Dodgers Suffer First Loss

Standings trembled in the wake of exciting Little League action Thursday. The league-leading Dodgers got their first taste of defeat as they were tripped up by the third place Yankees — Yanks 6, Dodgers 5.

With a record of five losses and one victory, the Giants added to their win column by edging out the Indians, 10 to 9.

The Yankees now share the number two spot with the Indians, both teams having four wins and three losses. With six successes and one failure the Dodgers remain in the Little League throne-room. Still in the cellar the Giants may see a crack in the door and a shaft of light coming through. Just how big that crack gets remains to be seen.

Tuesday the Cubs outscored the Rangers, 10-5, in Minor League action. In the nightcap the Colts beat the Pirates 6 to 3.

Dodgers' Streak Dies In Bottom Sixth Frame

Trailing by two runs in the bottom of the sixth and final frame of their duel with the Yankees at Little League park

Thursday night, the previously undefeated Dodgers managed to get one score across.

But the second and tying run, following Rusty Squires trip across the plate, was killed off in a hot-box between second and third with R. Gomez the victim in the trap. The winning Yanks jumped ahead of the Dodgers in the first inning when they jammed over three tallies—Rodger Rutledge, Milton Monroe and Mike De Los Santos scoring. De Los Santos stole home to climax the big inning.

De Los Santos, who toiled on the mound for two frames, scored another run for the Yanks in the third, and De Los Santos and Monroe tallied another pair in the top of the fifth to wind up Yankee scoring.

The losing Dodgers came up with two runs in the bottom of the second, another pair in the bottom of the third, were shut out in the fourth and fifth frames, and tallied one—but not enough—in the final do-or-die last of the sixth.

Dodger scorers were Rusty Squires who accounted for

MEMORIAL DAY

O Lord who sent to Gallilee A Christ who died to make men free— A Christ with ringing words of Love— A message from His King above— Help us to follow men who cry For Peace—my Peace—and from the sky Send rain to cleanse the hearts of men And bring Peace to the world again.

The late Doctor Henry Van Dyke said, "There is no present reality for us human beings without memory and hope. Lose the first and you are dead; lose the second and you are buried."

You see, memory brings the distant near, and in its fine fellowship we can wander over our Yesterdays for the welfare of our Today's. So our Memorial Day is really one of our nation's Holy Days in Time's Calendar. It is indeed a sacred day when we Americans pause for a moment to honor our soldiers and sailors, who in war's crucifixion hours, willingly gave of their lives that the Principles of Peace and Good-will might forever be the guiding principles of our beloved Nation.

Therefore, our Memorial Day, illumined by the light of sacred memory, is forever a heavenly inspiration of hope, the hope of that great day when wars shall no more curse mankind and when the Peace of God passing all our dreams shall keep our hearts and minds in the great Christ Brother of us all.

BREAD of Life

Wherefore in all things it behooved him to be made like unto his brethren. —Heb. 2:17.

Thou wouldst like wretched man Be made. In everything but sin, That we as like Thee might become, As we unlike had been.

## Soil Stewardship Week Being Observed In Area

### SOIL CONSERVATION DISTRICT NEWS

Soil Stewardship Week is being celebrated nation-wide this week.

Theme for special emphasis as selected by the National Association of Soil Conservation Districts is "Challenges of Growth."

Pastors of churches in this area are using this theme for special messages to their congregations. It is probably not a coincidence that the White House conference on natural beauty was scheduled for this week.

Facing a world-wide population explosion it is imperative that the American people accept a challenge of growth in the management of their God-given supplies of land and water. Only in America are we plagued with surplus supplies of farm commodities. When our population doubles in the next 40-50 years even we will be plagued with dire shortages of food, clothing, and shelter.

If we survive each acre of our land must produce more and more. Each year we are diverting about a million acres of agricultural land to other uses. Worse yet we are ruining about a half million acres each year through erosion and misuse.

Growth is inevitable. It is the unfolding of God's plan. The acorn of growth is both fruit and seed representing

capability and opportunity. Can the American people look to the future and meet this challenge of growth to build and share a richer, better way of life?

### RJC Students Laud Courses In Journalism

A course in journalism, according to freshman journalism student Gary Davis of Houston, provides one of the most valuable ways for a freshman to spend his time. David Wolfinger, another freshman in the journalism class at Ranger Junior College, says that "the purpose of a journalism course is to teach the student how to express himself in as few words and as accurately as possible. The help which journalism offers a student in developing adequate self-expression should be the goal of all."

"Journalism also teaches punctuality," continued Wolfinger. "a habit that many students would never acquire otherwise, but when the paper goes to press there can be no 'late' assignments." In order to be a success in life a person should be able to transfer his thoughts from his head to paper. Journalism training helps not only English majors but also students in other fields as well as in everyday life. It often comes in handy for applying for certain kinds of jobs for being able to write with clarity is a necessity and is one of the most valuable assets a person can possess.

Sophomore Carl Kolvig thinks that overcoming shyness through interviewing people is one of the most important results of journalism, and he says, "Last but not least is simply the thrill of seeing one's writing in print to know that one's writing is of practical use and to have it shared by others is very exciting."

Journalism is a well-rounded course that teaches basic principles of writing everyone should know. Principles are made to be applied," said Kolvig. "and journalism is a course in practical application."

RE-APPOINTED BUSINESS MANAGERS of Ranger Junior College annual next year are, left to right, Ken Heiler, Howell, Mich.; Terry Loetz, Bettendorf, Iowa, and Arthur Mendoza of Ranger.

### To Cheat - Or Not To Cheat

By ARTHUR MENDOZA

As Hamlet was undecided on the question of "to be or not to be," the temptation of cheating that arises on a final exam is sometimes just as bad. Some students rationalize and say, "I have to have notes for insurance"; others cheat because cheating is their crutch, and like an addict to something, they feel they need some sort of method to cheat and make a good grade.

Cheating doesn't actually help a student in the real sense of the word "help." Later in life when a student is working and leading the life of an important individual in his society, the cheating he did in college and the insurance he had on a test will prove rather costly to him. Students should ask themselves a few questions like these: Would I like to be treated by a doctor who cheated his way through medical school? Did my banker or lawyer ever cheat on final exams? If students would

think of the occupations they are seeking and think of themselves in these terms, maybe we would not have so much cheating.

### THREE BUSINESS MANAGERS OF ANNUAL STAFF RE-NAMED

There is a lot of work in putting out an annual, and a hard part of it is financing the book through the sale of annuals and advertisement.

Terry Loetz, Arthur Mendoza, and Ken Heiler who carried the financial responsibility of the 1965 Ranger have been reappointed by Mrs. R. L. Hamrick, sponsor of Ranger Junior College publications, to serve in the same capacity on the 1966 staff.

Loetz, son of Mr. and Mrs. Larry Loetz of Bettendorf, Iowa, was bookkeeper and did much of the selling of ads in Eastland. In addition, he served as one of the art editors of the 1965 Ranger.

Mendoza, son of Mr. and Mrs. Paschal Mendoza, took the lead in local ad sales as a hometown boy and also sold many annuals.

Hefner, who also sold both annuals and ads, was awarded a free annual for selling more yearbooks than anyone else on the staff. He is the son of Mrs. Shirley Hefner of Howell, Michigan.

It is the responsibility of

### College Campus Is Deserted As Semester Ends

"Not a creature is stirring not even a mouse."

This describes the Ranger Junior College campus today, for with finals and graduation over, all students have left the campus and all dormitories are closed.

There is something sad about the end of the school year when students leave. Some of them will return in September. Sophomores will be going on to senior colleges; but some students will never enter school again, planning to work or be married, as in the case of some of the girls.

Caviar is prepared from the eggs of a fish called sturgeon.

### '1965 RANGER' RATED AS ONE OF BEST YEARBOOKS PUBLISHED BY JUNIOR COLLEGE STUDENTS

The 1965 Ranger, RJC yearbook, is one of the most attractive books that have been published by an RJC annual staff.

It features a gold and black cover accented with large and small stars. A black band near the bottom of the cover bears the gold inscription The Ranger in block letters. Below this is printed the date 1965 in script.

The end sheets in color show a girl on a horse silhouetted against a typical West Texas background, thus carrying out the theme of a western college.

The art work is both interesting and well done. The attractively hand-lettered title

page bears a photograph of the architect's conception of the Ranger Junior College campus of the future. A series of three diamond-shaped figures is used on each division page, containing the title of the division and wash drawings of students, teachers, and other people contrasting the modern and the "old-fashioned."

The pictures in any annual are the focus of interest, and this year's editors tried to reveal campus life through the use of many photographs. Reproductions as a whole are good, and pictures are interesting.

It is a book to remember.

### MISS COODY PLANNING TOUR OF EUROPE DURING SUMMER; JETS TO MADRID IN JUNE

By DAMON HIPP

Miss Nancy Coody, Spanish and English instructor of Ranger Junior College, plans to visit Spain, France, Switzerland, Greece, and perhaps Yugoslavia this summer. She plans to study at the University of Madrid and visit friends she has made in these countries.

She will leave by automobile around June 17 for New York City, from which she will fly June 22 to Madrid. In Madrid she plans to purchase from a friend, who is returning to the states, a small Italian car so she will have transportation to the various places she wishes to visit.

During the summer of 1961 she attended the University International Menendez Pelayo in Spain and Montpellier University in France. She drove a Volkswagen alone, traveled 15,000 miles, and toured eighteen European countries, without the aid of a tourist guide. The countries she visited were Spain, Gibraltar, Morocco, Portugal, France, Switzerland, Austria, Italy, Germany, Denmark, Sweden, Norway, Finland, Belgium, England, Scotland, Ireland, and Holland.

Spain is her favorite country. She remarked that the Spanish people take time to enjoy life. They are quite emotional and outgoing and have the attitude of "Siempre Manana" about work. "Siempre Manana" means "There's always tomorrow." Many Roman roads were built 200 B.C. in Spain and they lasted until 400 A.D. However, there is much Roman architecture left, along with Arabic and Gothic architecture also. It is not unusual for an ancient, historical building to be standing next to a new, modern structure. Miss Coody explains that one can drive as little as ten miles across the country and discover an entirely different countryside.

She finds the German people the most industrious of Europeans. The Scandinavian countries admire the American way of life and

have many things that we Americans treasure. Denmark is the farthest advanced, and its people are jovial and enjoy their practical jokes. The Swedes are more serious and withdrawn. Norway has the hardest time financially.

Miss Coody believes that Spain has the history and culture of an old, once powerful country, and it is growing. (Continued on page 5)

### PERSONALITY OF THE WEEK

TERRY O. BARRETT

Terry O. Barrett is the Ranger Junior College journalism class's last "Personality of the Week" for the year. The son of Mr. and Mrs. T. C. Barrett of Orange, he is a 1964 graduate of Orange High School where he was senior favorite and recipient of the American Legion Award. He participated in football and track in high school and was a member of the 1964 RJC football team. He is majoring in business in physical education. A quiet serious young man he is an industrious, conscientious student. His hobbies are swimming, tennis, and golf.

GENE V. RHODES of Eastland, right, beams as he accepts a copy of the "1965 Ranger" yearbook from Billy Wheeler of the annual staff. The '65 book was dedicated to Rhodes, an alumnus of Ranger Junior College. (Ed's Photo)

### Library Ghosts Could Tell Tall Tales Aplenty

By NANCY BETHANY

Ghosts in the library, what tales they could tell! The tales told by them could go on indefinitely if only they could talk, and such a variety of tales they would be. The knowledge one would gain by just listening would be immeasurable. By merely changing focal points a fraction, one could go from tales of the sea to tales of space or anywhere in between. All of the dull details of history would take on a new light, and we would be living it along with the teller.

How interesting it would be to know the great and famous people of the past, for to know their moods and their feelings instead of just trying to imagine the how and why of the things that they had done would certainly change one's conception of these people. Perhaps some of these "ghosts" had many stories to write but didn't have the

time to get all of them done. How interesting it would be to hear the unwritten stories of the long ago days! By such visits into the past, one would certainly be more able to appreciate a library and to understand much that seems rather trifling in the history of our country. How exciting it would be to visit the library and have the ghosts tell their own story just one time to any and all that would be interested in listening.

### FROM AMARILLO

Mr. and Mrs. A. G. Scarborough's visitor over the weekend was Alvin Scott, Clark (Ted) L. Wimberly from Amarillo Air Force Base. Visiting also were AEC Jeeta Bratton and AEC Sally Shrout, both of Amarillo Air Force Base.

## Big Giant Timber Talks Loud Rally In Sixth Pays Off

Mike Lebreo and Mike Campbell were the difference which gave their teammates of the Giant Little League crew a razor-sharp 10-9 triumph over the Indians in Thursday night's opener.

Trailing 7-6 when they came to bat in the top of the sixth, the Giants exploded with four runs to tie up the

ball game. Pat Campbell, David Graham, Keith Miller and Lebreo scored. Highlights of the inning were Lebreo's slashing triple into deep left field and a single by Mike Campbell which put Lebreo across with the winning run.

Paul Ausburne was driven home for the Indians for a lone run in the bottom of the first frame. Ausburne scored again in the third along with Otis Wilson and Jimmy Blackwell.

The Indians tallied three more in the bottom of the fourth with Joe Vasquez, Jimmy Blackwell, and Ausburne crossing the plate.

In the bottom of the final stanza Ray Rippey and Blackwell accounted for the final two Indian tallies.

## PROGRESS

(Continued from page 1)

It is hoped that by next summer the Central Cemetery, located half-way between Eastland and Cisco, will be restored and cleaned (which committee-men are in the process of doing now) and a road from Highway 80 to the cemetery will be constructed. Then, it will be a model of what the committee hopes other people will try to accomplish in their own county.

By September, members will begin compiling cemetery information, which after completed, will be given to Cisco and Ranger Junior Colleges journalism classes; and in turn they will prepare the information and submit it to a printing company for the brochure printing. There are approximately 75 cemeteries and burial grounds in Eastland County.

A county map, showing cemeteries and roads to reach them, is being made, according to Collins, and within the next few months will be displayed in the lobby of the court house.

Graves in Eastland County of confederate soldiers are still being hunted by the Survey Committee. Anyone having information concerning this (or any other cemetery information) is asked to contact a local representative so that the graves may be checked out and the information put on record.

The next meeting is scheduled to be in Carbon on June 28; however there is a possibility that the plans may change since the dedication of Fort Blair in Desdemona will be held in the near future.

# LACASA NEWS

By MRS. D. B. RANEY

Congratulations go to our graduates: Rev. James Smith, pastor of New Hope Baptist Church, who graduated from the Baptist Southwestern Seminary, Friday with a Doctor of Divinity degree; Larry Herrington, who is graduating from Ranger High School; and Rodney Mitchell, who is graduating from Breckenridge High School.

Two other graduates are to be congratulated: Norma Ruth Martin, daughter of Mr. and Mrs. H. E. Martin now of Clyde who is graduating from Abilene High School; and Robert Evan Berkoff, son of Mr. and Mrs. Charles Raney, who is graduating from Cocoa Beach High School in Florida.

Little was said about the fourth place Lacasa won in the community Achievement Contest, but the accomplishments our community made are the same as if we had won first place. The hail ruined much of the fertilized grain, but the good rains have greatly helped the brush cleared pastures — grass is growing where not a sprig has grown in years. The accomplishments are a prize, worthy of having.

Many people have done things to improve the com-

munity. One of the members of the early finance committee to raise funds for payments of the Community house was Mrs. C. N. Dempsey. She also solicited dishes for use in the club house kitchen.

Another member of the Community and Home Demonstration Club, holding several offices, who has always been present to do much hard work and take part in all club activities, is Mrs. R. E. Miller. She has actually done as much or more than any other person towards the upkeep of the house and grounds.

Visitors at New Hope Baptist Church Sunday were Mr. and Mrs. Norman Morrison and Bobby of Breckenridge, Mr. and Mrs. James Bargsley of Fort Worth, and Mrs. Gordon Turner of Duncanville. The Morrissons were visiting her parents, Mr. and Mrs. H. L. Caraway; the Bargsleys were visiting his father, Mr. Frank Bargsley; and Mrs. Turner was visiting her aunt, Mr. and Mrs. G. V. McGowen, her sister, Mrs. Jack Pockrus, visited a few days with Mrs. McBay at Breckenridge. As Mrs. McBay brought them back to Mrs. Pockrus's they visited Thursday morning with Mrs. Jesse Bradford and Ruby, Mr. and Mrs. McCollum left for their home in Arizona Friday.

Mrs. H. L. Caraway, Mr. and Mrs. A. O. Templeton, and D. B. Raney have visited several times in the past week with their uncle, Richard Bradford, who has been hospitalized at Stephens Memorial Hospital, since Friday.

Vacation Bible School at New Hope Baptist Church is to be held the week of June 14. Mrs. Kenneth Mitchell is to be the principal.

## IN ARKANSAS

Mrs. Edvin George is in Gentry, Arkansas where she returned her sister, Mrs. Edith Wiles, after the funeral of their mother, Mrs. Nora Clemmer. Also here to attend the funeral were Mrs. George's son and wife, Mr. and Mrs. Morris George of Cheyenne, Wyoming and her daughter, Mrs. Jim Bonnes and daughter of Gatesville.

## OVERNIGHT GUEST

Guest of the K. C. Edmonds home Wednesday night was David Sulton, who for the past year has been attending East Texas State College in Commerce. He was on his way home to Hamlin.

# Gorman Will Honor Dr. D. V. Rogers June 5

Several weeks ago during an epidemic of flu and colds, one remarked about the unselfish giving of himself of Dr. Rogers, and from that remark, plans have expanded into "Dr. Rogers Appreciation Week," May 31st-June 5th, climaxing in an old-fashioned "dinner-on-the-ground" picnic on Saturday evening, June 5th.

Gorman Mayor Ross Wilson has officially proclaimed the week in recognition of Dr. Rogers "total dedication to the needs of people." Club groups have offered their help in setting up long picnic tables so that all can spread dinner and eat together. Others have offered to provide paper plates, ice, etc. Seems every one wants to help. There are no tickets to buy nor charges of any kind.

Every one from everywhere who has reason to appreciate Dr. Rogers is invited to come and join in the tribute. Bring a picnic basket of food, and all will spread dinner and eat together. A flexible time schedule has been arranged so as to allow ample time for informal visiting with each other and with Dr. Gorman and his family. The Gorman Band will play beginning at 5:30 or 6 p.m. and dinner will be about 7 p.m. Following dinner, about 8 p.m., there will be a more formal program, a talk by Mayor Wilson and some musical numbers by some of the area singing groups. Because of the ample space offered, the Football Stadium has been selected as the place. In case it rains, the place will be the School Gym.

You are invited to come join in on June 5th. And if you can think of something extra you'd like to do during Dr. Rogers Appreciation

Week, May 31st-June 5th, such as sending Dr. Rogers a card or note of thanks, wouldn't that be nice? And, too, the Gorman Progress will publish letters to the editor about Dr. Rogers that are received in the newspaper office by Monday, May 31st. A special Dr. Rogers edition of the paper will be released on June 3rd, June 5th.

## Fisharama Open At Lake Cisco

Work has been completed on the Lake Cisco Fisharama and it will be open for business on Sunday, May 30, and thereafter, according to Over-er V. L. Thompson. The barge is located in the Schlaepfer's Draw area of the lake.

MAJOR ROBERT GRAHAM BELL ... U. S. Air Force Pilot

# Full Military Honors Paid Major Robt. Bell

Final tribute was paid by family and friends to Major Robert Graham Bell in funeral services Friday in Cisco. The tribute included full military rites at the Oakwood Cemetery graveside where the young aviator, who lost his life in Viet Nam, was buried beside his father.

Major Bell, 34, was killed in an airport accident May 9th, in Viet Nam. The body was flown home for burial, arriving last Tuesday. Funeral services were conducted at the First Methodist Church. The Rev. J. Morris Bailey, pastor, read the 23rd Psalm, and Romans 8:31-39, and Mrs. Gloria Graham Stroud, a cousin of the deceased, played "Ave Maria" as a violin solo without accompaniment.

The Rev. Edwin Skiles, Abilene Baptist minister, and an old friend of the family, gave a biographical sketch of Major Bell and brought a message of comfort. Lloyd London of Cisco sang the Navy hymn, "Eternal Father Strong to Save." He was accompanied by the organ by Mrs. Wm. E. Austin, also of Cisco.

An honor guard of four airmen stood beside the casket at the church and, at the conclusion of the service there,

they folded one of two flags that draped the casket and presented it to the major's mother, Mrs. Ida Lee Edwards.

At the cemetery, Major Eugene F. Williams, chaplain at Dyess AF Base, was in charge of the military service, which included a brief eulogy and prayer by Major Williams, a 15-volley gun salute by a Dyess firing squad, and the playing of "Taps" by Jerral Finch of the U. S. Naval Reserve Center at Brownwood.

The casket flag was folded and presented by Major Williams to Mrs. Robert G. Bell, the widow. As the casket started into the grave, an aerial tribute was presented by the famous Air Force Thunderbirds, precision flying team with whom Major Bell formerly flew.

First, a six-plane formation in F-100s flew in from the north at 400 miles per hour and at about 300 feet. They were in a "Cross" formation for the north-to-south fly-over. Two of the planes dropped out of the final south-to-north fly-over, which was in a standard diamond formation. The rear and top plane, known as the "slot man," pulled up and

away as the planes crossed the cemetery. If the skies had not been covered with fairly low clouds, the slot man would have gone almost straight up for several thousand feet. The pull-up signified the loss of a formation member.

The Thunderbirds, whose busy schedule takes them throughout the world, flew here Friday morning from Nellis AFB, Nevada, their home base. The Cisco fly-over was the first of three missions they had for Friday before returning to their base.

More than 50 military men were present in uniform for the service. They included Col. E. O. Martin, commanding officer of Dyess AFB, and visitors from both coasts, Washington, D. C., and elsewhere — friends of the young career Air Force officer. Lt. Comdr. Clyde Welch of Naval Air Station, San Diego, was present in Navy uniform.

Major Jack Tullett, official Air Force Escort officer who had been with Major Bell's body since shortly after his death in Viet Nam, described the tribute as "something that his family and friends will long remember and appreciate."

Major Bell was born in Cisco May 23, 1930. He attended the public schools at Houston and spent three years at Peacock Military Academy in San Antonio, graduating with honors in 1948. He entered the Naval Academy and was commissioned a second lieutenant in the Air Force when he finished in 1952.

An active military pilot for some 12 years, Major Bell had flown throughout the Pacific and at several bases in the United States. He spent two years as a member of the Thunderbird team before beginning his final assignment. He was stationed aboard a Navy Aircraft Carrier, the name and mission of which remain classified. His decorations included the Air Medal.

Mrs. Robert Bell and children, Wesley, 11, and Cheryl, 9, were expected to rest here until Sunday when they were expected to fly back to their home in San Diego, Calif. After the children's school year ends, they were expected to return to Texas to make their home. Mrs. Bell is the former Jacquelyn Rogers of Houston.

Major Tullett expected to return to his assignment at Homestead AF Base, Florida, after the weekend.

Boys and girls receiving Sears gilts agree to return one gilt pig with registration papers to the program the following year.

## Hospital Voting To Be In Cisco And Scranton

The order calling an election on Saturday, June 19, in Precinct Four (the Cisco area) of Eastland County on the hospital proposition provides for voting at the City Hall in Cisco and at the Community Center in Scranton.

Precinct Four is composed of two voting precincts—No. 12 (Cisco) and No. 13 (Scranton). The order named J. V. Heyser as presiding judge for voting in Cisco and F. S. Bond as presiding judge at Scranton.

Mrs. Lois Adling of the city hall staff was named clerk for absentee voting, which was expected to begin Tuesday at the city hall.

The official ballots for the election will contain the following question:

"FOR or AGAINST the creation of the Cisco Hospital District and providing for the levy of annual taxes not to

exceed seventy-five cents (.75) on the one hundred dollar (\$100) valuation of all taxable property within such district."

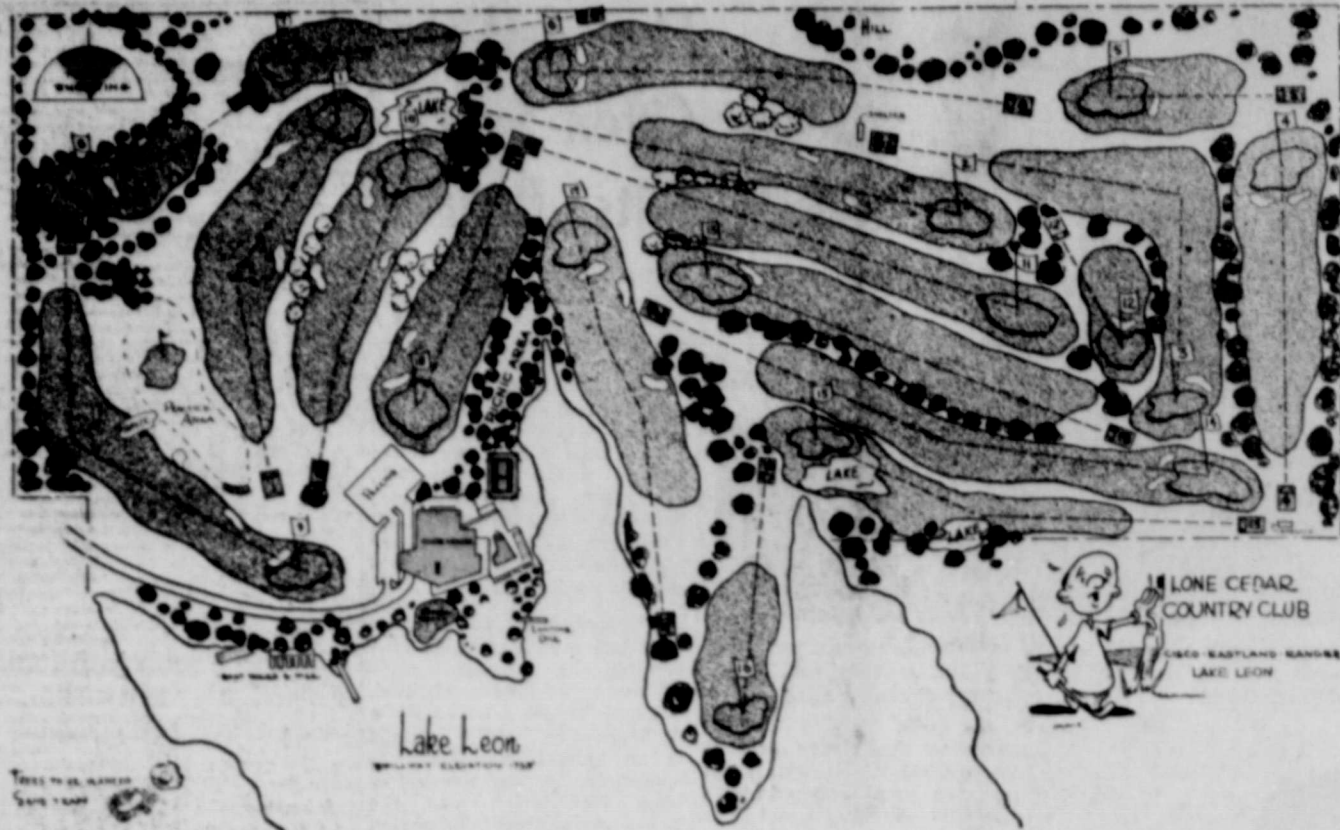

The order pointed out that "only resident, qualified property taxing electors of Precinct Four who have duly rendered their property for taxation shall be entitled to vote at said election."

Manager Jim Smothers of the CoC said plans call for the presentation of full information concerning the proposition before the June 19th voting.

**THE COURSE**—This is the site for Lone Cedar Country Club's Fifth Annual Invitational Golf Tourney, which will unfold this weekend (June 4, 5 & 6). The illustration shows the original design for the course. Only the first 9 holes have been developed to date and are substantially as shown. By any standard, it's a championship route and a capacity entry list is expected for the annual classic. Over \$2,200 worth of prizes are to be awarded. A Pro-Am event will open the tournament Friday. Golfers are expected from throughout the county and surrounding area. The Friday night barbecue is a highlight of the annual event. The exceptionally fine course is located alongside Lake Leon and is midway between Eastland and Ranger.

transitory, and that this is our eternal home, and that death is only the evolution of the Infinite scheme. But through the dark clouds, a bright ray of hope breaks through to comfort and cheer in the thought that someday, in the life after death, we shall hear the voices and clasp the hands and take to our breasts again those who have been the very heart and soul of this life. Back through the years we have kept step and walked arm in arm with those who have passed on to that other shore. What pleasure, what comfort; what satisfaction, as we walked and worked together. How well we knew those of our friends and loved ones who have departed this life, and as we think of the cleft hillside where they are resting in that long sleep, in peace away from toil and care in their new made graves, we tell it all when we say, "They kept the faith."

How often has the friendly handclasp of some friend, and their words of encouragement been a real God-send? How our spirit leaps and thrills when some friend, moved by our friendship, just walks in to help us carry our load.

We thank God for the kindness and words of cheer of those who have gone, and for those also who are still with us, whose lasting friendships are better far than fine gold or precious jewels.

How often have we had that strong impulse to go to someone and offer them our hand in heartfelt gratitude, and express to them our thanks and appreciation for the kindness and consideration shown us? If we did not yield to that impulse, it perhaps was because the thought occurred to us that other days were coming in which, such a demonstration might be more opportune and less liable of misconception. Suddenly, and without premonition, a day will come at last to which, for such a purpose there will be no tomorrow.

We mourn the loss of our dear departed. We regret that Father Time has decreed that they so soon should lay down the pursuits of this life. They did their work. We will do ours, and when we do, we shall know that: "He who, from zone to zone, guides through the boundless sky thy certain flight, in the long way that we must tread alone, will lead our steps aright."

# Tourney Cram Session: Here's The Low-Down On Lone Cedar Golf Course

(ED. NOTE: As a public service in preparation for the forthcoming Lone Cedar Country Club Invitational Golf Tournament, June 4, 5 and 6, this newspaper prevailed on a local golf widow to share her knowledge of the championship course, which she has acquired from her frequent golfing husband. For obvious reasons, the widow prefers to remain anonymous.)

The 3,000-yard, 35-par Lone Cedar Country Club course is definitely a "straight-ball" course, and although there's not a sand trap to be seen, you have to keep your wits about you — or carry an adding machine.

For those of you who want to enter the upcoming tournament and maybe claim some of those valuable prizes (There's \$2,200 worth to be given), here's the low-down, hole-by-hole:

## Miss Broyles And Mr. Shanks Wed In Double Ring Ceremony May 29th

Miss Virginia Ann Broyles became the bride of James Paul Shanks of Baird in a double ring ceremony performed at 8 p.m. Saturday, May 29, at the First Baptist Church in Cisco. Rev. Jesse Cassie, pastor, read the rites.

Mrs. Rosa Lee Broyles is the mother of the bride and Mr. and Mrs. Paul Shanks, Clyde, are parents of the groom.

Mrs. William E. Austin was organist, and Miss Ann Bradley of Abilene was soloist.

Miss Cindy Broyles, sister of the bride and Mrs. Tommy Broyles of Abilene, sister-in-law of the bride, were maid and matron of honor. A. E. Dyer Jr. of Baird was best man.

Bridesmaids were Miss Mary Jane Horton, Merkel; Miss Jeannie Mallow, Plainview; Mrs. Cecil Evans, De Ridder, Louisiana; Mrs. Harold Evenson, Abilene; and Mrs. A. J. Morris, Long Beach, Calif. Kathy Dunlap of Olney was her cousin's flower girl and Monty Webb of Abilene, cousin of the groom, was ring bearer.

Candlelighters were Bobby Broyles, brother of the bride, and Chuck Lamontagne of Fort Worth, cousin of the bride.

Ushers were Terry and Tommy Shanks of Stanton, Eddie and Johnny McCluskey of Clyde and Bill Webb of Abilene, all cousins of the groom; and Tom Womble of Morse.

Groomsmen were Prince Altom, Pampa; Ben Neel and Harold Evenson, both of Abilene; Frank Windham Jr., Baird; C. H. Lamontagne, Fort Worth and George Jones of Abilene.

The bride, given in marriage by her brother, Tommy Broyles of Abilene, wore a Murray Hamburger original gown of ivory gros de Londres and re-embroidered Abilene lace. The lace, in Bridal Rose pattern, formed the scooped neckline of the bodice which was moulded in a contoured waistline. The bell-shaped skirt, patterned in motifs of lace, was caught to a self bow at the back and swept into a chapel train. Her veil of silk illusion was caught to a haze of iridescent crystal and seed pearls. Her only jewelry was a string of pearls, gift of the groom. She carried a bouquet of gardenias, white roses and stephanotis centered with a white orchid atop a white Bible.

The maid and matron of honor and bridesmaids were identically attired in mist green peau de soie dresses with floor length skirts topped by

short jackets fashioned with three-fourths length sleeves and back button detail. They wore picture hats of white horsehair with mist green velvet ribbon streamers, and carried bouquets of Marguerite daisies and English ivy.

A reception was held at the home of Mr. and Mrs. William E. Austin, 300 West 5th Street. Members of the houseparty were Mrs. Jimmy Dennis, Mrs. A. T. Byrum, and Miss Jean Robbins, Clyde; Mrs. C. H. Lamontagne and Mrs. Doll Goulding, Fort Worth; Miss Barbara McCord, Brady; Miss Sharon Cummings, Littlefield; Miss Anna Irwin, San Antonio; Mrs. Ron Newsome, Comstock; Mrs. Bob Thornton, Abilene; and Mrs. Hershel Barnes, Austin.

The bride is a graduate of Cisco High School and will receive a Bachelor of Science degree in August from Hardin-Simmons University where she was 1965 University Queen, head cheerleader and honorary ROTC colonel. She was Sigma Delta Sigma Sweetheart, a Tri Phi Social Club member and Anderson Hall Sweetheart. She is also listed in Who's Who in American Colleges and Universities.

A Baird High School graduate and holder of a B. A. degree from Hardin-Simmons University and an LLB from the University of Texas, the groom is county attorney of Callahan county.

The couple will be at home at 233 Vine Street, Baird, after June 8, following a wedding trip to San Francisco, California. Mrs. Shanks wore a nylon and linen beige suit accented with a green silk scarf at the throat, and a beige pearlized straw hat with bone accessories.

A bridesmaids' dinner, hosted by the bride, was held at the Abilene Country Club Thursday evening, May 27, for her attendants and the mothers of the couple.

The bride, who has been feted in Cisco, Baird, Clyde and Abilene, was the honoree at a luncheon at the Windsor Hotel in Abilene, Thursday, May 27, at 12 o'clock noon. The hostess was Mrs. Ralph Hovington of Abilene, aunt of the groom.

The rehearsal dinner, hosted by parents of the groom, was held at the Spot Restaurant.

No. 1 — A good opening hole... and as good a place to begin as any... 375 yards, country — Lost Ball Journey.

No. 2 — A 367 yard, par 4, that can be awfully treacherous. Lot's of birdies here, but as many double bogies. Stay in faraway for best results. The green has more moves than Ann Margrett and is a conqueror of even the best putters.

No. 3 — A 128-yard, 3-par beauty. Don't let the short length fool you. One of the finest holes you'll ever find, but don't get reckless.

No. 4 — A nice long 370-yard, 4-par for the duffer. If you look close you may find a lot of broken clubs around this hole.

No. 5 — This is the "man-maker," a 400-yard, par-5, with a dog leg down and back, with out of bounds to the left. Once off the tee, you're in Mariboro Country. Remember, look to the left.

No. 6 — This is a 36-yard, par-4 hole where you may need your water wings. There's a water hazard that's great to cool off by, but muddy to chip out of. It's out-of-bounds on the right, so look and be ready to warn the Coast Guard.

No. 7 — A relatively short 200-yard, par-3, that takes you right to the water's edge. It's a Peninsula. Look ye, neither to the left nor to the right — they're both out-of-bounds.

No. 8 — A 400-yard, par-4, catch-up hole that can be a wooley booger. You might call it the All American hole.

No. 9 — 380-yard, par-4, with —that's right, you guess it, an out-of-bounds to the left. Suitable for right-handers and those who veer in that direction.

According to my pro, the greens are extra big, and in extra - good condition. The roughs are mowed and the fairways are marked.

And so with all this advance information, there's no reason why there shouldn't be quite a few first-place winners. (NOTE: If you know my husband, please don't tell him I gave you all this information. He thinks he's the only one that knows it and hopes to win the tourney.)

(ED. NOTE No. 2: Here's more tournament information, for those who want to take the above information and win prizes —

A fast field of top players is forecast for Lone Cedar Country Club's 5th Annual Invitation Golf Tournament

## IN MEMORIAM...

By CHARLES BOBO

The snows of almost two thousand winters have melted into spring-time, and three thousand miles of boundless deep marks the wide expanse that separates us from the Manger, the Cross and the Sepulcher. But time nor distance can ever dim the luster of the sacrificial life that went out at Golgotha, that in all the coming time, all the sons of man might look beyond the tomb to the breaking light of a resurrection morn.

How clearly it comes to our mind, the room in the upper chamber, the meeting of the disciples, the re-union of the Last Supper, the washing of feet by the Master Himself; He then goes out into the night toward the garden of Gethsemane. But before He goes, and as a real benediction, He gives the mandate, the New Commandment, "Love one another."

We call to mind those who, even in the short space of a year have left us and gone out into the Great Beyond. One in almost every household, even the furniture and all the adornments take on a kind of living personality. The smoke from the fireplace curls up the broad chimney; the clock on the mantle ticks away the lonesome hours; on the table the well worn family Bible, thumbed by fingers long since stilled; and blurred by tears from eyes long since closed; the vacant chair; and over all the stern realization that in this life all things are

which will get underway next weekend — June 4, 5 and 6. Program calls for a Pro-Am tournament to be held Friday afternoon as the feature of championship qualifying. There will be a barbecue Friday night for players and the public. The \$15 entry fee will include the barbecue for golfers.

Reeves McBee of Garland, defending champion, is expected to be on hand. Other top players of this region include Pat Rickett of Olney and Don Johnson of Athens, the winner of earlier Lone Cedar tournaments and other area tournaments.

Arrangements for the tournament are being made by R. P. Buddy Haun, Bruce Pipkin, Bill and John Hart, Don Doyle, Jack Arrington, Charles Freyschlag and Jim Parks all of Eastland, and Bill Collins, Dr. Theodore Nicksick Jr., Joe Collins, all of Ranger. Neil Day will be starter and Andy Taylor will handle registration.
