## ROOSEVELT TO STAND AS THE CHAMPION OF THE BLACK MAN

IS WILLING TO RISE OR FALL ON THAT ISSUE

### HOT FIGHT WITH THE SOUTH

Indications Are That The President Is About to Enter a Political Mix-up That Will Make All Previous Ones Look Diminutive — His Intention Is to Cut Down Southern Representation in Congress and Also in Republican Party Councils — His Course Will Be Resisted by Southerners In-terest in Politics

(Special to The Telegram.) WASHINGTON, Nov. 10.—The statement is made here on the authority of persons closely identified with the administration that it is the purpose of the president and his advisers to attempt, during the coming session of congress, and during the first session of the twenty-first congress, which will open in January, to bring about the removal of a number of the representatives of the Southern states, not only in the lower house of congress, but in the national conventions of the Republican party. Heretofore this movement has been headed by such men as Representative Crumpacker of Indiana and Postmaster General Payne, but now it is said that the president himself will appear as the leader of the fight.

Of the 125 congressional districts in the Southern states only four were captured by the Republicans last Tuesday, two in Tennessee, one in Missouri and one in Kentucky. This has naturally angered the Republican leaders and they are now planning revenge. Statement Given Out. The following statement was given out today: "The Republican party in the South, if it is to have a material influence in party councils in the future, must establish its claim to recognition by a thorough reorganization, accompanied by results at the polls. The president is determined that the party in the Southern states shall become something more than a close corporation for the peddling of Federal patronage. The president and his advisers will revise the representation from the Southern states, basing it upon the number of votes cast by the party in each state."

That this attitude of the administration will be resented by Southern people, practically without regard to politics, is not doubted here, and it is freely predicted that a contest of unusual bitterness will be in evidence should the president really try to carry out the plan he is said to have formulated.

As New York Hears It. NEW YORK, Nov. 10.—The sentiment among Democrats and Republicans is that if the president follows the plan he has outlined to cut down the representation of the South in congress and in the Republican national convention, he will stir up the hottest fight he has ever engaged in. That Roosevelt has been led into the plan by Postmaster General Payne is believed here. It has long been a pet object of that Wisconsin politician. The president is disgusted with the actions and achievements or rather the lack of achievements of the Southern Republicans, and in this state of mind he was a willing listener to Payne's suggestions. Payne has gathered a lot of facts about discreditable deals in which the leaders of Southern Republicans have engaged, particularly the sale of delegates to vote for McKinley in 1896 when Hanna engineered the purchase. He also will show that the Southern Republicans are not politicians in that they will not stay bought.

Disgusted With Southern Republicans. The administration has tired of distributing patronage to a lot of political pirates in the South who are clamorous for office, but do nothing to add to the strength of party or the prestige of the administration, and the president has been disgusted with the constant bickerings between these pirates who carry their troubles to him and hint that unless they get recognition he will suffer in the next national convention.

That the president may be able to cut down the South's representation in the Republican national convention is probable, but it is predicted he will meet with crushing defeat when he tries to reduce the South's congressional delegation. Roosevelt holds that the negro has no representation in congress today and that the Southern white man under the present apportionment practically has a vote in the power in congress of a voter in the North.

The Booker Washington Incident. The bitter criticism to which he was subjected for having Booker T. Washington as his guest in the White House only accentuated his feelings on this question, and he is understood to be perfectly willing to stand or fall as the "champion of the black man." He believes the race question, political and otherwise, has to be settled and settled sooner the better. He does not think Southern Republican leaders have any further interest in the negro than to use him for political advantage, and he means to teach a lesson to those leaders which they will not forget.

As the president sees it the Republican party has nothing to lose and

everything to gain by the course he has mapped out, but he has proposed it this far without a full understanding of the antagonism his plan will arouse, not only in Democratic ranks North and South, but in Republican ranks in the North.

### TO TEST STRENGTH OF AMERICAN ZIONISTS

NEW YORK, Nov. 10.—To test the strength of the federation of American Zionists in this city and throughout the country, a collection of twenty-five cents on what will be known as "Shabbat" has been taken up in every Jewish congregation. The payment of this small sum of money which in the aggregate will amount to millions of dollars entitles the contributor to become an enrolled voter in the Zionist party. The "Shabbat" or certificate of enrollment permits the holder, if 18, to vote for a delegate, and if a payer of two years standing and 24 years old he is eligible to election as a delegate to the Zionist congress.

LONDON, Nov. 10.—The Chamber of Mines, says a dispatch from Johannesburg, has agreed to the proposal that higher wages be paid to natives employed in the mines, the average being fixed at \$12.50 a month. TO SAVE REPUBLICAN PARTY PLATT SACRIFICES HIMSELF  
NEW YORK, Nov. 10.—Senator Platt declares he has not released his hold on the state leadership. "The fact is that if I should retire from the leadership, a great many indescribable things might happen," he said. "The figures of last Tuesday's vote are interesting to look at, and my great desire is to promote the ascendancy of the Republican party and its policies. For that reason, as much as any other, I shall continue in the leadership and I shall probably consent to return to the senate." The Republican victory in New York state and the continuation of Republican control of the house of representatives are due largely to the work of President Roosevelt, said the senator. "His renomination is a certainty unless, of course, he should do something terrible, which is not likely. My judgment is that our losses in congress will bring Republicans closer together and will renew their loyalty to the present tariff policy."

## CLOSING SCENES IN THE TRIAL

SECOND EDITION OF THE MOLI-NEUX CASE ABOUT AT END TODAY

### MAY REACH VERDICT TODAY

The Court Room Literally Packed By Women, and Adjoining Rooms Even Occupied—Both Sides Are Confident, the Defense Claiming That at Least a Disagreement Will Result

(By Associated Press.) NEW YORK, Nov. 10.—Court opened today upon the closing scenes of the second trial of Roland B. Molineux for the murder of Mrs. Adams. An hour before the time of opening the corridors, the criminal court building was a solid mass of humanity, mostly women, all struggling to obtain admission.

A special squad of police was on duty to reinforce the court squad. Even the justice's chamber and the bench were occupied by thirty women. District Attorney Osborne called Mr. Eoyal, former Governor Black, vigorously objected. He said the case was closed so far as the taking of testimony was concerned. A long conference was held between the counsel and Justice Lambert.

### May Reach Verdict Today

There is a possibility that a verdict in the case may be reached today. It, however, Assistant District Attorney Osborne does not conclude his summing up before night, then Justice Lambert will charge the jury tomorrow morning. In such an event a verdict is not expected before tomorrow afternoon.

Molineux and his counsel are certain that the trial will result in acquittal. Mr. Osborne and his assistants say they have made out a strong case, and that if Molineux is not convicted there will be a disagreement.

Evail did not testify. The summing up was begun today. Mr. Black, for the defense, said: "There was a crime and there was a motive and the motive points to Harry Cornish." He said his client was innocent.

## MADE A WOMAN MOVE HER RANCH

COLORADO STOCKMEN ARE AGAINST ANGORA GOAT RAISING

### ATTACK HERDERS OF THEM

Bind Them and Kill Off All the Young Kids — The Proprietor of the Ranch Compelled to Ship the Remaining Herds to Missouri Where She Will Raise Them.

(Special to The Telegram.) KANSAS CITY, Nov. 10.—Having found it impossible on account of the opposition of the cattlemen to continue the raising of Angora goats in Colorado, Mrs. Nancy B. Irving, of Grand Junction, Colo., has decided to take up that business in Missouri. She can find the proper kind of land available. Mrs. Irving came to Kansas City yesterday with two loads of goats which she sold at the stock yards. She will go to Cuba, Mo., in a few days to look for land for her proposed goat ranch. She is at the Stock hotel at the stock yards.

A small stock company, headed by Mrs. Irving, owns two ranches in Colorado near Grand Junction, which is supposed for the company had at one time 1,000 head of Angora goats, in charge of three herders. On the night of July 26, last, eight masked horsemen rode up to the herders' cabin and bound them and their feet. Then they went to the goat corral and killed about 300 Angoras with clubs. One hundred more were driven away and scattered over the country. The raid was made by men in the employ of cattlemen, whose purpose it was to force Mrs. Irving out of the country with her goats.

Cattlemen Said Goats Desired Pasture. The raid had the desired effect, Mrs. Irving sent her remaining Angoras east and sold many of them. She now has about 400 left, which are pastured near Perryville, Mo. The animals she disposed of were bought by farmers in and near Scotland county, Missouri, who keep them for cleaning off brush land and also for the Angora wool they produce.

The cattlemen, Mrs. Irving says, took the raid methods of getting her out of the country because she was practically the only Angora goat owner in that part of the state. She used the public range for her goats as the cattlemen did for their stock, and this angered the cattle raisers. They claimed that the goats, like sheep, destroyed the pasture value of the range for cattle and horses, and, while they had no legal right to the range any more than had Mrs. Irving, they assumed they had, she says, and drove her out.

Mrs. Irving suspected a cattlemen was later killed by another ranchman of being the instigator of the raid. She went to the district attorney, she says, and asked him to assist her in bringing the guilty ones to justice. He said, she asserts, that it would be of no use to try to convict the cattlemen, as public sentiment was with them. Then Mrs. Irving went to the board of commissioners of Mesa county and asked that they assist in securing justice for her. The members of the board, she says, also declined to do anything.

Appealed to the Governor in Va. Then she went to Governor Orman and asked that he offer a reward for the arrest and conviction of the guilty parties. Gov. Orman, she asserts, declined to do so on the ground that he had no funds at his disposal for that purpose. Mrs. Irving next brought criminal proceedings against the cattle company, of which the man she suspected was the head. She says the case will come up at the next term of the circuit court.

"The cattlemen of Colorado have a wrong impression of the Angora goat business," said Mrs. Irving yesterday afternoon. "They confound the goats in the same class with sheep, which is not right. Sheep are grazers; they eat the grass. The cattlemen should not have carried their sheep war into my camp, but they did just the same. I understand the Frisco system is soon to open some fine land for goat raising in the vicinity of Cuba, Mo. I shall go down there in a few days and see what I can do toward securing some of it and entering the goat business on a large scale there. Southwest Missouri, I understand, extends excellent advantages for my business."

Fourteen months ago Mrs. Irving, who was a solicitor for a business house in Chicago, organized a stock company and entered the goat business. She says she has made money rapidly since. The raid of the Colorado cattlemen, she says, while it drove her out of Colorado, will not drive her out of her favorite business—that of raising Angora goats.

These probably will be discarded shortly.

### WATTERSON ENCOURAGED.

The Result of Late Election a Source of Gratification LOUISVILLE, Ky., Nov. 10.—Henry Watterson regards the result of Tuesday's election as a victory for the Democratic party. "The results of the general elections," he says, "offer little ground for surprise by either side, except perhaps in New York, where Coles has lifted the Democracy of the Empire state to its old position of leadership in the nation. "The Republicans may profess elation because they have been able to hold the house with most off-year precedents against them. "But the Democrats have shown that they are in better position for the real measure of forces two years hence than their opponents and they themselves, in the main, suspected. Except in a few localities they have proved that they have come together again; that they have abandoned the rubbish of the past which they once magnified into discussion-breeding issues, and have united again in the common cause of practical Democracy."

### REPORTER'S TRICK THAT FAILED

Once in Vague in America, Attempted by English Newspaper Man

BRUSSELS, Nov. 10.—Thomas J. Minnick, an English newspaper man, sought glory by imitating the old-time American reporter's trick of having himself locked up in a sanitarium to secure a sensation. The doctors, however, "got on" to Thomas, and to teach him a lesson dosed him with vomiting powder. Next he was put on a diet of sour herrings and no water; at night he wasn't allowed to sleep, and when he complained he was told that he had a tumor in his brain and was imagining ill-treatment. He would feel better as soon as the tumor was cut out. When finally the doctors tried to chloroform him and made preparations to operate upon him Thomas disclosed his identity. But the doctors would not let him off. They sent him under guard to the police station, where he was booked as an imposter and for obtaining the county's charity under false pretenses.

### BALLIETT'S SENTENCE STANDS

United States Court Refuses New Trial for "Mining King."

DES MOINES, Ia., Nov. 10.—Judge Munger of the United States district court this morning refused to grant Leisour Balliett, known as the "mining king," a new trial, and summoned him to pay a fine of \$1,000 and to spend one year in the county jail. Balliett was convicted this spring of using the United States mails for fraudulent purposes. In 1900 he purchased what is known as the "White Swan" mine in Baker, Ore., which had been deserted by the original owners, and immediately began to exploit the same and sold stock on the monthly payment plan. It was shown on the witness stand at the time of the trial that over \$150,000 was received by Balliett from small investors from all over the United States. It was also shown that not a dollar was expended upon the mine, although representations were made to the contrary in his advertising matter. Balliett gave notice of an appeal. The case has been tried twice and has cost the government fully \$50,000.

Official statements which are published protest that the Kaiser's visit is quite devoid of political significance, but few people here really believe that the German emperor has come merely to shoot pheasants. London is anxious to greet him. The imperial visitor will, however, remain at Sandringham for a week and then go direct to Louthier castle on a visit to the Earl of Londale, for whom he has an extraordinary attachment.

"The most remarkable dog I know," said an Albany man, "belongs to a neighbor of mine. Some time ago the dog was taught to go to a butcher's shop for a certain cut of beef that my neighbor liked. The butcher was instructed to send 70 cents' worth each time, and so the dog was given a dollar bill, which he took in his mouth and started away on his errand. Invariably the butcher would give the dog the meat and 30 cents in change, and the dog would jog back home contentedly.

"One day the butcher thought he would fool the dog, and so he gave him 20 cents instead of the correct amount. As the dog took the money in his mouth he seemed somewhat mystified. He went off, but it was ten minutes before he returned, followed by a policeman."

## MYSTERIOUS ABSENCE THE CAUSE OF RUMORS

The simultaneous disappearance from the city of George S. Gordon, living on Hemphill street, and a well known man about town, with that of Mrs. Bert Harter who recently came to this city, is the cause for rumors to the effect that they have eloped. That both are gone, is not denied, but verification that they left the city together is lacking. It is stated at police headquarters that the absence of the two is known to the police, but it has not been reported to them for investigation or action.

## MORGAN COULD NOT STOP GOV. VAN SANT

ST. PAUL, Nov. 10.—Had it been generally known that J. J. Hill and J. Pierpont Morgan had attempted to prevent Governor Van Sant of Minnesota from traveling over the railroad belonging to the United States Steel Co., the governor's vote might have been still larger than it was. During the closing days of the campaign it became necessary for the governor to engage a special train over the Iron Range. This road belongs to the Steel Trust. Nothing was said until the day of the start from Duluth, when the governor and his managers made a contract for a special train and paid for it. When J. J. Hill learned what had been done he telegraphed to J. Pierpont Morgan to cancel the contract. As quickly as a return message could be sent came the order countermanding the contract for a special train. But the money had been paid and the railroad officials were compelled to let the train proceed. The result was that Van Sant obtained 10,000 votes on the range towns where he was expected to meet defeat.

## AN ELECTION ON THE NORTH SIDE

### CITIZENS WILL VOTE ON INCORPORATION PROPOSITION

### ARE 2500 OR 3000 VOTERS

If It Carries Will Proceed at Once to Incorporate, Elect a Mayor, Four Aldermen, City Marshal and All Other Necessary Evils.

"It we decide to incorporate tomorrow we will incorporate, and then elect a mayor, aldermen, a city marshal and all other necessary evils," said a Northsider today.

"Who do you mean by 'we,'" asked a bystander.

"Why, 2,500 or 3,000 other good people beside myself," retorted the Northsider, swelling with pride and thumping himself on the chest. "And we'll do it, you can bet," he added.

The North Side will hold an election tomorrow for the purpose of incorporating. There are said to be 2,500 or 3,000 voters in the district described about as follows:

From the city's northern corporate limits down the river east below a bridge to Dozier branch; north about one-third of a mile north of packing house to a bridge; southwest to North Side Main street; south to Marine creek; west, taking in Jim Farmer's place; south one-fourth of a mile, then west to river and down the river to the corporate limits again.

There appears to be no question in the minds of the North Siders but that the proposition will carry.

REPLIES TO THE CHARGES

GENERAL HUGHES QUOTES EXTRACT FROM EPISTLE

A PAMPHLET IN THE CASE

The Burning of Iloilo, It is Said by the Officer, Was the Work of Insurgents, Not of the Eighteenth—Further Defense of the Department

Washington, Nov. 10.—The war department has made public a statement by General R. P. Hughes in reply to charges contained in a letter written by Henry Loomis Nelson in a Boston newspaper August 25, 1902, and which letter is embraced in a pamphlet signed by Charles Francis Adams, Carl Schurz, Edward Barrett Smith and Herbert Welsh, committee, under the title of "Marked Seventies. Secretary Root's Record in the Philippines Warfare."

General Hughes quoted the following extract from the letter: "The Eighteenth regulars marched from Iloilo in the south to Capiz in the north of Panay under orders to burn every town from which they were attacked. The result was they left a strip of land sixty miles wide from one end of the island to the other, over which the traditional crowd could not have down without provisions. That is what burning means, and more. It is not done for the fun of the thing but out of stern necessity."

General Hughes who commanded in Panay at the time says the burning of Iloilo was shown by the official records of the insurgent council to have been the work of the insurgents. He says the troops by "some work, some fighting and much exposure to fire were able to wrench a portion of Iloilo from the flames."

After reviewing the work of the Eighteenth infantry in the province of Panay, General Hughes says: "It has thus been shown that the Eighteenth regiment of regulars had no order to burn all towns from which they were attacked, and that they did not leave a strip of land sixty miles wide from one end of the island to the other over which the traditional crowd could not have down without provisions," but as a matter of fact did leave the country uninjured; the towns and villages intact; the roads improved; bridges rebuilt and the 500,000 natives of the section covered were left in the full enjoyment of their property and rights."

THE KING HAS A BIRTHDAY

Divine Services Attended by the German Emperor Held at Sandringham Church Yesterday

(By Associated Press.) Sandringham, Nov. 10.—The weather Sunday was perfect and mild and the bright sunshine brought crowds of visitors to Sandringham on the chance of seeing Emperor William. The approaches to the church were lined with spectators. Queen Alexandra, the Prince of Wales and Mrs. Chamberlain arrived at the church together. Half an hour later King Edward, Emperor William, Prime Minister Balfour, Colonial Secretary Chamberlain, and other distinguished persons arrived and stood chatting outside. King Edward talked with Mr. Chamberlain for a few minutes, then the emperor of Germany approached and for a quarter of an hour the emperor and Mr. Chamberlain stood apart and conversed earnestly. The service had begun and the anthem had been reached before the royal party entered the church, the king taking the emperor's arm. The bishop of Ripon preached on the possibility of the disappearance of race distinctions and the attaining of the grand brotherhood of man.

The idea is for the South Texas and North Texas leagues to exchange visits during the season.

CASTRO WONT SEND MINISTER TO PARIS

(Special to The Telegram.) Paris, Nov. 10.—Foreign office received official dispatch from Caracas, saying President Castro was unable to send a minister to Paris, owing to the present disturbed condition of Venezuela. Owing to the present revolution in France desired to establish a minister near the scene and recently addressed President Castro suggesting the French minister assume his post when the Venezuelan minister to France was appointed. This answer is regarded as indicating Castro's position is too precarious to warrant any one of prominence accepting the post here.

Binghamton, N. Y., Nov. 10.—Mrs. Enoc Hinck shot and killed her husband at their home, about three miles above Port Dickinson Sunday morning about 4 o'clock. Mrs. Hinck was 53 years old. They had been married 23 years. For some time Hinck has been jealous of a nephew, Frank Hinck, who has boarded at the Hinck home. Saturday Mrs. Hinck and Mr. Hinck and Frank Hinck came to Binghamton. Mrs. Hinck and Frank drove home alone. About 2 o'clock Sunday morning Hinck, who had arrived at some time previously in an intoxicated condition, quarrelled with his wife and made an assault upon her. She ran out of doors in her night dress, barefooted and pursued by her husband, ran down the road. He was armed with a clasp knife. Finally in the darkness, Mrs. Hinck eluded him and going back to the house barricaded her bedroom. Hinck went back and when he tried to open the door to renew the assault, the woman took up a shot gun and pointed it at her husband. It was discharged, the charge entering Hinck's breast just above the heart. He died in a few minutes.

(By Associated Press.) Boston, Nov. 10.—George L. O. Perry, the negro who pawned the watches taken from the murdered woman, Miss Clara A. Morton, and Miss Agnes McPhee, declares that Alan G. Mason is the man from whom he received these articles. Perry was taken to the jail in East Cambridge, where Mason, under arrest on the charge of killing Miss Morton, is confined pending a hearing in the Cambridge court. In one of the jail corridors Perry positively identified Mason as the man who had given him the two watches. Mason, by neither look nor word, betrayed any knowledge of having seen Perry before. A BADGER FIGHT AT SAN ANTONIO

CHICAGO VISITORS ENTERTAINED BY TEXAS SPORTSMEN

GEN. GRANT GREETED THEM

The Entire Party Taken Through the Beautiful Alamo City in Tally-Hos and Swell Rigs of all Descriptions—Fort Sam Houston in the Line of Inspection.

San Antonio, Nov. 10.—The Chicago delegation of business men Sunday spent one of the most enjoyable days thus far experienced in their Texas tour, in Austin in the Alamo city. The weather, which has been hitherto first cold, then rainy, was that of an ideal summer day.

Leaving Austin at 10 o'clock, after an early morning tour of the city by trolley, a stop of half an hour was made at the historic German town New Braunfels, where the most beautiful natural park of Texas is situated.

The San Antonio delegation, headed by President L. J. Hart of the Business Men's club, whose guests the Chicago men are at this point, boarded the train and a fast run was made to this city.

When the special arrived, shortly after 2 o'clock, tallyhos, park breaks and carriages were in waiting and the entire party, which has increased by the addition of railway officials and local delegations to twice its original number, proceeded to take in all the points of interest about San Antonio.

Through the principal business streets the cortege moved, after which a two mile drive brought the visitors to Fort Sam Houston, the military post of the department of Texas. Gen. Fred Grant, the recently appointed commander of the post, surrounded by the officers of his staff, shook the hand of each member of the party and an inspection of the post followed. Then for three hours through Breckenridge park and San Pedro park, Laurel Heights, the latter the fashionable residence portion of the city, and past the innumerable small "plazas" that beautify the city, the drive was continued, the visitors being at length deposited at the Mienger hotel, where dinner was served and where the party was met by Mayor Marshal Hicks. Later in the evening a majority of the guests were conducted to a hall, where they were given an exhibition of the Texas sport of cock fighting, and a contest between a badger and a bull dog.

"Not too bright or good. For human nature's daily food, Homely pleasures, simple joys, Prizes, honors, love, kisses, tears and smiles."

To keep husbands loyal, affectionate and home-loving, wives must be companionable, must have part in the pursuits and pleasures of their mates. Any woman can be simply a wife—the marriage ceremony settles that—but to secure loyal and enduring affection she must be more than a mere wife, she must be a friend, a confidante, a helper. To do this she must be healthy, strong and able to "keep the pace" with him. Her greatest danger lies in her liability to special derangements from which he is exempt. To guard against this the judicious use of G. F. F. is advisable and it would be prudent to associate with a woman who is a friend.

# LABOR LEADER HOLDS INTEREST

JOHN B. LENNON, THE SPEAKER, AT CITY HALL YESTERDAY AFTERNOON

## ENTHUSIASM IS AROUSED

Orator Holds His Audience by Thrilling Description of Organized Labor's Work Throughout the Ages—Mayor Powell Opens the Meeting

For the first time in the history of Texas an executive officer of the American Federation of Labor addressed a mass meeting in the city hall here yesterday. John B. Lennon, treasurer of the American Federation of Labor, was the principal speaker of the afternoon in a union labor mass meeting called by the local unions here. Mr. Lennon is a journeyman tailor by trade and his home in Bloomington, Ill., but his time is altogether devoted to the interest of the Federation.

Mayor Powell said Mayor Powell in his opening address "is the one in which there is a diffusion of wealth, a diffusion of knowledge, and a diffusion of opportunity. To that end, gradually, for over 100 years, has been the trend of the governments of the world."

Mayor Powell, speaking of the recent coal strike, said there were three forces equally interested: First, the coal operator; second, the great mass of organized labor, and third, the citizenship of the United States.

"In my opinion," said the mayor, "organized labor won its greatest victory in the history of the world when under the leadership of John Mitchell. The president of the United States was forced into the matter and compelled to leave its settlement to arbitration."

Continuing, Mayor Powell said, that organized labor will always win under the leadership of such conservative, sound men as Mitchell and Gompers.

At the close of his address Mayor Powell was enthusiastically applauded and various expressions, "He's all right," were heard throughout the audience.

C. H. DuBois C. H. DuBois sang a little skit about a clerk "Who didn't have a union card," and then C. H. DuBois, editor of the Union Banner, made a speech introducing Mr. Lennon. Mr. DuBois outlined the plan for a union labor temple in Fort Worth as described in The Telegram of Sunday morning, and in speaking of the growth that organized labor is expected to enjoy in the coming years, said that "There are about 1800 laboring men in this city who are members of unions. This is about 1-1000 of the total of the whole country. We expect to have 2,500,000 members of unions in the United States by 1903 and to do this, the Fort Worth unions must add 700 members."

"There has been a difficulty in times past because the places of meeting were scattered and it was hard for the committees to find a regular place where they could get together." Mr. DuBois then pointed out the advantages of having a union labor temple and said that F. C. Southern of the Clearmakers' union is going to Houston to attend a meeting of the State Federation of Labor which meets there next Monday. Mr. DuBois said that he hoped the labor unions of Fort Worth could have their project so definitely formed at the close of the coming meeting of the Trades Assembly, Thursday night, that they could send Mr. Southern with an invitation to the Texas State Federation to meet here next November and to dedicate Fort Worth's new temple.

President Charles Reeske of the Tailors' union, sang "Rocked in the Cradle of the Deep," and then John B. Lennon spoke.

# RHEUMATISM

Tortures, Cripples and Deforms.

Rheumatism does not treat all alike. Some suffer torture from the very beginning, the attack being so sudden, sharp and disastrous that they are made helpless cripples in a few days, while others feel only occasional twitches of pain in the muscles of the legs, arms, back or neck; but this treacherous disease is only traveling by slower stages. The acid poisons are all the while accumulating in the blood, and muscles and joints are filling with corroding, acid matter, and when the disease tightens its grip and strikes with full force, no constitution is strong enough to withstand its fearful blows, and its victims are crippled and deformed, or literally worn out by constant pain. Rheumatism is caused by Uric Acid or some other irritating poison in the blood, and this is the cause of every variety and form of this dread disease. External remedies do not reach the blood, consequently do no lasting good.

S. S. S. goes directly into the circulation and attacks the disease itself. The acid poisons that cause the inflammation, soreness and swelling are neutralized and the blood purified and freed of all irritating matter, and nothing is left in the circulation to produce other attacks. S. S. S. being a vegetable remedy does not impair the digestion or general health like alkali and potash remedies, but builds up and invigorates the entire system, and at the same time makes a thorough and permanent cure of Rheumatism.

to secure for Fort Worth, Dallas and Northern Texas an organizer and an orator, or a man combining both, representing the best talent in the Federation, to make more meetings like those of yesterday possible, and to develop among the labor men of the city the ability to address representative gatherings, and to talk convincingly on the subjects which are of vital interest to them.

Buddhists Want the Usual Courtesies

Missionaries Would Like to Travel on Half Fare Given Clergymen of Other Religions

At the regular meeting of the Trans-continental Passenger association to be held in Topeka November 18, the passenger representatives will have to decide the status of Buddhist missionaries when traveling in the United States. The question to be determined is, are Buddhist missionaries entitled to half-rate privileges on the railroads on the ground that they are ministers of the gospel, clergymen, Christian missionaries or religious workers? Application has been made. It is understood, by several of the Buddhist missionaries for clergy certificates, and the employees of the clergy bureau did not know what to do with the applications. Some of the passenger men to whom an appeal was made asserted that the Buddhists are heathens, and instead of being advance guards of civilization, are representatives of the dark ages, and therefore not entitled to any consideration.

It is likely that the coming meeting will decide to make the aggregate annual gatherings of the association three in number instead of four, and provide that the places of meeting shall be selected by a two-thirds vote. Clergy arrangements for 1903 will be under consideration, together with several important matters.

LAST SPIKE WILL BE MADE OF PURE GOLD

Leroy Trice, President of International and Great Northern, Will Drive It When Road Is Finished

(Special to The Telegram.) PALESTINE, Texas, Nov. 10.—Leroy Trice, vice-president and general manager of the International and Great Northern railroad, accompanied by his wife, left last night in his private car, Palestine, for San Antonio, where he goes on railroad business.

The last spike to be driven on the new Fort Worth division of the International railroad will be a pure 14-carat gold spike. It is now on exhibition at a jewelry store here and is attracting much attention. Mr. Trice will drive the spike himself, which will occur about the latter part of this month. A large delegation of officials from here will be present and very impressive ceremonies will be carried out. It is not known just at what exact place the spike will be driven, but wherever the two gangs of track-layers meet, the one coming from Waco and the other from Fort Worth, will be the place.

He was made bishop of Delaware in 1888, being the second to hold that office in a period of 110 years. His predecessor, Rt. Rev. Alfred Lee, D. D., was bishop of Delaware for 50 years and previous to that time, Delaware was in the territory of the bishops of Pennsylvania and of Maryland.

Bishop Coleman received his degree of Doctor of Divinity from Racine college and the degree of Doctor of Laws from Hobart college, having previously taken his Master of Arts degree at Trinity college in Hartford, Conn.

He holds prominent offices in the Church Temperance society and the Parochial Mission society. He is chaplain general of the Society of the War of 1812, in which was both of his grandfathers fought.

Bishop Coleman is also chaplain of the Delaware society of Cincinnati which he regards as one of his most honorable posts. He is Past Grand Prelate of the Grand Encampment of the Knights Templars of the United States and is prominently identified with Masonry.

Aside from his note as a pulpit scholar and orator, Bishop Coleman has become famous on account of his unique manner of spending his vacations. For more than 40 years he has spent his leisure time on long tramping tours through the Black Forest in Germany, over England and in the continent, and in this country, through nearly all the New England States from Maine as far south as Tennessee.

Only a few weeks ago he returned from a 200-mile tramp through North Carolina and Tennessee. He travels incognito and during the 40 years has had wonderful opportunities for studying men in different localities under widely different surroundings, and of forming opinions at close range. By means of these tours, he has secured a wonderful fund of knowledge regarding human nature and being a keen observer and deep thinker, has made good use of the information he has thus acquired.

**CONSTIPATION**

It is surprising how many people there are who allow themselves to become and remain constipated. They apparently do not know that this condition poisons the entire system. Not immediately of course, but after a little time as the poisonous impurities accumulate they attack the vital organs and undermine the constitution. **THE ARIONS' FIRST CONCERT ANNOUNCED**

Arthur Van Eweyk, the soloist, for Tomorrow Night's Opening of the Season at Christian Tabernacle.

A rare treat is in store for those attending the concert of the Arions November 11. Arthur Van Eweyk, the eminent baritone of Berlin, Germany, is the soloist and will sing a number of German lieder and ballads. Mr. Van Eweyk is a Milwaukeean by birth. Twelve years ago he went to Germany and placed himself under the tutelage of Professor Felix Schmidt of the Royal high school at Berlin. In a few years he gained the reputation of being one of the leading baritones in concert and oratorio work on the continent. He has repeatedly sung in all the larger cities of Germany, Austria, Russia, Belgium and Holland.

The Kaiser, having heard Van Eweyk at several oratorio concert performances in Berlin, as well as at a soiree at the palace of the German chancery, Count V. Bulow, honored him with a request to sing at the Royal castle, the occasion being the wedding anniversary of their majesties. Mr. Van Eweyk's first appearance this year in America was in a recital at the Pabst Theater, Milwaukee October 16th. Fully 1,700 people composed the audience, and he received a perfect ovation. St. Louis was the beginning of his tour through Southern cities.

**MEETING TONIGHT OF SONS OF CONFEDERACY**

Necessary That There Be a Good Attendance of Members—Their Assistance Needed by the Daughters

The regular weekly meeting of the Sons of Confederate Veterans will be held tonight at the headquarters of R. E. Lee camp, U. C. V. It is urged that there be a large attendance of the sons. The meetings were changed from Sunday afternoon to Monday night in order to have a larger attendance, and no one should absent themselves purposely.

Aside from other important business to come up for consideration, the question of arranging to aid the Daughters of the Confederacy in their entertainment of the delegates who will be here for the state meeting will come up. There will be a delegation of Daughters present tonight, and something of what will be expected of the sons will be outlined. The Daughters have always responded nobly and cheerfully when either the veterans or sons have called upon them, and now the sons have an opportunity to reciprocate. Reference to an article in another column of today's Telegram will give an idea of the importance of the state meeting of the Daughters. Their meeting this year will be the largest ever held.

**GETTING READY FOR DAUGHTERS**

ANNUAL STATE MEETING U. C. V. TO BE HELD HERE

DECEMBER 2 TO 4 THE DATES

Something of the Program and of Those Who Will Be Here to Enjoy It—Membership of Over Five Thousand in State—Committees at Work

The members of the local chapter of the Daughters of the Confederacy are active in their efforts to have all things ready and waiting for the coming of the Daughters from over the state at the annual state meeting to be held December 2 to 4 inclusive. They expect the largest attendance of any annual meeting yet held.

The program has not yet been perfected, but there will be a reception during their stay given by or under the auspices of the board of trade; the Daughters will give a reception at the residence of W. P. McLean; a membership badge will entitle the wearer to free transportation at all times over any street car in the city. The ladies of the Tabernacle church organization will serve dinner in the basement of the Christian Tabernacle. A membership badge will entitle the wearer to free access to the tables. All others must pay. The visitors will take breakfast and supper at the place at which they stop, or at hotels or restaurants.

The ladies have so far been quite successful in securing homes for the visitors, and an effort will be made to have all as comfortably and conveniently located as possible.

**Sons and Veterans Will Assist**

The Sons and Veterans will offer their services in the effort to properly entertain the visitors.

Mrs. W. P. Lane, chairman of the transportation committee, has been and is now hard at work on the railroads to secure a convention rate. All have agreed to save two, and she is daily expecting a favorable reply from them.

The state meeting was brought here mainly through her work, and the influence she inspired from Fort Worth. She secured invitations from Mayor Powell, the board of trade, Major General Van Zandt of the U. C. V. association, R. E. Lee Camp of veterans and she, from the Daughters, presented these invitations and "spoke to the point," bringing down the house and the state meeting simultaneously. She is daily in receipt of letters from all over the state saying "we are coming," "hold the fort" and so forth.

The local chapter has appointed a committee in each ward to secure homes for the visitors, and they are meeting with much success. However, all those who can possibly do so are urged to help to entertain the visitors.

**Program Arranged**

On Tuesday night, the day of the opening, there will be five minute addresses of welcome from Mayor Powell, on behalf of the city; B. B. Paddock, on behalf of the board of trade; Judge Joe C. Terrell, for the commercial club; Judge R. E. Beckham, for the Confederate Park association; Judge S. T. Greene, for the Texas Division, U. C. V.; Col. R. M. Wynne, for R. E. Lee Camp, U. C. V.

A response will be made by Mrs. Kate Gerald Weaver, Waco, on behalf of the Texas Division of the Daughters.

**Notables Are Invited**

There have been some notable people invited, among them: Major-General K. M. Van Zandt and staff, U. C. V.

T. P. Stone and staff, commander-in-chief Sons.

John M. Adams and staff, Texas Division Sons.

Gen. John B. Gordon.

Gen. George P. Moorman.

Gen. Fitz Hugh Lee.

Gen. W. L. Cabell.

Gen. John M. Reagan and wife, Gov. Joseph D. Sayers.

Gov. S. W. T. Lanham.

War Governor, Frank H. Lubbock.

S. A. Cunningham, editor Confederate Veteran, Nashville, Tenn.

Mrs. Jefferson Davis.

Mrs. Stonewall Jackson.

Mrs. Margaret Howell Jefferson Davis Hayes.

Mrs. John P. Hickman, secretary U. C. V., Nashville.

Senator Joseph Bailey.

The camp of Veterans and camp of Sons, Fort Worth.

There were in all 105 chapters at the last annual meeting, and during the year others have been organized. There is a membership of over 5,000 in the state. Each chapter is entitled to a delegate for each twenty-five members or fraction of twenty-five over seven. Thus it will be seen that there will be over 250 authorized delegates and unquestionably as many more who will come to the session.

The program committee, of which Mrs. C. H. Higby is chairman, has several delightful surprises in store for entertaining during the three days and nights, all of which will be made known through The Telegram in ample time.

It is conceded that this annual session will be the grandest and greatest ever yet held.

**POLICE ROUND-UPS SINCE SATURDAY**

Shortly after 12 o'clock Saturday night Policeman Moore was called to a Main street hotel to arrest a negro bell boy who it was suspected, had stolen \$30 from a lady guest. It is said the boy went to the lady's room to deliver some late mail, and while there got tangled up with the money. He was locked up for further investigation.

Between 12 and 1 o'clock Sunday morning Captain Witcheer locked up a farmer, aged 47, charged with fighting with a negro woman. The woman was arrested, but gave bond. The man, who gave his name as L. W. Frye, could not make bond, so was locked up.

Several drunks and vags were added to the list Sunday and Sunday night.

**A Round Up of Petty Thieves**

There were eight transfers from the city police to the county authorities this morning as a result of Saturday, Sunday and Sunday night's work of

the detectives and police. Much booty has been recovered, too, among the lot being the \$30 stolen at the hotel. The boy suspected of stealing the money gave his name as Will Thompson. It develops he turned the money over to Ed Graham and Ed gave it to Will's mother. The mother secreted the roll under a bridge, and there it was found by the detective force. All three concerned were given quarters at the county jail.

Officer Zimmerman found the lap robe stolen from J. M. Brown's buggy on Saturday night. He found it and Will Davis near Birdville—in fact, he secured two lap robes, valuable ones. Officers Ralston and Howard this morning arrested a trio of youths ranging in years from 15 to 18, and transferred them to the county on charge of theft. The articles stolen included money, watch, jewelry and clothing, most of which was secured at one of the hotels near the court house. They were registered as Fred Sweet, Jim Jones and E. J. Jones.

**WORKMAN LOSES ALL IN BURNING HOME**

With nothing but the clothes he wore last evening, and exactly \$1.05 in money, M. M. Brown, whose household goods at 909 East Seventeenth street, were burned last night, started all over again this morning, to once more earn a home for himself and family. Nothing was saved. Mrs. Brown has only the wrapper she wore when the blaze broke out, and the children were no better, one even losing her shoes and stockings in the fire. The total loss of the house's contents is about \$600, but it represents the family's entire possessions and was protected by no insurance. The fire broke out about 6 o'clock. Mrs. Brown had gone to the home of a neighbor to see a sick child and her husband was preparing supper in the kitchen. A lamp on the kitchen shelf

fell off and the blazing oil soon ignited the whole room. A can of kerosene in the kitchen also exploded and made the work of ruin all the faster. The fire department partly saved the house which was insured for \$400 and the owner lives in Dallas.

Mr. Brown, who is an ex-fireman, but who is now working as a steam fitter at Swift's new plant in North Fort Worth, said this morning that the loss represents his savings for ten years and that he will now have to begin all over again. He had a narrow escape from the flames in trying to save some of the contents of the house, and his hair was singed by the fire. Mrs. Brown has but recently recovered from serious illness and the loss of their home is a climax of misfortune.

**YOUNG ALLIGATOR HAS A JOLLY GOOD TIME**

He was only a youngster, just four feet long, with a dark black coat covered with horny scales, and little yellow eyes in which the slits run up and down, instead of sideways. They put him in a rudely-made box at Bowie early this morning and started him for Fort Worth. On the way down he had a good time. The baggage man has had a great deal of experience with baby carriages and the like, but he is new with alligators, so when he rapped on the side of the box to see if the sleeping saurian were surely, he found out. The four feet of muscles and scales suddenly became an animated bunch of energy and in less than two seconds the baggage man was on top of the highest pile of trunks in the car.

down the baggage man's back and the noise was something worse than the thunder-storm in Faust. Every one in a while the alligator would become still and just as the baggage man's heart would begin beating again, there would be a sound like all the air-brakes in the train had burst, and his young alligatorship would whistle "Ah Suttin' Had a Wa'm Time" in tones that could have been heard all over the train, had it not been in motion.

Just before they got to Fort Worth, the alligator quieted down and quit pounding the sides of the box. When the train backed in the baggage man refused to touch it, though the local men easily took the box and dumped it on a truck without even waking the youngster up.

But isn't safe to say "alligator" to the man who brought the "critter" to Iowa.

A WOUNDED NAME By BRIG. GEN. CHAS. KING, U.S.A. COPYRIGHT, 1899, BY F. ZENNYSON NEELY.

The trial of Captain Nevins for defalcation and gross misconduct is the sensation of the army post where are stationed Captain Loring of the engineer corps and Lieutenant Blake, his friend.

While he confronts her, the troop is suddenly attacked and before Blake can prevent Loring is surrounded, the saddlebags bearing the envelope containing Nevins' diamonds and watch are slashed open and looted.

He learns that a valuable package has been placed in the safe of the ship under care of the purser, Traynor, and while permitted to see it, cannot but guess that it contains the missing valuables of Captain Nevins.

But it became apparent within 24 hours that she held herself above and desired to hold herself aloof from them, which led to a dissection of her personal charms on the part of the women and of her mental gifts on the part of the men.

Within ten days after Loring settled in Omaha Mrs. Burton's boarders were engaged in just two topics—the young lady in the second story front and the story of the young officer who first would and then wouldn't be one of her number.

Loring looked up, puzzled. The handwriting was familiar, so was a form that he had seen vanishing in the distance one evening a week before, and something in the voice had had a familiar ring, but this name was new.

"You dislike to, I see," said the general, "Let me remove your scruples. Major Burleigh has been absent from his post without leave at a time when his services were urgently needed. His affairs are in a good deal of a tangle. It is believed that he has been making use of government funds. I tell you this in strict confidence. Do you know what caused his panic there at Reno and made him insist on being taken right on to Fort Payne?"

"No, sir," "Mr. Loring," said the general, "Major Burleigh has been an object of distrust for over a month. While he was away on this trip to Warrior Gap matters were brought to my attention that were of a grave nature. Investigations have been made. ### THE VITAL NECESSITY

There is no other one thing with which I have so much trouble as this lack of persistency among advertisers. They lack the nerve to fight long and hard. While they will expend a good deal of cash and energy in making a single plunge, they will grow tired if called upon to expend the same amount through a campaign of six months.

The road to success is an uphill road all the way. Do not try to sprint.

For a little way it goes easy, and you get over the ground fast, but the goal seems all the farther away when the nervous energy in that sprint is spent. There are but 40 per cent of advertisers who make their advertising pay.

The rest never learned that persistency in advertising is the one vital necessity.

They jumped into advertising without preparation in the way of the money to meet the expense or the experience to keep from wasting it. They failed to consider that the creation of trade through advertising was a long process.—Inland Printer.

# CONFEDERATES WANT A HALL

### UNABLE AT THIS TIME TO ACT, BUT WILL LATER

### TO CUT OUT ALL POLITICS

### Veterans Give Assurances to the Daughters That, Individually, They Will See to It That the State Meeting Is Taken Care of—Committees Appointed for Various Purposes

The meeting of R. E. Lee camp of United Confederate Veterans held yesterday was full of interest. There was a large attendance, and much discussion was indulged in. These discussions are always full of interest, and the Veterans, Sons and Daughters all enjoy them.

The principle discussion yesterday was as to whether or not the camp, as a body should give endorsement to any more that was tinged with politics. The question came up over a request from O. T. Stephens of Hillsboro for the camp's endorsement of his candidacy for superintendent of the Confederate Home at Austin. Several members argued for and against complying with the request, but the matter was finally laid on the table, the camp deciding to set a precedent.

### Memorial Hall Proposition

Judge Cummings made a minority report for the committee appointed some time ago to investigate the proposition to build a memorial hall in Fort Worth. The report was signed by himself and Judge Joe C. Terrell.

It was moved by Comrade Goodman that the report lay over two weeks, until a majority report could be made, but there was objection to this on the grounds that the matter had been pending too long already, and should be finally disposed of, one way or the other; the argument being that if there was merit in it it should have fair consideration, and if there was no merit in it, the quicker the camp discovered it the better.

Finally, on motion of Comrade Pankey, the matter was laid on the table to be called up at a future date.

### Camp in Need of Funds

Judge Terrell spoke to the point of the camp needing funds, and urged some action looking to raising some for the needs of the winter, and suggested an entertainment by the Sons and Daughters for the purpose of securing the much needed funds.

Judge Cummings spoke against any such action at least until after the state meeting of the Daughters. The Daughters were working earnestly to arrange to take care of the state delegates and visitors, and it was estimated there would be several hundred here for the first week in December. He said the Daughters had always responded nobly to every call, and had often come to the front without a call, and had placed several hundred dollars in the camp treasury. He urged the veterans and Sons to lend every assistance to the Daughters and let nothing interfere with the Daughters' state meeting.

### Death of Comrade Announced

Comrades Cummings, Terrell and McConnell were appointed on a committee to prepare resolutions upon the life and death of Hon. Isaac Duke Parker, who recently died at his home near Birdville.

### Will Help the Daughters

Comrade Cummings moved that the members of Julia Jackson chapter hold a meeting and determine just what would be expected from R. E. Lee camp in regard to assisting them in the entertainment of the state convention of the Daughters. Miss Melton stated that there were 102 chapters of the Daughters of the Confederacy in Texas, with a membership of 5,000, and the information the local chapter had received led to the belief that there would be all the way from 250 to 250 or more in attendance on the Fort Worth meeting. She notified the camp that the chapter would expect material assistance, for would require at least \$300 to properly care for the visitors. Commander Taylor said the camp would see that the chapter was taken care of in the matter of finances.

### QUANAH HOTEL CHANGES HANDS

### The New St. Charles House Will Be Conducted By H. Hunt

Travelers will find the old St. Charles Hotel at Quanah, Texas, remodeled and christened the Cottage Hotel, an excellent place to stop.

Mr. H. Hunt, formerly of the Railroad House at Vernon, will see that everyone is welcomed and made to feel at home.

Mr. Hunt has furnished the building throughout and every appointment is first-class.

The table service and fare is home-like and one once giving the cottage a trial will always be found there when in Quanah.

Mr. Hunt asks the continuance of all his old Vernon patrons at his new place.

### Looking For Counterfeiters

The secret service is endeavoring to locate the headquarters of a gang of counterfeiters who have been making and circulating spurious half-dollars and quarters in some of our large eastern cities. When caught they will be given the full extent of the law, the same as should be done with unscrupulous dealer who puts up an imitation article and sells it for the genuine Hostetter's Stomach Bitters, claiming it is "just as good." Don't believe him. His medicine has not the record of curing back of it that the genuine Bitters has. Insist on having the genuine with our Private Stamp over the neck of the bottle. It will positively cure nausea, headache, heartburn, indigestion, dyspepsia and malaria. Try it and be convinced.

# AMUSEMENTS

### Mrs. Brune in Unorna

There is no country on earth, not even excepting Arabia, that affords the same field for romantic stories or fables as India, where the very atmosphere is charged with mysterious notions and fantastic ideas. Where the Yogi's many manifestations of power as an illusionist are accepted by the natives as divine, and the tricks performed by the Hindoo fakirs looked upon with uncanny awe. Little wonder therefore that so many truly charming romances have been written around this quaint and distinctly original people, and while the stage has received many contributions from this fertile field there has been nothing so far for intensity of purpose, realism in action, or fidelity to locale that can equal F. Marlon Crawford's "Unorna." This will be presented here by Mrs. Brune at Greenwall's opera house Tuesday matinee and night, November 11.

### Gordon-Shay Grand Opera

The Gordon-Shay grand opera company spent a full two months at rehearsal in New York before beginning their present tour of the United States and Canada. This is one indication of the thoroughness with which preparations for the season were made. The rehearsals of the company were conducted under the personal eye of Mr. Gordon, who had the valuable advice and assistance of Carl Schroeder, a stage manager of international reputation. It is safe to say this city has never seen any more perfect representations of "Faust," "Carmen," "Cavalleria Rusticana," "I Pagliacci," "Martha" and "Il Trovatore" than will be given by the Gordon-Shay company. They will be as near perfect in every detail as human skill and intellect can make them. The Gordon-Shay English grand opera comes to Greenwall's opera house Wednesday matinee and night, November 12. At the matinee "Il Trovatore" will be given and Wednesday night Gounod's immortal "Faust."

### "The Strollers"

Messrs. Nixon & Zimmerman take pleasure in announcing the advent of "The Strollers" and the Marguerita Sylva comic opera company, who will present it here on Thursday night, November 13, at Greenwall's opera house with a cast adequate in every way and a large chorus. The principal names of note in the production are Marguerita Sylva, Dorothy Hunting, Louise Middleton, David Torrence, Geo. C. Boniface, Jr., John D. Gilbert, David L. Don, W. H. Fitzgerald and others. The entire scenic production will be given exactly the same as during its presentation at the Knickerbocker theater in New York last year and the principal cities, with this exception that the scenery and costumes have been re-created for this season in exact duplicate.

### "The Princess Chic"

This excellent company has played in all of the chief cities of the United States and Canada, from Montreal to Los Angeles, and everywhere has met with the same favorable reception which first characterized its production of "The Princess Chic" in New York. Manager Greenwall announces the presentation of "The Princess Chic" on Friday night, November 14, at Greenwall's opera house.

### "The Black Vipers"

Miss Frances Fields, with "The Black Vipers," a well known leading character actress whose reputation has been thoroughly established before the public, will appear as "Mother Fange" in the new melodrama of "The Black Vipers" which comes to Greenwall's opera house Saturday matinee and night, November 15.

# ACTIVE INTEREST IN A NEW COURT

### FORT WORTH BAR REACHING OUT FOR FORT WORTH

## SECOND HIGHEST TRIBUNAL

### Members of Other Texas Bars Will Be Urged to Help Fort Worth Out on the Proposition—It Means Much to the City and State at Large.

There was a meeting of the Fort Worth bar in the Forty-eighth district court room this morning for the purpose of taking action looking to securing the United States circuit court of appeals for the Fifth district, which includes the states of Georgia, Alabama, Mississippi, Louisiana, Florida and Texas. The matter has passed the house of congress and is now pending in the senate. It was the purpose of the members of the bar to get the proposition properly before Governor Lanham and the Texas senators with reference to the passage of the bill at the December session, which provides for the setting of this court at Fort Worth.

A committee was appointed composed of Judge S. P. Green, Judge W. D. Harris, W. S. Essex, Judge B. D. Tarlton and R. W. Flournoy. These gentlemen will confer with the bars of the towns and cities in the state and procure letters to the governor and members of the senate, urging their interest in the matter.

### Means Much to Fort Worth

Since the announcement was first made during the last session of congress that this court would be removed from New Orleans, attorneys and litigants all over the state have interested themselves in an effort to get the location for Fort Worth.

Shelby Pardee, McCormick and Judges preside over this court, and it means if located here, or elsewhere, a large influx of attorneys, litigants, witnesses, clerks, etc., which will require the enlarging of the present federal building to accommodate them.

It further means the saving of a great expense in transportation to Texas people by reason of coming to Fort Worth instead of going to New Orleans.

This is the next court in importance to the supreme court of the United States.

The committee urges that any citizen who has influence with any member of the bar of any other town to at once write him to get his bar to send letters to the Texas senators urging their efforts in behalf of Fort Worth. Fort Worth cannot afford to "lay down" on so important a proposition.

Court statistics show that 50 per cent of the business of this court comes from Texas and it is further figured that the court will sit here half of its time.

# GIRLS' INDUSTRIAL COLLEGE OF TEXAS

### Something About This Institution That Is to Be Built for Girls and Located at Denton

DENTON, Tex., Nov. 10.—The Girls' Industrial College of Texas was the name adopted for the state industrial institution for girls at Denton by the board of regents at a recent meeting at Austin.

A letter from Clarence Ousley of Houston, member of the board of regents, to John A. Hann, local regent of this city, states that the committee on arrangement of program for the laying of the corner stone of the Girls' Industrial College building at Denton about the 29th of November, has agreed on the following: "The ceremony to be conducted under the auspices of the Masonic lodge of Denton; the corner stone to be laid by Mrs. Sayers; an address by the president of the board of regents, an address by the governor, and an address by some prominent lady identified with the Federated Women's clubs of Texas, the selection to be made at the Beaumont meeting November 17." In addition to the foregoing program agreed on by the committee of the board of regents, a local committee in Denton, composed of both ladies and gentlemen, will be organized to take charge of the details and arrange for some speeches by local orators, for music by brass band, and so on.

# BISHOP COLEMAN IN STANDARD THEATER

### Delivers Practical Sermon to Moderate Audience Last Evening—Services This Week.

Those who went to the Standard Theater last night at 9:30 expecting to see or hear something sensational, were disappointed. It had been announced that Bishop Coleman of Delaware would conduct services there and in accordance with the notice the bishop, accompanied by Rev. Bartow B. Ramage and members of St. Andrew's parish, arrive at the theater at that time and held regular services. There was a moderate sized crowd, which heard a plain, practical and straightforward sermon which could have been delivered anywhere and would have been applicable to any audience.

The services yesterday at St. Andrew's parish were well attended and the audiences were made up largely of visitors attracted by the announcement that Bishop Coleman was in the city. Today the services were held at regular hours, with a special service at noon in the high school. The services will continue every evening this week at 8 o'clock and the public is cordially invited to attend.

The above statistics of the quantity of cotton ginned were collected through a personal individual ginner canvass of the cotton states by 622 paid local special agents of the census office. The estimate of the per cent of the total crop ginned to and including October 18th is based on the estimates of these local agents, who were instructed to confine their estimates to the territories canvassed by them and to the knowledge gained therefrom. This report will be followed by a second showing the cotton ginned up to and including December 13th, and a third and final report, to be made in the early spring, will cover the total crop of the season. The final report will distribute the crop by counties segregate the upland and Sea Island cottons, show number of round and square packages and give weights of same.

# NOVELTY IN HOLIDAY RATES

### Roads This Year Adopt New Plan to Secure Increased Business

The Frisco announces dates of sale for holiday rate tickets this year as December 13, 17, 21, 22, 23, 26 at a rate of one fare plus \$2 with a limit of thirty days. Sales on December 13, 17 and 26 are a new departure and is expected to prove popular in many respects. Sale of tickets will be for points in the southwest as in former years and to Arkansas, Kansas, Nebraska, North and South Dakota, Iowa, Minnesota, Wisconsin and Illinois.

A change in the manner of through cars is noted this year and they will be run only to the three gateways, Memphis, Shreveport and New Orleans. Formerly they were run to points beyond but this caused trouble in securing and handling cars so the custom was abandoned this year. This action is the result of a meeting held in Dallas by representatives of Texas roads this week.

# A MISINTERPRETATION OF A TELEGRAM

### Mrs. R. D. Hunter and Mrs. John C. Phelan Will Not Go Abroad—Error Made in Reading Message

Mr. Arthur S. Goetz, local sales manager for the Texas and Pacific Coal company, on last Saturday received a telegram from Edgar L. Marston saying, "Will take Mrs. Hunter and Mrs. Phelan abroad," meaning that he would take them aboard his private car for St. Louis and New York. Mr. Goetz misinterpreted the word "abroad" for "abroad," and the item was printed in The Telegram upon this authority.

Mr. and Mrs. Marston and Mrs. Hunter and Mrs. Phelan will not go abroad, and Mr. Goetz asks that the correction be made.

# ADOPTS AXLE LIGHT SYSTEM

### Electric Lighting for Cars Is Growing in Popularity

The Southern Pacific, in connection with the Rock Island has adopted the consolidated "axle light" system of lights and fans for electrically lighting and ventilating all the new cars to constitute the "Golden State Limited," which will be placed in service between California and Chicago in a few days. This is the same system on the "Twentieth Century Limited" of the New York Central and Lake Shore, the "Pennsylvania Limited" and on many of the best trains of other leading lines, as well as on all private Pullman cars. One of the advantages of the system is that each car carries its own electricity as it moves, with the power taken from the revolving car axle and storing up sufficient electricity in batteries underneath the car to keep it illuminated while stationary, so that, no matter if the car should be detached from the main train and sent to some other point it is always electrically lighted.

# STOCK MOVEMENT IS UNUSUALLY HEAVY

### Many Cars Are Being Received Over Texas and Pacific From the Western Part of the State

Trainmen are remarking about the early development of the stock movement this season which so far, has been unusually strong. At present most of the cars received are for northern markets, but the movement in that direction will soon be deflected to the local packing houses.

Yesterday the Texas and Pacific received 120 cars of cattle and hogs, mostly the former, and nearly every car went north. Saturday the Katy haul, received 75 cars for a northern haul.

The wife of Sir Henry Stanley, who was formerly Dorothy Tennant, is one of the London hostesses at whose homes Americans are always welcomed.

Mrs. Oliver Ames supports at her own expense a full brass band at the Oliver Ames high school of North Easton, Mass., an institution of her own planning and provision.

Mrs. S. T. Rorer, the famous Philadelphia teacher of cooking, has never had a headache and is the picture of health. Yet she is one of the busiest women in the United States. This is a standing argument for scientific cookery.

Long after the colonial days it was related with pride of Miss Anne Payne, Mrs. Madison's sister, that she was the belle of Washington for an entire season with two evening dresses, one of white muslin and one of white silk.

Mrs. Hayward Lynah of Savannah, Ga., has in her possession the missile that killed Count Pulaski at the siege of Savannah. Contrary to the general understanding, it is not a bullet, but an iron grapeshot more than an inch in diameter.

Mrs. E. L. Safford of Washington maintains and supports a mission out of her own private income in a curious group of ivy grown stone buildings erected during the Revolution along the Chesapeake and Ohio canal. It is known as the "Towpath mission."

Lillian Nordica is the most prominent of the native daughters of America who have won foremost places on the operatic stage. She was born in Maine. Her own name was Lillian Norton, and she early disclosed that remarkable quality of her voice which has elicited applause in every capital of cultured Europe.

## A DOMESTIC DIFFICULTY.

The Solution Was Original. Though the Result Was Unhappy.

"Every time I tell this story," a bright society matron remarked, "somebody accuses me of making it up, but it is a true story nevertheless.

"Up in the Virginia mountains David and I took a long walk to explore the wild country road near our hotel. Away up on the rough mountain side was a little cabin, and as I have a most fervent human interest in the home life of all peoples remote from cities I proposed that we visit the cabin, with the wayfarer's usual pretext, to ask for a drink of water. In the one room of the small house were the usual furnishings, a few chairs, many dogs lying about, guns on the wall, a high bed in each corner and a homely table spread with homely crockery in the center of the household picture. A plain little woman, worn and aged, but very neat in calico frock and gingham apron, met us at the door and asked us in, while one of the rough boys lounging on the porch was dispatched to the spring for fresh water.

"Instead of the usual mountaineer's open fireplace, with iron crane and kettle, was a surprising arrangement of a cooking stove mounted on a kitchen table. My glance reverted to this curious sight so often that our mountain hostess seemed constrained to explain.

"You uns ain't used to seein' cook stoves fixed up that way, I reckon," she said apologetically. "Pap, he got the cook stove down in town way las' May, and he didn't think 'bout the stovepipe, and he didn't git 'nuff to reach up to that there hole in the chimney, so we uns jes' histed the cook stove up on that there table till he gits time to go to town and git some more stovepipe. 'Tain't handy to climb up on a cheer to cook, and I wish to the land pap'd hurry hisself and git to town arter that there stovepipe. It'd be a heap handier to hev that there cook stove down on the 'ground'."

"Of course 'we uns' agreed with the good woman that her complaint was well based, but we praised her cleverness and originality in utilizing the kitchen table. Probably not one woman in 10,000,000 would have ever suggested that way out of the domestic difficulty."—Detroit Free Press.
