District 10-A Grid Outlook Is Outlined In Football Magazine

Dave Campbell's popular 1968 edition of TEXAS FOOTBALL says this:

DISTRICT 10-A—Expecting a return to its form of the early '60's when it majored in state titles, Albany appears headed for a showdown with Ranger in a district that promises to have two of the state's top powers. ALBANY, 6-4 a year ago, returns a whopping 20 lettermen, including 7 offensive and 9 defensive starters. The inheritance focuses attention on two senior linebackers, Steve Stapp (5-10, 180) and Terry Moberley (6-0, 175), plus senior tackle Allan Gleason (5-11, 179). All three would rate high on any coach's list. Stapp's older brother, Bill, made all-state in the early '60's, and coach Don Schmidt points out, Steve "has some of its same ability in running and playing defensive line-backer." Stapp runs at full-back in the Albany backfield that returns three regulars.

A strong passing game will come from the arm of QB Jonni Chambers, and veteran HB Andy Douglas joins Stapp in providing a strong one-two infantry punch. Larry Shoemaker and Allan Chapman will give supporting help in the backfield. The line will be anchored by Moberley, Gleason and senior tackle Chuck Prince (6-1, 180). Jesse Douglas and Jesse White also Cavin Garvin, John Beall, provide strong line help as do Bill Farmer and Seve Daniels.

If Albany falters, look for defending champion RANGER to step into the playoffs. The Rangers went 12-1 last season, losing only to state finalist Clifton, and now they return four offensive and six defensive regulars (16 lettermen).

There's speed a plenty available in QB Bill Watkins (5-10, 179) and FB Tom Fox (6-2, 190), supplies more class. Up front, guard Floyd Parks, tackle Gene Bilby and center Jim Dumith make the big plays. They'll also have the help of linemen Dennis Kennedy (6-2, 235) and Lewis Webb (6-1, 185), and the end and flanker positions shape up well with Larry Williamson, Armando Renteria and Brad White.

GLEN Rose, returning 7 offensive and as many defensive starters, will look to tackle John McPherson, guard Dan

Drake and WB Teddy McLenore as its first nucleus of quality. Tackle Larry Shackelford and ends Danny Thompson and Gary Hill also command respect, while QB Gary Dempsey and FB Roger Thompson will spark an improved-running game.

DUBLIN may have one of the state's top runners in FB Bobby Hickey and, with six offensive and defensive starters could be a dark-horse. Hickey (6-2, 195) missed much of last season with a thigh injury but at least three opposing coaches expect him to bid strongly for all-state honors. "A great runner," says one. He'll have blocking up front from tackles Carl Hall (180) and Jerry Cogburn (6-2, 177) and guard Fred Dove (6-1, 173). More backfield help comes from QB David Humphries and HBs Gary Eoff and Tom Hamilton and end Bural Chambers aids up front.

BAIRD comes off a winless season with 9 offensive and defensive starters and should move up. The team's strength is expected to be maintained.

Pre-registration for the fall semester at Ranger Junior College will get under way on Monday, July 29, according to an announcement by Student Personnel Director Larry Hunt. It will continue through Friday from 9 a. m. until 4 p. m. and on Saturdays from 9 a. m. until noon. Students should report to the Administration Building on the RJC campus to register.

Pre-registration enables students who will enroll in the college in the fall to select their courses, receive counseling, and complete their schedules prior to the regular registration period in the fall.

Mr. Hunt said that all students must pay their \$20 registration fee at the time they register. Students should also make sure they have completed their application for admission, turned in a health form, sent the college a copy of their latest transcript, and made arrangements to take either the ACT or SAT exams. Students who will be attending college on various financial aid programs will be able to complete arrangements for such aid when they pre-register.

All freshmen will be required to attend a two-day freshman orientation on Sept. 9 and 10 in the college gym. Registration for students who do not take part in pre-registration will be held on the 11th and classes begin on Sept. 12.

Mr. Hunt noted that students who desire dormitory rooms should make their reservations at once. Only a few rooms are still available in the dorms and they will be offered on a first-come, first-served basis.

RJC will offer a complete evening program this fall for the first time. Classes will meet one night weekly from 7 until 9:40 p. m. in the completely air-conditioned Academic Building. Courses to be offered in the evening program include speech, English, biology, physical education, government, Spanish, office machines, French, art, typing, algebra, and history. Adults interested in signing up for night classes should contact Mr. Hunt to complete their entrance requirements.

A full schedule of classes will be offered during the day to enable students to complete the requirements for the first two years of college. Students at RJC may work toward an Associate in Arts degree, a one-year Business Certificate, or they may get basic courses preparatory to transfer to a four-year college. RJC credits are fully transferable to other colleges throughout the country.

Students desiring more information about entering RJC are urged to contact Mr. Larry Hunt, Director of Student Personnel, Ranger College, Ranger, Texas 76470.

**Diana Casey and David Hazard Are  
 United in Marriage on July 19th**

Marriage vows uniting Dia-  
 na Lee Casey, daughter of Mr.  
 and Mrs. W. T. Casey and  
 David Earl Hazard, son of Mr.  
 and Mrs. O. E. Hazard of  
 Eastland, were recited at 8 p.  
 m. Friday, July 19 in the  
 home of the bride's parents.

The Rev. Jack Walker read  
 the double-ring ceremony.  
 Maid of honor was Bettie  
 McKelvain; bridesmaid was  
 Elvera Renteria. Best man  
 was Weldon Hazard, brother  
 of the bridegroom.

Presented in marriage by  
 her father, the bride wore a  
 sheath frock of white lace  
 with white accessories. A  
 pearl necklace was her only  
 jewelry. She carried white  
 carnations on a white Bible.  
 Miss McKelvain was wear-  
 ing a pink sheer dress; Miss  
 Renteria, a blue sheer; both  
 complimented with corsages  
 of white carnations.

Reception followed the cere-  
 mony. The bride's table was  
 laid with a white cloth and  
 centered with a beautifully  
 decorated two-tiered cake.

Appointments were china and  
 silver. Members of the wed-  
 ding party served cake and  
 fruit punch to approximately  
 40 guests.

The bride is a 1968 graduate  
 of Ranger High School. The  
 bridegroom is a graduate of  
 Eastland High School and Cis-  
 co Junior College.

Following a trip to Waco  
 and Fort Worth, the couple  
 will reside in Arlington where  
 he is employed with LTV.

# New higher interest rates on Savings Bonds and Freedom Shares

Now U.S. Savings Bonds pay 4 1/4%  
 new Freedom Shares pay 5%.

Today, Savings Bonds are a better investment than ever. Now they pay 4 1/4% when held to maturity. And new Freedom Shares pay a full 5% when held to maturity.

Freedom Shares are still sold on a one-for-one basis with Series E Bonds, but now you can buy the combination any time at your bank—and not just on a regular monthly plan as before.

The higher interest rate on Savings Bonds applies not only to the new ones you buy, but to your older ones too for their remaining period to maturity—generally effective with the first full six-months interest period beginning on or after June 1. (Outstanding Freedom Shares are not affected).

Buy Bonds and New Freedom Shares—help yourself even more as you're helping your country.

# Unique Pinnell - Royall Family Holds 48th Reunion In Cisco

Lake Cisco over the years has been the scene of many reunions, some of which have been unusual.

The 48th annual Pinnell-Royall Reunion, held there this past weekend is perhaps one of the most unique.

No stranger to the Lake Cisco shores, members of these two families (who claim to be among the world's oldest) began their gatherings at Lake Cisco back in 1920, but have been meeting at other sites for the past few years. Over 100 had signed in by Saturday afternoon and some 300 were expected at the Camp Inspiration headquarters by Sunday.

Seven other regional reunions are held by scattered members of the family around the country, but the one held in Eastland County was the senior three-day event. Record number of attendees was in Brownwood in 1960 when 561 kith and kin signed in.

Senior patriarch Royal E. Pinnell, 72, of Dallas, and formerly of this county (Rising Star, Cisco and Moran), and A. B. Pinnell of Tucson of Arizona, both here for the get-together, are cousins and

grandsons of Pioneer Willey E. Pinnell who settled in this area in 1800, one of members reports.

An even dozen states was represented at the reunion, including relatives from North Carolina, Florida, California, Arizona, Arkansas, Oklahoma, Texas, Colorado, Kansas, Illinois, New Mexico and Washington.

During a business session Sunday, following the family's all-together devotional, Gene Matthews of Graham was sworn in as Junior President of the family for the coming year, to serve under Jackie Royall of Mansfield, who will be senior president. Mrs. Boford Works of Dallas was re-elected secretary.

A Family Queen, always a senior matron of the family, was to have been revealed at the Sunday closing celebration.

The Pinnell-Royall (50 spellings of Pinnell and nine spellings of Royall accepted) historians claim that the families originated in Normandy, France over 2,000 years ago and family records extend back to the time of Christ. Members were prominent lead-

ers of William the Conqueror in his conquest of England in 1066 A.D.; the chief lieutenants of the First Holy Crusade, under Geoffrey, in 1098; in the American Revolutionary War and each of the wars since.

The combined families, closely allied by inter-marriage, has a national board of directors, fosters genealogical research; maintains a national record department with the names of over 10,000 members and issues a monthly, 12-page mimeographed newspaper. Few families can boast such esprit-de-corps or such a planned program of activities.

The reunion was highlighted by organized games (tables and active), exhibits of family made objects (al a country fairs, a religious service, and a family auction of white elephants).

The family even offers a 97-page cookbook containing the favorites, old and new, from its good-cooking members.

An entire building of the camp site housed the family exhibits (all of amateur standing, but professional beauty) goods.

Dollie Moseley, left, daughter of Mr. and Mrs. Pat Moseley, was the first place winner in the Junior Division of the County Dress Revue held Monday night, July 1 in the Cisco School Auditorium. Suzanne Harbin, daughter of Mr. and Mrs. Jeff Harbin was the runner-up in the Junior division.

including handicrafts (a hand-carved chess set), home canning, photography, paintings, and art work and baked goods.

Lynne Pippen, left, daughter of Mr. and Mrs. Irven Pippen of Cisco, was the first place winner in the Senior Division of the County 4-H Dress Revue. She will represent Eastland County at the District Dress Revue in Stephenville on July 11. Brenda Browder, daughter of Mr. and Mrs. Bob Browder of Gorman was runner-up in the Senior Division and will serve as a hostess at the District Dress Revue.

Jane Krantz, left, daughter of Mr. and Mrs. Jim Krantz was runner-up in the sub-Junior division of the county dress revue. Brenda Browder, daughter of Mr. and Mrs. Browder was first place winner in the sub-junior division.

## Junior College Grid Picture Given In New Football Book

Dave Campbell's popular 1968 edition of TEXAS FOOTBALL says this of Texas Junior College teams:

Over the past three seasons, Henderson County has lost just enough games (four) to appreciate the delightful sensation of winning—28 times. And even with the high rate of turnover among junior college players, the Cardinals still don't appear ready to relinquish their championship perch. "We have as good—or better—a chance to win the championship as any other team," admits coach Bob Bacarini.

HENDERSON COUNTY, just as last year has no proven-out QB in sight, but a look at some of the other football folks in camp provides an impressive nucleus. Among 5 offensive and 5 defensive regulars from an 8-2 are All America nose guard Ricky Gunnels (220), defensive tackle Tom Newton (220) and offensive tackle Ed Fusick (245). And the running game could be overwhelming with such names as halfbacks John Monk and Louis Scott, Split end Steve Chatman, guard James Jenkins, tackle Danny Lewis and linebacker James Marcus (225) are other solid talents.

CISCO was a dandy second last year, hewing out a 7-2-1 record, and now it returns Texas' highest scoring backfield intact. Alas, it also is shopping for defensive linemen. Halfbacks Calvin Hinderman and Clarence Jackson, QB Ronnie Bell and fullback Jim Frazier (215) are unadulterated class, as is offensive guard Gary Swan (225). But halfbacks A. D. Burton and Joe Egging and linebacker Lennie Givens are the only defensive veterans.

KILGORE made 1967 a sort of building year, producing a 5-5 with a freshman-studded assemblage. Now 10 offensive and 5 defensive veterans return, including people of all-star potential in guard Allen Wilkenfeld (201), tackle Glenn Tucker (226), end Jimmy Malone and defensive back Jackie Miller. Charles Austin, a broken field wizard, is the offensive hub, with QB Wes Skeeters, fullback David Crow and wingback Danny Dorsey lending scoring class. Jim Sartain, Pat Murphy, Bill Snider, Jerry Gibson and Jimmy Kempf are other tested linemen.

TYLER managed a 7-4 year ago but all the losses were in league competition. With fine line potential and good QB

prospects among the 6 offensive and 6 defensive returnees, circuit rivals should be on guard for the Apaches this time around. Three QB possibilities are Mike Keveryn, Gay Ramm and Rick Nabors, who is also a class defensive back; tackle Steve McCoy (240), guards George Legh-Page (225) and Ronnie Smith, and centers Sid Goff (235) and John Jackson (250) are the line behemoths. Glenn Seaton and Raymond Fontenot, one of the leagues top linebackers last year, are the top running backs.

BLINN will have 18 lettermen (8 offensive and 7 defensive starters) from a 4-4-1, plus an outstanding freshman fullback in Earl Marion (212). So the team could be a fine one. Halfbacks Josh Ashton (205) and Carl Hayes provide more offensive punch behind QB Allan Smith and a fine linebacking corps is present in Glenn Tegeler (215), Robert Young, Desi Elizondo and Charles Wilson. Fine line names include George Pachucka (240), Steve Burleson (230), Darryl Craft (225) and tackle Russell Harry (6-6, 250), who is gifted with fine agility.

WHARTON got a 3-7 initiation for a young team last year, now returns 29 lettermen, (8 offensive and 10 defensive regulars) and counts all that experience, plus overall size, as hopeful factors. Linebacker Ronnie Herman (230) is class in any league, and he has a fine running mate in Mike Yanowski (225).

## Tornado Preparedness Plan Now Under Development

AUSTIN.—C. O. Layne, State Coordinator of Defense and Disaster Relief for the Texas Department of Public Safety, announced today that the Weather Bureau and the State of Texas have jointly initiated a program of improved public preparedness against tornadoes.

The action is part of a major or national program designed to reduce the toll taken by tornadoes, considered by the Weather Bureau to be the most vicious of all natural hazards.

Last year was the worst in recorded history for tornado incidence in the United States. There were 912 tornadoes reported, causing 116 deaths, approximately 2,000 injuries and untold millions of dollars in damage.

A new tornado preparedness plan for community protection has been developed by the Weather Bureau, and is expected to be placed in operation during the next few years at all locations subject to tornadoes and severe thunderstorms.

"Vigorous programs of community action have been shown to increase substantially the degree of protection possible against the effects of tornadoes," Layne said. "In such programs, the Weather Bureau, Department of Public Safety, news media, and local officials all play major roles," he added.

A recent example of the benefits of community preparedness was exhibited in the Miami, Texas tornado of May 6. By the coordinated actions of the Weather Bureau, DPS, local television and radio stations, and local agencies and citizens, effective warning was given the city. The warning was then acted upon by local officials knowledgeable in tornado safety precautions and was directly attributable to the saving of lives.

A recent effort of the Weather Bureau program to keep the nation as safe as possible from tornadoes was the production of the film "TORNADO." This film has been viewed by millions, and is currently one of the most popular films in the libraries of the DPS and Weather Bureau.

"Additional meetings with city and community officials, state and local law officers, disaster agencies, and others will be held throughout the state in the future to work out the details necessary for the best possible protection of life and property," Layne said.

## Large Crowd Attends FB Building Opening

More than 300 people attended the official Open House Sunday afternoon at the new headquarters of the Eastland County Farm Bureau.

The building, which has 1,600 square feet of office space, was built to provide office space for the Bureau, a community meeting room which is available free to county civic or farm groups, and additional office space which is leased to Federal Land Bank and M. L. Terrell Real Estate. A third office is available.

The Bureau has 753 members. Jack Cozart of Cisco is president of the Board of Directors. Ray Norris of Eastland, secretary-treasurer of the Board, was chairman of the building committee. Buddy Aaron is manager of the Bureau.

Reception arrangements were handled by Mr. and Mrs. Henry Fry of Cisco. He is a

past president of the Bureau. Mrs. Ann Justice, office secretary, registered guest.

Coffee, punch and cookies were served, and gifts were presented to guests.

The Bureau plans to build a picnic area, complete with bar-be-cue pit and tables, in an oak grove behind the building. The annual Bureau picnic, which will be held Aug. 9 in Eastland City Park, will be held at the headquarters building in future years, Cozart said.
