Mrs. Hauptmann Passes the Hat

Greeted by a sensational ovation, Mrs. Anna Hauptmann appealed to a mass meeting of 5,000 Germans in New York city for funds to carry out the appeal for Bruno Hauptmann, convicted of murdering the Lindbergh baby. She's pictured with one of the collection cans inscribed: "That Truth and Justice May Triumph—Patrick Henry."

conducted at the Christian church at 2:30, by Bro. Echles of Gorman. Mr. Hobson was 37 years of age. He was a good citizen and a good neighbor and will be greatly missed in this community. He left a wife and four children, a mother, and other relatives who survive him. We extend our sympathy and love to this bereaved family. May God's richest blessing rest and abide with them. Several from this community attended the funeral.

Mrs. J. A. Shackelford will give a book review for members of the 1920 club Thursday afternoon at 3 o'clock, in the colonial room of the Gholson hotel.

after March 15, took drastic action to conserve his ebbing funds. He ordered 314,711 persons cut off from federal aid in Arkansas and in addition ordered the discontinuance of rural school aid to Alabama and Arkansas to save several millions of dollars. Each state was given its quota to raise and future grants, he said, depended on them.

Two Million Head Of Livestock Are Bought In Texas

COLLEGE STATION, Texas.—The government has purchased 2,013,972 cattle from 150,295 drought stricken cattlemen and livestock men from 233 counties in Texas in the last seven months, spending an average of \$12.14 a head, according to the final report issued today by George W. Barnes, assistant state drouth director. More than \$21,000,000 was appropriated and used in Texas in buying these cattle. Of the total purchased, 684,455, or 34 per cent, were condemned. An average of 13 head was purchased from the 150,000 livestock men needing immediate relief. Soon after the cattle purchasing program was initiated, 22 beef canning plants operated by the Texas relief commission throughout the state were opened to furnish employment. Over 50,000,000 cans of meat were added to the food store for relief roll districts of Texas. On June 6, 1934, at which time the eight emergency counties were organized, the first meeting was held at Amarillo in connection with the livestock purchasing program. At that time the counties were organized for cattle purchases. Other sectional meetings were held in the state to cover ad-

ditional counties as fast as they were designated, or placed in the emergency classification.

Within a short time after the first meeting in Amarillo, the government purchasing program went into effect. Cattlemen and stockmen who had no feed crops were soon pouring hundreds of cattle into the government's lap.

The Texas extension service was charged with the responsibility of the cattle purchasing in the counties. The bureau of animal industry was held responsible for furnishing the inspector who looked after the drouth cattle program. The Texas relief commission served as agent for the federal surplus relief corporation which in turn received the cattle after they had been purchased by the extension service and inspected by the bureau of animal industry.

In Texas it was found unnecessary to hold educational and organization meetings in the counties. The regional meetings were attended by stockmen and county agents who were county drouth directors. At these meetings plans were outlined for the purchasing program. Through the county papers and the dailies the people of each county were given information relative to the emergency drouth purchasing program.

The only real complaint registered by the livestock men was that purchases could not be made fast enough. From all over the state letters poured into G. W. Barnes' headquarters at College Station expressing satisfaction about the benefit derived from the program. "Immediate drouth relief came when it was most needed," according to one of the letters.

"Cattlemen and livestock men were in dire distress, as food crops and pastures had been ruined by the drouth, and they were facing the prospect of a hard winter and the loss of considerable stock and money. They realize that the payments made for their

cattle saved them from disaster and enabled them to carry the remaining herds throughout the winter," another letter said.

One producer wrote rather jokingly about the problem even in distress. He said: "I don't know what I would have done if the government hadn't bought my cattle. I reckon Uncle Sam saved me from going plumb broke."

The drouth program of the AAA in purchasing cattle, furnished a market for cattle at a time when all central markets were glutted.

It enabled Texas livestock producers to carry on.

"There is no doubt in my mind," O. B. Martin, director of the Texas extension service, announced on looking at the final report, "that this program saved the cattlemen of Texas from a disaster too inconceivable to imagine."

DESDEMONA

Mr. and Mrs. Joe Herrington of Ranger were guests of their cousins, Mrs. J. H. Rushing Sr., and son, Weldon, Thursday.

Dr. P. M. Kuykendall of Ranger is here on business Wednesday.

Mrs. R. J. Kraft and son, Urban, started Sunday afternoon from a two weeks visit auto trip to Wapaweta, Ohio, where they went to see her parents, Mr. and Mrs. O. Hager, to their home.

Mr. and Mrs. W. E. Barron and son, Billy Jack, spent Sunday with relatives at Graham.

Mrs. Charles Lee visited Mrs. O. Lawson at Cisco Thursday. Besides the Lawson family she also had the pleasure of seeing a sister, Mrs. Lawson who was on her way to West Virginia where she would see Mrs. Leek.

Miss Romalee Wright, who is attending John Tarleton college at Stephenville, spent the week-end here with her parents, Dr. and Mrs. M. Wright. One of her schoolmates came home with her.

Mr. and Mrs. W. H. Davis drove to Gorman Thursday afternoon. Mr. Davis went to trade gasoline rucks and Mrs. Davis attended the meeting of the Bass Lake Home demonstration club. The main feature of the club meeting was the endowment of the yard of Mrs. Annie Todd.

E. E. Mullins, athletic coach of the high school, received a message Sunday that his mother was seriously ill and for him to come

at once. Ford Reid let him take his car and Rev. Nance went with him to bring the car back if it was necessary for Mr. Mullins to stay several days. He found his mother better and they returned Monday night.

Mr. and Mrs. Harry Gallagher of Albany came down Thursday for a visit with her parents, Mr. and Mrs. Tom Nabers.

Born Wednesday night, Feb. 27, 1935, to Mr. and Mrs. C. B. Miles, a girl. Weight 7 1/2 pounds. Mr. and Mrs. Miles made their home in Baltimore, Md., the past year but have been here for some time visiting her parents, Mr. and Mrs. John Nabors.

Jack Lee drove up to Wichita Falls on business Friday.

Gerald Marsh of Bartlesville, Okla., came Saturday to visit his sister, Mrs. Earl Winters, and family.

Tom Stark and little daughter, of Comanche, visited Mr. and Mrs. Bailey Stark Sunday.

Mr. and Mrs. Arnold Anderson drove to Eastland Thursday.

Constable Rube Miles drove to Eastland on business Monday.

Arch Brown was called to Eastland Monday to serve on the grand jury for this term of court.

Saturday night at the high school a large crowd gathered and enjoyed "stunt night," which was sponsored by the Parent-Teacher association of which Mrs. Ed Hamrick is the president. Several organizations besides the different grades of school gave stunts, all of which were splendidly given. At the close the judges awarded

the freshman class. Honorable first prize, a beautiful picture, to mention was given to the P. T. A.'s and the Methodist Missionary society. One feature that was especially enjoyed was two songs by Jack Eroch, with Carl Brumbelow as pianist. These talented musicians are members of the music faculty of Decatur college. While here Mr. Brumbelow was the guest of his sister, Miss Pollie Brumbelow, one of our popular grade teachers.

Rev. Rgy Shaban of Moran came down Friday and began a revival meeting at the Baptist church. Good crowds are attending the services and much interest is being manifested. Rev. Chambers, the pastor, remained for the week instead of going back to the seminary at Fort Worth.

Mr. and Mrs. R. L. Black of Comanche came up Tuesday to visit Mr. and Mrs. S. T. Stover and other friends, who were delighted to see them.

The Methodist Missionary society met at the church Monday afternoon for the monthly business meeting. The president, Mrs. Charles Lee, conducted the devotional after which reports were given. The Missionary News Bulletin was then given by the following: Miss Mollie O'Rear and Misses W. H. Whitworth, G. S. Bruce, H. H. Nance, W. E. Barron, Claude Lee, W. C. Bedford. Mrs. Nance then conducted the last lesson in "Methodist Missions in Japan."

relatives visiting them from Millersville last week.

Mrs. K. F. Kirk and children enjoyed a week's visit with relatives in Abilene.

Mr. and Mrs. Cicero Weeks and children have moved to Ranger.

Mr. and Mrs. C. E. Hathecock and daughter spent Thursday with Mrs. Hathecock's mother, Mrs. A. D. Wohlford and family at Moran.

Our basketball boys and girls brought back some very beautiful medals from the gold medal tournament held at Carbon last week-end.

The high school division will present a program in chapel Friday afternoon at 1 o'clock.

Mr. Goodigan of the Acker community will organize a scout troop with the boys of our school in the very near future.

Mr. and Mrs. Albert Briscoe and family of Santo visited his sister, Viva, here Sunday afternoon.

Miss Audrey Carey visited her father, W. L. Carey at Caddo Saturday.

Miss Viva Briscoe was the guest of Mr. and Mrs. Nonnie Smith and family of Morton Valley over the week-end.

The junior grammar girls baseball team played Morton Valley for their first game here on Tuesday. Morton Valley won with a score of 9-2.

Two very interesting and entertaining plays are to be given in the very near future. "Winning Schemers", a royalty play is to be presented by the faculty consisting of Misses Carey, Broscoe, Waters and Griffith and Messrs. Smith, Thomas, Cookey and Otis Anderson. The senior class will also present a royalty play known as "Huckleberry Finn." Watch for further notice as to when these plays will be given.

A tennis court is being constructed on our campus. The girls are very anxious to get to playing tennis. All of the desks in the school building have been refitted

Dancer to Wed

The "liquid gold" dance of Rosezelle Rowland, American girl who has captivated Paris, has won the heart and hand of one of Europe's greatest catches, says reports from the French capital. The dancer, shown here in an offstage gown, will be the bride of Baron Jean Empain, subway king with a \$10,000,000 annual income.

ished and have the appearance of being new.

Home economics work, under the supervision of Miss Carey, is doing nicely and the girls are quite interested in working. They are painting the built-in cabinet now and will resume their study of foods and food preparation when the painting is completed.

The sixth grade geography class has as their project the study of Africa. They are writing illustrated themes and making a large salt map to represent that country. Our next study will be that of Asia.

During the industrial revolution there were some of the greatest inventions of time.

The ninth grade history students are doing research work on this subject and reporting in the form of themes.

UNITY

By MRS. T. E. HALE

This community was visited by another fine rain Sunday night. The farmers are all ready for corn planting and several are planting garden this week.

Mr. and Mrs. Isom Davis entertained several young folks in their home Friday night.

The many friends of Mrs. E. Hall were sorry to hear of her death which occurred early Saturday morning in the home of her daughter, Mrs. Jess Sweetman, near Gordon. Mrs. Hall was a resident of this place for several years before moving to Gordon. She was preceded in death by her husband a few months ago. The family have the profound sympathy of

all their friends in the loss of their loved one.

Friends and relatives here of Mr. and Mrs. Jim Dixon of Gordon are happy to know that their little son, Thomas is improving after being seriously ill several days with diphtheria.

J. W. Minnick of this community has the distinction of having Feb. 29 for his birthday and so on last Thursday, Feb. 28, he, his wife and three of the seven children celebrated the day. Mr. Minnick was reared from young boyhood in this community being the oldest son of the late T. J. Minnick and wife, Friends dropped in during the day and wished for him many happy returns of the day.

D. F. McAlister spent part of last week in Stephenville with a sister who is ill.

D. C. Jones, who has been visiting in Fort Worth for some time returned home Saturday.

Mr. and Mrs. Everett Gibson of Thurbur visited in the home of Mr. and Mrs. George Foster Saturday evening.

Mr. and Mrs. J. W. Campbell and daughter, Tommie Ann of Liberty spent Saturday here in the home of her sister, Mrs. J. W. Minnick and family.

Mr. and Mrs. M. N. Singleton, Joe and Viola Singleton and Henry Hunt were guests Thursday in the home of Mr. and Mrs. Carl Pemberton at Stephenville.

Mr. and Mrs. Isom Aldredge of Iran arrived here last week for a visit with her parents, Mr. and Mrs. J. W. Minnick.

Mrs. M. N. Singleton and Mrs. T. E. Hale attended the play at Thurbur Friday night sponsored by the Baptist ladies of that place.

Mrs. Mabel Foster and Mrs. Bill Havens of Thurbur spent Monday here in the home of their sister, Mrs. George Foster.

CROSS ROADS

By MRS. EMMA FERRELL

We had another good rain last Sunday night.

Health in our community is very good.

Mrs. H. A. Negar and son, Charles, were in Ranger Tuesday. Stella and Aline Kitchen spent Saturday night and Sunday with Frances Ferrell.

D. H. Hale and mother are visiting relatives in Huckaby over this week.

Lee Yardley and H. A. Dean have dragged the roads. They are doing some good work.

Mrs. Elmer Daffern's brother and wife of Fort Worth are visiting her.

Someone relieved F. E. Ferrell of 24 red hens last Wednesday night. We wish next time you

come visiting you would knock on the front door, please.

Mrs. Vance Daffern and son spent Tuesday with Mrs. V. E. Pedigo.

Mrs. Anna Bell Trowning and children were in Ranger Saturday.

Mrs. F. E. Ferrell visited Mrs. Walter Lumpkin of Ranger Saturday.

Henry Dunlap visited F. E. Ferrell Monday.

Jeri Lee visited Terrell Hale Tuesday.

Real ANGEL'S FOOD CAKE

Try This Recipe

GOLD CHAIN Angel Food Cake

1 1/2 cups egg whites
1/4 teaspoon salt
1 1/2 teaspoons cream of tartar
1 1/2 cups sifted sugar
1 tablespoon lemon juice
1 teaspoon vanilla
1 1/4 cups GOLD CHAIN Flour

Add salt to egg whites and beat until foamy. Add cream of tartar and continue beating until eggs are stiff and stand up in peaks. Gradually fold in the sugar. Add lemon juice and vanilla. Cut and fold in a little at a time, 1 1/4 cups of GOLD CHAIN Flour which has been sifted once, measured, then sifted four times. Pour into an ungreased angel-cake pan, and bake at 325° F. for 30 minutes then raise temperature to 350° and bake 15 to 20 minutes longer. Invert pan and remove cake when cold.

WHAT a cake, Angels' Food! If these directions are followed explicitly, you will have a cake such as you never dreamed of. Good cooks have learned to rely on the unfailingly uniform quality of GOLD CHAIN Flour. You, too, can assure baking success with this fine flour. Try GOLD CHAIN—you'll appreciate the difference! JUST BETWEEN US

We often speak of courage and try to cheer other; up so that they will have courage to go on; but do we really stop to think of the true meaning of this little word that means so much?

Our dictionary gives us these definitions: "bravery," "resolution," "firmness in danger," or "that strength of mind which enables one to endure pain with calmness."

EDITORIAL

By EL MERLE

How great then is this thing called courage. With it we can face all odds and win our goal. We are never defeated until we admit defeat and we never admit defeat so long as we have courage to go on. We learn to be firm and calm in any position, through any trial; to bear pain of mind or body unflinchingly; to smile and help some one else along in spite of our own troubles. We learn not to whine, regardless of what our lot may be.

We can plainly see that gaining

JUNIOR NEWS

All six weeks examinations are over and everyone is anxiously waiting to learn the grades. Report cards will probably be given out Thursday.

SENIOR NEWS

We are eagerly awaiting the arrival of our personal cards. They are to be here the latter part of the week.

We certainly enjoyed the address by Mr. Clayton Eldridge, county superintendent, Monday morning on prohibition. We invite you to return and give more of your splendid addresses.

DOPE

I do wish Charles Magill would be a little more explicit as to how he got that beautiful red lipstick on his collar the other night. He didn't know I was listenin' in when he mentioned it and when I politely inquired about it he tried to tell me he had been hugging a telephone post. P-e-a-t, Charles, send her to me and I will tell her a brand of lipstick that won't come off, no matter how quickly she ducks her head.

Lena, was a certain young man angry the other night when you just couldn't get away from your other boy friend?

I hear that Arlean and Catherine are going ga-ga over a certain giant from Cross Plains—

It seems as though Joe Barney fell for a certain little girl from Strawn Saturday night. What about it Joe Barney?

About the beginning of the week Max and Ruth seemed to be pretty chummy. I wonder if this means anything—

Hey, Red, do you want a job? This skating rink seems to be a bad influence on our students. I, personally, know of three couples who have become engaged there, but being the kind-hearted person that I am, I won't tell—yet!

Charles Magill seems to need some help with his letter writing. Won't some nice little girl help him a bit?

It seems that one Fred Gray of Ranger, doesn't care to have his name in print. Better watch, Freddie, or I'll get something on you yet. Lena has told me the most amusing joke about you that she thought it was raining—

Some young people of my acquaintance seemed to have had a nice time at the Power Plant Sunday afternoon climbing cliffs.

It seems as if our own "Brainless Betty" Everett is terribly afraid of getting her name in our column this week. Wonder what she's been up to now?

We wonder what dignified senior girl got childish enough to go barefooted last Sunday morning? Do you suppose Frances Edwards would know anything about it?

Are we down on El Merle? She really thinks that the boys deserve sweaters more than the girls. Wonder why?

Sophomore News

We regret to say that our little sophomore reporter, Florence Reeves, has been ill for the past few days. We hope you will soon recover, Florene.

Freshman News

Almost all of us showed a great improvement in our six-weeks test grades.

Virgie Sue Wyatt has dropped two of our subject, algebra and history. We shall miss you from these classes, Virgie Sue.

SPORT NEWS

The Girls played Colony last Wednesday night at Eastland in one of their best games. They were defeated by a score of 23-19, but they were leading at half, 8 to 10. The starting lineup for Olden was: Forwards, Edwards, F. Young, Norton; guards, B. Young, O. Owens, Oglesby. Subs were: Wynne, D. Owens, Adams.

The girls have been working out every afternoon and are in good condition and we expect to give Colony plenty of competition Friday afternoon. We urge everyone to attend the tournament and root for us, for we need plenty of encouragement.

By Mrs. W. N. TOLAND

Last Friday afternoon Mrs. Helms was surprised when the ladies of the community met at her house and gave her a handkerchief shower, celebrating her birthday. After many games were played, refreshments consisting of cake, jello, and coffee were served.

Miss Maxine McClenny of Post Oak was the guest of Miss Grace Helms Thursday.

Mr. and Mrs. S. E. Warford and children and N. G. Fries and children of Breckenridge visited Mr. and Mrs. W. N. Toland Sunday.

B. E. McLamery of Eastland was a business visitor here Wednesday.

Mrs. T. C. Fambro, Mrs. C. M. Johnson, Mrs. N. W. Whitaker and Miss Pat Cooper were among the Breckenridge visitors Saturday.

Rev. Blair delivered a very interesting sermon Sunday morning. He will preach at the Baptist church the first Sunday morning and night in April.

Rev. Helms will preach at the Methodist church Sunday morning and night. Everyone is urged to attend.

Wednesday evening the Parent-Teacher association met at the schoolhouse for a mock trial in which Tom Rich was the defendant and Howard Pencock was the plaintiff in a chicken theft case. J. M. Brown acted as judge, while Mr. Foreman was the prosecuting attorney and Mr. Dickey was the attorney for the defendant. The jurors were Mrs. C. M. Johnson, C. H. Ransdall, T. C. Fambro, M. M. Curry, Brown, Byrd, Messrs. Fred Helms, Jimmie Dickey, Tabor, Bill Brown, Tom Simmons, Cantrell. All of the evidence was not presented and the trial will be continued next Wednesday night, which is the regular meeting night for the P. T. A.

Strawn Mdse. Co. Conducts Series of Funerals This Week

Five funerals have been handled by the Strawn Merchandise company of Strawn within the last few days.

Services for Mrs. Sarah Elizabeth Tullis, of Strawn, were conducted last week.

The decedent was born April 22, 1848 and died at her home in Strawn, Feb. 28.

Survivors are her sons, Joe Tullis, Fort Worth; Steve, of Strawn, and her only surviving daughter is Mrs. J. R. Davis of Weatherford.

The Tullis family has resided in the Strawn community for about 50 years and for the last 15 years has lived in Strawn.

Funeral services for Mrs. Annie Holub Strawn were conducted the latter part of February.

Services were conducted Feb. 27 by the Strawn Merchandise company for Miss Ella Telchik, 32, who died at her home in Strawn.

The decedent was born in Colorado county and moved to Strawn 22 years ago.

Survivors are her father, R. Telchik; four brothers, Herbert, of Cadizo; Edgar of O'Donnell; Oscar of Amhurst and Adolph of Strawn.

Services were conducted Friday, March 1, at St. Barbara Church, Thurber, with interment in Mount Marion cemetery, Strawn, for Celeste Meneghetti.

The decedent was born in Venice, Italy, June 1, 1879, and had been a resident of this country for a number of years.

Survivors are his widow; three daughters, Emma, Lena and Elsie, all of Mingus and four sons, Johnnie, Tony, Geno and Leo, also of Mingus.

Increase of Cancer Reported In State

AUSTIN.—The definite increase in the number of persons dying from cancer makes the subject of tumors a timely one.

The malignant tumor known as cancer may consist, as in the case of benign tumors, of any bodily structures such as fat, bone, connective tissue, superficial layers of skin, mucous membrane and bodily organs.

Where benign tumors are concerned surgical removal usually results in permanent cure.

While a number of cancerous growths unfortunately do not prove common ones do.

The outstanding signals which justify a suspicion that cancer may be present, though not necessarily so, are: any lump; any unusual bleeding from any bodily opening; a persistent sore; and chronic indigestion.

FRIDAY TO BE BIG DAY AT HAPPY KITCHEN COOKING SCHOOL AT MASONIC TEMPLE

Mrs. McDonald, conducting the Happy Kitchen cooking school at the Masonic temple, said today that Ranger is certainly lucky in building an auditorium for the benefit of its citizens.

Ranger certainly needs a building that will take care of the different public gatherings that will be in your city.

On Friday at the cooking school will be "Grand Prize" day—the merchants are all giving beautiful prizes, and the prizes will be awarded on Friday afternoon.

Letters From Our Readers

POLITICS AND OTHERWISE

Our President is meeting with some opposition but I think Franklin D. will have everything in good shape in the next two years.

The names of those who are giving these prizes are listed that you might know who they are and what they are giving:

Texas Electric Service company, one electric table lamp; gas company, one fine space heater; J. C. Penney company, pair of spring slippers; Montgomery Ward, set of aluminumware; Joseph Dry Goods company, silk dress; Ranger furniture exchange, chandel rug; Clyde H. Davis, 16-piece set of dishes; Hassen company, spread of table linen; Killingsworth, Cox & Co., occasional chair and J. C. Smith, pair of Mojave hose.

Those who have contributed prizes each afternoon and have helped make the school the success the greatest in the history of Ranger are:

A. J. Ratliff, Gold Chain flour; Schooley's Bakery, Sinclair Service Station, Zim's Botting company, Strawn; Woolworth Co., Adams & Co., Piggly Wiggly, Oakwood Jersey Dairy, Elmer Rust, Dry Cleaners of Ranger, Ranger Mattress Factory, Moderne Studio, Zuelia Beauty shop, Electric Shoe Shop, Commercial State Bank, Gholson Hotel, Burton-Lingo Lum...

Lake Hagaman Gets Stock of Fish

Jim Ingram announced Wednesday that 10,000 fish had been added to the stock in Lake Hagaman by state fish hatchery employees this week.

Because of the low level of the water it was not thought advisable to put more than 10,000 fish in the lake, though this is more than had been placed in the water any year until 1934.

Rev. C. W. Estes To Preach Sunday At Strawn Church

Rev. C. W. Estes, pastor of the Presbyterian church at Eastland, will preach in Strawn Sunday, he announced Wednesday.

On the other dates he will be at the Eastland church, morning and evening services.

CHANGES MADE IN ALL RELIEF IN THE COUNTY

Upon instructions received from Austin headquarters, effective immediately, the following regulations will prevail with regard to all relief projects, excepting rural rehabilitation and education:

1. No further projects of any character will be approved excepting: Supplements to commodity distribution projects, to handle such distribution; supplement to garden projects, or new garden projects, where seed has already been contracted for.
2. Effective Monday, March 4, no requisitions for material, trucks, teams, or any non-personal service items will be approved for any project, and this includes sewing room and administrative projects.
3. Administrators shall immediately discontinue all expenditures for owner-driven trucks and teams.
4. The Austin office will make no payments on any purchase orders dated later than March 2, 1935.
5. Where it is necessary to close down projects by virtue of these instructions, any non-relief personal assigned to such projects will be immediately removed from the payroll.
6. Rural rehabilitation projects are to be given preference in any continuation of the work program.
7. These instructions do not affect the emergency education program, which is financed through special funds, as is the rural rehabilitation program.
8. These instructions are necessary on account of shortage of funds; at this time no assurance can be given concerning allocations for the month of March, and each county administrator must give serious consideration to the proper and economic use of funds he now has, to carry him through the temporary emergency.

The unobligated funds remaining are such that it was necessary to institute, as of this morning, the issuance of but 20 per cent of the standard budget of the clients.

Fifty thousand (50,000) pounds of potatoes are en route for relief clients in this county, but up to the present date have not been received.

"We are quite hopeful that the present emergency will be but of short duration," H. E. Driscoll said Saturday. "It was found necessary to close down all projects, with the exception of rural rehabilitation and teacher projects, as of Thursday, Feb. 28, because of lack of funds, but I am optimistic to the point where I feel the existing situation will have been overcome the latter part of the coming week, and both work and direct relief will again be at normal."

Indiana has almost decided to award a medal to a jailer in one of its cities. He checked over his prisoners the other morning and found that none of them had walked out during the night.

FEDERAL AID IS RECEIVED BY THE STATE

AUSTIN, March 2.—Nearly three and a half million dollars today brightened the outlook for 293,000 relief cases in Texas.

Federal aid totaling \$3,415,000 was promised by FERA Administrator Harry L. Hopkins, late yesterday.

General relief will receive \$1,500,000, half of which will be available immediately for use to March 15. Drought aid will total \$1,750,000, and transient relief \$155,000.

State relief officials today said funds probably will be sent counties by the end of next week.

Meanwhile 53 new work projects were approved by relief department engineers. Included were Johnson county school ground improvement, \$2,566, work for 24 men.

Police Move Fast To Seize Pair In Shoplifting Case

The Ranger police department moved with speed Friday afternoon when they took into custody two youths charged with shoplifting. The arrests were made within 30 minutes after the alleged shoplifting and within two hours after the two arrived in town.

When arrested the two, who gave their names as Jack Forest, 21, of Vernon, and John Vance, 21, of Vernon, had in their possession a pair of work pants, which were identified by Max Star as having been stolen from his store. They also had labels torn from other clothing and which contained price marks from several other Ranger stores, and which were identified, but which the two claimed came from clothing stolen in other towns.

When Forest and Vance visited the Star store they first asked to see trousers. After looking at one pair one of the men changed his mind and said he wanted to try on shoes. The other remained near the trouser section and Star kept his eyes on him. He soon left hurriedly and a checkup showed that the trousers left on the counter were gone, and the police were notified. The two were arrested by Johnny Boyd within 30 minutes.

At the city jail they told slightly different stories, one saying they had spent the night before in Cisco and the other saying they had stayed in a hotel in Eastland. When confronted with the other's statement the one who said he stayed in Cisco admitted he had stayed in Eastland, and even remembered the room number.

They verbally admitted to Chief of Police Jim Ingram Saturday, in the presence of witnesses, that they had stolen the trousers, but steadfastly refused to admit they had stolen the other articles of clothing, the price tags of which were identified by local merchants.

They were released to county officers.

WORK ON CITY PARK IN RANGER BEGUN TODAY BY HIGHWAY MEN

Highway department workers began Monday the task of making a park out of the city property on the new highway east of Ranger, just east of the Jake Hamon railroad crossing.

The preliminary work, which was started Monday morning, will consist of retaining walls, built of native stone, around the north side of the pond, where dirt will be filled in around the liveoaks that border the north shore of the pond. The water level will be raised materially so that a small lake will be formed.

From the highway walks will lead across the lower end of the lake, with a native stone retaining wall or dam forming the walk over the water.

The clumps of liveoaks are to be thinned out and the trees that are to be moved will be transplanted.

Barbecue pits, stone tables and other improvements are to be made in several of the areas sheltered by the clumps of small trees, with walks leading around the entire park site.

West of the creek, on property that also belongs to the city, a soft ball diamond is to be installed by the city as part of the improvement work, this work to be done by common labor to be furnished by the relief office when work relief is re-instated, provided the necessary project can be put through.

The site for the park has many natural advantages, including the small lake, plenty of native rock from which the retaining walls, rock gardens, cactus beds and borders for flower beds can be constructed. The native trees which dot the park site will also be available for beauty spots and will afford shade for the barbecue pits, tables, benches and other beautification work.

Excavation work for the retaining walls was begun this morning, while another crew of workmen from the highway department were busy collecting and hauling the rock to be used in the walls, tables, benches, borders and walks.

A complete blue print of the park site has been made and approved and the work will progress rapidly, with good weather, so that the park can be completed in a short time, it was stated today by City Commissioner Walter Harwell, who has had charge of the work, while on an inspection tour of the park.

When completed the park is expected to be one of the beauty spots along the highway, where an eyesore has been before.

Blake Johnson of Breckenridge was elected president of the Oil Belt Association of University of Texas Ex-Students at their Independence Day banquet in Eastland Saturday night. Judge J. E. Hickman presided. Earl Conner, Jr., and Karl Tanner were committee in charge.

Breckenridge was chosen for the holding of the next banquet of the group by the approximate 75 in attendance.

The exes heard President H. Y. Benedict of the university in an address over a Dallas radio station.

Miss Lucille Spruill of Cisco, represented that group, presenting a number of lightning cartoons. She was accompanied by Mrs. Ben Krauskopf.

L. H. Flewellen of Ranger spoke on "Significance of March 2nd."

Eastland presented a mock resolution concerning the school and its welfare by Virgil T. Seaberry, assisted by Judge W. P. Leslie and Mrs. Jess R. Smith of Breckenridge.

The Breckenridge group presented Albert Loeper, violinist, from JAC at Stephenville, in several numbers, accompanied by Miss Mayfield of the same school.

Karl Tanner, former cheer leader of the university, of Eastland, led the group in college cheers and songs.

Mrs. James Allison of Breckenridge was elected Secretary. Among vice-presidents named for each of the cities was W. B. Pickens for Eastland.

Decorations were in charge of Mrs. J. E. Hickman, assisted by Mmes. Milburn McCarty, John W. Turner and E. R. Stanford, of Eastland.

Stolen Car Has Not Been Found

Officers have not recovered the 1934 Chevrolet sedan stolen from L. R. Burnside of Eastland from his residence Thursday evening at 7:30.

The automobile was parked in front of Burnside's residence at 611 South Bassett street. The keys were not in the ignition slot.

Ray Falls of Eastland stated he saw the automobile being driven on South Seaman street at a high speed after the theft.

The automobile bears the automobile license plate 754-697.

RELIEF WORK PROJECTS TO START AGAIN

All county relief work projects resumed Monday morning, H. E. Driscoll, county administrator, has announced.

Only 75 per cent of money allowed on last week's budget for the projects will be given, the administrator stated.

No money will be allowed for team and truck hire or non-relief supervision, he said.

County relief work came to a near close Thursday night when the projects were discontinued, pending word of arrival of funds.

Governor Hoffman of New Jersey has advised Przystup that the laws of the state forbid such an arrangement.

Funeral For Mrs. Bass On Saturday

Funeral services for Mrs. Beatrice Bass, 34, wife of R. S. Bass, production superintendent for Sinclair-Prairie Oil Company in this district, were held Saturday afternoon at Bartlesville, Okla., where Bass was formerly connected with the Prairie Oil and Gas company.

Mrs. Bass died at her Eastland home Thursday afternoon after a several day's illness with pneumonia.

Her body was sent from Eastland to the Oklahoma town Friday afternoon.

Mrs. Bass came to Eastland with her husband last December when he was transferred from Troup, Texas, assuming the position of Byron Meredith, who was transferred to East Texas.

Survivors include her husband, two children, Eastland; mother, Mrs. N. C. Baird; and brother, Charles Baird of Kimbrell, Neb.

G.A. Taylor Was Buried Saturday

Funeral services were held from the Methodist church in Eastland Saturday morning for G. A. Taylor, who died Friday morning, after a several days' illness with pneumonia. Rev. E. R. Stanford, pastor of the church, was in charge.

Interment was at De Leon.

He had lived in Eastland several years.

For a portion of the time he was employed in the Eastland Piggy Wiggly store.

Former residences include Cleburne and Santa Anna.

Survivors are his widow and two small children of Eastland; brothers, A. D. Taylor, Golden, Miss., and sisters, Mrs. M. H. Smith, Golden, Miss., and Mrs. C. A. Owens of Booneville, Miss.

Eleven-Year-Old Boy to Be King

LONDON, March 4.—An 11-year-old boy, reared in Boston, was expected today to succeed to the throne of Siam, which King Rajadhibok gave up because his parliament would not restore his power of life and death over his subjects.

While the king remained at his country estate near London it was reported from Switzerland the Siamese minister to France visited Prince Amanda, the 11-year-old heir presumptive, and asked him to go to Siam to take the throne.

Amanda and his mother were willing, though the boy's health is delicate.

MESSAGE ON TAXES GIVEN LEGISLATURE

AUSTIN, March 4.—Justice in taxation for the average man, the home owner, the farmer and the business man, was demanded by Gov. James Allred today in his major message to the legislature.

"In equalizing the tax burdens, you and I are going to tread on somebody's toes. We are, however, confronted with a patriotic duty of necessity. The great masses of the people have got to have tax relief," he told the house and senate in joint session.

Governor Allred recommended taxes on chain stores, oil, gas, sulphur, and other natural resources; pipe lines, inheritances and luxuries.

He repeated his opposition to the general sales tax, but suggested legislators consider a certain type of income tax, if other revenue measures fail.

BIRTHDAY OF NEW DEAL IS HECTIC AFFAIR

WASHINGTON, March 4.—President Roosevelt's new deal is two years old today. The white house and congress are squabbling and public business is at a standstill.

The second anniversary of the new deal finds the democratic party in the gruddiest political affray since religion and prohibition fervor.

The overwhelming democratic congress has been in session two months and has passed none of Mr. Roosevelt's recovery reform or relief legislation.

Mr. Roosevelt is on the defense. His nominal congressional majorities are split, though new dealers are cheered by indications Mr. Roosevelt may pull his \$4,850,000 recovery appropriation out of the discard.

A Department of Public Safety to Combat Crime

A department of public safety to combat crime in Texas is on the way. Twenty-seven senators voted for the passage of the act and Senator L. J. Sulak voted against it. A reminder that the bill is the first step in a war on criminals. It provides for a department which will have three divisions—rangers, highway patrol and headquarters. Highway patrolmen under the bill will be given all the power now exercised by rangers. It will be a department of public safety which has made criminals wary of invading four or five of equipment. The governor will appoint a public safety committee of three members to administer the act. They will name a public safety director and division and bureau chiefs. Ranger and patrol field forces will remain at present numbers and new places created in other parts of the act will make places for 30 additional guardians of the people.

Public Enemy No. 1, known to fame as Raymond Hamilton, is one of the criminal scourges of Texas. He has been a terror in recent years. He has his companions in evil everywhere. He has hideouts in many sections of the commonwealth. He has been protected time and again. Now why should any public enemy of the people be permitted to run at large in Texas? Crime should be eradicated and criminals put away. And the board of pardons should be held responsible for the release of criminals confined in the pens of Texas unless they are entitled to mercy—which means good behavior while behind the walls and a promise to mark time after they have been released by the powers that be.

"SPARE" HORN

CLEVELAND. — Paul Whiteman's bandmen joshed Harry Goldfield, a trumpet player in the band, about carrying an extra horn. An emergency might come some time, he kept telling his fellow troupers. When the band appeared here, Goldfield's \$50 trumpet was stolen back stage, sure enough. Goldfield produced his "spare" and played on without difficulties.

Ranger FFA Met At Breckenridge

The Ranger chapter of Future Farmers of America went to Breckenridge Saturday. The Ranger bunch did very good in their events. The F. F. A. basket ball team was defeated by Graham 15-13. Several of the boys judges dairy cattle. We will not know the results of this event until next week. The F. F. A. indoor ball team was the champion by defeating Graham 8-2; Abilene 6-4, and Breckenridge 11-9. The Ranger chapter will meet Wednesday for a business meeting to discuss the Father and Son banquet to be held Friday night.

The supreme court at least had more regard for the public's feelings than the Hauptmann jury did. There wasn't even a whisper about going into vaudeville after the gold case ruling.

Huey and Farley—A Pair of Pals

Just a couple of close pals, sturdy wheelhorses pulling together for the chief and party, and where do they get this feud stuff about Jim Farley, left, and Huey Long? Just a look at the pair here, chumming on the links at Warm Springs, Ga., would put that notion to rest. But—said to say, this picture was snapped two years ago, when they were guests of Roosevelt during his vacation at the Georgia resort, and what a change just a few months make! Now Huey's clamoring for Farley's scalp, demanding a Senate probe of Jim's manifold activities.

40,000 Persons of 65 Years or More On Relief Rolls

AUSTIN.—There are more than 40,000 persons 65 years old or older on the relief rolls of the state, results of a survey conducted by relief authorities have revealed. A study of relief cases for the month of December, 1934, showed 41,787 persons in that age classification receiving public aid. More than half, or 24,697, were white persons; 12,303 were negroes, and 4,787 were Mexicans. Of the total, 23,856 were men, 17,931 were women. There were 9,499 single men and 9,879 single women reported. Married couples, both 65 years old or older, on the

relief rolls totaled 6,358, while there were 9,693 married couple recorded in which either the man or woman had reached the age of 65.

Similar statistics were compiled on relief clients 70 years old and older. There were 24,832 such clients in December.

Bexar county had the greatest number of clients in the 65-year-old classification, 2,257. Harris county had 2,348, but Dallas county had the surprisingly low total of 813.

Relief funds required to care for these more than 40,000 relief clients in December amounted to \$328,078.50, administrators reported.

Results of the survey will be presented to the state board of control and will be available to legislators interested in drafting social security legislation, Adam R. Johnson, state relief director, said.

Malcolm Campbell Shattered Records With Stock Car

Sir Malcolm Campbell pressed the accelerator of the Hudson "8" to the floor and the records fell like nine-pins. Here is the official tabulation of the new records set and unequalled by any stock car of this class, regardless of price:

- 1. One mile, 88.2028 m.p.h.
- 2. One kilometer, 88.207 m.p.h.
- 3. Five miles, 88.051 m.p.h.
- 4. Five kilometers, 88.105 m.p.h.

Standing start record: 5. One mile, 68.18 m.p.h. Second-gear record: 6. One mile, second gear, 68.252 m.p.h. One kilometer, second gear, 70.319 m.p.h.

These records were all made with the same instruments that timed the record of the Bluebird Sir Malcolm will use and was under the direction of the officials of the American Automobile association.

These tests, Sir Malcolm said, showed the ruggedness and stamina built into the Hudson.

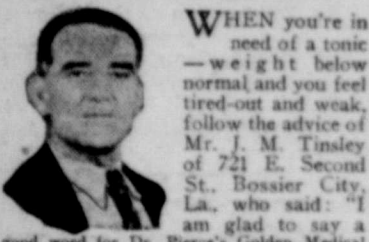

Jailbird Has a Hard Luck Strike

TEMPLE, Tex.—A man locked up in the city jail believes he is a candidate for some sort of "hard luck record." He had almost sawed through the last bar and, if he had not dropped the saw, he would have been free in a few minutes.

Bank Bandit Is Killed By Police

STURGIN, N. D., March 4.—An unidentified bandit was slain and an officer and a bandit wounded in front of the Bear Butte Valley Savings bank. A third bandit escaped in a taxicab, reported stolen in Topeka, Kan. The shooting occurred when an attempt was made to rob the bank at its opening. Police rushed the robbers and opened fire.

Many long hours of exhausting work—that's the lot of an engineer on this job! Most of us here at Boulder smoke Camels. Man, what a swell taste Camels have! Mild, cool, no-tar! Camels have a flavor that can't be beat. You can tell they are made from choice tobaccos, too, because they don't get 'flat' or 'tiresome' in taste when you smoke a 'Camel.'" "VALUE! 'I've seen how Camels are manufactured," says Charley Reider, who runs the big Fichtelberg ranch in Wyoming. "They are made from cooler tobaccos, so wonder Camels have such a rich, cool flavor!"

Farm News of Interest to the Farmers of This Section

ON TEXAS FARMS

Nine farmers of Gregg county have made \$1200 worth of leather out of 224 worth of hides at a cost of approximately \$100. It is estimated that this leather is of a quality which will sell for 50 cents per pound and it cost about 4 cents per pound to make.

Gregg county's officials, taking note of the leather work of these farmers, bought \$12 worth of hides and \$60 worth of tanning materials and proceeded with the labor of county prisoners to tan 1200 pounds of leather for the county to use in making and repairing harness.

Before landscaping their home, Mr. and Mrs. W. P. Wright of Brooks county enclosed it with small limbs pruned from athol trees cut 12 inches long. These stakes were driven into the ground making a "windbreak" but perfectly satisfactory enclosure for the under part of the house and a background for foundation planting around the house.

Five hundred dollars in cash prizes are offered to Marion county farmers who secure the greatest yield of peas from five-acre plots. This incentive is offered in an effort to place the county in the forefront of black seeded pea production. From 15 to 21 bushels per acre have been produced in the county.

DIMITT—One hundred lambs are being fed for the 1935 Easter market by Colin Walton of Castro county whose successful feeding enabled him to win the grand championship with his load of 88 winter lambs at a stock show in Fort Worth last year, according to E. W. Thomas, county agricultural agent.

Because of unusual skill in feeding and the use of Southdown bucks on Rambouillet ewes, Walton's lambs weighed 86 1/2 pounds at the age of five months. The lambs had free access to a mixture of equal parts of salt and bone meal and were fed bundle sorghum along with their dams when taken off the wheat.

The 88 lambs consumed 7200 pounds threshed Milo, 1400 pounds oats and spelt, and 748 pounds cotton seed cake which all cost \$81.22. Walton sold 50 head weighing 90 pounds at 14 cents, making \$630.00, and 38 head weighing 82 pounds at 10 cents making \$311.60 totaling \$941.60 for the lot.

ROCKWALL—A net profit of \$459.90 was made on six acres of onions in 1934 by T. H. Smith of Rockwall county, according to W. R. Halsey, county agricultural agent. The plants cost \$15.00 per acre, and other expenses amounted to \$159.45, making a total of \$249.45. His total receipts for the sale of the onions was \$459.00. The plants were cultivated according to methods outlined by the county agricultural agent.

BEXAS—From a garden sub-irrigated with 300 feet of concrete tile laid at a cost of \$3, Frances Neubing, garden demonstrator of the Leon Valley 4-H Club in Bexar county, raised \$98.50 worth of vegetables in 1934, according to Miss Marie Strange, home demonstration agent. In addition to supplying the family with fresh vegetables, she had enough to can 200 containers. The total cost of her garden was \$5.25, including the cost of the tile which she considers a permanent investment.

McKINNEY—As part of her yard improvement work, Mrs. Bert Bryant of Collin county had a man and team plow the bed where screen plantings to hide the out-buildings on the farm were to be set, according to Miss Helen Dunlap, home demonstration agent. The plants were cultivated carefully about every 10 days and particularly just after rains. Mrs. Bryant also made a cement tile cutting bed as part of her yard improvement work and she now has 105 cutting beds for transplanting.

MARLIN—From nine rows of plowed-up cotton land planted to black eyed peas and pinto beans in 1934, Mrs. B. L. Powell, of the Lamar Home Demonstration Club in Falls county canned 100 No. 3 containers for her pantry, according to Miss Virginia King, home demonstration agent. To fill her food budget for the year, Mrs. Powell also canned 185 containers of leafy vegetables, 100 cans of corn, 59 cans of succulent vegetables, 65 quarts of fruits and fruit juices, 131 cans of tomatoes, and tomato juice, 20 cans of meat, 86 quarts of preserves and jelly, 45 jars of pickles and relishes, and made 20 pounds of cheese. Her pantry was valued at \$227.49.

COLLEGE STATION—The government has purchased 2,012,952 cattle from 150,345 drought-stricken cattlemen and livestock men from 333 counties in Texas by the last seven months, spending an average of \$12.14 per head, according to the final report issued by George W. Bates, assistant

drouth director at College Station. More than \$24,000,000 was appropriated and used in Texas buying these cattle. An average of 13 head was purchased from 150,000 livestock men needing immediate relief.

The Texas Relief Commission, operating 22 canning plants, was assigned a sufficient number to can 50,000,000 cans of meat for relief clients of Texas. "There is no doubt in my mind" O. B. Martin, director of the Texas Extension Service, announced, "but that the AAA program saved the cattlemen of Texas from a terrific disaster and at the same time was instrumental in bettering the herds of the State by culling."

COLLEGE STATION—Lola Blair, nutrition specialist with the Extension Service at College Station, left here Monday, March 4, to take the same position in Puerto Rico for four months where she will be located at Rio Piedras at the College of Agriculture and Mechanical Arts of the University of Puerto Rico.

Miss Blair is known to every farm woman in the State of Texas for her extensive food program and for developing the demonstration known as the 4-H pantry. She also wrote the canning recipes used in the Federal meat canning plants where cattle bought as drouth relief was conserved to feed the hungry.

Application For Seed Corn Options To Close Mar. 15

WASHINGTON—March 15 has been set as the closing date for acceptance of applications from producers in Iowa, Nebraska, Kansas, South Dakota, Missouri, and Minnesota for optional purchase of seed corn by the agricultural adjustment administration in its program to conserve seed supplies, it was announced today.

Under the plan which was inaugurated last fall, producers in these states with seed quality corn under seal as security for 55-cents per bushel corn loans, functioned through the commodity credit corporation have been eligible to place such corn under option contract for sale to the administration at \$1.25 per bushel. Farmers with whom options are negotiated receive an advance option payment of 20 cents per bushel.

It is estimated that applications received from producers and now undergoing inspection may bring the total quantity of corn thus conserved for seed to around 2,000,000 bushels. Latest reports indicate that a total of 157,411 bushels have been placed under option in three states, as follows: Kansas, 55,179 bushels; Missouri, 95,103 bushels, and Iowa, 7,129 bushels. Adverse weather has delayed inspection of cribs in other states.

Through the plan growers in states where corn of seed quality is deficient as a result of the drouth are encouraged to hold seed quality corn from the 1933 crop for use in planting the 1935 crop in their local areas. While such corn cannot be sold for processing or feeding, producers may obtain authority to sell the corn to other farmers for seed use.

Deer Hunting Ban Placed By Mexico

DEL RIO, Texas—Americans who make a trip to the border country with the hope of securing a venison dinner in Old Mexico, will be doomed to disappointment because of a decree of the president of Mexico.

The decree has placed a ban on all deer hunting for commercial purpose in that country. However, American hunters or natives of Mexico may hunt deer for the sport until the season closes March 15.

With the Hauptmann jury in vaudeville, people will begin to wonder whether Hauptmann really is guilty.

Outlook for The Cotton Growers Is Estimated

AUSTIN, Tex.—Cotton is the major source of buying power of over two million people in Texas. It is pointed out by Dr. A. B. Cox, director of the University of Texas Bureau of Business Research, in his monthly survey of the cotton industry.

"It is hard to over-estimate the importance of cotton as the life blood of Texas business, especially in the heavy cotton growing areas," he said. "What is the outlook for business based on cotton? The price of cotton is now approximately what it was at this time last year, but the buying power of a pound of cotton is about 10 per cent less than at this date last year due to the advance in the prices of other things. What is far more important, cotton production in Texas during the past year is down about 45 per cent. The United States Department of Agriculture estimates that the dollar value of cotton and cottonseed produced in Texas the past season was about \$187,932,000 or about \$42,000,000 less than in 1933. American cotton harvests have been reduced over 8,700,000 bales during the past two years whereas world supplies of all kinds of cotton on August 1, 1935, will have been reduced less than 2,000,000 bales from the high in 1932, according to present indications.

Foreign cotton-producing countries have increased production to offset largely America's enforced reduction. It is this large increase in cotton production abroad which has prevented any great advance in the world gold price of cotton. The fact is, the world gold price is up less than a cent a pound from the average in the fall of 1932. It cannot be too strongly emphasized that the advance in the price of cotton in the United States has been due very largely to the fact that the dollar is worth only 59.06 per cent of its 1932 value.

Total supplies of cotton in the United States February 1 were 11,994,000 bales, compared with 13,579,000 bales last year, 14,617,000 bales two seasons ago and an all-time high of 15,749,000 bales three seasons ago. Dr. Cox said in his monthly cotton balance sheet, "Normal supplies at this time of year are about 9,500,000 to 10,000,000 bales. The net decline in the supply of cotton in the United States and of American cotton in and afloat to European ports is 2,532,000 bales.

"Calculated price changes based on the average demand-supply-price relations prevailing during the past seven years indicate that the index price calculated on the Bureau of Labor Statistics wholesale index number should be about 428 points above the price on this date last year calculated on supplies of American cotton only," he said. "The calculated price of middling 7-8 inch spot cotton in New Orleans based on changes in supply and spinners margin should be about 15.50 cents. Calculations based on average percentage change between supply and price indicate a price of 15.35 cents.

"The above figures do not take into consideration the relative increase of foreign cotton in world supplies. Best figures available indicate foreign supplies are up about 1,000,000 bales. If this supply is given the same weight as American the average supply-demand relations indicate a price of 13.86 cents, well over a cent above present prices."

Prices of both cotton and yarn declined during January, he added. The yarn decline relatively a little less than cotton so that the spinners ratio between the price of middling 7-8 inch cotton in Liverpool to 32's twist yarn in Manchester advanced from 153 in December to 154 in January and decreased from 149 for January last year. The price margin advanced to 3.87d in January from 3.78d in December. The margin in January last year was 4.08d. Figures indicate manufacturers' margins are still tomorrow to stimulate increased activity in cotton manufacturing.

The cotton textile industry of Texas is still in the doldrums although in a few cases the January statistics were better than the month before, he concluded. Cotton consumed totaled 3,125 bales, an increase of 35 per cent over the previous month but 44 percent below January, 1934. Cloth produced, 3,758,000 yards, was up 4 per cent from the previous month but 24 per cent under January a year ago; unfilled orders on January 31, 6,612,000 yards, were down 22 per cent from December and 57 per cent from a year ago. Active spindles, totaling 121,818, were down 2 per cent and 26 per cent respectively from the previous month and from January a year ago; while spindle hours were slightly above December but sharply below January last year.

GARDEN HINTS

By J. F. ROSBOROUGH, Extension Horticulturist

Spinach is a failure if planted on poorly drained soil or if planted on acid soils. To grow it successfully in sandy land, plant on raised rows to insure drainage. Before planting apply 5 to 10 lbs. of wood ashes for each 100 feet of row. Soak the seed 48 hours before planting to hasten germination.

Chinese Cabbage. I want to recommend this queer looking type of cabbage to you. To grow it, plant seed in a hotbed in the near future and transplant into the garden by March 20th. Set the plants in rows that have been heavily manured, spacing them about a foot apart. This type of cabbage has the best flavor of any cabbage known.

Planting carrots to come up. There are too many complaints of "carrots not coming up." To correct this trouble, cover the seed with about a half inch of rotted manure at time of planting. This material will not pack or crust over. The tiny carrot plants will come up through it and grow off in a jiffy. Try it and see.

Tomato Plants: Remedy for plants beginning to crowd and become spindly in the box. Make a temporary coldframe by forking up the soil and boxing in a small area on the south side of one of the buildings in the yard. If some glass sash is not available to go over the small frame built around the plants, you can make a cover of muslin cloth. Each morning open the top and allow the plants to become exposed to outdoor conditions. Where there is a limited area to be planted, the plants may be transplanted from the hotbed in cans, one plant to each can. When the plants are large enough, they may be set in the garden.

Poultry Shipping Shows a Decrease

AUSTIN.—A marked falling off in rail shipments of poultry and eggs from Texas to interstate points always occurs between December and January due to the passing of the holiday season, it is pointed out in the University of Texas Bureau of Business Research report on poultry and eggs. Moreover, this year shipments also were 28 per cent less than during January a year ago.

"Rail shipments from Texas to out-of-state points in January, 1935, totaled 94 carloads, composed of 82 cars of poultry and 12 cars of eggs, as compared with a total of 117 cars during the corresponding period a year ago, made up of 104 cars of poultry and 13 cars of eggs," the bureau's report said. "The decrease in total shipments of poultry was due entirely to the smaller shipments of turkeys, since more chickens, both live and dressed, were shipped in January this year than in January last year. Apparently farmers are still culling out a larger than usual number of birds as a means of counteracting the high cost of feed. Receipts of eggs from other states amounted to only four cars during the month, against 19 in January last year."

Grass Lawns
Grass lawns are more attractive than dirt lawns, and eliminate a lot of dust and mud. The lawn should be well drained, level and free from weeds. Mrs. R. H. Erwin, yard demonstrator for the Peak home demonstration club is working to get her lawn well sodded this year. Mr. Erwin has hauled thirty-five or forty wagon loads of soil and filled in the yard to make it level. Bermuda roots have been put all over the yard and with the required moisture, the lawn will be in good shape this summer and fall to get the walks sodded out. This yard is in the middle of a sandy field and will be a good demonstration to show the value of a grass lawn in keeping house. A win break of wild plum, red bud and cedar will be completed around the lower part of the garden and the side of the yard. This will protect the yard from the sand.

DRIVING DRUNK CHARGE FILED AFTER WRECK

FORT WORTH, March 4.—Four charges of murder and a driving while drunk complaint were filed in justice court today against J. J. Craig, 28, whose automobile last night figured in a collision in which four people were killed and three injured.

In a written statement, Craig admitted he had been drinking before the accident and he was driving a borrowed car which had only an emergency brake to stop it.

He told police the two machines collided when he swerved to avoid the other car, which had veered to the left side of the road.

Activities of the H. Demonstration Clubs of County

4-H Clothing
A well dressed club girl should have a harmonious and economical wardrobe suited to her type and social needs. With this in mind Katherine Webb, clothing demonstrator for the Romney 4-H club, has made an inventory of the clothing on hand and planned the garments needed to make the wardrobe what it should be. Katherine will not buy garments just to be buying and the materials and designs will be studied before she completes the work. The other fifteen club members as cooperators, make a tea towel, apron and dress, keep records of the work and in the fall, all members exhibit the articles at the home of the demonstrator. This will be the achievement day program and the public will be invited.

While the nation feels sorrow for the Macon disaster, no one would display grief if some of the smaller gas bags in Congress would bump against the ceiling and explode.

ACCEPTED by Science and the American People

Laboratories have devoted years of research to discover the facts about bran. These tests show that Kellogg's All-Bran is a natural laxative food for normal people. As a result, All-Bran has been accepted by the American Medical Association Committee on Foods, and approved by Good Housekeeping Institute. Millions of Americans use All-Bran to correct constipation due to insufficient "bulk" in meals. For All-Bran supplies generous, mild "bulk," which continues to be effective when used for months. All-Bran also furnishes vitamin B and iron, an element of the blood. Two tablespoons daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor. How much better than taking patent medicines! Get the red-and-green package at your grocery. Made by Kellogg in Battle Creek.

Baking Powder Use Explained

Because of the increased efficiency of K C and some other baking powders in use today, representing about 80 per cent of the making powder consumed, they should be used properly to produce best results.

Knowing that baking powder leavens cakes it is natural to assume that adding an extra half teaspoon to the amount specified in a recipe will give a cake greater lightness. The fact is that too much baking powder may cause sinking in the center, tough, gummy crust, coarse dry crumb, or cake that runs over the pan.

For best results it is a good plan to follow two simple rules: First, always use the amount recommended on your baking powder can. With K C one level teaspoonful to a cup of flour is sufficient. This proportion has been worked out as best for that particular type baking powder. Second, measure carefully—an excess amount of any baking powder does not produce best results. A level teaspoonful means that you must level off with a knife.

K C baking powder, which is advertised regularly in the columns of this paper, is manufactured by baking powder specialists who make nothing but baking powder—under supervision of expert chemists of national reputation. The quality is always uniform—K C is dependable.

Used according to directions it will produce the finest of baking goods. K C is one of the most economical and efficient products entering the kitchen. You will be convinced of this by giving it a trial and observing the results obtained.

The manufacturers will mail, postage paid, a copy of the K. C. Cook's Book if you will send them your name and address with a certificate from a can of K. C. baking powder. Send your request to Jacques Mfg. Co., Chicago, Ill.

Mountain School News

By O. H. MOORE

F. G. Carter and family of Mangum visited S. E. Carter and family Sunday.

T. J. Fonville and family and B. F. Fonville Jr., visited in Ranger Saturday and Sunday, visiting in the home of H. T. Johnson and Clarence Mitchell.

S. E. Carter and O. H. Moore were in Eastland on business Friday.

Chester Dale Fonville has been sick and out of school for two weeks.

S. E. Carter was in Mangum Saturday visiting his brother, who lives there.

Odis Wright, who runs the road machinery for Commissioner Crowley in this district, stopped his work long enough last week long enough to do some much needed work on the school ground at this place. Some old ditches were filled up and the playground leveled up. The commissioner as well as Mr. Wright has the thanks of this community for this fine piece of work.

Other work is being done toward terracing the grounds and drainage through a project which this community has secured which when finished will make our school more convenient and attractive.

The Stark brothers of Stephenville were in this community last week buying fat cattle for which there has recently developed a good market.

Uncle Fayette Fonville has recently finished seeding a large acreage of oats which the freeze had killed.

The farm census enumerator from Ranger was in this community last week taking the farm census.

The severe cold spell at the beginning of this week is thought to have saved the fruit crop. The peach and plum trees in some places had begun to bloom.

Production Loan Representative In Ranger Thursday

T. G. Funk, secretary-treasurer of the Production Credit association of Stephenville, was in Ranger Thursday in the interest of production loans to the farmers and stockmen of this county.

The Stephenville Production Credit association makes loans at 5 per cent for any legitimate agricultural purpose and Mr. Funk stated that borrowers everywhere are availing themselves of this opportunity for credit at the lowest interest rate ever offered to the farmers and stockmen.

Production credit loans, Mr. Funk added, must be sound and well secured and with a reasonable and adequate plan of repayment, and that loans through his association must not be confused with the emergency or relief loans.

The association at Stephenville has arranged for the borrowers in this territory to apply at the Chamber of Commerce where R. V. Galloway will give full information and assistance in making application for these loans.

Entire Commission Seeks Re-Election At Coming Election

A city election, for the purpose of electing a mayor and four commissioners, is to be held on the first Tuesday in April, which will be April 2. The order calling the election was issued Feb. 26. Commissioners to be elected have been designated as follows:

Commissioner for place No. 1, fire and police.

Commissioner for place No. 2, street.

Commissioner for place No. 3, finance.

Commissioner for place No. 4, water.

Election judges, as appointed, are L. H. Hagaman, S. J. Dean, C. E. May and J. B. Heister.

The present city commission, composed of Dr. Harry A. Logsdon, mayor; Walter Harwell, E. H. Mills, Judge W. S. Adamson and Colonel Brasher, Saturday announced their candidacy for another term of office, their official announcements being on another page of today's paper.

These four commissioners and the present mayor have worked hard throughout their terms of office and they ask the consideration of the voters at the polls on April 2 purely on the strength of their records as members of the commission.

Exile Leads War Against Hitler

Most relentless foe of Adolf Hitler is Dr. Otto Strasser, above, chief of the Black Front, who wages war by radio and every other means at his command against the Nazi dictator, from his refuge in Prague.

ONE KILLED IN TORNADO NEAR FORNEY

One person was killed and damage amounting to hundreds of thousands of dollars resulted from the sudden blow of a tornado today in two small Texas communities.

Approaching from the southwest it struck first at Forney, Kaufman county, killing a negro baby and injuring several persons. Damage in Forney was estimated to exceed \$100,000.

In the Campbell community, nine miles east of Greenville and 60 miles northeast of Forney, the storm demolished several houses.

The most spectacular damage at Forney was done to two warehouses of the East Texas Cotton Oil company. The sheet iron buildings were demolished and the flying shreds of iron cut telephone wires east of the town. The mill building was unroofed and the plant damaged.

Numerous houses were demolished. Barns and garages were wrecked. Utility lines were flattened at Campbell. Many farmers were left homeless.

Rescue workers searched the wreckage today to determine if other persons were injured.

Brick Work Begun On New Ice Plant

Brick work on the new ice plant of the Southern Ice & Utilities Company was begun this morning, it was announced by E. L. Fontaine.

The foundation work has been about completed and the brick masons began their work today. The work on the building, which is on the corner of Rusk and Walnut streets, is progressing rapidly.

Prowler Steals Pair Of Trousers from Home of Preacher

A prowler broke into the home of Rev. H. H. Stephens Saturday night and stole the trousers and shirt of the Ranger pastor. In the pockets of the pants was a check for \$5.96 in cash and \$1.80 in post office money order. A coastwise card on the Gulf and Magnolia oil companies were missing.

Rev. Stephens in discussing the affair Sunday said he could not understand why a thief should want the breeches of a preacher.

Store Has Tickets For Stock Show

Carl Jansing of Montgomery Ward is announcing today that his company is co-operating with the Fat Stock Show, to be held in Fort Worth March 16 to 24, by giving to all that make a small purchase a "guest ticket" to this annual event. Mr. Jansing requests that all purchasers at his store be sure to ask for their tickets.

Retail Sales For January Show a Healthy Increase

AUSTIN—Retail sales in Texas during January continued on a retail average for the state. Of latively high level, according to data compiled by the University of Texas Bureau of Business Research. Reports from 89 representative stores show an average increase of 6.8 per cent over January, 1934, and a decline less than the usual seasonal drop from December to January. The Bureau's report said. The increase in sales for January in Austin, Dallas, San Antonio, and Temple was greater than the five groups of establishments included in the 89 stores, men's clothing stores made the best comparative showing followed in order by women's specialty shops, large department stores, small department stores, and dry goods and apparel stores. Collections of outstanding open credit accounts averaged 35.3 per cent of the total amount on the books on Jan. 1 against 35.7 per cent during January last year.

RANGER CITY COMMISSIONERS MAKE OFFICIAL ANNOUNCEMENT FOR RE-ELECTION

We, your City Commissioners, each having served one term, are asking for re-election on April 2, 1935. It has been our purpose to serve the entire City. Investigate the record we have made. It is on this basis that we ask your consideration at the polls in April.

For Mayor

TO THE CITIZENS OF RANGER: Having served the City of Ranger one term as City Commissioner and just finishing this term as Mayor of the city, I feel that I am in a position to know the needs of the city probably as well as any one could.

Therefore, desiring to serve as best I can and in keeping with my efforts of the past, I am offering myself and asking for your support for re-election to the high office of Mayor of the City of Ranger at the coming election to be held Tuesday, April 2nd, 1935.

Respectfully,
HARRY A. LOGSDON.

Street Commissioner

TO THE VOTERS OF THE CITY OF RANGER: I am now completing a two-year term as Street Commissioner, during which time it has been my earnest desire to serve the city to the best of my ability.

I feel that I am thoroughly acquainted with the needs of the city and can best serve you for the coming two years.

In announcing my candidacy for re-election I wish to assure you of my best efforts.

I am soliciting your support.
COL. BRASHER.

Water Commissioner

TO THE VOTERS OF THE CITY OF RANGER: I am now completing my first term as Water Commissioner.

During these two years I have tried to apply sound business principles to the administration of the affairs of the department, showing special favors to none. I point with pride to the accomplishments during these two years.

The books and records of the Water Department are open for your inspection. I am a candidate for re-election. Your support is respectfully solicited.
E. H. MILLS.

Police and Fire Commissioner

TO THE CITIZENS OF RANGER: I hereby make my announcement for re-election to the office of Police and Fire Commissioner of the City of Ranger, Texas.

During my first term of office as your Commissioner I have tried to give the City an honest, efficient and economical administration of these departments and I believe the record will show that this has been done.

I therefore solicit your vote on the 2nd day of April for re-election to this office, and if elected promise that I will at all times give my very best efforts to the faithful performance of the duties of the office.

Very sincerely,
W. S. ADAMSON.

Finance Commissioner

TO THE VOTERS OF RANGER: I asked for the office of Finance Commissioner of the City of Ranger two years ago after having served on the committee arranging the new finance plan, fully advised as to what to expect in carrying out the city's part of the new financial plan, and was given the position without opposition.

I will have within a few weeks completed this service, and am coming at this time asking for re-election to the same office with the positive assurance that I will conduct the city's business with the same thought of fairness to everyone as though it was my own.

If my services have pleased you I will appreciate your vote and influence.

WALTER HARWELL.

School Election Is Called For April 6

The Ranger school board has called an election, to be held on Saturday, April 6, for the purpose of electing three trustees, to replace three whose terms of office will expire this year.

The trustees whose terms expire are J. E. Meroney, Dr. W. L. Jackson and Felton Brasher.

Today none of the members of the school board whose terms expire had indicated whether they would seek the office again, the most of them were undecided as to whether they would announce for the office again.

Under The Dome At Austin

AUSTIN.—Dallas county's election of a state representative will be a miniature referendum on constitutional topics.

Candidates for the place that Rep. Sarah Hughes vacated when she accepted an appointment as district judge will be put on record regarding race track betting, a sales tax, utility regulation and other issues. The resulting vote may influence actions of the legislature. It will at least show how the wind blows on troublesome questions.

Offsetting the unusual difficulties of the campaign will be its shortness compared with most legislative races. Governor Allred must call the election before March 2. If he does not act by then, the county judge is empowered to call it.

The deluge of letters and messages that women sent to Austin urging the confirmation of Mrs. Hughes has raised an interesting question: "If the women are so strong for a woman judge, why has none been elected?"

Austin, with its predominance of men politicians, doubts that a woman could be elected to the district court bench. The test may come when Judge Hughes completes her appointive term next year.

Governor Allred dictated a real philippic on repeal of the race track gambling law but it might as well have been a report on the increase of seal herds in the Pribilof Islands for all the house got out of the message.

Possibly wet weather affected the house microphone, for the voice of Assistant Reading Clerk Sam Hanna was far from clear. A cloudy day made it difficult to follow copy.

Delivered personally by the governor, some of the message's phrases might have had anti-race track advocates yelling and whooping. Maybe the knowledge that it flopped in the house had something to do with the governor's repeating the message over the radio.

The governor's activity for repeal has caused a shift in tactics of racing advocates. An announced plan to seek another committee hearing was abandoned. The repeal bill now is due to slumber until Monday, when repeal advocates hope to get it included on a suspension calendar. Best bet is that the repeal bill will go through the house without a very stubborn fight. Then there will be a big battle over it in the senate.

Governor Allred, Attorney General William McCraw, and Land Commission J. H. Walker announced members of the Colorado river authority, and immediately rains filled the banks of the stream that for months had been below the one-foot stage at Austin. Lake Brownwood began filling for the first time since it was emptied last summer to save the rice crop on the lower Colorado. If that isn't authority, what is?

Publicity over the Colorado river authority has caused persons outside of Texas to confuse the stream with the Colorado river that flows through the Grand Canyon.

The Colorado river in Texas was so named because the words mean, in Spanish, "red river." In flood its waters are red from silt. The tale goes that it became known as the Colorado because a red river was named as the western boundary of an early Spanish land grant. The grantor meant the Brazos, which also is red in flood. The grantee crossed the Brazos when it was comparatively clear, pushed on to the Colorado, which was in flood, and adopted it as his boundary.

Senators balked at placing their own income sources on record but they have demanded strict accounting by newspaper correspondents. To get floor privileges a news man must file a statement of the publications he represents; must certify that reporting is his principal occupation; and that he is not receiving any compensation or emolument, directly or indirectly, from any person, firm, corporation or association lobbying for or against any legislation. The house is more strict with itself and more lenient with reporters.

Speaker Coke Stevenson's granddaughter, Scotty Gail Stevenson, will be the youngest person whose picture ever has been displayed on the walls of the House of Representatives. The 13-month-old girl has been made a house mascot and her photograph was ordered to be included with House members in the annual group picture.

Hats in hands, House porters filed politely into the room of the appropriations committee. Instead of a requested request for more pay the porters presented a petition for the committee to include in the appropriation bill money for a tuberculosis sanitarium for negroes. The State Federation of Women's Clubs is for the same proposal.

Ben F. Tisinger of Garland claims an all-Texas record for senate confirmations and rejections.

Youngest Bishop

Garbed for his consecration as the youngest Roman Catholic bishop, Rev. Raymond A. Kearney, 32, is shown on his way to the ceremonies in Brooklyn, N. Y., by which he was elevated to the Catholic hierarchy. He will serve as auxiliary bishop of Brooklyn with the title of Bishop of Lysinia.

He has been appointed a member of the State Board of Education by three governors—Moody, Sterling and Ferguson. His appointment was confirmed twice and rejected once. Each time it caused discussion. Objections were the result of the law that gives the governor the power to appoint board members, just before he leaves the office. If the appointee of the outgoing governor is not confirmed, the new governor gets the appointive power.

APPETIZING MENUS

Chicken With Spaghetti
Select young four pound hen and prepare for cooking, steam in very little water until it will fall from the bones. Season with salt while steaming. Remove from stock and place in covered dish to keep warm. Saute one bunch of green onions in two tablespoons butter, put this in stock, add one package spaghetti, two tablespoons minced parsley, one can tomatoes paste, salt to taste. When well done pour onto platter and remove the bones from the chicken and place on spaghetti. Serve hot, garnish with filled beets and parsley.

Stuffed Pork Chops
Select as many double thick pork chops as needed for persons to be served. Cut almost through from the rib side to form pocket. Fill with sliced apples and fasten securely. Season and dip in beaten egg, roll in fine rolled cracker crumbs. Dip in again in the egg and in the crumbs. Fry in hot fat to brown quickly and place in shallow pan. Pour one cup hot milk over chops and bake in oven 350 degrees for 45 minutes. Serve with broiled tomatoes.

Jeff Davis Pie
1 1/2 cups of sugar, 1 1/2 cups of sweet milk, 3 egg yolks, 1/2 cup butter, 1/3 cup flour, 1 tsp. each of cinnamon, allspice, nutmeg; 1/2 tsp. salt.

Mix and cook in double boiler as any cream pie. When cool pour into cooked pastry shell and top with meringue made from three egg whites and six tablespoons sugar. Bake in moderate oven until brown.

Ginger Muffins
1 cup brown sugar, 1 cup shortening, 4 eggs, 1 cup molasses; 1 cup sour milk, 2 1/2 cups cake flour, 1 tsp. ginger, 1 teaspoon soda. Mix in order given and bake in muffin tins 375 degrees 20 minutes or in loaf 350 degrees for 50 minutes.

Prune Pie
1 cup hot cooked dried prunes run through collander. Add three tablespoons lemon juice, 1/2 cup sugar. Mix well and add 3 well beaten egg whites to the hot mixture. Pour into cooked pastry shell and bake in moderate oven until filling is set. Serve cold, with whipped cream if desired.

Spiced Apple Salad
1 cup Imperial sugar, 1 cup water, 1 cup cinnamon drops (red hot) one cup cottage, 1/4 cup

chopped nuts, mayonnaise, 6 or 8 apples.

Cook sugar, water and candy slowly until candy is dissolved. Pare and core apples. Simmer in syrup until tender but not broken. Remove from syrup and cool. Chill. Before serving fill capacity with cheese and nuts mixed with mayonnaise to moisten. Serve on crisp lettuce with fruit dressing, very colorful.

Former Justice Is Still Sinking

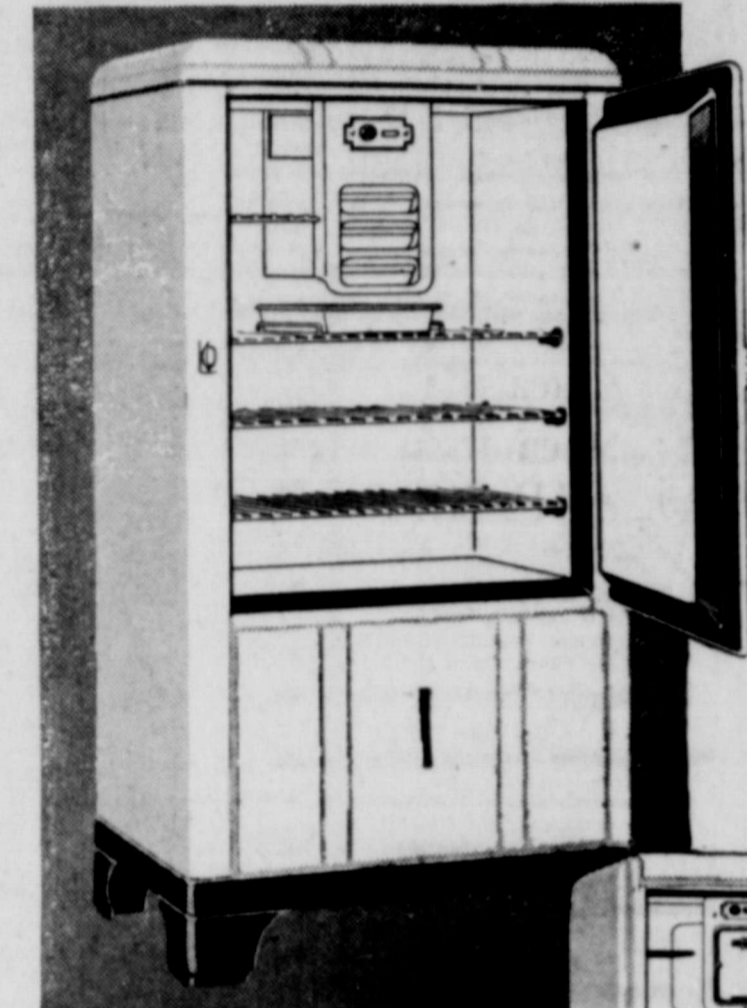

WASHINGTON, March 5.—Oliver Wendell Holmes, retired justice of the supreme court, lapsed into coma today from which his doctors fear there would be no awakening.

Holmes, growing weaker, was given no chance for recovery. It appeared doubtful if he would survive to reach his 94th birthday Friday.

County Association Pass Resolution On Cisco Lawyer's Death

Earl Conner, Sr., chairman of the Eastland Bar Association, has accepted a resolution drawn by the lawyer group on the death of the late James L. Shepherd of Cisco. The Cisco attorney died Feb. 1, after an illness of six weeks.

He had been a member of the Eastland county association since 1919.

He was born in Virginia over 75 years ago. He was a member of the first faculty of Agricultural and Mechanical College at College Station. Moving to Colorado later he assisted in surveying right of way for a railroad company.

Public office of the late attorney included holding of the Mitchell county attorneyship. He was

judge of the 32nd judicial district for 10 years.

Mr. Shepherd was a 32nd degree Mason and a Knight Templar. Committeemen on the resolution were Mrs. C. C. Robey, secretary; R. N. Grisham, Frank Judkins and W. P. Leslie.

County School Men In Session Monday

County school trustees Monday afternoon were in monthly session with Claiborne Eldridge, superintendent.

Members are W. P. Roach, Rising Star, president of the board; H. L. Caffrey, Gorman; G. T. Poe, Carbon; L. White, Cisco and J. A. Beard of Eastland.

Only routine business was transacted, the county school superintendent indicated.

SUICIDE FOR LOVE BLAMED WITH DEATHS

OAKLAND, Calif., March 5.—Fears of a college youth that family objections would separate him from his campus sweetheart, prompted a suicide-slitting at Mills college here, notes left by the couple indicated today.

The victims of the double shooting were Jean Stahle, 23, Oakland, a student at Mills, and Walter Norris, 24, Palo Alto, a student at San Jose State college. Apparently Norris killed the girl and himself.

In his car was found a note which read: "Jean, I love you."

But in his pockets police found another note addressed to his mother. It said:

"Dear Mama: It is 6:45 p. m. Jean will meet me in 15 minutes. Dear girl, I love her. It is all her parents' fault. She loves me—don't forget I love you, too. Walter."

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning

If you feel sour and sick and the world looks black, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and happy and full of sunshine.

For their own sake, they only move the bowels and to move movement doesn't get the cause. The reason for your discomfort and feeling is your liver. It should pour out the poisons of blood into your veins daily.

If this bile is not flowing freely, your blood doesn't digest. It just clogs the liver. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, when often breaks out in eruptions. Your head aches and you feel drowsy and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and so." They contain wonderful, harmless, gentle, vegetable extracts, prepared when it comes to making the liver flow freely.

But don't take any other pills. Ask for CARTER'S LITTLE LIVER PILLS for the name CARTER'S LITTLE LIVER PILLS on the red label. Beware of imitations. *Small advertisement text.*

saloon days, Sen. T. J. Holbrook, Galveston, charged today as the senate resumed debate on repeal of prohibition.

"Open saloons had a chance in Texas for 50 years. Now we are asking this plan to have a chance to eliminate bootleggers, bring law and order to this state," answered Senator Joe Hill. He proposes that Texas voters be asked to ballot Aug. 24 on substituting state monopoly on liquor sales for constitutional prohibition.

Electric Workers Deny a Strike Is Contemplated

Machinery of Texas Electric company at Leon lake today created the usual hum of industry and plant personnel were busy with activity, in contrast to an out-of-town rumor a strike was being planned.

Arthur Vaughn, president of the

local union, No. 908 of the International Brotherhood of Electrical Workers, of which some employees are members, this morning denied knowledge of any reported strike plan and asked where it originated.

The plan—one of the largest between Fort Worth and El Paso—employs approximately 50 men on day and night shifts.

88th Court Grand Jurors In Session

Eighty-Eighth court grand jurors today were in session for the second day of the tribunal's current term.
