

In this corner, with COLLINS

YOU'LL BE glad to know that the historic landmark midway between here and Breckenridge — a mighty oak tree beside Highway 183 — will not be a victim of modern highway building. That's the word from the district highway office.

The tremendous live oak tree is the most impressive sight along the highway that connects our town with Breckenridge. Although safety laws provide that trees be removed if they're 30 feet from the road this mighty oak will be spared.

In the early days, the big oak was a natural stopping place for slow moving wagons that carried freight from the railway depot here to Breckenridge, which had no railroad. Many mules have been tied to the tree for a brief rest or overnight stop. The trip between the two towns used to be a two-day affair by wagon.

The big oak has twin trunks, and the largest measures 18 feet around. A man who lives nearby reports that about two weeks each October the tree is the nesting place for hundreds of migrating sissor-tail birds. They're a sight to behold, he added.

Some years ago, we heard that the old tree was at one time known as The Hanging Tree as somebody was hung by the neck there in the olden days. If anybody knows any thing about this, give us a call and we'll report it for the interest of all.

MORRIS WALKER

Morris Walker To Speak At First Methodist

Morris Walker, chairman of the Conference Board of Lay Activities of the Central Texas Conference, United Methodist Church, will be guest speaker at the 10:50 a. m. worship service at First United Methodist Church on Sunday, Oct. 27, according to announcement of the pastor, Rev. B. Thomas Tribble.

Local laymen assisting with the service will be Charles Chas. Smith and John Walter. The speaker, a merchandising manager with Mrs. Bairds Bakeries, Fort Worth, currently serves as chairman of the Commission on Worship, Meadowbrook Methodist and of District Board of Missions and Church Extension of Fort Worth East District and is president of the Protestant Mens Council of the Fort Worth, Tarrant County Area as well as other places of leadership.

Members and visitors alike are cordially invited to hear this outstanding layman, the pastor said.

TRUMAN KIRK

TRUMAN KIRK IS 'WRITE-IN' CANDIDATE FOR 91st COURT

Truman P. Kirk, Cisco Attorney, has authorized this newspaper to announce that he is a "WRITE IN" candidate for Judge of the 91st District Court of Eastland County.

Mr. Kirk said, "I cannot quit the race, when so many fine people of Eastland County have continued to express their support of me.

"If the people of Eastland County want me to serve as their Judge and they 'Write In' my name as their Judge, then I will do everything possible to serve them faithfully. "When I first announced last year for your 91st District Judge, I felt that I was qualified and my actions since that time have further proven my qualifications and intentions.

"I do not feel that my opponent is the duly elected party candidate, since the people were denied a choice. I have, from the start, had faith in the Democratic System of letting the people decide the issues. And I do hereby, LAY MY CASE BEFORE THE PEOPLE, and I will abide by their decision in this General Election. I will need your extra help to 'Write In' my name under the 'Write In Column' of the General Ballot.

"I would like to explain to any who have felt that the issue was closed, that the only issue settled last spring was that I could not have my name printed on the Primary Ticket. Please understand that we did not, then, have time before the election to appeal on the validity of this decision. (Because of limited time caused by the opposition's successful galling maneuver.)

"You will remember that we first were denied the right to a hearing, but the Supreme Court of Texas ORDERED them to give us a hearing. You will also remember that our Eastland County citizens jury voted 3 to 4 for Truman Kirk, but that the Wichita Falls Judge ruled contrary to the majority of the jury. We sincerely feel had time permitted an appeal, that the Supreme Court would have ordered Truman Kirk's name to be listed on the primary ballot and that the people of Eastland County would have elected him in May. But what happened in May should not control your vote in November, especially in light of recent developments.

"IT IS NOT OVER YET, and in the General Election Nov. 5, 1968, you can still 'Write In' Truman Kirk for your judge for the 91st District Court and thus strike a

Ranger Resident Traces Political Parties From 1788 to Present Time

A development of the four political parties in the United States has been traced from 1788 to the present date in an attractive four-color chart by A. W. Warford, co-owner of Social Science Laboratories in Ranger. The work has been reproduced recently in leading newspapers in Texas and other states.

The chart is a product of many years research and was

Bulldogs Travel To Albany Friday, Rangers Play Henderson Saturday

The big game in District 10-A between the Ranger High School Bulldogs and the Albany Lions will be held Friday night at 7:30 in Leon Stadium. The winner of the game will decide the championship of the District.

The Bulldog won the battle last year 28-14 to go on to win the District. Last week the Bulldogs won their first district game by downing De Leon 12-7 while Albany dumped Dublin 36 to 28.

Season records show Ranger with four wins, one tie, and one loss. Albany has four wins, two losses, and of course in district play both teams were winners in their final games.

Albany has outstanding players this year. In the full-back position is Steve Stapp, and quarterback Allan Chap-

Last Saturday night the Rangers were hosts to the Kilgore Rangers in the local stadium. The Rangers were defeated 22-13 after Kilgore got two quick touchdowns and a field goal early in the first quarter of play.

Leonard Dunlap scored the first touchdown for Kilgore as

he took the opening kickoff and raced 98 yards to paydirt. Pat Murphy kicked the extra point. The Rangers took the kickoff and were held by the strong defense of Kilgore and were forced to punt. Dunlap received the punt and again raced 85 yards for a touchdown. The extra point try failed. Pat Murphy's field goal try from the 36 yard line was good and Kilgore lead 16-0 at the end of the first quarter.

The Rangers got on the score board in the second quarter as Robert Jackson ran 27 yards for the touchdown. The half ended with Kilgore leading 16 to 6.

Early in the fourth quarter Ranger again scored and the extra point conversion was good. The final score of the night gave Kilgore the game.

Scott Receives First Haircut From Same Barber, Same Place

It was a great experience, that November Day in 1944, when Mr. and Mrs. Delbert Capps carried their ten month old son, Lloyd, to get his first haircut.

With the usual parental misgiving about their son's reaction to the new procedure, they arrived at L. E. Gray Barber Shop, 217 Main St. where Tony Lewis, known as the friend of young children, effected the change from infant curls to typical boyish haircut.

The presence of parents did much to allay any fears on the part of baby Lloyd, who, in above picture seemed far more interested in father's camera than in his surroundings. The camera was a familiar object since his parents were Ranger photographers, who had preserved many a precious moment with pictures. This trip and subsequent admiration between barber and customer.

The Capps family moved to Abilene, Lloyd grew to manhood, married an Abilene girl and one day, the couple was blessed with a son, Scott.

The time came for history to repeat itself. Scott age nine and one-half months, needed a haircut, so on Thursday, Oct. 17, the parents, now residents of Breckenridge, brought their son to Ranger where, in the same shop, the same barber preformed the same service for the second generation.

This incident was also preserved in pictures, this time by means of a Polaroid cam-

era and it appears that the customer possesses his father's poise and the barber has lost none of his appeal to the very young set.

4-H Club Youths Due Achievement Awards

Sixty-two Eastland County 4-H Club boys and girls will receive Achievement awards at the 1968 Awards Banquet, Saturday night, Oct. 26. The annual event will be held in the Cisco High School Gym with the banquet beginning at 7:30 p. m. Speaker for the banquet will be Mr. Ronald I. Cross, Agricultural Representative of Santa Fe Railway. The banquet is the highlight of the year for Adult Leaders, Parents and of course 4-H Club boys and girls. According to Assistant Extension Agents Judy Dedeck and Bob Cohen there will be approximately 150 awards presented by representatives of the donor companies. Among the awards to be presented are those to Eastland County's State winners Gold Star Boy and Girl and "I Dare You" Award. Also Adult Leaders will be recognized for their dedicated service to 4-H and its purposes.

4-H-ers Place Stock In Show

Eastland County 4-Hers Larry Farnsworth, Caryn Lee, and Lynne Pippen placed their respective animals in the Junior Livestock Show of the State Fair of Texas held Oct. 14-19. The steers belonging to Saryn Lee and Lynne Pippen were Eastland County bred calves. Jimmie Lee was the breeder of Caryn's steer, and Irvin Pippen was the breeder of Lynne's steer. For the first time all the steers taken to a major show were bred within the boundaries of Eastland County. This is a marked change and foretells of the rise in quality of cattle being raised within the county. Larry Farnsworth's heifer was bred by Luther McClung at Sipe Springs. The placings yielded \$66 in prize money and were as follows: Caryn Lee — 3rd place middle weight Crossbred Steer and blue ribbon classification; Lynne Pippen — 20th place middle weight Hereford and blue ribbon classification; and Larry Farnsworth — 11th place Angus Early Senior Heifer Cal. According to Bob Cohen, Asst. Co. Agent, the exhibitors did a good job with their calves at the State Fair.

Mohair Industry Is Important In Eastland County

Texas 1966 mohair production totaled 28,770,000 pounds valued at \$15,536,000 compared with 31,548,000 pounds valued at \$20,845,000 in 1965. Texas produced 97 per cent of all U. S. mohair. On Jan. 1, 1967, Texas had 4,053,000 goats valued at \$21,076,000 as compared with 4,222,000 and \$27,710,000 in 1966. There is over 400 goat ranchers in Eastland County with a production of over one million pounds of mohair produced in the last two years. The price for mohair now is 35 cents for adults and one dollar per pound for kid. Eastland County has two mohair dealers to serve the ranchers. They are C.P. Cloud and Rippy Brothers and Ruffell Feed and Seed of Ranger. These county buyers sell to two major companies in the United States. The companies that buy the mohair are Fortan, Dupond and Sawyer of Boston, Mass. and Collin and Robath, also of Boston, plus various other smaller organizations. The average adult goat will produce from ten to 12 pounds of mohair per year and from four to seven pounds from kid goats per year. What is the future of mohair. The mohair industry has as grand a future as it has present and past. The mohair is one of the diamond fibers of the world, whose qualities are such that the best clothes cannot be made without it. The preparation of the clip for the market and the system of marketing must be brought up to date to keep pace with the changing demand of manufacturing principles. Given these foundations, mohair can face the future with confidence.

Humphrey Visit Receives Mixed Texas Reaction

Vice President Hubert Humphrey's visit to Texas this week received a hot and cold reception. Oddly enough, the heat came from Republicans and the coolness from Texas Democrats. At a press conference in McAllen, Republican Senator John Tower "welcomed" Humphrey, the Democratic nominee, into Texas, saying he hoped Humphrey would use his Texas visit to discuss such vital issues as the Texas right-to-work law, the oil depletion allowance, and unionization of farm labor. Humphrey has a long record of opposition to right-to-work, and is on record as favoring the unionization of farm labor, even if it takes economic boycotts to force farm labor into unions. "I doubt that the Vice President will discuss these issues while he is in Texas," Tower said, "since he has consistently been on the wrong side of every issue, as far as Texas is concerned."

Mr. Humphrey has a long record of being rather free with words," Tower continued. "He led the filibuster against the Texas Tidelands Act of 1963, when President Eisenhower and Vice President Nixon were pledged to return the tidelands to state ownership. It is with no thanks to Humphrey that we now have control and ownership of our tidelands."

On the other hand Mr. Humphrey's reception from the state's leading Democrats was noticeably cool. Few of the top Democrats travelled with Humphrey on his vote-hunting foray into Texas. With few exceptions, those who did so made it plain to intimates that they did so with little enthusiasm. Rally speakers will include Charles Heathcoat of Mineral Wells, Area chairman for Wallace; and Dr. Irby Fox, M. D. Abilene, Taylor County chairman. Clark said, "A question and answer period will follow the speakers."

A TIME FOR DECISION

A Presidential election, the most important one in our lifetime, is close upon us. With three candidates in the race Texans are confronted with such a variety of appeals that some confusion is not surprising. We see some of our top state political leaders urging support of Hubert Humphrey on the self-serving appeal of party loyalty. We see fine Texans tempted to support George Wallace because they like his outspoken position on certain issues and are thus swayed by an appeal of sheer emotion. With full respect for the right of every Texan to make a personal decision, this message in behalf of Richard Nixon is offered as

... AN APPEAL TO REASON!

HUBERT HUMPHREY WILL NOT
change. He has proved consistently anti-Texas. He is famous for his filibuster against Texas owning its tidelands. He has fought our right-to-work laws and sought to destroy our vital oil depletion allowance. On every issue of world importance his position is contrary to that of most Texans. Humphrey, an ultra-liberal founder of the ADA organization, would gain executive authority for radical minority viewpoints should he become president. This cannot happen by popular vote. In view of his vicious attacks upon George Wallace, what a ghastly miscarriage of intent it would be if Wallace supporters themselves should throw the election into the House of Representatives where every Wallace vote in Texas would automatically go to Humphrey!

GEORGE WALLACE CANNOT
be denied his impressive showing. A number of fine people heed his third party call. The very least that can be said is that he has dramatized the desires of many people for a change of direction in the affairs of our government. However, the very most his supporters can hope for is to split the popular vote so that all of us would be at the mercy of Washington politicians who would elect our president for us. This is Hubert Humphrey's only hope for election. The more positive way to vote for change is to recognize the many fine merits of Richard Nixon and his program, then vote for Nixon to see an election of our president by the people instead of by Congress!

RICHARD NIXON CAN... AND WILL!

Cub Scout Leaders To Hold Training School

Training for adult leaders in the Cub Scouting program has been scheduled for Sunday afternoon and evening, Oct. 27, starting at 2:30 p.m. in the Reddy Room of the Texas Electric Service Co. building in Eastland, Wade Andrews, Comanche Trail Council Leadership Training Chairman, has announced.

Complete training for all adult male Cub Scout leaders will be offered; Den Mothers may attend the afternoon sessions and complete two of their four sessions of training. All men are asked to bring a sack supper. Expected to attend are Cub

Scouting leaders from Breckenridge, Cisco, De Leon, Dublin, Eastland, Ranger and Stephenville. Invitations have been issued to all Cub Scout leaders in the eight-county Comanche Trail Council to attend this or their course to be offered in Brown County Nov. 23.

All adult males who complete either of the courses will be extended an invitation to a special duck hunt on a private un-hunted area on Nov. 24.

Any interested adults who are not now active in the Cub Scouting program are invited to attend.

Witnesses Will Attend Assembly

Final plans are being made for the Eastland congregation of Jehovah's Witnesses to leave this week for Colorado City, for their "Sharing Fully in Preaching the Good News" circuit assembly, according to Eugene Sipe.

The local group will join more than 500 delegates from the West Central part of Texas, attending the assembly slated for the Colorado City High School Auditorium, Oct. 25-27.

"Principal speaker for the event," Eugene Sipe said, "will be L. B. Dugan, district supervisor of Jehovah's Witnesses." Of special interest to Bible students and the public alike will be the Bible lecture entitled "God's Way is Love" which will be given at 3 p.m. Sunday, the 27th.

Regular meetings at the local congregation will be suspended during the convention since a majority of the group will be in Colorado City.

Election Ballot Change May Confuse Some Voters

Two factors may cause some balloting confusion in the November 5 general election, election officials in Texas forecast this week.

The two factors are:

1. A new State law has inserted a new top line on the paper ballots so that persons desiring to vote a "straight party ticket" may do so by making one mark. This new line is expected to confuse not only the "straight ticket" voters, but also the "split ticket" voters.

2. "Split ticket" voters are expected to be more numerous than ever before, especially since there is a third party, the American Party, and it has candidates for only President and Vice-President and no other offices.

Voters are cautioned to be certain that their ballots are properly marked so that their intentions will not be subject to interpretation by election officials.

Eastland County will use paper ballots for the Nov. 5 General Election.

The "scratch" method of voting, which some people prefer, is still permitted. However, voters using this method are cautioned to be certain to mark through all names in all three party columns for which they do not wish to vote.

There are 19 counties in Texas that use voting machines. As in the past, one lever can be pulled to vote a "straight ticket." To vote a "split ticket," individual levers should be pulled for each candidate of the voter's choice. Persons who are uncertain as to how to operate a machine should contact one of the election officials before entering the voting booth.

Voting machines are scheduled to be used in the following counties: Bell, Bexar, Brazoria, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Midland, Navasota, Potter, Randall, Rusk, Smith and Tarrant.

come acquainted with. The Adult Services Council will have paved the way and your call will be expected.

2. Your conversations ideally will be an exchange of ideas, information, understanding, etc. In some cases the new friend may have been so isolated she really needs to "talk out" her loneliness. In other words, she may need someone to just listen a while.

a. Don't press your friend about her situation too much. She may become suspicious of your interest.

b. Never discuss her confidences with other people.

c. If she seems to have problems that she cannot cope with, make no promises but

consult the Adult Services staff, giving as much information as you have. We work closely with all the agencies and organizations which offer a wide variety of services. If help is available for her particular needs, then, and only then will you suggest that she call the Adult Services Council or ask permission to have our staff call her. Don't be overwhelmed if your new friend should have problems. It may be she only needs to talk things out. L-I-S-T-E-N, she does seem to have need of outside help, we will be available for support.

d. Never appear shocked by anything you are told.

e. Listen, but do not let yourself become involved in family or neighborhood problems.

f. Never discuss personal problems with your friend if others are present on either end of the line.

g. If your friend should be ill, never compare her illness with others you have observed or comment on the way her doctor is treating the case.

3. Use your discretion in giving your telephone number realizing that in some cases

a person who is very lonely might call you too often. On the other hand, it will be a comfort for her to have it and it may be pleasant for you to have calls from her.

It may be that, as you become better acquainted that you may decide between you that you would like to visit each other if transportation is available.

Those who have already become PHONE-friends have found their associations very interesting and are happy in their participation in the program. We feel sure yours will be rewarding.

PHONE FRIENDS

One of the greatest needs of older people, especially those who live alone or are alone a large part of the day, is the security of a friendship — a continuing, one-to-one relationship. It is needed for status, for self-respect, for morale; psychiatrists have said friendship is as basic a need as food and shelter. Older people are experienced and have earned the respect and deference due those who have met and battled with life. They have much to give: companionship, understanding, knowledge, history, etc.

PHONE FRIENDS is a program developed for those who would enjoy making new friends, but for one reason or another find it impossible or inconvenient to make personal visits. Its purpose is to make it possible for such volunteers to telephone visit with older people who, more than most of us, have lost contact with other people. It may encourage either or both to maintain or develop, or reawaken interest in such activities as conversation, reading, crafts, sewing community service, or participating in organizations with which they have been associated in the past.

Aging is a process that begins at birth. All of us are aging. Some of us age faster than others, for many and varied reasons — illness, grief, stress, poor food patterns, etc. Chronologically-aged persons are not necessarily physically-aged, mentally-aged, or socially-aged. They can be aged in any of these areas, but not necessarily.

As we get older we all begin to lose some capabilities, such as mobility, hearing, sight, and others — "bounce" for one. We may no longer

drive a car and need transportation. We may find it difficult to get the information needed in making decisions, in finding easier ways of "giving of ourselves" in services to others and in maintaining our independence as long as possible.

SOME SUGGESTIONS FOR PHONE-FRIENDS:

"The 1968 Lilliston 1500 Combine is the best peanut combine I've ever used."

That's exactly the way Fagan Bays, Route 1, Stephenville, Texas, feels about his new Lilliston. Son Sam agrees. Here's what Mr. Bays says about the performance he's now getting:

"We're picking the cleanest peanuts we've ever picked. And they're really grading high. A good example of what the new Lilliston 1500 will do is the 850 bags of peanuts I thrashed in just six hours the other day.

"We do a lot of custom work, too, and must have peanut harvesting equipment we can depend on. That's why we use Lillistons.

"Another good thing about the Lilliston Combine is that I think it has the highest resale value on the market. I found that out when I traded my old Lilliston for the great 1968 model."

Note: Sam Bays received the coveted AMERICAN FARMER AWARD—the highest honor that can be bestowed upon a member of the Future Farmers of America. Only one FFA member in 1,000 receives this honor.

Santa Special Is Slated To Carry Gifts to Vietnam

Tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post Office venture.

A fast U. S. cargo ship will be designated the "1968 Santa Claus Special," sailing from Oakland, Calif. next month with Christmas parcels.

To meet the sailing deadline and assure pre-holiday delivery of gifts sent with surface postage, items should be mailed during the Oct. 14-Nov. 9 period. They should be marked "Santa Claus Special" just below the stamps.

The "Santa Claus Special" will sail during the latter half of November and stop at Da-Nang, Qui Nhon, Cam Ranh Bay and Saigon, Vietnam. It takes approximately three weeks for a fast ship to cross the ocean.

All gifts should be packed in strong containers with adequate cushioning and correctly addressed, including APO and FPO numbers.

There are several options available for mailing to the military which can save money. Post offices across the nation have free pamphlets which outline the mailing programs for servicemen and women overseas.
