## TOWN TALK

(Continued from Page One)

that same date is officially "Straw Hat Day."

THE FINE arts dept. out at Ranger Junior College just needs 17 more Gold Bond stamp books to get a fine record player for classroom use, according to Kenneth Alford, head of the department. Alford has 17 S&H Green Stamp books and will trade all or any part for Gold Bond books. Can you help? If so, call Ranger Jr. College, telephone MI 7-3233. Ranger Jr. College's diamond aggregation embarked on the first of four road trips Wednesday when they journeyed to Abilene for a return duel with an Abilene Christian College nine. Friday they go to Cisco, Saturday they play a double-header at Odessa and Tuesday they'll be off to Hillsboro. Next home stand: Against Cisco JC here on Friday, March 26, in their third conference skirmish.

IRIS HUMMELL IS among a group of women from this area who are attending a Stock Market Study Course now in progress at McMurry College in Abilene. The special non-credit course is being presented by the McMurry Business Administration, Dr. J. B. Johnson, Jr., chairman. It opened March 2 and meets Tuesday and Thursday evenings from 7 to 9 throughout the month. Lecturers include Abilene investment specialists. Iris, assistant cashier for Commercial State Bank, says she wants to know how to handle her own investments.

More men than women died of cancer in 1964, according to the American Cancer Society. The ratio this year is expected to be about 55 men to 45 women. To help protect yourself against cancer, see your doctor every year for a checkup. Support the Society's April "Crusade" against cancer.

TWO BIG BULLS and one little bull lived in New York. They were talking one day and decided their greatest desire was to swim in the Pacific Ocean under the Golden Gate Bridge.

As they talked, they realized the only way they had of getting there was just to start out walking. Just as they got to Chicago one of the big bulls completely played out. He said he just couldn't go any farther. The other big bull and the little bull took him to the slaughter house and had steaks made out of him. The one remaining big bull and the little bull then continued their journey. As they neared Fort Worth, the one remaining big bull completely played out. He said he couldn't take another step. The little bull took him to the slaughter house in Fort Worth and had steaks made out of him. The little bull continued the journey along. It was still his greatest desire to swim in the Pacific Ocean. He plodded on and on and finally he arrived at the Ocean. He dove in and swam around under the Golden Gate Bridge. As he paddled happily around he thought to himself, a little bull will go a long way.

THE OTHER DAY a country editor up in Marcelline, Mo., sat down at his typewriter and composed a few helpful hints on "How to Ruin Your Town." This theme is not new. It has been a popular topic for printed and written dissertations, and the ingredients are similar everywhere.

Here are 10 suggestions on how to ruin your community:  
1. Never attend any meetings. Just sit around and criticize about the way "they" are doing things.  
2. Vote against any kind of tax levy — whether the purpose is good or not. "They" just want your money.  
3. Make fun of the fire and police departments. "They" are just out there for the glory and pay.  
4. Don't ever go to the movie, school concert or ball game, benefit program, or exhibit. Sit in a half-trance in front of that "idiot box."  
5. Knock your city council. This is a must. Every one of them is just on the council to get a little kick-back.  
6. Stay out of church. You might go on Easter and Christmas just to prove to yourself that the minister does not know what he's talking about and everyone there is a hypocrite.  
7. Buy everything you can out of a discount catalog or mail order book. These firms are the first to come forth with donations and service to the community.  
8. Don't support your town's newspaper. The out-of-town papers are a lot better and contribute much more to your town than the local bugle. But jump on your paper's editor the first time Aunt Hegatha's visit is left out — forget the other ten times it was in.  
9. Spread any story or rumor that is defamatory or uncomplimentary about the town. Never say nothing nice about nobody. All kids are delinquents, all businessmen are crooks.  
10. Above all, always be skeptical and cynical about anything supposed to be good for the progress and betterment of the community.

## MURDER TRIAL

(Continued From Page 1)

out commenting on his decision on the motion.

Horn was recalled and testified that the fatal shot had been fired from the Bratton home from an open east window.

County Clerk Johnson Smith was called to testify about a warrant deed on record from M. L. Woods to Susie M. Bratton.

Tax-Collector Edgar Alton was to be called to the stand at 1:15 to testify to the value of property involved in an apparent attempt to show the value of the "gift" from Mr. Woods to Mrs. Bratton.

The state put on four witnesses in the opening round of testimony which began at 2 p. m. Tuesday, and three of these, all law enforcement officers, quoted Mrs. Bratton as saying she had killed her husband.

Called by District-County Attorney Perry Brown were former Sheriff Lee Horn, Dr. Luther R. Gohlke of Ranger, Highway Patrolman Jack Therwanger and Sheriff L. E. Sublett.

Horn said that Mrs. Bratton came to his office about 8:15 a. m. Sept. 30, 1963 and said: "I have just killed my husband." She had brought the rifle — described as a deer rifle with a telescopic sight, he said.

Defense Attorney Bill Hart objected strongly as he did later when Therwanger testified similarly. Presiding Judge J. Frank Sparks permitted the statement to stand as he did later when Sheriff Sublett (deputy at the time of the shooting) testified that Mrs. Bratton had told him that she had kept him (her former husband) in the rifle store's sights "until he stopped kicking" (after she had shot him).

Testimony brought out that a door of Mrs. Bratton's house had been damaged — the state contending that it could have been done by anyone or anything and the defense holding that it had been done by the late Bratton. Hart even introduced the door as evidence to show its damaged surface. Through a great deal of objection, he also introduced a white night gown with blood on it (held to be one worn by Mrs. Bratton the night of the shooting), a bloody wash cloth, a pocket knife with blood on a blade (held to be the late Bratton's), a bloody tissue, a packet of matches and six spent shells.

Horn said Mrs. Bratton told him that Bratton had forced his way into the house after she had refused to open the door, choked her and had held a knife at her throat.

Therwanger testified that

he was on his way to investigate an accident on State Highway 18 (near which the Bratton ranch is located) when he met Mrs. Bratton in a car and stopped to talk to her.

He said she told him she killed Bratton. He told her to go to the sheriff's office, then drove his car back to the courthouse. Arriving before her, he said he told the sheriff, "This was no accident."

At Hart's objection to this line of testimony, Judge Sparks retired the jury, heard the testimony, overruled the objection, and permitting the patrolman to complete his statement for the jury.

Therwanger said Mrs. Bratton told him that as Bratton left her home, he had said he "was going to kill that old snuff-dipper," referring to Morris Woods, then would come back to her home.

Dr. Gohlke told how he was called to the scene and determined that the bullet had struck the man in the back and had come out through the right under chest. He said the cause of death was a shock from loss of blood as a result of gunshot wound. Despite repeated questions regarding the entry of the bullet, the physician did not change his contention that the bullet entered from the back.

Court adjourned at 5 Tuesday and resumed at 9 a. m. Wednesday, with the jury held in quarters.

Jurors were qualified on the death penalty, which whittled the 100-name special venire fast. Only seven jurors, four from Eastland and three from Gorman were qualified all day Monday. Two more Gorman men were qualified in the first hour Tuesday morning.

Self defense, of herself and another, was the plea made by her attorney, Bill Hart of Eastland. Jurors were questioned at length on their feelings about the law which provides for self defense killing. In an arraignment before juror selection began, Mrs.

Bratton pleaded not guilty to the murder with malice indictment.

Several prospective jurors were excused by presiding Judge J. Frank Sparks before questioning began when they testified under oath that they had opinions already formed as to the guilt or innocence of the woman.

County Attorney Perry Brown is prosecuting attorney.

Jurors selected Monday were Temple A. Harris, Steele Hill, A. E. Ethridge Jr., and Eddie Simms, all of Eastland, and Tom L. Broom, J. A. Watson, and Cecil Self, all of Gorman. Qualified Tuesday morning were E. H. Cook, H. N. Clark, Wayne Eaves, and Mrs. Dorothy Hatcher, all of Gorman; and Sterling Drumright of Cisco.

WACO — Many veterans whose non-service-connected disabilities prevent them from buying commercial life insurance at sub-standard rates will have the opportunity to obtain National Service Life Insurance during a one-year period beginning May 1, 1965. Glyndon Hague, manager of the Veterans Administration Regional Office in Waco, pointed out that these applicants, unacceptable to commercial companies, will be obliged to pay very high premiums. Nonservice-connected veterans affected are those who had been eligible to purchase insurance between October 7, 1940, and January 1, 1957, but who now hold less than \$10,000 worth or none at all. These veterans may obtain a general information sheet at any VA regional office. However, veterans are reminded that no application may be made prior to May 1, 1965. The condition rendering the veteran uninsurable had to be in existence on the date the president signed the bill. Top 93 fields produce 51.9 per cent of Texas oil.

# RHS REPORT

By SARAH COOPER

Through the halls of RHS nowadays one sees many victims of the inevitable spring fever. The changeable Texas weather was kind enough to include in its agenda this week nice summer weather which makes everybody want to get out his bathing suit and tennis racket.

As the sports spotlight is now on track, golf and tennis teams, several boys have expressed a desire to be on the tennis team this year. They are Billy Matthews, Don Buntun, Dowell Hartsfield, Alec Garcia, Don Hartsfield, Jesse Renteria, and Richard Lebre-do. Other sports activity occurred this past weekend when our track and golf teams traveled to Graham, however unsuccessful they were in bringing home any trophies.

Last Monday in assembly the junior high football and basketball teams were recognized with the football team receiving unexpected letters.

The future Bulldogs are made up of Freddy Blackwell, Bill Watkins, Robert England, Pat Miller, Johnny Graham, Larry Williams, James Brown, Tom Parks, Bobby Sipes, Tommy Botts, Dwight Vinson, Stanley Cruz, Rickey Hatfield, Allan Thomas, Jimmy Cole, Jimmy Dumith, Floyd Nix, Larry Cecil, Jimmy Angus, David Garcia, Phil Sanders, Jean Philby, Hernando Renteria, Johnny Cantwell, Richard Williams, John Rutledge, Raymond Jimenez, and Larry Pittman, manager.

Both A and B teams went undefeated this season with the A team pulling in 6 wins and 1 tie, and the B team bringing home 4 wins and 3 ties.

Even though neither the girls or boys junior high basketball team won the district title, both captured the Carbon Tournament Trophy. Pat Miller presented the hard-earned boys' trophy and Donna Johnson from the girls' team presented their trophy to the school.

From the high school girls' basketball team those who weren't receiving a band or cheer leader award received the coveted basketball sweaters, white with the maroon letter.

Those receiving the sweaters were seniors Marty Baker, Jane Lewis, Sharon Brown, junior Dixie Hodges, sophomores Patsy Stokes and Jackie Stevens, and freshmen Betty McKelvin, Elvira Renteria, and Sylvia Camacho.

A captain of the girls' aggregation along with Barbara Dawson, forward Jane Lewis was a member of the Eastland All-Tournament Team and received honorable mention in all - district. Also receiving honorable mention at all-district was Mr. Duke's guard, Sandra Orms.

Also in assembly Mr. B. S. Dudley recognized the FFA and 4-H students who had placed in the recent Eastland County Livestock Show. Ranger placed very well in the exposition with the judging team from RHS gaining the 1st place spot over all the other 10 schools of the county.

The team, composed of Wayne Hale; Theo Hale, president of Ranger's chapter of the FFA; Willie Cantwell; and Wayne Boone, was graded on how well it judged the livestock. Also Ranger brought home all the money in the schoolboy division of Angora Goats and Dairy Cattle.

Last weekend four RHS members of the FFA traveled to Houston for the state FFA convention held in the Rice Hotel there.

Barbara Dawson, president, and Alice Hodges went as Rangers delegates along with the district delegate Bob McKelvin, sponsor Lee Roy Duke and Bill Matthews. After arriving at Houston about 2 p.m. Friday, the group attended the district meetings and the first general session that night.

At this meeting the convention was addressed by the superintendent of Houston's public schools, Dr. John W. McFarland, and enjoyed a hootenanny and pow-wow held in the music hall.

Saturday morning workshops were held, after which the Ranger group grabbed the opportunity to go sight-seeing and shopping.

That afternoon's agenda included various speeches from the Mr. and Miss FFA candidates and the election of state officers. At the last general session Saturday night awards were presented and skits were given from different schools before the members were entertained in the Grand Ballroom with music and dancing. Music was provided by two popular dance bands.

The group carried home many good memories of the trip, although Bob McKelvin lost his bid for State Parliamentarian in the runoff. However, Bob has two more years to campaign for the office so all was not lost.

At the present time there are two plays in production at RHS: the junior play, "Arsenic and Old Lace," to be presented Thursday night, April 29, and "Balcony Scene," a play presented by the Drama Club with L. H. Pounds, Dixie Hodges, Donella Car-wile, Denise Huling, Stephen Lang, Linda Noth, and Terry

The Beta Club met Tuesday morning for the purpose of planning the induction ceremony for new members to be

Melton among the members of the cast. It will be presented April 9 at the Women's Forum at Breckenridge. The complete casting of the junior play has not been announced as yet.

Back last Thursday, March 11, the Future Nurses held a business meeting in which President Martha Lebre-do announced the plans of a capping ceremony. She announced that all upper-classmen had met their minimum requirement of 30 hours to stay in the club and read the number of hours each member had. As there was no more business, the meeting was adjourned.

Plans for the traditional "Kid Day" are progressing well, as the Senior officers, Bob McCleskey, Ray New-nham, Linda Noth, Don Harts-field and Sarah Cooper met last Friday morning to draw up the tentative outline for the program. Any ideas from other seniors will be greatly appreciated by the committee of five.

## Former Ranger Mentor Resigns Post At Albany; Accepts Job At Levelland

Harold Barrett, former Ranger High mentor and head football coach and athletic director at Albany High School for the last three years, has resigned to accept a similar position at Levelland High School effective April 1. Barrett took over at Albany after Carl Spoonmore resigned to accept a post at Lubbock High School. He had served as an assistant coach at Abilene High for the two previous years. He guided the Lions to the semifinals for two consecutive years before they were beaten

beaten in the quarterfinals by McCamey. For this he was named the Abilene Reporter-News Class A All - Area Coach of the Year. Barrett then moved to Big Lake for one year before assuming the post of assistant under Coach Wally Bullington.

Visitors in the home of Mrs. Ray Todd Saturday were her children, Mr. and Mrs. Chester Green of Maywood, Calif., Mr. and Mrs. Twyman Hale of Deer Park, Mrs. Jed Harrison of Houston and Mr. and Mrs. Monte Todd and family of Fort Worth.

out for the district title by Baird last season. He had a 27-11 mark at Albany in the three years. The 32-year-old Barrett earned two letters at Hardin-Simmons and received honorable mention on the 1952 All Border-Conference squad. After graduating in 1953, he served as an assistant to Murray Evans at his alma mater for two seasons. He came to Ranger as an assistant to Boone Yarbrough in 1955 and then became head man in 1957. In his first year as the boss, his club pulled a few surprises, before being

## County Tax Payments Are Reported Good

Eastland County tax collections are good and averaged 91.25 per cent through the first month of this year, County Tax Assessor - Collector Edgar Altom has announced. Through January, \$256,054.23 had been collected, he said, with tabulations incomplete for February. The majority of the tax payers choose to take advantage of the three per cent discount offered during October when \$214,322.57 was paid. In November, \$10,966.22 was collected; \$11,379.20 in December; and \$21,353.84 in January. Total anticipated is \$222,825.12 and the four-month total left but \$24,776.09 being paid February 1, Altom said. Payments in February and early March have been heavy, he said.

### Area Salesman Is Award Winner In Feed Contest

W. D. Watson, Route 1, Sidney, Texas, was awarded an expense-paid trip to Quincy, Illinois, which involved a 3-day get-acquainted and informational meeting on February 24, 25 and 26. To qualify for the trip he showed consistent progress in selling and he also completed the first step in a basic educational course on livestock nutrition.

He was guest at the plant of the Moorman Mfg. Co., whose sales staff he recently joined. In addition to a tour of all facilities including plant, office, research laboratories and research farm, he also learned more details of the Company's products and their applications, the research program and future plans. There were a number of explanatory sessions with question and answer periods in which specialists and administrative people explained the various phases of the business. A feature was a visit to the dairy unit including viewing of tests being conducted with a herd of identical twin cows.

### Historical Group To Meet In Cisco, 29th

Eastland County Historical Survey Committee will hold its March meeting on the 29th at 5 p.m. in the Community Room of the First National Bank in Cisco, according to Committee Chairman Mike Collins of Eastland. Mrs. Alex Spears is the Cisco director of the committee.

Collins also stated that the committee will participate in ceremonies in Desdemona in the near future, at the placing of the State Marker on the site of Old Fort Blair. The date and time will be announced when plans are complete for state highway engineers to erect the granite monument. Mrs. Howard Williams is Desdemona director for the committee.

The current project of the committee, Cemetery History, is gaining interest daily. Collins stated. He believes results of this project will be something of which every citizen in the county will be proud.

### Texas Car Theft Problem Grows

DALLAS - The theft of 2,000 automobiles in Texas during 1965 coupled with widespread "stripping" of automobile parts and accessories

will add up to a record \$10 million economic loss, according to C. C. Benson, manager, Texas Division, National Automobile Theft Bureau.

Mr. Benson forecast that the continued theft of late model cars, which would later be sold with false serial numbers and titles, would continue to be a major law enforcement problem. Of equal importance, he said, would be the theft of high performance motors, transmissions and other expensive parts from type automobiles.

"If some way could be devised to keep youngsters out of stolen vehicles, the car theft problem could be cut by two-thirds in Texas. Statistics show that 60 to 65 per cent of all persons arrested in stolen vehicles are under 18 years of age," Mr. Benson said.
