RANGER, TEXAS 76470 — THURSDAY, MARCH 14, 1968

NUMBER 94

In this corner, with COLLINS

BELATED GREETINGS to Mrs. Jewell Weaver, 325 N. Commerce, who celebrated a birthday on Monday, Mar. 11.

CORRECTION

Randall Jay is the name of the son born to Mr. and Mrs. Don House on Monday, Mar. 4. The Times recorded the name as Randall, Jr. We regret the error and are happy to make the correction.

OUR CONGRATULATIONS to C. B. Osteen, Rt. 3, Ranger who purchased the winning bag of flour in a General Mills Sweepstakes. Purchase was made in JRB Grocery in Eastland where on Thursday, a General Mills executive will be on hand to award the \$1,000 check to Osteen, according to announcement of R. V. Robinson, store manager.

We were in Lewis General Store Monday talking with Ken and he said a small boy came in his store the other day and said that his father had caught a 50 pound bass. Ken began to question the small fry about the fish and finally asked him what kind of bait his father used to catch such a large fish. The little boy said "Oh, he caught it on a four pound grasshopper."

Miss Johnnie Young, remedial teacher at Hodges Park School had the misfortune of falling Tuesday morning and injuring her leg. It was reported she will probably be out for the remainder of the week.

Ranger Volunteer Fire Department will sponsor a talent show on Friday, March 29, according to announcement of a spokesman for the group which held their regular meeting at the station on Tuesday evening.

The program to be presented in Ranger High School Auditorium at 7:30 p. m. on above date, will include "everything from piano playing to hog calling." Proceeds will be used to purchase safety equipment for the Fire Department.

REPRESENTATIVE MUSGROVE GIVES TALK TO STUDENTS ON LSD PROBLEM IN STATE

State Representative Burk Musgrove spent Monday on the campus of Ranger Junior College where he addressed student groups on topics relevant in today's world.

Climax of the day was a meeting in the Science Building at 7:30 p. m. Here approximately 30 students and guests viewed a narrated film and slides showing the harmful effects of LSD-25.

Musgrove told his audience that LSD (Lysergic Acid Diethylamide) is not a new drug. It is a derivative of ergot, a rye fungus, isolated almost 30 years ago by a Swiss chemist who by accident inhaled the powder in a lab; however, it was not until psychologists Timothy Leary and Richard Alpert sniffed it at Harvard in the early '60s that the new super stupor drug caught hold.

REVIVAL TO START SUNDAY AT FIRST METHODIST CHURCH

First Methodist Church of Ranger will be engaged in a series of evangelistic services March 17-22, according to announcement of the pastor, Rev. B. Thomas Tribble.

Final preparation will be church-wide visitation at 2 p. m. on Sunday, March 17. Members who will participate are asked to contact the pas-

tor of B. S. Dudley, Jr. Visitors will receive assignments at the church.

Following the evening worship on Sunday, the Women's Society of Christian Service will host a reception in the church dining area.

Services will be held twice daily, 7 a. m. and 7 p. m., Monday through Friday. Breakfast will be served prior to the morning service which will be dismissed promptly at 7:50.

Bringing evangelistic messages will be the Rev. Lee A. Bedford, pastor of Walnut Hill Methodist Church of Dallas. Preaching evangelist in more than one hundred revival crusades including Pakistan, India and Korea, he is presently serving as chairman of the Board of Evangelism, North Texas Conference of the Methodist Church.

Directing music for these services will be Don Ford, Music-Youth Director at Polytechnic Methodist Church of Fort Worth. He has held similar positions in churches in Texas and Oklahoma since 1956. In addition to the worship hours, Ford will meet with the children, grades one through six at 4 p. m. each day and with the youth at 8:15 p. m., immediately following the evening service.

ACC Students To Be Speaker at Church of Christ

Bob McKelvin, student at Abilene Christian College, will bring the message at both morning and evening worship services of Mesquite and Rusk Street Church of Christ in Sunday, March 17. He occupies the pulpit in the absence of the minister, Gary Beauchamp who is in a revival in Abilene.

Topic for the morning message will be "The Unknown God."

A member of the congregation, McKelvin was a leader in youth activities while a student in high school. The son of Mr. and Mrs. J. H. McKelvin, he entered ACC last September.

Members are urged and visitors are cordially invited to attend these services, said a spokesman for the congregation.

Evangelism To Be Emphasized In Baptist Rally

Evangelism will be the major emphasis during the monthly rally of the Cisco Baptist Association to be held in Bethany Baptist, Breckenridge, on Monday, March 18.

Eleven Trustee Candidates Draw Lots for April Election

Teacher, Tax Collector Resignations Accepted

The 11 candidates seeking places on the Board of Trustees of Ranger Independent School District drew lots for their names to appear on the ballot in the upcoming Trustee Election which will be held April 6 in the Recreation Building. The order in which the names will appear on the ballot is as follows: Place Five, Gary Beauchamp, Morris Campbell, Charles Red Veale, Nolan Butler, Roy Plumley, and Perry Pierson. For Place Six; Bob Revels, Jerry Bob Greer, and Billy Highsmith. And on Place

Seven; Ivan J. Allen and P. "Pete" Brasher.

The meeting of the School Board of Trustees was held in the office of the superintendent at 7:30 p. m. Tuesday with Board members present and some 20 guests. Minutes of the last meeting were read and approved.

Several parents interested in the school were present. A lengthy statement was presented by some of the parents concerning undue pressure on some of the children in one of the third grade classes.

Other business of the school board a motion was made to accept textbooks for teachers. The audit report was also read and approved.

The Board accepted a revised school calendar and the calendar for the 1968-69 was read. School will commence next fall on Sept. 5.

The first holiday will be Nov. 3. This is the date set for the State Teacher's Meet to be held in Fort Worth. Two days will be allowed for Thanksgiving and eight days for Christmas and New Year's. March 14 has been set for the District Teacher's Meeting to be held in Abilene, April 4-7, and School will be dismissed on May 28.

A letter of resignation was read by Mrs. Carla Chamberlain, third grade teacher at Hodges Oak Park School. The Board accepted her resignation.

Mr. C. B. Osteen, Route 3, Ranger, won this amount in a nationwide "Lucky Bucks" sweepstakes for finding a dollar bill with a specified serial number. In the contest, sponsored by General Mills' Gold Medal Flour, Betty Crocker layer cake and frosting mixes, and Bisquick, 216 dollar bills in circulation throughout the country have values ranging from \$1,000 to \$100,000 based on their serial numbers.

Lists of the winning numbers are carried on packages of the sponsoring products. The contest ends Feb. 15.

Big County Livestock Show Ready To Open Thursday

The annual Eastland County Livestock Show gets underway Thursday, March 14 at the county show grounds in Eastland.

Bill Claborn, Superintendent of the shows, said over 35 animals are expected to compete for premiums in the three day show. Only 4-H Club and FFA members who attend public schools in the Eastland County are eligible

to exhibit in the junior show. The show is sponsored by the Eastland County Livestock Raisers Association. Doug Fry of Cisco is president of the association. About \$1,000.00 will be given in premiums to the junior exhibitors according to Fry. Merchants and individuals in the county help contribute to the premiums by buying ads in the show catalog.

Claborn said livestock would move onto the show grounds Thursday. Judging will begin at 9:00 a. m. Friday morning with the dairy cattle. Breeding swine and fat hogs will be judged Friday afternoon. Goats and Breeding sheep will be judged Friday night beginning at 7:00 p. m. Fat lambs and steers will be judged Saturday morning followed by the breeding beef Saturday afternoon. Fat hogs, lambs and steers will be sold at the auction Saturday night. Presentation of awards will also be made at the auction sale Saturday night.

Judges for the show will be Jerry Lackey — swine, Edwin DuBoise — beef cattle, Dale Herring — sheep and goats, A. D. Pettit — fat lambs, O. B. Edmondson — dairy cattle, sifting and classifying.

Claborn announced the following for the show: H. L. Ferguson — lowering persons as officials — assistant superintendent; Betty Claborn — show secretary; Bob Bowder — dairy superintendent; W. C. Cantwell — goat superintendent; Gayle Baucum, Pat Moseley and Robin Lamm — swine superintendents; Gaston and Wanda Boyd and Betty Claborn — sheep superintendents; H. L. Ferguson and Ben McKinnis — beef cattle superintendents; and Buck Wheat — judging contest superintendent. Show announcer will be James Wright. Premium awards will be made by C. M. McCain.

Man Wins \$1,000 In JRB Recent Purchase

One dollar equals \$1,000 for a reared mail carrier in Ranger.

Mr. C. B. Osteen, Route 3, Ranger, won this amount in a nationwide "Lucky Bucks" sweepstakes for finding a dollar bill with a specified serial number. In the contest, sponsored by General Mills' Gold Medal Flour, Betty Crocker layer cake and frosting mixes, and Bisquick, 216 dollar bills in circulation throughout the country have values ranging from \$1,000 to \$100,000 based on their serial numbers.

The former postal employee who had never won anything "to speak of" before, and who doesn't enter contests as a rule, was "very much surprised" when he found the winning bill.

R. V. Robinson is Eastland JRB Store Manager.

Osteen "isn't sure" what he will do with the prize money but thinks he'll use some of it to fix up the house.

PORTER RANDALL TO VISIT IN RANGER FRIDAY NIGHT

Far away places with strange sounding names are as common-place as a cup of coffee to Porter Randall, the jet-propelled newsmen of the Texas State Network. He has visited them all; and most of them many times.

As a tour director, he goes abroad four or five times each year. He has traveled through nearly every country of the world, and has circled the globe time and again.

Of all his sojourns overseas, he expresses a favoritism in directing photographic safaris through Africa. But he has also made twelve pilgrimages through the Holy Lands and numerous travel adventures in the South Seas. The Orient. Asia. Scandinavia. South America. Russia and Eastern Europe.

His voice is often heard coming from places like the Valley of the Kings in Egypt from Hong Kong or Saigon from Moscow or the Taj Mahal in India. Or a lost city of the Incas in Peru. More often, though, he is heard three times daily broadcasting the news over the 7 radio stations that comprise that growing giant, The Texas State Network.

Despite all this, Randall has still found time to write a highly successful book on the political tensions between Israel and the Arab world. He narrates a Cinemascope film for 20th Century-Fox concerning his travels through the Soviet Union. The picture is currently showing in theaters all over the world.

Randall's own travel films are shown nearly every night in schools, civic clubs, and churches. He averages about 300 personal appearances each year.

He is currently organizing five more tours for travel abroad next year. Texas' answer to Lowell Thomas, the globe-trotting newsmen, may be Porter Randall of the Texas State Network.

Mr. Randall will be speaking on "Africa the Spectacular" in the Ranger High School auditorium, Friday evening, March 15, 8 p.m. Tickets can be purchased at Ranger Rexall, Adams Grocery, Ranger Auto Parts, Alma's Beauty Shop, or at the

Get your spray ready for your fruit trees. It will soon be time to start a preventative spray schedule for fruit trees. Many of you have already used the dormant oil spray and some have sprayed with a fungicide to control brown rot.

Owners of commercial orchards should follow a spray program outlined in the "Texas Guide for Controlling Insects and Disease on Fruit." Home owners with only a few fruit trees may follow a simplified spray schedule which is also outlined in the bulletin mentioned above. The owner of a small orchard or a few trees should use malathion or methoxychlor and spray on the following schedule:

1. Petal fall spray (when 5 per cent of blossom petals

2. Shuck split (10 days after petal fall)
 3. First cover spray (10 to 14 days after shuck split)
 4. Second cover spray (14 to 21 days after first cover).
- The spray schedule will prevent most insects from damaging fruit. If fruit damaging insects occur following the completion of the above schedule, sevin can be used effectively up to within one day of harvest.

One of the secrets to successful home gardening is a well-prepared soil. A good quantity of organic matter, in the form of compost or peat moss, improves the structure of the soil. Rural gardeners may also want to use manure for this purpose.

Approximately 4 bushels of organic matter should be applied to each 100 square feet of soil area. It can be worked into the soil either by spading or plowing but mix it thoroughly. It is also a good idea to apply some organic fertilizer to most gardens. A complete fertilizer such as 10-20-10 is usually beneficial when the soil is a silt loam or clay. An application of from 3 to 4 pounds per 100 square feet of soil is usually sufficient.

Broadcast the fertilizer over the area and then spade or disc it into the soil. Fertilizer may also be applied as a band placed to the side and slightly deeper than each row where the seed will be planted.

As a general rule, leafy vegetables will respond to additional amounts of nitrogen fertilizer. Root crops will usually respond to more phosphate.

Be sure that the garden soil isn't too wet when it is plowed or cultivated. This can result in packed or cloddy soil which is undesirable for good root development.

I hope each of you will visit the Eastland County Livestock Show March 14, 15 and 16. We expect to have a very interesting show this year with some good animals on exhibit and very qualified judges.

WEATHER TIPS

By JAMES DARNEY
Official U. S. Weather Observer

As this article is being written, March 13th, Eastland County is just emerging from a late season winter blast that left an official two inches of snow and 1.45 inches of rain, together with winds of 45 mile velocity that drove snow into drifts one and two feet deep in spots.

However, we are approaching, and nearly into, the potentially worst season of all ... the tornado season.

Of all the winds that sweep this planet's surface, tornadoes are the most violent. Their time on earth is short, and their destructive paths are rather small. But, the march of these short-lived, local storms through populated areas leaves a path of terrible destruction. In a second or two, a tornado can transform a thriving street into a ruin, and hope into despair.

The cause, effect, and proper warning of these storms covers too much to be placed in one article. For that reason, it will be best to devote three consecutive articles (and, hopefully, in three consecutive issues) to do justice to this phenomena.

CAUSES

Tornadoes are local storms of short duration, formed of winds rotating at very high speeds, usually in a counter-clockwise direction. These storms are visible as a vortex (or funnel), a whirlpool structure of winds rotating about a hollow cavity in which centrifugal forces produce a par-

tial vacuum. As condensation occurs around the funnel, a pale cloud appears ... this is the familiar and frightening "funnel". Air surrounding the funnel is also part of this vortex; and, as the storm moves laterally across the ground, this outer ring of rotating winds becomes darkened with dust and debris, which sometimes darkens the entire funnel.

These small, and severe, storms form several thousand feet above the earth's surface, usually during warm, humid, and unsettled weather ... such as the weather we in the Eastland County area had Sunday afternoon, March 10th. Also, tornadoes nearly always occur during a thunderstorm, or just preceding a thunderstorm. Sometimes, a series of two or more tornadoes is associated with a parent thunderstorm, and, as the thunderstorms move, the tornado may form at intervals along its path, travel for a few miles, and dissipate. Forward speed of tornadoes has been measured from a motionless standstill, to almost 70 miles per hour. And, on the average, tornadoes make a path usually a quarter mile wide, and seldom more than 15 miles long.

And, now to reiterate some that has been written: Tornado formation requires the presence of layers of air with contrasting characteristics of temperature, moisture, density, and wind flow. When these ingredients are present, the weather bureau will issue a "Tornado Watch." Tornado Watches are not "Tornado Warnings." They are issued to alert persons to the possibility of tornado development in a specified area, during a specified period of time. "Tornado Warnings" are issued by the weather bureau in Abilene, and disseminated to our area by several means, the most commonly known is a direct hook-up with the Abilene Weather Bureau, and the two television stations in Abilene that have "hot lines", whereby the observer on duty at the radar screen has actually sighted a tornado, as indicated by the radar. Information is immediately put on

the television screen, and simultaneously phoned to the police departments in the area concerned, giving the area through which it is expected to move, and the time period involved.

When a tornado has actually been sighted in the area, and poses an immediate threat to Eastland, and has been verified by official sources, the Eastland Fire Department will alert the local citizens by blowing the general alarm siren in the following manner, and it is recommended that this code by memorized or written down: A steady two minute blast, followed immediately by a wailing blast for 30 seconds.

If this happens, persons in the path of the storm should take immediate safety precautions, and seek cover.

The Royal Neighbors of America will hold a Chili and Bean Dinner in the First Christian Church of Ranger Friday, March 15. They will serve from 11 a. m. to 2 p. m. Tickets are \$1.00 each and dinner includes chili, beans, trimmings, pie, and drink.

Pecan School April 19, Cisco

The 15th Annual Eastland County Pecan Budding and Grafting School will be held at Cisco, April 19th according to an announcement today by DeMarquis Gordon, County Agricultural Agent.

The school will be co-sponsored by the Eastland County Pecan Growers Association and the Cisco Chamber of Commerce. The morning session of the school will begin at 9:30 a.m. in the new auditorium of Cisco Junior College. This session will be devoted to discussions and demonstrations on budding and grafting. After lunch the afternoon session will be held at the B. T. Graham orchard, one mile west of town on the old Abilene Highway. Field demonstrations will be given and everyone will have an opportunity to practice the patch bud and inlay graft techniques.

Dr. J. W. Worthington, Texas A&M Extension Service Horticulturist, and Gordon will assist with the demonstrations.

Anton White, President of the Eastland County Pecan Growers Association, said the date of the school was set March 4 in a business meeting of the association. Other events and dates set during the meeting was the spring field day in the Cisco area May 24, and the fall pecan tour September 13 in the Rising Star area.

Everyone is welcome to attend the school. In the past 14 years over 1,500 men and women from central and west Texas have attended the school and learned to propagate pecans.

STATE TEACHER'S SALARIES REPORTED BY TCTA PREXY

AUSTIN — The average salary of a teacher in Texas is \$300 a year less than an offer that New York garbagemen turned down.

According to a report recently issued by the National Education Association, the average salary for Texas teachers is \$6500. Striking garbagemen in New York City turned down an offer for \$6800 and demanded \$7204 a year.

At the same time, teachers in one of the richest counties in the nation (Montgomery County, Maryland) were on strike to get a starting salary of \$6600 a year — \$200 less than what the garbagemen refused and \$100 more than Texas teachers average.

Compared with what other teachers make across the nation, the average Texas teacher is \$1069 poorer at the end of the year than his national counterpart. The national average reported by NEA is \$7569.

The report further shows that only 11 per cent of Texas teachers make over \$7500. Nationally, 36.7 per cent draw salaries above this amount.

Elementary teachers in the state fare a little better in national standings. Their salaries rank 30th, \$682 below the national average. Salaries for secondary teachers rank 33rd, \$954 under the national mean.

Citing the study, Miss Bobbie Wilborn, president of Texas Classroom Teachers Association, said, "From our low rankings, it is obvious that Texas teachers are still in need of higher pay, despite the raise they received during the last legislative session. Texas salaries have increased 48.4 per cent in the last 10 years, but this is lower than the increases in 44 other states. Salaries increased 61 per cent in that time."
