

IT'S UNITED Fund time in our town these days, and there's no reason for delaying the completion of the annual event. Giving to the United Fund is a privilege, for we know that our locally supported organizations will be in readiness for full-time work in the year ahead.

In our giving, we must remember that the United Fund is made up of the financial requirements of ALL local public-supported agencies and that our checks should be large enough to reflect this.

Supporting the United Fund is like backing to the schools, the churches, the Chamber of Commerce and so forth — it's an obligation of good citizenship.

SOME FANS are glad, some are sad. Anyway, now that the World Series is over, things will get back to normal.

The community survey, engineering and research project proposed to the Ranger City Commission recently was again a major topic for discussion during the municipal body's regular meeting at City Hall last Thursday night.

Mayor Morris Newnham presided and present were Commissioners Grover C. McGown, George Falls, and Fred Bennett. Mrs. Roscoe Hopper, member of the board of Ranger General Hospital, also appeared before the Commission and requested assistance in a \$2,000 remodeling project. It has been proposed that the present steps are too steep. These would be rebuilt and new front doors installed.

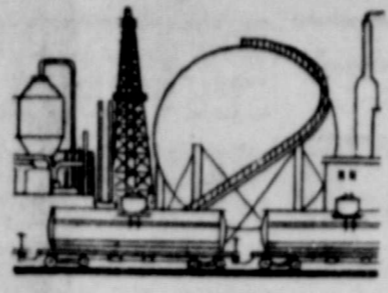

You football fans who may have missed Friday night's game between Ranger High Bulldogs and the Rising Star Wildcats (Ranger sacked it, 26-0) the Peanut Bowl clash between Ranger Junior College and Cisco Junior College can glimpse the action when

COUNTY BUDGET, RETURNS OKAYED BY COMMISSIONERS

The County Commissioners met in a special session Thursday approved the county budget without contest, okayed the returns of the recent Gorman local option election and set monies aside for some new specific projects.

The court put \$1,000 into the special county-city hospital fund, for possible use for repairs being proposed there. This amounts to half of what the anticipated cost is estimated to be. The court agreed to cooperate on a share-and-share alike basis in making repairs to the hospital.

Another \$500 was put into the general fund for use in the individual precincts for historical marking purposes. This will likely be used on a request basis, for marking old

Coach Jack Duvall's Ranger High Bulldogs exploded with four touchdowns in the first half to notch their third victory of the season blasting undefeated Rising Star Wildcats, 26-0, at Bulldog Stadium Friday night.

The Maroon & White offense and defense both showed considerable improvement over performance of a week earlier when the Bulldogs were trampled by Clyde, 31-6.

Although their passing attack was underpar compared to aerial statistics of prior clashes, the RHSers unleashed a highly potent ground attack and rolled up a total of 216 yards net rushing compared to the Wildcats' hard-earned 94 yards.

The Bulldogs scored twice in the initial period, and two more TDs in the second quarter to hold a 26-0 lead at half-time. They held the lead (Continued on Page Two)

EXPANDED CHRISTMAS MAIL SERVICE PLANS ANNOUNCED

Longer post office window hours, expanded delivery services and large-scale extension of the zip-coded parcel post speedup are planned for Christmas. Postmaster General John A. Gronowski has advised Ranger Postmaster Max Ohr.
Mr. Gronowski outlined to the Ranger postal head, three major new steps he has taken "for the best Christmas mail service the Postal Service has ever had."
1. Expanded post office window hours December 5 to 26 as deemed necessary by the local postmaster.
2. A six-day week December 7-31 for parcel post deliveries, instead of a five-day week (City delivery offices).
3. Completion by November 1, of Phase III of Zip Code parcel post handling at about 130 more "sectional center" post offices (strategically located mail massing points), providing faster delivery up to 24 hours or more for parcels with the Zip Code.
In Phase I and II, approximately 75 offices with receipts of \$5 million annually and above activated faster Zip Code sorting and dispatch by Sept. 1. The 130 in Phase III includes offices with receipts of \$1 and \$5 million.
In addition, many other sectional center offices with smaller receipts will have the program in operation by early December, in time to help speed delivery of Christmas gifts mailed with the Zip Code. Stephenville post office is the Sectional Center for this area.
Postmaster General Gronowski told Ohr the Christmas plans are a part of a nationwide program to bring postmaster into more responsible positions in postal management as "real partners in providing better mail service at all levels."

Scofield Gets Promoted By Lone Star Gas

Robert Moore Scofield, 6729 Braeburn Drive, is the new assistant superintendent of measurement for Lone Star Gas Company's gas measurement department. The appointment, effective October 1, was announced by John M. Kindie, Lone Star's vice president, transmission.
Born on a farm in Hill County, five miles north of Hillsboro, Scofield was graduated from Gainesville High School in 1919, and studied civil engineering at Texas A&M University before beginning his Lone Star career in the fall of 1921.

Scofield served as a pipeline inspector of distribution properties in a number of Texas towns before he transferred to Gas City, Oklahoma in July, 1922 as a meter inspector. He moved to Ranger, in 1926 as a meter inspector and later, from headquarters in Dallas, he inspected meters in an area bounded by Waco and Mexia to the south and Sherman, Denison, Gainesville and Paris to the north. He transferred to McKinney, in 1927, and to the company's Dallas offices in 1929. His most recent post was field superintendent of measurement.

(Continued from Page One)

Active in civic and industry affairs, Scofield holds memberships in Masonic Lodge 210 AF & AM and the Gaston Avenue Baptist Church. He is a former executive committee member, general committee chairman and general committee chairman of the Southwestern Gas Measurement Short Course.

CHRISTIAN SCIENCE

"Greater love hath no man than this, that a man lay down his life for his friends." This verse from John (15:13) will be the Golden Text for a Bible Lesson on "Doctrine of Atonement" to be read at all Christian Science church services this Sunday.
Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this statement: "Wisdom and Love may require many sacrifices of self to save us from sin" (p. 23).

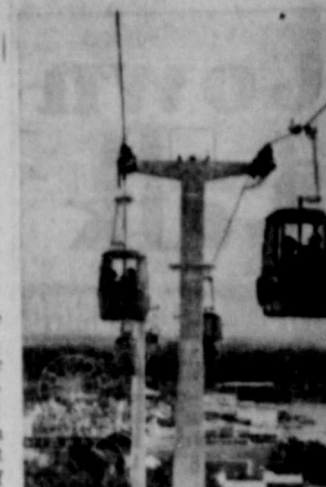

Will Humphrey Be President?

ROBERT M. SCOFIELD

A vote for Lyndon Johnson is a vote to make Hubert Humphrey President. Lyndon Johnson had a serious heart attack in July, 1955. Doctors say that the average life expectancy of a man Johnson's age following such a heart attack is less than 10 years. (Ask your own doctor about this.)

Therefore, medical odds are that if Johnson is elected in 1964, Humphrey will be President before the term expires. Never before has the extreme left had its man so close to the Presidency! (Pd. Pol. Adv.)

Second Baptist WMU Has Royal Service Program

The Second Baptist WMU met at the church Tuesday, Oct. 13 at 3 p.m. for a Royal Service Program.

The president, Mrs. Dema Duke, opened the program with a review of the past year's work, and a forward look into the future and aims for the coming year. Mrs. Robbie Hobbs told the group something about the song, "O Worship the King." The author of the song, Robert Grand, was born in England and in 1834 was appointed Governor of Bom Bay. It is assumed that he wrote this hymn while holding this position. Of the twelve hymns he wrote, this one has journeyed from India to all lands where Christianity has spread, and has become a universal favorite among Christians. This song will be the WMU theme song for the year.

Mrs. Hobbs, accompanied by Mrs. Duke, led the group in singing the song. Mrs. Walter Mitchell brought the devotional using Isaiah, chapter 6. Six points she emphasized were our need of God, realizing his presence, forgiveness, service, prayer and song.

Program chairman, Eva Orms, introduced the program for the coming year, using an outlined chart.

Prayer chairman, Mrs. Edger Word read from Colossians 3:1 and gave thoughts on prayer. She also read the names of the missionaries on the calendar of prayer and offered a special prayer for them.

Stewardship chairman, Mrs. Price Rose talked on duties and work for the coming year.

Bible and mission study chairman, Mrs. Hobbs, stressed the importance of studies, especially of the books, "Frontiers of Advance," "Winds of Change," "My Money and God," and "Go Home and Tell."

"Community missions chairman Oma Ewing, explained some of the work of this branch of WMU and the importance of it. Soul winning was placed first.

The following members were present: Mrs. Eva Orms, Demma Duke, Fanny Duncan, Walter Mitchell, Wanda Hobbs, Edgar Ward, Price Rose, Oma Ewing, Kakkil Alibritton, Lera Beck, J. B. Baker, Lula Maddox, Joe Caulder and Kay Tibbles. Visitors were Mrs. Bettye Monroe and Mrs. Charlie Morgan.

Mrs. Bob Wymer reported 6 primary sunbeams present; Mrs. Hilda Tipton 4 beginner sunbeams, and Mrs. Pevehouse 4 nursery.

Who Founded ADA?

ADA was founded in 1947 by a group of ultra-liberals, including Hubert Humphrey; Chester Bowles; radical labor leader David Dubinsky; New York City editor, James Wechsler, once an official of the Young Communist League; Harvard historian Arthur Schlesinger, Jr.; Walter Reuther of the UAW; Morris Ernst of the American Civil Liberties Union; Joseph L. Clothes that go with the child... That's the dream of every mother of school-age children.

Yet how? Shop for garments that allow for growth. In a little girl's dress, fullness — gathered, pleated, or circular — set on each side of the front and back allows for action and growth. Dresses without belts or definite waistlines will fit comfortably as the child grows taller.

Select a garment that has roomy armholes and short sleeves without cuffs or bands. Bands hamper arm movement and become tight-

Simply styled dresses are always high fashion. And they're easy to care for, saving time and lightening work for mother.

Household equipment represents a major investment to consumers, so give it the care and protection it deserves.

Protect it with plastic covers tailored for individual pieces, such as electric blender, mixers, toasters, roasters and even washing machines. Wash equipment after each use, and keep it clean until needed again.

Most homes don't have sufficient cupboard space for everything so washable dust covers are good insurance for longer equipment life. Covers made of plastic-coated nylon are inexpensive and can be washed or sponged off with suds.

If your homemade jelly is too soft, it may be the result of one of the following: Too much juice in the mixture; too little sugar; Not enough acid; or Too big a batch.

HOW CREEP FEEDING MAY HELP YOUR CATTLE PROFITS

Lots of cattlemen in this area have found it pays to creep feed their calves. Helps the calves, and their mamas, too.

Here's proof from work with 2800 head of cattle where calves were fed Purina Creep Rations:

- 34% more choice and good grade calves.
- Heavier calves. Every 10 calves creep-fed Purina returned weight equal to one extra calf. (No extra cow to breed, feed and care for, either.)
- Better cow condition. Cows suckling creep-fed calves carried 44 lbs. of extra condition.
- This extra condition meant 16% more calves the following season.

That's a big return for just a little outlay in creep feeding the Purina Way. Come in. Let's talk about how creep feeding fits in your calf raising program.

Juvenile Crime - A Possible Cure?

The time has come, we feel, for Texas — indeed for the nation — to begin viewing the problem of juvenile delinquency in a more realistic light than we have been doing in the past.

If a boy or girl has not learned right from wrong by the age of 15, when can they be expected to learn it?

If the law protects the person who violates it, who then is to protect the innocent victim of the violation?

It is not argued that any juvenile has reached the age of mature judgment in all things, but it is argued that legally protecting a chronic law violator is neither strengthening the law, its enforcement, or the character of the perpetrator himself. It is argued that the public is being made the victim, more and more, while being protected less and less.

If parents feel their boy or girl is qualified to handle a day visitor at New Hope Baptist Church.

175 Are Dead In Traffic Mishaps Of This Region

MIDLAND — "With 175 rural traffic fatalities recorded the first nine months of 1964 in the 49 county Region of the Department of Public Safety, we are sincerely asking the aid of everyone who operates a motor vehicle to assist in reducing this carnage in the West Texas area," said Major Leo E. Gossett, commander of the Midland DPS Region.

The 49 county Region has recorded 332 rural traffic accidents, injuring 1793 persons, with property damage of \$4,099,323.00. Ector County has recorded the highest number of accidents with 203. Tom Green County leads the Region with 14 deaths. El Paso County has had 112 persons injured. Taylor County tops the list in property damage with \$1,200,821.90. Loving County has reported no traffic accidents in 1964, in fact, a traffic death has never been recorded in Loving County. No traffic deaths have been recorded in the following counties during 1964, Borden, Coke, Edwards, Irion, and Loving.

"The trend upward in traffic accidents exists in our area, as well as throughout Texas, therefore, we are faced with the deadline year in the history of Texas. Driver failure appears in most traffic accidents, to be the primary cause. Please accept your part of this responsibility and let's turn this trend back," Major Gossett said.

Traffic Mishaps On Increase In Eastland County

Two fatalities in Eastland County during the month of September were listed in the rural monthly traffic accident summary released by the Department of Public Safety.

Why Pay Twice?

You already pay taxes to support a generous federal-state medical program for those over 65 who need it. Why pay again for a plan that isn't needed?

Surprised? Chances are you never heard of the Kerr-Mills Law, passed by Congress in 1960. We call it...Health Opportunity Program for the Elderly.

This program enables individual states, with federal assistance, to guarantee to every elderly person who needs it the health care he or she requires. Thousands of people every day are being helped by its broad benefits.

Yet, the supporters of the proposed Medicare Tax would have you believe that its passage is urgent...that persons over 65 are deprived of needed medical care because they can't pay for it.

So why pay twice? Find out about the health program you're already supporting. For information on health care for the elderly in your area, ask your doctor or contact your local medical society.

EARL RAY REYNOLDS

Earl Reynolds Elected Head '64 Frosh Class

The 1964 Freshman Class of Ranger Junior College has elected Earl Ray Reynolds as president Wednesday, October 14. Serving with Reynolds will be Joe Fitzgerald as vice-president, Joe Bond as secretary - treasurer, and David Wolfinger as student council representative. The sponsors for this year's freshman class are Mr. Kenneth Alford and Coach Ronald Butler.

Reynolds, a member of the RJC football team, is the son of Mr. and Mrs. W. R. Reynolds of Star Route 3, Brownwood, Texas. A graduate of Early High School, he plans to major in math and minor in physical education, and after graduating from RJC, he plans to attend Southwest Texas State.

Fitzgerald, son of Mr. and Mrs. H. W. Fitzgerald of Route 1, Big Sandy, is also a member of the RJC football team. A graduate of Big Sandy High School, he was very active in sports and other high school activities. His plans are to major in physical education and minor in business and someday become a school teacher. His hobbies include almost all sports as well as hunting and fishing.

Bond is the son of Mr. and Mrs. John L. Bond of Bullard, Texas. Joe is a 6'2", green-eyed, blond basketball hopeful on this year's RJC basketball team. He is a graduate of Bullard High School and plans to major in engineering. After graduating from RJC, he plans to attend Texas A&M. His hobbies are hunting and fishing.

Wolfinger, a 1964 graduate of Robert E. Lee High School of Houston, is the son of Mr. and Mrs. Paul F. Wolfinger. David is also another RJC basketball hopeful on this year's basketball team. He plans to major in business administration and to attend Texas Tech after graduating from RJC. His hobbies include almost all kinds of sports.

Girls in the dorm honored Anna Adams with a surprise bouquet one night last week. Anna had told Jane Spears that she did not mind being runner-up instead of winner in contests, but that she would like to receive a bouquet. So Jane and Janice Watson gathered flowers and greenery from the lawn in front of the dorm, tied them with a bow, and presented them to Anna. "They're beautiful!"

Much of the credit for the freshman float's winning first place in the parade last Saturday should be given to Martin Barrow, chairman of the committee decorating it. Others on the committee were Johnny Signorelli, Ronnie Hinds, James Eaton, Glenn Brown, Kenneth Hefner, and Cookie Falls.

We were especially proud of the RJC Band at the Homecoming game, for it gave a very good performance. The band went through routines that looked difficult with apparent ease and confidence, and as usual the group looked sharp. Mike Deaton attracts lots of attention with his aerial gymnastics with the sticks as he pounds out the

SPOTLIGHT On the RJC Faculty

MISS NANCY COODY

The RJC Journalism Class turns the spotlight this week on Miss Nancy Coody, a new teacher on the college campus.

A 1957 graduate of Breckenridge High School, she is the daughter of Mrs. James Robert Coody and the late James Robert Coody of Breckenridge. Travel is the key to Miss Coody's teaching profession. After attending the University of Oklahoma for two years, she took time off and went to Europe, where she lived and studied with Europeans. In Europe she studied Spanish and French, which is her major field. While in Europe she toured most of the European countries, spending most of her two-year stay however, in Spain and France.

When she returned to the United States, she finished work for her degree at the University of Oklahoma. Last year she taught in Akron, Ohio.

This is her first year in Ranger Junior College, where she is an instructor in Spanish, English, and speech.

PERSONALITY OF THE WEEK

ROY MIZE

The Personality for this Week is Freshman Roy Mize, the son of Mr. and Mrs. Roy Mize of Houston, Texas. Roy was chosen as personality of the week because of his unusual hobby of learning foreign languages. He speaks Spanish, Italian, and German. He started in the tenth grade reading books in these languages and teaching himself (from books).

Before entering Ranger Junior College, Roy attended Furr Junior - Senior High School in Houston. His activities in high school included band, choir, and the Latin Club. He was also proclaimed Latin Scholar at Furr High School.

At RJC, Roy is a music major and hopes to finish his education. He plans to be

RJC Students Represent 11 Denominations

Eleven different religious groups are represented on the Ranger Junior College campus this year.

The Baptist again have the majority of members, with a sum of eighty-eight students. The Methodists are second, with members of the Catholic Church and the Church of Christ even in number and third in line. These altogether make up another seventy-three students.

The remainder of the students are allied with the Presbyterian, Pentecostal, Episcopal, Lutheran, and First Christian churches and the Church of God.

Ranger Junior College has a new denomination represented on the campus this year. There is one student who is a member of the Greek Orthodox Church, which does not have a church in this area.

HERRINGTON (Continued from Page One)

Why do young people join the Peace Corps? Herrington thinks that his first interest in the Peace Corps work was aroused during his high school days when he corresponded with foreign students, though there was no particular thing that prompted him to make his final decision.

Certainly it was not money that attracted him, for as a teacher he will be paid on the same basis as Ecuadorian teachers, approximately \$100 a month, and the \$75 a month held in reserve for Peace Corps Volunteers until the end of the two-year tour of duty hardly compensates for the difference between what he would be able to make as a teacher in his own country and what he will receive.

The primary purpose of the Peace Corps, not so much to give help to under-developed countries as to create an understanding between nations, had its part in influencing him.

"I believe," he said, "that not only will I be able to travel and see part of the world, but I will also be able to work with others and help them." And now that he has a P. C. job in his pocket, some of the rewards he will enjoy will be, in addition to travel, adventure and most of all the satisfaction a person gets from teaching something worth learning to others.

When asked if he was afraid of tackling the difficult assignment ahead of him, Mike Herrington, one of 10,000 Peace Corps Volunteers striving for better understanding and unity between America and other nations throughout the world, answered, "Yes, I'm afraid, but I would not back out for anything."

a teacher of music theory or a foreign language.

He is a drummer in the RJC Band and is also a member of the college choir.

As hard as foreign languages are for most people, it is most unusual to find a nineteen-year-old boy ambitious and industrious enough to learn to speak a foreign language on his own. Other hobbies that he enjoys are art, music, and reading Shakespeare.

MOST OF LAST YEAR'S SOPHS CONTINUE STUDIES IN SENIOR COLLEGES; FIVE ARE MARRIED

Where have all our 1963-64 sophomores gone? A few have married and have dropped out of college, some have gone to work, but a large number have gone on to school.

Among the sophomores that have married are Tonia Arnold of Strawn, Frank Karkoska of Granger, Mike Davis of Fort Worth, Mary Ellen Rhoads of Arriba, Colorado, and Judy Wright of Ranger. Tonia, who married George Geldard, one of last year's freshmen, is now living in Hamlin. Karkoska also married one of last year's freshmen, Sue Myers of Corpus Christi. Mike Davis and Mary Ellen Rhoads, who were married at the end of the school year just before graduation, now attend Southwest Texas State College in San Marcos. 'R' Association Organized; Lee Is New President

The "R" Association started rolling on the RJC campus last week when the first meeting was held to organize and elect officers.

Athletic Director Gerald Williams, who presided, discussed the benefits of the organization as well as the money-raising projects, proceeds from which will be used to buy "R" sweaters and blankets and to finance a dance at the end of the year.

The "R" Association is open to all boys who go out for a sport at Ranger Junior College. The organization takes on a new look this year with the addition of a boxing team and an all-college rodeo. A membership fee of \$2.00 is required of members to help pay for the awards given during the year.

The following officers were elected: Larry Lee, president; Sterling Pike, vice-president; Ken Hefner, secretary - treasurer; Richard Hooper and Joe Ed Dooley, reporters; Phil Wiggins, student council representative.

Lee is a sophomore letterman in football and track from Grapevine. Pike, is a sophomore letterman in football and track from Duncanville; Hefner, who plans to go out for boxing and track, is a freshman from Howell, Michigan. Hooper and Dooley are both sophomore lettermen in basketball and baseball from Dallas. Wiggins is a sophomore letter winner in football and track from Breckenridge.

SHORT SHOTS ON SPORTS

Joe Fitzgerald, wingback for the Rangers, has a real fan club in his hometown. Big Sandy has dubbed Joe their "Lone Ranger." A group of fans from Big Sandy have attended everyone of the RJC games thus far. Joe says that his relatives come because they enjoy good football games, but we imagine that loyalty to Joe has something to do with it.

Last Saturday The Rangers were given a steak dinner by Mayor Morris Newham, who told Coach Gerald Williams that the dinner was his way of congratulating the team on its fine game against Tyler. The steak was a real treat, and the boys all enjoyed it.

Captains for the Peanut Bowl game were Joe Fitzgerald, Don Carter, and John DeMaria.
