Ranger voters went to the polls Saturday and approved the Ranger Hospital District 209 against the issue. This is just the beginning for Ranger's future and pledges for the new hospital will get underway soon. It will take two to three years

before the new hospital will be complete. The plans are for the new hospital to be built on a ten acre section of land on Highway 80 near the National Guard Armory. The Citizens Advisory Committee has worked hard for the past several months to make this project a reality. Of this, the entire city of Ranger and surrounding area can be proud that Ranger will get a new hospital.

THE EXODUS was in full swing Tuesday as Ranger Junior College students departed for the summer vacation. Come to think of it, the Joseph Dormitory will have a vacant look as one drives down Main Street. . . . While these leave, others return. Richard Boone is home from Tarleton State in Stephenville and will be employed with Featherlite Corp. this summer. . . . Lewis Pounds, RJC student, left Tuesday for Dallas where he will be employed by Texas Bank and Trust Co. this summer.

WELCOME GUEST in Times office on Wednesday morning was W. G. Wender of Shreveport, La. Mr. Wender, a geologist, stated that he had climbed all the hills in this vicinity during the oil boom. The Wenders own property in the Cisco area and spend some time there each year.

THE NAME of Karen Bryan was omitted from the list of high school majorettes listed in Thursday's issue of the Times. Karen will be among the group next fall.

TO SAN MARCOS this summer - Richard Helmscamp, band director of Ranger Public Schools will be in school at Southern State University.

Rev. Charles J. Bush Accepts Roscoe Church

Rev. Charles J. Bush has submitted his resignation as pastor of Second Baptist Church to accept a like ministry in First Baptist Church of Roscoe.

Rev. Bush came to the Ranger church on Aug. 22, 1966. During his 33-month pastorate, the congregation has experienced both numerical and spiritual growth. He has completed work and holds the Master of Divinity Degree from Southwestern Baptist Theological Seminary in Fort Worth. He was pastor of First Baptist Church of Redwater immediately prior to coming to Ranger.

In addition to pastoral duties, Rev. Bush currently serves as vice-president of Ranger Ministerial Alliance and vice-moderator of Cisco Baptist Association.

Sunday, June 1, will be the last Sunday for Rev. Bush to occupy the pulpit at Second Baptist. He and Mrs. Bush (Patsy) and daughters, Debbie, 11 and Sharon, 6, will be at home in Roscoe after June 8.

The Times joins in expressing appreciation to this fine family for the wholesome contribution they have made in our community and wishes for them happiness and success in their new home.

Tables were centered with miniature graduates and arrangements of wild flowers. Decorations were the handiwork of Jim Watkins.

The hosts, assisted by Misses Cantwell, F. P. Braisher, Jr., Willie Hamilton and H.G. Adams, Jr., served a bountiful meal to more than 40 persons, including adult sponsors Mr. and Mrs. Tommy Walter, Mrs. A. B. Halbert and Mrs. M. H. Hagaman.

'Have Confidence,' Rep. Burleson Tells Ranger College Graduates

Taking a timely quote from Charles Dickens, Congressman Omar Burleson Friday night gave a realistic view of the world to Ranger Junior College graduates:

"These are the best of times, and the worst of times." Making the commencement address at First United Methodist Church, Burleson urged the 40 graduating sophomores "To have confidence - not in circumstances or conditions, which have a way of changing - but in yourselves."

The congressman said he wouldn't tell the students that everything in the world is all good or bad, and he said "It may be somewhat painful for us as individuals to even contemplate that all our problems can't be solved immediately. . . . but there are certain problems that we must constantly live with."

Exploit opportunities. Calling adversity "the progenitor of opportunity," Burleson said "it behooves us to seek and exploit the opportunities that adversity challenges."

He also noted that it is the American system of government which makes possible the affluence of the nation, and he said too many people "do not recognize this fact or else choose to ignore it."

"Far too many," he said, "fail to contribute to, as well as receive from, this system of government."

And of the same time, he said "the people of our nation are . . . restive, apprehensive, haunted by a sense of impending danger and, yes, even doom."

THE DAY OF BEGINNING

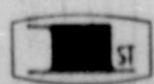

Graduation is one of the most important milestones along the highway of life. It is a significant accomplishment. Yet, while it marks the achievement of a successful program of training and education, it is not an ending, but in a real sense it is a beginning.

The future belongs rightfully to those who have prepared for it, who will now move upward, striding confidently toward a new plateau-- to higher education, and along the routes designated commerce, industry, public service, and medicine, to name but a few.

Graduation has opened the book of life to a fresh new page, to the beginning of a new chapter; and each member of the Class of 1969 through individual effort shall determine what will be recorded thereon.

Salutations and best wishes on this momentous occasion!
