IS YOUR WATER HEATER ON "BORROWED TIME"?

Replace it now with a quick recovery

ELECTRIC WATER HEATER.

Why put up any longer with an old water heater that may fail at any time? Install a flameless quick recovery electric water heater and enjoy abundant hot water for every need, plus these additional important advantages:

CLEAN-No by-products of combustion to soil walls and woodwork. No unpleasant fumes. No flue to accumulate soot.

FAST AND EFFICIENT-High-speed immersed electric heating elements put all their heat into the water. None is wasted

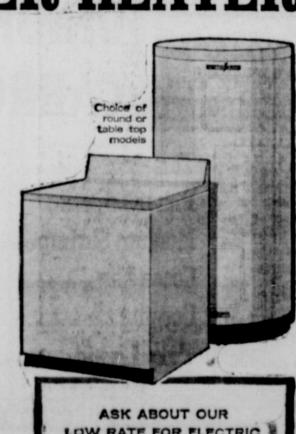

SAFE-No flame to blow out accidentally. No pilot light to worry about.

FLAMELESS-No flue or ventilation needed. An electric water heater can be installed close to the point of greatest use, eliminating long heat-wasting pipe runs.

See the new quick recovery electric water heaters at your dealer's soon. Enjoy worry-free hot water service the modern way

Control both horn flies and cattle grubs

The life cycle is broken, both of horn flies and cattle grubs, with MoorMan's Medicated Rid-Exy-the complete mineral containing the systemic insecticide, ronnel. When Rid-Ezy is fed free-choice to grazing cattle, and they consume it in recommended amounts, pesky, blood-sucking horn flies are controlled effectively.

Cattle stop fighting horn flies . . . are quieter . . . spend more time grazing . . . gain faster. Cows produce more milk for their calves.

Young cattle grub larvae in the animal's system also are killed by Rid-Ezy . . . before the grubs do their dirty work in retarding growth, damaging meat and puncturing hides.

Rid-Ezy is available in 50 lb. blocks or granular form for free-choice feeding on grass, Granular Rid-Ezy may be used in feedlots for 14-day treatment to control grubs. Find out more about Rid-Ezy from:
