Deadline date for shipment of the gifts collected, Mrs. Greer added, is November 20.

So, please send your gift boxes early.

## Rangers Gun For Triumph

The Ranger Jr. College Rangers journey to Athens Saturday for a Texas Jr. College Football Federation joust with the Henderson County Junior College Cardinals.

The Purple & White squad, tutored by Coach Gerald Williams, will be underdogs in the gridiron fray which is scheduled for Saturday night at 7:30 o'clock.

The Rangers, after a blistering 33-0 setback at the hands of the Texarkana Bulldogs here last Thursday night, will be gunning to score an upset against the host Cardinals.

The RJC club has a lone victory in six starts — their tremendous upset of the Tyler Jr. College Apaches, 22-9, back on Sept. 24.

The Cardinals have a record of 3 wins in four starts and rank second in the current TJCFJ conference standings.

Henderson County's crew has scored 70 points offensively and limited their foes to 39 points. The Rangers, one slot out of the cellar, have yielded

## Ranger Garden Club Group Begins Landscaping Project at College

Ranger Garden Club members took the first step in their landscaping project at Ranger Junior College Friday when shrubs were planted and Bermuda was sown in the plot in front of the new administration building.

The landscaping was planned and executed by the landscaping committee of the Ranger Garden Club, composed of Mrs. A. W. Brazda, chairman, Mrs. L. L. Burce, and Mrs. Buck Wallace.

Sixty-six boxwood shrubs were set out along the three sides of the sidewalk enclosing the bed, and orange-berried pyracantha and Bufordi holly were used against the rock wall forming the fourth side. An Italian cypress was set at each end of the oval wall. Red-leaved barberry bushes were placed around the flagpole in the center of the plot, and holly marks the front entrance to

the plot, which will have a flagstone walk, to be laid within the next few days, leading from the center of the front walk to the flagpole and encircling it. Two blue carnations will be placed on the outside of the sidewalk near the wall of the building, complementing the two Italian cypresses.

Money to finance the beautification project was raised through a series of three games tournaments given by the club in the Ranger Junior College cafeteria earlier in the fall. Ranger merchants contributed prizes for the tournaments, and club members donated homemade cakes and pies to be served as refreshments or to be auctioned after the games.

Among Ranger Garden Club members present to participate in the planting were Mrs. J. W. White, president, Mrs. R. L. Hamrick, chairman of the civic committee, and the members of the landscaping committee.

Garden Club members will assist the college in caring for the plot throughout the year.

## Ranger, DeLeon In Crucial District Duel Friday Night

Several hundred Ranger High Bulldog fans are expected to follow the Maroon & White to DeLeon Friday night for a crucial clash with the potent DeLeon Bearcats.

Reports from the RHS grid war camp indicate that the Ranger schoolboy gridmen are in great shape for the Friday night encounter. It'll be another 10A conference contest and the opening kickoff is scheduled for 7:30 p.m. sharp.

DeLeon is ranked fifth in the District 10A standings, one notch below Ranger. The Bearcats have won two and lost two while Ranger has a record of two wins against a lone loss to Clyde.

Ranger's probable starting lineups for the Friday night tilt:

Johnny McGee, quarter; Ray Newnam, full, and L.

### TOWN TALK

(Continued from page One)  
The years expect an unusual amount of "ticket splitting" in the General Election November 3rd.

Members of both major parties will be affected; that is, "regular" Democrats may find that they want to cross the party lines to vote for one or more, but not all, Republican nominees; and vice versa.

In the 1960 General Election, at least half a million Texans estimate comes from comparing the total vote received by the Kennedy - Johnson ticket with the Democratic and Republican votes for Governor and other state offices.

The Courts have held, in effect, that there is no legal bar to ballot-splitting. Each voter has the right to make his individual choices, regardless of party, and this right cannot be limited by party action.

The mechanics of ballot-splitting are less complicated than the average voter realizes. To vote for a particular candidate for a particular office, whether on a paper ballot or on a voting machine, the essential thing is to leave his name and mark out the name or names of his opponents in the other columns. In counties that use voting machines, the voter is entitled to receive technical information as to how he can make his vote count as he wants it to count.

Voters using paper ballots need to be reminded that there are other columns than the Democratic and Republican, and that these columns must not be overlooked. The final result must be, simply that only one name is left in whatever column for each office. Otherwise, the vote for that office cannot be counted.

Ranger's 1964 United Fund drive comes to an end next Saturday, Oct. 31, reminds Mrs. D. E. Pulley, chairman of the campaign.

## 91st Court Jury Nixes Damages

A jury found in favor of the defendant in a \$5,000 damage suit heard this week in 91st District Court.

S. H. Bell of Cisco was asking damages from Kenneth Trice of Jones County as the result of an automobile accident which happened June 21, 1963, at the intersection of Ave. J. and 17th Street in Cisco.

The jury answered 11 issues in deciding that damages should not be awarded. They found that Mr. Trice had been speeding as driver of one of the vehicles involved in the accident, but that such speeding had not been the primary cause of the accident.

The jury held that Mr. Bell had failed to keep a proper lookout and that he had failed to apply his brakes in time, and that these two negligences were responsible for the accident.

In reply to the issue, "How much should the plaintiff (Mr. Bell) be awarded?" the jury answered, "None."

A suit involving a Ranger man, E. J. Wilhelm, asking \$14,035 from the Texas Employment Insurance Association, was to have been heard Wednesday by a jury.

## Methodists Give \$2,932.25 To Student Fund

The Cisco District Methodist Churches has contributed \$2,932.25 to a fund to help young ministerial students through college during the last ten days, according to an announcement by Bishop Pope.

This amount helped to make up a total of \$65,000 contributed by North and Central Texas Methodist Churches. Most of the amount will be administered by the Perkins School of Theology in the Form of scholarships for Texas students seeking ministerial educations at SMU. Other schools will receive a proportion of this amount.

"Many a young student preparing for the ministry will face a different day because of what we have done," declared the bishop. He added that other gifts will be made later to this cause. Dr. S. Wayne Reynolds of Cisco is superintendent of the Cisco district.

Goldwater, as reported to him by County GOP Chairman C. W. Hoffman Jr., who introduced him, Seaberry said he knew why he was asked to speak.

"I am a Democrat, believing the traditional principals of the Democratic Party as practiced by Thomas Jefferson," he said. "The Republican Party has traditionally advocated a strong central government, but this year this is reversed," he said.

At last the rewarding moment has arrived for the cowman... the care given the mother cow has paid off!

From now until calving time is a critical period for the cow. She is not only maintaining her own body, but building the unborn calf, too.

Purina Dealers have demonstrated Purina's superiority in the feedlot with public feeding demonstrations. The same research formulates Purina Range Checkers—and for the same reason—results. From now until calving time feed Purina Range Checkers. Don't be misled by "chin music" and cheap prices.

**State Capital NEWS**  
By Vern Stinson

**AUSTIN** — An increase of \$107,000.00 in state expenditures for higher education and doubled tuitions in state colleges and universities is proposed.

Texas Commission on Higher Education recommends a \$457,100,000 budget for upper level institutions during the 1965-67 biennium. Figure includes \$307,500,000 for 22 state-supported senior colleges and universities.

Tuitions under the Commission's recommendation would be hiked from \$50 to \$100 a semester. Last increase was in 1957, when the rate was raised from \$25. If the legislature approves this hike, revenues would be boosted \$33,000,000 — leaving some \$74,000,000 more needed from tax refunds.

Gov. John Connally returned from the Southern Governors' Conference in San Antonio with a new honor and a new assignment.

Already chairman of the National Democratic Governors' Caucus, he was unanimously elected chairman of the Southern Conference of chief executives.

In a three-day session, the governors discussed a variety of state problems and adopted 14 resolutions. Among the latter was one urging a federal constitutional amendment to permit states to take other factors than population into consideration in reapportioning their senates. Resolution was aimed at nullifying a U. S. Supreme Court decision ordering both houses of state legislatures apportioned on the basis of population alone.

Three governors blocked action on Alabama Gov. George Wallace's resolution calling on the federal government to leave operation of public schools entirely in the hands of states.

State Democratic Committee has authorized Chairman Marvin Watson of Daingerfield to enter a bid for the 1968 Democratic Convention in Texas.

Watson will name a committee to consider possible host cities.

Witnesses protesting adoption of three high school biology textbooks charged that evolution is an atheistic, unscientific and materialistic theory that should not be taught in public schools.

State Textbook Committee took protests into consideration after a public hearing. Actually, eight books on the list were opposed. Principal targets were the three books developed by the National Science Foundation.

Texas Railroad Commission set oil production for November at 28.4 per cent of potential.

Figure represents a slight increase over October, which was limited to 2,860,000 barrels daily under a 27.9 per cent of potential order.

Employment statistics from the Texas Employment Commission shows a big increase in August. There were 3,322,350 jobholders in the non-farm category in July, compared with 3,325,600 in August. More significant was a drop in unemployment: 152,500 were looking for work in August, compared to 159,500 in July, and 174,500 in August of 1963.

Governor's Committee on Aging, chaired by State Senator Walter H. Richter of Gonzales, will ask the next Legislature to establish a permanent Texas Commission on Aging.

Purpose of the Commission would be to work with community groups interested in the problems of Texas' senior citizens and to coordinate efforts of local organizations with those of state agencies.

RE-ELECT GOVERNOR JOHN **CONNALLY** FOR A GREATER TEXAS!

Political ad paid for by Connally for Governor Campaign Committee, Merrill Connally, Chairman

The president of the Eastland, Callahan, Throckmorton, Shuckler and Stephens County Medical Society, Dr. Luther Gohlke, said Friday that Texas voters will have an opportunity on November 3 to complete an outstanding program of hospital and medical care for the needy aged.

Dr. Gohlke said that Constitutional Amendment No. 3 would permit the State Legislature to broaden the existing Kerr-Mills program by providing health care benefits for those aged who truly need and want help, but who do not qualify for Old Age Assistance.

"This proposal, if approved, will enable the State of Texas to complete a program under the Kerr-Mills law which already is regarded as one of the finest in the nation," Dr. Gohlke declared.

The existing Kerr-Mills program was placed into operation in Texas on January 1, 1962. It provides a comprehensive program of hospital, medical, surgical, radiation, and nursing home benefits for those who qualify for Old Age Assistance. The State of Texas has purchased an insurance policy from Blue Cross for 229,000 needy aged, representing more than 30 per cent of the entire 65-and-over population. More than 7,500 patients are being hospitalized each month, while almost 11,000 are receiving nursing home care. "Complementing this fine State program, commercial insurance companies and Blue Cross - Blue Shield are offering policies which are specially tailored for the aged," Dr. Gohlke said. "As a result, Texas now ranks first among all states in the percentage of the aged who have one or more health insurance policies. Seventy-two per cent of the elderly in Texas are covered by health insurance. This compares with the national average of 60 per cent."

The County medical society president said that many of the Texas aged who actually need and want medical help already are receiving it. He cited the comprehensive statewide survey conducted by Belden Associates of Dallas. That study confirmed that health

insurance is helping finance many of the costs of hospital and medical care. In view of others with sufficient incomes and savings, those who are helped financially by their families and by their children, and those who have expressed the belief that they should take care of themselves, Belden has concluded that there apparently remains about 3 per cent of all aged Texans who need and want outside help.

Dr. Gohlke reiterated that Texas voters can assist those remaining aged who need and want help by voting for Constitutional Amendment No. 3 at the election on November 3.

**Crew Leaders Are Named For Census Of Farms**

Floyd Myron Johnson of Albany and Susan Eloise Parker of Comanche have been named as crew leaders for the 1964 Census of Agriculture. Percy R. Millard, director of the regional office of the U.S. Bureau of the Census at Dallas, announced today. The new crew leaders are two of about 1,825 persons throughout the U.S. to receive this appointment.

The new crew leaders will supervise a team of census enumerators who will visit all farms and ranches in Eastland and adjoining counties to collect official census questionnaires from farm operators. Enumeration of all farms in the county will take place in November and early December. The census will be taken in the following way: Shortly after November 5, the Bureau of the Census, an agency of the U.S. Department of Commerce, will mail census questionnaires to all rural boxholders. Those required to fill out the forms should do so and hold the questionnaires until a census enumerator comes to collect them. At that time, the enumerator will help answer any questions that may have proved troublesome.

The crew leaders are key persons in conducting a Census of Agriculture. They recruit and train the enumerators, schedule their work, review the accuracy of completed forms, and conduct difficult interviews.

The Census of Agriculture is taken every five years in years ending in "4" and "9" to gather information on the nation's agricultural resources and improvements and information is vital in making decisions affecting many segments of the U.S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventories, and information on farm equipment and improvements and income and some production expenditures.

The information will be published starting in 1965 for counties, States, and the nation.

**USDA Food Donations Make Local School Meals Tasty**

Food donations of the U.S. Department of Agriculture have helped make low-cost meals for schools possible for the last 18 years. This year, 31 different foods are being distributed to schools in Arkansas, Colorado, Kansas, Louisiana, New Mexico, Oklahoma and Texas.

According to Mrs. G. L. Wingate, cook at Eastland High School, Eastland schools have always used USDA-donated foods in preparing school lunches, which serves over 400 students in high school.

Under this program, schools receive such items as turkey, ground meat, roast chicken, flour, butter, shortening,

meal, green beans, corn, fruits and cracked wheat, which is used in preparing cakes and rolls, Mrs. Wingate said.

Lyla Clark Kay, supervisor, visited Eastland High School during the first week of October and found the lunch room conditions excellent.

School lunches today are better than ever. Such favorites as fried chicken and roast turkey are seen often on school lunch menus. Mr. John Slaughter, southwest area food distribution director, said.

Fresh Bartlett pears now are being purchased for school lunch use, although canned fruits make up the biggest portion of fruit allotments. Canned fruits which have been donated for use during this school year are apples and applesauce, apricots, cherries, peaches, pineapple and plums.

The resident designated the week Oct. 11-17, as National School Lunch Week. Around 76,000 schools are operating cafeterias under the program, serving nearly 17 million school children.

**Collegians Are 'Asset' For Dad On Tax Returns**

When Junior says he is a double income tax exemption it comes as a surprise to thousands of Dads each year. Dads have had 10 years since the law was changed in 1954 to learn about the student exemption — but they haven't.

The student must claim his own exemption on his own return. If he is under 18 or a full time student and is receiving principal support from Dad, he can be claimed on Dad's return too.

However, the mixup continues. A lot of Dads send word to the teacher teaching the little IRS tax course at school that they are teaching the course all wrong. Dad tells the teacher that you can't "double dip." Well, Dad, in this case Junior gets an exemption and you also get an exemption.

**Student Nurses Attend State LVNA Meeting**

Members of Cisco Junior College Vocational Nursing Class II attended the State Convention of Licensed Vocational Nurses Associations in Abilene Oct. 16-18.

Tours of the hospitals and rehabilitation center were included in the convention. On Sunday the group attended "Student Appreciation Day" services in the Windsor Hotel and received white New Testament for participation in the students' march. Fifty-seven students attended the service. Cisco LVNA No. 64 was luncheon host.

The convention program included speakers on thoracic surgery and field trips.

Students making the trip were Mrs. Nell Needham and Margaret Speed of Ranger, Mrs. Laverne Allgood, Elaine Cooper, Norrene Rourke, Naama Mahan, and Twylla Wallace, all of Eastland, Mrs. Rae Nell Brooks and Johnita Eubank of Moran, Mrs. Della Latimer and Lola Sander of Albany, Mrs. Muri Stroebel and class instructor, Mrs. Verita Mitchell, R.N., both of Cisco.

**LVNA Officers Elected At Meet In Rising Star**

New officers for the Licensed Vocational Nurses Association were elected at their monthly meeting held at the Elite Cafe in Rising Star.

A business meeting of the board of directors preceded the regular business session. Officers elected were president, Gertrude Wallace; sec-

ond vice-president, Alice Aiken; treasurer, Elenore Wright; and board of directors, Marleen McMillen and Oleta Hale were re-elected.

Pauline Parsons, Elizabeth Stroud, and Alice Aiken were elected to attend the 15th annual convention of the Association to be held at the Windsor Hotel in Abilene.

Sixteen members and Mary Sue Lee, RN and sponsor of the group, were present. Refreshments of cookies, coffee, and cold drinks were served.

**VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!**

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

**THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?**

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement... a man who has worked consistently against progressive measures in the Senate... a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service... who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire... has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

**PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY**

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

But the Princess® telephone is so well made and trouble free that no pampering is required. Just dust it occasionally or wipe it with a damp cloth.

That, plus a little care in handling, is all the attention any phone needs. And phones almost never need repair—but if something does go on the blink, we'll fix it promptly at no extra charge.

We think it's our job to keep right on improving your telephone service and making it of greater personal value to you.

## RHS REPORT

By SARAH COOPER

I think everyone joins me in saying that you played a wonderful game last Friday, Bulldogs. Keep it up for this week's game when we go to DeLeon! Everyone go out and back the Bulldogs, for a team can't do much without the spirit of its fans.

The Bulldogs elected as their last football princess last week, Mary Sue Twyman, senior at RHS. Mary Sue moved to Ranger from Tyler at mid-term of her freshman year. She has been in the Bulldog Band for 3 1/2 years, serving as majorette for the past two, in the FHA

for 4 years, was reporter for her junior class and is now in the Beta Club. She is the daughter of Mr. and Mrs. H. S. Twyman of Springtown.

My apologies go to freshman Lewis Pounds who was misquoted in my last column as saying that he supported Goldwater for President. Actually, Lewis, who is currently vice-president of the Young Democrats for Johnson of Eastland County, believes that Johnson is the best man because, "he is someone the people can trust, who thinks before he acts, who has experience, and who doesn't change his story in every other speech he makes."

Speaking of politics, Mrs. Helen Hagaman's government classes will have a panel debate on the current issues and the policies of each presidential candidate next Monday before the election. Rita Wilson will be moderator for the 5th period government

class and Jan Watkins will moderate the 1st period class.

Band members who are interested in trying out for the district band will go to Eastland on November 7 for try-outs. All-region band members will be selected on January 9, 1965 at McMurry College in Abilene.

Welcome guests in the home of Mr. and Mrs. Pete Braehler last Friday were Mr. and Mrs. Bill Auvenshine, band director here for the past four years. The Auvenshines were on their way to Baylor Homecoming in Waco on Saturday night and saw the game between Ranger and Eastland. They are now living in Canyon, Texas.

The Junior Class, which recently completed the annual magazine sales, had a hayride last Saturday night at the ranch of Mrs. George Robinson, class sponsor. The

losing Maroon team, with Dan Collins as captain, gave the party. Dan Mitchell provided entertainment with his guitar.

With almost two weeks training behind them, the girls trying out for basketball are steadily improving. Last Saturday Barbara Dawson, Cathy Rogers, Jane Lewis, and Marty Baker went to Denton for an all day clinic with Leroy Duke, girls basketball coach. The day was very helpful in learning new rules and techniques.

Also last Saturday Student Council officers and one delegate went to Abilene for the annual Oil Belt district meeting. District officers were elected and the day was very enjoyable. Making the trip were officers Robby Robinson, Leroy Pierson, Celeste Scott, Dowell Hartsfield, and Don Hartsfield, delegate and Bill Askew, sponsor.

The Student Council has announced the date of the RHS Homecoming to be November

8 at the Cross Plains football game here. At that time the Band and Football sweethearts will be crowned.

Monday students and teachers received their school pictures which had been made earlier in the year. However, Senior's colored pictures have not yet come in.

### Lacasa HD Club Has Covered Dish Luncheon

The Lacasa Home Demonstration Club met for a regular afternoon business session, Thursday, October 22, with Mrs. Lottie Herrington, president, presiding. Roll Call was answered with "How I use My Freezer."

Mrs. Mable Jackson was elected Council Delegate, after Mrs. Joe Jackson was unable to serve, being Council Chairman.

Further plans were made for the Banquet to be served to the Ranger Lion's Club on October 29. Each person was assigned certain foods to prepare and duties to perform.

Most of the ladies spent the day quilting. A covered dish luncheon was held at noon.

On November 6, there will be a Demonstration on "How to use and Care for a Freezer" by Mrs. Francis Rooney and Mrs. Barbara McAnelly at the Council Meeting in the Rural 4-H Center. Everyone is invited to attend.

The Gold Bond Premium Pion was explained.

Attending this meeting were Mmes. Lottie and Mary Herrington, Joe and Robert Jackson, Jack Pokrus, R. E. Miller, J. C. Bradford, Kenneth Mitchell, G. V. McGowen, Wilson Watson, Sam Ball, A. O.
