### HOW MUCH INSURANCE IS ENOUGH?

Do you insure only for minimum limits? Do you know a claim greater than your insurance threatens your security? In auto insurance, the big cost is for the minimum limits. Add a few dollars and you increase these limits many times over . . . to \$50,000/\$100,000 or higher. Let us show you how.

## Parks Expecting Full Houses By Late May

AUSTIN—Reservations for summer state parks vacations are running at a record pace, according to the Texas Parks and Wildlife Department.

Superintendents at the more popular parks with substantial accommodations like Garner, Huntsville, Inks Lake, Lake Whitney, Corpus Christi, Falcon, Martin Dies (Dam B), Goose Island and Fort Parker indicate "full house" by late May.

Fourteen of the recreational parks have screened shelters, ranging in number up to 46 at Martin Dies, 45 at Garner, 40 at Lake Whitney, 30 at Huntsville, 25 at Lake Corpus Christi, 24 at Falcon and 23 at Inks Lake.

All of the shelters are screened except at Goose Island near Rockport. At this, the only improved Gulf coast park installation, the 13 shelters are so close to the water that surf breezes theoretically discourage the insects.

Cabins are available at seven state parks: Lake Brownwood, 19; Garner, 17; Bastrop, 12; Caddo Lake, 9; Possum Kingdom, 7; Daingerfield, 4; Davis Mountains has a 16-room lodge rather than individual cabins.

Screen shelter fees are \$2.50 per day plus \$1.00 daily for each day, with the exception of those unscreened shelters at Goose Island where the daily fee is \$1.50 plus the \$1.00 car fee.

Fees for cabins vary.

The Department advises persons seeking information about shelters, cabins, trailer facilities, camping areas and general accommodations to write Texas Parks and Wildlife Department, P. O. Box 810, Austin, Texas 78701.

Reservations for accommodations, write directly to the park concerned enclosing a check or money order made payable to the Park for one night's lodging. Give full name, address, expected time of arrival and date of departure.

Lady, you'll just love flameless electric cooking ...it's so dependable

There's no guesswork to cooking with an electric range. Whether you're cooking in the oven or on surface units, you just set the controls for the heat you want and you get exactly the same heat from the same setting every time. Only an electric oven can be insulated all around, including the bottom. An electric oven is flameless and requires no flow of air into and out of it to support combustion. Temperatures inside the oven remain constant and the heat is evenly distributed for best results when you are baking or roasting. Accurately measured heat is one of the many reasons why you'll just love flameless electric cooking.

# Mike Herrington Home Following Tour Of Duty With Peace Corps

Michael Herrington is at home, 19 Terry Place, Ranger, after spending almost two years service with the Peace Corps.

Herrington is a native of Ranger, a graduate of Ranger High School and Baylor University. Prior to graduation, he accepted an invitation to join the program of Peace Corps.

After ten weeks intensive training in UCLA and three weeks in Puerto Rico, October 1, 1964 found a group of 41 secondary education and university teachers in Quito, Ecuador, S.A. for a week's briefing and specific assignments. Mike's assignment was to Gualeco, a village of 3,000 population near the capital city. His duties were in the field of secondary education and agricultural supervision.

Teaching assignments included a class of boys in a technical and trade school supported by the state; and a class of girls in a purely academic Catholic school.

As agricultural supervisor, he worked with a man whose duties are similar to our County Agent, under whose supervision Herrington secured and distributed technical advice and aided in projects of gardens and care of small animals. Ultimate aim of this work is a modified 4-H program.

Adopting the language and living customs of the people, Herrington presented an example of what an American really is; he being the first "gringo" (Spanish for foreigner) that many of the natives had ever seen in this country whose overall population is 40 per cent pure Indian and 60 per cent part Indian or European descent.

The school term extends from November to July. At the completion of the first term, it was privileged to visit South American countries during vacation.

Shortly after the beginning of the second term (November 1965) he became ill and was transferred to Cuenca, Ecuador, where medical facilities were available. Early in January he was sent to the Canal Zone for further diagnosis and treatment; and from thence to Public Health Service, Baltimore, Md. where he remained until March 25. He will be at home until health permits return to routine activities.

Asked how he feels about the Peace Corps, he said: "It is one of the greatest experiences a person could have, an unusual opportunity to acquaint oneself with another and greatly different mode of living." He is high in praise of Peace Corps "person to person" approach to human problems, and adds: "I leave Ecuador with a better understanding of what an Ecuadorian is like, and I hope my South American friends have a better understanding of a true American."

## CHURCH OF GOD ENTERS NEW SANCTUARY SUNDAY

Members of the Church of God conducted worship services in their newly-completed sanctuary last Sunday.

Several months ago, the congregation purchased a building which was moved to church property, 601 Pershing. The building was connected to the old structure and com-

pletely renovated. New roof and ceiling, paneling, floor covering, paint, and new pews converted it into a beautiful and spacious sanctuary with seating capacity of 170.

The old building has been converted into much-needed educational space.

The Church of God in Ranger has, since organization 40 years ago, maintained a program dedicated to the glory of God and the good of mankind. Its present resident membership of 86 bear witness to their faith in all human relationships.

Pastor J. C. Coleman is ably supported in the work by Church Clerk and Secretary, Mrs. B. L. Hunter; Sunday School Superintendent, Mickey Kitchens; Choirster, J. T. Hickman; Pianist, Mrs. Betty Hastings, who also directs Young People's Endeavour.

Weekly schedule of services includes Sunday school, Sunday morning and evening worship, and Mid-week prayer service. The YPE meeting is held in conjunction with the prayer services.

Ranger congratulates this faithful congregation on this noble accomplishment.
