And he arose and came to his father. But when he was yet a great way off, his father saw him, and had compassion, and ran, and fell on his neck, and kissed him. - Luke 15:20.

We have to think of God in terms we can understand. At various times men have thought of God in various ways. Thus God is the Creator of the world, the Almighty, the Law-giver of Sinai, the Holy One of Israel. More wonderful than any of these descriptions, however, is that given by Jesus: "Our Father."

The Fatherhood of God means that we owe to Him our physical being. He sustains our bodies through the power of His creation. Our Father knows what we have need of before we ask. He wants to give us the best far more than we want to receive the best. He loves us far more than we shall ever understand.

Our sonship to God means that we shall remember that our bodies are the Temple of God. We acknowledge at the breaking of bread that He is our strength, and we pray that the power thus gained may be used in accordance with His will. We continue to make petition; for what He gives and what He withholds show His constant care.

The proper relation of sons to the Father is love. He has loved us with the prior love which makes it possible for us to love Him. Of all his many gifts to us none is so excellent as love. For love is the fulfilling of the law and the prophets. For love is of God. Therefore God is best described as "Our Father."

## Boy Killed In Pursuit Of Small Rabbit

at Fort Hood near Killeen.

Word was received Fridlay that the eleven year old nephew of Mr. and Mrs. Cook Pennington of Ranger was killed Thursday by a .12 guage shot gun blast.

Joe Parrott, son of Mr. and Mrs. Bill Parrott, former residents of Breckenridge and Woodson, now making their home in Lubbock, was killed as he and a young companion pursued a rabbit under a house in Lubbock. The accident occurred at 12.05 Thursday.

Officers said that young Parrott waited outside the home of his friend as he went inside the house to get the shot gun. The shooting ocurred somehow as the two friends started under the house after the rab-

#### Ranger Oil Boom Museum Due Widespread Support

(Editor's Note - Ranger's proposed oil museum was acclaimed in an editorial which appeared in the Thursday morning edition of The Abilene Reporter-News. The editorial, prominently displayed, is a big boost for this civic project which is receiving publicity all over the Southwest. The complete text is reprinted below.)

Ranger is more than an historic city. It also emgolf ball from the Pacific Ranger Rotary Club of addi- braces some bold ambition, as demonstrated by its

The Ranger people have set out to establish an oil

Ranger citizens and their Chamber of Commerce hope eventually to reconstruct the Ranger of boom days. W. T. Eaton, Chamber of Commerce president, has issued an appeal for donations of any kind to start

The Ranger people seek any relics or pictures of presided, reports that attend- the Ranger oil boom days, oil field relics, oil field equip-The Ten Ten CB Club will ance for the day was 100 per ment of every description, regardless of size or location.

This is a most appropriate project for Ranger, and Lodge on Lake Leon Sunday, four guests-Joe Foster, Bill it might be added, a very large order. But if the goals are realized, the results will be amply worth the efforts. This is more than a commendable project calling Collings, program chairman for the backing of Ranger's own people, which it doubtless will have.

It also deserves widespread support throughout this area, from the surviving old timers of the Ranger boom days, and from the oil industry at large.

Ranger produced one of the epochal oil booms of all times in Texas, exceeded in significance only by the discovery of Spindletop field which launched Texas as an oil state, and possibly by the vast East Texas boom

Oil was discovered at Ranger in 1917. The result was immediate, dramatic and wild beyond belief. To read of it now would seem to the present generation to be unreal fiction.

The oil museum idea deserves support because it has the possibilty of creating a magnificent tourist attraction for this area and for Texas.

But more importantly, the museum would preserve a priceless chapter of oil industry history

We only hope that the thought and the effort are not one or two decades too late. Perhaps they are not. There are still some living who participated in the boom as drillers, roughnecks, operators, lease hounds, royalty owners, and just as spectator residents of Ranger and the area. Their first generation descendants are still here in bountiful number.

And there are many memorabilia in the hands of these and other people.

Interested individuals and towns throughout this area should join wholehearted support with Ranger in creating this museum, and helping to do it right.

dishwashers - built-in or ortable - at your appliance dealer's

## ...you'll be glad you have an **ELECTRIC DISHWASHER**

Summer is the time you'll especially appreciate having an automatic electric dishwasher. The countless glasses that would ordinarily accumulate on the drainboard go out of sight into your dishwasher. Then, when you have a full load, you press a button and your glasses and other dishes are washed and dried automatically. An electric dishwasher not only keeps your kitchen tidier and saves you hours of drudgery each week, it gets your dishes hygienically clean, using water hotter than hands can stand. Why not get an electric dishwasher soon and put an end to the tiresome chore of hand dishwashing?

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association,

We work with you to arrange for a toan that's as easy to handle as monthly rent.

Boy's Choir Invited To Sing At Fair

The Breckenridge Boys Choir efforts to finance a trip to the New York World's Fair have made the "end in sight" according to backers of the Choir after the successful money-raising Carnival last Page Six

Forty young men from ages 10 to 18 are getting "mighty excited" at the prospects of singing for thousands of people at the Special Events Program in the United States Pavilion of the John F. Kennedy Plaza, also at the Texas Pavilion and at RCA Studios where they will make a color television tape.

The Choir will leave June 28 for a sixteen-day bus tour. the way they will stop at Shreveport, Louisiana, and hattanooga, Tennessee, for concerts and returning they will bunk at Army instalations along the way.

Also on their agenda is a professional baseball game in New York and worlds of sightseeing in the big City and at the Fair.

Mrs. Ben J. Dean, Choir director, and the members and parents of the Choir have been working for months on preparations for the trip, ince an invitation came from Louis B. Ames, director of the cultural programs to be presented at the Fair. Mr. Ames riewed the tape of the program the boys gave at the White House in Washington two years ago, and invited the boys to become an internationally famous choir by inging at the World's Fair.
