Already in top condition are members of the team that has put Ranger on the map this year as Jerry Watson, Phil Brown, Charles Orms, Dorell Hartsfield, Randi Mahaffey, Virgil Diphant and Bill Robinson.

There will be a small admission charge with proceeds used to help send FTA delegates to the state convention in San Antonio on March 28-29.

We know -- you have seen basketball games and more basketball games; out until you see this game, brother, you ain't seen 'em all! Don't miss this chance for an evening of fun -- 8 p.m. Monday, Feb. 13!

School Athletic Fund Balance Is \$1,038 Jan. 31

The Athletic Fund of Ranger Public Schools shows a true bank balance Jan. 31 of \$1,038.98 in a report that was made to the trustees Tuesday night in a called meeting.

Supt. James R. Clark reported that this balance is offset by a bill for athletic jacket and blanket award for \$653.00.

Receipts for January totaled \$629.98 from five games and concession receipts from football games which totaled \$105.97 of the total receipts.

Expenses for January totaled \$378.69 which was mostly for game officials but some was for laundry, utilities, telephone equipment and a coaches clinic.

It is impossible to operate in the black Clark said unless you get into the football playoff and this accounts for a bank balance to date.

This is probably the best shape the account has been in over several years.

Coach Gerald Cumpton does the buying for the athletic department and is in charge of all purchases so it to be congratulated on his good management Clark said.

BAND BOOSTER CLUB

Members of Ranger Band Booster Club are reminded of change of date for February meeting. The meeting is scheduled for Monday, Feb. 13, beginning at 7:30 p.m. Members are urged to attend this most important meeting.

Rubinoff Plays Famous Numbers With Violin

When Dave Rubinoff appears in popular concert in Ranger at the Ranger Junior College Auditorium on March 15 he will perform as violin solos the full scores of Chopin's Polonaise, the Warsaw Concerto, and Rhapsody in Blue. The American public has grown to love these numbers arranged for piano and orchestra, but Rubinoff feels that they lend themselves to violin equally well.

Ranger High School's FTA Club Highly Active

The FTA officers met in the Ranger High School library to discuss the acceptance of the FTA charter on Dec. 1, 1966. The officers also discussed the possibilities of a new program to be held on Jan. 4, 1967 for the FTA members.

The next meeting of FTA was held on Jan. 5, 1967. A program was given by Miss Sanya Sullivan on how to prepare ourselves for college and becoming a teacher.

A basketball committee was appointed with Bob McKelvin as the chairman and the other members were Rita Theberge, Mary McGee, and Jerry Watson. The game was planned to be held on Monday, Feb. 13.

The last meeting of FTA was held on Jan. 5, 1967. A program was given by Miss Sanya Sullivan on how to prepare ourselves for college and becoming a teacher.

The members nominate Tommy Brasher, Virgil Diphant, Lewis Pounds, and Donna Johnston for delegates to the State FTA Convention.

Donna Johnston was then elected for the delegate of the State Convention. She will be sent to gather information and to report her findings back to the Ranger FTA Chapter.

The cost of the convention will be paid for from the FTA Treasury.

A sheet of paper was then passed around for those who wished to go as a group to the convention. A fee of twenty-five cents was required as a registration fee.

The group is readily preparing themselves for the FTA Convention to be held in San Antonio. The convention is to be held on Feb. 24-26. The members will be attending the convention as well as seeing the interesting and historical sights of the city.

The Historian-Reporter, Emery Ford, Jr., reported that the Ranger FTA Chapter's scrapbook would be ready to enter the State FTA Scrapbook Contest.

The scrapbook will have the convention materials, projects, and the pictures of the members and the officers.

At Lucille's Shop, 429 Hunt, Mrs. Lucille Angus looks forward to weekly visits of many patrons.

Residents in the vicinity of Hill Ave. as well as others find the Hill Ave. Beauty Shop and Mrs. Lucille Williams the right combination

Carl Barnes Post

Carl Barnes Post No. 69 will meet at 7 p.m. on Feb. 13. Hot biscuits and jelly will be served after the meeting. All veterans and their families are invited, according to announcement of Electa Pearson, Adj. and Reporter.

Supporting Cast Will Be On Hand For Senior Play

No play is finer than its supporting cast, which should insure a superb performance when the RHS Seniors present "Professor, How Could You?" on Friday, Feb. 17, in the high school auditorium.

The audience will hear the voice of Richard Lebrero in the role of announcer and the cast will hear the whispered prompting of Ann Saint and Mary Lou White.

Make-up (glamorous or otherwise) will be deftly applied by Rubye Cole, Larry Joe Rodgers and Dowell Hartsfield.

The sage, its lighting and sound will be the best because Randi Hale, Dwight Dunn, Ronnie Guess, Richard Boone and Bob Askew will be in charge of this most important detail.

Business is well in hand because the manager, Jean Miller, assisted by Phil Brown, Bill Rodgers and Terry Bradshaw compose the team that is "tops" in the field.

No novice at the job, Bob McKelvin will be his best as stage manager.

"It pays to advertise" and that is exactly what Jerry Watson, Phil Brown, Bill Robinson, Richard Lebrero and Tommy Brasher will be going to insure record attendance.

Making guests welcome and comfortable will be ushers Dorothy Oliver, JoAnn Hamilton, Bill Robinson and Jerry Watson.

The Times could give this event no better publicity than the above paragraphs, so we join them in saying "You-all come!"

She married Noble Robertson Dec. 9, 1917 in Gungahit. She was a member of East Side Church of Christ.

Ranger School Trustees Extend Contracts; Call For April Election

In action Tuesday night the board of trustees of Ranger Independent School District extended the contracts of the three principals by one year each and called for a trustee election April 1 to elect trustees for years three and four.

The contract of High School Principal James W. Childress will expire July 31, 1970. The

contracts of Boone Yarbrough, principal at Young and that of Larry Hunt, principal at Hodges, will expire in 1969. Salaries will remain the same as this year except as raises made each year by the State.

Trustees present at the meeting were Dr. Luther Gohike, president; K. V. Robinson,

vice president; Mrs. Frances Cox, Gaston Dixon, Ross Hodges and J. D. Nichols. Herman Stroud was in the hospital, was absent.

The board also voted to take a poll to see if enough adults were interested in an adult education program without tuition cost this fall.

Courses offered would depend on the demand and would be at night probably. Interested people should contact the Superintendent's office for more information.

Visitors present were G. A. Townzen and Homer Perry. Clark told the board that for the first time this school year the lunchrooms operated in the black.

Hodges lunchroom served an average of 223 student meals daily in January compared with the same number in December and 225 in November.

Young served an average of 136 student meals each day in January compared to 120 in December and 126 in November.

There was only a very slight loss in number eating due to increase in cost to students.

Although both lunchrooms did well in January, the combined bank balances Jan. 31 were \$2,251 less than one year ago and much more equipment had been bought last year as compared with this year.

Hodges fed 4695 student meals in January of which 516 were free. Young served 2792 student meals of which 244 were free.

Schools are reimbursed five cents for each meal served to students with milk. For each extra milk carton sold to students the State reimburses the school about four cents per carton and the student pays four.

The enrollment report showed 617 on the rolls for Monday compared with 608 one year previous attendance for the last six weeks was 95.66 per cent which is good, Clark said.

Among other reports gone over was the tax report, the athletic report, list of bills to be approved, the high school activity time report, subsequent tax suit report, census report and school budget report.

The board also agreed that they would put three old school buses up for sale when the two new buses were received or sooner perhaps.

They also agreed to write officials in Austin asking that money be set aside for a National Park in West Texas be reserved for Texas and the permanent School Fund and not given to the United States.

The board adjourned to meet Feb. 21 in a joint meeting with the regents of Ranger Junior College at the dining room.

Albany Defeats Bulldogs 56-55

Albany took an overtime to do it -- but they did it just the same -- they beat the Ranger Bulldogs 56-55 here Friday night to hand Dublin the 10-A basketball Champion ship.

Albany's Calvin Garvin hit a basket with 15 seconds left to give the Lions their narrow one-point victory.

Charlie Orms was high for the Bulldogs with 16 white points scored last.

The outcome left both Albany and Ranger with a 9-3, a game behind Dublin's 6-2.

Here's How Your County Is Put Together In Precincts

(ED. NOTE: This is the first in a series on county-government structure and outlines the various divisions of organization. Speaking of precincts can be confusing, even to the initiated, unless you remember what kind of precinct you're talking about.)

A county is the largest territorial division for local government allowed within a state of the United States. It is too large, in most cases, to function smoothly without subdivision.

It all sounds simple enough. The confusion is created by the fact that any subdivision of a county government is called a precinct.

(The county itself is divided into towns and communities, but this division is not concerned with county government.)

Eastland County has four commissioners precincts, five justice precincts, and 12 voting precincts.

The fact that the precinct numbers are different in each category adds to the confusion.

Once a precinct is numbered, the number is constant although smaller numbers may be withdrawn. There-

fore, Eastland County has voting precincts 1 through 13, although there are only 12; and justice precincts 1 through 7, although there are only five. Commissioners precinct divisions are as follows: 1: Eastland, Olden, Ranger; 2: Gorman, Carbon, Desdemona, and Kokomo; 3: Rising Star, Pioneer, and Nimrod; 4: Cisco and Scranton.

Justice precincts are: 1: Eastland and Olden; 2: Ranger; 3: Gorman, Carbon, Desdemona, and Kokomo; 4: Cisco and Scranton; 5: Rising Star, Pioneer, and Nimrod.

Voting precincts are: Eastland, 1; Olden, 3; Ranger, 2; Gorman, 4; Carbon, 5; Desdemona, 6; Kokomo, 7; Rising Star, 8; Pioneer, 10; Nimrod, 11; Cisco, 12; Scranton, 13.

Each location is in three separate precincts and only Eastland has the same number in each precinct.

Munsingwear Personnel Changes Are Announced

Marquessen came to Munsingwear as Advertising and Sales Promotion Manager of the Women's Hosiery Division in 1960. In 1962 he became Advertising and Sales Promotion Manager of the Hollywood Vassarrette bra and girdle line. He was elevated to the position of Vice President and Sales Manager of the Intimate Apparel Division in 1963; the position he held until he was appointed to his new responsibilities effective Feb. 1, 1967.

Hughes joined Munsingwear in 1958 as a sales representative for lingerie in the Chicago territory. In 1960 he joined the Hollywood Vassarrette Intimate Apparel Division as West Coast Sales Manager, and in 1961 he was made National Sales Manager and girdles. Majestic To Celebrate 20th Anniversary Tues.

A Valentine's Day, 20th Anniversary celebration has been set for the Majestic Theater in Eastland, Local Manager Dick Dixon has announced.

The day's festivities Tuesday will include the showing of one recently-made classic, "Stage Coach", starring Bing Crosby, Ava Gardner, and many others.

Believing that the average adult couple looks forward to an evening away from home, as often as possible, for perhaps a restaurant meal, and an entertaining visit to the theater, the Interstate people try hard to provide the best movie fare possible in the finest facility, the spokesman said.

Among the "big" pictures coming to the Majestic in the near future will be "Battle of the Bulge" Dixon said.

Things to come? Well, Mr. Hudgins reported that his company is actually going in-terstate to the production business so as to have available the type of pictures found to be most appreciated by audiences in Eastland's Majestic and this area.

Eastland Countians take pride in their Majestic Theater, and with 20 years of providing entertainment here, interstate apparently plans to continue the fine level of movie fare.

Farm Bureau Launches Membership Week

County Judge Scott Bailey has designated the week of Feb. 12-17 as official "Farm Bureau Membership Week" in Eastland County.

The Eastland County Farm Bureau ended its 1966 membership year with 722 member families.

The official proclamation called for citizens "to give due recognition to this observance honoring the Eastland County Farm Bureau."

Earlier, Gov. John Connally proclaimed the same period as "Farm Bureau Membership Week in Texas."

The committee chairman said every farmer and rancher in the county is needed "as a member and leader" by the Farm Bureau.

"Each of us in agriculture has too great an outlay in our business not to do all that we can to protect our investment in capital, time, and labor," he declared.

But Area Had 5,320 Gain In Population Through '66

The six-county area of which Eastland County is the hub, had a 5,320 person population gain during the six year period between 1960 and 1966, the University of Texas Population Research Center has announced.

Four of the counties reported gains, with Eastland and Stephens recording losses, the report shows.

Palo Pinto, largest gainer of the six-county group, gained 3,441, up from 20,516 to 23,957 - 26 per cent.

Callahan County was a big gainer, followed closely by Comanche. Only four separated the two.

Stephens lost 560 people, down from 8,885 in 1960 to 8,325 in 1966, - a 1.1 loss - the report shows.

Eastland, second most populated of the group, lost 895, down from 19,526 to 18,631 - 8 down.

Eastland and Stephens were among the 32 in the West Texas area reporting losses and only 21 showed gains, according to the report.

Estimates were generally made on scholastic censuses taken in with births, deaths and an estimated migration multiplier. Two other systems were used - based on vital statistics and passenger car registrations.

THE GORDON SPOT By DeMarquis (Dee) Gordon Eastland County Extension Agent

Congratulations to J.O. Jackson Jr. for being selected the outstanding farmer in the Gorman area.

Cattle infested with lice spend a lot of time rubbing against fences, posts, or other objects due to the annoyance caused by these insects.

Infested cows lose weight, pine targets for the pests. Reduced weaning weights of calves is one spot that really hits the pocketbook hard.

Cattle lice are common over the entire state and include both the biting and sucking types. Their populations build up rapidly after cool weather arrives in the fall.

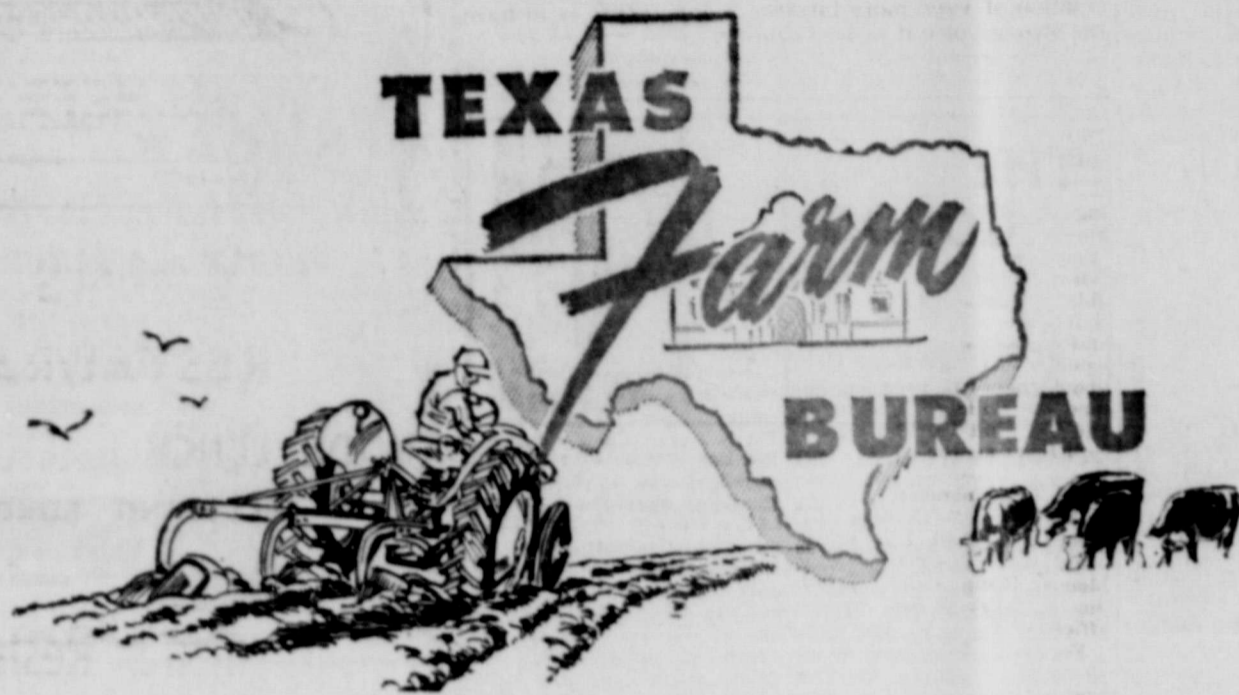

Sucking lice, short- and long-nosed, pierce the animal's skin and feed by sucking blood. They are usually found on the sides of the animal's neck, on the bracket, back, inner surface of the thighs, tail and around the nose, eyes, and ears.

WORKING FOR THE FARMER and RANCHER 100,000 STRONG!

JOIN THE ORGANIZED FARMERS & RANCHERS IN THE FARM BUREAU

The week of Feb. 6-10 has been designated "Farm Bureau Membership Week" in Texas by Governor John Connally and Feb. 12-17 in Eastland County by County Judge Scott Bailey.

During this period, volunteer membership workers in Eastland County will be joining thousands of fellow workers in a state-wide campaign to give every non-member farmer or rancher an opportunity to join with their neighbors.

Farm Bureau in Texas is already 100,000 strong and still growing. Nine out of every ten organized farmers belong to the American Farm Bureau Federation.

Farm Bureau is an independent organization of 722 farm and ranch families in Eastland County—financed by their voluntary dues and run by them to represent their interests in local, state and national affairs.

Join Farm Bureau and help give agriculture a stronger "voice".

HERE'S HOW FARM BUREAU WORKS FOR AGRICULTURE:

LEGISLATION

Farm Bureau has effectively represented agriculture in Washington, D. C. for nearly 50 years. The Texas Farm Bureau is the only general farm organization representing agriculture full-time in Austin.

MARKETING

Growing Economy Produces Many New Jobs For Texans

AUSTIN — Texas' growing economy produced nearly 100,000 new non-farm jobs in 1966 and the lowest unemployment rate in history in December, the Texas Employment Commission's Texas Labor Market Report revealed this week.

Nonmanufacturing industries accounted for 70 percent of the gain in non-farm jobs, led by retail trades and government with increases of 22,400 and 33,500, respectively, over December of 1965. Only mining (including oil and gas) and the building materials and farm equipment segment of retail trades experienced employment declines.

Unemployment in December stood at 106,000 or 2.5 percent of the total labor force of 4,478,500. This is the lowest

rate recorded since TEC began estimating unemployment in 1947. In December of 1965, the unemployment total of 133,000 represented 3.3 percent of a labor force of 4,005,100. The seasonally-adjusted national unemployment rate in December was 3.8 percent.

Seasonal jobs in retail trades led total non-farm employment to a 40,400 November-to-December increase, with the total at mid-December standing at a record 3,794,900. The total labor force, including farm workers, dropped by 1,700 under mid-December to 4,078,800 at mid-December of 1965.

Completion of the cotton harvest was the primary cause of the 23,700 November to December decrease in farm jobs. Farm jobs in December dropped by 34,300 under the December of 1965 level and declined from 106,500 in December of 1965 to 75,300 in December of 1966.

Eastland County communities, Nimrod and Scranton, are among 300 communities that have signed up in the Texas Community Improvement program this year, setting a new enrollment record compared to last year's 283 communities.

The program is sponsored by the electric utility companies in the state and conducted by the Texas Agricultural Extension Service. This year, \$6,000 will be available for awards to top communities throughout the state.

The Texas Community Improvement Program has worked in every county in Texas to improve churches, roads, install water systems, conduct clean-up campaigns, build welcome signs, establish more than 1,000 community centers, organize

youth programs, etc. These are only a few projects that these outstanding community leaders have accomplished.

We extend our congratulations to Nimrod and Scranton communities on the fine work they are doing.

Eastland County appears to be on a building trend. Many new homes can be seen throughout the county. Failure to acknowledge sound design principles in planning a new home or remodeling an older one can result in wasted time, fatigue, and even serious accidents.

A house of efficient design from the standpoint of space arrangement and use reduces disorder, fatigue, and the likelihood of falls and other accidents.

The high rate of home accidents makes it important that houses be designed and built to eliminate as many hazards as possible. Building safety precautions into new construction is less expensive than adding them later.

Some of the design features will help to assure an efficient plan include: The placement of related activity areas on the same level and close together. For example: a play area for preschool children should be located near the mother's work area. Also short, direct traffic routes which are adequately wide for their purpose should be planned for. Check your house plans for adequate storage space in every room where it will be needed. Too, incorporate adequate non-glare light, both natural and artificial in your home. It's also important that no floor level, and no sharp corners or projections be included.

To remove black heel marks from floors, rub lightly with fine steel wool dipped in the wax you are using on the floor.

DATES TO REMEMBER
February 15 — Scranton Community Club meets at the Community Center in the evening.
February 16 — Home Demonstration Leader Training at 2 p. m. in the Reddy Room, Eastland.

FARMERS NEED ORGANIZATION

EDITORIAL

At one time in our history, rural areas in general and farm people in particular were in firm control of the political power of the nation. This has long since changed and now rural Americans, especially the farmers, find themselves in a distinct minority.

Agricultural producers now constitute only about 8 per cent of our total population. The recent Supreme Court ruling on reapportionment further dilutes the voice of rural people. In addition, the economic position of farmers has worsened because of the cost-price squeeze. Not even a spectacular increase in productive efficiency has enabled the farmer to offset production and living costs brought on by spiraling wage and price increases.

If there ever was a time when farmers and ranchers needed strength through organization that time is now. The Eastland County Farm Bureau, with 722 members on its rolls, is seeking to increase its membership strength through a county-wide enrollment campaign. Nationwide, the Farm Bureau is the largest of all general farm organizations, but it needs the support and participation of even more farmers if agriculture is to have the strong voice it so badly needs.

The organization is truly democratic with policies adopted by majority vote in county, state and national conventions. It deserves the support of all farmers and ranchers who want to protect their economic future and guarantee their voice in affairs of government.

ing Educational Activity: Foods and Nutrition Educational Activity; Farm and Ranch Management; Vegetable Preparation and Use; Safety; Poultry; Electricity; and Public Speaking.
