CHICAGO PARTY REACHES STATE

SPECIAL TRAIN ARRIVES IN GAINESVILLE THIS MORNING

ARE MET BY COMMITTEE

Welcomed to Texas in Behalf of Governor and Citizens by Senator Joseph W. Bailey—Leave Later for Denison

(Special to The Telegram.) GAINESVILLE, Texas, Nov. 6.—The Chicago visitors were met early this morning on their arrival here by citizens and the members of the Ellis club in a body. Senator Joseph W. Bailey made an address of welcome in behalf of Governor Sayers and the citizens of Texas, welcoming the visitors to the state.

Senator Bailey called attention to the many varied resources of the state and said in the course of his remarks: "We ask you to investigate its people and its resources. Texas welcomes every honest man and every legitimate enterprise and every man who believes himself and every honest enterprise will be properly dealt with."

George E. Stone, secretary of the Chicago board of trade, made a happy response.

Gainesville's muddy streets prevented driving, but the party held an informal reception in its special train of Pullmans. The members of the state committee at large and of the local committees of Denison and Sherman met the visitors here and left with them at 9 o'clock for Denison.

THE TREATMENT OF EPILEPSY

ANNUAL MEETING OF ASSOCIATION FOR ITS STUDY

140,000 CASES IN AMERICA

Addresses by Distinguished Surgeons. In Some Cases Cures Have Been Made and Often Patients Have Been Helped

NEW YORK, Nov. 6.—At the annual meeting of the National Association for the study of epilepsy and treatment and care of epileptics in this city, President Frederick Peterson, in his annual address, said: "There are 140,000 cases of this disease in the United States only."

PRESIDENT ROOSEVELT

Time was when the hospital, the school, the church and employment were closed to him; he was even a burden to himself and family. Now, in 19 states there are provisions made for their care and treatment and in some cases cures have been established. In Europe also there are many homes and colonies established for the care of these unfortunates, and the movement has even extended into the countries of Asia and South America.

Dr. Park's Address
Among the other speakers was Dr. Roswell Park of Buffalo who discussed "the treatment of epilepsy by surgery." He advocated the early diagnosis of the case for the attainment of the best results of surgery. It will be well, he said, to have the epileptic carefully studied by an accomplished surgeon who should review the case with a view to the possibility of surgical intervention.

The operation when undertaken, he thought, should be regarded as a first measure, to be followed by others looking to a correction of all faults of diet, of elimination, etc.

These officers were chosen for the year: President, Dr. Wharton Sinker of Philadelphia; vice president, Dr. William Oslar of Baltimore; treasurer, Dr. William P. Spaulding.

VOLCANO IN ACTION IN SOUTH AMERICA

SHIP'S OFFICERS REPORT LAVA FLOWING FROM A MOUNTAIN IN PERU

(By Associated Press.) NEW YORK, Nov. 6.—Despatches from Chiclayo announce that the captain and officers of the steamship Maipo declare, says a despatch from Lima, Peru, that on the night of November 1 shortly after leaving Chiclayo, they saw what was apparently a stream of lava flow from a peak in the Cordilleras toward the plain.

According to the latitude and longitude given the volcano evidently is near the town of Recay.

The vessels trip northward enabled the ship's company to witness the eruption for twenty minutes and then other mountains closed the view.

HARVARD MAN THOUGHT INNOCENT OF MURDER

A NEGRO THOUGHT GUILTY OF THE CRIME CHARGED TO YOUNG MASON

(By Associated Press.) BOSTON, Nov. 6.—A gold watch belonging to Clara Morton, for whose murder Alan Mason is charged, was found in a Boston pawn shop, and the police are searching for the negro who is said to have sold the article. Chief of Police Watts now believes that a negro murdered Miss Watson and that Mason is innocent.

NEW YORK, Nov. 6.—Congressman Overstreet, secretary of the Republican congressional committee, announced today that two hundred and six Republicans were elected to the House beyond all doubt. The Democrats have elected one hundred and fifty. There are ten districts doubtful. This gives the Republicans a working majority of twenty-six.

DISCUSS THE GROWING INTEMPERANCE OF WOMEN

LONDON, Nov. 6.—The proceedings of the annual conference of the Women's Union of the Church of England Temperance society, which commenced today with Mrs. Temple, the society's president presiding, promise to attract wide attention owing to the fact that the alleged growing intemperance among women has been chosen as the main theme for discussion. The conference will discuss at length the points brought out in Viscount Peel's address to the Women's union, some months since, at the close of the work of the royal commission on the licensing laws. The bishop of London, Sir Thomas Barlow (physician to the king), and Dr. Braughwaite are among the persons of note who have promised to address the conference.

MRS. MAYBRICK IS NOT LIKELY TO BE FREED

LONDON, Nov. 5.—In view of the revival of interest in America in the Maybrick case and the fact that a deputation of women is shortly to come from the United States to plead for mercy for the famous prisoner, a statement made by one in close touch with the office of the home secretary is of peculiar interest.

About a year ago it was rumored that Mrs. Maybrick would be included among those receiving clemency from the king at the time of the latter's coronation. The coronation passed, however, without any new developments in the case. No such proclamation of pardon was forthcoming and hope was quite abandoned by those who had been anxiously expecting that his majesty would extend

royal clemency to a considerable number of prisoners and restore them to freedom and civil life.

The announcement just made that in India, in connection with the approaching coronation ceremonies at the great Durbar, the viceroys would release a large number of prisoners has reawakened public expectation here that the king will be graciously pleased to extend his consideration in a similar manner. It is learned from the person already referred to that such an act of clemency is in contemplation but if carried out it will extend only to minor offenders. So far as can be learned the prospects of Mrs. Maybrick being released are no brighter now than they have been at any other time during the many years of her imprisonment.

THE DAY ON THE COTTON MARKET

CONSTERNATION FOLLOWS THE YEAR'S REPORT

SHORTS HAVE BEST OF IT

Indications Favor Larger Crop Ideas—Close of October Found Larger Percentage of Marketed Cotton Than Last Year

(Special to F. G. McPeak & Co.) NEW ORLEANS, La., Nov. 6, 1902.—The appearance of H. M. Neill's estimate on this year's growing crop of cotton, it appearing in public print this morning, created consternation in cotton circles.

The estimate places the crop at from 11,500,000 to 12,000,000 bales, Texas and Indian Territory being allowed 3,500,000 to 3,600,000, the elder states 8,000,000 to 8,400,000.

This more than confirms Mr. Buxton's estimate for a crop of 11,200,000 minimum and it served to attract attention from the United States census report of yesterday which, indicating a crop of 9,858,000 bales, was somewhat bearish in reporting 1,982,816 ginned in Texas and the Indian Territory to October 18.

Its concluding remarks of not being responsible for the estimates of the percentage of the crop ginned, as were furnished by their agents, detracted to a great degree the credence which would otherwise have been given the report.

Shorts Have Best of It

Up to the present time shorts have had the best of the argument as regards the probable size of the crop. The movement to last Friday was 347,039 larger than last year, and the crop basis was 11,022,000.

To the close of October there had been marketed 2,133,507, against 2,876,458 last year. Last year the percentage of the crop marketed to the end of October was 26.93 per cent. If the same percentage of the present crop was marketed at the end of October of this year, the crop would be 11,952,000. If 29.22 per cent. of the crop was delivered, as in the year before last, the crop would be 11,141,000. If the percentage marketed to the end of October equaled the average of the past two years, which was 28.07 per cent., the crop would be 11,460,000. And even if 28.81 per cent. was marketed, as in the crop year of 11,274,840 bales in 1898, the crop would be 11,170,000.

Therefore, so far as figures of percentage are concerned, the burden of proof lies with the longs to prove that the crop will be less than 11,000,000. Such theories, however, have been often upset by an early movement, being the forerunner of a short crop, whilst it has often occurred that a late movement furnished a large crop.

Indications nevertheless favor large crop ideas, and as Mr. Neill and Mr. Buxton are of one mind, and the same opinion as to the ultimate crop, spinners are likely to be influenced in that direction as is the public in a speculative way. The selling movement that has set in will have to take its course before we can hope for a permanent reaction.

Liverpool closed three to four down on futures after selling five to six lower while spots were quoted eight points lower on sales of 8,000 to 4.52 for middling. March here opened three down at 7.97 7/8 sold at 8.02, declined to 7.90 and closed 7.92 7/8. Spots easy down 1/4 sales 2,700, f. o. b. 1850; middling 7 13-16.

THE DAY WITH PROVISIONS

Market Rather Dull and On Whole a Little Easier

(Special to F. G. McPeak & Co.) CHICAGO, Ill., Nov. 6.—Liverpool unchanged. Paris unchanged to 14c lower. Antwerp 5-8c higher. Primary receipts 1,431,000, against 963,000. Shipments 511,000, against 273,000. Clearances 542,000.

The market here was rather dull, and on the whole a little easier. Large primary receipts are still the bearish influences. There is still considerable bullish sentiment on reported sales at seaboard to go to Australia and 20,000 bushels of wheat are reported sold in North Dakota to go to Pacific coast.

This is hardly a special factor in making the world's wheat prices. These are in a way sensational, but such trades are not likely to reach large proportions.

Duluth reports a good shipping demand from the east, but the cash situation in other markets are slow and the low grade stuff dragging in prices. We would like to feel bullish on wheat, but with existing conditions we are at a loss to see anything better than a scalping market at the present. Cars, 220.

Corn—Liverpool unchanged. Primary receipts 319,000, against 226,000. Shipments 221,000, against 261,000. Clearances 15,000. The market is very quiet. The weather is probably the most important factor and further unsettled conditions are predicted. On the other hand, the cash situation is in our judgment weak. Fear of manipulation prevents any great selling.

CROP SHOWS WHERE M'KINLEY MEMORIAL WILL BE ERECTED

The trustees of the McKinley Memorial Fund have selected the site where the National Monument to the martyred president will stand. They have chosen a spot of rare natural beauty, situated in Woodlawn cemetery, Canton, on a commanding eminence, within full view of the late president's home. The monument will be imposing in design as befits a memorial to the man whose memory it will perpetuate. \$550,000 has already been collected toward the memorial fund which must reach \$650,000 before the trustees can carry out their plan. The above interesting snapshot shows the trustees of the monument fund selecting the site. In the picture may be recognized Cornelius N. Bliss, Judge William A. Lynch, Col. Webb C. MAGAZINES

Social, economic and political topics largely dominate the Review of Reviews for November. The editor, in "The Progress of the World," gives an exhaustive review of the coalstrike, while Mr. Walter Wellman contributes a graphic account of the settlement of the strike as viewed at Washington, and Mr. Frank J. Warne writes of "John Mitchell: the Labor Leader and the Man." Col. Carroll D. Wright, of President Roosevelt's arbitration commission, is the subject of a character sketch by Mr. H. T. Newcomb. Mr. Charles A. Conant writes on "The Growth of the Trust Companies," and Arthur Wallace Dunn on "Government in the Philippines, 1898-1902." "Shall there be a Two Years' College Course" is made the subject of an interview with President Butler, of Columbia, whose recent discussion of this topic in his annual report has awakened widespread interest. Dr. Albert Shaw gives a most interesting account of "A Successful Farm Colony in the Irrigation Country"—a Salvation Army Enterprise. Variety is given to the number by the inclusion of two "literary" articles—a study of "The Rise of the Nature Writers," by Francis W. Halsey, illustrated with portraits; and an unsigned paper on the late Emile Zola.

DO YOU GET UP WITH A LAME BACK?

Have You Uric Acid, Rheumatism or Bladder Trouble?

To Prove What SWAMP-ROOT, the Great Kidney and Bladder Remedy, will Do for YOU, all our Readers May Have a Sample Bottle Sent Free by Mail.

Pain or dull ache in the back is unmistakable evidence of kidney trouble. It is Nature's timely warning to show you that the track of health is not clear.

If these danger signals are unheeded, more serious results are sure to follow; Bright's disease, which is the worst form of kidney trouble, may steal upon you.

The mild and the extraordinary effect of the world-famous kidney and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Among the many famous cures of Swamp-Root investigated by The Telegram, the one we publish today for the benefit of our readers, speaks in the highest terms of the wonderful curative properties of this great kidney remedy.

Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen:—When I wrote you last March for a sample bottle of Swamp-Root, my wife was a great sufferer from backache, rheumatism and urinary trouble, also excess of uric acid.

After trying the sample bottle, she bought a large bottle here at the drug store. That did her so much good she bought more. The effect of Swamp-Root was wonderful and almost immediate.

Oct., 1901. 427 Best St., Buffalo. Lame back is only one symptom of kidney trouble—one of many. Other symptoms showing that you need Swamp-Root are, obliged to pass water often during the day and to get up many times at night, inability to hold your urine, smarting or irritation in

passing, brickdust or sediment in the urine, catarrh of the bladder, uric acid, constant headache, dizziness, sleeplessness, nervousness, irregular heart-beating, rheumatism, bloating, irritability, wornout feeling, lack of ambition, loss of flesh, sallow complexion.

If your water when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling, or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

Swamp-Root is the great discovery of Dr. Kilmer the eminent kidney and bladder specialist. Hospitals use it with wonderful success in both slight and severe cases. Doctors recommend it to their patients and use it in their own families, because they recognize in Swamp-Root the greatest and most successful remedy.

If you have the slightest symptoms of kidney or bladder trouble or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you free by mail, immediately without cost to you, a sample bottle of Swamp-Root and a book of wonderful Swamp-Root testimonials. Be sure to say that you read this generous offer in the Fort Worth Daily Telegram.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at drug stores everywhere. Don't make any mistake, just remember the name, Swamp-Root. Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y., on every bottle.

THAT PARTY RETAINS A WORKING MAJORITY IN HOUSE

THEY WIN IN THE WEST

The Dominant Party Has Made a Tremendous Gain in a Number of the Commonwealths of the North and West

(By Associated Press.) Washington, Nov. 6.—Late returns show that the Republicans (including in this description the fusionists elected from the Pittsburgh-Allegheny districts in Pennsylvania) will control the next house by a vote of 204 Republicans and 179 Democrats, with one district. The Eight Tennessee, and two California districts remaining so much in doubt that the official returns will be needed to decide the result. The totals given are believed to be correct, although there are a few districts, such as two in Colorado and one in Minnesota, where the Republican and Democratic party managers respectively do not concede defeat, but the general result can not be affected, even should their claims prove well founded.

DEMOCRATS ELECT IN RHODE ISLAND

THEIR NOMINEES FOR GOVERNOR AND LIEUTENANT GOVERNOR ARE SUCCESSFUL

Providence, R. I., Nov. 6.—Substantial gains for the Democrats are shown by the complete returns for the state ticket. They elected their candidates for governor and lieutenant governor and their congressional candidate in the First district, besides they cut down the Republican lead in the lower house of the legislature by securing thirty-six members as against a like number for the Republicans. The senate, however, remains overwhelming for Republicans.

THERE WILL BE CONTEST OF RESULT IN COLORADO

THE REPUBLICANS WILL SEEK TO UNSEAT DEMOCRATS FROM ARAPAHO

Denver, Col., Nov. 6.—The Times says The Republicans are preparing to contest the election of the Democratic legislative ticket in Arapahoe county. They say the control of the lower house of the legislature depends on the result in this county. They will ask the secretary of state to refuse certificates to Democrats, and if Mr. Mills, who is a Populist, refuses to entertain the scheme, they are planning to organize a rump legislature.

Edward O. Wolcott is already informed of the situation and will come to Denver to enter the senatorial race against Teller.

CALIFORNIA ELECTS PARDEE GOVERNOR

DEMOCRATS WILL SEND TWO NEW MEMBERS TO CONGRESS FROM THAT STATE

San Francisco, Nov. 6.—Complete returns from San Francisco and partial returns from all over the state indicate that Geo. C. Pardee, the Republican nominee for governor is elected by a majority of 2000, or 3000. The plurality of 9000 given by San Francisco to F. K. Lane, the Democratic nominee has been almost wiped out by Republican majorities in the interior counties. The Republican vote for Pardee in southern California is justifying the estimates of the Republican campaign committee and has undoubtedly elected Pardee.

Large Vote for Pennybacker, Philadelphia, Nov. 6.—Practically complete returns from the state indicate a plurality for Sam'l W. Pennybacker, Republican, for governor, of about 125,000.

Of the 82 congressmen elected twenty-eight are Republicans. The incoming house of representatives will be made up of 157 Republicans and 47 Democrats and the senate will contain 39 Republicans and 11 Democrats.

AN AMERICAN HAD THE PLACE OF HONOR

Paris, Nov. 6.—At a dinner given Tuesday night by Foreign Minister Del Casse to King Charles of Portugal, Mrs. Porter, wife of the American ambassador, occupied the place of honor on the right of M. Del Casse. Madame Del Casse was seated on the right of the king.

[Marquis Instead of Gonat. Paris, Nov. 6.—The opponent of M. Gerould Richard of the Petite Republique in the duel fought Tuesday at Neuilly was the Petite Marquis De Dion, vice president of the Automobile club, president of the Aero club and not the Count De Leon.

Fusion Prevails in Nevada, Reno, Nev., Nov. 6.—It is conceded that the fusion party has elected Sparks for governor. Van Dusen for congress and the entire legislature. Newlans will have clearly a two-thirds vote on joint ballot of the legislature for the United States senate.

MISSOURI STANDS THE SHOCK ALL RIGHT

St. Louis, Nov. 6.—While complete returns from all parts of the state have not been received, there is nothing to indicate change from Tuesday night's figures, which show the election of the Democratic state ticket. A safe Democratic majority in the legislature that will select a successor to United States Senator Vest and the election of fifteen Democrats out of sixteen congressmen.

Washington

Seattle, Nov. 6.—The Republicans have carried the state of Washington by a majority that may run high, 12,000, though indications are it will be nearer 10,000. The Democratic state committee does not claim the election of any of its state ticket, though insisting meager returns received justify the belief of a chance for Democratic control of the legislature. Chairman Morfitt of the Republican committee holds the Republicans have a majority on joint ballot of fully forty. The three congressional nominees run very close.

Republicans Winners.

Salt Lake City, Nov. 6.—Only about one-fifth of the voting precincts of Utah have so far been heard from in detail, but unofficial returns from practically every section show that the Republicans have made almost a clean sweep of the state. Howell, for congress and McCarthy for associate justice being elected by majorities of from 4000 to 6000. The legislature which will this winter elect a successor to United States Senator Rawlins will undoubtedly be Republican by a safe majority. In only one county did the Democrats make much showing and that was in Salt Lake, where the church question and a revolt against the so-called machine cut heavily into the Republican legislative vote.

Ricky Chosen Governor.

Lincoln, Neb., Nov. 6.—Complete returns from enough counties to accurately forecast the result shows that Mickey, Republican has been elected governor, by not less than 3000 and probably by 5000 plurality. The rest of the Republican state ticket is elected by an increased plurality.

New York's Official Figures.

Albany, Nov. 6.—The official plurality for governor in the various counties of the state as reported to Governor Odell by the county clerks officials, show a total plurality for Odell of 135,972 and a total plurality for Coler of 123,085. Odell's plurality over Coler being 12,887.

Fraud Charged Everywhere.

New York, Nov. 6.—The defeat of Coler for governor in the face of the unprecedented Democratic majority in Greater New York is accepted with good grace by the Democratic leaders. All sorts of fraud up the state are charged, and threats of a contest are rife and yellow extras were scattered broadcast Wednesday announcing that Coler had been elected.

Cook County, Illinois.

Chicago, Nov. 6.—Practically complete returns from Cook county give the Republicans the entire county ticket with the exception of sheriff and four county commissioners. Healy, Republican candidate for sheriff, was defeated by Narrett, Democrat, by over 7500 plurality. In the congressional districts Lorimer and Boutelle were elected while Madden was defeated by Martin Worrich.

Faubain Thought Elected.

Austin, Nov. 6.—Additional returns received in the senatorial race in this district between Faubon and Rountree show that Faubon has been elected by possibly 300 or 400 majority, and the majority in other counties in the district cannot overcome this number. The entire local Democratic ticket has been elected.

Overstreet's Claims.

New York, Nov. 6.—Congressman Overstreet of Indiana, secretary of the Republican Congressional committee says the Republicans have the next house by at least 206 members, probably by 208 and possibly several more. Republicans in Eight Tennessee, Ninth Virginia and Seventh Alabama claiming a victory. With 206 members the Republicans will have a majority of 26.

Republican Congressman.

Sioux Falls, S. D., Nov. 6.—Reports from 37 out of 53 counties in the state give the Republican congressional ticket a plurality of 19,666. The remaining counties will increase this plurality by 2000.

Landslide in Montana.

Helena, Mont., Nov. 6.—Late returns indicate that Holloway, Republican, will have about 10,000 plurality, and Dixon (Rep.) for congress about 5000. There appears to have been a Republican landslide all over the state. The Republicans will have a safe working majority in the house, but on joint ballot the labor people will hold the balance of power.

Surpassed Expectations.

Cheyenne, Wyo., Nov. 6.—Republican majorities in Wyoming have surpassed all expectations. Mondell for congress will have 6000 majority. The entire Republican state ticket is elected by from 3000 to 5000. The legislature is overwhelmingly Republican.

Plurality Claimed by Dick.

Columbus, O., Nov. 6.—Chairman Dick of the Republican state committee has complete returns from 86 of the 88 Ohio counties showing a Republican plurality for state candidates of 90,807.

Sam Reams of Navarro county, Texas, committed suicide. The mikado of Japan will be fifty years old on Saturday.

GOVERNMENT TROOPS WIN

PAST WEEK HAS BEEN DISASTROUS TO VENEZUELAN REBELS

LEADER IS REPORTED DEAD

The Victories for the National Forces Are Celebrated in Caracas With Salvoes of Artillery, Fireworks TROUS REBELS

(By Associated Press.)

Caracas, Nov. 6.—The Government troops have gained a decisive victory over the revolutionists in the past week. The government forces dislodged the rebels from their last stronghold at Pipe, near San Mateo and six miles from La Victoria. The revolutionary leaders Mendoza, Matos, Rolando, Crespo, Torres and others, according to government reports have been scattered and the disbanded rebel army passed through Villa De Cura last Sunday night. The rebel general, Riera is reported to have been killed. The victory claimed by the government was celebrated in Caracas with salvoes of artillery, fireworks and the ringing of church bells.

SIX COLLIERIES HAVE RESUMED WORK

(By Associated Press.)

Scranton, Nov. 6.—Six more collieries have resumed in this district after repairs in completion which prevented them from starting when the general resumption took place. Only five collieries in this region are still idle. Four of these resume during the week. The output is now close to normal, and about 95 per cent of the men at the collieries in operation are back at work. Pea coal is selling here for \$3 a ton, and larger domestic sizes for \$3.75. Five years ago pea coal sold for \$1.50 and larger sizes \$2.50.

COMMISSIONER OF LAND OFFICE DISCUSSES FENCE QUESTION

Says Unlawful Fences Must Go, But Declares There Is No Occasion for Hasty Action—Great Industry Is at Stake, He Says

(Special to the Telegram.)
WASHINGTON, Nov. 6.—Strenuous efforts have been made during the fiscal year to break up the practice of controlling public lands by fencing. In his annual report to the secretary of the interior just submitted the commissioner of the general land office says that in some western states unlawful fencing by cattlemen is carried on to a great extent.

According to Commissioner Hermann's report a greater portion of the public lands of a few of the cattle states is under fence in some manner or other. These lands are very light and sandy and of absolutely no value except for grazing, and are very valuable for that purpose in large tracts. The complaint against their fencing has only been made recently since the cattle business has picked up and ranchers were hunting for ranges. As a result the cattlemen have had plenty of time and opportunity to gather up all the water rights, hay lands, and fence the balance.

The fence complaints, as a rule, are virtually "holdups," resulting from neighborhood quarrels and not from motives prompted by persons who actually desire to settle. It is claimed that no person can actually settle on the public lands of Nebraska and make a living on a claim without he has a range for cattle. Special agents in the field recommend that these ranchers occupying the land should all be treated alike and given a fair notice to take down their fences, as there is much money invested and a great industry at stake. The cattlemen make the claim that such a thing would ruin them at this time.

"Hobo Filings" Described
Fictitious or illegal entries, termed "hobo filings," is a method of securing a color of title to public lands in the state which has grown alarmingly during the past two or three years. These filings are made by cattlemen and ranch owners with a view of protecting their fence lines. They allude to them as "our filings," just the same as so many cattle. No attempt is made or expected to be made to comply with the law, except, perhaps, to erect a small pen or shack; and in some cases the claimant goes onto the claim once in six months, so that he can declare when he proves up that he has not been absent from the claim more than six months at any time.

No Compliance With Homestead Laws
In most cases, however, no attempt is made at all toward improvement or compliance with the homestead laws. These entries are made by anybody and everybody that they can get who will certify to the cash-looters, tramps, railroad graders, negroes (men and women).

If a ranch owner wants to cover a certain fence line, or take up a few entries in his pasture, he sends to some lawyer, or goes himself, and arranges for claimants at \$5 or \$10 a head—taking at the time the filing is made a relinquishment and a lease for the tract. Of course, they file in all kinds of names, and possibly two or three times under disguise. Thousands upon thousands of such entries have been made within the past two or three years—especially since the fence agitation commenced. The homestead law is a dead letter—absolutely no attention is paid to it.

The persons who pay for these entries expect to hold them by having a hearing applied for if claim is suspended, and to appeal from the local officers to the commissioner of the general land office, and from his office to the secretary of the interior, and thus run it along for several years if possible—holding the land and range in the meantime—pending final decision. It is openly boasted that a genuine, legal homestead entry has not been made for some time. Of course, this is not so, as some have been made in good faith, and the law is being complied with, but they are a small part of the aggregate number of entries.

FORM BIG LIVE STOCK COMMISSION COMPANY

For the past several weeks there has been a move on foot for the organization of a new live stock commission firm for Fort Worth. This movement found definite shape by partial organization. It was late in the afternoon when a meeting which was held at Hotel Worth adjourned, at which there were over fifty stockholders present, including some of the most prominent and wealthiest cattlemen in the state. From one of the number at the meeting it was learned that the company had been formed with Marlon Sanson as president; C. C. Slaughter, vice president; S. B. Burnett, treasurer, and Charley E. Ware, secretary.

TO TEACH ART TO CHILDREN

PROGRAM FOR SERIES OF TALKS AT CARNEGIE LIBRARY

First Will be Given Saturday Morning by Mrs. J. W. Swayne—Endeavor to Excite Interest in the Classics is the Purpose

The first talk of an interesting series to be given Saturdays at the Carnegie free public library will be delivered Saturday morning at 10:30 by Mrs. J. W. Swayne on "Zeus (Jupiter) of Otricoli."

These talks will be given every Saturday until the first of March and are for the benefit of the pupils of city schools. All young people over nine years of age are invited to be present.

Saturday morning the talk on Zeus will be illustrated by photographs from the Anna Ticknor art collection and casts, and it promises to be of much interest.

The endeavor of those in charge of the series is to promote an interest in classic art among the young people of the city and to acquaint them with the more common and striking examples which have been handed down for centuries. The full program of the series which is here given, shows the scope embraced in the idea:

Talks on Greek Art

WHEAT CROP NEEDS NO RAIN

Around Wichita Falls There's Moisture to Last Until Spring
WICHITA FALLS, Nov. 5.—There has about six and a half inches of rain fallen here during the past week, and while the wheat crop was not particularly in need of rain, it has put a season in the ground that will carry the crop till nearly spring before it suffers for moisture.

The acreage sown in wheat in this county is greater by one-third than was ever sown before, and at this time of the year it is the best prospect the farmers have ever had. It will be necessary for the farmers to keep their wheat pastured down in order to keep it from jointing before cold weather.

Best Liniment on Earth

I. M. McHany, Greenville, Tex., writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism."

AMUSEMENTS

Whenever Al G. Field comes to town there is "somethin' doin'."

Al and his aggregation of minstrel and specialty stars were here yesterday, and last night they appeared to an audience that taxed Greenwall's for even standing room. Dozens of ladies whose escorts were not up and doing in the matter of securing seats, stood throughout the three hours of program far excellence.

Field's reputation for giving something new and delightful each season did not suffer last night. The evening's entertainment opened with "The Roof Garden, or a Night in New York," a panoramic view of the historical sights of the great American metropolis, including spectacle, "crowned with the tempest," and the gorgeous transformation, "Peaceful Valley." This unquestionably was the most delightful and pleasing first part ever seen here. It was new.

In catchy conceit on the race track, in which a splendid fac-simile of a race course, grand stand and thousands of people as a background was seen Messrs. Tommy Donnelly, John U. Phillips, and Bill Murray did a clever turn.

The Mignani family, the musical barbers of Seville, was a pretty number. They extract music from out and out everything that goes toward the makeup of an up-to-date tonorial parlor.

The original Clipper quartet, in a pleasing sketch of life, "Uncle Eph's Dream," introducing G. D. Cunningham, Frank Casey, James H. Cavanaugh and John C. Dickens, brought forth prolonged applause. This scene presents a real southern cotton field, the cabins, the forests surrounding, and the occupants true to life.

The famous Faust family of Australian acrobats—ten in number—entertained with a most wonderful exhibition of acrobatic agility. They ranged from the tot to the splendid specimen of muscular manhood, including one girl.

The tropical travesty, "King of the Filipinos," a political satire, was the closing number, introducing Frank Casey, Matt Keefe, La Londe, Dickens, Prosser, Cunningham, Cavanaugh, Waltz, Blamphin, Phillips, Donnelly and Quisley; also a band of Filipinos in charge of Bill Murray.

Aside from the acrobatic and other specialties in that line, the singing of the stars of the company was superior to any ever heard here, and no audience was ever more thoroughly delighted.

The next attraction, matinee and night, is "Brown's in Town," for Friday.

"Brown's in Town" the latest farce which will be the attraction at Greenwall's opera house Friday matinee and night, Nov. 7, is in line with the very best of the comedies of the day. Its lines are said to be terse, the music catchy, the dances pretty and the situations are well handled. Altogether it is one of the farces calculated to please without burdening the mind with an after-thought. Its keenest satire is on the question of matrimony at an early age and the possible incidents are cleverly developed. The fun is said to be effervescent and irresistible.

Mrs. Brune
One of the most remarkable dramatic contributions coming here this season will be Mrs. Brune in the fascinating romance of oriental life "Unborn" from the fertile brain and magic pen of F. Marion Crawford, and prepared for the stage by Espy Williams, remarkable in the fact that the play has escaped the clutches of the theatrical octopus which absorbs everything good; and again from the fact that Mrs. Brune gives a performance that places her upon the same artistic pedestal with Bernhardt, Duse, etc. When this brilliant woman played in Boston recently the conservative press of the Hub openly and unanimously proclaimed her the American Bernhardt; and rarely had that old temple of Thespis, the Boston theatre, witnessed such a scene of enthusiasm as rewarded her efforts after the third act when she fairly carried her audience "off their feet" and received fourteen curtain calls. The play is a wonderful one and the player even more so and comes to Greenwall's opera house Tuesday matinee and night, Nov. 11.

Gordon-Shay Opera Co

A fresh voiced, graceful chorus in grand opera is as "rare as a day in June." Pleasant, indeed, is it then to record that this city soon is to be visited by one which sings and acts as if the individual members took as much interest in their several small parts as if they were soloists. This is the ensemble of the Gordon-Shay grand opera company, headed by the handsome and gifted soprano, Rose Cecilia Shay. The members of this chorus were carefully selected from the best American conservatories. Without exception they are singing in the chorus now merely to gain stage ease and experience. They selected this company in order that they might study the admirable vocal and dramatic methods of Miss Shay. Our music lovers probably have never heard the ensembles of "Faust" sung as this chorus will sing them when this large organization comes to Greenwall's opera house on Wednesday night, Nov. 12, and from the criticisms of the press throughout the country a rare treat is in store for our theater-goers. At the matinee Wednesday "Il Trovatore" will be given.

If You Have Pain in Your Back

Do Not Be Deceived. You Have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Let us give you a piece of advice: Pain in the back is an almost infallible sign of kidney disease; a sure sign is the condition of your urine. If you have a pain in the back then look to the condition of your urine. It is easily done. Take a glass tumbler and fill it with urine, after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

G. F. Sammer of No. 409 Tioga street, Syracuse, N. Y., in a recent letter says: "I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief; for over two years I scarcely had a good night's rest on account of backache in a most distressing form. I bought a bottle of Dr. David Kennedy's Favorite Remedy and commenced to use it, and I must say I never imagined I should find such a wonderful cure. Why I feel like a young man again in spite of my 53 years."

All druggists sell Dr. David Kennedy's Favorite Remedy in the new 50 cent size and the regular \$1.00 size bottles.

HOG PRICES MAY GO "SLUSHING"

Such is the Opinion of a Hog Man at Chicago

Chicago News: William Parsons is of the opinion that hog prices will go "slushing" inside of the next two weeks. "Parse" says the unusual number of old sows marketed during the last two or three months means there are plenty of young hogs in the country and he expects a "doubling" of receipts before long. Good packing hogs around \$6.00, he thinks, a likely price before the middle of the month.

Marion Sanson, the well-known Texas cattleman, is at the yards. He reports Texas in a very prosperous condition, notwithstanding the failure of two corn crops. This failure, however, has decreased the hog supply materially, which will affect the business at the new packing concerns in Fort Worth, but there will be plenty of cattle available. Not as many cattle will be fed in Texas as usual. Mr. Sanson, who usually feeds a large number, will handle but a few this year. He will exhibit none at the international, but some of his cattle are being fed by the agricultural college for the show.

DALLAS CLUB JOINS HANDS

WILL CARRY OUT ANY PLAN SUGGESTED FOR MUTUAL BENEFIT

Members Interested in New Texas Presbyterian University and Pass Resolutions Recommending Efforts for Location

The following resolutions were passed at the last meeting of the Commercial club of Dallas relative to the Texas Presbyterian university and its location. The plan of the university and what it proposes to do were presented by Rev. W. H. Claggett of Dallas, president of the board of trustees of the new institution and after hearing Mr. Claggett's address the following resolutions were drawn up and unanimously adopted:

"Resolved, I. That we express to the trustees of the Texas Presbyterian university and the citizens of Grand Prairie and Arlington the pleasure with which we learned of the movement to locate the Texas Presbyterian university between the two cities of Fort Worth and Dallas, and that we most heartily approve of the same as being the most desirable location for this splendid institution that can be secured in the state.

"2. That we heartily approve the plan outlined to raise the necessary funds to secure this location of the university. We recommend the plan to our citizens as prudent and safe. If carried out as proposed, it will not only secure for the twin cities of Fort Worth and Dallas what is expected to be one of the finest institutions of the land, but a suburban village that will be a source of pride, not only to these two cities and the state of Texas, but to the entire Southwest. We pledge ourselves to give to those in charge of the carrying out of the plan all the encouragement and support in our power.

"3. That as to which of the different places between Dallas and Fort Worth that may be offered for the university, we feel that the selection of the particular site can be safely left to the judgment of the trustees of the university and those who shall be associated with them, merely suggesting that it be as near midway between the two cities as the available sites and a due regard for topography of the land and the possibility of beautifying the same will permit. Whatever site may be selected, we earnestly urge all the parties interested and the citizens of Dallas to unite heartily in carrying out the plan proposed that we may secure for our city the advantages of this magnificent institution.

"4. That we appoint a committee of five as requested by the building committee of the university to advise with said building committee, both in the selection of the location and the bringing of the matter before the people of Dallas, and that this committee be empowered to call a mass meeting in the name of the club for this purpose at any time if such meeting shall seem wise in its judgment.

"5. That we cordially invite the board of trade of Fort Worth to join with us in this effort to secure the location of the university between the two cities and request that body to appoint a similar committee to act with the committee appointed by this club."

At the last meeting of the Fort Worth board of trade the matter of locating the university was presented but was not acted upon.

A Startling Surprise.
Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50 cts. at Guthrie & Guthrie's drug store, 502 Main street.

Kodol Dyspepsia Cure

Digests what you Eat
The agony you suffer after eating, that feeling of fullness, flatulence (wind on the stomach) and belching is caused by decay of undigested food which forms a gas that distends the walls of the stomach and exerts a pressure against all the internal organs. The eating of more food forces out part of this gas and causes belching. Just take a little KODOL DYSPEPSIA CURE. It will relieve you at once. It never fails to permanently cure the worst cases of indigestion and dyspepsia. I suffered untold pains from indigestion which were always worse after eating. Two bottles of KODOL DYSPEPSIA CURE made me a well man and life now seems worth living. Peter Sherman, No. Stratford, N. H."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. A SHAKING UP AT THE COURT HOUSE

At the Tarrant county court house and county jail on or about the 17th of October, maybe before, there'll be a change in housekeepers all around, and you'll salute and be saluted by quite a retinue of new faces in old places and in old faces in new places.

It all comes about by the "will of the people," as expressed in the very outside, top-sided, light weight election held last Tuesday.

For instance, in the treasurer's office, surveyor's and county superintendent's offices there'll be no changes, except in the smile, which will be of the undisturbed style of architecture. But in the other offices:

District clerk, J. A. Martin, leading man; John C. Braun and George C. Ward, deputies. Others to be appointed later.

County clerk, Robert L. Rogers, heavy man with M. R. Chilcutt as high man out and Walter G. King cupid clerk and filing man; Warren Henderson as chief mogul in the county court department (upstairs); Prof. John C. Woodson, John Pruitt of Keller, Eugene Yancey of Grapevine, Lon Beavers of Mansfield and Mrs. J. Morgan Wells of Fort Worth. Other appointments later.

Tax collector's office, John W. Walker, presiding, Knox W. Anderson and W. E. Elliott, assistants.

Tax assessor, W. L. Sweet, chief and R. L. Lilly, assistant.

Sheriff's office, printed yesterday in The Telegram, but here goes again: John T. Honea, high sheriff; Geo. W. Akers, not so high, but mos', being chief deputy; John W. Roy, manager Honea hotel (county jail), with other cannon bearers as follows: H. P. Scott, W. P. Royston, J. J. Marcum, Thomas Jackson, W. H. Roark, J. H. Carter, C. E. Parsley, R. S. Purvis, Walter Pritchard and H. M. Mayfield.

County attorney's office, (no changes). O. S. Lattimore, chief "persecutor," at the bat, with R. H. Buck, Frank Bouldin and Jordan Cummings filling the bases, each of whom covers extensive area around the bag—they'll greet you with the same old smile—though an effort was made by "Fort Worth" to have them "Dodge" the issues.

County judge, R. F. Milam. In the basement, where justice commences, you'll be greeted by one new face, that of Charley Rowland. John L. Terrell was not molested.

Then there is the "high sheriff on the ground floor," Tom Williams, constable. Tom has not announced his deputies yet.

COTTON MILL PROSPECTS PLEASED KANSAS CITY

(Special to The Telegram.) KANSAS CITY, Nov. 6.—The committee of Kansas City business men who left here a week ago Saturday to investigate cotton mills in the Southern states returned yesterday morning, delighted with the trip. They investigated mills in Birmingham and Cordova, Ala.; Greenville, Pelzer and Columbia, S. C.; and Atlanta, Ga. They looked into every process in the milling operations, even to the bleacheries and print shops, and declare that they see a great opening for a mill here in all respects.

The mills they saw were established some as early as 1850, but most were started lately. While some use water power, steam does better. Operatives range in age from 12 years up, and are of good reputation and necessarily skilled. The mills contained from 27,000 to 110,000 spindles. They draw their supplies partly from their immediate vicinity, but also from the Western cotton states, such as Texas, Arkansas and Oklahoma, where the best staple grows, as determined by fibre length. This is the territory from whence Kansas City would get its supplies, and it is asserted that thus Kansas City would be nearest the finest cotton growing region in the United States.

In all cases, it was found that the mill had vastly helped the town in which it operated. Railroad facilities are of great benefit to the mills, and in this respect Kansas City would outdo any of them.

The committee, which accompanied Witten McDonald, who organized the party, was composed of many prominent men of the city and representatives of the Manufacturers' association. They will report on their trip to their various organizations in the near future.

FRISCO IN CONTROL OF ST. LOUIS CAPITALISTS

(By Associated Press.) NEW YORK, Nov. 6.—James Campbell of St. Louis, and B. F. Yoakum, president of the St. Louis and San Francisco railroad, have completed a deal with the banking house of J. & W. Seligman & Co., whereby the stock represented by the banking house has passed into the hands of a pool, of which Messrs. Campbell and Yoakum are the active agents.

The deal involves the purchase of a large block of common stock of the Frisco and its successful termination, it is stated, places the property in the absolute control of St. Louis capitalists.

The annual election will be held November 10, when several changes in the directorate are expected to occur.

HAVE YOU ANY OF THESE Symptoms of a Very Common Trouble?

There is no disease so common in the United States as Catarrh because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located is accompanied by abnormal secretions, is catarrh. Catarrh of stomach or bladder, or intestines is nearly as common as nasal catarrh and much more serious, although it is true that stomach catarrh and catarrh of other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared which so far as tested seems to be remarkably effective in promptly curing catarrh, wherever located. The preparation is sold by druggists generally under name of Stuart's Catarrh Tablets, and in addition to being very palatable and convenient, possesses extraordinary merit, in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which everyone is familiar who has ever suffered from cold in the head and throat.

Catarrh is simply a continuation of these symptoms until the trouble becomes chronic and grows gradually worse from year to year.

Stuart's Catarrh Tablets, are composed of Hydrastin, Red Gum and similar antiseptics and catarrh specifics, from which it will be seen that no secret is made of the ingredients and also that no mineral poisons are used, as is the case with many well known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets.

All druggists sell them at 50c for full sized package. You can use them with assurance that you will not contract the cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.

A POLICEMAN'S TESTIMONY. J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and I took two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by Reeves' Pharmacy, Ward Pharmacy and Arlington Drug Co.

BUSINESS VISITORS ARE PRINCIPALS

JUDGE STEWART CITES AN IMPORTANT FACT CONCERNING THEM

They Are Not Mere Agents of Capitalists, But Are the Capitalists Themselves—As Such They Can Do Wonders for State of Texas

In a letter reviewing the importance of properly receiving and entertaining the distinguished party of business men from Chicago which will arrive here tomorrow morning, Judge W. W. Stewart has the following to say of the personnel of the visitors and of his acquaintance with them and the city they come from:

Judge Stewart's Letter From 1846 to 1890 I was also a citizen of Chicago and the great state of Illinois, and I well remember very many of the names published in your papers, of the gentlemen composing the "Chicago delegation," who are now with us in Texas, and who on the morrow will be our honored guests here.

I personally know quite a number of them and do well remember the great firms and business corporations and interests in which they are engaged as principals, partners and stockholders—not simply agents and representatives.

These gentlemen and visitors have been prominent in all business circles and affairs in Chicago for the last 50 years, and many of them are natives of that imperial city, and have been identified with the great firms and business houses, and it is no exaggeration of fact to say that they do and can command hundreds of millions of capital.

Not only this, but this delegation also represents that dominant spirit of energy and push that is characteristic of Chicago, and has made her the marvel and wonder of the new world.

In 1837 Chicago was chartered with a meager population of 4170 souls. Today she is the second city on the American continent, and has recorded over 2,000,000 names in her city directory, each and all of whom go to swell that far-famed, memorable band of "Chicago rustlers."

Fellow citizens, we in Fort Worth—the Chicago of Texas—have recently invited and induced a few of these famous "rustlers" to come with us and help us to make our city the "Chicago of the Southwest." They are here now, with their brains, energy, their quick business sagacity and their hundreds of trained employes and accomplished assistants, spending millions of money in our city and state to and for this great end.

The Armours, Swifts, Kings, Hoxies and others now here, are the life-long business associates, acquaintances, friends and neighbors of these, our "visiting delegates," from the older Chicago of the North—they, too, are here for investigation, observation, acquaintance and business. Let it be our personal, individual, official and municipal pleasure to afford them ready and ample opportunity in all these lines. W. W. STEWART.

H. Brann's New Offer

Between now and New Year we will give you with every dollar's worth of Green River whisky one premium ticket. Five of these tickets will entitle you to one of those pretty combination lock purses, worth 50c, or you may get a quart bottle of choice sweet wine, worth 50c, or a dozen nickel cigars, worth 50c.

The price of Green River whisky remains the same, viz: \$3.50 per gallon, \$1.00 per quart, delivered to your house in Fort Worth; and the quality and age of this whisky remains the same. We positively guarantee the Green River whisky, when bottled by us, to be absolutely pure and free from adulteration. Your money back if you are not satisfied. Since four years the United States government buys the Green River whisky for exclusive use in all navy hospitals. This speaks volumes for its excellent quality. There is not a headache in a hundred barrels of Green River. For sale at either of our liquor houses: 108 and 110 Main street, or 1415 Main street. H. BRANN & CO.

THE SCHOOL BOARD IN SESSION YESTERDAY

RESIGNATIONS AND APPOINTMENTS AND PAY ROLL LOOKED AFTER

The members of the board of city school trustees met in regular monthly session late yesterday afternoon, and disposed of routine matters, and some special matters.

Miscellaneous bills were allowed, as well as the October pay roll, the latter amounting to \$7,100.

A communication from a number of the teachers regarding salaries, in the nature of a complaint, was read and referred to the superintendent and chairman of the committee on teachers and salaries.

The principal of the High school was authorized to arrange with some one to serve hot lunch at the High school. It was suggested that some needy widow be given the privilege. Many of the children purchase lunch from nearby stands, and it was thought advisable to have these accommodations in the building during the winter months.

J. F. McDonald, principal of the Ninth ward school, addressed a communication to the board to the effect that the students and principal had partly erected a fence around the school grounds and asked that the board pay the balance due. The communication and account was received and filed.

The committee on teachers recommended that Miss Dena Davis be appointed teacher in the Third ward school to fill a vacancy caused by the resignation of Miss Emma Buck. The committee also recommended Misses Barton and Bessie Gaskill for substitute teachers. The committee's report was adopted.

Other matters of a minor nature were informally discussed, but the foregoing is about the only official action taken.

Herbert Butler, Violinist

The musical event of the week is one of the Hall-Butler concerts at the city hall Saturday night. Of Herbert Butler the Omaha World-Herald says: "His interpretation of the Bach Chaconne was a revelation of power. This has been attempted in Omaha by only one other artist, Ysaye, and Butler's rendering of the difficult number compared favorably with that virtuoso. It is one of the great tests of violin playing. In it Mr. Butler's bowing was phenomenal."

People, very many people, judge of goods by the advertisements which exploit them.

It is not only that they expect the goods to be precisely as claimed and at the prices offered; but they also determine in their minds whether the promise of the advertisement is likely to be fulfilled.

It is a matter of satisfaction that Tarrant county, considering its population, is below the general average; and it is equally satisfactory that the number of convictions in this county approaches closely the number of indictments.

THE IDLER'S NOTE BOOK

I went to the show the other night. It was a pleasing play, but I had a poor seat.

At the first, during the overture, my hair began to rise and between the acts it tried to climb off the top of my head.

It is because you sit so near the orchestra that the music makes your hair fall out. At least it did mine.

Now I wear a wig and attend only minstrel shows during which the orchestra does not play.

The Dickey bird row isn't a Fort Worth institution. They have 'em other places, but that doesn't signify.

There is one nice thing about cheap shows. There is no Dickey bird row on the front steps between the acts.

At the play I like him best, because he always says the least.

That poor unfortunate, condemned by cruel fates To wait without while others tarry at the feast,

And enter but to say, "My lord, the carriage waits."

Did You Ever? This isn't for everybody to read, but say, did you ever at a show, when the hero had the heroine in his many arms, and was saying his little piece full of passion and thrilling emotion,

A Needless Remark She folded her hands, and with curly head Bent at her mother's knee,

Then lifting her eyes to her mother's face, In innocent wonder she said: "Mamma, why does I say 'I lay me down'?"

THE CAREER OF TOM HORN

WAS WELL KNOWN AS A BAD MAN IN SOUTHWEST

His Sentence to Death For Murder at Cheyenne, Wyoming, Will Rid the Frontier of One of its Picturesque Characters

Tom Horn, charged with being a hired assassin, and convicted of murder in the first degree in Cheyenne, Wyoming, last week, was putting notches in his gun when first heard of in the Southwest years ago when he was not much more than a boy.

The trial of Captain Nevins for defalcation and gross misconduct is the sensation of the army post where are stationed Captain Loring of the engineer corps and Lieutenant Blake, his friend.

A Woman in His Next Affair. A woman was the cause of the death of his second victim. It occurred near Phoenix, Arizona.

At the play I like him best, because he always says the least.

That poor unfortunate, condemned by cruel fates To wait without while others tarry at the feast,

And enter but to say, "My lord, the carriage waits."

A WOUNDED NAME

By BRIG. GEN. CHAS. KING, U.S.A.

"Thank you, general. Anything else, sir?"

The general stood and could think of nothing. "I believe not," he replied, "unless—however, never mind; I won't detain you."

"Good day, sir," said Loring, and marched quickly away to the room of the aid-de-camp. Petty was not there.

"Petty isn't about anywhere this morning. He was out late last night. I expect him every moment."

Then Loring shut the door and left. He had many an hour later in which to think over his final interview with the aid.

While he confronts her, the troop is suddenly attacked and before Blake can prevent Loring is surrounded, struck unconscious and wounded.

He learns that a valuable package has been placed in the safe of the ship under care of the purser, Traynor, and while permitted to see it, cannot but guess that it contains the missing valuables of Captain Nevins.

And so it resulted that when Walter Loring steamed away southward on the long run for the States he left behind an unsettled fight, three or four aggrieved officials—aggrieved because of him or his affairs and their mismanagement of both—and one inveterate enemy.

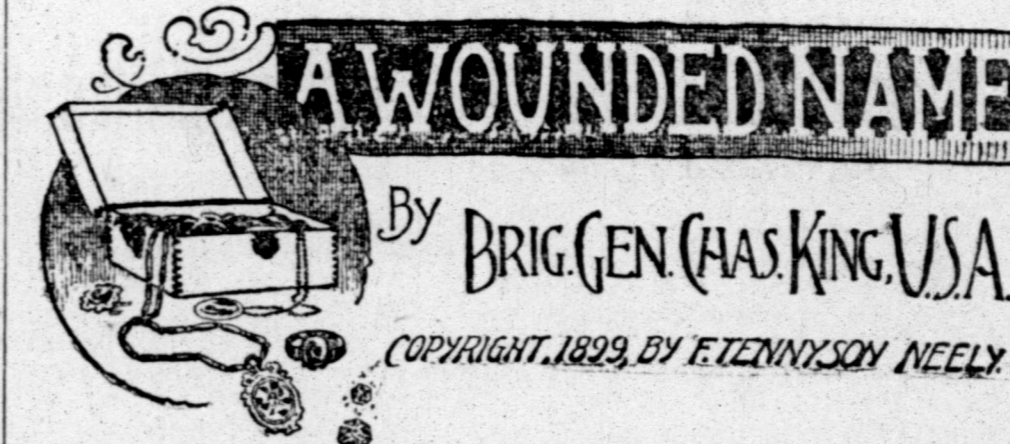

And indeed Burleigh's face when he came forth to start for the Platte was a grewsome sight. He looked, said the unfeeling linesman, after he'd gone, as though he'd seen more Indians. An hour later a soldier servant handed the major an envelope.

"Why, do you think you know that hand?" asked the major curiously. Loring handed it back, hesitated a moment, nodded, but said no word.

perior and took his leave, Panoha standing silent at the window until the door had closed behind him. Another day and he was looking back along the sparkling wake of the crowded steamer, thinking how beautiful the ocean seemed to him only a few weeks earlier.

With sudden effort, he seized both her hands in his.

dians, but Lieutenant Dean had no vote, and Loring no further responsibility. He could make his remonstrance when he got to Omaha, which would probably be too late. On that homeward way he saw enough of Burleigh to convince him he was a coward, for the major collapsed under the seat of the ambulance at the first sign of the Sioux.

Then there came an episode that filled Loring with sudden interest in this new yet undesirable acquaintance. Men get to know each other better in a week in the Indian country than in a decade in town.

"You know I have no little sister," he went on. She did. She had learned all this and much more aboard ship and remembered every word he had told her, very much more than he remembered.

"How I wish I had known you there at—the Gila, Panoha!" he managed to say in slow, stumbling Spanish. "Do you know we made a great mistake, Mr. Blake and I?"

She did not wish to know. Two little hands went up imploringly, the dark head drooped lower still, the slender, girlish form was surely trembling. "What allied the child? It was time to go, yet he lingered. He felt a longing to take her hands again, clasped in each other now and hanging listless as she leaned against the window casing.

He could not but deprecate the conduct of Mr. Loring's friends in Washington, and might find it necessary to appeal to the president for justice. Meantime, however, he desired Mr. Loring to know that no personal consideration had actuated his conduct.

Mr. Loring stood in civilian dress and soldierly attitude, hat in hand, an attentive listener, never interposing a word or hazarding a remark. When the general stopped, the lieutenant remained silent and standing. The general looked perturbed, baffled and glared, as much as to say, "Why the devil don't you speak?"

"Yes, I must go, Panoha. We won't say goodbye, will we? It is until tomorrow—hasta la mañana. You know we always come again to California. You'll be quite a woman then, though."

"Well, I won't detain you. I—I wish you well, Mr. Loring, and—good-bye voyage!" And the general strove to smile.

HOW BONNER WON SUCCESS
The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.
He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.
From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.
Conservative publishers, joggling along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.
Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.
The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

PLASTERERS WILL RETURN TO WORK

ARBITRATION PREVENTS STRIKE INVOLVING THOUSANDS OF MEN

(By Associated Press.) NEW YORK, Nov. 6.—By an agreement just reached between committees the plasterers who have been on strike all over the city since October 21 will return to work today at the union wages of \$5.00 a day, pending the settlement of the points in dispute by arbitration. Both sides are pledged to abide by the decision of the arbitrators, who will be the members of the two committees. This action averts a threatened general sympathetic strike of 75,000 men in the building trades.

ANNAPOLIS COURSE IS CUT "Middies" Will Spend Three Years at Academy Instead of Four

(Special to The Telegram.) ANNAPOLIS, Md., Nov. 6.—Orders were received at the naval academy today reducing the course of midshipmen from four years to three. The order is for an indefinite period. The change in the curriculum is made necessary by the pressing need for naval officers. The present first class, which would have been graduated in June, 1903, will be graduated in February of that year, and the class of 1904 will be graduated in February instead of June, 1904. The present third class, 1905, will be graduated in June, 1904. WASHINGTON, Nov. 6.—The order issued by the navy department decreasing the academic course at the naval academy from four to three years, beginning with the present third class, which will graduate in June, 1904, does not reduce the statutory length of service of a midshipman. By law the course of instruction of a "middy" is six years, two years of which have heretofore been spent at sea. The new order contemplates a three years' course at the academy and three years at sea. The shortening of the academic course has resulted in a considerable rearrangement of the curriculum for the purpose of crowding the advance studies into a three-year course.

WOMAN WINS THE HONORS Carries Off First Prize in the Beagle Trials

(By Associated Press.) NEW YORK, Nov. 6.—For the first time in the history of Beagle trials in America, a woman has carried off the honors. In the annual hunt of the National Beagle association, now being held on the Long Island estate of Wm. C. Whitney, Mrs. Theodore Hauser, of Chicago, handled her dog Canadian Clyde against Clarence Morse's "Fan. The two romped all over Mr. Whitney's flower beds and lawns in their contest, but Mrs. Hauser's Clyde easily asserted his superiority at times.

(By Associated Press.) WASHINGTON, Nov. 6.—The annual report of Gen. Miles is brief. It reviews the reports submitted to him by other officers. He endorses the recommendation of General Brooke for the readjustment of geographical limits of different departments in view of equalizing conditions, and calls attention to the necessity of shelter for the artillery which is exposed to severe climate along the coasts. He says the condition of the Indians is satisfactory and that no disturbance has occurred during the past year.

A MEXICAN PORT IS SINKING City of Ocos, on the Pacific Coast, Disappearing in the Sea

(Special to The Telegram.) OAXACA, Mexico, Nov. 6.—The seaport of Ocos, situated on the Pacific coast of the state of Chiapas, has almost completely disappeared into the sea. At one time Ocos was one of the principal ports of Mexico. It is on a beautiful harbor. A magnificent iron wharf and splendid custom house and other public buildings were constructed. The bottom of the sea and harbor and that part of the coast have been sinking since the severe earthquake shocks of last April and the wharf, government building and nearly all the business part of the town are now under water.

THE FIRST WITNESS WAS HEARD

JURY SECURED IN THE F. M. JOHNSON MURDER CASE

SAID HE WAS NOT GUILTY

Verdict for Defendant in the Seventeenth—Doings in the Federal Court—Setting of Criminal Cases

The F. M. Johnson murder case went to trial in the Forty-eighth district court at 2 p. m. today. The case was taken up yesterday, and it was noon today when the last juror was sworn in.

Johnson is charged with killing J. P. Robinson in this city about six weeks or two months ago, and in open court today pleaded not guilty. The first witness on the stand was a gardener named Riley and who was present when the shooting occurred.

Following is the personnel of the jury: J. M. Ellis, J. P. Perkins, Frank Sashly, R. E. Morris, J. T. Pulliam, A. A. Bridges, J. M. Huber, D. C. Harris, W. I. Singleton, W. H. McKinney, W. J. Tackaberry, G. E. Estus. M. R. Chilcutt was today sworn in as deputy district clerk, and is serving in the Forty-eighth, pending J. A. Martin's qualification, and pending his going in as chief deputy in the county clerk's office.

In the Seventeenth In the Seventeenth district court the case of Kerr vs. the Southwestern Telephone and Telegraph company, damages; a verdict was returned for the defendant company. All other cases for the week were continued.

In the County Court In the county court the criminal docket is being disposed of. This morning there were three or four dismissals without trial in theft charges; James Hafferty was declared not guilty of theft, and James Gould was declared not guilty of aggravated assault.

Marriage Licenses Robert W. Alford and Miss Mary Castle. W. P. Garrison and Miss Bessie Stacey. Justice Terrell united this couple in marriage in the county clerk's office.

In Federal Court The case of Sarah A. Dove vs. G. N. McGee et al., trespass to try title, is now on trial in the United States district court. This case was originally filed May 5, 1900.

One case was dismissed by agreement, that of Sophie C. Woods vs. the Texas and Pacific Railway company, damages. In this case transcript from Tarrant county was filed Nov. 26, 1900.

In the case of A. H. Barber vs. D. G. Galbraith, debt; plaintiff was given leave to amend. The original petition was filed on Nov. 12, 1901.

RAILROAD NOTES AND PER-SONALS

The Katy is expecting to receive soon a number of large engines for use on the passenger runs between Denison and St. Louis. Orders for the engines were placed about one year ago, and the first received will be used between Hillsboro and Waco. It is announced that the Pennsylvania system, unable to handle its traffic with the 3,000 engines it now owns, has leased a large number of additional ones to help it out of the difficulty. The Southern railway's new mail flyer from New York to New Orleans, beat its schedule fifteen minutes on the initial run this week. The distance, 1,374 miles, was covered in thirty-three hours and five minutes, and New York morning papers are now on sale in New Orleans early in the afternoon of the next day. Major J. C. W. M. REA A CANDIDATE

Announces for Re-Election to the Office of Chief of Police for Fort Worth

William M. Rea has announced for re-election to the office of City Marshal of the City of Fort Worth. Chief Rea certainly needs no introduction to the voters of this city. He is of and for Fort Worth. He has served the people faithfully and efficiently for three terms, ending with this, and for two terms during the 80s. Hence, with this record, and because of this record, he is unquestionably peculiarly fitted for the place. His record here is known to the people. His honesty and integrity is unquestioned. His knowledge of criminals is recognized by the State Association of Police Chiefs and City Marshals, for it has elected him its president for three years without opposition. He is also a member of the National Association of Police Chiefs, and is personally known and is in touch with every member. He has made a study of the habits and lives of criminals, and has made a record of which his friends are proud, and which is second to no other chief in all of Texas. Chief Rea has made a brilliant record in the capture and turning over to justice some of the smoothest confidence men that have ever infested the state.

Aside from all this, Chief Rea is a gentleman, kind, yet determined, requiring the strictest discipline among his men, all of whom respect and obey him. He is an officer, a leader and a director of officers, and there is no man who is better qualified to fill so important an office than he is. He solicits the votes of the voters.

NOVELTY IN HOLIDAY RATES

Roads This Year Adopt New Plan to Secure Increased Business The Frisco announces dates of sale for holiday rate tickets this year as December 15, 17, 21, 22, 23, 26 at a rate of one fare plus \$2 with a limit of thirty days. Sales on December 15, 17 and 26 are a new departure and are expected to prove popular in many respects. Sale of tickets will be for points in the southwest as in former years and to Arkansas, Kansas, Nebraska, North and South Dakota, Iowa, Minnesota, Wisconsin and Illinois. A change in the manner of through cars is noted this year and they will be run only to the three gateways, Memphis, Shreveport and New Orleans. Formerly they were run to points beyond but this caused trouble in securing and handling cars so the custom was abandoned this year. This action is the result of a meeting held in Dallas by representatives of Texas roads this week.
