Why take chances for a few dollars possible "saving"? You can "save" money by having your telephone taken out and making calls from a corner drugstore but this would be inconvenient and in case of an emergency might prove disastrous.

You might do without the service of an insurance agent, too, and possibly "save" a few dollars but like the lack of a telephone, this might, in the case of an emergency not only prove inconvenient but very costly. Be SURE of your insurance.

#### KNIT TOBOGGANS

If the weather hadn't turned cold these would have probably had a date with the man that picks up the empty boxes Actually they are so light he probably would have not known the difference . . . We felt smart the last two weeks as probably about 90% of the kids had one of these on during the snowy weather. Now take the balance of these light ones at 25c and any of the heavier ones at 12 price.

#### WOMEN'S SHOES

140 pairs left in this grouping of Women's Heels. We guarantee that this is the worst looking 'ot of 140 pairs of shoes that you could select. Now after this will you still buy a pair at 1/2 Price ..

#### BOY'S WARM CAPS

The hoods (that is hooded coats) have just about killed the boys cap business. We are just now waking up to the fact with more than 100 caps still in stock that sold up to \$1.98 each. It you are one of the more unfortunate ones and do not have the hooded coat, you can get one of these NOW for only 88c.

#### LADIES' SKIRTS

What do you women want when you go in for sports? We wish we knew. We have 22 of Bobby Brooks in All Wool Skirts. They are mostly in Juniors. Our salesladies say they should have been in sizes 8 to 20 . . . We say they are left . . . They were priced at \$8.95 to \$10.95. You can see if you can use them at \$4.88 . . and wait a minute, we can match most of them in a conglomeration of tops - if you can find one that matches and that fits you it will be only \$5.90 even though it should have sold as high as \$16.95.
