AN APPEAL has been made to employers of Ranger to list any part-time jobs which they may have available for college students with the Ranger Junior College business office or at the Ranger Times office.

W. Sherman Birdwell, Jr., commissioner representing employers on the Texas Employment Commission, urged Texas business men to co-operate in making part-time jobs available to students who need work to remain in school.

Birdwell said the Texas Education Agency estimates that 60,000 Texas youth will fail to return to school this year if action is not taken.

"An encouraging trend in the problem of school dropouts is the increasing number of students who are remaining in school while working or seeking work," Birdwell said.

Hitch-Hiker 'Borrows' Car But He Couldn't Fool Alert Emery Ford

Thursday night a 17-year-old South Carolina youth was hitch-hiking on Highway 80 and while working his thumb near Baird he noticed a 1956 Oldsmobile, parked on the shoulder of the highly-travelled route.

Since the vehicle was unoccupied and appeared to be abandoned, the young South Carolinian — curious — looked inside the car. The keys were

Polio Vaccine Date Sept. 26

Type II polio vaccine will be given here Saturday, Sept. 26, according to an announcement Friday morning by Dr. W. P. Watkins, city health officer.

The sugar cubes, saturated with the highly effective deterrent to the dreaded disease, will be given at the Fine Arts Bldg. (formerly the National Guard Armory) on the IJC campus, U. S. Highway 80 west.

Dr. Watkins said the dosages will be available to men, women and children of Ranger and surrounding area beginning at 9 a. m. on that date.

The Ranger physician also added that persons failing to receive Type I or Type III may also partake of the vaccine. All three complete the immunization against polio.

Assisting Dr. Watkins in the Sept. 26 drive to combat the crippling disease will be Dr. Luther Gohlke, local pharmacists and nurses.

Polio Drive Oil Museum C-C Topics

A coming Type II polio vaccine campaign and Ranger's proposed oil museum were main topics on the agenda of the monthly meeting of directors of the Chamber of Commerce Thursday night.

W. T. Eaton, president, presided during the meeting and special guest was Charles L. Fox of Fort Worth, who was enthusiastic about the museum project.

Fox has made several trips to Ranger in recent weeks conferring with local civic leaders and has offered his services in construction of an old cable tool rig such as was used during the oil boom days in this area.

A veteran rig builder, Fox was in Ranger during the boom and has been associated with the drilling industry all of his life.

He designed and built the rig at Six Flags and also was in charge of erection of the boom town there.

Battle For Life Continues; Mother Needs Assistance

Mrs. Ruth Bragg continues to battle grimly but determinedly for her life in a room at Ranger General Hospital. Reports early Saturday indicated that the odds have swung to her favor. And especially so since Mrs. Bragg wants — desperately — to live.

The 32-year-old mother has a reason and a responsibility — three fine youngsters. And they, along with other members of the family, are praying fervently for her recovery.

In the meantime, however, medical and nursing expenses continue and Mrs. Bragg is in dire need of financial assistance. And the "Ruth Bragg Fund" needs the support of understanding, compassionate Rangerites with big hearts. Checks should be made payable to the "Ruth Bragg Fund."

Mrs. Dortha Harris of Ranger General Hospital is administrator of the fund which is financing duty pay for three special nurses who are attending Mrs. Bragg around the clock.

Cisco Routs Ranger, 34-8

Coach Jack Duvall's 1964 Ranger High Bulldogs were upset in their season pigskin debut Friday night when they fell before the under-rated Cisco High Lobos, 34-8.

A big crowd of 2,500 roaring fans witnessed the inter-sectional battle pitting Ranger's 10A pregame favorites against

the TAA crew tutored by Billy Bates.

The game was marred by fumbles and penalties that proved costly to both teams. There were a total of 20 penalties — 12 against Cisco and eight against Ranger — and each team lost four fumbles.

Cisco jumped to a 14-0 lead in the opening period, led by the same margin at the half, then punched across a TD in the third and two more tallies in the final period to stop the impressive win.

Several hundred Rangerites followed the Maroon & White squad to Cisco.

The Bulldogs make their home debut next Friday night at Ranger when they host the mighty Dublin Lions, the top-rated club of the TAA circuit. In their opener Friday night, the Lions rolled to a 66-0 triumph over Moody.

Teen Town Gets Aid From UF Donations

Teen Town, Ranger's popular youth center and one of the seven local agencies benefiting from United Fund proceeds, received over 45,000 visits from local Ranger teenagers during the past year.

The center provides wholesome, supervised recreation for young people of the community.

Without a yearly allocation from the United Fund, Ranger's Teen Town would be forced to suspend operations, according to Rev. B. L. McCord, pastor of First Methodist Church and chairman of the 1964 UF drive to be staged here Oct. 6-10.

The center's operation is supervised by a board of four directors — David D. Pickrell, Dr. W. P. Watkins, Pete Brasher and W. N. Bourdeau.

"Give more in '64" — and help one of the city's most vital and necessary recreational facilities, Teen Town.

Many of the small children will be crossing a street for the first time without paternal supervision and motorists are urged to be especially cautious when driving in the school areas.

Industrial Meet Is Set To Plan Pilot Program

Will a two-year-old campaign promise result in the industrialization of Eastland County? Will the governor of Texas, through state agencies and officials, be responsible for increased payrolls and economic conditions in this county?

It remains to be seen. But the first step in this direction may be taken Tuesday when Harry Clark, director of the Texas Industrial Commission, and Larry Milner, a staff member, meet with some 75 county, civic and business leaders for what could be a series of planning sessions.

The meeting, to be held at 2:30 p. m. Tuesday in the County Commissioners Courtroom, is the outgrowth of a statement made by Gov. Connally in Eastland County back in May of 1962.

At that time Mr. Connally, in a primary election run-off with Don Yarborough, was

crossing the state aboard a "Victory Special" train. At two of his stops in Eastland County, he stated that, if elected, he would make Eastland County the "pilot site" for his industrialization program. He had advocated an extensive industrialization program from the beginning of his campaign for the state's top office.

The circumstances behind this "campaign promise" indicate the governor's sincerity in wanting to help certain areas, it would seem. As with most campaign trains, delegations of supporters were welcomed aboard at every stop for brief visiting and traveling with the candidate.

Mr. Connally's train was westbound and several Ranger backers met it in Gordon and rode to Ransler, to be with the candidate when he appeared as he did on the observation platform at each stop to speak to the gathered crowd. Eastland residents met the train in Ransler and joined the party for the trip cross-county as did Cisco citizens in Eastland.

In Ransler Connally praised the progress of Ranger Junior College and recalled the oil boom days, and generally, although not specifically, stated that if elected he would do all in his power to revitalize the state with industry.

As the train pulled out of Ransler, bound for Eastland, Mr. Connally invited two county newspapermen into his stateroom for soft drinks, salted nuts and conversation. During the informal "interview" he asked point-blank of his questioners, "What exactly does your county need now?" Naturally, the answer was "More payrolls, more job opportunities for a declining agricultural work force — industry."

And apparently at that instant Mr. Connally decided himself, to make this county the test location for his industrialization plan.

During his brief remarks in Eastland, this was one of the most emphatically stated points "I will, if elected, make Eastland County the pilot site in my industrialization program." He was greeted with cheers from the throng that had met his train at the T&P Depot — the high school band, chamber and city officials, pretty girls and Old Rip. The Eastland-famous horned toad was "given" to Mr. Connally as a token of his support here. (Rip rode on to Cisco with Mr. Connally where it was retrieved by newsmen and returned to its Courthouse resting place.)

His stop in Cisco too was punctuated by his statement that he would, if elected, make Eastland the pilot site for industrialization. And there, too, Cisco supporters cheered as Mr. Connally promised to "help Eastland County."

The giving of Old Rip to

Mr. Connally was obviously a "gimmack" — but perhaps his industrialization of Eastland County is not.

The meeting in the courthouse Tuesday perhaps will tell.

A County Republican meeting will be held at the County Courthouse Thursday, Sept. 10, at 7 p. m., it has been announced.

The public has been invited to attend.

Q. What makes home study easier?

A. Plenty of good light!

Homework is hard work for young eyes. Plenty of good light is needed for reading small type, seeing details in maps and charts and performing other close visual tasks. For easier seeing at the study table, a good table lamp with at least a 150 watt bulb or equivalent is recommended. The lamp should be tall enough to spread light evenly over the work surface and properly shaded to conceal the light source from the eyes. A diffusing bowl (or a bulb with its own built-in diffuser) is recommended to soften the light and prevent glare. Check your children's study light now. Make sure they have proper light for easy seeing when they do their homework.

and piled up the points. The Lobo defensive unit was a star of the show, limiting the favored Bulldogs to 40 yards rushing. Quarterback Anthony Strotter and Halfback Nicky Lopez were outstanding on the offense. Ranger's best weapon was the forward pass with Johnny McGee, a 185-pound sophomore doing the chunking. He completed 10 (two by interference calls) of 20 shots for 130 yards. The Ranger touchdown was a 3rd quarter pass, McGee to End Jerry Watson with the extra points via the same route. Strotter had a fine night at the throttle for the Lobos. He completed two of four passes for 57 yards, returned a punt 83 yards for a touchdown, and carried the ball three times from scrimmage for a 13-yard average. He was effective, too, on the defense, intercepting one pass and running other punts back for good yardage. Lopez, a master of the fast start, carried the ball 13 times for 121 yards. He returned one punt for 43 yards and had a good night in all departments.

Cisco took the opening kickoff and scored promptly. Strotter hit Waters with a 38-yard pass on the first play. Hargrave got eight yards, and Lopez drove to the Ranger 22. Brown then circled left for a touchdown and Tim Bennie kicked the extra point. Late in the first quarter, a bad pass-back caused Ranger to lose a 4th down try with Cisco recovering on the Bulldog 16. Hargrave promptly raced off tackle for the score and Bennie converted. Ranger's score came in the middle of the third quarter after a scoreless second period. Alec Garcia covered a Cisco fumble on the Cisco 25. The Bulldogs then got a 15-yard penalty. McGee hit Pounds for 11 yards and a 17-yard pass interference play was called, giving the Bulldogs a first down on the Cisco 9. McGee then passed to Watson for the score. Cisco took the kickoff on their 38. Lopez got 12 yards in two bucks. Brown drove 8 and Hargrave plowed to the Ranger 32. Lopez then went to the 16 and then lost three. Strotter passed to Clark in the end zone for a score. Bennie kicked goal again. As the final period opened, Cisco got the ball on their 42 as Strotter intercepted a pass. Lopez broke through for 40 yards to the 18 and on three bucks he drove over the goal. Bennie kicked the goal again. The final touchdown was Strotter's 85 yard broken field dash with a punt off Ray Newnam's toe. Bennie missed the uprights, leaving him 4 for 5. Both teams played everybody on their benches.

TOWN TALK
(Continued from Page One)

"This indicates that many youths who need work will stay in school if it is made available to them." He explained that during a period when Texas needs to upgrade the skill levels of its labor market, school dropouts will make poor candidates for training in these skills. He appealed to employers who can use part-time student help to place job orders with the TEC or local schools as early as possible.

Williams Hopeful For RJC Pigskin Outlook

Football workouts began at Ranger Junior College Tuesday morning. Friday morning, when queried about prospects, Gerald Williams, RJC athletic director and head grid coach, was practically mum. "We'll just have to wait and see," he said.

NEW FACULTY
(Continued from Page One.)

in the State of Texas. Reports from the registrar's office show that enrollment is now far beyond our fondest dream," Dr. Nicksick said.

Dr. Nicksick stressed that "our business is to teach young people. This is our job. Our entire focus is on the student. This is a must." Jack Allen, college business manager, outlined rules for the financial operation of the college.

Following the meeting, the dean called a meeting of the faculty and office personnel for the purpose of division chairmen appointments and the naming of committee chairmen.

Division chairmen are: Kenneth Alford, fine arts; J. W. Mason, applied science; Mrs. R. L. Hamrick, humanities; David Allsup, natural science; Miss Sanya Sullivan, social science.

Miss Sullivan was named chairman of the freshmen orientation program on September 9-10-11. Serving with her are Mrs. Hamrick, Allsup, Malone, Alford and Halbert. The standards committee will be headed by Haby, who will have as his assistants Mrs. Morris and Allsup.

The Homecoming Committee will have Alford as chairman and Roger Martin, Miss Coody, Halbert and Mason to prepare for the October 10 affair which will include a bonfire, homecoming dance, football game against Kilgore Junior College, a downtown parade and the official meeting of the Ex-Students Association.

Miss Dorothy Linn will head the Library Committee assisted by Allen and Mrs. Hamrick.

Miss Sullivan, chairman, Mrs. James P. Morris, Allsup, Gerald Williams and Malone will serve as the Student Activity Committee.

Mrs. Morris is chairman of the students disciplining committee and will serve with Allsup, Williams, and Malone. Dr. Nicksick will head the Academic Program Committee, assisted by Alford and Haby.

Mr. Haby stated that these four committees named are to meet a minimum of twice each year; more if necessary. Minutes of meetings to be filed in his office. Football ticket and program sales will be again under the direction of Allsup.

VISITS MOTHER

Mrs. C. E. Beck went to Weatherford Friday to visit with her mother, Mrs. J. M. Nix, a former Ranger resident. Mrs. Nix recently underwent surgery in St. Joseph's Hospital in Fort Worth and returned to her home in Weatherford Friday.

The 1964 Rangers will be competing in the new Texas Junior College Football Federation which Williams asserts is the strongest junior college conference in the nation.

Members of the circuit include Ranger, Wharton, Kilgore, Cisco, Texarkana, Henderson County, Navarro and Blinn.

Fifteen of the 57 squadmen toiling during the two-a-days out at RJC are sophomores. Williams appears pleased with a supply of "bigger" linemen, also with all-around speed.

The RJC mentor, commenting on the gloomier side, said the biggest handicap would be playing freshmen in key positions. Assisting Williams with his Purple & White charges are Ronald Butler and Chuck Malone, a pair of experienced coaches.

For the first time in its 38-year history, the 1964 Rangers will play their home games in recently completed College Stadium, on the expanding RJC campus.

RJC Faculty Hears Lecture On ACT Program

Ranger Junior College faculty members attended the first in a series of lectures by Vernon L. Odom, district director for the American College Testing program, in the college library, beginning at 1:30 p. m. September 3.

The meeting was arranged by Miss Sanya Sullivan, director of student personnel at RJC, and in charge of the testing program which this year, for the first time, is required for registration. For those students who have not already had the ACT test in high school, it will be given here during the freshman orientation period, September 9-11.

Mr. Odom explained in detail the benefits of the testing to the student, and the help to the teacher. He stated that this testing program is now required by 80 colleges in Texas and in colleges in most of the other states.

There is absolutely no cost to the college. The cost to the student is \$4.00, and this includes three copies sent one to each of three colleges of his choice. New tests are prepared each year so that there is no chance for duplication by students. The tests are good at any college in the nation, requiring them.

Ranger Junior College will be a testing center for this area. In return for participation in this program, the college may have access to all research carried out by the parent program. Also, the college may request any type research to fit its needs. The program will be tailored to fit the needs of each college participating.

It was after careful study by the college officials that this testing program was introduced into the over-all college entrance requirements. This system gives a tremendous amount of data for use by the teachers and the personnel director, with no cost to the college.

The Rangers open their fall campaign in a non-conference contest with New Mexico Military Institute at Roswell, N. M., on Saturday, Sept. 19. In their first home encounter they host Tyler Junior College here on Thursday, Sept. 24.

Eastland Area Roping Club Is Organized

A large group of interested Eastland County residents met Tuesday, September 1, at 7:30 p.m. at the home of Mr. and Mrs. Johnny Stewart, on the Breckenridge Highway to organize the Eastland County Roping Club.

The club will include activities of interest to all ages and the entire family may become members. There will be roping, barrel racing, along with games of various kinds for the younger children of the families. Dues will be \$1 per person per year.
