"Every day we discover a new word," says a famous compiler of dictionaries. When Hugh Johnson broadcasts, 10 or 15.

VOLUME II

Business Outlook Bright, Editor of Magazine Thinks

Indications of an immediate improvement in business conditions have been observed by Mark W. Pickell, grain economist and editor of the Grain and Livestock Herald, he optimized in an address to the Eastland Rotary club Monday.

The Chicago grain economist, in sharp discord with the AAA program severely criticized the cotton portion of the program.

With less cotton being grown in Brazil and other countries and curtailment of the crop in the United States, he said, benefit of the act could not be seen by himself.

Showing graphs compiled by himself over a period of 10 years, he showed the decline of business makes after every building orgy. In agriculture and building lies the prosperity of the country, he declared.

Indications of a rosy future, as given by Pickell, included: Big companies contemplation of improvements and seeking of new fields, a favorable stock market, low interest on money, more building, quality commodities being manufactured.

Outlook of the cattlemen was extremely bright, he said.

"Advertising, the business doctor," and its sometime unethical use was discussed by Miss Melba Gamble, daughter of S. M. Gamble.

Grady Pipkin and S. M. Gamble were the program committee.

Visitors were J. M. Bird, Otis Evans, Forrest Wright, of Cisco; Bill Kinney, Eastland.

Carl Johnson was reported favorably as a new member.

Mark W. Pickett of Chicago, editor of Grain and Livestock Herald, is a brother of Mrs. J. R. McLaughlin of Eastland. He left for Amarillo Monday afternoon.

Miss Clara Jane Kimble played a violin solo, "Adoration," accompanied by Miss Jane Ferguson.

All Registered Dairy Cattle to Get T. B. Tests

One hundred per cent of dairy and registered cattle in the county will be given the free tuberculosis test, Dr. F. E. Barnes, in charge of the work, stated Wednesday.

Percentage of beef and range cattle to be tested by the veterinarians was given at 10 per cent.

Twelve veterinarians have already located in the county and another is scheduled to arrive soon.

The tests are given cattle by co-operation of the county, state and federal governments.

Veterinarians stationed throughout the county are as follows: Drs. Burke, Stewart, Cisco; Drs. Richards, Beebe, Eastland; Drs. Gale, Hodges, Ranger; Drs. Ganyon, S. R. Wilkerson, Desdemona; Drs. J. A. Harris, R. C. Houtchens, Rising Star; Dr. Sig Garrett, Strawn; Dr. J. E. Wilkins, Gorman.

Dr. M. A. Williamson will make his appearance in Carbon soon.

Eastlandites Are Improving After Their Operations

Three Eastland residents who have undergone operations in Eastland and Ranger hospitals showing improvement Wednesday.

Mrs. Richard Jones, who underwent a major operation at Payne hospital, was declared resting well.

Jack Gourley, who underwent an operation for ruptured appendix Monday at Payne hospital, was in a satisfactory condition, it was reported.

Bud Ferris, who underwent an appendix operation at City-County hospital in Ranger Monday, was reported as doing fine.

Former Ranger Man Dies In Colorado

Word has been received in Ranger that Rayford Faircloth, son of Mr. and Mrs. R. L. Faircloth, had died in Colorado City, Colo., where he had made his home for the past few years. Funeral services were held Wednesday afternoon at Colorado City.

The decedent was formerly a resident of Ranger, having attended Ranger High school, where he was one of the most popular members of the student body.

His mother, Mrs. Allie Faircloth of Ranger and his two sisters, one of whom lives in Fort Worth and the other in Wichita Falls, left for Colorado City immediately upon receipt of word of his death.

Another Beauty Won by Athlete

Miss Madeline Leonard, 21, above, is announced, two months ago, as the winner of the beauty contest. She is a talented Chicago amateur dancer.

Bible Class Banquet Held On Thursday

The Oil Belt Bible class of the Central Baptist church met last night at the green room of the Gholson and organized some 30 members into the Baptist Brotherhood of Texas. F. D. Hicks was elected president; Les Taylor, vice president; T. J. Anderson, secretary-treasurer.

Dick O'Brien of Colorado was the principal speaker of the evening and his message was an inspiration to those in attendance. He was accompanied to Ranger by Mrs. O'Brien and Tom Russell, who will be remembered as a partner in the Killingsworth, Cox & Co. hardware store some few years back. Tom, as he is known here, spoke very highly of the brotherhood movement and said he was glad to see so many of his friends again.

Special music was furnished by Miss Locke and Miss Moore. Roy Moore director of the Central Baptist choir led the singing of "America."

Jimmie Nottingham was thanked for the splendid meal he served.

Cotton Pacts to State Board Next Week, Says Ewing

Eastland county cotton contracts will likely be sent to College Station to the state board for approval next week, O. W. Ewing, who is in charge of the work, stated Thursday.

Number of contracts was not known as no official count has been made.

Textbooks Traded For Travel By Hi School Students

Textbooks were exchanged for travel by 32 members of a Weatherford High school biology and chemistry class and their instructor, who Monday passed through Eastland and Ranger enroute home after a trip to Western Texas points and Old Mexico.

The group with a faculty member of the school, J. H. Flewarty, left Weatherford Friday morning.

While on the "Easter Cruise" as Flewarty described the trip, the group visited at Carlsbad Cavern, El Paso and Juarez, Old Mexico, where they witnessed a bull fight.

Eastland Man Is Unconscious For Week With Illness

Condition of E. T. Simmons of Eastland, who has been ill with "dust pneumonia," was declared serious by a member of the family when Monday marked the seventh day of unconsciousness.

The Eastland resident was brought from Anson, where he conducts a business, recently by a son.

During the past week, however, the member of the family explained, he has several times regained consciousness for a short time.

Joseph M. Weaver Area Member For Crippled Group

One of the area board members of the Texas Society for Children, Inc., is Joseph M. Weaver of Eastland, according to information received Thursday.

Remove Minority Disabilities In Court On Tuesday

Disabilities of minority of Miss Mary Emma Nelms, 19, of Eastland, were removed in 88th district court Wednesday and Frank Judkins was appointed as special guardian, according to court records.

Cotton Textile Troubles Are Aired

WASHINGTON, April 25.—A cabinet committee appointed by President Roosevelt undertook today to determine causes of trouble complained of by the cotton textile industry.

New England governors complained to the president that mills were being forced out of business by the cotton processing tax and foreign competition.

The president indicated he thought some of the trouble might be traced to obsolete equipment. This will be one point to be studied.

Proposal For "Old Rip" Monument Is Tabled at Austin

AUSTIN, April 25.—A resolution proposing a \$1,000 monument to "Old Rip," famed horned toad of Eastland, and Eastland county was tabled Monday after it was ruled out of order.

Eastland county representatives suggested the proposal as a centennial appropriation bill.

Edmund Herring of Eastland high school won first in boys extemporaneous speech and will go to the state meet in Austin, May 3-4.

Bob Smith of Rising star won third in high school senior boys declamation.

Girls Are Taking Much Interest In New Scout Troop

The efforts made by Mrs. T. L. Lauderdale last November toward organizing a Girl Scout troop in Ranger have been rewarded. The troop now has a membership of 27 Ranger girls between the ages of 12 and 18.

The group is divided into four patrols, the Tiger patrol, under the leadership of Marjorie Chastain; Lion patrol, with Annie Sue Austin, patrol leader; Eagle patrol, with Jane Lauderdale, leader, and Wolf patrol, with Dorothy Henry leader.

Mrs. A. P. Shirey, who has her commission from the National Headquarters of Girl Scouts, Inc., is captain of the troop, with Mrs. Mayme Ruth Hamick and Miss Lillian Strain as Lieutenants. These leaders deserve much credit for the splendid work they are doing with this group of girls.

Before the organization was complete, the troop sang Christmas carols at the hospitals and donated a large basket of food to a needy family at Christmas time.

A part of the program of the Girl Scouts is to develop citizenship and, in keeping with this objective, the girls have recently sold 500 seals for the Crippled Children's Society of Texas and, as a community project, they are going to plant flowers and shrubs in the new Ranger park.

The troop membership is as follows: Marjorie Chastain, Geraldine Pirkle, Annie Sue Austin, Noma Louise Dilworth, Doris Dudley, Alice Louise Henry, Jane Lauderdale, Polly Seymour, Dorothy Henry, Fanny Dell Swaney, Jane Matthews, Reba Hutcheson, Royce June Lyon, Eloise Packwood, Evelyn Childs, Marie Conway, Lois Bragg and Dorothy Byas, who have already passed their tenderfoot test and have been invested as Girl Scouts, and Betty Sue Blanton, Hazel Fondren, Doris May, Betty Gorman, Maxine Fondren, Kathryn Murray, Cleo Anna Moore, Lonell Herring and Martha Hutchinson, who are working on their tenderfoot test.

The girls who have been invested as scouts are now eligible to wear the national uniform and each girl is working to earn funds to buy her uniform in time for the Girl Scout benefit bridge which will be held at the Country club on May 7th.

CONFIRM NOTE SALE

Sale of a note of the defunct Texas State bank on which there was a balance of \$192 to its signer, D. H. Harbin, was confirmed and approved by 88th district court Tuesday, an order on file in the district clerk's office showed Thursday.

Friends Advocate Judge Hickman For The Supreme Court

Upon receipt of word in Ranger and Eastland of the death of Associate Justice William Pierson of the Texas Supreme Court, many discussed the possibility of Governor Allred appointing Chief Justice J. E. Hickman of the Eleventh Court of Civil Appeals of Eastland to the position.

In 1932 Judge Hickman was a candidate for the position which Judge Pierson had held for nearly 14 years, and in his state campaign polled a very large vote.

An indication of his popularity in Eastland county was manifested when there were only 575 votes cast against him in his home county, while 5,744 voted for him for a position on the supreme court of the state.

Judge Hickman has served with a most credible record on the Court of Civil Appeals and the vote for him over the state, and in his home county, against a man who was well known over the state and who had waged several successful campaigns for the position, was not only a mark of esteem from his home constituents, but was an indication that he made a very favorable impression over the state.

A number of friends of the chief justice, both in Eastland and Ranger, are anxious to see him appointed to the position, and are hoping that Gov. Allred will see fit to appoint him to the place made vacant by the tragic death of Judge Pierson and his wife.

Eastland, Rising Star Boys Win In School's Meeting

Two county schools were represented by students who won places in the regional 2- interscholastic league meet, held at Abilene Saturday. It was announced Thursday.

Edmund Herring of Eastland high school won first in boys extemporaneous speech and will go to the state meet in Austin, May 3-4.

Scouts to Have An All Night Hike On Next Friday Night

R. A. Steele, scoutmaster of Troop 9, Boy Scouts, has announced that the troop will make a hike to Butler springs next Friday night.

All members of the troop have been urged to meet at the First Methodist church promptly at 6:30 Friday evening, prepared to spend the night out.

Five Missionaries Stick to Posts In War-Torn Territory

SHANGHAI, China, April 22.—Two American women and three male colleagues from Canada braved torture and death at the hands of rebels today by sticking to their mission and hospital in war-torn Szechuan province.

Disregarding authorities and the pleas of other foreigners to flee from the rebels, members of the same armies which last year executed Americans, they stayed on duty.

Almost the only foreigners left in the city, Miss Beulah Bassett of Los Angeles; Miss Esther Nelson of Minneapolis, and Drs. A. E. Lost of Ontario, E. C. Wilford of Toronto, and E. M. Mueser, risked a fate that has overtaken many recently.

Eastland Man Will Preach at Strawn

Dr. C. W. Estes, minister of the Eastland Presbyterian church will preach at both services at the Strawn Presbyterian church Sunday, he announced Thursday.

HOFFMAN CASE FILING AND COMMISSION CANVASS MARK LATEST EVENTS IN ELECTION

Municipal and legal action today marked the latest events in Eastland's city election.

City commission canvassed returns of the April 2 election, did not declare results and announced intention of a recount today.

Meanwhile, C. W. Hoffmann, H. O. Satterwhite, and T. M. Johnson filed in 88th district court a suit asking for present commission to surrender their asserted offices.

Citing they were duly qualified, the petitioners asked immediate acceptance as commissioners.

The canvass by commissioners showed: J. M. Sherrill polled 333 votes; C. W. Hoffmann, 353; H. O. Satterwhite, 357; Donald Kinnaid, 340, and T. M. Johnson, 509.

When the 88th district court would act on Hoffmann et al.'s case filed was not known late this afternoon.

The case filed by Hoffmann et al., relators, vs. Donald Kinnaid et al., respondents, to declare relators duly elected to the office of city commissioners.

COLONY SITE BRIEF MAILED BY CC TODAY

A brief on the maintenance colony project near Colony was mailed by the Chamber of Commerce today to the Texas Rural Communities, Inc., of Austin, as one of the sites in Eastland county that is available for one of the government colonies.

The brief pointed out that the block contained 9,524 acres of land, of which 3,340 were in cultivation and the total cost, as set out in the options was \$226,765 or an average cost of \$23.70 per acre. The area in cultivation comprises 34 per cent of the total land area.

The brief points out that the site is located on a gas line, an electric highline, that the land is a sandy loam, suitable for growing a large variety of crops, that there is a glass sand strata composed of 99 per cent pure glass sand, a creek where a dam might be located near the property and there is one paved highway and a good dirt road traversing the section with an affiliated high school and grammar school in the center of the site.

The options were secured and the data on the location was worked up by the Chamber of Commerce and submitted to the Texas Rural Communities, Inc., in hopes that one of the colonies might be installed in the county.

Scout Troop Will Have a Bake Sale

Scouts of Troop 9 have announced a bake sale to be held on Saturday of this week.

The members of the troop are to take orders for cakes and pies earlier in the week, and will make deliveries on Saturday.

The money raised will be used to help defray expenses of one member of the troop to the national jamboree at Washington in August.

Methodist Church Has Largest Day For Many Years

The largest attendance at the First Methodist church for some years was present Sunday for the Easter services. Twenty-eight new members were received and five babies were baptized.

The revival meeting, beginning last night, will continue for two weeks, with Rev. Roy A. Langston of Fort Worth doing the preaching.

Rev. Mr. Langston arrived today and will preach tonight at 7:45.

Property Given Mrs. Comer at Divorce

Community property was given Mrs. Virgie Comer, who recently was granted a divorce from Oscar Comer in 88th district court.

Defendant made default and did not appear at the proceedings. A jury was waived.

The former Mrs. Comer was given care and custody of a daughter, Frances 11, with the stipulation Comer could visit his child or see him "at any and all reasonable times."

Farm Census Head Speaks at Rotary Meet Wednesday

C. R. Pruet had charge of the Rotary club program today and presented E. E. Woods, farm census director for the 17th congressional district, which comprises 12 counties.

The speaker said the first census was taken in 1790 and required 18 months to be completed, though there were only 3,000,000 people in the United States at that time. The reason it took so long was that the census enumerators had to cover the country on horseback, in buggies and on foot to complete their work.

In contrast it was pointed out that in 1930 the census taking required but three months, when 122,000,000 people were listed.

A farm census has just been completed in Eastland county and the 17th district, which showed an increase of 788 farms in the district since 1930, with Eastland county showing an increase of 455 farms.

The fact that Eastland county showed such an increase, he said, was largely due to the work of one man, who covered the territory assigned to him on horseback when rains prevented other methods of travel. The work done in the district received special praise from the bureau of the census, he said, of which the workers were very proud.

The nominating committee named F. D. Hicks as president, L. R. Pearson, vice president; Dr. G. E. Haslam was secretary-treasurer, and R. B. Canfield, J. C. Smith, Morris Bendix, E. L. Fontaine and L. R. Pearson as directors.

Visitors at the meeting were P. Pettit of Cisco, Dave Daniels of Mineral Wells and J. C. McAfee, of Cisco.

Chorus Rehearsal For Lions Minstrel Called for Thursday

Notice is being given by the committee from the Lions club responsible for the Lions minstrel that it will be necessary to meet at the green room of the Gholson hotel tomorrow, Thursday, night, April 25, for the practice of the specialties and chorus numbers.

The change is made for this practice night because the American Legion has a most important meeting scheduled for the same night and the regular practices have been held in their hall room, and will continue to be held there unless another change is announced later.

A good turn-out of the cast was on hand Tuesday night in spite of the fact that there was a multitude of other activities such as the band banquet, the Baptist banquet and the Methodist revival, one or the other of which claimed many of the people who are taking minstrel parts.

MORGANTHAU IS OPPOSED TO ANY BONUS

WASHINGTON, April 23.—Henry Morgenthau Jr., secretary of treasury, told the senate finance committee today that passage of any one of the soldier bonus bills pending before congress would necessitate new taxes.

His statement applied to the Harrison compromise measure, reported to have President Roosevelt's support, as well as to the Patman \$2,000,000,000 currency expansion proposal and the American Legion plan which does not specify a method of payment.

Morgenthau said that if congress approves a bonus bill the treasury was ready to submit a tax program calling for a graduated federal inheritance tax designed to produce between \$2,000,000 and \$600,000,000 additional revenue annually.

"The treasury would view with great concern," he said, "the enactment of any bill which called for large additional expenditure without compensating additional taxes. It seems to us of the utmost importance that if an adjusted service certificate settlement calling for increased expenditures, or for earlier expenditures, than those taken into account should be enacted, congress should make provision for raising revenues sufficient to cover the expenditures in the year or years in which they are to be incurred."

Workers at Sewing Rooms Are Making Cannery Uniforms

With an order for 100 uniforms the Eastland County Relief Board Tuesday were the scene of industry as employees began making aprons and caps for cannery workers.

Employees of the Rising Star and Eastland plants, only approved canneries to date in the county, will receive the uniforms.

Applications for work relief projects covering canneries to be located at Nimrod, Gorman and Cisco have been received at the general relief office in Eastland and will be forwarded to Austin for final approval, H. E. Driscoll, county administrator, announced.

Relief Officials Wonder If 'Spuds' Wander on Tracks

Date of arrival of seven cars of potatoes, long overdue at county relief headquarters at Eastland, for distribution to relief clients in this section, was not known Tuesday by County Administrators.

In reply to a letter written April 17 by the county administrator, Austin relief officials stated they could give no definite information as to the date when the potatoes could be expected.

"They were shipped only upon authorization from the Federal Surplus Relief Corporation in Washington and movement is not controlled by our Austin office in any way," was the information given Driscoll.

Elect Daughter of Dr. Estes Editor Of College Paper

Anna Lou Estes, daughter of Dr. C. W. Estes of Eastland, was elected editor of The Lass-O, C. I. A. college paper, Tuesday, for the coming year, according to word received Thursday.

Miss Estes at present serves as associate editor of the paper, vice president of Theta Sigma Phi, honorary journalism fraternity, vice president of the junior class, member of Athenaeum honorary society, and a member of the Alice Freeman Palmer Literary society.

During her freshman year she was a member of the Freshman commission, and was president of the Villagers club during the year 1934-1935. Miss Estes was elected to attend the Journalism Congress recently held at Baton Rouge, La., as representative of the college journalism students.

She graduated from Denton high school in 1932 as valedictorian of her class, receiving the Balfour key and scholarship. She served as editor of her high school annual and was elected the best all-around girl in school.

County Judge's Bond Is Pared to \$2,000

Bond of County Judge Clyde L. Garrett was reduced by commissioners in a recent session from \$3,000 to \$2,000, an order on file Wednesday stated.

Explaining the reduction, the order stated that bond for this year was inadvertently placed at \$3,000 whereas it should have been the same as for last year, \$2,000.

Oft-Engaged Deb Marries at Last

It took a young banker to sell Betty Schuster (above), popular New York society girl, on the merits of the bonds of matrimony. Famous because of her many broken engagements, she became married to Charles B. Harjes, scion of the wealthy banking family, after a whirlwind courtship.

Workers at Sewing Rooms Are Making Cannery Uniforms

With an order for 100 uniforms the Eastland County Relief Board Tuesday were the scene of industry as employees began making aprons and caps for cannery workers.

Employees of the Rising Star and Eastland plants, only approved canneries to date in the county, will receive the uniforms.

Applications for work relief projects covering canneries to be located at Nimrod, Gorman and Cisco have been received at the general relief office in Eastland and will be forwarded to Austin for final approval, H. E. Driscoll, county administrator, announced.

Elmer Brown Is First In Point Making at Meet

Scoring honors of the A. & M. Aggies-Abilene Christian College Wildcat dual track meet were declared property of Elmer Brown of Eastland at College Station Monday after he topped three first places.

Placing first in both dashes, the broad jump and running a quarter-mile relay lap, Brown amassed 16 1/2 points. A. C. C. victors of the meet, amassed 65 points to A. & M.'s 57. The win was the first for the Abilene school in the history of their frequent encounters with the Cadets.

First of Delmer Brown with time are as follows: 100-yard dash, 9.9; 220-yard dash, 21.8; broad jump, 22 feet 7 inches.

Elmer Brown, his twin brother, placed second in both dashes.

Both Browns ran in the 440-yard relay which A. C. C. won with time of 48.5.

Baseball Meeting In Strawn On Friday

Word was received today from J. L. Corbell of Mineral Wells, who is organizing a baseball league for this section of the county, that a meeting would be held in Strawn Friday night at 8 o'clock for the purpose of determining the teams that would be represented in the league and when the schedule would start.

The Lone Star Gasoline company, which has indicated that it might have a team in the league, has been urged to have a representative at the meeting.

Inmates of County Home Hear Easter Message On Sunday

Usual procedure of going to church to hear the pastor was reversed Sunday afternoon when Rev. C. W. Estes, pastor of the Eastland Presbyterian church, delivered an Easter message to inmates of the county farm, located on the Eastland-Carbon highway.

The Eastland Presbyterian church pastor delivered an Easter sermon at the Ranger Presbyterian church Sunday morning, assisted by Dr. L. B. Gray and others of the Ranger church.

Two From Eastland To Participate In Drake School Run

Elmer and Delmer Brown of Eastland, athletes at A. C. C. of Abilene, were among five that left that school Tuesday, bound for Des Moines, Iowa, to participate in the classic Drake event.

Events will be held Friday and Saturday.

The Browns will represent A. C. C. in the individual sprint race. Gunning for honors with them will be Chick Wallender of Texas U., arch enemy of the two.

1,000 Pounds of Stolen Sugar Is Reported Found

Jim Ingram, chief of police of Ranger; Rex L. Gomillion, special officer of the Texas and Pacific railway and Loss Woods, deputy sheriff, have completed several days of detective work during which 1,000 pounds of sugar stolen from a box car in Ranger on Thursday evening, April 18, was recovered. Three men have been arrested in connection with the theft and turned over to county officers. They are Bert Gilbert, A. H. Cocart and J. E. Dillard.

The officers recovered between 700 and 800 pounds of the sugar in a pasture eight miles west of Ranger, where it was covered with a blanket. In the same pasture 100 pounds of mash had been set and found and overturned and empty sacks near the mash indicated that more than 100 pounds had been used in setting the mash.

Nearly 85 pounds in sacks was found. No still was located, the officers said Tuesday morning, but they found indications that a still had been operated nearby. Another sack, containing 25 pounds of sugar, was found in a house, officers said.

One of the men arrested was turned over to Loss Woods Monday night after the three were arrested and the other two, after spending the night in the Ranger jail, were turned over to county officers Tuesday morning.

Charges on two counts each were filed in justice of the peace court in Eastland and bond was set at \$500 in each case.

Elmer Brown Is First In Point Making at Meet

Scoring honors of the A. & M. Aggies-Abilene Christian College Wildcat dual track meet were declared property of Elmer Brown of Eastland at College Station Monday after he topped three first places.

Placing first in both dashes, the broad jump and running a quarter-mile relay lap, Brown amassed 16 1/2 points. A. C. C. victors of the meet, amassed 65 points to A. & M.'s 57. The win was the first for the Abilene school in the history of their frequent encounters with the Cadets.

Government Will Continue to Buy Stocks of Silver

WASHINGTON, April 25.—The government will continue to buy silver until the price reaches \$1.29 an ounce, or until silver stocks reach a third of the value of gold stocks, Henry Morgenthau Jr. indicated today.

Morgenthau's statement was made after the treasury increased its price for domestically mined silver to 77.57 cents an ounce.

"We are operating under a direct mandate of congress," Morgenthau said in stating that further silver purchases will be made. More than 1,000,000,000 ounces are yet to be required if the 75-25 ratio is to be obtained.

YOU'LL GET MORE THAN YOUR MONEY'S WORTH AT

Your Friendly Magnolia Dealer

WHEN you drive in at the sign of the "Red Flying Horse" the uniform quality you get in Mobiloil, Mobilgas and Mobilgrease will repay you with better economy and all around smoother performance.

Where you'll get more than your money's worth is in the service you get from the man on the job. You can depend on him to be careful and thorough because in most instances he is operating his own station. He is eager to win and hold your patronage because the more regular customers he has the more he earns.

From coast to coast you'll find the most enterprising dealers in every community displaying the sign of the "Red Flying Horse." Wherever you see it, expect the best in petroleum products and intelligent service.

Stay with MAGNOLIA and you stay Ahead!

Training in Mobil Lubrication
Is Available to all Magnolia Dealers

THE average automobile has from 40 to 70 places to be lubricated. Each oil cup, each grease fitting must receive exactly the right amount of the right lubricant as recommended by your car manufacturer.

Through the Magnolia Institute, recognized as one of the finest training schools of its kind in the country, Magnolia Dealers are taught the correct way to lubricate your car. In addition they are supplied with accurate lubrication charts of every automobile ever manufactured.

This training is available to every Magnolia Dealer who is ambitious to win and hold the good-will of his customers.

DESDEMONA

W. F. MacDermott of Fort Worth was the guest of Mr. and Mrs. I. N. Williams on Tuesday of last week.

Mrs. A. B. Henslee drove down to Fort Worth Wednesday and brought home with her Mrs. Clara

Henslee, her sister, who was ill but is now improving.

Mr. and Mrs. Dewey Browning of Merkel visited his mother, Mrs. S. E. Browning, and family, Sunday.

Robert Howell, who is attending S. M. U. at Dallas, was the guest of Dr. J. M. Wright and family Sunday.

Carroll Stover of Wichita Falls visited his parents, Mr. and Mrs.

S. T. Stover, Sunday.

Mr. and Mrs. Louis Sellers of Jonesboro spent the week-end here with their daughter, Mrs. H. H. Nance, and family.

Mr. and Mrs. Charlie Greenhaw of Cisco were guests of his parents, Mr. and Mrs. A. L. Greenhaw Sunday.

Mr. and Mrs. W. H. Davis drove up to Eastland Saturday afternoon. Mr. Davis went on business

and Mrs. Davis attended the meeting of the Eastland County Federation of Women's Clubs. Mrs. Joseph M. Perkins, president of Sixth District Federation, and Miss Ruth Ramey, county home demonstration agent, were hostesses at a most delightful tea honoring Mrs. Louis Pitcock of Ranger, retiring president of the County Federation, and Mrs. Andrew McHaffey of Gorman, the incoming president. The next meeting of the County Federation will be the annual picnic.

and they were very popular among the young social set. Their many friends were delighted to see them.

Quite a large number of members of the Baptist church went to Cisco on Tuesday of last week and attended a conference of workers of the W. M. U. and the Baptist Young People's Union.

Interest in the Methodist Missionary society seems to be increasing and the attendance is better since the day of meeting has been changed from Monday until Thursday. The meeting last week was led by Mrs. A. C. Robert, the lesson being from the World Outlook. Mrs. Charles Lee gave a sketch of the life of Jason Lee, the first Methodist missionary to the Northwest. Mrs. S. E. Snodgrass read the story of Learner Blackman Statler, another missionary to the Northwest. A playlet, "Getters and Givers of Yesterday and Today," was presented by Miss Mollie O'Henry, Mrs. H. H. Nance, Mrs. W. E. Barron and Mrs. W. C. Bedford. Others present besides the ones on program were Meses. Ed Parks, Mattie Henry, R. A. Brown, Gifford Acrea and G. S. Bruce. Mrs. Lee, who had been the delegate to the conference missionary society gave to the correspondents the following sketch of the meeting which was held at Breckenridge: The addresses of welcome were given by the pastor, presiding elder, president of Breckenridge Missionary Society, district secretary (Mrs. Barron of Desdemona), mayor and president of Chamber of Commerce of Breckenridge. Friendliness and hospitality of the hostess city added much to the pleasure of the delegates. Miss Estelle Haskins of Nashville, Tenn., was council visitor and led a worship program. On Wednesday night Bishop C. A. Roaz preached on "The Great Commission." During the business sessions the conference treasurer reported that nearly \$25,000 had been paid during the year. Conference superintendent of study awarded 182 council certificates to auxiliaries having made the standard for Bible and mission study. Miss Alice Alaup, a missionary, home on furlough from China, gave "Glimpses of China." She is supported by the Corsicans district. Mrs. Winston, god-mother to a Japanese medical missionary, gave a splendid talk. Several life memberships were presented. Mrs. Laekey made a love gift of \$400, to be used preferably in medical missionary work. There were 202 delegates and 75 visitors present. Only one change was made in the

THEY STAY CRISP!

BLENDED FOR CRISPNESS

GUARANTEE
"If you are not delighted with Kellogg's Wheat Krispies, just return the package and your money will be cheerfully refunded."
K. Kellogg OF BATTLE CREEK

BLENDING is a new Kellogg achievement. Never before was such delicious crunchiness possible in such a delicious wheat cereal. Kellogg's Wheat Krispies owe that remarkable crispness to a new discovery — BLENDING!

Just enough rice is blended with whole wheat to give Wheat Krispies a new goodness. Pour on milk or cream, and taste them. They stay crisp and delicious . . . right down to the last spoonful.

Blending has improved the flavor of Wheat Krispies. Enjoy them often for pleasure. For nourishment. For new crunchiness. Your grocer has Kellogg's Wheat Krispies. Buy a large, economical package today. Made by Kellogg in Battle Creek.

Kellogg's WHEAT KRISPIES

Mr. and Mrs. A. T. Wilhite and children of Crane arrived Monday and are visiting his parents, Mr. and Mrs. S. T. Wilhite, and her mother, Mrs. J. E. Buchan, and family.

Misses Kamalee Wright and Nell Robert, students of John Tarleton college at Stephenville, spent the week-end here with their parents, Dr. and Mrs. J. M. Wright and Mr. and Mrs. A. C. Robert.

As a result of work done at the Eastern Star school of instruction at Cisco on Monday of last week, the Desdemona chapter has six members holding "A" Certificates and three holding "B" certificates. Mrs. Roy Ashburn, worthy matron of Desdemona chapter, deserves much credit for the interest that is taken in the work of the chapter.

Mrs. C. B. Ribblett of Longview and her son, Jabe Henslee, and her daughter, Miss Lorene Henslee, came Monday for a short visit with her sister, Mrs. A. B. Henslee, and family.

Mrs. Roy White and son, Ted, and her sister, Mrs. George Warren of Brownsfield, were guests of Mrs. J. H. Rushing Sr., and her son, Weldon, on Thursday. Mrs. White is serving her second term as district clerk of Terry county.

Ralph Gibbons of Holdenville, Okla., and his brother, Jack Gibbons, of Shawnee, were guests of Mrs. J. R. Buchan and family Wednesday.

Mr. and Mrs. Arlie Brown and little son of Cross Plains spent the week-end here with his mother, Mrs. A. C. Brown, and family.

Mrs. Hortense Evans of California, who was on her way to Johnstown, Pa., stopped over for the week-end with her nephew, J. E. Hester, and wife.

Mr. and Mrs. Art Stuard of Electra came Saturday for a few days visit with her parents, Mr. and Mrs. Mitch Bailey. They were on their way to California to visit friends. Mrs. Stuard (nee Thelma Bailey) grew up in our town and her husband was a gasoline plant worker here for a number of years

Palo Pinto Pioneer To Have Picnic

FORT WORTH, April 25.—One-time residents of Palo Pinto county will rally in Trinity park here Sunday, May 5, at the annual all-day reunion and picnic of the Palo Pinto association.

Walter Holland, president of the association, said 500 or more will attend.

Economical—Use one LEVEL teaspoonful to a cup of flour for most recipes.

Dependable—Scientifically made by baking powder SPECIALISTS to produce best results.

Everything that Science really knows about making cigarettes is used in making CHESTERFIELDS

The cigarette industry could never have been what it is except for these modern cigarette machines . . .

They make good cigarettes and smokers know each individual cigarette receives the most careful inspection.

You'd hardly believe such attention to detail possible unless you could see it with your own eyes.

When the Chesterfield tobacco comes to the cigarette making machines it has been blended and cross-blended.

Then it is cut into long even shreds just the right size to smoke right and burn right.

Every Chesterfield Cigarette has to be perfectly made to get by our inspectors.

Until you open the package yourself the cigarettes are scarcely touched by human hands.

Mild ripe tobaccos, skilled workers and the most modern up-to-date machinery all help to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

LIGGETT & MYERS TOBACCO CO.

ADVERTISING IN NEWSPAPERS IS INCREASED

NEW YORK, April 24.—National advertisers paid \$163,000,000 for space in American newspapers in 1934, a gain of 12.4 per cent over 1933, according to figures made public today by the bureau of advertising in its report to the American Newspaper Association.

The gain contrasted with a loss of 9.4 per cent in 1933, compared with the previous year.

The bureau noted a "rapidly growing interest in life insurance companies in newspaper advertising" and called attention to the fact many companies are continuing this year the same program of advertising by use of paid newspaper space conducted during life insurance week last year.

The chief competition to the newspaper is the magazine and radio. In 1934 out of the advertiser's dollar the newspaper received 46.7 cents, the magazines 32.5 cents, the radio 12.2 cents, outdoor posters 7.7 cents, and car cards .9 of a cent.

They have been sighted in Arizona mountains. If you're puzzled, it's a four-letter word meaning Asian goat.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of animation.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name, Carter's Little Liver Pills on the red label. Demand a refund. The old drug stores. © 1931 C. M. Co.

HUDSON SETS 35 STOCK CAR RECORDS

(Upper left) Stock Hudson Eight racing through the dawn to 35 A.A.A. records on Muroc Dry Lake in the heart of California's Mojave desert. (Above) Buddy Marr, chief of the team of racing drivers which drove the stock car around and around its course, day and night, receiving congratulations from American Automobile Association and Hudson Motor Car Company representatives. (At left below) Eight flashlight picture of stock Hudson Eight during its day and night record-smashing run.

Concerted Campaign To Enforce Ranger Traffic Regulations Is To Be Instigated in Near Future

Judge W. S. Adamson, police commissioner of Ranger, announced today that a concerted drive by the police department against traffic violations within the city limits of the city was being started and the public is being warned to observe all regulations in order to avoid receiving a "ticket" and having to appear in municipal court.

A quantity of traffic violation tickets have been printed in duplicate for the members of the police force. The original is gummed so that it can be stuck to the windshield of the car and there will be no excuse that it had blown away or had been misplaced or overlooked.

"The traffic button at Main and Rusk streets is to be replaced," Judge Adamson said, "and left-hand turns will be prohibited both at that street intersection and at the corner of Main and Austin streets."

The judge also pointed out that restricted parking areas were being suitably marked and warning signs installed, so that all may see them. As soon as these areas are properly marked anyone who parks

his regulation will have his card punched by traffic officers and where a driver receives a certain number of punches on his card within a year his license will be revoked until the next year.

Some of the parking restriction markers have already been installed and the public has been warned to observe them, or they might be haled into court. Failure to report to the court at the time and place designated calls for a double fine, it was pointed out, and this warning is also printed on the tickets that are being furnished the officers.

Five Are Killed In Car Accident

APPOMATTOX, Va., April 24.—Five persons were killed today

A NEW KIND OF UNDERWEAR!

Less of it... cooler... more freedom... no buttons... gently supporting... perfect for active men

We Introduce the Modern HANES SPORTS

in a crash involving three automobiles at Spout Springs near here. Four of the victims were trapped in the wreckage and burned. Witnesses said one machine attempted to pass another as a third approached over a hill.

GRAIN PIT OF CHICAGO IS CLOSED TODAY

CHICAGO, April 24.—The Chicago board of trade will not open today, the board of directors decided at noon.

The decision resulted from an unprecedented dilemma brought about by a court dispute over a re-organization petition filed by one of LaSalle street's biggest grain houses.

The grain exchange was faced with possible liquidation of large quantities of grain held by the Rosenbaum Grain corporation, if it permitted trading to begin in the grain pits.

It was definitely announced, however, that trading would be resumed tomorrow at the usual hour.

Meanwhile directors were conferring in an effort to arrange affairs of the Rosenbaum corporation so the shock of its reorganization petition would not prove disastrous to the market.

10-Year Trial Proves Friends Were Wrong

BELMONT, Mass.—Friends told John C. Fohn, Boston manufacturer, that flowers wouldn't grow if he built his conservatory on the north side of his home here.

Today everything from lemon trees to cactus plants thrive in his "north side" conservatory, and he is famed in this section as a grower of fine flowers.

Though his golf score is usually in the lower 80's, he doesn't play much nowadays, preferring to devote his time to his other hobby.

Turning to Stone as Victim No. 29

Victim of calcinosis, strange malady which has attacked but 28 other persons, according to medical records, Miss Nona Cloyes, 19, above, of Tacoma, Wash., is undergoing treatment in an effort to stay the spread of the disease, in which the body turns to stone.

Gas Waste Before Senate For Action

AUSTIN, April 24.—Natural gas waste occupied the attention of the senate today.

Senator Clint Small detailed to the body his bill to prevent the 1,000,000,000 cubic feet a day wastage in the Panhandle, where he resides.

At his request the senate adopted an appeal to the Illinois legislature not to tax Texas gas that is piped into that state. Five bills were reported to be before the Illi-

INCREASED ATTENDANCE IS NOTED AT METHODIST REVIVAL

Yesterday's services showed a considerable increase in attendance and interest in the revival meeting in which the pastor-evangelist, Rev. Roy A. Langston of Fort Worth is doing the preaching.

Rev. Langston spoke last night from the text, "Will thou not revive us again?" He showed himself to be quite familiar with human nature as he gave some graphic impersonations of various types of people.

He declared that the day of the old fashioned revival meeting was not gone, many modern preachers to the contrary notwithstanding. To prove his assertion, he cited a number of instances of great revivals recently conducted. Again he emphasized the fact that only

Life's Endeavor

We expect to pass through this world but once; any good therefore that we can do, or any kindness that we can show, to any fellow being, let us do it now. Let us not defer nor neglect it, for we shall not pass this way again.

Safer Stopping THAN POLICE ASK OF ANY BRAKE by more than 40%

Rotary-Equalized Brakes on new Hudsons and Terraplanes Amaze Traffic Experts

HERE'S WHAT HAPPENED IN PUBLIC DEMONSTRATION SUPERVISED BY DETROIT POLICE DEPARTMENT

BEFORE YOU BUY ANY 1935 CAR—SEE IF IT CAN STOP LIKE THIS

Car Speed (with 5 adult passengers)	Police Figure for Perfect Brake Condition	Average Stopping Distance of Hudson-built Terraplane
20 m. p. h.	18 feet	10 feet, 8 inches
40 m. p. h.	71 feet	40 feet, 1 inch
50 m. p. h.	111 feet	67 feet, 4 inches

Brake requirements are severe in Detroit. Yet this Hudson-built Terraplane, a stock model carrying five adults, beat by more than 40% the stopping distances Detroit police call perfect! Did it again and again—at 20, 40 and 50 miles an hour! Stopped smoothly—all four wheels tracking straight ahead!

Before you buy any new car, see if it can match this safe stopping record. Test them all. Compare other features, too, with what Hudson and Terraplane offer—then decide.

Motorists who know these facts will save money:

Motor oils refined by the usual methods have some oiliness and film strength, but they may form carbon and sludge, which lead to expensive motor repairs.

Other oils may form almost no carbon and sludge, but are so over-refined that they are robbed of oiliness and film strength they need to prevent motor wear.

Germ Processed Oil is refined to eliminate carbon and sludge troubles and then the Germ Process adds extra oiliness and 2 to 4 times more film strength than any mineral oil.*

YOU will save money on repairs and have a smoother running motor if you use Conoco Germ Processed Motor Oil!

The Germ Process—adding concentrated oily essence to highly refined oil—gives it the extra oiliness and film strength so necessary for full protection of high-powered, high-speed motors. No other oil is made by the Germ Process.

Germ Processed Oil cuts down costly starting wear, which other oils fail to do. It is the only oil with the "Hidden Quart" that stays up in your motor and never drains away.

Germ Processed Oil is free from carbon and sludge troubles. It has a lower rate of consumption and gives longer mileage, as proved by the famous Indianapolis Destruction Test.

Say, "O. K.—Drain"—and fill with Conoco Germ Processed Motor Oil.

CONTINENTAL OIL COMPANY • Est. 1875

CONOCO GERM PROCESSED MOTOR OIL

Say "O.K.—Drain" — FILL WITH

*As proved by tests on Timken, Almen, Mougey, and Sibley machines, which measure oiliness and film strength.

They took a planned trip and enjoyed it.

"The Conoco Travel Bureau at Denver sent a complete free plan for our trip—marked road maps of every state and... travel booklets and hotel and camp directories. They also sent excellent information on where to fish."

"We stopped at Conoco stations along our way for many helpful, free services. You can apply at any Conoco station for such a plan for your motor trip."

Intricate Naval Problems to Be Worked Out in Vast Triangle of Hawaii, California and Alaska.

BY ERSKINE JOHNSON
NEA Service Writer

SAN PEDRO, Calif.—The greatest fleet since the World War is today assembled in the Pacific for the maneuvers in the North Pacific between May 3 and June 10. Awaiting the call of "anchors aweigh" are 177 surface ships, four carriers of 477 planes, and nearly 55,000 officers and men.

That's greater than the renowned Spanish Armada of 1588 by 46 ships and 28,000 men. The maneuvers, aimed at working out "Problem XVI," will spread over 5,000,000 square miles of seaway in the California-Hawaii-Alaska triangle.

They will be confined rigorously to the American side of the Pacific, at no time coming closer than 2000 miles to Japan, nor within several hundred miles of waters which are to be covered later in the summer by maneuvers of the Japanese fleet.

During the American maneuvers, the Asiatic fleet will pay the usual courtesy calls at the Japanese ports of Yokohama and Kobe. "Problem XVI" is believed to hinge somewhat on showing the increasing value of the air arm and the manner in which it has brought Alaska within hours of California instead of days.

He has repeatedly denied that there is any reason for apprehension in such far-flung Pacific maneuvers, plans for which were drawn more than a year ago, before Japan had denounced the Washington treaty.

With immobile marines on guard in the white corridors of his flagship, the battleship Pennsylvania, Admiral Joseph M. Reeves has been holding highly secret conferences with his aides on the working out of "Problem XVI."

Sixty-two-year-old Admiral Reeves is one of the busiest men in the world as the zero hour for the war games draws near. This famous sailor, towering 6 feet 3, and 42 years ago a star football tackle at Annapolis, is spending 16 hours a day making lightning decisions on highly technical questions of naval tactics, strategy, ships, guns, planes, and men.

Genius in Command
Tall, distinguished in appearance, and as erect as a cadet on parade, Admiral Reeves is a suave, polished gentleman who, it is said, knows his job like no other man who has preceded him.

He has been an engineer, a gunnery expert, a strategist, and is an outstanding authority on naval aviation. His whole being is devoted to the navy.

Participating in the maneuvers will be 14 battleships, 14 heavy cruisers, 32 submarines, four aircraft carriers, nine light cruisers, 56 destroyers, nine mine layers and 29 auxiliaries.

The submarine flotilla will include six giant world-range cruisers with their tenders Bushnell and Holland. The games will end with the armada's return to San Diego on June 10.

Millions Spent
The visit of the fleet to the Hawaiian Islands, in the war games, follows announcements of large improvements to the defenses there. These developments include the programmed expenditure of \$15,000,000 on the navy yard and submarine base at Pearl Harbor, and construction of permanent airfields, under naval jurisdiction, on Midway and other Pacific islands for the new commercial trans-Pacific airline.

With the new aircraft carrier Ranger in use for the first time, the naval aviation units will be given their most extensive test. A thousand aviators will be with the fleet, and 85 giant long-radius seaplanes under Rear-Admiral Alfred W. Johnson will be

given a chance to show what they can do at long distances, operating with the 350-odd shorter-range planes.

Other new naval types will be getting their first maneuver tests—the world-cruising submarines, new heavy scout cruisers, a new type of destroyer, and the new Ranger.

Announcement was made today that the Hi-Yab of the Ranger high school will hold a father-son banquet at the first Baptist church on Tuesday night, April 30, at 8 o'clock.

Germany to Issue New Defense Law

BERLIN, April 25.—Publication of the new defense law providing for compulsory service may be Germany's final long reply to the League Nations' denunciation of its treaty violation.

Father-Son Banquet

Announcement was made today that the Hi-Yab of the Ranger high school will hold a father-son banquet at the first Baptist church on Tuesday night, April 30, at 8 o'clock.

Denies Japan "Menace"
"We want to get acquainted with Alaskan waters," was Secretary Swanson's answer to a question on the purpose of the maneuvers.

He has repeatedly denied that there is any reason for apprehension in such far-flung Pacific maneuvers, plans for which were drawn more than a year ago, before Japan had denounced the Washington treaty.

With immobile marines on guard in the white corridors of his flagship, the battleship Pennsylvania, Admiral Joseph M. Reeves has been holding highly secret conferences with his aides on the working out of "Problem XVI."

Sixty-two-year-old Admiral Reeves is one of the busiest men in the world as the zero hour for the war games draws near. This famous sailor, towering 6 feet 3, and 42 years ago a star football tackle at Annapolis, is spending 16 hours a day making lightning decisions on highly technical questions of naval tactics, strategy, ships, guns, planes, and men.

Genius in Command
Tall, distinguished in appearance, and as erect as a cadet on parade, Admiral Reeves is a suave, polished gentleman who, it is said, knows his job like no other man who has preceded him.

He has been an engineer, a gunnery expert, a strategist, and is an outstanding authority on naval aviation. His whole being is devoted to the navy.

Upon the broad shoulders of Admiral Reeves, or rather in his brilliant mind, rests success of the maneuvers. He must see that the fleet's absolute maximum offensive power is delivered against the theoretical "enemy" at exactly the right moment.

The entire force, from great battleships to swift planes, will be bent to his will through an invisible but constantly alert network of communications.

Preliminaries on April 29
The maneuvers will begin with a sortie from the San Pedro-San

ST. RITA'S CHURCH
Masses will be at 8 and 10 a. m. Sunday. Rev. M. Collins on Sunday. Sunday will be the first Sunday after Easter, it is also called Low Sunday. The Epistle is from the First Epistle of St. John V. 4-10; the Gospel from St. John XX. 19-31. What is related in Sunday's gospel occurred on Easter Sunday and eight days following—that is this coming Sunday Christ appeared to his apostles when the doors of their meeting place were closed which shows that He possessed a glorified body after His resurrection. A Triduum (three days' devotion) will open this—Friday—evening at 8 and be continued on Saturday and Sunday evenings. It is the closing of the Jubilee year for the nations outside Rome.

Buck Whitt Will Return to Ranger For Wrestling Show
Charley Lay, matchmaker for the Elks wrestling shows, has succeeded in signing Buck Whitt, who holds the amateur Y. M. C. A. welterweight championship of the United States, for a return match for next Monday night, April 28. Whitt has turned professional and is after the pro title. He meets ex-Professional Champion Fred Smith of Dallas, who defeated Dug Henderson for the title only to lose it back to Dug a short while later. Whitt made a decided hit with the wrestling fans last Monday by his clever work in defeating Red Rodgers. This will no doubt be one of the best matches ever held in Ranger.

ALLRED NOT SURE OF ACTION UNDER CONTROL
AUSTIN, April 22.—Governor Allred refused to say, today, what Texas will do if the Thomas federal oil control bill passes congress and becomes a law. "We'll cross that bridge when we come to it," he said. "I do not expect the bill to pass. My confidence brings from a belief that Texas senators and congressmen will not permit such a monstrosity to be forced on us. The principle, if applied to any industry, can be applied to all. It would be the opening wedge to regimentation of all industry and business. There is no need for it. Many who support it now have said that its purpose is to balance supply and demand."

Circus Man Ill

Improvement in the condition of John G. Robinson III, above, member of the famous circus family, revived hope for his recovery after three operations failed to check a grave throat malady.

The capture completed roundup of the quartet who slugged the superintendent of the prison canning plant and a barber when the break occurred yesterday.

Roosevelt Will Talk to Nation On Sunday Morning

WASHINGTON, April 25.—President Roosevelt will deliver another of his "fireside chats" Sunday at 10 p. m. The president has not yet drafted his address, but it was expected it would run from 20 minutes to a half hour. The speech will be confined to the relief program, it was stated. Asked if Mr. Roosevelt planned to mention Father Coughlin or Senator Huey Long, White House Secretary Stephen Early replied: "No, no. Nothing like that."

Trades Day Group Will Meet Friday

The trades day committee of the Chamber of Commerce, composed of P. A. Nelson, chairman, J. C. Smith, E. R. Gentry, C. D. Hartnett, E. H. Mills and D. Joseph, is

TWO ESCAPED CONVICTS ARE RECAPTURED

HOUSTON, April 25.—Flight of two convicts who, with two others, fled from Central State Prison farm near Sugarland, was halted today by the prison manager, with the aid of city detectives.

Ralph King, 31, Houston and Dallas robber, was shot in the shoulder when he would not obey commands of Capt. Buck Flanagan to stop.

He was wounded seriously. He carried an unloaded .44 calibre pistol.

David Cates, 28, Wichita Falls, surrendered to two city detectives who found him hiding in a church tower. A few minutes earlier he had sought to elude officers by separating from King.

SNOW, RAIN END DROUTH IN MIDWEST

KANSAS CITY, Mo., April 25.—Snow and rain refreshed generous portions of the west and midwest today, promising to end dust and drouth. Colorado and Wyoming experienced the heaviest one-day snowfall in 16 years. Passengers in airplanes, buses and automobiles were temporarily marooned and trains ran late through the regions of heaviest precipitation. Nebraska and parts of Kansas, New Mexico, Iowa, Missouri and Texas received rains in varying amounts. The rain was lightest, however, where needed most—in the wind-eroded sections of Colorado, Kansas, New Mexico, and the Oklahoma and Texas Panhandles.

In Nebraska rain fell in greater quantities than at any time in more than a year. Bridges washed out, highways were flooded and trains delayed, but the farmers only smiled. The rain meant a chance for good crops this year after a season of withering drouth. One life was lost in the high water. A 12-year-old boy stepped into a ditch near Farwell, Nebraska, and drowned.

Harry Fraumann of Dallas transacted business in Ranger Tuesday and Wednesday. Mr. Frauman is associated with Larch Manufacturing company, at Dallas.

PERFECTION
THE RESULT OF DIRECTED EFFORT

Truly beautiful things are sometimes beyond the power of man to reproduce, yet it is often found that they lack perfection until man adds his efforts to those of nature. This final step marks the difference between the commonplace and the perfect in the practice of all professions, and has, with us, formed a goal of ultimate perfection toward which those associated with us constantly strive.

SCENES OF FRED ASTAIRE AND GINGER ROGERS IN THE NEW MUSICAL ROMANCE, 'ROBERTA,' AT ARCADIA SAT. AND SUN.

That premier dancer, Fred Astaire, has devised an enthralling dance routine to Jerome Kern's "Smoke Gets in Your Eyes" which he performs with Ginger Rogers in "Roberta," the musical romance which is RKO-Radio's successor to the immensely popular musical "The Gay Divorcee." In "Roberta" the song is sung by Irene Dunne, with whom Astaire and Rogers are co-starred. The stage hit has been made into a sumptuous screen show with a fashion pageant as one of its features.

One of the sensational dances in "Roberta" is the double tap routine by Fred Astaire and Ginger Rogers to the "I'll Be Hard to Handle" number. In this dance they literally talk with their feet, tapping out repartee which is easily understood. This scene, in the spectacular film version of the Jerome Kern stage success, is supposed to represent a rehearsal spot by cabaret performers. Irene Dunne is costarred in this RKO-Radio successor to "The Gay Divorcee."

Mr. and Mrs. A. T. Deaton of Olden visited friends here Sunday. Mrs. Alonzo Leedy, who underwent an operation at the Ranger hospital, is reported doing nicely. Miss Frances Whitworth has been in Gordon the past week assisting Rev. W. E. Anderson in conducting a revival meeting. Mr. and Mrs. Dean Bowers of Fort Worth spent the week-end with their parents, Mr. and Mrs. George Bowers and Mr. and Mrs. Eliza Barrs. Miss Claudia Mae Anderson attended church in Gordon Sunday morning. Adison Whitworth, who is working in Palo Pinto, spent Saturday night with homefolks. Mrs. Cicero Harris is in Mineral Wells visiting her daughter and son-in-law, Mr. and Mrs. Floyd L. Bolton. This part of the country was blessed with a fine rain the latter part of the week. Mrs. Bert Davis of Dallas, who was called to Gordon because of illness of her sister, Mrs. Shirley Keown, also visited friends here. Mrs. Davis will be remembered as Miss Hazel "Boots" Rutherford. The regular meeting of the Epworth league was held at the Methodist church Sunday evening at 2 p. m. W. C. Bridges had charge of the program. Everyone is invited to attend these meetings.

COLUMBIA

SATURDAY BILL CODY CHICO THE MOUNTAIN FRONTIER DAYS

AND THE TRACHEROUS AMBUSH ADDED FOR FUN "SONG OF THE BIRDS" A Color Cartoon

OLDEN

By MRS. OLIVE STEPHENS

The Olden Junior class play, a three-act comedy drama, "Hold Everything," was presented in a smooth running, highly entertaining manner to a large audience in the Olden Church of Christ tabernacle Friday night, April 19. It was one of the cleverest plays and best presented of any to be given here in years and the players and their coach, Miss Simer, deserve much praise for their evident care, patience and perseverance in its preparation.

The plot of the play was unique and cleverly treated, concerning the meeting of all the characters at a "Tourist Inn" where they spent the night, which failed to be a quiet night. The young man and the girl, who were each running away from meeting the other, met under assumed names in the Inn, neither suspecting the other's true identity. The father in search of his run-away daughter, the two crooks who had just robbed the father's bank, the detective who was trailing the crooks, a girl friend of the daughter, an uppity lady with her three daughters, she was taking to Hollywood, all spent the night at the Inn, which was managed by a pleasant landlady and a funny negro maid who was always counting her voodoo beans or rubbing her rabbit's foot. There were no dull spots and everyone who attended, came away speaking their appreciation.

Members of the cast were A. C. Gibson, Lamar Whizeman, Charlie Butler, Chas. Magill, T. J. Weeks, Margie Lynn Fowler, Mildred Wynn, Beatrice Young, Dan Wrennan, Jean Adams, Goldie Brasher, Faye Young and Lovene Woodall.

The Children's Rhythm band gave three good numbers which were greatly appreciated before the play began. Mrs. Timmons is in charge of the Rhythm band. Mrs. Chas. Everett accompanied them at the piano.

Little Kathryn Jones, daughter of Mr. and Mrs. Carl Jones of Olden is ill in West Texas Clinic at Ranger, having undergone an appendicitis operation late Tuesday. Mr. Richards of Olden who has been seriously ill in West Texas Clinic in Ranger for several days was reported much better Wednesday.

J. A. Smith, who suffered a heart attack at West Texas Clinic in Ranger Tuesday, where he had accompanied Carl Jones, was reported better Wednesday and was expected home Wednesday.

Mrs. Walter Le Connell, Jr., who underwent a tonsil operation at the Blackwell Sanitarium in

Gorman Monday, is getting along nicely.

The marriage of Mary Ellen Magill and Milton Hunter, both of Olden, was solemnized Easter Sunday at the home of the bride. Both bride and groom are well known and popular Olden young folks and have the congratulations and best wishes of a host of friends.

Mr. and Mrs. Gray Smith, recently married, will move out to Olden this week. The groom, is the son of Mr. J. A. Smith here and has lived here for years. The bride was a popular Ranger girl. Both are extended the best wishes of the entire community, who have known and liked Gray for years and are glad to welcome his wife into our midst.

John Ford, who underwent an ankle operation at Baylor Hospital in Dallas last week, returned home Tuesday feeling fine and anxious to greet his friends. Although his leg has to remain in the cast for several weeks and he will be unable to get out and around, his health is otherwise perfect and he has been enjoying visits from his friends since his return. Mrs. L. V. Ford and Baldrige Crawford drove up to Dallas Tuesday and brought him home.

Mrs. Will Hambrick and daughter, Yvonne and son Sam, left Tuesday morning for Tulsa, Okla. visited home folks here last week, returned to Tulsa after his son John had successfully undergone his ankle operation. Both Mr. and Mrs. Ford went to Dallas with John and remained until he was out of all danger.

Mrs. Will Stephens, who visited her son, Jack Stephens and family here last week, returned to her home in Stephenville Sunday.

Two Magnolia teams played softball Tuesday evening at the Magnolia diamond and it was the best game they have had here this spring. The score was 1 to 0.

Mr. and Mrs. Franklin left Tuesday for East Texas.

SALEM

The rain that fell in this section was needed and the farmers can now finish their planting.

Mr. and Mrs. Oren Sparger of Hobbs, N. M., visited his parents, Mr. and Mrs. W. H. Sparger, this week.

Mrs. Murry Fonville was the Sunday dinner guest of Mr. and Mrs. Earl Redwine.

Mrs. Otto Beaver has been removed to her home from a Gorman sanitarium and is doing as well as could be expected.

Edith and Bartine Cameron visited in the home of Delva Fox Sunday.

Lee Fonville visited Inez and

Bonnie Fay Highsmith Sunday.

Mr. and Mrs. Oren Dunlap spent last Sunday with his brother, Roy Dunlap.

Mr. and Mrs. Ila Redwine spent Saturday night and Sunday with relatives at Morton Valley.

Butch Wilson spent Saturday night with Elmer Morris.

Lillie Smith spent Monday night with Denell and Tina Knight.

Preston Adams visited his brother, Levig Adams, Wednesday.

Chris Pace of Breckenridge was in this community Tuesday.

Mr. and Mrs. Herman Casey spent part of the week with her parents, Mr. and Mrs. Bill Brumbe-low of Breckenridge.

Marie and Jerry Lee Swanner visited Mrs. Bettie Jurds Tuesday afternoon.

Major Langford was in this community on business Monday.

Demell Knight spent Tuesday night with Lillie Smith.

Mrs. J. P. Morris and daughter, Rosie, visited Mrs. Lee Casey and daughters, Maggie Lee and Aline, Wednesday afternoon.

Mrs. Lee Swanner suffered an injured head last week, caused by a fall she received Tuesday.

Miss Connie Morris visited Mrs. Levig Adams Wednesday afternoon.

Rev. Winters of Desdemona will preach at this place Sunday.

Arvilla and J. T. Bowles visited in the home of Uncle Oscar Warren Saturday night and Sunday.

John Cameron was in Desdemona Thursday on business.

Mr. and Mrs. John Ivy of Ranger visited her parents, Mr. and Mrs. W. H. Sparger, Tuesday evening.

Grindpa Dunlap of Mangum visited his son, Roy Dunlap, this week.

Mr. Cameron was the Sunday dinner guest of Mr. and Mrs. Earl Winters of Desdemona.

Mrs. Winters visited Mrs. Earl Redwine Monday evening.

FRANKELL

By CONNIE AND ROSSIE MORRIS

The rain that fell the latter part of last week was enjoyed by most everyone, and it was a great help to the gardens and yards.

Mrs. A. L. Wilson is ill at this writing. She is to be moved from her home to a Ranger hospital Monday to undergo an operation some time next week. We all wish her a speedy recovery.

Aid the Preacher

The preachers of this town are doing their best to make it a better place in which to live. Come and work with them, side by side. Do not sit in the bleachers and scoff. No American would live in a town where there are no churches, but churches cannot exist without the hearty co-operation of men and women, who want the best for themselves and for their children. Support some church with your time, your energy, your ability.

No man can serve two masters: ye cannot serve God and mammon

NUMBER 14

L. C. Keel Turns To Writing Poems From His Jail Cell

L. C. Keel, who formerly went under the name of "Dr." L. C. Keel, but who now is signing himself "Chief" L. C. Keel, and who is under sentence of 30 years on confessions of robbery, has turned to writing poetry in the Eastland county jail.

Keel, who is an erstwhile music teacher, a "doctor," communist, candidate for the United States Senate, leader of a "labor union," labor agitator with quite a following in Ranger, confessed robber and now an inmate of the Eastland county jail awaiting transfer to the state penitentiary, does not take the attitude of "crime does not pay" so often taken by prisoners who write verses. Instead he says that while he faces 30 years in the state penitentiary "friends and pals and loved ones will be true."

The verses, 12 in number, are

Girl Links Schultz With Big Rackets

The subterfuges by which Dutch Schultz, bootleg beer baron and one-time king of the \$500,000,000-a-year policy game racket, evaded direct linking with his vast enterprises were pictured by Marguerite Scholl (above), government witness in his trial at Syracuse, N. Y., on charges of evading income tax. Stenographer for two Bronx "finance" men who kept books for the gang, she identified Schultz as a member of the bootleg beer organization.

supposed to be sung to the tune of "Loveless Love," and are dedicated to Pack Kilborn, Eastland county jailer, whom he terms the "best jailer I know." The verses follow: It was two o'clock one Sunday night, the streets you know were not so bright. All law abiding men were home in bed, but I was gone instead.

My Buddies said now here's our chance, my eyes to a filling station glanced, so we drove in and called for gas of him, we took his money too.

We drove away in a Buick new, and bid farewell to all so blue. Through Caddo we sped along so fast, the laws were not around.

We stopped our car at Metcalf Gap. It was the tho't of silly saps. Andrew Mellon's place I'm sure, so we filled up galore.

'Twas then back home our trail did go, in the edge of town we drove so slow, the cops had learned we were the men by three, they waited patiently.

They flashed a light on our car red, the race did start to the drivers dread. Harlon drove to a speed

never reached before, the cops began to roar.

Machine guns howled and barked aloud, we wished we were above the clouds. Glen Harlon asked the devil for more speed, a hundred miles he gave.

Buddies said leave town we must. We'll leave it to the cops of lust, they trailed us down like a leopard does its prey. Our hair is turning gray.

Uncle Bud snapped chains around our necks, to Huntsville pen we're going by heck, I knew I was a prisoner than and there, too late my wrongs to square.

The wood squad calls me trouble hard, get me some wood says a riding guard, a shot gun and a pistol he has to. There's nothing I can do.

In jail each gift I have received. From those in whom I have believed, will keep awake, my mind, to those so kind, with love and joy sublime.

These prison doors clang shut each night. For thirty years they'll hold me tight. But friends and pals and loved ones will be true, for them I'll life pursue.

—Chief L. C. Keel.

New EHS Coach Takes Over Reins Of Maverick Club

A man of more than average height, muscular build was introduced today as the new head of Eastland High school football team.

He was Johnny Kitchen, former Frosh coach at Texas Christian University.

He with C. A. Hertig, school business manager, discussed purchase of needed football equipment.

Issuance of football suits was scheduled this afternoon.

Kitchen attended high school at Ardmore, Okla., where he was named all conference full back.

He graduated from Texas Christian University in 1933, where he played as fullback triple threat man. He was named on several conference teams.

After graduation he took the assistant Frosh coach job under Howard Grubbs and in 1934 took up the full coaching.

His team last year lost one and won two games.

Free Tuberculosis Tests to Be Given Cattle In County

The federal government's program of testing cattle for tuberculosis throughout the state, free of cost to the owners, is starting in Eastland county, it was announced today, with Dr. F. E. Barnes stationed at Eastland as supervisor. There will be 13 veterinarians working on the program, with two stationed in Ranger, where the work is to begin Tuesday morning.

The bovine tuberculosis eradication campaign is being sponsored by the United States bureau of animal industries, the state livestock sanitation commission and the county commissioners of the counties of the state. The tests have already been made in Brown, Erath and other counties in this section, with the work in Eastland county expected to take about a month.

On Tuesday morning two veterinarians will begin work in Ranger, taking in the territory from Main street north of town, and every cow and calf will be tested free of charge. Owners of cows or calves tested have been asked to keep their stock up for two days, the day of the injection and the day of the reading.

There is a penalty of anyone importing or shipping cattle that have not passed one tuberculosis test, with a fine of not less than \$25 or more than \$100 for each head of cattle so shipped, it was stated.

Rites for C. W. Nelms Are Held

Eastland relatives of C. W. Nelms, 49, of Wichita Falls, who died in a Dallas hospital Thursday have returned from funeral services held in the former city Friday.

The Wichita Falls man, whose daughter, Miss Mary Emma Nelms, resides in Eastland, formerly conducted a real estate and insurance business in Eastland during the oil boom.

Services were held in Wichita Falls at his home Friday with Dr. O. L. Powers, pastor of the Wichita Falls First Baptist church, officiating. Burial was in Riverside.

Mr. Nelms was born in Pittsburg, Texas, and came to Wichita Falls in 1921. He was well known there as an income tax accountant and maintained offices in the Wichita Falls City National Bank building until failing health compelled him to withdraw from business several years ago. He was removed to a Dallas hospital four days before his death.

Survivors include his wife, a sister, Mrs. McElhannon, Henrietta, Okla., and two daughters, Mrs. Donald Penn, Seminole, Okla., and Miss Mary Emma Nelms of Eastland; and three brothers, E. D. Nelms, Waggoner, Okla.; A. C. Nelms, Rotan; and Nealy Nelms, Grand Junction, Colo.

Eastland relatives attending the funeral included Mrs. Mattie Parvin, Mrs. Winnie Sue, Mr. and Mrs. Weldon Stensell, formerly of Eastland, now of Gladewater, accompanied the others.

Refrigerator Sales Company Moves

The S. R. Woods Refrigerator Sales company has moved from 120 North Austin to their new location on 315 Main street. Mr. Tadlock, manager of the company, said yesterday that the new location enabled them to give better service on the new Frigidaire and Maytag washing machines and the new service department was better equipped to take care of the needs of their customers. The public is cordially invited to visit them at their new location on Main street.

Perjury Charge Follows Denial of Liquor Collusion

FORT WORTH, April 26.—Alleged collusion of West Texas officers in the liquor racket and participation of doctors and druggists in narcotic traffic, featured a report by the United States grand jury today.

The liquor charge was brought out in a perjury indictment against the Vernon Herman, of Lamb county, based on Herman's denial before the grand jury of a statement he is said to have given officers implicating Sheriff Lynn Irvin and Deputy Sheriff Lawrence Walraven of Lamb county.

According to the indictment, Herman told the officers he and his late father, Bill Herman, had paid Irvin and Walraven \$600 a month and \$2 per gallon "to do all the whisky business in the county."

Eastland Colony Project Options Hit 7,500 Mark

Options on over 7,500 acres of land near Flatwood for a proposed maintenance colony have been acquired, H. C. Davis, secretary of the Eastland Chamber of Commerce announced today.

Other options were due to arrive before the project is sent to William Boaz, employed by the county to work up a project, in Fort Worth, who in turn will submit it to authorities.

Faced by the fact that time was nearing end when a possible project could be submitted and not enough options acquired, Eastland forces were hustled into action at the chamber's smoker April 5.

The next war might probably be made acceptable to college students by installing referees and holding it in a stadium.

Specials Offered On Firestone Tires

H. H. Vaughn Service Station is announcing a special sale on Firestone tires, at discounts of from 15 to 25 per cent between now and Saturday, April 27, provided the stock of tires lasts that long.

These are regular Firestone quality tires and the special prices are for the next week only, after which the regular prices will again prevail.

Draw Plans For Carbon Project

Tentative plans have been drawn covering a work relief project application to be submitted from Cabon and embracing a water well 100 feet in depth and approximately 4 1/2 feet wide. If approved, and when completed, it will give assurance to the residents of Cabon of an adequate supply of water for all purposes.

Charles Crowder, EHS Graduate In Shanghai, China, Keeps Pledges of Ten Years to Contact Classmates

Those who like to turn back the years and revive the association with their classmates can get the substance of this pleasing environment of memories of the old days, and what one of their fellows is doing.

Charles Crowder, graduate of the Eastland high school writes a message from far off Shanghai, China. The letter was dated March 27 and arrived in Eastland April 20.

Shanghai, China, March 27, 1935. Editor Eastland Daily Telegram. Dear Sir: Ten years ago I graduated from the Eastland high school. At that time I was also working for the Oil Belt News. Since that time I have been traveling all over the world and have been able to keep in touch with my former classmates and teachers. I have often wondered what they were doing. I hope you will do me the favor of editing and publishing the enclosed letter to the class.

I am sailing tomorrow for a short stay in Japan, and then go to the Philippine Islands.

I hope there is still someone working there that will remember the red-headed kid that served as printer's devil, and then in the circulation department. I have gained something of a reputation as a newspaper correspondent and feature writer since then.

Hoping you will do this for me,

I remain,

Sincerely,

CHARLES CROWDER.

TO THE E. H. S. CLASS OF '25

Shanghai, China, March 24, 1935.

Ten years ago a group of young men and women met at the city hall to receive diplomas from the Eastland high school. It was a momentous day in the lives of all of us gathered there. We didn't boast, but we proudly stated to our relatives and friends who had proudly assembled to see and hear our graduation exercises, that we were going out into the world on our own, to make our way and to cope with the problems of life. We saw success, like a golden crown at the top of a peak, and like the Alpine youth in that immortal poem determined to struggle ever upward to reach it. We would become teachers, doctors, writers, lawyers, housewives, each with his own vocation to make, his duty to fulfill. I wonder how many fully realized the responsibility that became ours that day, how well we have filled that niche in life that is allotted to each of us.

Shortly after the exercises I remarked to my true friend and inseparable companion, I. L. Vaughn, "I wonder where we will all be and what we will be doing 10 years from today."

"Who knows," he said. And then it was that we made the plan

and mentioned it to our classmates, that 10 years from the date we would endeavor to get in touch with each other, and compare notes. We thought we might even be able to arrange a big class reunion. I hope there will be a joyful get-together, of those who are not too far from Eastland to know about it or to attend. I hoped to be there in May, but I am over here in China now and won't be back in the States until some time in July.

I've been turning back the years today, As one quite often will, And visiting once more my old classroom

In the old high school on the hill. I will remember that senior year, Our haquet and senior play, Our class picnic I well recall, Then came commencement day.

Little did we realize that day, With its crowded, precious hours, How far apart we all would drift In this wide world of ours.

Some of us have reached our goal And wear success' crown. Some of us still are striving Despite Life's bitter frown.

Some of us sought happiness By following Adventure's star, But how often we find before our doors That which we sought afar.

To those of you who may read this I have this suggestion to make. Some time during the day of the tenth anniversary of our graduation

you will spend a few moments in memory of our senior year and of teachers and classmates, and drink this toast, be it anything from water to champagne.

Here's to the Class of '25, And to the school from which it came. Let us along life's path strive To be worthy of the name.

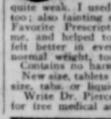

Here's to you, classmates and teachers, Where ever you may be. A drink to your happiness and success, And a lifetime of harmony.

If any of you will write to me, and I hope you will, my home address is 1127 Felicity street, New Orleans.

CHARLES CROWDER.

ARE YOU MISERABLE?

If your day begins with backache, headache or periodic pains, you need the tonic effect of Dr. Pierce's Favorite Prescription. Mrs. T. S. Jeter of 207 Hood St., West Monroe, La., said: "I was thin and was quite weak. I used to have awful headaches too, also fainting spells. I used Dr. Pierce's Favorite Prescription and it strengthened me, and helped to build me up so that I felt better in every way. I regained my normal weight, too. Contains no harmful ingredients. New size, tablets 50 cts., liquid \$1.00. Large size, table or liquid, \$1.25. All druggists. Write Dr. Pierce's Clinic, Buffalo, N. Y., for free medical advice."

County Work Supervisor R. F. Boston and Mrs. Boston were visitors in Cisco Sunday, where they attended an Easter dinner. Mr. and Mrs. O. C. Terrell visited in Megargel, Sunday.

Eugene Watson of Wazabachie spent Easter with his parents at Olden. Misses Fay Tucker and Doris Van Geem visited in Fort Worth Saturday.

Your wife will know why we buy from Western Electric

As the world's best purchasing agent, she applies the same rules of thrifty buying used by the Bell System.

switchboards, show similar variations in the amount saved.

But the important point, clearly indicated, is that Western's prices are appreciably lower to us than open market prices.

As one of the 24 associated companies of the Bell System, we buy most of our equipment and much of our supplies from Western because we get bargains there, because we get uniform quality and the assurance of exact performance... and because Western Electric parts are so designed that future improvements and developments will fit into and work with equipment already in use.

These factors help us materially in achieving the Bell System policy of good telephone service at fair cost to the user.

SOUTHWESTERN BELL TELEPHONE COMPANY

NORGE ROLLATOR REFRIGERATION

WE say Norge is the convenient refrigerator. We say it is the dependable refrigerator. We say it is the economical refrigerator.

You read of the actual experiences of Norge owners, of economy. Reports of savings of \$11 a month are common. Many Norge owners tell of even greater savings.

But we don't ask you to believe anything without proof.

Visit the Norge dealer near you. Ask him for your copies of these books. While you're there, see the beautiful Rollator Refrigerators on display.

Here are three books. Each one is packed with substantial facts. Read them and you read of tests. You read of the Rollator which has run the equivalent of 35 years in your home. You read of ice being frozen in blazing sunlight.

You're going to want a new refrigerator before summer. Be sure you see the Norge before you buy.

THE ROLLATOR COMPRESSOR... Smooth, easy, rolling power provides more cold, uses less current.

FORD V-8

Thirty million miles of Ford Economy

MORE MILES. Farther miles. Greater economy... that is the story of the Ford V-8. There are conclusive figures from owners to show that it is the most economical Ford car ever built.

A particularly interesting and complete report of costs comes from a national fleet owner who has owned 854 Ford cars which were run more than thirty million miles in business use.

175 were Model T Fords which were run 5,017,075 miles. 599 were Model A Ford cars which were run 24,041,632 miles. 80 are Ford V-8 cars which have been run 2,982,886 miles.

This owner's cost records show that Ford V-8 cars cost 12% less to operate than the Model A Fords and 31% less than the Model T Fords. And they covered more miles per month! The monthly average for the Model T Fords was 1509 miles. For the Model A Fords, 1866 miles. . . . And 2571 miles for the Ford V-8.

Each year the Ford car gives you more in value and performance and costs you less to operate. The Ford V-8 was an economical car in 1934. This year it gives you still greater reliability and economy, now beauty, new safety, new ease of control and remarkable new riding comfort.

Actual Figures Show the Ford V-8 is 12% more economical than the Model A. and 31% more economical than the famous Model T.

Mock Air Raids Can't Approach Real Thing

The Germans are a clever and thorough people, and when they set out to stage mimic air raids over Berlin they went ahead and did a pretty life-like job. News photographs show us supposedly shell-torn streets, stretcher parties, and ambulances, firemen in gas masks, and all those other little details which go to make modern warfare such a romantic and high-spirited undertaking.

As a dress rehearsal for the real thing, it must all have been very realistic and gripping—just the sort of thing to make any people glad that they are at last able to support air fleets of their own.

But let no one make the mistake of supposing that it was really a faithful reproduction of the genuine article. To get that you need a fertile imagination . . . and a strong stomach.

Let's suppose we could have a look at the real thing, for a minute. What would we see?

First of all we might come to a peaceful suburban garden. On the torn sod lies a 5-year-old boy. He was a sunny, happy chap up to five minutes ago. Then a bomb fragment knocked his lower jaw off. He is lying there now, moaning rather quietly. In a few minutes he will be dead.

Down the street a way is a schoolhouse—a schoolhouse, to be more exact. Now there is a mass of bricks and broken beams. It wouldn't be advisable to go too near; we might see something that would spoil our sleep forever. You see, a 500-pound bomb landed there before the children had time to get out.

Farther along we come to a department store. That, too, is a good thing to stay out of. An incendiary bomb landed in the midst of a throng of shoppers. The results are the sort of thing the devil in hell might dream about on an especially bad night.

Time to Crack Down On Lying Witnesses

News that a bench warrant has been issued for the arrest of a defense witness in the Bruno Hauptmann trial, following return of an indictment for perjury, is a timely reminder that the courts too often are lax in dealing with plain and fancy lying in the witness chair.

In this particular case, the man accused is one Benjamin Heier, who was called by the defense to testify that on the night the Lindbergh ransom was paid he sat in a car parked by the famous cemetery wall and saw Isidor Fisch cavorting about in the neighborhood.

Whatever impression this testimony might have made on the jury was canceled, however, when the prosecution introduced evidence to show that at the time the ransom was being paid Heier was involved in a traffic accident away off on the other side of town. After the Hauptmann trial was wound up, the prosecutor pulled the grand jury's attention to the matter, and an indictment was voted.

About the only unusual feature of the case is the fact that the grand jury actually did get busy.

No one who frequents American courts can be ignorant of the fact that flagrant perjury has become almost as common as grass in recent years. It is an evil that afflicts criminal and civil courts alike. Hardly any criminal is so friendless that he cannot get some kindly soul to come into court and swear that he (the criminal) was many miles away when the crime took place; few participants in civil actions seem to have much trouble finding people willing to swear to anything and everything that seems at the moment to be advisable.

Yet indictments for perjury are rare, and convictions are rarer still.

You don't need to think very long to see how profoundly the prevalence of such perjured testimony interferes with dispensing justice.

Our whole judicial process is based on the theory that people who come into court will tell the truth to the best of their ability. We have devised an oath calculated to impress upon the devout the supreme importance of sticking to the truth. Our laws provide severe penalties for those immune to such impressions. But perjury continues and any lawyer or court reporter can tell you that the amount of lying that goes on in our courts is enough to make Ananias look like a piker.

Until judges and prosecutors generally are zealous to crack down on perjured testimony, the courts will be crippled. Nothing would help the dispensing of justice much more than widespread realization that the man who tells a lie on the witness stand is in for a very bad time of it a little later on.

It is said that the whole effort of intelligent man has been to rid himself of the slavery of work and to improve his condition of living. He has now succeeded beyond his expectations. He has tapped such mighty forces of nature and has devised such cunning means of controlling them and using them for his own ends that, as a source of power, he, himself, has ceased to exist.

What you think and what you do make you what you are. Think wisely!

LONG'S POWER IN STATE IS NOW FIRMER

BATON ROUGE, April 20.—The Louisiana legislature today finally approved Senator Huey Long's 27 newest bills, which declare a financial break with the United States government and give Long a stranglehold on the state election machinery and municipal affairs.

Last minute opposition broke out in the senate, but was smashed by Long's majority.

Sen. W. Haygood sounded the last futile warning when the vote was called on the election bills.

"Every man who votes for this bill will live to regret the day. I don't fool myself by believing anything I say will have any effect on the result. The bill will pass anyway, but we all know what it means."

The bill placing all public expenditures under the state advisory board, an act that in effect would give Long supervision over all relief money sent into Louisiana by the federal government, was passed without serious debate.

Car Registrations Still Show Increase

AUSTIN—Sales of new passenger cars in Texas during March made sharp gains for the third consecutive month, according to the University of Texas Bureau of Business Research. Reports from 15 representative counties show a total of 6,433 cars, an increase of 23 per cent over February and 30 per cent over March, 1934. Sales per cent over the corresponding period of the first quarter aggregated 16,157 cars, an increase of 62 per cent last year.

Mrs. Byrta Maxey Named Officer In X-Ray Organization

Mrs. Berta Maxey of Eastland was elected secretary-treasurer of the Abilene X-ray Technicians Friday night at a meeting of the Abilene organization, it was reported Monday.

Inez Darden of Abilene was elected president.

Mrs. Maxey, who recently attended a meeting of the national X-ray Technicians association in Dallas, reported plans completed for the national convention there May 20 to 23.

DESTRUCTION IN FORMOSA WIDESPREAD

TAIHOHU, Formosa, April 22.—An airplane flight today over the area of Formosa shaken by an earthquake, revealed whole villages flattened and hundreds of coffins piled together.

From a height of 200 meters the scene resembled a great area of haystacks, because of the nature of construction of the homes.

The mud roofed residences had collapsed. The walls crumbled, dropping the roofs, intact, to the ground.

Natives squatted on their roofs or sat around their ruined homes. They looked like they were ending a picnic, but it was a picnic of death for no less than 3,500 had been killed.

Bridges which formerly spanned water courses, large and small, were down. Brick and concrete schools in some villages the only structure not of wood or mud, were levelled.

Some towns in the path of the survey escaped with little or no damage, but most communities in northwestern Formosa were destroyed.

BANK TELLER KILLS TWO OF HIS CHILDREN

CHICAGO, April 22.—William Gardner, bank teller, shot to death a sleeping son and daughter today, wounded another son and attacked three policemen after walking to a station to surrender.

He was subdued and locked up, having threats from a cell against everyone.

The children were Reta Jane, 21, and Donald, 14. Doctors said the second son, Kenneth, 17, may die. Gardner's wife, who was left undisturbed in a bedroom on the floor below that occupied by the children, was placed under a doctor's care.

The shooting occurred in the family's large, beautifully gardened home. Mrs. Gardner, a woman of high social standing, said there was no warning of the act. She, awakened by the shot, heard her husband rattle upstairs out of the house and raced upstairs to find her children dead.

Both she and her husband, police said, were afflicted with tuberculosis, and Gardner had been brooding over his condition for some time.

Allred Opposed To Special Session

AUSTIN, April 22.—Gov. James Allred today renewed his opposition to a special session of the legislature.

"I am opposed to a special session unless it is a necessity. The legislature has made much progress," he said.

"I appreciate the co-operation of Acting Governors Woodul and Regan in my absence."

Approval was given to the program of quick passage for laws against tax dodgers so the governor could not think such a bill would meet the state's needs.

ICKES SCORES LONG IN TALK IN NEW YORK

NEW YORK, April 22.—F.W.A. Director Ickes, speaking before the annual Associated Press luncheon today, attacked Senator Huey Long's share-the-wealth plan.

Ickes, a former newspaperman, renewed his criticism of the Louisiana senator. He did not mention Long by name, but pointedly maintained his barrage against the new deal rebel by saying "I despise the demagogue who hurls his voice through the air to advocate false doctrines, the acceptance of which by a majority of the people would destroy this America I love. I have nothing but contempt for the man of crooked intelligence who deliberately sets out to fool the underprivileged."

Oshkosh Woman Duped Out of \$20 Bill By Canvasser

OSHKOSH, Wis.—A peddler who represented himself as being a local man and evidenced familiarity with information concerning Oshkosh people and local affairs succeeded in getting away with a \$20 bill, given him by a west side housewife.

Report was made to police immediately after the incident, and Police Chief Gabbert asserted the affair should serve as a warning to others not to deal with house-to-house peddlers who cannot show proper credentials.

The salesman was engaged in selling soap chips, incidentally at a price about four times that of the local stores, according to the police report.

Lacking change, the housewife rendered credulous by the pleasant conversation of her visitor, who seemed so familiar with local events, gave him a \$20 bill. The salesman accommodatingly

agreed to take the bill to the corner store and return with the change. He never reappeared. It was asserted he gave a name and described himself as a resident of the southern portion of the city.

the new 1935 KELVINATOR

Kelvinator offers striking new beauty of design and finish as well as many notable features that make for easier handling and better preservation of foods. There is the famous Kelvinator Food File with its three separate compartments; for dairy products, for leafy vegetables and for usable table left-overs. There are such extra features as the sliding shelf, a re-arranging shelf for the convenient handling of food, and the folding shelf that moves up out of the way and allows the storage of tall bottles. Make it a point to see the new Kelvinator before you buy any electric refrigerator. Easy Terms.

KILLINGSWORTH, COX & CO.

Phone 29—Hardware—Furniture—Funeral Directors—Farm Implements—Radios—Ranger

AS CROWD WITNESSED KENTUCKY HANGING

This was the scene, unprecedented in public hangings, as 1500 spectators massed about a scaffold in Smithland, Ky., while the doomed man, William De Foe, indicated by the arrow, sentenced for criminal assault, harangued the throng, and argued his innocence with his victim, for 45 minutes De Foe flayed Kentucky justice, singling out members of the crowd shown here, then stood calmly while Sheriff G. H. Hetter nervously adjusted the hood and sprung the trap. Sixteen minutes later, De Foe was pronounced dead in 16 minutes.

"Dusting the Covers of Texas History"
For the Texas Centennial Celebrations of 1936

Texans sort of resented the opinion of Alexander's Weekly Magazine of Philadelphia. The editor had said nice things about them, but only after admitting that he previously held the opinion that all Texans were uncouth and uneducated people.

"Texas is a wonderful instance of a government profoundly wise and magnificently noble, arising out of the very elements of all that is frivolous, or reckless, or ungenerous in the heart of men. Three years ago, and what was thought of her? She was regarded as a mere refuge for the desperate and God-abandoned. She was considered as a region far and blessed in every good quality of natural endowment, but accursed beyond redemption in the character of her people."

It hurt those genial souls that their northern and eastern neighbors should have had such harsh thoughts of them. Was it to get ugly names that they had constructed an empire out of a wilderness by innumerable deaths and tragedies? Was it to be regarded as crude and unwanted peoples that they had dreamed their

dreams as they ride beside wagons containing their hopeful families? The editor continued: "Scarcely have the steps of organization been taken, when we see the Texans proceeding upon the wisest principles, promoting the decencies of life, and compelling by vigorous enactment in building churches, urging the temperance reform, elevating by every justifiable means, the standard of morals. They have acted toward their worst enemies when vanquished with a magnanimous forbearance worthy of the noblest principles of Christian religion."

The criticism was not as harsh as it seemed. Texas was a land too remote to be well known. It was too far away for busy home-builders to leave their state and go back to their former homes. Noble statesmen represented the country, but only a few knew them. Through annexation, Texas was to come into its rightful heritage as a state worthy of large responsibilities and wonderful opportunities.

Those who do not know our state have peculiar ideas as the old Philadelphia editor had, but

they will be given an opportunity to visit Texas and see for themselves the progress the state has made, when the centennial celebrations are held in 1936.

HITLER SENDS PROTESTS ON CONDEMNATION

BERLIN, April 20.—Adolf Hitler today challenged the "self-appointed" judges of the league of nations council and firmly rejected their condemnation of Germany's rearmament.

In a strong, yet not intemperate note to the fourteen nations of the council, the Nazi chieftain denied the right of the council members to judge Germany's action, charged them with attempting "a new discrimination toward Germany" and spurned the action "in the firmest manner."

Hitler did not, however, close the door to future negotiations. Obviously restraining his resentment, he avoided invectives and

put into the record of Europe's foreign offices a message which indicated his country's willingness to cooperate in efforts toward fortifying peace of Europe.

The sending of the note was the highlight of his nation-wide birthday observation, during which Nazi troopers gave him 27 airplanes and the league of war veterans presented him with 14 more. These are part of the rebuilding of the German war machine, which brought Germany to a crisis on charges of violation of the Versailles treaty.

SENATE HEARS LONG'S TIRADE ON NEW DEAL

WASHINGTON, April 22.—Huey Long today delivered a blast of epithets against the new deal declaring that its officials had been "appointed and appointed" instead of being representative of the people.

During his tirade Long struck directly at President Roosevelt. "Roosevelt desires that there shall be re-inflicted upon the states the rottenness, most corrupt form of political debauchery ever known, and I don't mean maybe." Long was limited to 40 minutes under a ruling by Vice President John Garner. The Kingfish went down the line of new deal officials with a derogatory statement for each.

This is what Long called them: Secretary of Interior Ickes, with whom Long has been quarreling over PWA funds in Louisiana, Lord High Chamberlain Ickes, the chief bug of Chicago.

General Hugh Johnson, NRA's first administrator, "Hugh 'Sitting Bull' Johnson, the expired and lamented."

Long entered the senate chamber at 12:05 p. m. and sauntered down the center aisle, giving the galleries ample time to note his double-breasted suit, lavender shirt and gaudy tie.

MOTORISTS! HERE'S YOUR BIG CHANCE TO SAVE ON TIRES!

HUMBLE
997
MOTOR OIL

is Public Tested

Have you tested it yourself?

Humble 997 Motor Oil has been thoroughly tested in hard use by thousands of careful Texas motorists who pay particular attention to motor oil performance—to the way it lasts and lubricates under all sorts of climatic and driving conditions. They know that today's high speed automobiles demand more of a lubricating oil than ever before; and their approval of Humble 997, recorded on thousands of check cards in our files, makes us sure that we are giving the Texas public the right motor oil* at the right price.

we recommend Humble 997 Motor Oil to you with confidence that you will like it.

Like all Humble products, 997 is continuously improved; it is at all times a modern motor oil for modern automobiles. But to be sure that it will continue to fill the public need for which it is made, we will continue our policy of public-testing. We ask you to join the thousands of other Texans who have found out about Humble 997 for themselves by testing it in their own automobiles.

So, with public approval behind us.

*In the lower price ranges, Valvet and Bayou City motor oils are also public-tested.

SEE THE Frigidaire '35
WITH THE FAMOUS SUPER FREEZER

NOW ON DISPLAY AT OUR FRIGIDAIRE SPRING PARADE

We extend a cordial invitation to you and your friends to attend the Frigidaire Spring Parade and see the beautiful new Frigidaires. Each of the 16 snow-white models has the new Super Freezer, affording greater convenience and economy and setting new standards for efficient household refrigeration.

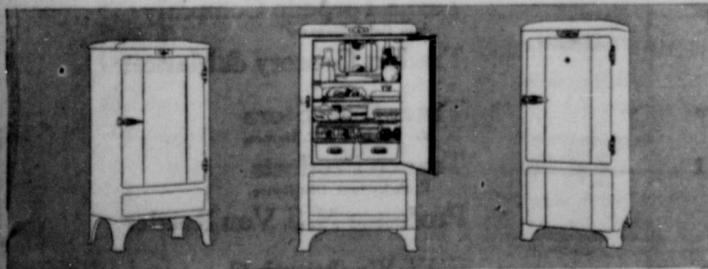

The Super Freezer makes possible a Complete Refrigeration Service. It provides the right kinds of cold for every purpose—all in the same cabinet. There's fast freezing for making ice cubes and desserts; frozen storage for meats and ice cream; extra cold storage for keeping a reserve supply of ice cubes; moist storage for vegetables and fruits; and normal storage below 50° for foods requiring dry, frosty cold.

Besides the Super Freezer, the new Frigidaire '35 has the Cold Control, automatic reset defrosting switch that turns the current on when defrosting is completed, automatic ice

tray release, and the interior of each is finished in porcelain-on-steel.

Come into our showroom at your first opportunity. See the Frigidaire Spring Parade! Then learn how easily you can have a Frigidaire of your own.
