

Bulldogs Boast Weight, Size; Cumpston Whipping 35 Squadmen Into Shape

The 1965 Ranger High Bulldogs pigskin squad is shaping up, Coach Gerald Cumpston said Monday, but the 35 school boys hopefuls have a long way to go before they're ready to hit the turf in their opener against the 7-AA Cisco Lobes on Friday night, Sept. 3, at Bulldog Stadium.

Of the initial 38 boys reporting for the first week's drills, only three dropped out — and they were all freshmen.

Cumpston said most of the squad members were getting into shape after the summer lay-off. But positions aren't set yet. Who will play what may be more definite at the week's end following a Thursday scrimmage.

During the initial two-a-day drills last week, Cumpston and his aides, Charlie Smith and Lee Roy Duke, stressed fundamentals. Their charges were in pads for all 10 sessions.

This week's workout activities — mornings from 5 until 9 and evenings from 5 until 7 — are designed to develop more polish and finesse. Complicating the initial sessions is the fact that the 35-member squad is getting indoctrinated with new offense and a new defense.

The 1965 Maroon & Whites will bring their offensive tactics off the straight Wing-T with a pro set.

Town Talk

DATE SET FOR CEMETERY WORKING
The Bullock Cemetery working has been set for Friday, Aug. 27. The cemetery is badly in need of repair work and all persons having loved ones or friends in this cemetery are asked to lend a helping hand.

Working in the secondary are Johnny McGee, Blackwell, Mike Landtroop, Phil Brown and David Dunson. Johnny McGee, 190-pound senior and one of the 13 experienced veterans and lettermen back for action this fall, will probably handle the man-der chores with rangy End Jerry Watson available to sub-in at the quarterback spot when needed.

Here is the roster of the 1965 Bulldog squad:
Johnny McGee (10), 190, senior quarterback.
Richard Lebrado (14), 135, junior back.
Freddie Blackwell (15), 130, freshman quarterback.
Glynn Wilson (20), 110, sophomore back.
Larry Blackwell (22), 170, junior back.

BEAUTIFUL PLAQUE presented to Ranger Riding Club at the big Graham Rodeo as a climax to "Ranger Day" last Friday is proudly displayed by John T. Roberson, president, and Harvey Hale of the local group. The Ranger Riding Club has colorful and impressively represented Ranger at a number of rodeos and stock shows during the past year. Mr. and Mrs. Walter Henry, sponsors of the Ranger Teen Town, announced that Teen Town will be closed Friday, August 27, and Saturday, August 28, for the Ranger All-Girl Rodeo.

Big Attendance Is Due For Two-Day '65 All-Girl Rodeo

The feminine gender will be in the spotlight Friday and Saturday nights out at the Jaycee arena on old U. S. Highway 80 west as coveting cowgirls match their wits with rugged stock in the 1965 All-Girl Rodeo.

Performances are scheduled for 8 p. m. nightly. The colorful 1965 show will be opened with a gala parade in downtown Ranger Friday at 6 p. m.

Ed Shinn, chairman of the parade committee, said that a large crowd is expected to be on hand to watch the procession.

Miss Annie Mae Parsons Dies; Rites Wednesday

Funeral services were held at 2 p. m. Wednesday for Miss Annie Mae Parsons, 72, who died at 4:30 a. m. Wednesday in the Sunrise Manor Nursing Home in Eastland, where she had been a patient since May, 1964.

Jaycee-Ettes Handling Concessions At Rodeo

Members of the Ranger Jaycee-Ettes will operate the concessions stand at the Jaycee Arena during the 1965 All-Girl Rodeo to be unreeled here Friday and Saturday nights, Aug. 27-28.

The weekend all-girl arena event will be the fifth rodeo the Ranger Jaycees have actively participated in during the past three years.

The concessions booth is located at the entrance to the arena. Available there will be candy, jumbo peanuts, chewing gum, potato chips, cold drinks and sandwiches.

Mineral Wells '9' Cops Title Ranger Tournament

Mineral Wells picked up the championship of the Ranger Invitational Women's Softball Tournament Saturday night by defeating Ranger's Fox Trotters, 8 to 4. The Mineral Wells nine bunched up three runs in the first, one in the third, and four tallies in the fifth frame.

Eastland County Ranks High As Oil and Gas Producing Region

Eastland County's producers and royalty owners are marketing some \$2.3 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil & Gas Association this week.

Ranking 141st among Texas oil and gas producing counties, Eastland County in 1963 received some \$1.7 million from wellhead sales of oil and an estimated \$605,000 from natural gas. County production of oil was approximately 345,000 barrels; natural gas, 4.8 billion cubic feet.

\$293,000 distribution of oil and gas royalty payments annually. The Association based its annual study of this county's oil and gas output on statistics compiled by the U. S. Bureau of Mines for 1963. Production data for 1964 would be approximately the same.

School Photos Will Be Taken On September 1

School day pictures will be taken Wednesday, September 1, in the Ranger Public Schools.

Foxtrotters Gun For Win Over Spa Nine

Will the third time be a charm? That's what fan-supporters of the Ranger Foxtrotters were asking Wednesday on the eve of the R-towa femmes third meeting — in a championship softball tilt — against the Mineral Wells Wildcats.

Today's eyeglasses now provide better looks as well as better vision. The latest styles for frames range from hump or slender rectangular frames to jumbo owl eyes. For the young at heart the new wrap-around band-type frames with lenses narrowed down to slits are good for boy watching.

From a fashion standpoint, choose frames that enhance your face. Exercise restraint in wearing jewelry so the total effect remains uncluttered. If you wear glasses all the time, adapt your hair style to the glasses. Adapt your make-up to your glass frames, too. Make sure your brows show above the frames, but don't draw in theatrical lines. Let mascara dry before putting the glasses on again. Choose eye shadow colors carefully, avoiding a too dark shade if the frames are also dark. Above all, don't let your eyes, the frames, and the shadow add up to a strident mixture of colors.

Keep your complexion lovely because glasses call extra attention to your face. A daily soap-and-water facial will help you achieve the clear skin so necessary to look attractive in fashionable glasses.

Going fishing? Here are some helpful hints on how to preserve your catch. Fish can be kept in good condition for as long as 24 hours without refrigeration if they are bled, cleaned, washed and salted as caught. Use a fine grade of pure salt, mixing in tablespoon of pepper for each cup of salt. Rub the salt into the flesh, using about one tablespoon to three-quarters of a pound of fish. Dust some salt onto the skin as well. Place the salted fish in a box or basket loosely packed

with green leaves. Then cover the container with several thicknesses of burlap. Keep the burlap damp. Rinse the fish well before cooking.

To keep fish as long as a week or ten days, roll them in salt and pack away with as much salt as will cling. Before cooking them, soak the fish in water for about ten hours to remove the salt. Change the water several times during the soaking.

Almost anyone with a lawn to mow will admit that "man's best friend" in the summer time is a power lawn mower.

Although power mowers are tops among labor saving devices they pose some potential hazards. They can save you time money and back-breaking efforts but they can also kill and maim.

In a recent year some 70,000 accidents involving power mowers were recorded. Lost in the carnage each year are approximately 50,000 toes and 18,000 fingers, not to say anything about other injuries and the loss of life itself.

Perhaps we need to have power mower handling courses just as we have gun handling courses to promote safety.

A rotary blade on a mower — whirling at some 4,900 revolutions a minute — can hurl a hard object such as a stone or nail much like a bullet. These missiles can have the impact of a 22-caliber bullet with enough force to kill anyone in its path.

Safety with a power mower — as in any event — lies with the individual. An understanding of the mower and a respect for its potential could save you a limb or even a life.

Before you mow next time make sure your mower is in

good shape with all safety devices secured and all nuts and bolts properly tightened — especially the one holding the blade.

Check the fuel before starting the motor. And never add gasoline while the engine is running.

Clear your yard of all children and pets before you begin. If your neighbors are in a nearby yard wait until they leave before you mow. You wouldn't schedule a shooting match with people standing about at random.

Protect yourself with proper clothing when you mow. Wear long trousers shoes and work gloves.

Watch where you go particularly for slopes and any objects ahead. And when you leave the mower, stop the mower.

Your power mower can be your best friend this summer if you treat it with respect and handle it with care.

(A weekly feature from the Texas State Department of Health Division of Public Health Education.)

AUSTIN—The teeth of Americans contain at least one billion cavities, each a potential source of toothache, dental authorities now estimate. They say tooth decay is so widespread that it involves 95 of every 100 persons and is still increasing.

A virtually incurable chronic disease which must be prevented if it is to be conquered at all, tooth decay is a particular nemesis of elementary school-age youngsters although all ages are vulnerable to its ravaging pain.

Children are said to develop cavities at about the same ratio as do adults—approximately one per child per year. But scholarly surveys show that whereas one-third of the adult need for fillings is being met, only one-fifth of the cavities in children's teeth are being repaired.

The reason, Texas Health Department dental officials speculate, is that so many parents still cling to the totally false notion that so-called

"baby teeth" are unimportant because they are temporary. The frequent result is that good dental health for children is still a relatively scarce commodity.

In an attempt to reverse the trend toward almost universally poor dental health among youngsters — particularly in underprivileged homes — the dental division of the Texas State Department of Health gives financial and education support to dental clinics in selected local health departments around the State.

The addition of fluoride in carefully controlled amounts to public water supplies is known by dental researchers to be an efficient deterrent to dental decay. The State Board of Health has reaffirmed its belief that fluoridation is safe and effective, and recommended that local communities consider the practice wherever applicable and practicable.

There is one positive step all parents can take to avoid the fate of toothlessness among their children, dental scientists agree. It's a simple step, requiring only that youngsters be taken to a dentist for tooth and gum inspection before being enrolled in school each fall.

Before the visit is over, the dentist will have tutored the youngster in good dental hygiene at home, hoping the habits will take hold and last into adulthood.

When enough children have received such instruction, and make it a part of their daily lives, the blight of tooth decay may slowly fade from the American scene. (A weekly feature of the Health Education Division, Texas Department of Health.)

LONG Peanut Combines

The outstanding dependability and performance of LONG peanut combines have won them the reputation with owners everywhere as being "the best money can buy". Owners have found that they can depend on their performance not just day after day but season after season. Regardless

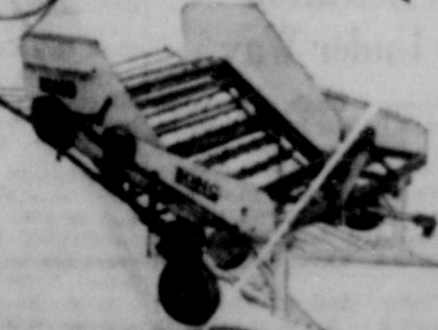

of conditions Long peanut combines have shown that they have the dependability and harvest ability to get the job done.

Long has not been content to rest, however. For 1965 it has made an even better and more powerful machine. The combines feature:

- a new tongue designed for better vineflow. It turns shorter and is more maneuverable.
- powerful PTO drive with timken bearings in each end. It's designed to take tractors up to 75 hp.
- belt drive with two specially designed heavy duty, super quality belts of high tensile strength.
- baked on automotive type paint for a longer lasting finish.
- spring loaded automatic belt tightener.
- balanced peanut conveyor fan for longer wear and better performance.
- peanut conveyor under machine protected by shield.
- all steel front shaker pan.
- heavier wheel hubs.

LONG DIGGER-SHAKER

Many parts have been made heavier to give you a stronger, longer lasting implement. Heavier bearings, heavier pipe in the reel, added frame strength give you a more durable piece of equipment. Shakers mounted with three bolts and are easily adjustable.

TOWN TALK

(Continued from page 1)
University of Corpus Christi there. Heard many compliments on the participation of the Ranger High School Band and Ranger Riding Club in the homecoming parade at neighboring Strawn last Saturday morning.

MONDAY, August 23, at 1:30 p. m., Mike Martinez experienced a "robbery."

While sipping away on a favorite soda, Mike forgot that he had parked his only transportation, a bike, outside Crawford Doss Rexall drug store, and to his amazement, the black High Flyer, which he had bought at Western Auto had been stolen, while Mike was leisurely enjoying his "pepper-upper!"

If anyone knows of its whereabouts contact Mike Martinez or the Ranger Times.

TWO BEAUTIFUL oil paintings hang out at the Ranger Livestock Auction, Highway 80 east.

One of them, in the office of the livestock market, is a portrait of an Indian girl. The other painting is in the lobby.

The canvas and oil creations are those of Mrs. Jerry McCleskey, wife of Glen McCleskey, formerly of Ranger and now of Dallas.

The talented young painter is the daughter-in-law of Mrs. Fae McCleskey and the late Roy McCleskey of Ranger.

BILL ANDERSON of Anderson Chevrolet Co., Ranger, was back in his office last Tuesday following an absence of more than a week spent on an enjoyable vacation re-visit.

Anderson, his wife, and their four youngsters, Billy, Candy, Jana and Timmy spent three days in Houston and then went down to Aransas Pass to relax.

They saw the home of the astronauts and also noted the CBS, NBC and ABC video cameras at the homes of the two astronauts now in an eight-day orbit of the earth.

Anderson was especially impressed with the large Astrodome, home of the major league Houston Astros. He said that he and his fam-

ily watched the Houston nine play the Pittsburgh Pirates while they were in the state's largest metropolis.

"Words fail to describe the Astrodome," Anderson said. "It's just simply fabulous!" He was highly intrigued with the scoreboard and its sight and sound gimmicks. It is fantastic to match its equally fantastic cost of \$2 million.

SOME WEEKS AGO, Editor H. V. O'Brien of The Eastland Telegram wrote a small book about Old Rip, that town's famous sleeping frog. A copy of the book reached Paul Crume, the Dallas Morning News columnist. Mr. PC reviewed the book, devoting an entire column to it.

And Mr. Crume wrote HVO that the book would have been a best seller if had put some sex into it. Last we heard, HVO was wondering how in the world you could put sex into a book about a horned toad.

Proper shoes for the job are most important for anyone seeking employment, whether it be the teenager seeking summer work, or, employee, or adult seeking regular or part-time employment.

Take stock of your appearance and make sure that you are shod in neat, smart-looking footwear.

Here are some suggestions for foot dress when job hunting.

Wear a pair of trim, well-polished leather shoes with or low heels. Executives and personnel people can read a whole biography in a job applicant's footwear. Smart leather shoes denote neatness, style and a sense of proper business conduct.

Before joining the job-hunters, check your shoes for smudges, scratches, rundown heels and loose lifts. These are signs of sloppiness to an observant interviewer.

In the business world, young women are best shod in simple leather pumps or spectators, or sling-backs. With today's fashion stressing the sort, stripped-down look, many pumps are low-cut or opened at the sides. Sling-backs are becoming increasingly popular, with even spectators showing an opened-up heel now and then.

With the "leggy look" so much in vogue, it's permissible to wear fashionable short skirts provided you don't go to extremes. Textured stockings, if worn on the job, should be discreetly patterned. For an interview, regular nylons are recommended.

OIL AND GAS

(Continued from Page 1)
Association estimates that in 1964 approximately \$468,000 was risked by Texas oil and gas operators on drilling ventures in Eastland County. About 73.1 per cent of this expenditure, or \$342,000, went into dry holes.

A tabulation by the Oil and Gas Journal shows 26 wells were drilled in the county in 1964: 3 oil, 3 gas, 19 dry holes, and 1 service well. A total of 61,000 feet of hole were drilled — 35,000 for development wells and 26,000 for wildcats.

In addition to local schools and county property taxes by oil and gas operators, taxes on production from Eastland County flowed into the State Treasury at the rate of about \$122,000 a year.

An upgrading of the county's gross economic output is contributed by the operation of 4 plants which can process some 71.3 million cubic feet of natural gas a day to remove liquids such as butane and propane.

Tips received by hotel, cafe, transportation employees, etc., will be taxable and creditable for social security in 1966.

Clergymen desiring social security coverage but who have not filed their waiver form may do so up to April 15, 1966.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Every once in a while a reader will ask why so-called industrial capitalists are not more prominent in decrying the politically motivated economic fallacies of the times.

The answer is best found in the fact that so many of these big industrial capitalists have government as a major customer. They just do not want to lose this business.

It was therefore quite interesting to note recently that in a special report, Kaiser Steel, which is not one of the giants in the industry, reports that plate production will be curtailed this year due to the policies of Labor Secretary Wirtz.

By refusing to permit Mexican farm workers to come into the country, the need for tin cans to pack tomatoes, asparagus, and other crops, largely grown in California, has substantially diminished.

With the uncertainties created, bankers were not prone to loan money to put in crops that probably would not be either cultivated or harvested.

It is most difficult to accurately appraise the economic loss to the nation created by this bureaucratic stand.

To afford just one example of one product, it now appears that the California tomato harvest could well be over a million short of last year. The acreage planted is substantially reduced, and in addition,

due to delays in getting a kind of word out of Washington, plantings were delayed, which means that the crop will mature later, because with a great reverence for bureaucratic nonsense, tomatoes just won't hurry to ripen to please anybody, and if they should delay until the first rain or frost hits, they are garbage.

Of course, after damage was done, causing an economic loss in one state of more than \$50 million to growers, to labor, to truckers, et al, there was announced another fantastically dreamed up plan.

That is the idea of high school athletes for harvest.

While this may impress city folk, it falls flat elsewhere.

There is one big flaw in the entire opium-like dream. Tomatoes are harvested in September and October, when schools are in session.

Thus the nation's high school boys are in a painful dilemma. They are urged to study to prepare themselves for useful roles in the Great Society. In accordance with the President's Fitness program, they are supposed to also continue to play football this fall along with the studies. And now in addition to all else, they are urged to pick tomatoes as a patriotic duty to cover up the stupidity of Secretary Wirtz. If the high school athletes try to cover all these bases at the same time, the conflicting stresses will create severe emotional disturbance. Even of course, this resulting situation will then justify greater tax expenditures for an expanded national Mental Health program.

Desdemona News

There were quite a few visitors at different churches in Desdemona last Sunday.

Mr. and Mrs. H. T. Lane returned home Sunday from an extended visit in Granite Shoals. They visited in the summer home of her sister, Mr. and Mrs. Paul Taylor of Eastland.

Mr. Mabron Wilcoxson returned home Sunday from Eastland Memorial Hospital, where he has been a patient for the past two or three weeks.

Mrs. Hattie Davis, who fell an injured her back recently, was able to go home with her daughter, Wilma Faye Bly, to spend a few days. After her back injury, she was a patient in the Stephenville hospital.

Mrs. W. H. Davis accompanied her daughter, Mr. and Mrs. Aaron Henslee of Lingville, to Sicily, La., where they spent several days last week.

Mrs. Ollie Fein left early Monday with Mrs. Loveda

Krapf and Mrs. Edna Clayton to visit this week in Silvertown with Mrs. Zireta Perry.

Mrs. Emma Quinn left Monday with her son, Frank Quinn, for an extended visit; also, Mrs. Quinn will visit in Goldsmith with another son, J. P. and family, before she returns home in October.

The Bryant Blankenships spent the weekend on the farm near Stephenville.

Mr. and Mrs. Elmer Wilhelm of Austin and Mrs. Mike Tolliver of Paige visited the Genoways and the Ott Raglands last weekend.

The Ott Raglands spent Sunday in Stephenville with Mr. Whit Richards and Billie.

Quite a number from here attended the funeral held at Lingville last Wednesday for Mrs. Shug Sharp.

Many from here attended the two funerals last Tuesday at Howard Cemetery.

Mrs. Rob Lewis is home following a long stay in the hospital with a back injury.

Mrs. Lewis enjoyed the "sunshine" shower event or

her Sunday by friends, sponsored by Faithful workers Sunday School class. She wishes to thank each and everyone for the nice gifts.

Mrs. Myrtle Reid left Sunday with her daughter and Mr. and Mrs. Bill Townsend and sons of Baton Rouge, La. for an extended vacation trip to Colorado state.

Many Desdemonians attended the two funerals last Tuesday, one held for Mrs. Dick Ervin of Gorman and Mr. Sal Yardley of Stephenville at the Howard Cemetery.

Mrs. Scotty Lemaster of Dallas is here visiting her mother, Mrs. Pearl Maltry.

Miss Linda Greenshaw is home now from Denton, where she finished her degree by attending summer school.

The Bennie Dean White family of Greenville was here last weekend visiting his mother, Mrs. Sylvia Abernathy.

Mrs. Joyce Underwood of Chaney spent Sunday here with her mother, Mrs. Rob Lewis.

Mrs. Roy Watson's visitors last weekend were her sisters and their families. They all attended church services at the Church of Christ.

Mrs. Senia Hooper was honored recently with a birthday celebration, with Mrs. Felix Sparks as hostess and Mrs. Oleta Wade, co-hostess.

Miss Sandra Stewart and Miss Judy Wilcoxson of Odessa are here for a two weeks visit with their grandparents, Mrs. Stewart, Ethel Keith and Mr. Mabron Wilcoxson.

Public school will open here Aug. 30. Many new students are expected to attend Desdemona schools.

Mrs. Bob Koonce spent the past weekend in the Gorman hospital, having tests and x-rays made.

Mr. and Mrs. Less Williams of Corpus Christi spent the weekend here with his mother, Mrs. Doyce Williams and his daughter, Pam, who had been here for two or three weeks.

Mrs. Roy Guthery is on the sick list again this week.

Mr. Ted Hall has been a patient in the Stephenville Hospital, after receiving injuries in a car wreck Tuesday; however, he is home now.

The annual revival at the First Baptist Church will be held Sept. 12 through Sept. 19. Come and have fellowship with us.

Mrs. Burley Saint and children are here and are welcomed by this community as the return of former residents.

Dr. Dan Donnagan of DeLeon was guest speaker at the Baptist Church Saturday night. He spoke to youngsters on "First Aid".

County 4-H Club Calf Field Day Big Success

The Eastland County 4-H Club Calf Field Day held last Saturday at the Irvin Phippen ranch northwest of Cisco was termed an outstanding success from all view points, announced Bill McCutchen, Assistant County Agent.

Some 85 persons attended with 18 calves being exhibited during the afternoon program. Breeders present were Mrs. Horace Green of Jacksboro, Pete Dunning of Abilene, Mrs. W. S. Carter of Rising Star, and Ray Williams of Gorman.

Exhibitors, who introduced themselves, their steers and breeders, were Teddy Jordan of Gorman, one Hereford; Bobby Williams of Gorman, one Angus; Gary Wheat of Eastland, two Herefords; Carter and Cynthia Houncil of Rising Star, two Angus steers and one Angus heifer; Wayne Carlile, Cisco, one Angus steer; Mike Farnsworth, Cisco, one Hereford steer; Lynn Phippen, Cisco, three Hereford steers; and Bobby, Tommy and Caddye Lee, Cisco, one Angus, one shorthorn, and four Herefords.

Lyns Phippen, daughter of the host family, gave the welcome to commence the day's activities. A demonstration on selecting and feeding of show steers was presented by Pat Garner, County Agent of Callahan County, assisted by Mike Farnsworth of the Cisco 4-H Club and his hereford steer, Mack. Buck Wheat of Morton Valley demonstrated grooming and clipping of show steers, emphasizing how to make good points stand out and how to improve on bad points.

Posting and showing of steers was discussed by Mr. McCutchen, assisted by Tommy Lee and his Angus steer, Heck, and 4-H'er Carter Houncil. Question and answer sessions were conducted during the three-part program. During the afternoon exhibition of calves, 4-H'ers gave weights and explained the average daily gain of their calves. The program closed with a calf bathing demonstration by the Cisco Club with Bobby Lee, club president, acting as commentator. Taking part were Lynne Phippen, Mike Farnsworth, Tommy and Caddye Lee. Lynne was introduced as entering her fifth year as a steer feeder.

Effects Of SS Changes Noted

The most important effect that will be felt in 1965 from the recently adopted Amendments to the Social Security Act will be that on certain students aged 18-22, and on all current beneficiaries of the old-age, disability, and survivors insurance portions of the law.

An unmarried student, whose parent is entitled to retirement or disability benefits, or whose parent is deceased and was insured under social security, can now be paid (effective with January 1965) monthly benefits while he is a full-time student — in high school, college or university, vocational or trade school. Any such student, or his parent, should immediately write his social security district office for free leaflet Number OASI-1965-4. If he feels that he is eligible, then prompt contact should be made with the social security office, or with a representative of that office when he is in or near the student's location.

All current beneficiaries under social security will receive a 7 per cent increase in their benefit rates. This, too, is effective as of January 1965. With some 20 million such amounts to be refigured, the following timetable will be employed. The checks due to arrive about September 3 (for August) will be in the same old amount. Then in mid or late September an extra check to cover the raise for the months of January-August will be mailed out. Checks mailed for delivery about October 3 (for September) will be in the new rates. For example, a person who has been receiving a \$60 check about September 3, a \$33.60 check about September 20th, and a \$64.20 check about October 3. No action needs to be taken by such beneficiaries as this will be done automatically.

Changes In Marine Corps Enlistment Policies Made

The United States Marine Corps made some changes in their present enlistment programs August 11.

The Marine Corps is now accepting applications for two-year and three-year assignments to extend active duty. Persons enlisting under this program may choose a date of departure for active duty within 60 days of the date of enlistment.

To be eligible for this program, persons with no prior military service must be 18-years of age and at least 62 inches in height.

In addition, former Marines with the rank of Gunnery Sergeant or below, if otherwise qualified, who were released from active service within the past 12 months, may be enlisted in the regular Marine Corps and reappointed to the rank held at the time of their discharge or release from active duty.

Also, former members of the armed forces with not more

than one dependent, are eligible for appointment to the rank of Private-First Class (E-2) or Lance Corporal (E-3) are acceptable for enlistment in the Marine Corps if otherwise qualified.

Persons interested in obtaining information about any Marine Corps program should check with the Marine Corps Recruiter at Post Office Building, downtown Abilene, Texas.

HAS RETURNED
Sandra Owens has returned after visiting relatives and friends in Longview this summer.

Sandra Tibbels of Fort Worth was here this week while here, she attended the Youth Let Revival at the Second Baptist Church.

The 1965 tax rate of 2% on employee and employer is the total of 3.85% for regular social security and 3.8% for hospital insurance.

Veterans Land Program Seen As Good Success in County and State

The Texas Veterans' Land Program today stands on its own as one of the soundest state endeavors in modern times. And the record of the program in Eastland County is typical of the state-wide success story.

There have been over 300 tracts of Eastland County land sold to veterans under the program, and there has not been a foreclosure in the past 10 years. The total sales amount to about \$2,000,000 in the county — a substantial contribution to the county's economy.

Records show that one out of every 100 sales made in Texas in the program was in Eastland County.

J. C. Carter of 117 Mesquite Ranger, is chairman of the Eastland County Veterans Land Board committee. Others on the committee are W. F. Davidson, 209 S. Ostrom, Eastland, and W. L. Phippen, 1109 W. 6th Cisco.

The program, which is the best opportunity offered veterans of any state in the Union, is not a dole or a waste of public lands. Now in its 36th year, it is a sound, self-aided virtually every man

sustaining business. The program is able to operate at no increased burden on the taxpayer because fees collected for various services rendered by the Veterans' Land Board defray yearly operating expenses.

The Veterans' Land Program has not only given the state an opportunity to aid the men and women of Texas who served their country during World War II and the Korean Conflict; it has boosted the state's economy and will produce an eventual profit on the \$200,000,000 from sale of bonds used to finance veteran land purchases.

Today more than 34,500 purchases have been made by consisting of almost three million acres of land. By December, 1965, the expiration date of the present program, over 35,000 Texas veterans will have purchased land, and it has placed the \$200,000,000 paid for the land in circulation in Texas. Since every invested dollar changes hands approximately eight times, this investment has 36th year, it is a sound, self-aided virtually every man

and woman in Texas by boosting the economy. Over the years Texas veterans have shown an active interest in land purchased through the Board. Over 1,100 homestead deeds have been issued and many more thousands have built homes and improvements on their land without severances. Veteran Purchasers have improved their land by building fences, stock tanks, barns and have also planted permanent pastures. Improvements, such as these, add to the beauty of the state and are a factor in adding millions of dollars to the economy of Texas.

A significant boost to the economy of Texas comes from mineral leases on land owned by veterans. Today there are approximately 6,000 such leases on veteran tracts with 466 producing. Interest in the program has not diminished over the years and veterans have not slighted their commitments to the Veterans' Land Board. We now have over 5,700 veterans who have paid off their contracts and, as of August 1, 1965, all veterans on the waiting list were mailed their applications and contracts thereby enabling them to purchase a tract of land. Many additional inquiries are received daily to buy land through the program even though on November 5, 1964, the Board had to stop placing names on the waiting list because those already on the list were all that could expect to be reached from funds available to the program.

Transfer of veteran contracts is a big business carried out by the Veterans' Land Board in addition to purchasing new land tracts. The veteran is paid his equity, and the contract is transferred to the new purchaser. The Board has handled over 8,000 such transfers.

A large majority of veteran landowners have taken out insurance under a newly adopted program which pays their contracts in full in case of death. This policy is endorsed by the Veterans' Land Board because it further safeguards the taxpayer against loss through the program. Although the program is in its 36th year, it has not, as yet, been able to provide equal opportunity for nearly all the 1,000,000 eligible veterans in Texas to purchase a tract of Texas land. If the Constitutional amendment passed during the last session of the Legislature is approved on November 2, 1965, money will again be available for pur-

chase of additional land for the veterans of Texas without a waiting period, and each veteran will be permitted to purchase a tract of land costing up to \$10,000 compared to \$7,500 under the present program.

Band Members Enjoy Party At E. E. Ford Cabin

A band party was held at the E. E. Ford cabin at Lake Leon, Thursday night, August 19.

The group enjoyed swimming for an hour and then had sundry games and contests. Winners of the egg throwing contest were Connie Gilbert and Emery Ford; they also won the three-legged race. Winning the girls shoe scramble was Della Camacho, and winning the boys shoe scramble was Tommy Brashier.

All girls who brought cookies were presented with a number and the person with the lucky number won a charm; winning the charm was Janice Black.

Along with the sponsors there were approximately 40 band members present.

Olden Prepares To Field Six-Man Football Team For Fall Campaign

Something brand new has hit the town of Olden—FOOTBALL.

This year Olden will be playing six-man football for the first time since 1943. They will have the regular 10 games during the season, with five of the games being district games.

Olden has erected a football stadium which will be located to the north of the school building and bleachers are expected to be completely finished by the end of next week as well as new lights for the field. A scoreboard was furnished to the field by Coca-Cola.

Olden's coach for the football season will be George Ellis, who moved from Gustine, Texas. Coach Ellis comments that although 17 boys out for football are inexperienced, that they have good attitudes and also are eager to learn and have a winning team. Mr. Ellis is a graduate from Sul Ross College and hails his home town as Comanche. While at Gustine he led the Gustine team to a runner-up spot the first year he was there in district play and the second year he succeeded to win district honors. A roster for the Hornets

this year will include the following boys with their weights and position: Russell Walker, 160, Half-back; Larry Moore, 170, End; Leland Moore, 160, Center; Dickie Herreil, 155, defensive half-back; Eddie Thomas, 165, half-back; Freddie Thomas, 140, half-back; Jessie Beard, 220, defensive center; Tom Underwood, half-back; Jerry Alford, 165, end; Larry Miller, 160, quarter-back; Kenneth Fox, 120, end; Gary Copeland, 120, end; Monty Hood, 155, end; Bobby Cagle, 135, quarter-back; and Jerry Collins, 130, end.

The team will have a scrimmage Friday night, August 27 at Gustine with the Gustine Tigers. According to Mr. Ellis, there will be a pep rally at the High School Gym Thursday evening before the scrimmage on Friday.

Cheerleaders for the 1965-66 school term include Connie Fox, head cheer leader, Della Ann Fox, Tammy Morlan, Pam Williamson, Sue Renfro. The pep rally is scheduled to begin about 8 p.m.

Here is a complete schedule for the Hornets:

- September 10 — Mcran, there.
- September 17 — Mullin, there.
- September 24 — Cherokee, here.
- October 1 — Strawn, there.
- October 7 — O'Brien, there.
- October 14 — Gordon, there.
- October 21 — Carbon, here.
- October 29 — Central Catholic, here.
- November 5 — Novice, there.
- November 12 — Putnam, here.

CYRUS MILLER JR.

Cyrus Miller, Jr. Is Recognized By Hospital Agency

Cyrus B. Miller, Jr., son of Mr. and Mrs. Cyrus Miller, Sr., of Eastland, will be formally admitted to the Amer-

ican College of Hospital Administrators Sunday, Aug. 29, in San Francisco. He is currently serving as assistant administrator of the D. M. Cogdell Memorial Hospital in Snyder.

Miller is a 1949 graduate of Eastland High School. He and his wife, the former Genevieve Hattin of Ranger, have one daughter, Connie who is seven years old.

A professional society for men and women whose life work is in the field of hospital administration, the ACHA is comprised of 6,400 administrators, administrative assistants and administrators of hospital in the United States and Canada.

Persons past age 65 are urged not to cancel any health insurance they now have just because of Medicare — with your insurance agent first!

Wait until after September 10 to contact your social security office about signing up for medicare, covering persons past age 65.

Dr. Reynolds Will Be In Olden Again

Rev. J. Lester Davenport, who has extended ministry with Olden Methodist Church, will be out of town this Sunday. Filling the pulpit Sunday evening, 7 p.m. will be Dr. S. Wayne Reynolds of Cisco, the district superintendent.

Church School annual promotion day at the Methodist Church will be Sunday, Sept. 5. Don Viergever is church school superintendent.

MRS. KIMBLER DIES

Mrs. Harvey Kimbler, wife of a former First Baptist Church minister in Eastland, passed away after a lengthy illness in Arizona at 10:30 a. m. Wednesday, according to word here. Arrangements will be announced later. Tentative plans called for services to be held in Abilene Saturday.

Social Security checks due September 3 will be in the same old amount; the ones due October 3 will have the 7% increase.

253 Attend Church Meet On Sunday

Two hundred fifty-three young people and visitors attended the area youth meeting held Sunday at the Mequite and Rusk Church of Christ.

The participants from fifteen towns took part in discussions, singing, recreation and worship services. Eastland, Dallas, Stamford, Stephenville, Huckabay, Desdemona, Clyde, DeLeon, Gorman, Dublin, Ft. Worth, Morgan Mills, Breckenridge, and Rising Star were represented. Clyde took attendance honors by bringing 29 youths.

A panel composed of James Nix, Huckabay, Monte Stratton, Breckenridge; Kenny Cogburn, Eastland; Billy Taylor, Gorman; Tony Hallmark, DeLeon uncovered several ideas during their discussion on the youth in the Church today.

Steve Woodma sophomore at Abilene Christian College addressed the attendants on the Dangers Facing the Church Tomorrow.

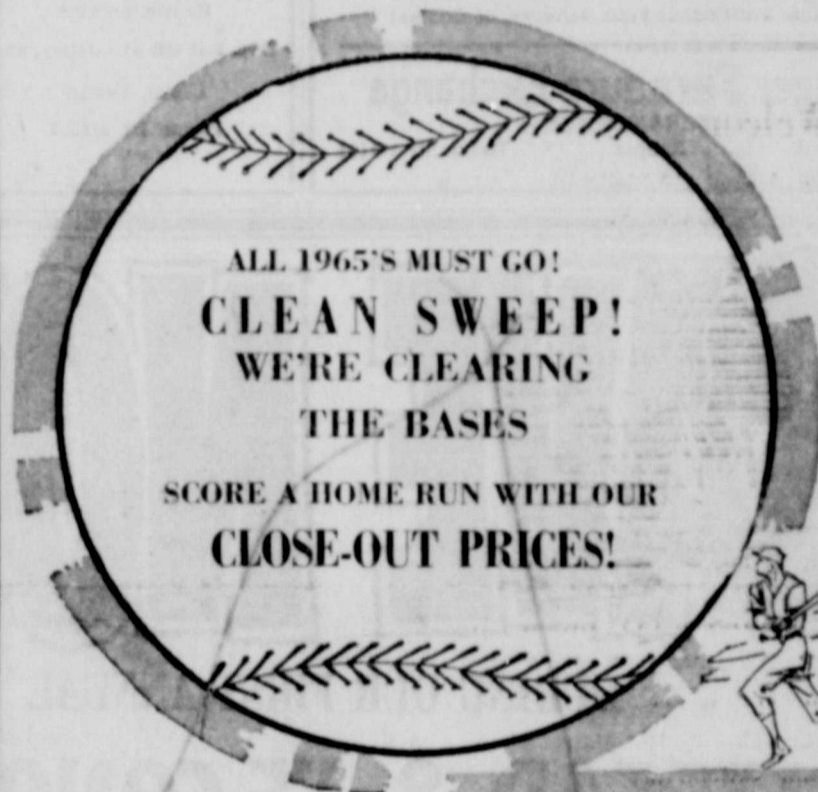

After a picnic supper at Willows Park, with food furnished by the ladies of the Ranger Church, the group returned to the Church building for the regular evening worship services. The young men of the Ranger Church conducted the services. Speakers were James Brown and Bob McKelvain.

The meeting was planned by the Ranger church Youth Committee. On the committee are:

Sharon Brown, James Brown, Dwaine Brown, Barbara Dawson, Janie Johnson, Randal Hale and Fred Blackwell. Bob McKelvain heads the committee and Gary Beauchamp, minister, is the advisor.

YOUTH 'BREAK-THROUGH' EVENT READY FOR SCOUTS

A dramatic advance in getting Scouting to more boys is expected as the result of participation in the "Breakthrough for Youth" program of the Comanche Trail Council, Boy Scouts of America, according to Paul A. Cunyus, the council president.

More than sixty Cub Scout Packs, Boy Scout Troops, and Explorer Posts in the eight-county area served by the Comanche Trail Council have set, or will set in the next three months, new goals that will expand the quality of the Scouting program and ensure the reading of a substantially greater number of boys, Mr. Cunyus said.

The goals effect trained leadership, boy membership, program, advancement, service and activities.

"Breakthrough for Youth means that Scout volunteer leaders are determined to use Scouting's great potential to build a new generation of American boys," Mr. Cunyus added.

He pointed out that a recent study of school dropouts shows an almost complete lack of skills and either a total lack of confidence or a misguided confidence not backed up with ability.

"Scouting can do much to help," he said. "Scouting skills and the advancement program bolster confidence. Our merit badge program provides opportunities for boys to explore over a hundred subjects under the guidance of fine adult citizens from all walks of life."

The Comanche Trail Council now has 20 per cent of the available boys 8 through 16 years of age now enrolled in Scouting and expects to add 400 new Scouts before the end of 1965 as a part of the national, 2-year "Breakthrough for Youth" program which continues until 1967.

"The boys are available and want to be Cub Scouts, Boy Scouts, or Explorers," Mr. Cunyus concluded. "All we lack to make a great impact upon these boys is the volunteer adult leaders to give them the program, and the funds to provide council support for these leaders."

Protein Foods, Fruits Due In Plentiful Supply

COLLEGE STATION — Protein foods, fruits and frozen orange juice will be in big supply next month, says the Texas Agricultural Extension Service.

Table grapes top the list of plentiful foods for September — which also includes frozen concentrated orange juice, turkeys and peanut butter.

Grapes in heaviest volume this month are the Flame Turkey and Thompson Seedless. And the U. S. Department of Agriculture predicts a near record California grape production this year.

Frozen orange juice, which has been plentiful all summer will continue abundant next month. The pack of concentrated orange juice in Florida last season was the second largest on record. Current stocks are about 60 percent larger than a year ago. You will find frozen orange juice excellent for special recipes and desserts, as well as for breakfast.

Total turkey production during 1965 probably will be significantly higher than last year. And the late summer crop is expected to be particularly large.

So September should be a choice month for turkey eating. Turkey's an excellent protein food.

Peanut butter also has been designated especially plentiful during September by USDA's Consumer and Marketing Service. Last year's peanut production was a little over 2.2 million pounds—the largest crop since 1948. And this year's crop may be even larger. So put protein-rich peanut butter on your shopping lists.

Navy Offers New Program To Enlistees

"The U. S. Navy is going all out to recruit top-notch talent," according to Chief Warrant Officer M. M. Jones of the Dallas Naval Recruiting Station. "It is not to be considered a crash program as each enlistee will prepare himself after boot camp for a career at the technical school he qualifies for."

"Also the Navy has instituted a program," he further stated, "in which a young man can receive a 120-day (four month) deferment at home after he enlists. This time counts toward promotion, in addition to receiving his pay."

"Good appointments also exist for ex-Navy men and servicemen from other branches," the Navy veteran of 29 years said.

RULES

RESCUE RACE — This contest involves one person on horseback "rescuing" another on foot. The contestant on horseback races from the starting line, circles the barrel, helps pull the other member of the two-person team up on the horse behind the saddle, then races for the finish line. Both must cross the finish line on horseback.

GOAT SACKING — A team of two must catch a goat in the arena, put it in a sack, and deliver it to the judge. The best time wins.

POLE BENDING — Several poles are set up in a straight line. The contestant gets a running start and weaves the horse through the line of poles to the last one, turns and weaves back through the poles to the finish line.

WILD COW MILKING — There will be four girls to each cow. Each cow will be turned out of the chute at the same time with a rope around her head. After the cows cross the starting line, the three girls hold the cow any way they please while the fourth girl milks the cow in a bottle and then takes the bottle to the judge in the middle of the ring.

CALF SCRAMBLE — Youngsters try to catch calves with tags on their tails. The first ones to bring tags to the judge win prizes.

GOAT SACKING — Goats are used instead of calves.

BULL RIDING — Both hands may be used.

Bob Grantham Buried In Tuesday Services

Funeral services for Robert E. (Bob) Grantham, 75, prominent Cisco attorney, were conducted at 2:30 p.m. Tuesday (today) at the Rust Funeral Home Chapel with the Rev. Jesse Cassie, pastor of First Baptist Church, officiating. Mr. Grantham died at 6:45 p.m. Sunday at the Graham Hospital.

Burial was in the Oakwood Cemetery. Serving as pallbearers were Tom B. Stark, Albert Hansen, J. D. Lauderdale, A. D. Anderson, Raby Miller, H. A. Wood Cabanes, George Boyd and Sutton Crofts. Graveside services were conducted by the Cisco Masonic Lodge.

Mr. Grantham sustained cuts and bruises about the face and neck in a two-car accident at the intersection of Avenue L and West 8th Street last Thursday afternoon and had been in the hospital since that time. Death was attributed to a blood clot as a result of injuries in the mishap.

Mr. Grantham was born March 10, 1890, at Purnella in Coryell County. He was a graduate of Baylor University and was admitted to the bar in 1917. After practicing briefly in Coleman, he moved to Cisco as legal counsel to the Texas Company. He was married January 3, 1918, to the former Vivian Lambert in Brownwood.

After three years with the oil company, Mr. Grantham resigned to enter private practice. He had been a member of the Masonic Lodge for some 45 years and was a past master of the Blue Lodge and twice served as commander of the Cisco Commandery No. 47. He was city attorney for 12 years and was a past president of the Cisco Lions Club. He served as president of the Eastland County Bar Association in 1963-64. He was a Baptist.

S Sgt. Battlefield Now On Duty At Pope AFB

Magna Carta Hall is one of several halls at the Douglas MacArthur Academy of Freedom depicting the history of freedom from 4,000 B.C. to the present time. It was designed specifically to establish the Northern European and English tradition in the development of America. Osborne Robinson, one of England's outstanding designers and authorities on historical fashion has been commissioned by the Academy to paint a mural in the hall. Robinson began the work in early July after completing some eight months of research on the project. The Academy of Freedom is an honors program operating under the Department of Social Sciences at Howard Payne College in Brownwood, Texas. Non-political and non-sectarian, its basic philosophy is to make freedom meaningful and real to those who follow its course of study.

Judy Billings Circle Meet In The Oliver Home

The Judy Billings Circle of the First Baptist Church met in the home of Mrs. Billy Oliver at 9:30 a.m. Tuesday, August 17.

Mrs. W. A. Reuwer, the circle chairman, called the meeting to order. Janice Krantz read the 39th chapter of Psalms and the calendar of prayer. The opening prayer was led by Mrs. Avery Sullivan for the missionaries listed in the calendar.

Mrs. Reuwer then turned

the program over to Mrs. L. G. Kennedy, the mission study chairman. She gave chapters 3-4 and 5 of the mission study book, "My Money and God" by Robert J. Hastings. She read also Romans 14:12 and gave a real interesting program on tithing.

A short business session was held and the minutes of the previous meeting was read.

The following members were served coffee, cake, and cookies: Mrs. L. G. Kennedy, W. A. Reuwer, Doyle Johnson, Janice Krantz, Avery Sullivan, and the hostess Mrs. Billy Oliver.

The closing prayer was led by Mrs. Billy Oliver.

Dorene Hawkins Circle Meets

The Dorene Hawkins Circle of the WMU of the First Baptist Church met in the home of Mrs. Earl Horton Tuesday afternoon, Aug. 17 at 2:30 for their regular monthly mission study.

Mrs. Roy McCleskey presided over the business session in which report from various committees were heard.

Mrs. McCleskey presented the devotional with scripture references taken from Psalms 28. She also read the Calendar of Prayer for missionaries having birthdays on this day. This was followed by a special prayer led by Mrs. Loyd Clem.

Mrs. Richard Henderson, Mission study chairman, reviewed two chapters of the mission study book "My Money and God" by Robert J. Hastings.

Refreshments were served to Mrs. Henderson, Clem, McCleskey, W. E. Herweck, A. W. Warford, T. J. Anderson, R. E. Barker, C. W. Stubblefield, H. B. Weathers, and the hostess, Mrs. Horton.

Mr. and Mrs. D. B. Raney were in Dallas Monday and Tuesday visiting his mother, Mrs. Era Allsup.

Shirley Willis Circle Meet In Robinson Home

The Shirley Willis Circle of WMU of the First Baptist Church met in the home of Mrs. George Robinson Tuesday, August 17 at 9:30 a.m.

Mrs. Gorman Morton, circle chairman, presided. Mrs. Albert Williams read the scripture for the day, Psalms 28, and read also the calendar of prayer, after which Mrs. Morton voiced prayer for the missionaries listed on the calendar.

Mrs. W. A. Lewis, missionary study chairman, brought a very interesting study on chapters 4 and 5 of the missionary study book, "My Money and God" by Robert J. Hastings.

After the mission study book had been taught, Mrs. Morton conducted a short business session, in which reports of different committees were given.

Coffee, punch, and cake squares were served to the following: Mrs. J. C. Carter, W. M. Weber, Lee Mitchell, L. L. Bruce, W. A. Lewis, Ruby Springer, Albert Williams, Gorman Morton, Miss Ethel Adams, and the hostess, Mrs. George Robinson.

Lacasa News

**Letters
TO THE EDITOR**

Dear Editor:

There is not only a "Sickness in the Streets of L. A.," there is a sickness in the very soul of America. The mob rule and armed insurrection so active in California is just another "master move" on the Communist chess-board. The commies have always had the clever knack of using the weaker element to carry out their strategy. Like the Caesars of old, the Communist plan is to "divide and conquer." The L. A. riots are a splendid example of the communistic design. They say that such a thing can't happen in America, but it sure did! There is no rule of reason in a mob here, there or anywhere. The slogan of the mob is "loot and reb."

We should all take a "hard cold look" at LBJ'S Great Society, and revalue its contents to the very core. We might cast politics aside long enough to let the "ashes of deceit, and the smoke of subversion" clear away. At least until the weaker element can recover their reason and balance. It would indeed be interesting to hear what Abe Lincoln would have to say about the "situation," if he were here today?

There is no "easy way" to make men or races equal by
