He made an excellent stand the first year. He uses this area for grazing during the growing season which permits him to rest his native rangeland for improvement and winter forage. Don has controlled brush and range seeded approximately 700 acres of his rangeland. He has built over two miles of cross fences to perfect his management program. He has also constructed eight farm ponds for livestock water. Don was selected last year as the outstanding rancher of the Palo Pinto Soil and Water Conservation District.

The extra-large Sabanno project has been approved, but competed with other projects to earn a tip priority position, necessary for funds and work startage.

Three three that were chosen are Lipan, El Paso and Van Horn area waterflood projects. It was reported that Sabanno's application received very favora ble consideration in view of the fact that it was an initial application.

The board picked three rather than six, as had been announced, and had one more been picked, it was believed that it would have been Sabano, it was said.

Call after 7 p.m.

TO: The Citizens and Voters of Texas FROM: Preston Smith, Candidate for Governor

The purpose of this message is to ask for your support and vote in the Second Democratic Primary Saturday, June 1.

As your Lieutenant Go: nor for the As your Lieutenant Go. mor for the last six years, I believe I have qualified myself to seek the high office of Governor. You know I finished second among 10 candidates in the First Primary, about 29,000 votes behind the leader with 1,750,000 votes cast.

With your help we can win this run-off against an opponent who has no public record of any kind . . . one who is aligned with groups that want to re-ject the progressive, constructive pro-grams built by John Connally and his predecessors and replace them with so-called "liberal" ideas of their own.

I want to continue and improve on the start we have made in education, pollution control, law enforcement, highways, water conservation, promo-tion of industry and tourism, and many other vital areas.

! am proud to have been a part of Texas government for 18 years. Opponents may harp about what is wrong in Texas; I happen to think there are a lot of things RIGHT in Texas. I am proud of my state and its record.

happen to think there are a lot of things RIGHT in Texas. I am proud of my state and its people.

Things can be even better, and I want to work with you in that direction.

It's more or less in the political tradition to lambast your opponent and say a lot of ugly and cutting things about him. I don't want to engage in personalities; my opponent has no public record to criticize. Therefore I am running for Governor on my own merits.

It may be pretty ambitious for a farmborn, farm-raised Texas boy, who worked his way through Texas Tech and spent his adult years in business activities in Lubbock to aspire to be Governor. You will be the judges as to whether my experience and proven qualifications entitle me to be elected. I will accept your judgment with real gratitude for your past support and friendship.

Please remember that if I am elected, my door will always be open to any Texan who has any problem whatever that the Governor can help with. I will always be interested in good government. I will always be interested in you.

Court Verdict Favors Schools

A 91st District Court jury rendered a verdict in favor of the Cisco Independent School District and Cisco Junior College in a civil suit heard Monday and Tuesday at the courthouse in Eastland. The verdict was reached late Tuesday after some four hours of deliberation.

In the action, the Cisco schools sought \$3,150.68 from Commercial Standard Insurance Company to recover losses under a bond written by

that firm. Judge Temple Shell of Wichita Falls presided under appointment by Judge Louis Holland, the administrative official of this judicial district. The 91st bench is vacant due to the illness and resignation of Judge Frank Sparks. W. B. Wright served as at-

orney for the Cisco schools. On the jury are Mrs. G. P. Poe, Leon A. Musgrove and Burl A. Blair, all of Eastland; R. E. Bradshaw and Douglas Campbell, both of Cisco; C. O. Stephens and A. C. Labrado both of Ranger; W. G. Elliott of Carbon; Lonnie E. Capers of Gorman; Billy R. Adams of Olden; and Bobby Wisdom of Desdemona.
