disease which can be treated and prevented—and is not a disgrace, says Miss Reynolds.

"The disgrace comes only when people do not care enough to do something constructive to help these troubled people," She emphasized.

Safe Use Of Agricultural Chemicals Needed

Discussions on research, changes in recommendations, and the safe use of agricultural chemicals will highlight the Insect and Plant Disease Control Conference to be held November 10 and 11 at Texas A&M University.

Presentations and topics to be discussed generally revolve around the use of agricultural chemicals for controlling insect and plant diseases, reports Wendell Horne, Extension plant pathologist, Texas A&M University.

E. M. Trew, assistant dean of the College of Agriculture at Texas A. M., will welcome the approximately 250 people expected to attend the conference.

Topics to be discussed include the following: "Shade Tree Diseases in Texas," "Field Diseases of Rice," "Changes in Vegetables Field Crops," "Virus Diseases of Tree Fruit," and "Changes in Livestock Pest Control Recommendations."

Also, "Extension's Responsibility in the Safe Use of Pesticides," "Food and Drug Administration Activities in Texas in 1964 and Plans for 1965," "Pesticide Residue

Analysis," "Peanut Diseases," "Leaf Diseases and Cotton Rust Prevention Program" "Results of Research with Systemic Insecticides for Cotton Insect Control," and "1965 Cotton Insect Control Recommendations."

Mr. and Mrs. Ray Bearden are visiting their daughter and family Mr. and Mrs. Leondous Fry at Port Neches, this week.

AN AD

FOR THINKING AMERICANS

A COLLECTION OF FACTS FOR THOSE WHO WISH TO CAST THEIR NOVEMBER 3 BALLOTS ON AN INFORMED BASIS

FACT: PROSPERITY WITHOUT INFLATION—The Democratic Administrations have achieved a goal for which all governments strive—prosperity without inflation. The United States is in its 43rd month of sustained economic growth, the longest period of continuous economic expansion in the nations' peacetime history. During this period per capita personal income has increased 4% while consumer prices have gone up only a little over 1%. So we not only have more dollars—they buy more.

FACT: EMPLOYMENT UP, UNEMPLOYMENT DOWN—There are one million more American citizens employed today than just one year ago. Even with our expanding population and some 30,000 new people entering the job market every week, unemployment has begun to decline. Today 95.4% of all family heads in the United States are gainfully employed, and this is an all time record.

FACT: PROFITS UP, BUSINESS EXPANDING—Business profits after taxes are 18% higher than they were one year ago. As a result of a tax cut achieved by the Democratic Administration, capital investment has been stimulated to the extent that it is up 12% over last year. This money which goes into plant modernization and expansion, installation of new machinery and creation of new businesses, means more jobs and more income for America's families.

FACT: ECONOMY IN GOVERNMENT—For years the cost of operating the federal government has been going up by \$3 billion to \$5 billion annually. This was largely because of our growing population, more people needing to be served but, due to the extensive cost cutting program introduced by President Johnson, this historic trend has been reversed. For the first year in many, the cost of government is down, not up. This year the budget is \$1.1 billion lower than last year.

FACT: LABOR-MANAGEMENT PEACE—In the three years 1958-60 the average work-time strike loss was 33 days out of every 10,000. In the three years 1961-63 under the Kennedy-Johnson Administrations the average loss was only 15 days out of every 10,000. The 1964 average has been still lower. Work-time strike losses under the Democratic Administration has been at their lowest point since World War II.

FACT: GREAT PROGRESS IN BALANCE OF PAYMENTS—The Kennedy and Johnson Administrations have achieved steady and remarkable progress in reducing the balance of payments deficit and in halting the gold outflow. In 1960 the balance of payments deficit was 3.8 billion. By 1963 it had been cut in half . . . 1.9 billion . . . and on the basis of the first part of 1964 it appears that it will be only 168 million at the end of this year. The reduction in gold outflow has been cut to less than 1/4 of its 1960 level.

FACT: DECLINE IN FEDERAL EMPLOYEES—Since Lyndon Johnson initiated his economy drive throughout all agencies of the government, the number of Fed-

eral employees has been reduced by 43,700. As a percentage of the population, the number of federal government employees has not been growing for many years. In 1946 there were 19 federal civilian workers serving each 1,000 Americans. Today the number has dropped to 13 and six of these are civilian-employees of the armed services.

FACT: ABOUT THE NATIONAL DEBT—Most of the national debt accumulated during World War II. Since 1946 the national debt has increased by about 15% but during this same period state and local government debts have increased by 328%, business debts in the U.S. have increased by 388% and the total private indebtedness of individual Americans has increased by 529%. Yet the Johnson Administration, with its economy programs and by reversing the trend to higher budgets, has recognized the need for a gradual reduction of the national debt.

FACTS: PERSONAL RESPONSIBILITY—During his last two years in the Senate, while he was being considered for his party's Presidential nomination, Lyndon Johnson nevertheless managed to be on hand, voting and attending to the public's business a full 95% of the time. During the past two years, his opponent has been present and voting for only 56% of the roll calls in the Senate.

FACT—FIRM LEADERSHIP IN WORLD AFFAIRS—The United States has followed a firm policy in preventing the spread of Communism. Anyone who thinks we are not winning the cold war is simply not acquainted with the facts. Of the 50 newly independent nations which have been admitted to the United Nations since World War II, not a single one has chosen the Communist system. No nation, new or old, has gone Communist since Cuba went in 1959. Of the 156 independent nations of the world, only 17 are essentially Communist-oriented.

● President Johnson acted with purpose and decisiveness when unprovoked attacks were made by North Vietnamese PT boats on our destroyers in the Bay of Tonkin. First the President ordered our ships not just to drive off the attackers, but to sink them. Then, after the second attack, he dispatched Navy planes to destroy the remaining PT boats, their bases and fuel supplies.

● The Kennedy and Johnson Administrations have acted decisively in world affairs. The Communists have been forced to abandon their military designs on the Congo. In Latin America, the Alliance for Progress has begun to reduce the poverty and distress on which Communism breeds. The highly regarded U Thant was elected secretary general of the United Nations with U.S. backing, blocking the Soviet bloc troika proposal.

● When Russia for the first time stationed missiles outside Soviet boundaries, by placing them in Cuba, U.S. intelligence discovered and photographed them before they became operational. The U.S. response was carefully planned and boldly executed under the leadership of President Kennedy. In a showdown with the Soviets, Russian ships, closely observed by U.S. ships and pilots, were forced to load all the missiles and head back to Russia. U.S. firmness also compelled the withdrawal of IL-20 bombers.

● The policies of the Kennedy and Johnson Administrations have been characterized by a determination to win the cold war and by a determination for peace.

● In its quest for peace, these administrations have emphasized preparedness as a deterrent to aggression. The capacity to defend our nation has been dramatically strengthened under their leadership. In the 3 1/2 years of the Kennedy and Johnson Administrations, the number of combat-ready divisions is up 45%. Airlift capacity has been increased by 75%. Our nuclear capability is 150% greater than it was in 1961. And counter-insurgency forces to meet new threats of guerrilla warfare are up 800%.

There is no substitute for Responsibility, Prudence, and EXPERIENCE.

SEVENTH GRADE 'B'

Marsha Baldrige
Jerry Birdwell
Andrea Davis
June Ewing
Janie Higdon
Marilyn McLeroy
Suzanne Merritt
Juanita Murillo
Beverly Newman
Debbie Phares
Rita Schumaker
Ann Vardell
Debbie Wilson

Live Oak Decline Spreading

Most live oak habitats in Texas have now been invaded with a disease known as live oak decline which has been spreading over the state for 30 years.

Environment as well as condition of the tree has little effect on the disease, points out Dr. Robert S. Halliwell, assistant professor with the Department of Plant Sciences, Texas A&M University.

Leaves of affected live oak trees may first turn yellow; this may occur on certain branches or on the entire tree, says Halliwell. In this case the leaves generally do not fall and death comes in one to two weeks.

More often, however, the decline takes one or more years and is first evidenced by progressive dying of leaves which starts at the leaf tip, leaf drop and die-back of twigs. This condition progresses until defoliation is complete and death quickly follows, explains Halliwell.

Heartwood of infected trees takes on a brown discoloration, emitting a faint odor resembling acetic acid. In advanced cases the discolored area extends to the vascular system and generally progresses vertically, bringing wilting and dieback to the tree.

A fungus which appears to be associated with discolored heartwood and or vascular tissue has been isolated from infected trees, says Halliwell. The slow growing fungus, however, has not been isolated from dying terminals. This apparent absence of the pathogen in dying terminals would indicate that symptoms were due to a mechanical interference with the passage of water and or the presence of a toxin.

Research is being continued to find out more about the disease and to formulate possible control measures. Halliwell points out a new project known as the "Etiology and control of Live Oak Decline" has recently been initiated. It is being sponsored by the McIntire-Stennis Cooperative Forestry Research Program.

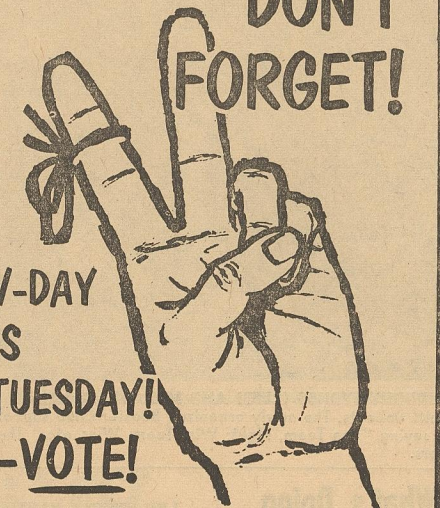

VISITS PARENTS

Mr. and Mrs. Don Snider of Bowling Green, Ohio, were recent guests of his parents, Mr. and Mrs. W. C. Snider.

WEEKEND GUESTS

Mr. and Mrs. J. R. Tonn of Big Springs were weekend guests of their daughter and family, Mr. and Mrs. Derral Hulme.

DON'T FORGET!

V-DAY IS TUESDAY! -VOTE!

It is your right as an American to be able to vote; it is your responsibility as a citizen TO vote. Don't let your country down. Go to the polls Tuesday and protect your rights.

Dr. Abernathy—
(Continued from page 1)

Democrats, George Bush and Bob Price are parroting the Goldwater line, don't forget this for a minute."

"As important as a two-party system is needed in Texas, we must reject this extremist party," commented the speaker.

Abernathy pointed out the effectiveness of Yarborough's work in the Senate and discussed many of the bills which Yarborough help write and support.

The speaker says Yarborough's name appears on 16 laws. He says, "Yarborough has worked hard in aiding this agricultural area by co-sponsoring several bills."

The speaker commented, "Yarborough has seven years of seniority, are we as Texans going to trade off this seniority for someone who has no seniority such as George Bush."

According to Abernathy, Yarborough is well-liked and has the respect of his colleagues in the Senate.

Abernathy defined what he calls three basic issues emerging from the '64 campaign.

First issue is: "Do we put far right extremists in charge or do we pursue a way of life calculated to find harmony and trust between peoples?"

Second issue is: "Do we turn back the clock or do we go ahead by responsibly seeking solutions?"

Third issue is: "Do we undermine the confidence of our allies by rattling nuclear war or do we choose to continue peace with honor throughout the world?"

Dr. Abernathy closed with the words of former President Herbert Hoover, "We have a great way of life in America, let's keep it that way."

Legion To Have Party

All veterans are urged to attend the American Legion Post 445 in Dimmitt tonight at 8 p.m. for a Tacky party and covered dish supper.

The party will be held in the Legion Hall.

BAYLOR HOMECOMING

Dr. and Mrs. Charles Vandiver and sons, Loren and Craig and Mr. and Mrs. A. J. Kemp and son, Andy attended the homecoming activities at Baylor College in Waco last weekend.

Bolton Family Enjoys Reunion

Mr. and Mrs. Carl Bolton hosted the Bolton family reunion Sunday in their home. It was the second reunion of the brothers and sisters that all have attended in 43 years.

Attending were Clyde Bolton of Amherst, Eugene and Ardis Bolton of San Diego, California, Mr. and Mrs. Raymond Williams of Stratford, Mr. and Mrs. Gene Williams and Mr. and Mrs. Charlie Carrico of Amherst, Mr. and Mrs. Sharp Parker of Ralls and Mrs. Herbert Parker of Hobbs, N. M.

Nieces and nephews present were Judy, Janie and Janet Lovelady of Sudan and Hubert, Vick and J. H. Carrico of Littlefield.

How to postpone paying tax on E Bond earnings

Owners of Series E Savings Bonds can trade them in for H Bonds without immediately paying income tax on the interest accumulated.

This conversion privilege allows you to pay taxes when your bracket may be lower; permits tax money to earn interest for you. This means special benefits for people near retirement, or who, for other reasons, want the cash interest paid twice a year by H Bonds.

FACTS ABOUT H BONDS:

- You buy them at face value.
- You receive interest by check twice a year.
- You earn 3 3/4% interest when H Bonds are held the full 10 year maturity term.

Get full information on H Bonds at your Bank.

YOU SAVE MORE THAN MONEY WITH U.S. Savings Bonds

LETTERS TO THE EDITOR

Dear Editor,
I wish to urge all thinking people to go to the polls and vote a straight democratic ticket. The Democrat has always been a party for the people. It has always been for prosperity. President Johnson has the experience needed for the biggest job in the world. He and his Lady Bird are fine, good people who are respected all over the world. "Barry Goldwater has somehow made himself central campaign issue, obscuring all issues," quote from Life magazine. He does not offer anything good for the people only condemnation toward our leaders who are working so hard to keep peace. So on Nov. 3 go to the polls and vote for the Democrat people.
Thank You,
Myrtle Sheffy
Chairman of the League of Democratic Women

SUGAR BEETS GROW BIG in Castro County. Troy Maxwell is shown holding a beet weighing 17 lbs. This beet was taken from the H. E. Henley farm north of town where Dale Maxwell is harvesting. This beet contains about 3 lbs. of sugar. Farmers are expecting the beet harvest to continue late in the winter due to a pile-up of beets at the Holly Sugar factory in Hereford. —Staff Photo

NORTHEDGE NEWS

CLUB TO MEET
The Northedge Community Club is scheduled to meet Friday night, November 6, at the home of Mr. and Mrs. Woodrow Nelson. Plans for the annual Christmas dinner will be made.

Mr. and Mrs. Garry Hathaway visited Mr. and Mrs. Micky Hathaway and daughter, Vicki Thursday night.

Mrs. John Crum visited her daughter, Mrs. A. S. McJimsey in Silvertown Friday. Mrs. McJimsey and Sherri returned with her to spend the week-end. Mr. McJimsey came after them Sunday.

Mr. and Mrs. Raymond Crum visited her brother, Mr. and Mrs. C. R. Blocker in Amarillo Sunday.

Mrs. Robert McDaniel visited Mrs. Ida Madden in Hereford hospital Friday.

Visiting the Royce Davis Sunday were her parents, Mr. and Mrs. L. W. Bennight of Hart.

Rev. and Mrs. Carl McDaniel and Kayla of Hale Center visited his parents, Mr. and Mrs. R. E. McDaniel Tuesday evening.

Mrs. John Crum gave a Stanley party Wednesday. Attending in this community were Mesdames John Womack, John Merritt, Robert McDaniel, Raymond Crum and Loyd Glidewell.

HERE FROM HEREFORD
Mr. and Mrs. Chesley Johnston and baby of Hereford visited his mother, Mrs. W. C. Johnston last week-end.

YOUR FRIEND FOR LIFE

Don Parsons

Is this man a friend of yours already? If so, you have a valuable friend indeed.

Southwestern Life agents are highly skilled in the business of planning for the future. The Company requires them to complete a graduate-level life insurance education which requires over 500 extra hours of study.

So, when you marry, when a baby comes along, when you begin planning for retirement, the counsel of this well-trained man can be of great importance to you.

If you do not know your Southwestern Life agent yet, talk to him when he calls: Your Southwestern Life Agent... your friend for life.

Piano Teachers To Have Two Recitals

Pupils of Mrs. Millie Dieter and Mrs. Faun Welker will play in two recitals scheduled Sunday, November 1 in the South Grade School cafeteria.

The first group will perform at 3 p.m. Students in this group will be Virginia Sheffy, Bobbie Rose Kirby, Diana Studer, Rebecca Stanford, Jan Noble, Linsae Snider, Jungman and Ricky Lewis.

Also Sandra Hulme, Vicki, Becki and Sandra Carpenter, Kim Miller, Camille and Carla Kemp, Susan Wise, Gary Wise and Amy Taylor.

At 4 p.m. the following group will perform: Anne Golding, Diane Webb, Andy Taylor, Flip Taylor, J. Hughes, Eddie Hughes Jackie Matthews, Linda Bennett Kathy Little, Sandra Robertson, Randy Hulme, Linda Langford, Suzanne Merritt, Andrea Axe, Le Ann Hill, Ronnie Burks and Victor Jean Hughes.

Mrs. Dieter and Mrs. Welker will play a two-piano number at end of each recital.

Children Need Health Services

Four out of every 100 school-aged children of Texas can be diagnosed as emotionally disturbed, says Patsy Reynolds, Extension Specialist in family life education.

These startling statistics were revealed in a recent study conducted by Dr. Fred Crawford of Austin, research chief of the State Mental Health Planning Committee.

The 1960 census showed approximately 3,600,000 children under 18 years of age in Texas. Using those figures as a basis, there are an estimated 140,000 emotionally disturbed children in this state, Miss Reynolds says.

"In our 254 counties, there are only 15 mental health centers for diagnosis, evaluation, and treatment of children. In fact, in a study of mental health resources in various communities in the country, 61

of the lowest ranking 94 counties of the entire nation were in Texas," the specialist adds.

Hospitalization is not always the answer, however, Miss Reynolds says. Action and facilities are needed in local communities. Recommendations by the Mental Health Planning Committee, under the leadership of Judge C.L. Abernathy of Hale County, are nearing completion.

Further information about the new state plan for mental health services can be obtained by writing to the Office of Mental Health Planning, 410 East Fifth Street, Austin

This state is endowed with ample natural resources — yet Texans should remember that the most valuable of these resources are their children, says Miss Reynolds.

BILL HAYES

REPUBLICAN CANDIDATE FOR CONGRESSMAN

AT-LARGE

announced recently at a coffee in this area a Nine Point Program of improvements for Texas, which he will incorporate into proposed laws next year and during the two year term of his election to Washington.

Hayes further stated that Democrats are going to "scratch" Pool of Dallas from the ballot. Independents don't trust him, Democrats don't like him and Republicans are ready to "throw him out" on November 3rd. Pool has done nothing for the State of Texas outside of Dallas County and they want a Congressman-at-Large for all Texas.

HAYES' NINE POINT PROGRAM IS AS FOLLOWS:

1. Better regulations of and limitations on foreign imports of oil, cattle, lumber and other products vital to our people.
2. A direct tax credit from your income tax balance for each son and daughter in college. (Tax credit on the balance rather than a straight deduction)
3. Instead of the Medicare attached to Social Security, he proposed immediately an additional allowance from \$1,200 per year to \$2,000 that a person on Social Security is allowed to earn under our free enterprise system, without penalty, to help our senior citizens live in dignity.
4. An increase in pay for enlisted personnel of our armed forces and the lower pay grades of civil service personnel as opposed to Pool's fight for his own \$7,500 per year pay increase and big increase for other top echelon politicians. This program could largely be paid for by cutting off all foreign aid spending to communist dominated countries.
5. We must maintain a strong military posture in order to insure peace throughout the world. It is therefore imperative that we immediately develop new Weapons systems, including manned bomber and especially an effective anti-missile system.
6. Because the farmers of America are an important part of the back bone of our nation, we should take steps to assure them unhampered progress toward a better standard of living.
7. A strong water conservation program.
8. Work to keep the U.S. dollar strong and valuable aid a gradual reduction of our National Debt.
9. To oppose Communism and Socialism at all levels of government.

New AFS President Releases Press Conference Statement

Why I am here and what my policies will be as President of the American Field Service are the two questions I suppose I should answer today, and can't. I am prepared, however, from my experience in the academic world to talk unabashedly about questions I can't answer; NOT taking a position—comfortably defined as objectivity—has become the pinnacle of modern scholarship, and even an academic administrator becomes imbued with its sweet reasonableness. Furthermore, a new appointee's first statement to his constituency and the press should be so platitudinous that no one takes exception to it, and the appointee is committed to nothing. Finally, I am handicapped by ignorance of

France to Burma. Having marched with the troops of France, Great Britain, New Zealand, India, Australia and Poland, to mention only a few, the Field Service really and naturally acquired its international mindedness. From war's gamut of horror and boredom, comradeship and self-revelation, reverence and grief, from all these sprang a profound desire for peace. Reinforcement came from memories moments when one has to put squarely on the line his readiness to make the ultimate response. A gallery of valiant comrades who did so looms before the mind's eye.

These threads of international mindedness and desire for peace were woven together by the genius of Stephen Galati, whose selflessness, energy and vision created the most significant, privately supported institution to have emerged in the U.S. since World War II. Surrounding himself with an inspired staff, Mr. Galati daily performed miracles, or so they seem to his occasionally hesitate Board of Directors. An idea whose time was right was in the hands of a dynamic leader. The International Scholarship Program provided Chapter members, teenage participant and parents a meaningful, satisfying response to the agitated frustration created by the threat of nuclear war. If anything made sense and offered hope in a mad world, this did. Blessed indeed are the peacemakers and supreme is the AFSer's devotion to international understanding as a necessary condition of peace.

For all his idealism, Stephen Galati's greatest contribution may have been his uncanny avoidance of the pitfalls of fuzzy-headed "dogoodism." One needs only to observe the day to day operations of the headquarters in New York to sense there are no false illusions at the core of this effort. It has known failure, experienced all the frailties of human nature. Because of the variety and complexity of the problems that an international program can raise for governments, parents, chapters, schools and, above all, participating students, the AFS early committed itself to providing personalized attention to every aspect of its operations. However large the number of participants may become this is one policy that I cannot foresee discarding.

There is another aspect of the AFS program that is less frequently mentioned then its goal of international understanding. As an educational innovation, it stands in the front rank of the developments of the past two decades. Educators have been pre-occupied with new, widely publicized programs of Mathematics, science and foreign language instruction, with the Advanced Placement Program and with enlightened methods for the better preparation of teachers—all of which have greatly strengthened our secondary schools. But these efforts are confined to the traditional structure of secondary education. The AFS has added a new dimension to the pre-college experience of thousands of our ablest youth, relating them, as nothing

else can, to the realities of our 20th-Century "One World." The value of this new educational experience Carnegie Units and, therefore, has not been fully recognized by most educators. But I am totally convinced that a year on an AFS scholarship, whether for an American going overseas or an overseas student coming here, is a uniquely valuable experience. I speak with deep conviction on this matter, for I was privileged, at the age of 17, to spend a year in a foreign school, and recognized at a highly impressionable age the basic common humanity of another people. Like most 17 year olds, I was emotionally flexible enough to share their feelings and sense their aspirations, yet old enough to preserve my own identity. Above all else, I acquired a new outlook on the U.S.A., having seen it for a time through another's eyes—and how differently it appeared!

For most AFSers, there is a formal educational content beyond these intangibles of heightened sensitivity and awareness. They have learned a foreign language and it is astonishing to find what fluency in Norwegian, Turkish or Japanese has been acquired by students in a few months. Certainly most of them learn in a year the equivalent of what is represented by four or more Carnegie Units of foreign language. Without exception, they acquire something beyond mere textbook knowledge of the history and contemporary life of a foreign country. Credit two more Carnegie Units for this. As ambassadors and spokesmen for their own country, they are forced to read and think about the U.S.A. as they never did before. Good for another two Units. Thus I can recognize as many as 10 Carnegie Units worth of learning, or the equivalent of two years in most American high schools, as the formal content of a year in the AFS in judging students for admission to Yale over the past dozen years, I have acted in his belief and have not been disappointed.

Consider, too, the lasting value patterns and the influence on career choice which result from the AFS experience. A high percentage of our participants will, throughout their lives, be motivated toward careers or extra-curricular activities. The State Department can readily recognize the AFS as one of its most fruitful sources of recruits. It also knows that the experience of a single student has an out-reaching impact on parents, siblings and often a whole community, vastly enlarging their appreciation of the world. Often this occurs in towns and cities off the main line, where previously there has been minimal support or our foreign policy. With more than 2600 organized Chapters in the U.S., with offices in 31 countries, with 1100 American students abroad and some 2900 students from 59 countries studying here this year, with a total of 29,000 scholarships throughout the years, the reach of the AFS has become staggering.

From the growth of the AFS since World War II, one can foresee the day when an important segment of

the leadership of world will share the powerful bond of an AFS experience. Surely nothing promises greater hope for the establishment of a peaceful world—a world in which change can occur without violence, where the dignity of the individual is respected, where the fruits of humanistic and scientific learning may be universally enjoyed. The objective of the AFS is to offer the world's most promising young people an opportunity to participate in this great undertaking. My wholehearted support of this objective is inherent in my being here today.

It's The Habit That Counts!

We are talking about the habit of savings at Credit Union. Some folks think that it's mighty hard to save a dollar, but a dollar can be saved, even if it is done by adding pennies, nickles and an occasional dime.

Credit Union welcomes deposits of 25c or more because it is important to get that saving "habit". 4% dividends are paid semi-annually . . . and if you are under age 70 CUNA Mutual Life Insurance is provided by Credit Union and will increase your savings up to \$2,000 according to age at time of deposit as follows:

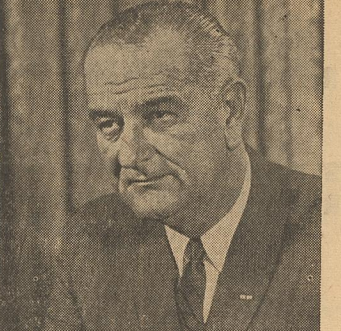

You get \$1 insurance for each \$1 you deposit before you are 55. Then:	
55 through 59	75c for each \$1
60 through 64	50c for each \$1
65 through 69	25c for each \$1

Visit us soon.

There Must Be A Reason . . .

Seldom in the history of the nation has a presidential candidate earned the widespread editorial support that President Lyndon B. Johnson has received from responsible newspapers and magazines—Democratic, Republican and Independent.

Many of these publications are indorsing a Democratic presidential candidate for the first time. One, the Atlantic Monthly, has never before in its long and respected history given its editorial blessing to any presidential contender.

THERE MUST BE AND THERE IS A REASON FOR THESE INDORSEMENTS

The owners and publishers of these newspapers and magazines are conservative businessmen, deeply concerned with maintaining and strengthening the very freedom which makes it possible for them to exist and flourish.

SAMPLE BALLOT

Vote for the candidate of your choice in each race by scratching or marking out all other names in that race. You may vote for all the candidates of a party by running a line through every other party column.

HONORED GUESTS

Mr. and Mrs. Jack Flynt were honored guests Saturday night at Dallas Post and Unit 275. Mrs. Flynt was guest speaker Sunday at the 4th District Convention in McKinney.

RETURNS HOME

Sharon Maynard returned to Dallas Sunday after spending the weekend with her parents, Mr. and Mrs. Sam Maynard.

MR. AND MRS. ISIDROE MINJAREZ
Marroquin - Minjarez Exchange
Vows In Double Ring Ceremony

Delores Marroquin, daughter of Mr. and Mrs. Ignacio Marroquin of Hart and Isidro Minjarez, son of Mr. and Mrs. Favain Minjarez of Olton were wed in a double ring ceremony Saturday, October 24.

Father Antonio Gonzales read the nuptial mass in the Sacred Heart Catholic Church of Plainview. Vow were exchanged before a white satin prayer bench flanked by candles filled with white lighted tapers. Pows were accented with white daisies.

Given in marriage by her father, the bride wore a white satin floor-length gown trimmed in net and lace. The gown featured long sleeves. She wore white accessories and carried a bridal bouquet composed of white daisies.

Mary Herrare served as maid of honor. Bridesmaids were Mary Mendoza of Lubbock, Eva Sainz of Hart, Polly Barrientos of Hart, Emma Martinez of Edmondson and Anita Barrientos of Edmondson.

Attendants wore green brocaded satin dresses with matching accessories. They carried a long-stem white rose.

Hector Herrare served as best

man. Candelights were the altar boys of Sacred Heart Catholic Church, Plainview. Flower girls were two Martinez girls from Cotton Center. King bearer was Frankie Martinez of Cotton Center.

Following the ceremony, a chicken supper and dance was held in the Dimmitt American Legion Post No. 45.

The couple went to Lubbock for their wedding trip. They will reside at Halfway, Texas.

The bride attended Hart Schools and the groom attended Olton Schools.

The bride's mother wore a black crepe dress and black accessories. She had a corsage of white mums.

The groom's mother chose a green wool dress and black accessories. She wore a white mum corsage.

Out of town guests included Mr. and Mrs. Antonio Martinez of San Angelo, Mr. and Mrs. Alfred Martinez of Bronte, Mr. and Mrs. Frank Garcia of Hereford, Mr. and Mrs. Ernest DeLeon of Hereford, Junior Rodriguez of Plainview, Janie Marroquin, Junior Marroquin, Belinda Marroquin, Anna Marie Marroquin, Edward Marroquin, all of Hart, Ralph Minjarez, Junior Minjarez, Mary Ann Minjarez and Mr. and Mrs. Bill Stewart, all of Halfway.

Exports Help Upland Cotton To Disappear

Disappearance of upland cotton during the 1964-65 crop year is expected to reach 14.8 million bales — up slightly from the 14.1 million a year earlier and the highest since 1959-60.

Mill consumption is expected to increase sharply while exports are expected to be maintained at a relatively high level, reports John McHaney, Extension economist, Texas A & M University.

An estimated mill consumption of 9.6 million bales tops last year's since 1950-51. McHaney bases his 1964-65 estimate on an improved price position for cotton and cotton textiles in the domestic market, a continued high level of general economic activity, and some rebuilding of "pipeline" inventories of cotton textiles.

The economist estimates cotton exports at 5.2 million bales compared with 5.6 million last year. Nevertheless, exports are expected to remain relatively high during 1964-65 because of a continued up-trend in foreign free world consumption; the record was set last year. However, says McHaney, foreign free world production may rise slightly from the previous year.

Cotton carryover on August 1 was estimated at 12.2 million bales. This is an increase of about 1.1 million from the previous carryover and the highest level since the record high of 14.4 million in 1956.

Despite a larger disappearance than a year ago, carryover increased because of the large crop resulting from favorable growing conditions and record-high yields.

The 1963 crop of 15.1 million bales was the largest since 1953, McHaney points out. Mill consumption

and exports combined were up 2.4 million bales during the 1,63-64 crop year.

MULESHOE VISITORS

BARRY GOLDWATER TAKES A STAND

- ★ **STATES' RIGHTS** "States' rights is no mere slogan. It is the backbone of our Constitutional system. It is a check on the steady accumulation of massive power in the hands of national bureaucrats."
- ★ **CIVIL RIGHTS** "The key to racial and religious tolerance lies not in laws alone but, ultimately, in the hearts of men."
- ★ **HONESTY IN GOVERNMENT** "Certainly, simple honesty is not too much to demand of men in government. We find it in most. Republicans demand it from everyone — no matter how exalted or protected his position."
- ★ **CUBA** "I have challenged the Administration to continue the strong action that would ultimately eliminate this Communist military and subversive base 90 miles off our coast."
- ★ **PEACE THROUGH STRENGTH** "This entire nation and the entire world risk war in our time unless free men remain strong enough to keep the peace."
- ★ **SOCIAL SECURITY** "I favor a sound Social Security system and want to see it strengthened."
- ★ **FISCAL RESPONSIBILITY** "Government can preserve the value of the dollar by prudent budgeting, by living within the means of the people who pay the taxes and by encouraging individual enterprise."

To Agriculture, the farmers, the backbone of our Great Land, we will assure them greater opportunity, higher standard of living. My Secretary of Agriculture will be a farmer that has had dirt on his hands and knows the business of farming.

IN YOUR HEART, YOU KNOW HE'S RIGHT

I am deeply grateful for your continued confidence and support. I hope that I may have your vote for re-election on November 3rd to continue the important progress that we are making together.

RE-ELECT GOVERNOR JOHN **CONNALLY** FOR A GREATER TEXAS!

Political ad paid for by Connally for Governor Campaign Committee, Merrill Connally, Chairman

Study Shows Many Infants Have Poor Pre-Natal Care

Modern Medicine has done much to assure that today's babies get off to a good start in life. However not all Texas babies have the opportunity for as safe and healthy a start as medical science can now provide, says Patsy Reynolds, Extension specialist in family life education.

A recent study by the Texas State Office for Mental Health Planning has revealed some startling statistics, she says.

There were 10,809 midwife deliveries made in Texas in 1962, the study reveals. In one county more than 50 per cent of the deliveries were made by midwives.

"Many of the mothers have complications in pregnancy or delivery which may result in damage to the child. We know that mental retardation is significantly higher where maternity care is frequently inadequate," Miss Reynolds says.

Lifetime care for one retarded child costs the state approximately \$100,000, according to an estimate by Dr. Fred Crawford Research Chief with the Office of Mental Health Planning, Austin.

"In terms of both dollars and cents and human misery, we can't afford mental retardation. Every citizen should watch for the report and recommendations of the Mental Health Planning committee. We must help people to recognize and understand the importance of adequate prenatal care," the specialist says.

Hart Eighth Grade Discusses Carnival

Hart eighth grade class met Friday, October 16 at 2:30 with president Rebecca Futrell presiding.

The class voted on first, second and third choices for the Halloween Carnival project.

First Choice project was "Basketball Throw". This nomination was made by Ricky Bennett. June Leonard nominated the second choice "Water Dunk." Third choice was "Penny Throw" nominated by Josie Sanchez.

The class also discussed prizes to be awarded at the Carnival booth.

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE AT DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879.

This is the final week of the voter roundup.

Tuesday, some 3,000,000 voters will reveal what they think about the candidates who have been wooing them with promises, charges, warnings and counter-charges. Central attention naturally has gone to the presidential race in which Texan Lyndon B. Johnson has been fending off attacks from Arizona Sen. Barry Goldwater.

But the U.S. Senate race in which Republican George Bush of Houston is trying to oust Sen. Ralph Yarborough has gained much attention.

The two presidential candidates have made strong endorsement in the Senate race. Johnson has urged Yarborough's election and Goldwater has urged Texans to support Bush.

SALT WATER—

Trial is scheduled to begin on November 2 in a lawsuit brought by Superior Oil Co. to determine whether the Railroad Commission or the Water Pollution Control Board has jurisdiction over the disposal of salt water produced with oil and gas.

But the lawyer for both state agencies, Atty. Gen. Waggoner Carr has stepped out of the case. Carr said there appears to be a "conflict of interest" between the two state agencies, so he advised them to use their own staff lawyers if they want to be represented in the trial.

Attorney General's Department

will take part in the trial only to see that all evidence is fully developed.

In an informal opinion, first Asst. Atty. Gen. Hawthorne Phillips wrote that the water Pollution Control Board does not have the authority to require oil operators to get permits for use of open salt-water disposal pits.

A special study committee of the House of Representatives will meet on October 30 to decide whether to recommend legislation. Bills giving control of pits to the Board, the Commission, and to both, will be proposed to the committee.

RETAIL SALES— September retail sales were less than one per cent below those of August, when normal, seasonal variation is considered. So reports the UT Bureau of Business Research.

But the dramatic increase was the one of 14 per cent in dollar sales volume over September, 1963 and a 32 per cent increase in auto sales. For the year, sales are up 6 per cent over the same portion of 1963, showing that the upward trend in business conditions is continuing steadily.

COURTS SPEAK— Effect of a U.S. Supreme Court decision concerning admissibility of confessions as evidence was debated before the Court of Criminal Appeals in San Antonio and Houston cases.

Bexar County Dist. Atty. James E. Barlow said the high court's

finding may have upset all guidelines of Texas courts on proper methods of introducing confessions. Supreme Court said persons other than the convicting jury should make a finding of facts as to whether a confession is voluntary or not and whether it is admissible.

State Supreme Court upheld rulings favoring the City of Temple in a suit brought by a former fire-alarm operator who charged he was fired without sufficient reason or due notice.

53rd District Judge Herman Jones is due to make a decision soon on the City of Big Spring's suit against the Board for State Hospitals and Special Schools. In 1937, when the city was competing for the State hospital now located in Big Spring, it contracted to furnish water for the hospital at 10 cents per 1,000 gallons.

A few years ago, the city decided the arrangement was untenable since it costs 32 cents per 1,000 gallons to provide the water that earns 10 cents per 1,000 gallons. But State attorney generals have ruled that the Board cannot renegotiate on the "perpetual contract."

State Supreme Court refused to review a blind widow's appeal to take over her late husband's vending stand in Dallas. Texas Commission for Blind assigned the stand to another.

State Supreme Court also rejected annexation by city of Irving of land in two Dallas County levee improvement districts and left in effect a ruling by the Court of Civil Appeals that Bexar County commissioners were not obligated to call an election on proposals of a county home rule charter drafting body.

ATTORNEY GENERAL'S OPINIONS—

A county hospital district formed under a new law has the same responsibility for care of indigents as is imposed on commissioners courts, Attorney General Carr told Ochiltree County G. R. Close. In other new opinions, Carr informed Dist. Atty. Charles Allen of Marshall that petitions for a local option liquor election did not meet requirements because of a discrepancy in wording.

He also held that the State Board of Hairdressers and Cosmetologists cannot require financial statements as a prerequisite for a license.

CORPUS CHRISTI FIRST— Corpus Christi became the first metropolitan area in the nation to complete a comprehensive transportation plan in compliance with the Federal Aid Highway Act of 1962.

Study was conducted by Texas Highway Department in cooperation with the City of Corpus Christi, Nueces County, and the Bureau of Public Roads. It pinpoints present and foreseeable traffic problems in the area and provides a basis for developments of highway routes, city streets and county roads serving the Gulf coast city over the next 20 years. Nineteen

UGH! exclaims Martha Sharp during FHA initiation ceremonies conducted last week in Hart High School. She has just polished off a mixture of spinach and peanut butter. Looking on with surprised horror as it will be their turn soon are Dixie Kendrick and Connie Bailey. See story. Photo Courtesy of Mrs. Herman Burress

Hart FHA Little Sisters Initiated

Initiation for the freshman and sophomore FHA members took place in the Hart High School Homemaking Department Thursday, October 22 announces Mrs. Jim Grubaugh, sponsor.

The initiation activities of the day were climaxed with a party Thursday night. During the day, the girls had to serve as servants for the juniors and seniors. The girls had to wear their clothes wrong side out and backwards, wear green eyeshadow, no makeup and go with their hair uncombed and teased.

At the evening program, the girls were blindfolded and served a rare tasting supper. Menu was as follows:

- Appetizer - raw eggs
- Worms - Boiled noodles in onion sauce
- Ground up mice-mashed weiners
- Eyeballs - peeled grapes
- Lizards - boiled okra spiced with pepper sauce.

As a finishing touch, the girls were served peanut butter mashed with spinach and garnished with a touch of hot peppers, vanilla flavoring and other spices.

The Little Sisters were then forced to read two-page theme while sitting on ice. They suffered the infamy of wearing diaper and sucking baby bottles. They were also blindfolded and made to walk through Post Toasties.

Approximately 35 were present for the initiation along with their sponsor, Mrs. Grubaugh.

similar plans are due to be developed in 22 Texas urban areas over 550,000 population this year. COKE COUNTY DAM HEARING PUF OFF—

Hearing was postponed until December 14 by the Texas Water Commission on the application of the Colorado River Municipal Water District (Big Spring) to relocate a dam in Coke County and increase reservoir capacity to 488,760 acre feet. Lower Colorado River Authority, fighting the application, requested

is called the 'Services to Troubled People' task force. It has written recommendations for state and community services to troubled people. All recommendations by all committees will be in the spotlight as suggested legislation during the 1965 Legislature.

Committee reports that there is an endless supply of services to meet some fragment of the needs of the troubled. These include pastoral counselors, medical doctors, social workers, and psychologists. Some community information centers must be set up so troubled people can find out where to go for the help they need WHEN they need it.

WELLS IN CREEK BED

W. F. Company, Limited, a Monahan oil and gas firm, gained permission from the Texas Water Commission to divert 800 acre feet of water each year from Beals Creek by drilling about five wells in the creek bed. Company will use the water from

'brackish' underground in secondary recovery operations in the Snyder Field in eastern Howard County.

BAR BOARD OKAYS LAW CHANGE IDEAS—

State Bar's board of directors approved a 9-point legislative program for 1965, which includes the proposal that county commissioners be granted authority to establish County-Wide traffic courts and cities be able to set up metropolitan 'courts of record.'

Board also pledged support of "a substantial across-the-board pay raise" for district and appellate judges. No particular salary structure was recommended, but a \$25,000 annual salary for district judges has been discussed.

Board gave "overwhelming endorsement" to revision of the State Criminal Code. A bill to do this was passed by the 1963 Legislature, but it did not become law, due to a technicality.

SHORT SNORTS—

Parks and Wildlife Commission Director J. Weldon Watson will inspect a 27,000-acre tract in Franklin Mountain area north of El Paso which city officials want converted into a state park—Governor Connally ordered d flags over state buildings flown at half staff in tribute to the late President Herbert Hoover—Bay Study Committee of the State Legislature held hearings Friday and Saturday in Freeport on recreational uses of Texas bays—New officers of the county Auditors Association of Texas are elected during conference here, are: Pecos County Auditor Gilbert Ray, president; John E. Thigpen of Falls County, first vice president; Weldon S. Horton of Travis County, second vice president; and Hudson Caro of Galveston County, secretary-treasurer—A controversy over ouster and hearing of the school superintendent at Eagle Pass will be resumed before State Education Commissioner J. W. Edgar here on November 23-24.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

McLain, John Stork Recognition of Adult Leaders—Diana Adams and Brock Merritt Certificates and Seals—Charles Hottel, County Agent Gold Star—Judge Raymond Wilson 4-H Members Year Pins—Ricky Kuntz and Carol Robbins Benediction—4-H Prayer, Clayton Ellis.

Mrs. Jake Speaks Up

The Jaycee-ettes have started selling tickets on a Teen-Age doll and wardrobe. This project was begun last year and because of the enthusiasm of the public, is being repeated this year. The tickets will sell for 50 cents each and the doll will be given away December 12.

The funds will be used for civic and welfare projects. See your chance on this beautiful doll for your favorite little girl. The Jaycee-ettes are now busy working on souvenirs of Grain Sorghum for tourists in our town. These will be distributed through local motels and restaurants. Many people passing through are not aware that the Dimmitt area is one of the largest producers of grain sorghum in the nation. Some people have never even seen grain sorghum before and we are hoping these souvenir bags will prove useful in promoting grain sorghum industry.

We are proud to announce that we will have exclusive rights to sell a new product in Dimmitt. This is an all-purpose fertilizer called Bat Guano. This product is packaged in 1 lb. and 2 1/2 lbs. bags and sells for \$1 per pound. Bat Guano is especially recommended for house plants. Anyone wanting to try this product can contact any Jaycee-Ette or call 647-3245 and it will be delivered to you.

The Jaycee-Ettes are also in charge of furnishing refreshments for first grade. Spanish classes Hallowe'en party. This is just one of the parties we provide refreshments for during the school year. See you in two weeks. Mrs. Jake

Car Wash Built

Wishy-Washy car wash is under construction at 511 S.E. 3rd St. This car wash will be coin-operated and features three bays. One bay will be enclosed and the other two are open bays. A deposit of 25 cents will give the customer 5 minutes of detergent and water. The car wash is self-operated. The car wash will also feature a vacuum cleaner and the chamois for drying the car.

Wishy-Washy car wash is owned and operated by O. B. Winkle and C. G. Maples of Dimmitt. According to the owners, the car wash will be open for business the latter part of next week.

VISIT DAUGHTER Mr. and Mrs. Charley Hays visited their daughter Carol last weekend at Baylor.

Dr. and Mrs. R. E. Cogswell and Mr. and Mrs. Glenn Merritt returned home Sunday from a ten-day deer hunt at Dixon, Wyoming.

Dimmitt Seventh Falls To Muleshoe

Dimmitt 7th grade team fell in a hard fought battle Tuesday night to Muleshoe, 14-0. This is the second loss for the 7th grade. They have four victories to their credit. Muleshoe 7th has not lost a game.

The Muleshoe 7th hit paydirt on a two-yard drive play. In the fourth quarter, the Muleshoe 7th scored on a sweep play around right end. Scored two conversion points on a dive play. Dimmitt 7th held Muleshoe scoreless during the first half. According to Coach Pat Privett, Dimmitt played a pretty even ball game except for two touchdown plays.

Dimmitt was hurt on fumbles. The team fumbled the ball five times. Muleshoe also had several fumbles. The 7th grade will travel to Lockney Tuesday night for the final game of the season. They play at 6 p.m.

TSTA Urges Passage Of No. 1 Amendment

A vote "For" constitutional Amendment No. 1 on the November 3 general election ballot was urged today by a Texas State Teachers Association official.

Amendment No. 1 would remove present authority for the Legislature to transfer one percent annually out of the Permanent School Fund for current school operations. Charles H. Tennyson, executive secretary of TSTA, said that ending such depletion of the fund "would make it truly permanent, a trust fund for posterity as it was handed down to us."

The House of Delegates of the 90,000-member teacher group has unanimously endorsed (in 1963) the proposed amendment to the state constitution.

"The Texas Legislature is to be commended," Tennyson said, for approving this limitation of their authority and for submitting the amendment to the only people who can change the constitution—the people."

In the last two years more than \$20 million has been taken from the Permanent School Fund and used for current school expenses. At current rates of investment, this \$20 million would reproduce itself in income within about 20 years.

Except for the present transfer authority, the Permanent School Fund cannot be spent. The investment income, however, goes into the Available School Fund and is distributed to local school districts in "per capita" payments based on the annual census of school-age children. Last year the per capita payment was \$78.50.

"This 20 million—and the investment it would continue to return—is lost forever to the school children of Texas," Tennyson noted. "The decision on the future of the Permanent School Fund is in the hands of the voters November 3."

Fertilizer Short Course Planned

Basic information on soil fertility and fertilizers will be given in a series of three intensive night meetings scheduled for Mondays, November 9, 16 and 30 in Dimmitt High School cafeteria.

County Agent Charles Hottel invites Fertilizer Dealers, Agency Personnel and County Program Building Committee members to make plans to attend by registering through his office.

Sponsored by the Texas Agri-series of meetings is to include presentations by outstanding authorities in both the Fertilizer Industry and Education. Subjects to be treated include nitrogen, phosphorus, potassium, soil testing, management, tissue testing and micro-nutrients.

County Agent Hottel has registration blanks. A charge of \$5 will be made for registration and the deadline for registering is November 3. The \$5 fee includes cost of dinner the last meeting.

State Convention For Wheat Growers Will Be Friday

Texas Association of Wheat Growers State Convention will be held Friday, October 30 at 1 p.m. in the Holiday Inn West, Amarillo. At 9:30 a.m. there will be a directors meeting and passing of resolutions and business session.

Ed Jaenke, Washington D. C. Credit Corporation will be featured speaker. Mr. Jaenke has just returned from Russia and will show slides of Russian agriculture.

Dr. Kenneth Porter of Great Plains Experiment station will enlighten the group on new developments in wheat. Kendrick, Executive Vice President National Association of Wheat Growers will bring the Association up to date on national level.

There are hopes that Congressman Walter Rogers will be present for this convention.

STUDENTS VISIT Dricilla Dehtan and her roommate, Sunshine Johnson of Fort Worth, both students at Wayland College, Plainview visited her mother, Mrs. Rex Sheffy and family last weekend.

Salvation Army

CAMPAIGN DRIVE LAUNCHED

Campaign Chairman Jack Flynt announced the annual Fund Raising Drive for the Salvation Army in Dimmitt and the surrounding area today. The kickoff was started with a breakfast at the steak house.

Goal for the Army in the Dimmitt area for 1964 is \$1,800. Forty eight workers will be soliciting in town. The Captains and workers are: Wade Maynard, Wilson DiCuffa, Curtis Parker, Fred Lemme, Richard Isaacs, Don Parsons, D. A. Hulme Lynn Hokett and Edgar Melton. Also M. E. Cleavinger, Vernon Hasley, Larry Allen, H. K. (Red) Hill, Charlie Doss, Carrol Webb, Andy Elder, Cliff Cook, Ted Sheffy, Frank Wise, Cecil Vandiver, Bill Birdwell and Noble Howard.

Also Fred Kuntz, Earl Brock, L. G. Manning, Sandy Parsons, Bill Henderson, Ben Hill, Al Jackson, Hugh Blaylock, Burr Morris, Loren Dickey, Bill Elswick, Art Schreck, Johnny Burnett and Russel Nelson.

Also Guy Waldrop, Bruce Taylor, Glenn Hatla, Bob Huckabay, Don Robb, James Wohlgenuth, Billy Hacklement, L. R. (Pete) Wright, Theo Campbell, Alvin Frazier and Bob Baker.

Rural workers are Phillip Haber, Big Square; Ezzell Sadler, Sunnyside; W. H. (Bill) Simpson, Jumbo; Melvin Barton, Easter; Robert Yates, Flagg and Doyle Underwood, Bethel.

Paul Hilburn, superintendent of schools will in charge of the school solicitation. Jack Flynt made it clear to the workers that this is the one time in the year that the Salvation Army seeks support for their work in Castro County. Other organizations who may dress similar to the Salvation Army have solicited funds in this area but on close examination were found not to be Salvation Army people.

The Castro County Salvation Army Service Unit committee is

Baptist Woman's Day Of Prayer To Be Observed

Local Baptist women will observe Baptist Woman's Day of Prayer Monday, November 2 at the First Baptist Church, Dimmitt. The church will be open from 9:30 a.m. to 6 p.m. for all wish to participate in the Day of Prayer.

Baptist Woman's Day of Prayer is world-wide. Its purpose is to encourage Baptist women to band together in national and continental unions, to promote fellowship, deeper sympathy and fuller understanding among Baptist women of the world.

Youth Plan Crop . . .

(Continued from Page One) self-help items that would otherwise be unavailable. These are provided by gifts of the American people who contribute both farm commodities and cash. Some examples of what gifts of this kind will do are:

One dollar in the total program of CROP will provide near 70 pounds of aid. Two dollars will provide a hot to help turn jungles into productive gardens in the new nations of Africa. Four dollars will provide rice to feed one child a meal a day for a year in the Child Feeding Program of Church World Service in Hong Kong.

Every gift to CROP becomes "Christian Love in Action" to those who need it most.

ITALY VISITOR Mrs. Colomba Donnarumme of Pompil, Italy is here for a visit with her daughter, Mrs. Willie Belinghausen and family and her niece, Mrs. Herman Acker and family.

composed of Judge Raymond Wilson, chairman; Bob McLean, treasurer; Earl Brock, L. G. Manning, Jack Cartwright, Hugh Blaylock, Burr Morris, Loren Dickey, Joe Warren of Nazareth and Elra H. Phillips of Hart. This committee gave assistance to 243 men, women and children this past year. There is no red tape in order to receive help.

The committee stands ready to give assistance whenever needed 24 hours a day. Weldon Skinner, North Grade School principal acting as Camp School principal for the committee, selected four boys to attend the Salvation Army Camp this past June. Anyone wishing to contribute to this worthy organization and help

those less fortunate may mail a check to Bob McLean, First State Bank, Dimmitt. The Hart area had their kickoff Tuesday, October 27 with Rev. E. H. Phillips as campaign chairman. He is being assisted in solicitation by G. C. Graves, Andy Gardenhire, Ed Harris, Joe Newman, Walt Hausen, Dewayne Brown and John Hollaway.

YOUR VOTE is as personal as your fingerprint! Nobody else has your fingerprint; nobody else has your vote. It is a very personal thing. Remember only YOU can cast your vote! V-Day is Tuesday! - Vote!

Garden Clubs To Have Zone Meeting

Northern Zone of the Texas Gardens Clubs will meet Wednesday, November 4 at Perryton, Mrs. Sid Sheffy urges Garden Club members to attend if possible.

A more beautiful America is promised if all her citizens will accept the responsibilities which one-half million Garden Clubs have accepted since 1930.

Aim of the local Garden Club is to work for a cleaner and more attractive Dimmitt.

Mrs. Sheffy says, "Let's help rebuild forests and parks. See me this month and we can order seedling trees in bundles of 100 for \$1.50. Varieties include Austrian pine, Rose Multiflora, slash pine, buffalo berry, sycamore, Chinese elm, cottonwood and others."

According to Mrs. Sheffy, the slash pine grows in Odessa, so should grow in this climate. "Let's leave some beauty because we have passed this way," declares Mrs. Sid Sheffy.

T.G.&Y. Engages Fred Lemme As Store Manager

Fred Lemme, formerly of Amarillo, has been appointed the new manager of the T.G.&Y. store here. Lemme took over the management, October 15.

Lemme transferred from Amarillo where he managed the T.G.&Y. Store located on 46th and Georgia. Lemme and his wife, Mickey have one son, John, who is almost two. The Lemmes are looking for a house in Dimmitt at the present time.

The young manager has been employed with T.G. & Y for two years.

LAWTON TRIP Mr. and Mrs. Trent Downing have been visiting his parents, Dr. and Mrs. Downing and other relatives in Lawton, Oklahoma this week.

VISIT PARENTS Mr. and Mrs. Charlie Turner of Tullia spent the weekend visiting with her parents, Mr. and Mrs. E. R. Waggoner.

Spotlight Shines On Kemp, School Board President

In 1921, in the town of Hermleigh, Texas, Mr. and Mrs. A. J. Kemp Sr. were blessed with the arrival of a son. This boy was given the name of Andrew Jackson. He attended grade school at Pleasant Hill and in Clovis, New Mexico. He graduated from Clovis High School in 1938. After graduation from high school, he attended Texas Tech and received Arts Degree in Journalism. While he was attending Tech, he was the editor of the yearbook for two years, 1941 and 1942. He belonged to the Silver Key Fraternity and later was affiliated with Phi Delta Theta.

Mr. Kemp joined the Air Force in February of 1943. He served as Radio Operator on a B24 bomber in Italy during the later part of World War II. After the war, he worked for a short time on the Air Force Public Relations staff at Santa Monica, California. Mr. Kemp was discharged from the Air Force in September of 1945.

On October 1, 1949, Mr. Kemp married Miss Jeanette Graham.

In 1945, the Kemps moved to Dimmitt. Mr. Kemp was employed by Dimmitt Motor Company for one year. He has been self employed from that time until 1960 in stock farming. At this time he accepted a position with the Texas Livestock Marketing Association, Fort Worth as a cattle buyer.

The Kemps are the parents of three lovely children, Andy, 10, Camille, 8, and Carla, 7.

Mr. Kemp has been on the school board for two years. This year he is serving as president.

Not Mentioning Any Names . . .

I am certainly glad that I am not pragmatic - or am I anyway, here is what the hall-wanderers replied when I asked: "What would you call a pragmatist?"

Susan Hopson - I don't know, but I don't think it would be too nice.

Lynda Hrabal - Don Minchew

Jerry Kay Dodd - a Miss Britten type person

Kita Struve - someone from the stone age.

Junior Hargrove - some kind of prehistoric animal

Stanley Byrnes - a braggart

John Howell - a lover

Sue Hendrix - I'd rather not say

Kristi Webb - someone stupid

Ronnie Kenmore - Cecil the worm

Johnna Hastings - a big mouth

George Froehner - one who talks too much

Jane Cleavinger - a prankster.

Janis Davis - a person who gripes

Patty George - someone conceited

Pat Moran - a teacher

Joe Bill Butler - I'm one—

Ginger Gibbs - someone who gets sick all the time

A pragmatist is a busybody.

More Bobcat Tales On Page Two

D.H.S. Senior Boy Of The Week Named

Last Saturday night while we were on the way home, I was passed by the local hospital. I could hardly believe my eyes, but there it was—the most brilliant red carpet ever seen! This was an event to be investigated.

Our timing was precise, for we had been in the hospital only a short while before a very well-known person came in confirming the purpose of the vibrant welcoming mat, Yes, Donny was home.

While talking that night we recalled many old memories and found little change in our new coffee drinker. Several outstanding, unchanged statistics we recalled to mind such as Donny's favorite movie was still "Rome Adventure", and its theme, song, Al Di La is most outstanding in the field of music. Paul Newman and Sandra Dee are still his favorite performers and Dean Martin his most enjoyable singer. O.K., don't jump the gun! I know what you're thinking—he still adores southern fried chicken and anything else nearly as long as it is baby blue.

These were all the things proving to us that this was the same old Donny—but, then the differences popped up. The major one, other than his being a coffee drinker, was surfing. It's not everyone in Dimmitt that is able to surf. While in California, Donny mastered its techniques and now considers this his hobby. We really realized Donny was home when he began to say "dinky" every other breath.

During Donny's previous years in D.H.S., he has left his mark, the Bobcat Band, F. F. A., and Vice President of the Science Club.

While a Sophomore, he was active in the Band, Lyre Club, and President of the Science Club. But his Junior year held new interests. Donny participated in Band, Latin Club, and Science Club Vice President once again. Since Donny has only been back since October 17, band is his only activity this year, but he admits he would like to do some letter writing if it's not too late.

In the future, Donny plans to attend pre-med school then go to medical school to receive his degree. Then he wants to come back to a small town to settle down and begin practice.

How were Mr. and Mrs. M. B. Stokes to know that on March 15, 1967 a small 6 pound 5 ounce baby boy would change the course of current events? Today, we, the students of D.H.S. are proud of the outstanding boy Danny Mac has done to keep the world a much happier and far more exciting place to live. Donny we are glad you're home!

FHA Best Beau Banquet Planned

Only fifteen days until the Best-Beau Banquet! The date list has been up in the Homemaking Room since the end of September and so far very few names have appeared on it. Come on girls, all of the freshman girls seem to be asking the Junior and Senior boys.

The advisors and the committees have worked hard in preparing for this banquet which is to be held November 14th. The committees had a had time deciding on the theme "Frosted Fantasy". We will all have to agree the theme sounds as though it will make one of the most beautiful banquets we have ever had.

Girls, the dead line for the date list is November 1st, so in order to make our Best-Beau Banquet a success let's get on the ball and ask the boys.

Patriotism's Ghost Haunts America

In Minnesota there is a small lake from which flows a tiny trickle of water. The small stream wabbles about the countryside, seeming to go nowhere: until it reaches place that we all come to sooner or later.

Gravity says to the little stream "Would you like to grow and become mighty then you will have to go south." Thus, the mighty Mississippi River is born.

People might say to that little river that he is foolish to think he can travel all the way to the Gulf of Mexico with so little water. The brook knows nothing of the Gulf of Mexico; he just wants to go south. He starts his trip with no worries about the future. He just goes south.

As he travels he picks up one stream, then another, and another until he has grown into rushing river. The Mississippi is just a much as success at Minneapolis or St. Paul as he is at the Gulf of Mexico, but when he reaches St. Paul he does not retire upon his laurels. He goes on south and grows greater.

Someone might ask, "Why does the Mississippi go south?" He goes south to be the Mississippi. If he were to stop along the way he would become a stagnant pool of water, a pool of poison. The goal itself is of little importance. It is important that movement continue toward that goal.

The Indians once owned America, but they failed to go south, and consequently a stronger type of man took their place. If Americans do not continue to go south, they will soon join the Indians.

All this has been said to illustrate a point—patriotism is a dying thing in the United States. Patriotism is hard to explain in terms of specific words. Americans usually think of it in terms of deeds men have done. We connect patriotism with the deeds of such men as Nathan Hale, George Washington, and Abraham Lincoln.

Patriotism played an important role in our forefathers' gaining freedom, but now that we in America have our freedom do we care no further as for patriotism? Today's breed of American citizen is still very patriotic. The one change is that patriotism is self-centered; it consists of loyalty to the ego rather than the nation.

Our American capitalistic system has provided us with greater freedom and economic well-being than any other generation has ever known. Americans certainly cannot voice the excuse that there is nothing to be patriotic about!

Dr. C. L. Gair's, American Heritage expert, says that it is not the pressures from without, but the pressures from within that we weaken and destroy a nation. Lack of patriotism is a serious internal problem. It is synonymous with apathy and indifference and can only lead to destruction as a nation.

History displays to us a cycle through which past nations have progressed as they have risen and fallen. It all began when a people in bondage become spiritually aware and gain their freedom. Then come a period of initiative, creativity, and productivity. Coming to enjoy an abundant life, the people slip into selfishness, apathy, and finally back into bondage. The question remains as to whether or not America will conform to the annals of history. When patriotism is lost this is the warning light of apathy and bondage is only a step away.

Patriotism does not consist of loyalty to the flag or national leaders: instead it is loyalty to ideal. It is loyalty to everything our nation stands for in the word today.

VOTE

No one knows which man will win the election but we do know that many people who are able to vote will not do so.

In counting noses in the 1960 election, we find that only sixty-four percent of the qualified voters cast their ballots. Why did the qualified voters cast their ballots. There are several answers to this question.

1. Some states require that the voter pass difficult reading test.
2. Many areas require that a person live there for a certain length of time before he can vote.
3. There are some people who do not vote because they feel that their lone ballot is not important.
4. Others are not interested in politics and do not care who wins.

We hope no one feels that his one ballot is not important. Many elections have been decided by a relatively few votes. For example, President Johnson won a Texas run-off primary for the Senate in 1948 by eighty-seven votes when nearly a million were cast. If forty-four of the eighty-seven voters had not gone to the polls then, and if forty-four more voters in favor of his opponent had cast their ballots, he probably would not be in the position he is today.

Many groups in our country are working hard to get more Americans to use their right to vote. We, the students, can help in this campaign, even though we are not allowed to cast a ballot. We can help people who get out and ring doorbells urging adults to go to polls and vote. We could also help organize a baby-sitting pool for mothers who want to vote but do not wish to take small children with them. Or we can help arrange car pools to provide transportation to and from the polls. There are many steps that we can take to be sure that our generation will someday play a more active roll in American politics.

There are people who are working to have some of the old laws changed in our country. They are trying to get rid of reading tests and residence laws. Some groups suggest that the voting age be lowered from twenty-one to eighteen in all states.

In spite of these actions, we can expect that many Americans will again fail to use their right to vote. But many others will be eager to exercise this great privilege. They will be the ones who will answer the question: "Who will be our next President?"

New Faces

Charla Kay Doss was chosen by the journalism class this week as our "new face." Kay is the daughter of Mr. and Mrs. Charles O. Doss. She came to us from Plainview. She is an active member of the junior class.

Kay tells us that she enjoys her typing class better than any other subject she is taking. Kay's hobbies are swimming and skating, but her special interest lies in her boy friend, Glenn Mansell.

Among the books that Kay finds most enjoyable, her favorite is Gone With The Wind, and on the movie calendar, Follow That Dream is first on Kay's calendar. Also in the movie world, Kirk Douglas and Tuesday Weld are the brightest stars in the spotlight as far as Kay is concerned. While listening to records or the radio, Kay has picked Gene Pitney as her favorite singer and Last Kiss as her favorite song. Friday night always finds Kay at the football games for she finds football to be the most exciting sport.

Kay's ambition is to become a nurse. Her comment on D.H.S.: "I like Dimmitt High School. It has a great faculty and a great bunch of kids!"

Democratic Women Presents Art Show

The second annual art show of the Democratic Women of 30th Senatorial District was presented in the High School Cafeteria Saturday afternoon, October 17.

Two divisions were eligible for awards; the first, a scholarship for high school students; the second, for amateur artists who do not derive over half their yearly income from sales of paintings.

High School students were well represented from our district. Work was displayed from Olton, Muleshoe, Friona, Dimmitt, as host city, had a very small percentage of the entries.

Judges of the art show were Mrs. Harold Bugbee, Charles Denton, and Don Ray, associates of the Art Department at West Texas State University.

Winner of the scholarship division, first place, was Tommy Sharp of Claude. His painting of daisies was chosen over 300 entries. First place winner in the Amateur Division was Ted Ball of Floydada. His painting was "Peace on the Plains."

Scholarship and amateur awards were made possible by the following contributors: N.F. Cleavinger, Joe Cowen, Bob McLean, Steve Taylor, Stanley Shaeffer, B. M. Nelson Haywood Smith, Ira Clingingsmith Jack Cowser, and J. W. Golden, all of Dimmitt, Glenn Batson of Littlefield, Billy Hall of Littlefield, Mary Cook of Clarendon, Ben Whitfield of Silverton, Pittman Grain Co. of Hereford and Shirley Anderson Grain Co., Farmer County.

A door prize was given to Beverly Underwood, daughter of Mr. and Mrs. Roy Underwood of Dimmitt. The door prize was a Billy Stanforth painting.

SPIRIT JUG OVERFLOWS

A big boom was heard throughout Dimmitt High School as the Spirit Jug was opened Friday in pep rally. The pep rally opened with the Fight Song as the boys, coaches, and managers came in and yell for the Spirit Jug was first.

A special feature of the pep rally was the formation of a V, done by the cheerleaders as they did the yell Clip-Clap.

Another change was that of the cheerleaders uniforms. This was the second week that these new uniforms were worn. They are made of tiny purple & white checked material. The top is a western vest, buttoning in the front, with a long sleeved white blouse. To carry out the western idea, the skirts are A-lined, and white keds are worn instead of the purple.

As we sang the school song, spirit was truly overflowing and our Bobcats marched out to pull for a win over the Floydada Whirlwinds.

Student Senate To Present Hollowe'en Film In Assembly

The Student Senate has decided to show a Hollowe'en film to the student body, Thursday, October 29. Reports are that it is a very good film.

At the last meeting, Student Senate members voted for Dimmitt to run for the office of the presidency of the South Plains Association of Students Councils. This would be a great honor for our school.

The FTA has done a very fine job on their patriotism project. Several students presented short thoughts on patriotism over the public address system at the beginning of activity period each day last week. Thursday the student body was given an excellent speech on patriotism by one of the FTA members, Charles Harris.

The FHA girls are busy making plans for the Best Beau Banquet, which will be held, November 14. Speaker for the banquet is Mr. Roy Bass of Lubbock.

Mr. Newman announced in Thursday's assembly that D.H.S. will soon form a new club. All chess players and all those interested in learning to play chess be prepared for an organizational meeting in the near future.

D.H.S. Senior Girl Of The Week Named

Who was the person who decided that all red headed girls had fiery tempers? The Senior class has a number of attractive red heads. Among these is our Senior Girl of the Week. The famed Madelyn Lee Smith, was born to Mr. and Mrs. Joe R. Smith on December 7, 1946 in Amarillo, Texas. To day, she has developed all of the many characteristics of a red head, including the freckles, but without the great, famed temper.

During her twelve years at Dimmitt schools, "Smag" has developed a habit of running around in the halls (usually collecting absentee slips) gathering up red friends and teachers. Surely, when she graduates this spring, she will miss these wonderful friends but the friendships will be everlasting. After graduation, "Smag" plans to attend Texas Tech for a year then go on to the University of Hawaii to major in pre-med. Later she hopes to go to Houston to the Texas Medical Center and specialize in diagnostic cardiology.

Today "Smag" enjoys the wonderful "West Side Story" and the best actor on the screen is either Paul Newman or Albert Finley (Tom Jones) but Sandra Dee is the fairest maiden in movie land. As for the singer or a song, Tri- ni Lopez or Dean Martin rank at top but the old favorite "Wayward Wind" is the best song she heard. As for a hobby, Smag collects books and records and reliable sources say that she loves certain big-eyed paintings. Such an active person still finds time to read and watch T. V. What food comes to mind whenever you hear the colors red and black? Mexican of course! By the way, red and black are her favorite colors.

At school, Smag spends a great deal of her time with the Band, Latin Club, and F.H.S. So far, Miss Britten is her favorite teacher and band is her favorite class. Madelyn's future will be one with many obstacles in the way, but instead of going around these like most of us would, she will cross them and make them a much easier, smoother surface for others to cross. Good luck Madelyn, we will stand behind you all of the way and may the future be bright.

Bobcat Tale Philosopher

We Face This Decision

As Americans we face many choices. Among these are support of country or patriotism against apathy, or no feeling at all. If we choose the latter some force outside our system can and will creep into our lives and infiltrate our government. It has been said that it is the forces from within, not those from without, that make a nation fall.

It has been pointed out to us during this past week of patriotism how indifference can nurture subversion and undermine our welfare.

If we look back through the American record, we see the sole purpose for our nation's establishment was, in the beginning, a desire for religious freedom. Our American ancestors sought a haven where religion and govern-

ment would be separate and apart. In our cycle of history we have almost reached the point where we must choose again. A decision for upholding traditional spirit, love of freedom, and right to worship will make our nation stronger. An attitude that American and its ideals are mere fantasies can only make us weak. We face this decision as a nation: God and country or church and state?

This And That

The seniors were very excited last week when they had their pictures taken. The clothes that were worn were decided upon several weeks in advance. The girls wore a mink stole and the boys wore a tuxedo and a continental tie. Everyone looked especially pretty that day and now they are anxiously awaiting their proofs which will come later this week.

Build up that spirit! Get to work! These words were heard from some of the band members last week. It seems the band spirit suddenly dropped and now they are trying to build it up again. Everyone is working hard on their music and the new show so that we will have the band we have had in the past years. Let's all get to work and prove that we can do what we are capable of doing.

The Journalism staff urges everyone to buy their annuals as soon as possible. Don't wait until it is too late to buy your 1965 Bobcat. They are \$4.10 plus 35 cents for a cover.

There have been several complaints about the way the student body behaves while in the auditorium. The place to holler and yell is in the gym, not in the auditorium. The assemblies held in the auditorium should be serious and formal; therefore, save your yell for the pep rallies.

Overheard in Algebra I. Cason Smith: "What is the meaning of the word 'inversely'?" Ronnie Huckabee: "The opposite of 'versely'."

Long Runs Give Winds 22-13 Win

Long runs scuttled the Dimmitt Bobcats here in Dimmitt Friday night as the Floydada Whirlwinds end of a 22 to 13 score.

The count at half was 7 to 0, Dimmitt, but the Whirlwinds put the pressure on by sending Keith Teague on a 30 yard sprint early in the third period.

The Bobcats broke into the scoring column again when Danny Land ripped off 25 yards. The kick failed.

Late in the quarter a Dimmitt punt was blocked and Steve Malone of Floydada scooped it up and went 40 yards for another tally.

The Whirlwinds hit 2 of 9 passes for eleven yards, and one of two for the extra points.

Senior Car Wash Was Successful

Where were all of the seniors going Saturday morning? It was so early. Imagine, eight o'clock in the morning, the Easterwood family, the Hughtlett family and Seely's "Enco" Station were invaded by a group of sleepy seniors.

Where were the cars? Somebody go and get some cars. Oh wait, here comes one now. Boy, what fun. Water all over the place. The kids got more washing than the cars.

Fun! Fun! Fun! What do you mean? Kathy Huckabay did not think so when all of a sudden her hand was caught in a car door.

NEWS FROM BETHEL

Mr. and Mrs. Vern Lust visited Mr. and Mrs. Glenn Stiles at Big Square Tuesday evening.

Mrs. Gaines Neill visited her daughter, Mrs. Hughes of Dallas and Mrs. Marx at Corsicana, Texas last week.

The Bethel W.M.U. met in the home of Mrs. Donald Gilreath, 6 members present. An interesting lesson was led by Mrs. Jack Howell.

Roy Dale Underwood and Wayne Whitlow attended the S.M.U. and Texas Tech Football game Saturday night at Lubbock.

Mr. and Mrs. Roy Dale Underwood attended Springlake home Community Friday night.

Sharon, Rhonda and Mark Welch spent the week-end with their grand

parents Mr. and Mrs. Ray Lawhorn of Lazbuddie.

Guests in the home of Mr. and Mrs. Geo. Sides Sunday night for supper, were Mr. and Mrs. Dale Winders and girls, Mr. and Mrs. Darrell Hulme and family and Mr. and Mrs. E. M. Jones and family.

Mr. and Mrs. L.D. Onstead Littlefield spent the night with their daughter Mrs. Jean Gilreath and family Sunday night.

Mr. and Mrs. Chas. Wales entertained with a Bridge Party Thursday night, guests attending were Mr. and Mrs. Jim Cleavinger, Mr. and Mrs. Bobby Jones, Mr. and Mrs. Bill Dammivick, Mr. and Mrs. Jerry Higdon, Mr. and Mrs. Frank Wise and Mr. and Mrs. Ray Joe Riley.

Mr. R. N. Dunn who has been ill for several weeks is now living at the West Gate Rest home in Here-

ford. He is the father of Mrs. Ivor Bagwell and Mrs. Leland Smith. He is reported to be doing fine.

Wesley Smith, Jimmy Howell and Herbert Howell were in El Pas for the week-end attending the horse races. Wesley had 2 horses racing.

Mrs. Wesley Smith and Judith spent the week-end with Mrs. Smith parents, Mr. and Mrs. Norman Gray of Hereford.

The Bethel Home Demonstration Club met for their regular meeting Oct. 21. Those present were Mrs. Gaines Neill, Mrs. Shwen, Mrs. J.C. Williams, Mrs. Moss Howell, Mrs. Elbert Smith, Mrs. Jack Howell, Mrs. Murray Snyder, Mrs. Vern Lust, Mrs. Earl Lust. Hostesses were Shirley Underwood, Rubie Lee Underwood. Next club meeting is Nov. 4 All members are asked to bring their favorite holiday recipe.

Dental Assistants Present Benefit Fashion Parade

Caprock Dental Assistants Society presented a fashion show last Thursday evening at the Congress Inn, Plainview, beginning at 8 o'clock as a fund-raising project.

Eight members of the society served as models. Karen Wood and Nell Kenmore of Dimmitt were among those that modeled.

Charles wash." We are sorry, Charles. Thank goodness, we did not have any car wrecks. In spite of the few mishaps, we had lots of fun.

We were so glad the town's people let us wash their cars. We realize they were taking a chance whether it would rain or not. Thanks for bringing your car to be washed.

We also want to thank the people for giving donations. We want to thank Seely's "Enco" Station for letting us use their facilities, and the Easterwood's and Hughtlett's for letting us wash cars at their home.

The senior class made over one hundred dollars. Thanks to you we had a successful car wash.

AMMO NOTES

by
Wm. F. (Bill) Bennett,
Agronomist,
Western
Ammonia
Corporation

This fourth in a series on soil test results is on phosphorus. There are probably more chemical soil test results for phosphorus than for any other plant nutrient. One reason for so many different tests is that each test is usually designed for a specific area or groups of soils.

It is important to use a phosphorus test which has been developed specifically for an area. Texas A & M University research and extension personnel located at Lubbock have developed such a test specifically designed for the alkaline calcareous soils of this area. The test consists of extracting a sample of soil with a strong acid solution. The amount that is removed by the acid solution is then measured.

Phosphorus tests are usually classed as very low, low, medium or high. This classification indicates the ability of the soil to provide phosphorus for plant growth. Soils testing in the very low to low range will not usually provide enough phosphorus for good plant growth.

The recommendation for phosphorus given on the soil test report is designed to give maximum net profit for a given yield potential.

Car Excise Tax Is 1.7 Billion

Walter Rogers' WASHINGTON NEWSLETTER

The excise tax on each new passenger car manufactured in the United States today averages \$225. In a year in which 7.5 million new cars are manufactured, this single revenue source swells the receipts to the Federal treasury by 1.7 billion. This is only one example of the substantial revenues generated by Federal excise taxes, and the subject is one sure to be a major topic for Congressional attention in the First Session of the 89th Congress convening in January.

President Johnson has announced his commitment to seek a reduction in excise taxes as a further spur to economic strength generated by this year's cut in personal and corporate income taxes.

Strong sentiment exists in Congress for a cut in excise taxes. I am among many members of the House of Representatives who long have advocated a substantial reduction—a complete elimination, if proven feasible—of Federal excises. They are imposed on a relatively large number of selected products, services and occupation. They are the "hidden" taxes in the Federal revenue picture. Not many Americans are aware of the extent of excise taxation—that excise receipts will total an estimated \$14.4 billion this fiscal year. Each year, excises represent between one-sixth and one-seventh of total Federal tax collections.

The ground has already been prepared for further Congressional action on excise taxes; the House Ways and Means Committee, which initiates tax legislation, held hearings earlier this year and it seems certain that they will be resumed. A proposal for reducing excises is likely to emerge.

Extensive use was made of a wide range of excises during World War I, but most of these were repealed during the following decade. Most of the present manufacturers' excises were revived during the 1930's as a depression tax measure adopted in lieu of a general manufacturers' sales tax. Under the impetus of World War II revenue requirements, the rates of most existing excises were substantially increased and the present retailers' excises were in-

roduced along with taxes on transportation of persons and property. Congress was giving serious consideration to extensive legislation revising and reducing excises in 1950 when hostilities broke out in Korea. Accordingly, World War II excises were continued, and, in some cases, increased. Some reductions occurred in 1954, 1958, and 1962; some increases came in 1956 to finance an expanded program of highway construction. Through all these years, the proper role of excises in the Federal revenue system has been the subject of continuing controversy.

The income tax reduction enacted earlier this year was designed to provide an economic stimulus by freeing capital in the so-called "private sector" of the economy. Consumer spending and capital investment both have shown major increases as a result of the income tax cut. Similar results are envisioned for a reduction in the excise tax burden.

The continuing high rate of business activity in Texas reflects the impact of reduced personal and corporate income taxes. According to figures issued recently by the University of Texas Bureau of Business Research, the seasonally adjusted index of Texas business activity showed a 3 percent rise in July to a new high of 152.2 percent of the 1957-59 base value. Amarillo, with an increase of 21 percent from July, 1963, to July, 1964

showed the largest annual gain in business activity of any major Texas city.

Most revealing for indicating the effect of the tax cut were figures relating to increased retail sales. Preliminary estimates from the Bureau of Business Research showed a 2 percent rise in dollar sales in Texas from June to July 1964, in a period when a small decline normally is expected. Total retail sales in July were up 8 percent from the volume in July, 1963.

It is clear that the reduction in the tax burden borne by American citizens is at work carrying the economy to record high levels.

Hart Shorthorns Conquer Bovina

Hart Shorthorns broke the defenses of the Bovina Junior High team in the last 54 seconds Thursday night to score the only touchdown of the ball game. Final score was 8-0.

Hart drove down to Bovina's one yard line where they were held on downs. Bovina took over and was forced to punt on the fourth down. The Shorthorns took possession of the ball. Victor Perales ran 40 yards for paydirt. Extra points came on a pass from Perales to Jim Kendrick.

Hart threatened Bovina during the first and second quarter by drives which were stopped on Bovina's 10 yard line.

The Hart Shorthorns will play their last game tonight at 6 p.m. in Hart stadium. The shorthorns will battle Vega Junior High.

Hart Baptist Youth Meet For Social

Intermediate Training Union class of the First Baptist Church in Hart had a social Sunday night after church in the home of Mr. and Mrs. Edgar Varner.

Games were played and refreshments of sandwiches, cookies and cokes were served.

Those attending were Randy Alford, Terry Newman, Gary Rambo, Ricky Boher, Danny Smith, Barbara Inscore Linda Bailey, June Leonard, Rebecca Futrell, Mandy Rogers, Debbie Newsom Carol Ann Sharp, Mr. and Mrs. Howard Mitchell, Mr. and Mrs. Orval Sharp and Mr. and Mrs. Edgar Varner.

THE FIRST STATE BANK

OF DIMMITT

LETTERS TO THE EDITOR

An open letter to Barry Goldwater, From State Senator Walter Richter, Gonzales, Texas

Dear Mr. Goldwater:

The other day when you suggested that you would be willing to use some phrase other than that shop-worn cliché of "soft on communism" in referring to our President, someone in the audience suggested the word "treason" and you replied "That's it!"

I guess that's when the deep resentment I have been feeling about the calculated campaign of vilification against our President turned into pure nausea. I stayed awake until 2 a.m. feeling sick, and thinking about what you were doing.

You must have finally felt a touch of nausea yourself, when, on the next day, you cancelled the "smut" film your campaign crew had prepared for nationwide showing. I guess I am pleased to learn that you do have a limit.

In your heart, Mr. Goldwater, you know that neither President Johnson nor his administration is in any way guilty of treason, and that this, even for campaign tactics, is something of a record "low."

This brings me to the point of this letter, "morality", an issue which you, sir, have chosen to inject into this campaign. It is an issue which only one of tremendous personal integrity can effectively pursue; and although you have tried mightily to project a posture of piety, I want to point out that you have not been very convincing.

You have cried out against government spending and waste, and then you have rattled the saber, even saying that nuclear war is inevitable, an attitude which has to call for a tremendously expensive military force.

Even more remarkably, you have spoken glibly of ending the draft.

Is this your idea of integrity, Mr. Goldwater?

You have cried out against massive Federal projects only to support them when they will be located in and benefit your home state.

Integrity, Mr. Goldwater? You have cried out in support of the exercise of local responsibilities as opposed to Federal "interference," and then you suggest that it is the Federal responsibility to maintain law and order in our local communities.

Integrity, Mr. Goldwater? You have had much to say about crime and lawlessness in many United States cities, notably Washington, D. C., and yet your own hometown in your own home state turns up the fourth most crime-ridden city in the whole country.

Integrity, Mr. Goldwater? You have cried out against riots and lawlessness time and again, and yet your voting record in the Senate reveals a consistent vote against programs designed to correct the causes of crime.

Integrity, Mr. Goldwater? You've cried out bitterly against immorality in high places, and yet you have not uttered one word in condemnation of your running mate who as a Congressman, fought for legislation to benefit an organization which had been paying him \$7,500 annually for many years.

Integrity, Mr. Goldwater? In three speeches in January, you came out in favor of voluntary Social Security, something which makes one wonder about your wisdom, because this can only lead to bankruptcy of the system. Significant, however, is that in February in New Hampshire, you had the audacity to say, "I don't know where this voluntary business crept in."

Integrity, Mr. Goldwater?

When asked on a TV program in

1963 if, as President, you would favor getting out of the United Nations, you answered, "I would. At this point, having seen what the United Nations cannot do I would have to suggest it." In June of this year, you said, "I've never advocated withdrawing from the United Nations." Your first remarks are recorded on tape.

Integrity, Mr. Goldwater? First you said, "I don't want to hit the moon—I want to lob one into the men's room in the Kremlin and make sure I hit it." Later you said, "It's absolutely essential that we get a man on the moon for military reasons if for no other."

You once said that one Eisenhower in a generation was all the nation could survive. Had you er heart when you were seeking Ike's support? How about that interview with the General which you had taped for campaign purposes, and then edited out several Eisenhower statements because they did not suit your position?

Integrity, Mr. Goldwater? As you know in your heart, Mr. Goldwater, these are only a few of your inconsistencies and you must know that they are very unbecoming to a man who wants to move into the White House by smearing its present occupant on the issue of morality.

What about Lyndon Johnson? He's not perfect and has never claimed to be so. On the other hand, and you must know this in your heart, he is a great leader, and was selected by a majority of the most exclusive club in the world—the United States Senate.

I have read the "hate" stuff and I have yet to find a serious charge that is supported by evidence which would stand up in court. It is 98.9 per cent pure smut—based on rumors, all-truths, innuendoes and pure lies.

Bobby Baker and Walter Jenkins? Can a man be held responsible for the actions of all the individuals whom he has associated with in 32 years of government service? Let us not forget that even President Eisenhower could not escape this sort of experience. Neither, for that matter, could Jesus Christ.

So please, Mr. Goldwater, out of common decency and so that your campaign memories won't come back to haunt you in the years ahead, stick to your more noble campaign issues. Like taking the government out of agriculture, education, automation, transportation pollution of streams, the waste of national resources. Like repudiating the foreign policies of Truman Eisenhower, Kennedy and Johnson, and leading the nation on a massive crusade to destroy Communism all over the world, even though it takes us to the brink time and again.

EASTER NEWS

The Todd's of Tulla visited with the Clyde Renfro's recently.

Mrs. E. M. Jones and Mrs. Betty Renfro were in Lubbock Wednesday.

Clyde and Betty Renfro visited in Amarillo and had dinner with O. C. Renfro Thursday evening.

Mrs. Addie Miner from Hereford is visiting this week with Mr. and Mrs. W. A. Epperson.

Mr. and Mrs. J. H. Flood visited their son and family the Ernest Flood's at Westway Sunday afternoon.

Mr. and Mrs. Fred Walton visited the William Moss family Sunday afternoon.

Rocky Andrews of Frio, spent Sunday with Ronnie Hall.

Mr. and Mrs. Bill Struve attended the funeral of his cousin Mrs. Elnora Dean of Abernathy Wednesday.

Mrs. Marvin Welty and girls visited three days last week in Claude with her family.

Mrs. Marvin Welty and girls spent Sunday in Portales, New Mexico with relatives.

Mrs. Trent Downing and Laura are spending the week-end in Lawton, Oklahoma.

Mrs. E. A. Barker of Dimmitt visited Mrs. W. O. Markley and Mrs. H. O. Markley Tuesday afternoon.

Kathie Markley attended Presbyterian youth group in Palo Duro Canyon Sunday afternoon.

Mrs. J. R. Mitchell sr. visited her daughter and family Mr. and Mrs. William Moss last week.

Easter Club met Thursday afternoon for their regular meeting in the home of Mrs. Fred Walton.

Eight members present one visitor roll call was answered with jokes played on Halloween when we were young.

Present were Mrs. W. O. Markley and Sonia, Mrs. Dale Maxwell Mrs. Leo Hall, Mrs. J. H. Flood, Mrs. Charles Frye and Traci, Mrs. W. A. Epperson, Mrs. Marvin Welty and daughters, Ruby Stone and hostess Mrs. Fred Walton, visitor Miss Addie Minor.

One closing thought—offered by my wife: Might it not encourage lawlessness in our land when one of the leading presidential candidates constantly belittles and demeans our Judiciary and our Executive branches of government—even to the extent of charging treason?

Oh yes, thank you for providing the voters of our nation with a choice. You have made it an awfully, awfully easy one.

Sincerely,
Walter Richter
State Senator, District 34

A weekly public service feature from the Texas State Department of Health

Your PH is showing... it always does.

PH (personal hygiene) always shows, whether you've brushed your teeth or combed your hair. And whether or not you've had a bath is quite obvious, too, to those people who work or play around you.

Not only is PH - call it cleanliness if you like - an investment in success but it's a definite investment in health and a disease deterrent.

HOW IS THIS SO? With good PH you can often break the chain of disease transmission. Diseases don't just happen. The circle of disease germs which cause disease are permitted to enter your body by some process. For example, if you cut yourself and the wound is not properly cleaned, germs may enter the body and multiply, causing an infection. Or someone with the flu may cough or sneeze in your face. The virus, inhaled into your system, may cause you to have a case of flu.

The circle, or spiral as it may become, continues when you pass germ on to someone else.

Handwashing - thorough scrubbing with soap in hot running water - is one of the very best known ways of preventing the spread of disease.

A mother who does not wash her hands before fixing baby's bottle may quite unknowingly precipitate a case of diarrhea.

Or if you are eating out and visit a public restroom with out thoroughly washing your hands you may be inviting a case of infectious hepatitis, diarrhea or worse.

The kitchen at home is certainly not immune. Foodhandlers especially need to be conscientious handwashers, for theirs is the responsibility for what goes into the family's mouths. Handwashing is repeatedly emphasized in short courses for foodhandlers conducted by the State Health Department.

Build yourself a high standard of PH through a daily bath, tooth brushing after meals, frequent hand washing and good sanitation in your home.

Sparkling PH will pay off with health and happiness for you and your family.

Bovina Mustangs Stampede Hart Longhorns, 41-0

The Bovina Mustangs stampeded the Hart Longhorns by a 41-0 victory Friday night at Bovina in a District 1-B football game.

Bovina now leads the district with a 3-0 record.

Gene Pruitt and David Anderson scored on two-yard plunges in the first period.

Pruitt scored on a 19 yarder in the second.

There was no scoring in the third quarter.

Dean Stanberry went two 2, yards, Scotty Rundell raced 11 yards and Carl Harris dashed 35 yards to score three td's for Bovina in the final quarter.

Al Shamblin had a perfect night with extra points, kicking six out of six.

The Mustangs had 330 yards on the ground to 35 for Hart. Bovina hit for 74 yards in the air while Hart failed to complete a pass.

Radford Venable and Roman Ramirez turned in good games in the Bovina line.

Some 400 fans sat in cool and clear weather to see the two teams battle it out in Mustang stadium.

Bovina stopped Texline and Happy on consecutive weeks. This placed the Mustang in the favorites role for the district. Bovina now stands at 4-3 for the season while Hart is at 1-6. Hart Longhorns will meet Vega, Friday night at 7:30 in Longhorn stadium. Vega defeated Happy last week by a 14-12 score.

BOBCAT STEVE HUTTON (19) carries the ball for yardage in Friday night's game with the Floydada Whirlwinds. Other 'Cats shown are Bernard Bossett (33) and Stanley Byrnes (60). The Bobcats shoved two big touchdowns across the Floydada goal line. —Staff Photo

COMING IN TO TACKLE Floydada Whirlwind Friday night are Bobcats John Howell (79), Don Moore (82) and Kent Lindsey (10). The Bobcats did an outstanding job defensively against the top-rated Whirlwinds. See story for details. —Staff Photo

BOBCATS BATTLE WHIRLWINDS

Dimmitt Bobcats held off the highly favored Floydada Whirlwind until the middle of the fourth quarter when Floydada blocked a punt and recovered a fumble to take the ball game Friday night 22-13. The Bobcats received the opening kick off and Tony Young returned it to the 38 yard line. Floydada held and Ronnie Kenmore kicked the ball down to Floydada's 32 yard line where the Whirlwinds took over.

Floydada picked up two first downs but were stopped on their 46 and forced to punt. The ball went out of the end zone and the Dimmitt Bobcats took over on their own 20 to start their drive. Showing good team blocking and hard running the Bobcats moved the ball down to the Whirlwind's 12 yard line where a 15 yard penalty moved the ball back to the 27, then on fourth down and goal to go from the 31 yard line. Young hit Steve Hutton on a screen pass and, Steve behind the blocking of Gene Carson Jack Flynt and Danny Land, ran through the Whirlwinds and scored. Kenmore kicked the extra point and the Bobcats were ahead 7-0.

The Whirlwinds were unable to move the ball and kicked out to the Dimmitt 46.

The Bobcats moved the ball down to the Floydada 22 on power sweeps by Bernard Bossett and Young. Facing a 4 down and needing 8 yards, the Bobcat's Kenmore, kicking with a cross wind, barely missed a 32 yard field goal attempt and the Bobcats went in at the half leading 7-0.

The Bobcats, according to the official's score card, had seven points two penetrations and nine 1st, downs the first half and the Whirlwinds had no points, no penetrations and three 1st downs.

The Whirlwinds took the kickoff in the second half and ran it back to their 34 yard line. On the second play from scrimmage, Floydada broke their speedy halfback, Sammy Watts, loose on a 62 yard run down to the Bobcats 8 yard line before he was forced out by Tony Young. Four plays later Rodney Teague carried the ball over. The attempted run for two points failed and the Bobcats led 7-6.

Hutton returned the kickoff back to the Bobcat's 43 and the Cats started moving toward Floydada's goal line and another touchdown. The drive was climaxed by Danny Land's scoring run of 27 yards on a trap play with John Howell, Stanley Byrnes, Flynt, Rodney Hutto and Carson opening up a perfect hole in the Floydada line. Kenmore point after touchdown was late and Dimmitt led 13 to 6 at the end of the third quarter.

With only six minutes left in the fourth quarter, Floydada received a big break when Kenmore's punt was blocked and in the scramble to get the ball, Floydada picked it off and ran for a touchdown. They had to go for the two points and Teague kept the ball on an option play and barely drove it across for the go ahead points, 14-13.

The Bobcats still had time to win with 3 1/2 minutes left on the clock but a fumble on the Dimmitt 27 recovered by Floydada set up the

last score in the game. Watts took the ball over on a 16 yard end sweep and Teague passed to Floydada's end to get the extra points. Final score was 22-13.

"It hurts to lose any game but this one was especially tough because we beat them every way except by the score," declared Coach J. D. Covington.

"I thought the whole team played real well. We had 15 first downs to their 9 and our total yardage gained was more but the big factor is our game coming this week with Lockney," continues Covington.

"We are going to have to put forth the same maximum effort against the Longhorns as we did against Floydada," he commented.

Covington says, "Lockney has a big line and a good backfield. They have always played us a tough ball game and we are going to have to be ready."

Covington concludes, "We missed not having Tommy Nichols and Ray Bradley in the game and Steve Hutton was sick but everyone should be ready by this Friday."

Presenting **The VERSATILE Eversman 329**
 Longer, Heavier Stronger—Built To Sell at a LOWER COST
 Utilizing Important NEW IMPROVEMENTS in the Famous Eversman CRANK AXLE

The main wheels of the EVERSMAN 329 have been moved further ahead... and combined with NEW SPINNING tension on the blade give faster, more accurate leveling and dirt moving action through greatly increased cutting and filling performance. Here is a big machine for dirt moving and leveling—longer, heavier, stronger—yet built to sell at a LOWER COST. For 3 plow tractors.

OUTSTANDING FEATURES—Length 32'6", Width 12'. Blade capacity 1 1/2 cubic yards. Blade vertical travel 13". Weight 2010 pounds. Front V smoother blade for clod busting and use on heavy dry soil. Front Dolly Assembly for use in loose, moist and trashy soil conditions. Screw adjustment on front clevis provides simple, fast regulation for load in cutting blade. Rear Smoother blade adjustable to all soil conditions.

There are Eversman models to fit all standard farm tractors.
