'Alaska' Topic Of Program At Second Baptist WMU Meeting

The Woman's Missionary Union of the Second Baptist Church met at 3 p.m. Tuesday, February 19, at the church with the president, Mrs. Leroy Duke, presiding.

Mrs. Edgar Ward read the calendar of prayer for missionaries and led in prayer for the missionaries, especially those who had birthday on this date, and for special prayer requests.

Mrs. Eva Orms was in charge of the program, "Baptists in Alaska, U.S.A." She displayed pictures, maps, pillows, tablecloths, scarves, and magazines depicting Alaska. Some of the ladies present boarded an imaginary mission-minded airliner with Mrs. Orms as guide to Alaska, to see and hear what Southern Baptists are doing there. First stop was in Anchorage where the first Southern Baptist work began. Anchorage now fosters ten missions and churches. This work was explained by Mrs. Duke. Mrs. Price Rose had a wonderful imaginary visit in Fairbanks with one of her brothers and also other relatives who have lived there several years and have had a part in this work, therefore making her talk back

home very interesting even though she traveled to Fort Yukon with the group. The journey then took them to Ketchikan in the Southeastern part of Alaska and from there back to Anchorage, where ladies of a W.M.U. have a great part of Southern Baptist work in Alaska. Mrs. Ward told the group of the visit to Ketchikan where most of the work is carried on by radio and also of the work in the city of Juneau. Mrs. Orms announced, not a coffee break but a Bible break, followed by directions to fasten seat belts as the group neared home again.

The meeting was closed with meditation by Mrs. Orms and the group sang "I'll Go Where You Want Me To Go". Mrs. Fannie Duncan led the closing prayer.

Those present were Mmes. Duke, Ward, Ewing, Lula Maddux, Duncan, Lera Beck, Rose, Walter Mitchell, and Orms.

There were twelve Sunbeams present; one nursery with Mrs. Clyde Rogers; six beginners with Mrs. Hilda Tip-ton, and five primaries with Mrs. Bob Wymer.

Mrs. Richard Bonney gave the devotional, first with the group singing "This is my Father's World," led by Mrs. Bonney, accompanied by Mrs. F. S. Pearsall at the piano. men were summoned to extinguish a grass fire along old U. S. Highway 80 just behind Caraway's Paint & Body Shop west of Ranger. At 12:15 another grass fire broke out up on Eastland Hill, and 13 minutes later it was another blaze on Wayland Road. The RVFD volunteers made a final run at 12:45 a. m. to tap out a grass fire behind the old girls' dormitory on the Ranger Jr. College campus. . . W. F. Creager, former executive vice president of the Commercial State Bank, Ranger, is now associated with a bank at Kaufman. . . Don't forget to support the Ranger Mothers March to raise all-important dimes for

the 1965 March of Dimes. It'll be staged Monday.

CONGRATULATIONS TO two Ranger couples who will celebrate another happy wedding anniversary this week:

TUESDAY—Mr. and Mrs. Jack Williams.
SATURDAY — Mr. and Mrs. Pete Jameson.

TREES WERE planted this week on the Ranger Junior College campus to honor the following people: a silver-leaf maple to honor Dr. A. W. Brazda, given by Mrs. Brazda; an oak in memory of Mrs. M. H. Hagaman donated by the 1920 Club; a pecan to honor Mrs. Felton Brasher given by Felton Brasher; an oak to honor the memory of Saule Perlestein, presented by Mrs. Perlestein; and a fruitless mulberry in honor of Dr. A. W. Brazda, donated by Verne Peterson.

In addition, ten oaks, don-

ated by Mr. and Mrs. E. H. Mills and Buster Mills, were planted at the back of the administration - science-classroom Complex, on the line separating the campus from the airport. It is the plan of the Mills family to plant oaks on this boundary line on past the Athletic Building, which will make a line of some twenty five or thirty oaks.

THE FOLLOWING "Letter to the Editor" appeared in The Stephenville Daily Empire the other day and we think it will likely be of interest to some of our readers:

To the Editor:

Thanks for the story you gave me in the Wednesday Daily Empire. Would appreciate you allowing me to make one or two corrections and one or two additions:

It was not meant in the story to claim I was the first to register in World War One from Hamilton County — my registration shows the third man to register from Okmulgee, Oklahoma. I was among the first to buy a Liberty bond and later traded to Bill Richbourg manager of Carlton store at Hico for a new wagon.

Beulah and I were married in Ranger, Texas, in 1923. She was a teacher at Cooper School. She had three children and I had three. Together we reared the six. Bill and Mary Jane belonged to Beulah and I. In all we had a part in trying to teach and rear eight fine children. All of

them are living except Louise, F. B. in San Francisco. J. G. died suddenly in December 1963 in Memphis, Tenn. I visited his grave accompanied by Mrs. Hicks in November last year. Tom owns the paper at Clifton. Jack Davis is with the navy and sails out of Charleston, S. C. Sibalee Davis now Mrs. Dale Bordner lives in Fresno, Calif. Bill is a teacher at Anaheim, Calif. and Janie lives in Sealy, Texas. She is Mrs. Dee Brune. Kay Ann a granddaughter lived in my home for eight years. She lives in San Francisco.

We wanted to make these corrections and additions because these children attended school at Ranger and Bluff Dale. Bill graduated from Stephenville High in 1942 and Janie from Glen Rose in 1942.

A NEW YORK BANK has announced that if the country's housewives got paid for just 12 of their household occupations at the going rate paid other folks for these jobs, their yearly worth would be more than \$250 billion!

This is figured on the basis of 30 million housewives, each working 99.6 hours a week.

At \$159.34 a week, the yearly wage would be \$8285.68 for each American wife.

A help-wanted ad for the little woman would have to read: "Requirement — intelligence, energy, and skill at 12 different occupations; hours, 99.6 per week; salary, none."

The bank's breakdown of the average housewife's tasks shows the number of hours she spends on each per week, the going rate per hour on the labor market, and the value per week.

BOY SCOUT WEEK

55th ANNIVERSARY

- FEBRUARY 7-13

Scouting is always thought of as hiking, camping and fun. But Scouting is more than this. It is a great force in building good Americans, and developing finest character.

HUNDREDS OF BOYS HAVE BEEN REACHED THROUGH SCOUTING IN RANGER

BOY SCOUTS OF AMERICA

STRENGTHEN AMERICA'S
HERITAGE
BOY SCOUT WEEK FEB. 7-13

Ranger is very fortunate to have the kind of people whose first interest is their children. The Boy Scout movement was founded for the purpose of instilling in the boy a sense of direction and to make him more conscious of where he and this great country of ours' place will be in the world. Scouting exists to train boys in character, citizenship and fitness.

Your first question may be "How is this done?" First he is taught that he has responsibilities, chief among these are duty to God, duty to Country, duty to others, and last but not least, duties to himself.

This is done through the Scout Oath: "On my honor I will do my best to do my duty to God and my country and to obey the Scout Law, to help other people at all times, to keep myself physically strong, mentally awake, and morally straight."

The Scout Law teaches him that a Boy Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. What higher ideals could you ask a boy to try to live up to?

Ranger is fortunate in having three fine scouting organizations — Boy Scout Troop 10, Cub Scouts, and a post of the Explorers — all contributing to the physical and character development of our boys who will be our leaders of tomorrow.

We heartily salute Ranger's Scouts . . . and express our admiration and appreciation to the adult leaders and other citizens whose support and interest has contributed to the progress of scouting in Ranger!

Values of a College Education

By RICHARD HOOPER
It has been stated many times that to succeed in this world, a college education is necessary. This is a fact because ours is an ever-growing complex world of specialization, and knowledge is becoming an all-important commodity. A college education, however, is more than just a means of gaining extensive knowledge in one field. It offers a well-rounded, balanced education that gives the student a wider outlook on life. This is one value of a college education.

In going to college, we are required to learn lessons in classrooms, to study, and to be tested over the material. This learning process does not end here, for it is necessary to make application to our lives what we have learned. Learning to put to daily use what is taught us is another value of a college education. Through studying and discovering different things in the classroom, we learn about ourselves. One of the main purposes of going to college is to learn and understand ourselves better — to know our capabilities and to find out what is most important to us. This is a value of a college education. To be self-sustaining is an important quality, which can not be over-emphasized. Going to college leaves the student on his own most of the time. How he spends this time determines what kind of person he will become. Learning to be independent and developing our own judgment

and a reasoning power upon which we can rely are also important values of a college education. These values are just a few of the many which should be considered, but each personality should have his own set of values in relation to a college education. The important thing is that each student recognize some of these values so that his hours of work and study will be for something. The student should realize that he is only harming himself if he chooses to waste his time, and that he is closer to self-fulfillment and happiness if he studies and works for the attainment of his highest potential.

Dorm Council
Is Organized

A dormitory council was formed at a recent meeting of the girls living in Jameson Hall. The following officers were elected: Paula Clemens, president; Naomi Bradford, vice-president; Nancy Cantrell, secretary-treasurer; Jane Spears, south wing representative, and Ginger Gooden, north wing representative.

When Marie Fehmen, one of President Johnson's secretaries, mentioned the long hours of her grueling job, somebody asked her why she didn't quit. "I can't," said Marie. "I have too big an investment in ranch clothes."

SPOTLIGHT
On the RJC Faculty

The Spotlight on the Faculty this week is turned on Kenneth E. Alford, chairman of the Division of Fine Arts at Ranger Junior College.

Mr. Alford received his Bachelor of Music degree at Northwestern University in Wichita Falls and his Master in Music at the Eastman School of Music of the University of Rochester in New York. He has spent three years at the University of Texas working in his Doctor of Philosophy degree, for which all work is completed except his dissertation, which is nearing the end. The dissertation topic, which was altered early this fall, is as follows: The Semantic of Chord Progression on the Four 'Tristan and Isolde.'

He teaches second-year theory, music appreciation, music literature, and applied music, which consist of private lessons in trumpet, piano, and voice. He also conducts the choir and supervises the Moonshiners and another men's quartet.

While in Midwestern he played trumpet in the symphony, and while in Eastman School of Music he was a member of the Rochester Singers, a professional madrigal group. As a teaching fellow at the University of Texas he teaches history, music, literature and piano.

Mr. Alford is married and has one daughter, Vera Angela. Mrs. Alford was a member of the biology staff last year.

Well-known on the campus, he is interested in students and student affairs.

Today teenagers sometimes call their parents triangles. You know what a triangle is — that's a square with something missing.

"Mother," said Billy, "Bobby broke a window."
"How did he do it?" Mother asked.
"I threw a rock at him and he ducked."

HOOPER, DOOLEY ARE CHOSEN
FOR SOPH WHO'S WHO HONORS

"Music for Modern Americans" is the theme of the assembly program at 10:45 a. m., February 15, in the Athletic Building at Ranger Junior College. It will feature Thurlow Spurr and the Spurrloes, a young musical group including 25 orchestra and glee club members who will present a concert of varying musical moods and selections.

Chrysler Motors Corporation presents the show, which combines "Music for Modern Americans" and a reminder of the importance of good driving, supporting safe driving through driver education.

The Spurrloes are a young group, for the average age of these talented entertainers is twenty-two. Their music includes imaginative arrangements, a variety of mood, and a highly professional

flair. Romantic music, folk songs, and spirituals are given up-dated treatment and special effects. The Spurrloes musicians have captivated youthful audiences all over the country, and there's a timeliness to the driving aspect of their program, because they believe in the need for knowledge behind the wheel. Safe driving for teenagers comprises a brief but very important part of this hour of entertainment.

Sterling C. Pike
Named Mr. RJC

Sterling C. Pike, a sophomore from Duncanville, has been elected Mr. RJC for the Personality Section of the College yearbook.

A sophomore business education major, he is active in all sports. He was on the 1964 spring relay team and ranked third in the nation in the low hurdles. He played safety on the RJC football team last fall and is a one-year letterman. He serves as the vice-president of the "R" Association, RJC athletes' organization.

A 1963 graduate of Duncanville High School, Sterling participated in such sports as football, track, and baseball. He was vice-president of his senior class.

He plans to continue his college work in a senior college after completing his work at Ranger.

Runner-up in the Mr. RJC contest was Ken Hefner, freshman from Howell, Michigan.

RJC's Student
Council Meets

The RJC Student Council met Monday, February 8, in the conference room of the Administration Building.

The meeting was called to order by Vice President Glyn-da Wilson.

Mrs. James P. Morris, sponsor, told the group that the Council will sponsor a Valentine Dance after the basketball game Monday night. Various committees were set up.

Ken Hefner proposed having a "club" assembly to inform new students of what the clubs on the campus are doing.

The Council has two new members: Terry Loetz from the Maquers and Rickey Bridgewater from the Baptist Student Union.

VALENTINE TELEGRAMS RAISE
FUNDS FOR BENEFIT RJC BAND

(See Related Photo
On Page One)

Ranger Junior College students observed Valentine Day early this year by sending Valentine telegrams to each other and to faculty members Friday, February 12.

For the third consecutive year RJC band students have sold the Valentine programs as a money-making project. For ten cents one could send a telegram to be read by the messenger boy, or girl, but for fifteen cents a "singing" telegram was available. A ten-minute period at the beginning of each class was allowed for the delivery of the telegrams, which were read or sung to the recipient where

ever he might be in class. Most popular were the "singing" variety, causing much amusement, for any band members available had to sing the messages, which were composed or chosen by the sender, according to the latter's instructions.

Some of the so-called valentines were sent in seriousness, though most of them were all in fun. Many students took advantage of the project to "polish the apple" with a favorite or exacting teacher; others were slightly satiric in their messages. The end result of the whole affair was a few dollars added to the treasury of the band and a bit of humor added to class routine.

STERLING C. PIKE

PERSONALITY
OF THE WEEK

This week the Ranger Junior College journalism class has chosen Robert Hughes of Syracuse, New York, to be Personality of the Week.

The son of Mr. and Mrs. Robert Hughes of Syracuse, Bob attended St. Vincent's Catholic School, where he played basketball and ran track.

He is one of the starters on the Ranger Junior College basketball team, which is second in conference rating. He is the Rangers' leading scorer

as well as among the top scorers in the conference. He is very modest about his basketball prowess, though he is a very valuable member of the team.

Building models is his favorite pastime outside of sports.

He intends furthering his education after finishing at Ranger Junior College, he is undecided on a major and on the senior college that he will attend.

Though he likes many things about Texas, he says that he had rather live in New York, his home state.

Allen Attends
House Hearing
College Funds

Jack Allen, Ranger Junior College business manager, attended a hearing in the House of Representatives in Austin last week on the proposed state appropriations to public junior colleges.

Allen reported that possibility for an increase in junior college appropriations for the fiscal year 1965-1966 looks favorable.

He will attend a similar hearing with the Senate Appropriations Sub - Committee Monday, February 15, in the Capitol.

New C-C Leader Suggests Cleanup, Modernization Downtown Ranger Area

W. H. Marslender, new president of the Ranger Chamber of Commerce, suggested two goals for the organization during 1965 and announced appointment of committee chairmen to function during the year at a meeting of the chamber's officers and directors Tuesday night.

One of the goals, Marslender said, is to work toward getting the Texas Oil Museum on a self-sustaining basis.

The other is an all-out campaign to clean up and modernize Ranger's downtown area.

The Texas Oil Museum has been supported as a Chamber of Commerce project. It now is an independent, non-profit corporation and has its own officers and directors. In addition, it has been officially approved as an independent, non-profit organization by both state and federal tax agencies

making contributions to the project exempt from both state and federal taxes.

The Chamber of Commerce also is deeding a 20-acre plot of land to the Texas Oil Museum corporation which will be the site of the museum.

Construction of the project, under supervision of Executive Director Charles Fox, would be financed by the oil industry, Marslender said.

"A cleanup and modernization of Ranger's downtown area is definitely a must," Marslender declared. "It will help business and draw a larger volume of retail trade to our community.

"This should be the major goal of our Chamber of Commerce and of all other civic groups and clubs this year," the new chamber leader said. "The success of such a project will depend on the coordinated effort of all Ranger citizens."

College Baseball Squad Prepping For '65 Campaign

Twenty-six diamond hopefuls Friday wound up their second week of baseball workouts out at Ranger Junior College.

Coach Jack Allen said he was "well pleased" with prospects.

Twenty-three members of the squad are new recruits. Only three veterans of last spring's RJC baseball wars are back on deck for a second season of action. They are Joe Dooley, Parke David-

son and Richard Hooper, all infielders and all hailing from Dallas.

The 1965 Rangers will compete in the northern division of the Texas Junior College Athletic Conference, Coach Allen said.

The other four members of the northern division include Hill County Jr. College, Hillsboro, Cisco Junior College, Panola County Jr. College, Carthage, and Navarro Jr. College, Corsicana. A schedule is expected to be announced within a few days.

City-Wide Drive March Of Dimes Set For Monday

The annual Mothers' March fund-raising effort is scheduled to be held Monday, Feb. 15.

Late Friday, however, Mrs. Phyllis Shinn, chairman of the city-wide house-to-house canvass, issued an urgent plea for more volunteer workers to assist in conducting the drive.

Unless more women volunteer to lend their aid the

drive may be extended through Tuesday.

The city has been divided into four sections:

From Main Street to the T&P Railway tracks north from Main Street to the T&P Railway tracks south; from Young Street north and from Young Street south.

Volunteer solicitors may work in any of the four sections desired, Mrs. Shinn said. Workers are desperately needed in the area from the T&P Tracks on east, she added.

The Mothers' March will begin about 6 p. m. Monday. Women wishing to volunteer their help and who may desire further information are asked to contact Mrs. Audrey Yarbrough at MI 7-1216, Mrs. Kakki Allbritton, MI 7-4749 or Mrs. Shinn at MI 7-1207.

Town Talk

ST. VALENTINE'S DAY — observed in memory of the martyrdom of St. Valentine, a bishop of Rome about the third century, executed by order of the emperor for his Christian zeal. Many legends surrounding the man and the event — one of which is that he sent a note to one of his jailer's daughters, signing it "Your Valentine," thus originating the practice of hearts and flowers exchanges. Which come to think of it, makes more sense than the contemporary, sophisticated, sarcastic ones so prevalent today. Hope you remembered your Valentine today.

MANY HAPPY RETURNS to the following Rangerites who will be celebrating birthdays during the coming week:

SUNDAY — Melissa Pontremoli, Mark Moore.

MONDAY — Don Hartsfield, Mrs. H. E. Brooks.

TUESDAY — Johnny Preston, O. D. Bunton, Tommy Brasher, J. Way Harmon.

WEDNESDAY — Celeste Scott, Dwight Rogers, Beverly Sutton.

THURSDAY — Rush Bogus, Nancy Jan Robinson.

FRIDAY — Jill Watkins, M. Don Squyres, H. D. Bunn.

SATURDAY — Ronald Joe Ogden, Rickey Evans.

"Hek no, lady," he answered, "if you're that hungry, go ahead!"

Texas Mayors On Alert To Protect Cities, Towns Against Legislation Hampering City Self-Government

With the Texas Legislature in session, members of the Texas Municipal League are on the alert to protect the interests of the state's cities and towns.

Mayor Morris Newnham said Friday that about 250 bills are expected to be introduced during the current regular session of the 59th Legislature which will directly affect municipalities.

Priority issues, he said, are a broader municipal tax base to relieve the burden on property taxpayers, traffic courts of record, crime — stopping measures, and others.

"It's an unfortunate but accurate probability," Mayor Newnham commented, "that many bills affecting cities and

Cisco Posts 107-67 Victory Over Rangers

The Wranglers of Cisco Junior College scored a 107-to-67 victory over Ranger JC in conference basketball play Thursday night at Community Gym in Cisco to protect their regional and national ratings and to remain undefeated in league action.

A capacity crowd of some 1,500 persons jammed into the gym for the Cisco-Ranger game. Johnny Sellers of Hawley and Preston Shearod of Midland scored 28 points each to tie for high point hon-

ors and to lead Cisco point makers. David Nowlin and Robert Hughes had 15 points each to be high for the Rangers.

The victory assured Cisco of at least a tie for the north zone conference title. A win in any of the three remaining games would give the Wranglers undisputed claim on the crown.

'Alaska' Topic Of Program At Second Baptist WMU Meeting

The Woman's Missionary Union of the Second Baptist Church met at 3 p.m. Tuesday, February 19, at the church with the president, Mrs. Leroy Duke, presiding.

Mrs. Edgar Ward read the calendar of prayer for missionaries and led in prayer for the missionaries, especially those who had birthday on this date, and for special prayer requests.

Mrs. Eva Orms was in charge of the program, "Baptists in Alaska, U.S.A." She displayed pictures, maps, pillows, tablecloths, scarves, and magazines depicting Alaska. Some of the ladies present boarded an imaginary mission-minded airliner with Mrs. Orms as guide to Alaska, to see and hear what Southern Baptists are doing there. First stop was in Anchorage where the first Southern Baptist work began. Anchorage now fosters ten missions and churches. This work was explained by Mrs. Duke. Mrs. Price Rose had a wonderful imaginary visit in Fairbanks with one of her brothers and also other relatives who have lived there several years and have had a part in this work, therefore making her talk back

home very interesting even though she traveled to Fort Yukon with the group. The journey then took them to Ketchikan in the Southeastern part of Alaska and from there back to Anchorage, where ladies of a W.M.U. have a great part of Southern Baptist work in Alaska. Mrs. Ward told the group of the visit to Ketchikan where most of the work is carried on by radio and also of the work in the city of Juneau. Mrs. Orms announced, not a coffee break but a Bible break, followed by directions to fasten seat belts as the group neared home again.

The meeting was closed with meditation by Mrs. Orma Ewing, and the group sang "I'll Go Where You Want Me To Go". Mrs. Fannie Duncan led the closing prayer.

Those present were Mmes. Duke, Ward, Ewing, Lula Maddux, Duncan, Lers Beck, Rose, Walter Mitchell, and Orms.

There were twelve Sunbeams present; one nursery with Mrs. Clyde Rogers; six beginners with Mrs. Hilda Tip-ton, and five primaries with Mrs. Bob Wymer.

'BOOK OF GENESIS' TOPIC OF METHODIST WSCS STUDY

The Woman's Society of Christian Service met at the church February 8, for the beginning of the four studies on the Book of Genesis. With the absence of the president, Mrs. Ted Nicksick, Vice-President Mrs. W. F. Creager called the meeting to order with an opening prayer. Mrs. Richard Bonney gave the devotional, first with the group singing "This is my Father's World," led by Mrs. Bonney, accompanied by Mrs. F. S. Pearsall at the piano. Scriptures were taken from Psalms 104: 24; 29: - 34; 24: 1; 9: -1; 4: -3-6; 69: -34; Ecclesiastes 3: -11; Job 37: -5; Genesis 8: -22. The Worship Table, a lighted candle. The flame represented the attributes ascribed to our Creator: Wisdom, majesty, power, love, mercy and justice. The white of the candle is the symbol of the Creator, light, joy, pu-

rity, innocence, glory, and perfection. The candle itself is of course, Jesus Christ, the light of the world. Leader of the study is Mrs. Ray Elliott who began the study of The Book of Genesis. Members participating in the study - Mrs. J. E. Matthews, Mrs. F. S. Pearsall, who read Genesis: 1 -1; Genesis 2; thru 4a, the two accounts of creation. Mrs. Elliott spoke from the Study book Genesis: Beginnings of the biblical drama by Charles F. Kraft. Mrs. Bonney closed the meeting with a prayer. Members present were Mrs. W. F. Creager, Richard Bonney, F. S. Pearsall, Beverly Dudley, Jr., Walter Daniels, Tom Stewart, Ray Elliott, Bill Collins, Bracken, Joe Francis, Stanley McAnelly, A. J. Ratliff, J. E. Matthews, C. E. May, J. D. Dreannan, David Allsup.

TOWN TALK

(Continued from Page One)

men were summoned to extinguish a grass fire along old U. S. Highway 80 just behind Caraway's Paint & Body Shop west of Ranger. At 12:15 another grass fire broke out up on Eastland Hill, and 15 minutes later it was another blaze on Wayland Road. The RVFD volunteers made a final run at 12:45 a. m. to tap out a grass fire behind the old girls' dormitory on the Ranger Jr. College campus. . . W. F. Creager, former executive vice president of the Commercial State Bank, Ranger, is now associated with a bank at Kaufman. . . The annual Blue and Gold Basquet, a yearly event staged for Ranger's Cub Scouts, has been set for Tuesday, Feb. 23, in the Fellowship Hall of First Methodist Church. . . Don't forget to support the Ranger Mothers March to raise all-important dime-

the 1963 March of Dimes. It'll be staged Monday.

CONGRATULATIONS TO two Ranger couples who will celebrate another happy wedding anniversary this week:

TUESDAY—Mr. and Mrs. Jack Williams.
SATURDAY — Mr. and Mrs. Pete Jameson.

TREES WERE planted this week on the Ranger Junior College campus to honor the following people: a silver-leaf maple to honor Dr. A. W. Brazda, given by Mrs. Brazda; an oak in memory of Mrs. M. H. Hagaman donated by the 1920 Club; a pecan to honor Mrs. Felton Brasher given by Felton Brasher; an oak to honor the memory of Saule Perlestein, presented by Mrs. Perlestein; and a fruitless mulberry in honor of Dr. A. W. Brazda, donated by Verne Peterson.

In addition, ten oaks, don-

ated by Mr. and Mrs. E. H. Mills and Buster Mills, were planted at the back of the administration - science-classroom Complex, on the line separating the campus from the airport. It is the plan of the Mills family to plant oaks on this boundary line on part of the Athletic Building, which will make a line of some twenty five or thirty oaks.

Congratulations to Larry Farrow on the many improvements noted at the Bulldog Grill, popular headquarters for high school students. He invites everyone to drop by for a visit.

THE FOLLOWING "Letter to the Editor" appeared in The Stephenville Daily Empire the other day and we think it will likely be of interest to some of our readers:

To the Editor:
Thanks for the story you gave me in the Wednesday Daily Empire. Would appreciate you allowing me to make one or two corrections and one or two additions:

It was not meant in the story to claim I was the first to register in World War One from Hamilton County - my registration shows the third man to register from Okmulgee, Oklahoma. I was among the first to buy a Liberty bond and later traded to Bill Richbourg manager of Carlton store at Hico for a new wagon.

Beulah and I were married in Ranger, Texas, in 1923. She was a teacher at Cooper School. She had three children and I had three. Together we reared the six. Bill and Mary Jane belonged to Beulah and I. In all we had a part in trying to teach and rear eight fine children. All of

them are living except Louise, F. B. in San Francisco. J. G. died suddenly in December 1963 in Memphis, Tenn. I visited his grave accompanied by Mrs. Hicks in November last year. Tom owns the paper at Clifton. Jack Davis is with the navy and sails out of Charleston, S. C. Sibalee Davis now Mrs. Dale Bordner lives in Fresno, Calif. Bill is a teacher at Anaheim, Calif. and Janie lives in Sealy, Texas. She is Mrs. Dee Brune. Kay Ann a granddaughter lived in my home for eight years. She lives in San Francisco.

We wanted to make these corrections and additions because these children attended school at Ranger and Bluff Dale. Bill graduated from Stephenville High in 1942 and Janie from Glen Rose in 1942.

A NEW YORK BANK has announced that if the country's housewives got paid for just 12 of their household occupations at the going rate paid other folks for these jobs, their yearly worth would be more than \$250 billion!

This is figured on the basis of 30 million housewives, each working 99.6 hours a week.

At \$159.34 a week, the yearly wage would be \$8285.68 for each American wife.

A help-wanted ad for the little woman would have to read: "Requirement - intelligence, energy, and skill at 12 different occupations; hours, 99.6 per week; salary, none."

The bank's breakdown of the average housewife's tasks shows the number of hours she spends on each per week, the going rate per hour on the labor market, and the value per week.

Mrs. Creager Guest Speaker At New Era Club Meeting Wednesday

The New Era Club met in regular session Wednesday, February 10, in the home of the hostess, Mrs. J. A. Johnson. Guests were served as they arrived. The table was laid with a cutwork cloth and centered with a heart-shaped arrangement of red and white carnations. Refreshments of cranberry punch, salad, sandwiches, and cake carried out the beautiful Valentine motif.

Mrs. Vernon Deffebach, president, presided during the business session. The club accepted the resignation of Mrs. Lee Russell and elected Mrs. A. B. Halbert to membership.

Mrs. W. F. Creager, speaker for the day, spoke on the subject, "Portraits of Courage." She gave a very interesting talk on four people, Charles Lindberg, Mrs. Jacqueline Kennedy, Dr. Paul R. Carlson, and Winston Churchill.

Mrs. W. D. R. Owen invited members to a tea at the Womens Club in Eastland, February 19 at 3 p. m. to hear Mrs. James Horton review her new book.

The next meeting will be in the home of Mrs. W. D. R. Owen in Eastland. Those present were Mmes.

BOY SCOUT WEEK

55th ANNIVERSARY

- FEBRUARY 7-13

Scouting is always thought of as hiking, camping and fun. But Scouting is more than this. It is a great force in building good Americans, and developing finest character.

HUNDREDS OF BOYS HAVE BEEN REACHED THROUGH SCOUTING IN RANGER

BOY SCOUTS OF AMERICA

STRENGTHEN AMERICA'S HERITAGE
BOY SCOUT WEEK FEB. 7-13

Ranger is very fortunate to have the kind of people whose first interest is their children. The Boy Scout movement was founded for the purpose of instilling in the boy a sense of direction and to make him more conscious of where he and this great country of ours' place will be in the world. Scouting exists to train boys in character, citizenship and fitness.

Your first question may be "How is this done?" First he is taught that he has responsibilities, chief among these are duty to God, duty to Country, duty to others, and last but not least, duties to himself.

This is done through the Scout Oath: "On my honor I will do my best to do my duty to God and my country and to obey the Scout Law, to help other people at all times, to keep myself physically strong, mentally awake, and morally straight."

The Scout Law teaches him that a Boy Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent. What higher ideals could you ask a boy to try to live up to?

Ranger is fortunate in having three fine scouting organizations — Boy Scout Troop 10, Cub Scouts, and a post of the Explorers — all contributing to the physical and character development of our boys who will be our leaders of tomorrow.

We heartily salute Ranger's Scouts . . . and express our admiration and appreciation to the adult leaders and other citizens whose support and interest has contributed to the progress of scouting in Ranger!

Values of a College Education

By RICHARD HOOPER
It has been stated many times that to succeed in this world, a college education is necessary. This is a fact because ours is an ever-growing complex world of specialization, and knowledge is becoming an all-important commodity. A college education, however, is more than just a means of gaining extensive knowledge in one field. It offers a well-rounded, balanced education that gives the student a wider outlook on life. This is one value of a college education.

In going to college, we are required to learn lessons in classrooms, to study, and to be tested over the material. This learning process does not end here, for it is necessary to make application to our lives what we have learned. Learning to put to daily use what is taught us is another value of a college education. Through studying and discovering different things in the classroom, we learn about ourselves. One of the main purposes of going to college is to learn and understand ourselves better — to know our capabilities and to find out what is most important to us. This is a value of a college education. To be self-sustaining is an important quality, which cannot be over-emphasized. Going to college leaves the student on his own most of the time. How he spends this time determines what kind of person he will become. Learning to be independent and developing our own judgment

and a reasoning power upon which we can rely are also important values of a college education. These values are just a few of the many which should be considered, but each personality should have his own set of values in relation to a college education. The important thing is that each student recognize some of these values so that his hours of work and study will be for something. The student should realize that he is only harming himself if he chooses to waste his time, and that he is closer to self-fulfillment and happiness if he studies and works for the attainment of his highest potential.

Dorm Council Is Organized

A dormitory council was formed at a recent meeting of the girls living in Jameson Hall. The following officers were elected: Paula Clemens, president; Naomi Bradford, vice-president; Nancy Cantrell, secretary-treasurer; Jane Spears, south wing representative; and Ginger Gooden, north wing representative.

When Marie Fehmen, one of President Johnson's secretaries, mentioned the long hours of her grueling job, somebody asked her why she didn't quit. "I can't," said Marie. "I have too big an investment in ranch clothes."

"Mother," said Billy, "Bobby broke a window."
"How did he do it?" Mother asked.
"I threw a rock at him and he ducked."

VALENTINE TELEGRAMS RAISE FUNDS FOR BENEFIT RJC BAND

(See Related Photo On Page One)

Ranger Junior College students observed Valentine Day early this year by sending Valentine telegrams to each other and to faculty members Friday, February 12.

For the third consecutive year RJC band students have sold the Valentine programs as a money-making project. For ten cents one could send a telegram to be read by the messenger boy, or girl, but for fifteen cents a "singing" telegram was available. A ten-minute period at the beginning of each class was allowed for the delivery of the telegrams, which were read or sung to the recipient where

ever he might be in class. Most popular were the "singing" variety, causing much amusement, for any band members available had to sing the messages, which were composed or chosen by the sender, according to the latter's instructions.

Some of the so-called valentines were sent in seriousness, though most of them were all in fun. Many students took advantage of the project to "polish the apple" with a favorite or exacting teacher; others were slightly satiric in their messages. The end result of the whole affair was a few dollars added to the treasury of the band and a bit of humor added to class routine.
