DON'T WANT NEGRO IN 1904

NEXT NATIONAL REPUBLICAN CONVENTION TO BE WHITE

ROOSEVELT'S FRIENDS

They Will See to Scheme—No Chance to Be Taken Allowing Black Delegates to Sell Out, Leaders Say

That the negro is to be "ditched" in national politics, as he has already been done in Texas, can be seen from the following Washington special in the Atlanta Constitution:

Negro delegates from the Southern states are not wanted in the Republican national convention of 1904.

The systematic elimination of the negro from the inner councils of the Republican party in the South is already systematically under way. How far President Roosevelt may be responsible for this cannot be stated at this time, but the movement is being worked by his friends, and it is apparently directly in his interests.

While the ultimate object of the men who are engaged in shutting the negro out of the Republican party may be to build up a white man's Republican party in the South by bringing about political divisions on economic questions rather than on the race issue, there is no doubt that, if the expectation of the president's friends are realized, its immediate effect will be to make the renomination of President Roosevelt certain.

The president's friends realize that his nomination will be opposed by all the power that the trusts and great corporations can yield. This will probably mean that he will have the East arrayed against him in the convention. He will have to depend on the South and West for the votes to carry him through. The president's friends propose to see to it that none, but trusted Roosevelt men are sent as delegates from these sections, as far as it is in their power to do so.

Says Negroes Are For Sale
The West has always been the Roosevelt stronghold, and it is thought that his attitude on the trust question will not hurt him any there. The South, too, could be depended upon to send Roosevelt delegates to the convention without any elimination of the negro element, but the question could be depended upon to stick if they should arrive in the convention city and find themselves exposed to the pressure of the trusts.

A DOCTOR'S EXPERIENCE

Medicine Not Needed in This Case.
It is hard to convince some people that coffee does them an injury. They lay their bad feelings to almost every cause but the true and unsuspected one.

But the doctor knows. His wide experience has proven to him that to some systems coffee is an insidious poison that undermines the health.

Ask the doctor if coffee is the cause of constipation, stomach and nervous troubles.

"I have been a coffee drinker all my life. I am now 42 years old and when taken sick two years ago with nervous prostration, my doctor said that my nervous system was broken down and that I would have to give up coffee. I got so weak and shaky I could not work, and reading your advertisement of Postum Food Coffee, I asked my grocer if he had any of it. He said, 'Yes,' and that he used it in his family and it was all it claimed to be.

So I quit coffee and commenced to use Postum steadily and found in about two weeks' time, I could sleep soundly at night and get up in the morning feeling fresh and well. In about two months, I began to gain flesh. I only weighed 146 pounds when I commenced on Postum and now I weigh 167 and feel better than I did at 20 years of age.

I am working every day and sleep well at night. My two children were great coffee drinkers, but they have not drank any since Postum came into the house and are far more healthy than they were before." Stewart M. Hall, Fairfield, W. Va.

cular kind of "temptations" which the trust managers might throw in their way.

"Peculiar stories have been told in the past of the inability of the colored delegates to resist temptation of this kind and it is said that the president's friends believe it is their duty to protect their colored brethren from the liability of being tempted. At present there seems to be every reason to believe that the plan will be successfully carried out.

Senator Pritchard, of North Carolina, whose elimination of the negroes from the North Carolina Republican convention is still fresh in the public mind, is said to have been selected as the chief agent for carrying out the program of getting white Roosevelt delegates from the Southern States. It is recognized that there are some white men in the Republican party in the South who would be as liable to yield to temptation as would the negroes. These men, too, are to be eliminated when it comes to the selection of delegates. It is said that Senator Pritchard is expected to personally select the men in the different Republican states who are to see to it that none but reliable white Republicans, men who will stand out for President Roosevelt to the last, are chosen as delegates.

FOREST FIRES ARE STILL UNCHECKED

REPORTS FROM WASHINGTON TELL OF GREAT DAMAGE BEING CAUSED BY THE FLAMES

(By Associated Press)

Kalama, Wash., Sept. 15.—R. L. Wallace, wife and two children were burned to death Saturday night by the forest fires on Lewis river. They were camping in the woods when caught by the fire. Their wagon was found burned up, the charred bodies lying near. A 12-year-old boy of Mr. Hanley's also is dead.

Mrs. John Polly and baby and a brother and Mr. Newhouse and Mrs. Graves are dead. Fifteen others were found without clothing except gunny sacks.

Five logging camps are burned out completely and many families have lost everything.

The worst of the fire is on Lewis river, about twelve miles from Woodland. The country is well settled and there are doubtless other casualties not reported.

The fire has spread from Lewis river north to the Kalama river and fifty sections of the finest of the timber on the coast are destroyed. It is impossible to give an estimate of the amount of the damage done to property. Oak Point, twenty miles below here on the Columbia river, is totally destroyed. There are no reports of lives lost, but loss to property is estimated at about \$300,000.

A great fire is also raging on the Coweman, in the northern part of the country. Everything combustible was consumed. The air is thick with smoke and falling ashes. Many lumber camps are reported destroyed or badly damaged. Two men from Barr's camp are reported missing and people are panic-stricken.

FREIGHT WRECK DELAYS FLYER

Frisco Train Held by an Accident Near Monett, Mo.

(Special to the Telegram)

Paris, Tex., Sept. 15.—The Frisco flyer, due here Saturday afternoon, did not arrive until Sunday morning. The delay was caused by a freight wreck above Monett, Mo. The passenger train got around the wreck by going over the Kansas City division to Springfield, the Missouri Pacific to Joplin and the Kansas division to Monett, where it reached the Texas division. Nobody was hurt in the wreck, but the track was torn up and obstructed for a considerable distance.

WESTERN UNION'S OLD ASSESSMENT

CITY EQUALIZATION BOARD ADOPTS LAST YEAR'S FIGURES

A session of the city board of equalization was held Saturday afternoon, and the assessment of the Western Union Telegraph company which had been made at \$15,000, reduced to \$10,000, Judge Norman G. Kittrell of Houston, general attorney for the Telegraph company in Texas appeared before the body and urged that the taxes be based on the valuation of last year if not on the figures presented by the company.

The board is compiling its report on the assessments made for the current year. It is estimated the increase in city values will be about \$2,000,000 or a total of \$18,000,000.

DIES ON GALVESTON BEACH

Master Mechanic of Morgan Steamship Company Collapses

Galveston, Sept. 15.—Thomas Sancton, aged 58 years, division master mechanic of the Morgan Steamship company, with headquarters at New Orleans, died suddenly while in bathing at the beach. He came here on a visit and in company with Chief Engineer Gardner of the steamship El Dia went in bathing. They had hardly entered the water when Mr. Sancton cried out for help, complaining that he could not get his breath. Mr. Gardner assisted him out of the water and into the bath house. A physician was summoned, but death resulted in about ten minutes after coming out of the water. The doctor pronounced its hemorrhage of the lungs. The deceased has been in the service of the Morgan line for many years. He leaves a wife and two children. An inquest was held and the body will be prepared for shipment to New Orleans.

ROBINSON SUGGUMBED

DIED LAST NIGHT FROM THE EFFECTS OF WOUND RECEIVED SATURDAY NIGHT.

TWENTY-FIVE HOURS

Johnson, the Slayer, Released on \$2500 Bond, but Reincarcerated on Charge of Murder Funeral.

J. P. Robinson only lived 25 hours from the first there was no hope for night until 8:10 o'clock Sunday night. From the first there was no hope for his recovery—the wound was too far reaching into the vital organs to even suspect that there was a chance for a rally.

F. M. Johnson, the man who fired the shot, was released from custody late yesterday afternoon on \$2500 bond, but remained out of jail only about two hours, for as soon as Sheriff Clark learned of Robinson's death he rerearrested Johnson on a charge of murder. Johnson was placed back in jail, and this morning he and his attorney, Judge W. R. Parker, appeared before Justice Mullins. Johnson waived examination and was remanded without bail.

The remains were taken charge of by Undertaker G. L. Gause, deceased being a member of the Harrison Mutual Burial association and will be buried from the Christian church this afternoon at 5 o'clock, the members of R. E. Lee camp of Confederate veterans having charge of the funeral.

Johnson is also a Confederate veteran, and is a member of the local camp. Words were spoken in the meeting yesterday favorable to the prisoner's war record. However, it is said that this is not his first offense with gun or pistol since the close of the war of the 60s. His temperament is said to be impulsive, and a grievance, fancied or otherwise, is said for him to overcome.

The grand jury will not convene until Monday, Sept. 27, and until then no further effort will likely be made toward having him released from custody.

C. W. Landis, "Porter" for the Oriental Hotel, Chanute, Kas., says: "I know what it was to suffer with neuralgia, deed I did, and I got a bottle of Ealard's Snow Liniment and I was 'rased from the dead.' I tried to get some more, but before I had 'deposed' of my bottle, I was cured entirely. I am tellin' de truth too." 25c, 50c and \$1.00 at H. T. Pangburn & Co's.

MISS GRACE STEWART POTTER She is Recovering From an Attack of Typhoid Fever in Chicago

Judge W. W. Stewart of the corporation court has received a telegram from Chicago announcing that his granddaughter, Miss Grace Stewart Potter, is recovering from a very severe attack of typhoid fever. This will be especially good news to Miss Potter's many friends in Fort Worth. It will be remembered that on August last Judge Stewart and Miss Potter,

who had been spending the month in Wisconsin, Illinois, Iowa and Colorado together, each left Colorado Springs for their respective homes, the judge for Fort Worth, and Miss Potter for Chicago. They had been on a continual go for several weeks, and were both weary and exhausted, Miss Grace especially so. On the following Friday, Judge Stewart received a short note from the room-mate of Miss Potter to the effect that Miss Potter had been drowsy and sleeping most of the time for three or four, and that she was suffering with an attack of typhoid fever, and that the attending physician had ordered for her a trained nurse.

For the past fourteen days Miss Potter has been under restraint and in the daily care of a physician in Chicago. While the judge has been in great uneasiness of mind and heart, knowing the uncertainty and treachery of this dreaded disease, Friday he received the following welcome telegram:

"Doctor says Grace is past the worst and is doing beautifully." E. G. HOLDEN.

NINETEENTH WEEK. Senator Platt's Prediction Failed and the Strike is as Tight as Ever. Shenandoah, Pa., Sept. 15.—Today will begin the nineteenth week of the coal strike. The date on which Senator Platt predicted that the strike would end has passed and the hope which was instilled into the people in this locality because of that prediction has been succeeded by a feeling that the end is still far off.

The reiteration by the coal presidents during the week that no concessions would be made and the resolutions passed by nearly all the local unions of the United Mine Workers: renewing their allegiance to their officers and pledging themselves to continue the strike until concessions are granted show that neither side to the controversy is weakening.

General Gobin, in charge of the state troops encamped in this country, denies that he is preparing to move the troops at an early date or that he expects an order from the governor to withdraw the troops. He says he does not anticipate an order of that kind until there is a settlement of the strike.

A great deal of local interest has already been aroused by the announcement that Ringling Brothers' famous circus is to exhibit in Fort Worth again Monday, October 13. This is undoubtedly the biggest and best circus that comes to Texas and its popularity is boundless. Two years ago, when the show exhibited here the last time, it seemed as though the limit of expansion had been reached. It will therefore be a surprise and a gratifying surprise to learn that the show is bigger and better than ever this year. There are more cars, more "stomped about" "stomped about" horses and more of everything that goes to make up a great arena exhibition than ever before. Some idea of the size and scope of this year's exhibition may be gained from the fact that the show owns and operates 65 double length railway cars and presents a great triple ring circus with over 300 high salaried performers from all parts of the world. There are 20 elephants, a splendid specimen of the practically extinct giraffe and a magnificent horse ballet. This year's hippodrome is a colossal affair, while the preliminary free street parade is all new, and elaborate beyond anything hitherto attempted.

TRAINS COLLIDE ON THE INTERURBAN

Motorman Mackey Jumps For His Life And Goes Down Embankment Sustaining Severe Injuries. Three Others Hurt.

A wreck between a work train and passenger train on the Interurban occurred at 1:35 o'clock p. m. a short distance east of the switch in front of Haines' base ball park on Front street.

Peter Mackey, motorman of the passenger train, living in North Fort Worth, was severely injured in jumping. He sustained a broken arm, a scalp wound and was badly shaken up. Mrs. Woods and Mrs. Lewis of Handley, sustained slight injuries, as did Joseph Strong of Dallas, who was en route to Thurber. These were passengers.

The accident occurred on the sharp curve which lies a short distance east of the switch. The passenger train was on its regular schedule.

When Motorman Mackey observed the approaching train he made the air appliances and reversed the motors. As soon as the car took the reverse motion he jumped down a 15-foot embankment. Both cars were damaged at their front ends, and were taken to the shops in Handley.

The injured were brought to Fort Worth. Mackey was placed in the Protestant sanitarium and attended by Drs. Adams and Walker. The others who sustained only slight injuries were treated at the surgeon's office.

MILLION DOLLAR FIRE IN ROCK ISLAND, ILL.

(Special to the Telegram) Rock Island, Ill., Sept. 15, 1902.—The Weyerhaeuser & Denkmann saw mill and lumber yard is burning this afternoon.

The fire is the biggest in the history of this town.

This company is one of the largest lumber concerns on the Mississippi river. Nothing is known of how the fire started. The blaze covers at this hour several blocks. The mill is situated in the heart of the lower town residence portion and the whole end of the city is doomed to destruction.

The fine Denkmann home is located within the zone of the fire.

The loss promises to go over a million dollars.

FREE TO MILLIONS. A Valuable Little Book Sent Free for the Asking.

Medical books are not always interesting reading, especially to people enjoying good health, but as a matter of fact scarcely one person in ten is perfectly healthy, and even with such, sooner or later sickness must come.

It is also a well established truth that nine-tenths of all diseases originate with a breaking down of the digestion, a weak stomach weakens and impoverishes the system, making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Stomach weakness shows itself in a score of ways and this little book describes the symptoms and causes and points the way to a cure so simple that anyone can understand and apply.

Thousands have some form of stomach trouble and do not know it. They ascribe the headaches, the languor, nervousness, insomnia, palpitation, constipation and similar symptoms to some other cause than the true one. Get your digestion on the right track and the heart trouble, lung trouble, liver disease or nervous debility will rapidly disappear.

This little book treats entirely on the cause and removal of indigestion and its accompanying annoyances.

It describes the symptoms of Acid Dyspepsia, Nervous Dyspepsia, Slow Dyspepsia, Amylaceous Dyspepsia, Catarrh of stomach and all affections of the digestive organs in plain language easily understood and the cause removed.

It gives valuable suggestions as to diet, and contains a table giving length of time required to digest various articles of food, something every person with weak digestion should know.

No price is asked, but simply send your name and address plainly written on postal card to the F. A. Stuart Co., Marshall, Mich., requesting a little book on Stomach Diseases and it will be sent promptly by return mail.

THEATRICAL

Braunig Stock Co. Commencing tonight, the Braunig Stock Company open their week's engagement at Greenwall's Opera House, presenting Lawrence Marsden's great romantic drama, "Credit Lorraine," for which they have the exclusive southern rights. The Braunig company has always been great favorites in Fort Worth for the simple reason that they always kept faith with the public and offered them nothing but the very best that could possibly be had at popular prices. Joe Deming Percy Reed, Petite Marguerite and The Three Graces, will appear at each performance in the latest and best vaudeville acts. The sale of seats for tonight's performance is already large with every indication for a record breaking house.

Herrmann The Great The engagement of "Herrmann, the Great" at Greenwall's Opera House, Friday matinee and night, September 19, will be a notable one for all lovers of the mysterious and occult. Herrmann long ago came to the conclusion that his audiences desired something new on each of his succeeding visits and that no matter how mysterious a trick or illusion may be, that once seen, it must be shelved for something else, some new trick must be substituted or his popularity would begin to wane. For his present engagement in this city, it is announced an entirely new program of magic will be presented, and that every trick and illusion on the long program, with the exception of two, will be absolutely new. Among the larger and more showy tricks to be presented are, "The Hindoo Mango Tree," "The Enchanted Cabinet," "The Hand of Balamo," "The Santos Dumont," "The Chinese Washie Washee" and the sensation of Pokin entitled "Voyage Instantaneous." The musical Goldmans will furnish popular selections on various instruments running from Grand Opera to Rag Time.

The Spanish Concert Co. The company will close their engagement this evening. Miss Estelle Burns, supported by the Spanish trio, will make her second and last appearance before a Fort Worth audience. Miss Burns is a native of Texas and a pupil of the most famous of modern teachers. She is a prima donna soprano who combines every essential quality of a great singer—voice, method, style, intellect and personal charms. The distinguished artist is now in the very zenith of her powers and has consented to fill a limited engagement in connection with the Spanish trio, comprising J. Rocabruno, L. Bore and G. Ferrer, who are well known here and need no recommendation.

A Parson's Noble Act "I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. L., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in Liver, Kidney and Stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by Guthrie & Guthrie, 502 Main street.

DETAILS OF SWIFT'S PURCHASE MADE KNOWN

The details of a large deal by Swift & Co. through which the packers secure control of a half dozen of the largest oil mills in North and Central Texas were made public today.

It is stated that shortly there will be a transfer of the oil mills at Grandview, Alvarado, Itaska, West, Temple and Greenville to Swift & Co. the consideration of which will amount to about \$750,000. It is also said the product of these and several other mills which the company will purchase soon, is to be used in the large refinery which will be erected in North Fort Worth and operated in connection with the packing plant. The intention of Swift & Co. to make the oil mill purchase has been known for some time, and it is stated an announcement will be made shortly regarding the erection of the refinery.
