BILLY RIPPY hit the jackpot over the weekend in a cowboy calf roping competition at Irving. The popular Rangerite rodeo star won a beautiful saddle and several hundred bucks in general. He roped five calves in 36 seconds. Times were 10.2, 10.3, 11 flat, 11.7 and 13. Thirty-one ropers were in action during the Saturday and Sunday meet.

FOR THE BENEFIT of the eligible we quote these recent Social Security notes from the district office: If you are over 65 and still working, you may still be due some checks. Nine out of every 10 people reaching 65 in 1964 were eligible for payments. Wives of retired or disabled workers may qualify for SS rights even if still working. Women workers may draw SS payments at 65 just as men do — or payments, at a reduced rate, at 62. If you're over 65, even though you're earning over \$1,200 a year, there may be some SS checks due you. Mr. W. L. Weatherly, SS man who calls in this county is the man to see for details.

Chamber's Merchants' Activities Committee Meets, Maps Plans For Three-Point Promotional Program

The merchants' activities committee of the Ranger Chamber of Commerce, headed by John Wylie and W. T. Eaton, co-chairmen, Tuesday afternoon outlined a promotional program to increase retail sales.

Co-Chairman Wylie reported that increased business activity is vital to the welfare of Ranger and Eastland County as a whole. To emphasize the importance of constructive action and effective business promotion, Wylie pointed out: —That retail sales in Eastland County dropped from \$29,230,000 in 1953 to \$20,630,000 in 1963 — a loss of nearly \$9,000,000. —That bank deposits have decreased. —That electric, water, gas and telephone meter counts have declined appreciably in the last decade.

—That a notable decline in population has been noted during the same period of time. Following considerable discussion, the committee members voted to recommend a three-point merchants' program for adoption by the members of Ranger's business community: 1—A drawing would be held once a month featuring valuable awards. The plan is new and unique and would continue through Dec. 31. 2—Each month a Ranger employee of a merchandise or service firm would receive a watch or other valuable reward in recognition for his or her friendliness to the public, salesmanship ability, etc. A mystery shopper would make the selection. 3—Each month the most attractive or unusual window display would be selected by a committee and recognition and publicity will be given to the merchant or firm.

Miss Gooden Chosen As Rodeo Sweetheart Ranger Junior College

Highlights of the opening night of the Ranger Junior College rodeo was the crowning of the Rodeo Sweetheart, Ginger Gooden, 20, of Colorado City. The candidates for queen on horses rode to the center of the arena for the announcement of the winner. Lanny Foster of Hamlin, President of the RJC Rodeo Club, presented a bouquet of red carnations to Miss Gooden, who won the title by receiving more penny votes than the other nine candidates. Glynda Wilson, 19, Ranger sophomore, was named first runner up, and DeLores Smith, 19, Fort Worth freshman, was second runner up. Other candidates were Paula Clemens, Decatur; Sharon Dye, Graham; Anna Foster, Hamlin; Leona Bain, Houston; Naomi Bradford, Fort Worth; Alice Trice, Ranger; and Peggy Neeley, Ranger.

Attendance Light But RJC's Rodeo Action Is Stellar

A sparse but enthusiastic crowd witnessed the final performance of the first annual Ranger Junior College Rodeo in Ranger Friday night. Here are the final results: Bareback — tie between John Fry, Hardin-Simmons University, and Skipper Voss, RJC.

Rescue race — Robbye Scoggins and Mike Landroop, both of Ranger High School, 30.7 seconds, winner in two go-rounds. Tie down calf-roping — Truman Bacon, Cisco Junior College, (33.2 seconds total, two go-rounds). Barrel race — Shirley Jackson, Breckenridge High School, (35.2 seconds, total on two rides). Ribbon roping — John Fry, H-SU (34.6 seconds total time). Bull-riding — Kent Scrogum, Midwestern University (152 points). Calf-scramble — Kelly McDonald, Ranger. Match roping — Billy Rippy, Ranger. Wild cow milking — Dana Veto and Ricky Whalley and Ronnie Ledbetter of Cisco Junior College, Thursday night's winners; Wayne Hale, Melton Kennedy, Bill Robinson Ranger High School, Friday night's winners.

A Hardin-Simmons University cowboy, John Fry, was the top performer in the first night of the Ranger Junior College rodeo Thursday night. He won first in bareback bronc riding and ribbon roping and second in bull riding. The stock, furnished by Reed of Fort Worth, was so tough that Fry, with 149 points, was the only entrant of five to ride his bareback bronc and one of the two who stayed on the bulls. Skipper Voss of Ranger Junior College gave the home town fans a show by riding this bull a 146 score for first place, barely edging Fry (Continued on page 5)

'Pap' Smear Test Key To Effective Control Of Uterine Cancer

Almost 14,000 women in the United States will die this year needlessly, tragically. The cause? Uterine cancer — so easily diagnosed and cured in its early stages that failure to have a yearly checkup is senseless self-neglect. "In the last 25 years," according to Dr. Luther Gohlke, the death rate from uterine cancer has been cut in half. But if all women had an annual pelvic examination and "Pap" smear test, we could annually wipe out this killer which was once the leading cause of cancer death in women.

Dr. Gohlke, is the "Pap" smear test, named for the late Dr. George N. Papanicolaou of Cornell Medical College who developed the quick, simple, painless method of detecting cancer of the uterus in its very early stages when it is almost 100 percent curable. The American Cancer Society, which helped support Dr. Papanicolaou's research, is expanding its public education program to alert women to this life-saving diagnostic test. Dr. Gohlke recommended that every woman in Ranger visit her physician for a complete physical examination, including a Pap smear test, and to get as many of the women in her family and among her friends as possible to follow her example.

"It is gratifying to know," Dr. Gohlke said, "that in 1963 about 12 million women in the United States had the 'Pap' test, a twelve-fold increase over the number who had the test in 1955, less than 10 years ago. But we still must reach many millions of women who have never had a 'Pap' test or who have never heard of it. This is one of our great challenges for 1965."

Would War I Vets Set Ranger Meeting Next Wednesday Afternoon

Proclamations by Gov. John Connally and Morris Newnham, mayor of the City of Ranger have designated the month of April a period to honor the veterans of World War I — gallant defense and victory in the foreign fields of battle. The month of April shall be recognized as — renewing acquaintanceship, making new acquaintances with the Veterans as well as their wives and widows, stated District Commander Ernest Miller of the 17th Congressional District. The Ranger meeting has been scheduled for Wednesday afternoon, April 14, at 3 p.m. in the Ranger Junior College cafeteria, according to J. C. Carter, commander of Barracks 1871. Refreshments will be served. To carry out in detail the objectives of the proclamations, a series of meetings are being arranged in most every town in the District, for the Veterans, wives and widows, to meet along with other citi-

zens to give every veteran in the area and district an opportunity to meet with their war time buddies, and talk over war times. A short discussion on pending legislation, very vital to our veterans wives and widows, will be monitored by Past Commander Roger Q. Evans, who will reveal many benefits to veterans, our wives and widows may now receive, under present laws, as well as pending legislation, stated Commander Miller.

The Star Telegram ran an article about a cliff under which bees had established and set up housekeeping somewhere around in your area. I lost the copy.

Being an amateur beekeeper, and since I'm coming down that way on my vacation this summer, would appreciate your giving directions as to its location if possible.

Further, if there are been there wanting to sell out, or people with bees unwanted in their houses, would appreciate their names and addresses.

ROTC SCHOLARSHIP PROGRAM IS ANNOUNCED FOR STUDENTS

The Department of the Army has announced a college ROTC scholarship program beginning in September 1965, which will provide financial assistance to 1,000 qualified students.

The Army ROTC program is conducted in 247 colleges and universities throughout the country and produces over 10,000 officers each year for the Army. Scholarships are being added to this program for the first time this year in view of the importance of the ROTC program to the Army.

Authorized by the recently enacted Public Law 88-647, the ROTC vitalization act of 1964, four-year scholarships will be awarded to 400 students and two-year scholarships to 600 students. Four-year scholarships will be granted to individuals who are entering college for the first time. Two-year scholarships will be awarded to selected college students completing the second year of the four-year Army ROTC program.

The Army will pay these students \$50 a month plus their tuition, textbooks and laboratory fees for attendance at colleges with four-year ROTC programs. Payment of \$50 a month will be made from the date the scholarships begin until graduation, to include summer months except for one six-week summer training camp where the student will be paid at the rate of \$120 per month, plus transportation.

Applications must be made during April and postmarked not later than May 1, 1965. Students applying for the two-year scholarship program will do so with the professor of military science at their present college or university. Those applying for the four-year scholarship program will do so with the commanding general of the Army area in which they reside, as explained below. Final selections will be made by the Department of the Army. Applicants will be notified during July as to whether or not they have been selected.

Upon graduation from college and the successful completion of their ROTC studies, the scholarship students are required to accept if offered either a regular or reserve commission as a second lieutenant and to serve at least four years on active duty with the Army.

To be eligible for these scholarships, an applicant must be a male U. S. citizen who meets the prescribed physical standards. He must also enlist in the Army reserve for six years at the time he accepts the scholarship.

The four-year applicant must be between 17 and 21 years of age on June 30, 1965. The two-year applicant must be under 23 years of age on June 30, 1965, and must be a cadet in good standing in the second year of his Army ROTC training.

Applicants for a four-year scholarship may attend any school for which he qualifies and which offers the four-year Army ROTC course. He must pursue a course of study leading to a baccalaureate degree.

For the two-year scholarship, detailed instructions and application forms may be obtained from the student's professor of military science.

For the four-year scholarship applicant, detailed instructions and application forms may be obtained from

Clergymen Gave Last Chance For Social Security

Clergymen who have not yet elected to come under social security now have the opportunity to do so during the "open season" provided by changes in the social security law in 1964, according to R. R. Tuley, Jr. social security district manager in Abilene.

The change in the law gives clergymen whose time for electing coverage had expired another opportunity to come under the system. However Tuley emphasized, the election must be made on or before April 15, 1965, the date on which the "open season" expires.

A clergyman who now wishes to come under social security should take three steps. First, he should get a social security account number from the social security office if he doesn't have one already. Second, he should get a waiver certificate (Form 2031) from the District Director of Internal Revenue or the social security office. Finally, he should fill out Form 2031 and file it with the District Director of Internal Revenue.

Ministers who wish further information on the rules about filing waiver certificates, tax returns and payment of taxes, should get in touch with the District Director of Internal Revenue. For information about social security, they should ask at the social security district office, Room 2321 Federal Building in Abilene.

Mrs. Mathena's parents were the late Mr. and Mrs. G. W. Troxell of Cisco, and there are no known immediate survivors except her husband.

Funeral services were held at 2 p. m. Saturday in the First Christian Church of Monahans.

It was understood that Victor Mathena, who lives in Ranger, is a brother of Bill Mathena, and that Mrs. Mathena was married in Eastland.

Young Man Hit By Auto

Bill Leonard, 20, of 507 High St., was treated and released at Eastland Memorial Hospital Tuesday night after being struck by an automobile on East Main St. about 9:30 p.m.

His injuries were not believed serious and the teenage driver of the auto that hit him came to the hospital, where an Eastland policeman investigated.

The man was taken to the hospital by an Arrington Hammer Funeral Home ambulance.

THANKS
FOR YOUR VOTE OF CONFIDENCE

Certainly a man's most precious assets — of far greater inspiration and value than material possessions — are his loved ones . . . and his friends.

This came intelligibly to my mind after seeing the results of the vote tabulations which honored me with a term of service to you as your street commissioner.

BOYLE GENTRY

WHERE IS RANGER HEADED?

I wish to thank each voter that supported me in the School Board Election of April 3rd.

I especially want to express my gratitude to my honest and sincere friends who so desperately struggled to keep me from being tied in with any individual, group or clique, but accepted me at face value, as a young man, the father of three school-age children, with no intention to 'fire and hire', but that I might be able to contribute something to the betterment of our schools and our town.

To those who voted against me for the reason of youth and inexperience, or friendship with my opponents, or any logical reason, I have no ill will. I defend and respect your constitutional rights, and, with you, I thank God that we live in a country where we have a choice at the polls.

To those others who voted against me, I wish to thank you, also. You have taught me 'the facts of life' in Ranger. You taught me that a house of worship can become a Tammany Hall or a Citizens Council, and carry off a well planned, well organized political campaign. You taught me that well meaning clubs and organizations can be taken advantage of by uninformed and over-zealous individuals, and used as a "political sounding board." You taught me that I was born 30 years too late for Ranger.

I have learned my lesson well. I sincerely thank you.

BILLY R. RIPPY

IN APPRECIATION

I would like to say words are inadequate for me to express my gratitude and appreciation to those of you who supported me in the election for Water Commissioner of Ranger, and to those of you who did not, I wish to say I feel the same way.

the THINKING man

IN RECENT MONTHS, the term "The Man Who Thinks For Himself" has been extensively used in the field of advertising. The inference is that a man who stops to think for himself will buy a certain product or act in a particular way. And, in the thought there is expressed a basic truth — that there is no virtue in thoughtlessly, blindly, following the crowd.

The greatest man of God has always been THINKING MEN. Abraham, Moses, and others were uncompromising in their attempts to please Jehovah, regardless of the positions taken by others.

The man who truly thinks for himself cannot but respect the God who created both heaven and earth. "The fool hath said in his heart, There is no God" (Psalm 14:1).

We would urge that you THINK FOR YOURSELF. Do not be intimidated by others. Take a good long, thorough, look; and when you do you will want to be a Christian. For, acceptance of God and obedience to His Word is the real thinking man's way of life.

Plans Complete for Pecan Budding School

Plans have been completed for the annual Eastland County pecan budding and grafting school on Tuesday, April 13, with the morning session to be held in the cafeteria at Cisco Junior College and the afternoon period in a pecan grove in the Leon River bottom.

County Agricultural Agent J. M. Cooper will teach the school. Demonstrations and lectures on when and how to bud, when not to bud, types of budwood, forcing the bud into growth, difference between budding and grafting, latest techniques in grafting, cold storage dormant budwood, seasoning budwood and other subjects are on the agenda for the morning part of the all day affair.

After a Dutch lunch in the cafeteria at noon the group will go to the Kent Word pecan grove, three miles south of Cisco, for a practice session.

A limited supply of cold storage pecan budwood, pean knives, plastic tying material and other items will be available for those desiring them, Mr. Cooper said.

The school has been taught annually for the past decade by Mr. Cooper, and although principally for citizens of Eastland County, interested persons from other counties are invited to attend, women as well as men.

Over 100 people from 18 different counties attended the propagation school last spring.

Those attending from Cisco will include Jim Smothers,

Sergeant Cunningham, who is a wheeled-vehicle inspector in Headquarters and Company A of the division's 707th Maintenance Battalion, entered the Army in 1946 and was last stationed at Fort Sill, Okla.

IT'S TIME TO SHINE... With opening day for the 1965 season at Six Flags Over Texas set for April 16, less than two weeks away, mark hosts Margie Robinson, Nancy Smith and Cleveland Smith, seen from left to right, concentrate their energies on shining up the sign over the front gate. More than 1.5 million people from all over the United States are expected to visit the popular tourist attraction, located midway between Dallas and Fort Worth, this season.

SIX FLAGS SETS SEASON OPENER FOR APRIL 16 Six Flags Over Texas will commence its 1965 season at 9 a. m., Friday, April 16, according to Angus G. Wynne, Jr., president of Great Southwest Corporation, owner/operators of a popular tourist attraction.

For the opening weekend, April 16, 17 and 18, the gates will be open from 10 a. m. to 8 p. m.

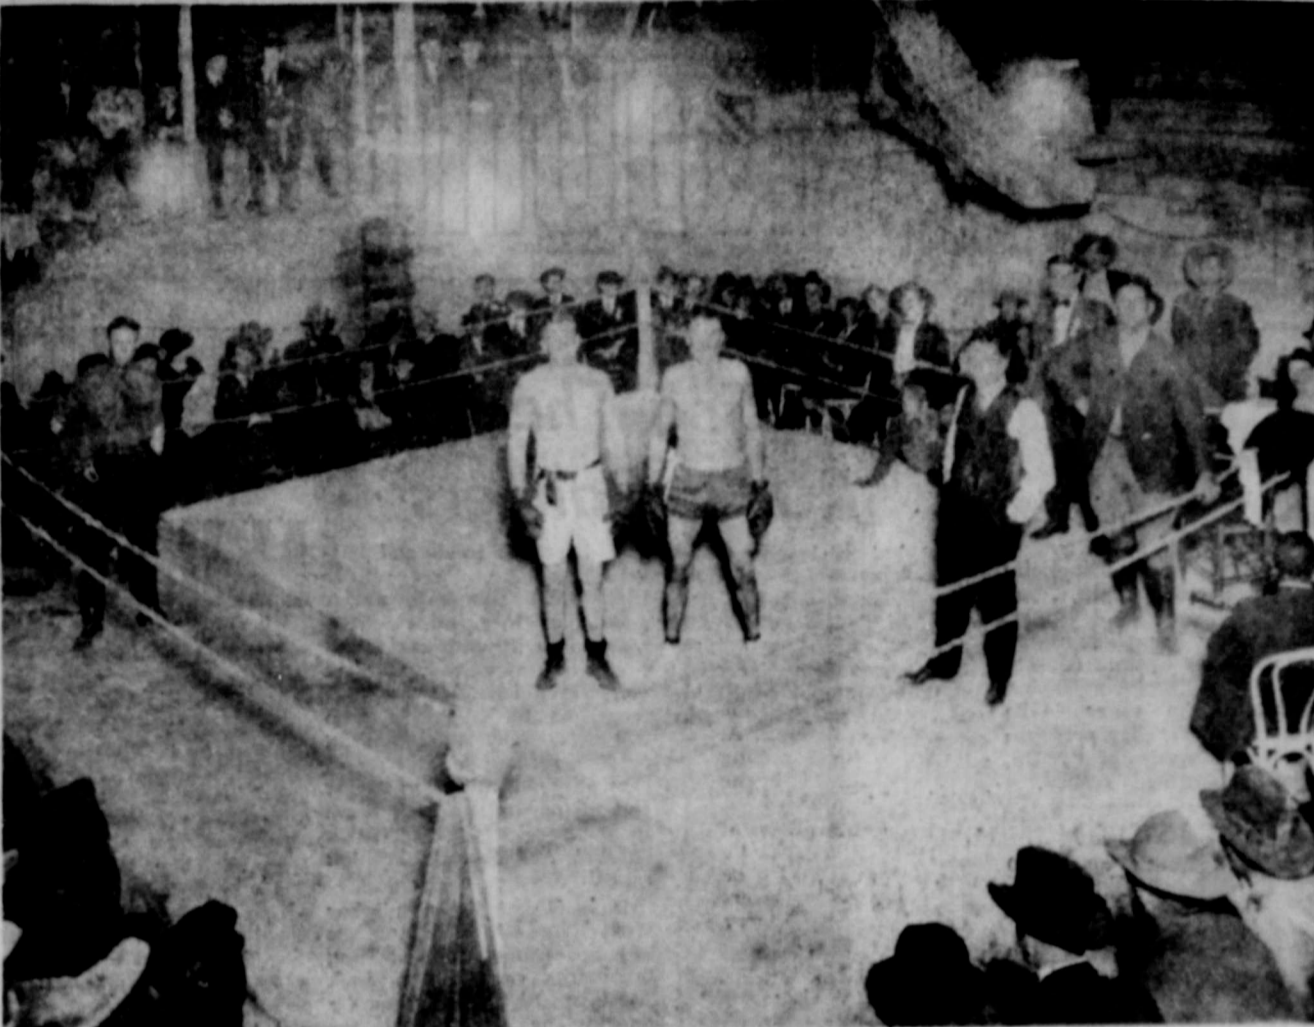

A crew of about 150 specialists ranging from landscape gardeners to builders and lighting engineers, have been busy ever since the winter and early spring months in completing a \$9,000,000 expansion program for April 16.

The Six Flags personnel complement which has the awesome task of interviewing thousands of applicants of college age each week, has begun on approximately 1,200 to settle the season. Another 400-500 personnel will be added when Six Flags commences daily operations.

The bulk of the expenditures for this year is centered on expanding the Park's historical and landscaping.

Other attractions have been added including a new ride called "El Sombroco" for the "Carnival Section." An Atavist ride in the Animal Kingdom, to be the new home of nearly 50 exotic birds recently imported from all over the world.

PRIZE-FIGHTING IN EASTLAND?

HOW MANY DO YOU RECOGNIZE? — This picture was made in Eastland in 1920 and the fight ring was built inside an indoor swimming pool, located at the time, somewhere near the present city hall, according to Rankin Pounders, now of Massillon, Ohio, who was through Eastland this week and left the picture. Pounders, standing at left in the ring, was in East-

land in 1920 with a construction crew which built the Exchange Building. He could remember but few of the spectators or officials, the fighters not at all, but recalled that police "raided" the scene soon after this picture was made and the fight never came off. Who knows more about the event?

Revival Now In Progress At First Christian

Revival services are in progress at the First Christian Church and will continue nightly at 7 p. m. through April 15, according to the pastor, Rev. David Downing.

Rev. Jim Rudd is the evangelist and Al Wilson is song leader.

Sermon topics for the week will be Sunday morning at 11 a. m. "The Temporary Crown," Monday evening at 7 p. m. "Is Christ the Answer?"

Week day services will begin at 7 p. m. also and topics are Monday night, "The Meaning of Being Christian," Tuesday, "Conversations with Meaning," Wednesday, "The Church and Youth in Today's World," Thursday, "Every Knee Should Bow," and Sunday morning, "He Lives!"

AUSTIN — A bill to regulate commercial applicators of pesticides is having a hard time in a House committee. This is an indication that it probably will be changed considerably before it is reported for floor action.

Its author, Rep. Grainger McIlhenny of Wheeler, tried unsuccessfully to get it referred to a different subcommittee from the one headed by Rep. Bill Rapp of Raymondville. House agriculture committee, however, did vote to instruct Rapp to report the bill to the full committee.

Rapp said the bill is one of the most important issues to come up before the Legislature this session, on par with redistricting, taxes and other statewide issues. "This bill doesn't affect only commercial aerial applicators," Rapp said. "It affects a lot of people."

Required by the bill would be licensing of owners and operators of equipment used to apply pesticides. Licensing would require passing an examination to demonstrate familiarity with application of pesticides and payment of an annual fee. Operator's fee would be \$10; owner registration, \$25; and \$25 for each piece of equipment.

Operators would have to show minimum financial responsibility of \$15,000, by insurance, bond or deposit, for each piece of equipment.

Proponents of the bill say farmers need protection because modern pesticide equipment can, if misused, damage large land areas, including adjacent property.

Rapp contends the bill needs to be studied carefully because the transient nature of some of the persons who work on pesticide equipment would require that the operator spend a lot of money on bonds.

Rep. Milton Schiller of Cameron has introduced a bill calling for a statewide plan to take maximum advantage of federal funds for vocational and technical education.

Bill would make the State Board for Vocational Education, established in 1949, the coordinating agency for setting up standards and requirements for school districts which want to set up a vocational and technical school or a vocational and technical school district with state and federal participation.

Major crime is increasing at an alarming rate, warns the Texas Department of Public Safety.

Last year 260,860 major offenses were committed in the state. This represents an increase of 13.3 per cent over 1963, says DPS Director Homer Garrison Jr.

All seven categories — murder, rape, robbery, burglary, aggravated assault, theft and auto theft — recorded big jumps. Crime rate (offenses per 100,000 population) rose from 2,393 to 2,723.

Introducing The 1965 RJC Rangers

Last, but not least, we have one sophomore and two freshmen rounding out the Ranger Junior College baseball team. Joe Bob Taylor, a starting first baseman, shows almost errorless defensive work. He is one of the freshmen who will be doing a lot of playing for Ranger next year. He also is a physical education major and plans to teach. Sophomore Jim Garrett, a fine young pitcher from Harrold, Texas, possesses a good curve and a live fast ball, and is batting around the .400 mark. He participated in foot-

ball, baseball, track and basketball in high school. He is a physical education major and plans to teach. Joe Bob Taylor, a starting first baseman, shows almost errorless defensive work. He is one of the freshmen who will be doing a lot of playing for Ranger next year. He also is a physical education major and history minor with plans to teach. He also hit a double and single, paved the way to Ranger's second season win at Pony League Park. Davidson yielded only three singles in nine innings as he mixed his pitches well to fool the Hill County batsmen. He struck out four. A walk to Ronnie Hinds, Joe Bob Taylor's single, and Tommy Barker's long double gave Ranger a second-inning one-run lead. In the third, Richard Hooper slapped a home-run to make it 2-0. The Rangers completed their scoring for the game when, in the fifth, Hooper reached first on an error and went to third on Davidson's double.

SPOTLIGHT

On the RJC Faculty

This week's spotlight is focused upon Mrs. C. R. Neely, a member of the Ranger Junior College Cafeteria staff. Mrs. Neely, the former Zola Marie Jones, was born in Erath County, but came to Ranger when she was twelve.

A 1922 graduate of Ranger High School, she married C. R. Neely, a native of Illinois, in 1929 in Breckenridge. Mr. Neely came to Texas in 1930 to begin working with the Davis and Rhinold Oil Company in Breckenridge.

She is the mother of three children, two sons and a daughter, Jackie, 25 of Austin, a registered pharmacist; Teddie, 21, of the Teddie Neely Five of Honolulu, Hawaii; and Peggy, 18, a student at RJC. Mrs. Neely began working at the RJC cafeteria February 1 of this year. She enjoys working with the group and likes the contact with students. Her hobbies include such handwork as quilting and crocheting.

She is a member of the First Baptist Church, where she once worked in the nursery.

SIGNPOSTS TO SUCCESS

By CARL KOLVIG

From the time that you were a small child, you have probably heard statements such as these: "Mind your manners" or "Be polite". While these expressions may seem trite, they are important, especially as you grow older.

Some of the main polite expressions are these: "Thank you", "You're Welcome", "Please", "I'm sorry", and "Pardon me". If you are in a position to meet the public, these expressions are basic requirements. They will also aid you in making friends.

The use of such expressions can make success easier to obtain. However, they are not a guaranteed success plan. They are merely signposts on the road to success.

There is one other thing: these "signposts" mean nothing unless there is sincerity behind them.

Rangers Shutout Hill County, 4-0

The Ranger Junior College baseball team won its first conference game of the year by defeating Hill County Junior College 4-0 on Tuesday, April 6. A sparkling mound performance by regular shortstop Park Davidson, who also hit a double and single, paved the way to Ranger's second season win at Pony League Park. Davidson yielded only three singles in nine innings as he mixed his pitches well to fool the Hill County batsmen. He struck out four. A walk to Ronnie Hinds, Joe Bob Taylor's single, and Tommy Barker's long double gave Ranger a second-inning one-run lead. In the third, Richard Hooper slapped a home-run to make it 2-0. The Rangers completed their scoring for the game when, in the fifth, Hooper reached first on an error and went to third on Davidson's double.

Both baserunners scored on a wild pitch.

'Late Registrants Are Big Problem in Eastland County'

"Late registrants for the draft in Eastland County are a problem," according to Mrs. Jewell Reaves, board clerk at the Petroleum Building, Eastland. To keep books straight and to comply with the law, men are required to register

on time, which is within five days after reaching the age of 18 years.

Frank Sayre Named to State Study

Attorney General Waggoner Carr has announced the appointment of F. N. Sayre of Eastland to serve as official representative for Eastland County, for the 1965 Attorney General's Youth Conference On Crime.

This Third Annual Conference will attract over 1,600 outstanding youth leaders from throughout Texas to study projects for implementing in Texas communities for the prevention of delinquency. Many outstanding programs have already begun in Texas as a result of the first two Conferences including youth juries, programs for tutoring students to prevent drop-outs, and various other community service projects.

Civic clubs, churches and other organizations or interested individuals will sponsor delegates, and individuals interested in participating should contact Texas Electric Service Co.

The conference will be held in Austin August 20 through 22nd, 1965.

A new policy regarding registrants for draft determines that all young men registering a week (or more) late will be asked to appear before the board in person to explain their tardiness. Two Reasons Why

The People of Texas Are Saying No

To Governor Connally's plan for raising teacher's salaries

FIRST: THEY DO NOT LIKE HIS PLAN TO PUSH THE MAJOR SHARE OF THE TAX LOAD BACK TO THE AD VALOREM LEVEL where 70% of the first biennium cost is to be met by taxing their homes and their personal possessions while the rich-state tax potential will be called upon to meet only 30% of the cost.

SECOND: THE RAISES PROPOSED FOR THE TEN-YEAR PERIOD ARE TOO SMALL. He proposes to raise teachers' salaries at varying annual rates of from \$48 to \$126 at a time when the average annual increase is \$244 and, furthermore, at a time when Texas teachers are already \$774 below the U.S. average teacher's salary.
