RANGER, TEXAS, SUNDAY, DECEMBER 1, 1963

NO. 27

Over stuffed fans dropped into their overstuffed chairs Thursday afternoon to watch the annual re-newal of the Texas, Texas A&M classic. Regardless of which side one might be on, he could not help but be excited over the finish of that game.

Those who were not asleep of course.

The Christmas lights were turned on in down-town Ranger Thursday night marking the official opening of the Christmas shopping season.

According to the Texas United Fund score board, the Ranger United Fund drive has lagged far behind the remainder of the county.

Eastland, showing 98 percent has by this time, no doubt, reached their goal. Cisco had 81 percent and at last report was only \$900 from their goal.

Rangers totals as of November 20 was barely over the half way point.

Drive Chairman Dick Henderson reports that the drive will close a week from this coming Saturday, December 7. Any one that has not been contacted regarding this worthy civic endeavor can still make the deadline by dropping by the bank and leaving a check with Treasurer Don Yarbrough.

The Rotary Club will sponsor a Chili supper the evening of December 7 for the purpose of aiding the Fund drive. If you haven't had an opportunity to give this is a good time to do so.

## Local Law Officer Warns Against Holiday Swindlers

Be alert for swindlers during the busy holiday shopping season.

That's the warning of Constable Ralph Veal to Ranger merchants and businessmen. Especially, he said, be cautious in cashing checks.

The formal notice provision of the new Texas hot check law is aiding swindlers, the officer declared. After cashing a bad check, the writer can't be filed on for a period of 10 days.

The 10-day grace span is allowed after the signer of the spurious check has been notified by registered letter or telegram.

## Historic Hotel To Be Auctioned December 2

One of Ranger's historic landmarks, the once plush \$250,000 Paramount Hotel, goes on the auction block Monday, Dec. 2 at 7:30 p. m.

The 60-room hostelry, under many ownerships since it was first erected at the corner of Main and Rusk streets back during the prosperous oil boom era, is being liquidated to settle an estate.

The structure is 50 by 140 feet and is three stories. All rooms are completely furnished. The coffee shop and other first floor business rental locations are included in the offering.

The chanting auctioneer — Earl R. Smith of Waco — is expected to complete the high bid sale in 10 minutes or less, according to Mrs. Verna Chester, manager.

The auction will be held in the hotel lobby.

## Postmaster Urges Early Mailing To Aid Delivery

The busiest person during the Christmas season won't be that jolly fellow from the North Pole — but the postman.

And he'll need your help to make sure every Christmas card and gift is delivered before Christmas Eve, says Postmaster Max Orr.

Here are some things Orr says to watch for:

## Odessa First On Rangers' Road Tour

Ranger Junior College basketball coach Jim Lewis and his squad will leave early Monday morning, December 2, for Odessa where they will meet the Odessa Junior College team in a game that night.

On Tuesday they will return as far as Big Spring, where they will play Howard County Junior College.

Coach Lewis, who has high hopes for his team this season said "We know Howard County is among the top 20 junior college basketball teams in the nation, according to pre-season forecasters. Odessa, returning three starters from last year's squad should be equally as tough. We will know what kind of team we have after this trip."

Wednesday, December 4, the Rangers will play their first home game against the North Texas Freshman squad. "North Texas is always tough," Coach Lewis said. "They lost only three games last year."

From the scrimmage games played so far, Watson is shown to be top man on the Ranger's team. With an average of 28 points per game.

Not far behind Watson is Ahles with 16.7 points per game.

Leading in rebounds to date is Marshall with an average of 6.5 per game, followed closely by Ahles who has an average of 5.0.

While pacing the team with rebounds Marshall has averaged 8.7 points per game to take third highest scoring honors.

## Lone Cedar Club To Have Ladies Day

The Lone Cedar Country Club will have Ladies Day and Guest Day on Friday, December 6th. There will be a luncheon at 12 noon and following the luncheon there will be bridge.

Mrs. W. J. Denforth of Fort Worth, state president, presided at the first convention of her administration, and gave the keynote address on "We the PTA: Seek to Understand the Family Story," the convention theme.

Mrs. Jennelle Moorhead of Eugene, Oregon, first vice president of the National Congress of Parents and Teachers, addressed the convention the first afternoon and made the following points. Love is an indebtedness that we owe one another, and that love has been handed down to us through our Lord and Jesus Christ.

Newspaper woman, lecturer and author, Mrs. Edith Deen of Fort Worth was guest speaker the first evening. Her latest book is Family Living in the Bible. She spoke on the adventures and responsibilities of the family.

The second day was taken

1—Be sure each address is complete with full name, Street and number, city, state and zone or ZIP code number.

2—Use sturdy materials in wrapping packages.

3—Buy postage stamps now. Orr suggests using the 5-cent Christmas tree stamps on cards.

4—Get free labels from the Ranger postoffice which read "All for out-of-town Delivery" and "All for Local Delivery" and "ery" so you can sort cards into two groups, with addresses facing all one way, insuring fast delivery.

5—Be sure your full name and address is on all Christmas card envelopes and shipping labels and be sure to include your ZIP code number in your return address.

Postmaster Orr urges scheduling of Christmas mailings for distant points by Friday, Dec. 6, and local mailings as soon as possible — and not at the last minute!

Eugene Kimler has an international background. The son of an oil worker, he was born in Tampico, Mexico, lived in the United States, Venezuela, and the Netherlands West Indies as a boy, served in Japan with the U. S. Army occupational forces after WW II and did mission work among Spanish speaking people in Texas during his student days. He attended Baylor University and Southwestern Baptist Theological Seminary, Fort Worth.

Eva Nell Kimler was born in Edgewood, Texas and grew up in Wills Point and Dallas. She attended Howard Payne Colleg and Southwestern Baptist Theological Seminary. This is the first furlough for the Kimlers since their appointment by the Foreign Mission Board in 1958. They are the only Southern Baptist Missionaries stationed in Caracas, a city of nearly 2,000,000 people. Mr. Kimler, who pastors two churches there, preaches six times a week, directs music, teaches doctrinal classes, counsels and conducts evangelistic meetings in other towns. Mrs. Kimler plays the piano, teaches in the Sunday School and Training Union, helps in Vacation Bible Schools in Caracas and other places, and works in WMU and its youth organizations.

They have three children, David, 7, Mary Faith, 5, and Elizabeth Ann, 1. The Kimlers planned to return to Venezuela in June of 1964. Mr. and Mrs. Charles Clarke are taking their place in Caracas, while they are on furlough.

AUSTIN — Our guests of honor did not arrive. A "Texas Welcome Dinner" in Austin, honoring President and Mrs. Kennedy and Vice President and Mrs. Johnson, was cancelled. President Kennedy was assassinated in Dallas during the noon hour Friday, just a few hours before he was to be the guest of 3,000 Democrats of Texas at one of the largest honor banquets ever held in the Lone Star State. He died of bullet wounds received while in a motorcade enroute to a speaking engagement at the Dallas Mart. Also shot by the sniper and seriously injured was Texas Governor, John Connally, who was riding with the President. Vice President Lyndon B.

"SUMMER PLACE" RETURNS TO RANGER SCREEN  
 Richard Egan gives fatherly advice to Sandra Dee in the Technicolor version of best-seller novel "A Summer Place" also starring Troy Donahue and Dorothy McGuire playing Friday, Saturday and Sunday, Dec. 6-8 on your Ranger Drive-In Theatre screen.

Johnson, in keeping with customary security measures, was in another car. He was unarmed. It was a bright, sunny day, suddenly turned into darkness and gloom... not just in Dallas and Austin, but throughout the world. Unquestionably it was the blackest day in Texas history. Thousands of persons, including Texas legislators, heard the news en route to Austin. Many continued their journeys to the capital... a city paralyzed by the shocking events. Hundreds joined the legislators in memorial services in the House of Representatives. It was a sad ending to an even sadder day.

First encouraging news to reach the capital following the murderous attack on the president and governor was word that the operation on Connally was successful. However, he is expected to be hospitalized for at least 10 days. Within a few hours after President Kennedy's assassination, Lyndon B. Johnson was sworn in as President. Several religious ceremonies were performed by Federal District Judge Sarah T. Hughes aboard the presidential plane just before the jet airliner bearing the deceased president's body left Love Field for Washington.

Legislative Budget Board approved plans for a \$1,000,000 conference center at the University of Texas. Governor Connally had vetoed the appropriations item because they placed "bricks over brains."

Board also authorized expenditures of \$253,000 by the Parks and Wildlife Commission. Of this, \$49,500 will go for conversion of Port Lavaca causeway into a fishing pier. House Speaker Byron Tunnell, a member of the board, criticized Sul Ross College President Bryant Wildenthal for buying a \$65,000 electronic computer after the legislature turned down the purchase. Tunnell asked the comptroller not to pay the bill and said he thought a legislative investigation is in order.

A law to back up the State Highway Commission Order (voided by the courts) to curb use of steel imports on state projects has been proposed by a legislative committee. Supreme Court has held that the 1960 "Buy America" order infringes on state law requiring competitive bidding. Major oil and gas industry spokesmen told the Texas Water Pollution Control Board they are going all out to protect fresh water supplies of the Ogallala formation. The formation covers 48 West Texas and Panhandle counties and extends 31,500 square miles. James L. Sewell, president of Texas Mid-Continent Oil Gas Association said: "It is our desire to form an alliance with groups in the industry or outside... who wish to protect the waters of this state." He predicted a flexible program can solve the problems without jeopardizing extensive oil and gas operations.

Last September the board's geologist recommended elimination of unlined surface pits used for disposal of oil field brines in the Ogallala area. Seepage of brine was contaminating underground water. People who think they are paying high state property and sales taxes will be interested to know they are! A study of state financing by the Legislative Budget Board reveals that the state tax burden in Texas is heavier than the national average. A 10-year view of tax burdens — the term statisticians used to describe state taxes as a percentage of total personal income — shows Texas' "tax burden" has risen above the average for the

first time. Texans contributed only 3.7 per cent of their total income to help run the state in 1952, when the average U.S. citizen chipped in 3.9 per cent to his state. Last year, the average Texan paid 4.9 per cent of his income for state taxes, while the average in other states doled out only 4.7 per cent. State taxes are climbing upward all over the country, but in Texas the climb has been quicker than in other states. This is due partly, because the average Texan's income has not risen as fast as his taxes, or as fast as the average income.

In 1949, average per-person income of Texans was 92.8 per cent of the national average. It was only 83.2 per cent of the national average in 1962.

We Are Not a Double-Dome

Our I.Q. is not in the Genius class, nor do we sign our name with a Ph.D. We are neither high nor low-brow, just good old middle-brow.  
BUT, and we do say this boastfully, when it comes to insurance—we will stand up to the best of them. We are seasoned by years of experience and represent the best and strongest insurance companies.  
Insurance has become more complex than it was years ago. You need expert help to be sure you are properly protected. May we?
