LL Openers

Ranger's 1965 Little League baseball season blasts open Monday night with a twin bill following brief opening ceremonies.

The league's four team - the Indians, piloted by Jake Jacoby, the lankees, managed by Jack Blackwell, the Giants, tutored by Jasper Williamson, and one Doogers, bossed by Gene Townsend - are ready for Monday night's debut action.

A capacity crowd is expected to pack the stands to waten the four teams get what promises to be an exciting season under way.

in the 11rst duel, it'll be the Giants tangling with the Indians and in the nightcap the Dodgers collide preciation Day" at Montgom- drastic price reductions on with the Yankees.

John Adair is president of the Ranger Little League organization.

DAN M. COLE

GLYNN M. COVINGTON

Lone Star Gas Company has announced the promotion of two of its Dallas office executives. Dan M. Cole is the new executive vice-president for administration, and Glynn M. Covington has been named to succeed Mr. Cole as vice president in charge of personnel. Mr. Cole has been with the company since 1938 and is a native of Dallas. Mr. Covington joined Lone Star in 1936 at Breckenridge. He was at Ranger before going to Dallas a few years ago.

WELCOME VISITOR

What interests the readers of local newspapers? The Suburban Press Foundation conducted a survey to find the answer to that question, and Editor & Publisher has printed the results. They cast a revealing light on the wants of the millions of people who live in the small towns and the countryside.

As one would expect, local news led the field in readership, with 92.9 per cent of those polled saying they always read it; 6.5 per cent saying they read it sometimes; and only 0.6 per cent confessing they never

Next - and close behind - came editorials and tocal columns. A mere 0.7 per cent said they never read

Third in reader interest was advertising. Only 2.7 per cent said they never read it. All the rest said they

always or sometimes read it. Actually, the whole local paper is very thoroughly read. Even the poorest read classification — sports news — drew a combined "always" and "sometimes" readership of 89.1 per cent.

The local paper is one of the most welcome of visitors to rural homes. It stays for seven days, not just one. And the whole family has a lasting and hearty appetite for just about everything in its columns.

Church of Christ Mesquite & Rusk Street

THERE is a saying: "What you don't know can't hurt you." This is a false and dangerous concept. Not long ago, in a southwestern city, the newspaper carried a startling story that illustrates this fact. A rattlesnake was found in a house, curled around the leg of a chair. A guest had earlier been sitting in the chair completely unaware of the danger he was in.

Undoubtedly, the visitor would be the first to acknowledge that what he did not know could have hurt or even killed him!

And yet, in matters of religion there "ignorance is bliss." The Apostle Paul clearly pointed out this error when he said: are those who would have us believe

"And the times of this ignorance God winked at; but now commandeth all men everywhere to repent: Because he hath appointed a day in the which he will judge the world in righteousness by that man (Christ) whom he hath ordained . . ." (Acts 17:30-31).

"Study to show thyself approved unto God..." (II Timothy 2:15).

We invite you to join us in our study of God's Truth this week.

How the Savings Bonds you buy help our State grow

-a message from our Governor

Chances are you live a little better because of the U.S. Savings Bonds program-because so many people in our State buy Bonds and eventually redeem them to buy things for which they have saved.

During the last 24 years, many billions of dollars have flowed back into the economy of the State and the Nation in this way.

These dollars have benefited our merchants, manufacturers and builders. And in so doing have created jobs and improved earnings for countless workers-in our cities and farming communities alike.

The people of our State and America today hold a record total of over \$48 billion in Series E and H Bonds ... money that will someday be spent in worthwhile ways to help us grow further

I urge every one of you to help your future and the future of our State by investing regularly in U. S. Savings Bonds.

> John Connally Governor of Texas
