SUNDAY NIGHT'S rains brought more welcome moisture to Ranger and surrounding area. A check of the Times' rain gauge Monday morning showed that the nocturnal downpour totaled one and one half inches. Total contributions to Ranger's 1964 "Cancer Crusade" up until noon Wednesday were quoted at \$1,452.67 by Rev. B. L. McCord, chairman of the fund-raising campaign which is the most suc cessful in the city's history Firms and individuals who haven't yet made donations are urged to do so. Commercial State Bank, C. E. Maddocks & Co. and Ranger General Hospital are the collection points during the cleanup phase of the campaign ... Say, now beginning Friday, May 1, Andersen Chevrolet in Ranger is beginning a unique month-long campaign during their in-progress Chevrolet "Sales Fair." TO THE CITIZENS OF PRECINCT 2:

The office of constable is one of utmost importance to any community. Its functions SHOULD be unbiased in every respect ... free of **GRAFT and CORRUPTION.**

It should be an office administered by a man capable of doing so without illegal collection of fees, false warrants, illegal collection of fines and diversion of money and property for personal gain. It is an office which demands complete cooperation with all law enforcement agencies and particularly requires complete understanding of laws and legal procedures in handling juveniles. Our junior citizens deserve no less.

The ONLY man we will recommend for the important office of Constable of Precinct 2 is C. E. PARKS whom we feel is duly qualified. completely honest and will carry out his duties in a manner that will be a credit to both himself and the office.

EARL CONNER'S RECORD SPEAKS FOR ITSELF

Official Grand Jury Report

MARCH 28, 1964

TO THE HONORABLE T. M. COLLIE, JUDGE OF THE 91ST DISTRICT COURT OF EASTLAND COUNTY, TEXAS:

We, the Grand Jurors for the February Term, A. D. 1963, desire to submit our final report and upon acceptance of the same, we respectfully request that we be discharged for this term.

. . . When this Grand Jury was convened in early February, we had reason to feel concerned by reason of an article which appeared in the local newspapers on January 17, 1963. We have had occasion to investigate this matter and find that the newspaper article did not give a true picture of the situation, and we feel that the people of this county are entitled to a fair representation of the facts. Not having been advised of the number of cases filed, but only as to those remaining on the docket, we have checked into the matter very thoroughly and beg to report that from January 1, 1958 until today, the following is the record of the docket referred to in said article:

During the period of time from January 1, 1958 until March 28, 1963, 362 cases were placed upon the County Court docket, and they were disposed of as follows: 224 convictions; 57 cases transferred to District Court; 8 dismissals; 11 cases adopted by the Grand Jury, and 2 cases docketed in error, leaving 70 cases pending. In reviewing the cases still undisposed of, in our opinion, a very few of those cases would result in a conviction, if tried. There are a number of reasons why the great majority of the cases remaining on docket cannot be tried. Many involve invalid complaints, some of which are not even signed; many of the cases involve family fights, which were settled between the parties; many involve searches and seizures without a search warrant; in many of the cases no arrests have ever been made for the reason that the defendants have not been located, and many of the cases cannot be tried because of insufficient evidence.

During the period of time covered by our investigation, there has been turned in to the County Treasurer by the District Attorney's Department as fees of office the sum of \$105,845.70, and his report for March, 1963, will bring the total to \$106,937.20. We deem this a very fine record, and commend the District Attorney for his efforts.

The above report has been unanimously adopted by the Grand Jurors of the February Term of the 91st District Court of Eastland County, Texas.

Having completed our deliberations, we respectfully request that we

If you can make bond in Eastland County you've "got

it made.'

Such would seem to be the case from a check of criminal cases on file in the county clerk's office.

The ledgers reveal that there are 76 cases, some of which are five years old, which have not been brought to trial. All but 15 of the defendants are under bond,

Under the current setup ,a person who is charged in county court has the option of pleading "guilty,, and facing punishment, or pleading "not guilty" and having his case transferred to district court.

Apparently the list of 76 have not been brought for a pleading.

A delegation from Cisco, headed by Police Commissioner Roy M. Benton and Rev. G. W. French Jr., chairman of the ministers' Association, called on County Attorney Earl Conner and County Judge Scott Bailey last week.

Mr .Benton said they discussed the matter of city and county authorities working closer together in efforts to expedite the handling to completion those cases involving vio-

Of the 76 cases are for possession of assorted intoxicants and 12 are for the actual sale of intoxicants. One other is for transporting.

The list of crimes runs the gaunlet from driving while intoxicated (9 counts) to procuring (1 count).

Bonds for the offenses vary from \$100 to \$1,500.

Eighteen of the cases date from 1958; five from 1959; eight from 1960; 26 from 1961; and 19 from 1962

Asked this week about the backlog of cases, Conner called the list "typical" and said that satisfactory arrangements have been made on many of the cases, and that these should be removed from the files.

Some representative cases include:

A Ranger man was charged on Jan. 2, 1958 with possession of liquor for sale. He made a \$500 bond on the same day and hasn't been tried yet.

Another Ranger man was charged on the last day of January, 1958, with sale of whiskey. He made a \$500 bond four days later. On August 17, 1960, he was charged with possession of intoxicating beverages, and made a \$1,000 bond. He hasn't been tried on either account.

A Cisco woman was booked and charged with aggravated assault on March 3, 1958. The incident allegedly happened in the Cisco post office. She made bond for a \$1,000. No

A Stephens County man was charged on March 13, 1961 with attempt to kidnap an Eastland man at gunpoint. The defendant made a \$1,000 bond on the same day.

By types of crime, the 76 cases since 1958, run like

Possession of liquor for sale, 6; driving with license suspended, 2; sale of whiskey, 3; driving while intoxicated, 9; worthless checks, 1; theft under \$50, 1; aggravated assault, 7; swindling, 7; shooting game illegally, 2; malicious prosecution, 1; swindling with worthless checks, 2; failure to surrender driver registration and auto plants, 1; possession of beer for sale,3; possession of intoxicating beverages,2; possession of whiskey for sale, 1; defacing a public building, 1; attempt to kidnap at gunpoint, 2 (same person, sale of liquor, 7; sale of alcholic beverages, 3; possession of wine for sale, 1; transoprtation of beer in dry area, 1; assault on a woman, 2; displaying a pistol, 1; carrying a pistol, 2; missuse of dealer's metal plates, 1; child desertion, 1; and procuring for immoral purposes, 1

The year-old assault-to-murder case scheduled to be tried Monday in 91st District Court will be watched with a great deal of interest.

Not for the case itself, but for an indication of the movement of the wheels of justice in the county.

Only 22 criminal cases were tried last year. The case set for Monday, which was postponed twice in 1962, is one 114 untried criminal cases pending in the court.

Cases set next week are among the 114 untried criminal cases pending in the court.

Seven of the 22 were jury tried and 15 were non-jury

Five criminal cases were dismissed last year, as well as 94 civil cases.

Juries heard four civil cases, and 55 were non-jury cas-A total of 83 of the 114 untried cases stem from grand

jury indictments and the remainder come to the court as transfers from justice, county and out-of-county courts, including three from Duvall County, filed in 1955 for misappropriation of public money.

(The Duval cases are still on the local books because prosecuting attorneys from that county and/or the state attorney general's office didn't appear.)

Of the 114 cases, one dates from 1952; one from 1953; one from 1954; three from 1955; 13 from 1956; 14 from 1957; 8 from 1958; 20 from 1959; 20 from 1960; 18 from 1961; and 14 from 1962.

Name a crime and the chances are it will be listed among the 114 cases . . . from wife desertion to operating a semi-trailor without a license.

Burglary is the most prevelent offense among those on file - 22 cases.

Divorces appear to be easy to get in this county - 75 were granted in 1962 and not a single one tried was denied.

Three annulments were also granted. However, after working all year, the court was still three divorce cases further behind at the end of the year,

than at the beginning. On Jan. 1, 1962, 56 divorce cases were pending; 87 new cases were filed during the year; 75 were granted; and nine were dismissed - yeaving a back-log on Dec. 31 of 59 cases. The court started last year with 70 tax cases pending;

tried none and had none added; ending '62 with the same 70. During the year, 124 new ones were filed. Even with the 59 that were tried and the 94 that were dismissed, the court

still ended up with 119 pending at years' end. The court had 141 criminal cases on file during 1962 -110 carried over from the preceeding year and 31 new ones filed or transferred in.

Five dismissals and the 22 trials totaled 27 disposals, leaving the 114 still to go.

Statistically, 100 of the criminal cases have been on the books for over a year without trial; 82 for more than two years; and 34 for more than 5.

By offense, here is the way the pending cases tally out. Habious corpus,2; swindling with worthless check, 6; driving while intoxicated, 8; theft, 11; misappropriation of public money, 3 (Duval); removing mortgaged property, 1; wife desertion, 3; false swearing, 1; worthless checks, 1; altering a prescription, 1; exposing private parts to a minor, 1; felony swindling, 1; forgery and passing, 2;

There aren't many attorneys in Eastland County - but the records show that for the most part each one is a mighty busy professional.

A check of civil suits filed in the 91st District Court during the past three years reveals that attorneys in this county have filed 490 "brand new cases" since Jan. 1,

Number per year has dropped but very little. In 1960, 169 new civil suits were filed: 159 in 1961; and 155 in 1562.

These represent cases in which the attorneys have been engaged as lawyers for plaintiffs only and not cases were they accept cases for defense.

Dewey Cox of Ranger and Frank Sparks of Eastland were almost tied for most cases filed, and lead their associates in the county. Cox filed the larger number for the three-year period — 96, followed closely by Sparks with 92.

County Attorney Earl Conner, Jr. ranked fourth in the county for the three-year period with 66 civil cases on file.

Veteran Eastland Attorney Allen Dabney had 51 cases; and R. E. Grantham of Cisco, 44. Virgil T. Seaberry, filing under the firm name of Turner and Seaberry of Eastland, had 19. Perry Brown of Rising Star had 14 cases for the past two years, because the records show no cases filed by him in 1960. The Eastland firm of Frost

Oil Production Increase Is Aim Of Jim Langdon

AUSTIN - Land owners ere assured this week by Railroad Commissioner Jim C. Langdon that he favors greater oil production in Tex-

Although the Railroad Com mission cannot consider prices (only physical waste), he said, it was logical to assume that the greater the production the bigger the royalty checks for several hundred thousand

lard owners in the state. However, if production exceeds demand, then the price of oil decreases. Any exces siye over-production, such as occurred in the 30's in East Texas when oil sold for 10 cents a barrel, will cut deeply into the checks received by owners of mineral rights in land from which Texas' oil and gas are produced, Lang-

"A market demand law prevents the production of more oil than can be sold," Langdon said. "This guards against ec-onomic waste by instituting a system of sound conserva-

Langdon repeated this week foreign imports, but unfortunately imports are controlled by the Federal government, Commission. He said he was against federal control of pet-

ponent in this race is advocadeliberate waste. It is a program of anti-conservation that would depress oil prices and certainly have an economic effect in all parts of the state. Langdon said.

As for lower crude prices making gasoline cheaper to consumers, Langdon said the opposite effect would result. Many independent operators are having a hard time stoy ing in business at present pri ces," Langdon said. would have fewer and fewer companies controlling more and more of our oil, thereby creating a monopoly-type sit

"THE MAN FOR THE JOB"

To Our Friends And Neighbors In the 63rd District. House of Representatives:

We Appreciate . . .

the fine support and help you, our neighbors, have given WAYNE GIBBENS in electing him to the House of Representatives, District 63.

We also appreciate WAYNE GIBBENS. He has represented our district honorably and well. He has earned the respect of all who have worked with him. He has worked with and for the people of Callahan, Eastland, Palo Pinto, Shackelford and Stephens Counties. His dedication to purpose and principle is well-recognized by the people of this district.

We Need . . .

only for you, the voters of District 63, to look carefully at the records and backgrounds of the candidates for this office. You will find that WAYNE GIBBENS has conducted this campaign on the same high plane that marks his conduct as a man and legislator. You will find that he stands head and

shoulders above his opposition. We realize, as you do, that no legislator can please everyone with every vote. An opponent can always find something to criticize. But Wayne's opponent has been hard put to find a valid issue, because it simply is not there. We like the independent and constructive manner in which WAYNE GIB-

BENS has voted his convictions. We Recommend . . .

and urge you to vote for WAYNE GIBBENS in the Democratic Primary Saturday. You will always be proud that you did.

We say this with confidence because we know WAYNE GIBBENS - know him as a conscientious legislator, a sound thinker, a man with great capacity for friendship and loyalty, and a real Christian gentleman.

We know he will continue to serve you effectively and honestly. He is indeed A YOUNG MAN WITH A FUTURE — and we of District 63 are fortunate to have a part in that future.

Re-elect

THANK YOU, WAYNE GIBBENS

Eastland County is grateful for your successful efforts to keep the 11th Court of Civil Appeals where it belongs-in Eastland County.

We remember the determined way in which you fought and defeated an attempt to move the court from its historic location to another county in 1963. It was an important victory for the entire 63rd Representative District. But it is only one example of your many fine services as our State Representative.

Knowing that there will be future attempts to move the court, we are glad that you will be back in Austin to look after our interests. The people of this district will give you an overwhelming vote of confidence in Saturday's Democratic Primary election.

OMAR BURLESON A Quiet

Who Gets Things Done Receives Accolades From Washington

The President of the United States Remembers A Birthday . .

A Powerful Committee Chairman Thanks A Colleague . . .

Quiet • Methodical • Coolheaded...

OMAR BURLESON is far from the flamboyant type, but states his views in quietly methodical fashion that has gained him the respect of colleagues in Congress. His 1963 attendance and voting record was 100% and since 1947 his attendance and voting record is 989

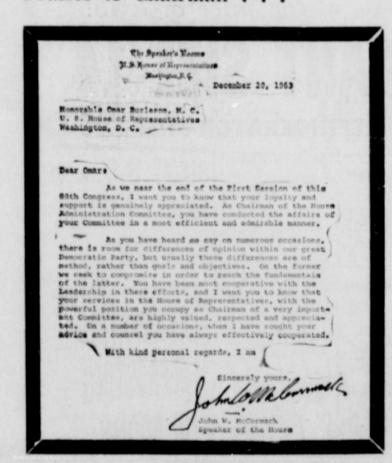

OMAR BURLESON has always voted for the defense bills of this country; he voted for the income tax reduction bill; he introduced a bill to limit beef imports to this country; he introduced the first bill to limit oil imports; he introduced a bill for a COMPLETE embargo on trade to Cuba.

In his 18 years in Congress OMAR BURLESON has voted to reduce the federal budget from three to 13 BILLIONS each congressional term; as Chairman of the House Administration Committee he has consistenly effected economy in committee spending (i.e. reducing Adam Clayton Powell's committee spending 50%); he has always voted against foreign aid since the late 1940s and recent reaction in Congress is proving him correct. He voted against the Civil Rights Bill because in its present form it limits the freedom of all Americans; he is for the constitutional guarantees regardless

In 1961 the late President appointed him congressional delegate to the United Nations where he used knowledge gained as ranking member of the powerful Foreign Affairs Committee. He is also chairman of the Joint Committee on the Congressional Library and vice chairman on Printing.

Quiet, methodical and cool headed, he is widely known in Congress as a quiet man who gets things done.
