BEVERIDGE DOES NOT FAVOR STATEHOOD

(Special to The Telegram.)
SANTA FE, N. M., Nov. 18.—The visiting senators were especially astonished at the facility with which the Spanish interpreters translated the words of the speaker. Senator Beveridge said: "In my state, New Hampshire, we have in the northern portion many French Canadians and it is frequently necessary in our courts to have an interpreter for them. Their testimony is interpreted, but that is as far as it goes and the arguments to the jury are only in English. It is a little hard for us to grasp how an interpreter can follow along just a few words behind the speaker, how two speeches can be made at the same time and yet be followed. Back in New Hampshire an attorney is expected to get excited. How do you arrange that here?"

When told that the interpreter got excited, too, and frequently made a better speech than the attorney, the senator laughed heartily and said he would like to see it.

Senator Beveridge was non-committal, but those close to him are convinced that his anti-statehood views have not changed, and that if anything he is more determined than ever to fight the admission of New Mexico to statehood.

DECLARE SOUTH SHOULD CONTROL THE DEMOCRACY

(Special to The Telegram.)
NEW YORK, Nov. 18.—Some of the most thoughtful southerners in New York are declaring today that the greatest political opportunity is now open to the south that she has had since the civil war. They say that the only possible restoration of the Democratic party to power and usefulness is through "the Solid South," and that this "consummation devoutly to be wished" must be achieved by the south's leadership in renouncing all false theories and reviving the principles and doctrines of Jefferson and Tilden.

They insist that without the undivided support of the southern states the Democratic party cannot possibly regain its old time prestige and glory, and that since the responsibility of redemption rests in the south, leadership in directing the policy of the party belongs to the south.

Therefore, it behooves the south to speak as with one voice in the next national Democratic convention and to insist then and there upon abandonment of all issues and a return to the teachings of the fathers.

BREAKS UP WHEAT CORNER IN MEXICO

(Special to The Telegram.)
EL PASO, Nov. 18.—President Diaz knows a few things about breaking up trusts himself and has just issued a decree to break up the wheat corner in that country. The order has reached here and admits American wheat very cheap for several months to come. The proclamation is as follows:

"Porfirio Diaz, constitutional president of the United Mexican States, to the inhabitants thereof, know ye:

"That in order to obviate the damage that might arise from the scarcity that is beginning to be felt in the stock of native wheat and by virtue of the powers granted to the executive by article 2 of the revenue of May 28, last, I have seen fit to decree the following:

"Article 1. The wheat imported through the custom houses of the republic from the 15th of the present month until March 31, 1903, will pay a duty of 50 cents per one hundred kilos gross weight.

"Article 2. From April 1, 1903, imported wheat will again be subject to the duty set forth in section 146 of the importation tariff."

KILLED THE LEADER IN A GEORGIA FEUD

The Meeting Came in One of the Wildest Sections of That State Up in the Mountains

(Special to The Telegram.)
TOCCOA, Ga., Nov. 18.—The Rothell-Lee feud, which has existed for several years, has resulted in the death of George Lee and the serious wounding of Frank Hall. Reports to that effect have reached Toccoa. The scene of the difficulty was ten miles from Toccoa, on the Georgia side of Tugaloo river. Sam Rothell was assaulted with a knife by George Lee, the leader of his faction.

Rothell attempted, it is said, to escape from Lee without trouble, believing that Lee was drinking. While in the act of mounting his horse, Lee made several cuts at Rothell, cutting his hat and clothes. Rothell was so hard pressed that his effort to escape on his horse failed, and he then turned and fired several shots, one of which passed through Lee's body just above the heart, death ensuing in about 15 minutes.

Frank Hall, a boy about 14 years of age who witnessed the trouble, was shot through the shoulder by one of the balls from Rothell's pistol. Hall will recover.

The shooting occurred up in the mountains in one of the wildest sections of Habersham county.

President Roosevelt said he desired to come here again to hunt with Holt Collier, as he is satisfied that bear are abundant. The party will break camp late this afternoon.

THE CUBAN CATTLE TRADE

Shipments of Cattle From Galveston to the Island Are Light

(Special to The Telegram.)
GALVESTON, Tex., Nov. 18.—The Norwegian steamship Uto arrived today from Mobile and will take a load of cattle for Cuba. This ship has taken several cargoes of Texas cattle to Havana this season, but it is only a small steamer and does not take very many at a time. These shipments of cattle from Galveston are very light. This doubtless is due to the fact that there is a strong demand for fat cattle in the United States, and a market can be found without exporting to foreign countries. The shipments of cattle for Liverpool which occurred earlier in the season were discontinued, probably for the reason just mentioned. Arrangements had been made for very fast ships to enter this trade and it may be that when prices come down the trade will be again taken up.

Bishop Thompson was born in Ireland, and appointed bishop of the diocese of Mississippi in 1886. He was a profound scholar and one of the most able ministers in the south.

Above are given the new members added to the Fort Worth Board of Trade as a result of the work done by the last two committees who, have been at work. While the committee yesterday secured only thirty-seven names, they worked in a more difficult territory. Considering this, their efforts were by no means discouraging. They added thirty-seven names yesterday and have swung the total membership to 251. The work for the remaining two committees is in the best district of the city, and it is expected they will at least bring the total membership up to 400. No committee went out today, but as there is still one week for the remaining two committees to do their work, no hurry is needed.

So far the practical results of the three days' canvass have been to make sure that Fort Worth business men are alive to the city's needs and that they are willing to invest \$250 each month to help bring other business men here. The Board of Trade is now assured of an income of at least \$625 per month. This will be a wonderful improvement over \$280 which was the maximum income for any month last year. Out of their comparatively meagre income, however, the directors of the board have saved over \$1000 which they have on hand. With their increased resources, there will be a possibility for the first time of offering genuine cash inducements or their equivalent in order to secure growing business institutions for the city.

It is hardly possible that the two remaining committees will call on all of the men interested in the welfare of Fort Worth who have not yet been seen. Such men are invited to call at the Board of Trade office and voluntarily show their interest by signing up for a year's membership. Just one week remains.

CHRYSANTHEMUM SHOW
WILL OPEN TOMORROW

Ladies of Holy Innocents' Guild Will Sell Fifteen Hundred Plants This Week.

Beginning tomorrow the ladies of Holy Innocents' Guild will have on sale at the floral store of Cowell & McAdam 1,500 chrysanthemum plants, all in full bloom. The plants are of every variety and many of them are rare specimens. As mentioned in The Telegram last evening, the sale will be for the benefit of Holy Innocents' Mission, a church which has been established in Union depot addition for about one year. At present the organization is not very strong, and a regular pastor is not in charge. The ladies hope by means of the proceeds of this sale to aid in securing a pastor permanently for the church.

The officers of the guild who are working for the sale are: Mrs. G. R. Bowman, president; Mrs. Southworth, vice-president; Mrs. Walter Simpson, secretary; Mrs. Anna Miller, treasurer. The other members of the guild are Mesdames Bevin, Noble, Buck, Hallie Wallour, Jennie Wallour, Yundit, Saunders, Embree, Richmond and Whitley. The sale will continue all week, and each day there will be some ladies of the guild in attendance to assist in disposing of the flowers. The store room of Cowell & McAdam was generously donated by them for the use of the ladies of the guild.

You buy it at the same price a wholesale man sells, at White Mercantile Co.

QUARTERLY CONFERENCE
HELD LAST EVENING

At a meeting of the last quarterly conference for the year, held last evening at St. Paul's M. E. church, resolution were passed asking the Austin conference of the M. E. church which meets in Dallas December 4 to re-appoint the pastor of St. Paul's Rev. J. Franklin Boyce, to this charge and also extending an invitation to the conference to hold its next annual meeting in Fort Worth.

The conference was attended by the officers of the church and Presiding Elder Sells of Denton, presided. Reports heard showed that the church had raised for all purposes about \$7,000 during the past year. In addition to this, because of raising a certain amount on debt due by the congregation, \$1,800 additional had been cancelled, so that the total sum raised was equivalent to \$8,800.

The board of stewards and trustees for the coming year were elected. Trustees chosen were as follows: Dr. O. L. Fisher, William Forster, S. R. Howe, P. M. White, Alex. Guthrie, I. W. Rouse, John White, F. J. Jaccard, George E. Nies.

The resolutions appreciative of Rev. J. F. Boyce were passed in recognition of his efficient and faithful services during the past year, which has been one of the most prosperous in the congregation's history. Besides the sum mentioned as being raised, various improvements have been made and paid for and the church is now in excellent condition, with a larger membership than at any previous time in its history.

At the meeting of the Sons of Confederate Veterans held last night there was a delegation from the veteran camp and also from the local chapter of the Daughters of the Confederacy.

Lieutenant Commander W. P. Lane presided. He will name a committee to so act.

Commander Lane also appointed a number of Sons to serve as a reception committee on the arrival of the visiting Daughters on Monday and Tuesday of the first week in December. This committee is composed of Comrades John M. Adams, N. R. Tisdal, G. W. Clark, W. W. Talbert, J. P. Key, John Tarlton, R. F. Milam, J. D. McLean, T. W. Snyder, J. M. Ball, W. A. Dixon, Will Groves, W. P. Lane, W. E. W. Nicholson, W. S. Jarratt and W. R. Smith.

These ushers will wear the regulation uniform, and are to be Comrades S. S. Carpenter, J. M. Ball, I. J. Stockett, W. S. Jarratt, W. A. Dixon and Charles Daggett.

The committee appointed a week ago to confer with Rev. Mr. Armstrong with reference to having him favor the Sons and Daughters, with the veterans as guests, with his lecture on the Heroes and Heroines of the South, was continued. It had been impossible to see Mr. Armstrong on account of his absence from the city.

No fault of the citizens that the weather was warm—the goods must go anyhow, at White Mercantile Co.

The business program includes many questions of vital importance.

E. V. Aten, president of the Houston Labor council, presented Mayor Holt, who tendered the keys of the city to the visitors. The response for the federation was made by President T. W. Dee of Galveston. The delegate representation is one for each 100 members or fraction thereof. Each Houston union is entitled to three delegates. San Angelo delegation came in on a special Pullman car.

Fred Southers, a clear maker with Johnson & Ederle is representing the Fort Worth Trades Assembly. Jake Stine was sent by the Team Drivers' Union.

Mr. Southers is instructed to invite the 1903 meeting to Fort Worth—provided the state federation decides to affiliate with the American Federation of Labor, the State Federation having previously sent its charter in to the American Federation. If the State Federation declines to reaffiliate with the American Federation, Mr. Southers is instructed to withhold Fort Worth's invitation, and, instead, invite the State Federation to go to—Mexico—next year.

Should Mr. Southers invite the meeting for next year, he is fortified with letters, and will have telegrams, and other necessary "pulling" paraphernalia necessary to land it, and he is also instructed to say to the delegates that Fort Worth assures them the time of their lives in the way of entertainment.

Left for the Monastery.
San Francisco, Nov. 18.—A special train from San Diego says Henry Baron, the adopted son of Mrs. Katherine Tingley, left that point for the Loma monastery of Universal Brotherhood, and is in hiding at San Diego. He says the colony at Point Loma is afraid of being attacked, and has placed a guard over the place. He was under guard, but made his escape when the watch was relieved. His announced intention is to go to Los Angeles and begin proceedings against Mrs. Tingley for the recovery of papers which he thinks will reveal the secret of his parent's age.

Fatal Fly Bite.
New York, Nov. 18.—Herman Kaufman, the three-year-old son of a tobacco-dealer living in the Bronx, has died from the effects of a fly bite inflicted last Wednesday. A few hours later a small spot made by the bite developed to a swelling which extended over the entire cheek. The swelling continued to spread until the whole upper portion of the child's body was distended. The doctors were powerless to give relief, and finally the victim died. His playmates say the fly was an ordinary "blue bottle." The physicians believe the insect was infected with germs.

THE DECISION OF THE KING

THEY OF THE SAME IS GIVEN OUT IN THREE CITIES

GERMANY IS THE VICTOR

King Oscar Gives It as His Opinion that the United States and Great Britain Were Not Justified in Their Action and So Decides Against Them.

(By Associated Press.)
Washington, Nov. 18.—By previous arrangement between the principals there was Monday published simultaneously in Washington, London and Berlin the full text of the decision given by his majesty, King Oscar III., as arbitrator between the three countries named of certain claims owing to military operations conducted in Samoa in the year 1899. The decision is long and abounds in whereases and conclusions, and in substance it has been announced heretofore in the cable dispatches from Stockholm. The preceding publication, however, did not convey to the officials here a full realization of the complete victory won by Germany in the arbitration, for it appears that on every single point the arbitrator adopted the most extreme German view in opposition to the United States and Great Britain. The arbitration grew out of claims by Germans or British subjects or American

KING OSCAR
citizens for compensation on account of losses they alleged they had suffered in consequence of unwarranted military action on the part of German, British or American officers in Samoa between the 1st of January, 1899, and the 13th of May following. The question really at issue was whether or not the British and United States governments should be considered responsible for the losses. The arbitrator recites that the United States steamship Philadelphia and the British ships Porpoise and Royalist, March 15, 1899, opened fire across the town of Apia, Samoa, directing the same against the forces of High Chief Mataafa; that the same vessels brought the newly appointed king of Samoa, Malletoa, and his forces to Mulinau Point and supplied them arms and ammunition for the ensuing struggle against Mataafa. In answer to British and American claims that under the treaty of Berlin, any one of the signatory powers was fully authorized to enforce the decision of the chief justice of Samoa, declaring Malletoa king, the arbitrator says:
"We have found nothing in said general act or any subsequent agreement which authorizes one of the powers or a majority of them to take action to enforce the conditions of the act or to make the decisions of the chief justice binding on the powers."

Traveling Man Stabbed.
Dallas, Nov. 18.—W. B. Hughes, a traveling man, living at 175 Twelfth street, Oak Cliff, was seriously stabbed and slashed at the Katy depot Monday night at 8:30 o'clock.
He was stabbed in the right breast and severely gashed in the left arm. He was taken to a nearby drug store where he nearly fainted from loss of blood and was later taken to his home in a carriage, accompanied by a physician.

Four Persons Injured.
Terrell, Tex., Nov. 18.—The west-bound Texas and Pacific passenger train No. 3, due here at 5:09 a. m., was wrecked one mile east of Elmo Monday morning at 7:05 o'clock. The train consisted of eight cars, five of which were thrown from the track and two demolished. The train was in charge of Conductor Frank Gail and Engineer Harry Turner, and was running at the rate of about thirty miles an hour when the wreck occurred. Four persons were injured.

A POLICEMAN'S TESTIMONY.
J. N. Patterson, night policeman of Nashville, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." BRUIN FLED.

The Only One Flushed Hurriedly Left for the Canebreaks.
Smedes, Miss., Nov. 18.—The bears in the swamp country around the president's camp on the Little Sunflower seem to have effected a successful combination to prevent the president from having a single shot at one of them on this expedition. The only one the dogs started Monday fled in a northeasterly direction at the first cry of alarm and did not stop running until he reached the brakes, about nine miles from camp. There he was overtaken by Mr. McDougal, one of the managers of the Smede plantation, who killed him at seventy paces. The president, who had started in the rain with Holt Collier, did not hear the dogs after they first struck the trail.

The president takes his ill luck good naturedly. He says it is simply the fortune of the chase.
The bear killed Monday weighed 225 pounds. Judge Dickinson is the only other member of the party except Mr. McDougal who has fired a shot. The judge missed a swamp deer at 100 yards.

IN THE RIVER.

The Bodies of Mrs. Sechrest and Babe in the Missouri Near Leavenworth.
Leavenworth, Kan., Nov. 18.—In the Missouri river near here a woman's straw hat with the following not has been found:
"To Whoever Finds This: Please take clothes to Journal office and they will send it to 445 North 26th street, Lincoln, Neb. This is to mark the place where I, Mrs. Al Sechrest and baby have gone to rest in the deep Missouri."
The woman's parents live in Lincoln. The hat was identified by a restaurant keeper in this city who says its owner ate several meals at his place last week. It is believed that Mrs. Sechrest is the wife of Frank Sechrest who was killed by Dr. Zorn at Kansas City three months ago in a dispute over a board bill. The river is being dragged.

Was Principal Witness.
Kansas City, Mo., Nov. 18.—Mr. Sechrest was supposed to have started for Kansas City to testify in the Zorn case, which was set for Monday, but up to this hour has not been located. The killing of Sechrest by Zorn was a sensational affair and Mrs. Sechrest was the state's principal witness.

GREAT DESTRUCTION.

Volcano Is Doing Much Damage in the Surrounding Territory.
Panama, Nov. 18.—Passengers from Central America who arrived here Sunday, report the complete destruction of the territory surrounding the volcano of Santa Maria, province of Quezaltenango, Guatemala, in consequence of the recent eruption. The adjacent villages, the rich coffee plantations with over \$300,000 worth of coffee stored in bags, and hundreds of lives were lost. Refugees are arriving at the port of Champerico. Over 200 fugitives sailed from San Jose de Guatemala on the Pacific Mail steamer.

The exchange is rising by leaps and now stands at 1200 per cent without buyers. The strict censorship which has been established in Guatemala makes it impossible to get the exact news regarding the situation there. The port of Puerto Barrios is reported to have been closed. No mail has arrived here from Guatemala.

Enrolling at Atoka.
Atoka, I. T., Nov. 18.—Major Tams Bixby, acting chairman of the Dawes commission and fifteen assistants arrived in Atoka Monday morning, took up quarters in the United States courthouse and at once opened the doors to about 500 anxious citizens. Tickets were issued to all applicants and the cases will be taken up in their order. In the afternoon the Choctaw citizenship commission came in and at once joined the Dawes commission in its great work. At 6 o'clock Monday evening there were 1000 people in town.

Ninety-Nine Years Franchise.
Abbeville, La., Nov. 18.—The Inland Canal company has been incorporated, and obtained from the police jury of this parish a franchise for ninety-nine years to dig and maintain a system of canals and waterways connecting Bayou Vermillion with Mermentau river by way of Schooner, White lake and Grand lake. Work is to begin at once and the canal must be completed within five years.

At completion of the canal it will give Abbeville direct water communication with Galveston.

Earthquake Shocks.
Salt Lake City, Nov. 18.—Two distinct shocks of earthquake were felt in this city shortly before 1 o'clock Monday afternoon. Clocks were stopped in various parts of the city, but no serious damage is reported. One shock was felt at a number of points in southern Utah. Pine Valley, in Washington county, reports five sharp reports about 1 o'clock, heavy enough to damage chimneys and throw crockery from the shelves. The vibrations were from north to south.

Important Move.
Muskogee, I. T., Nov. 18.—At a meeting of the business men of this city Monday night a resolution was passed to organize a united move all over the Indian Territory looking to the removal of restrictions of alienation of lands owned by Indians other than the homestead right. The commercial clubs of St. Louis, Kansas City and Dallas will be asked to assist.

Rush Orders.
Denison, Tex., Nov. 18.—The Katy Railroad company has issued rush orders to build the first forty miles of the Coalgate extension northwest from Coalgate toward Oklahoma City.

WEAK KIDNEYS AND BLADDER TROUBLE

Had to Pass Water Very Often Day and Night.
Cured by the Great Kidney Remedy, Swamp-Root.

DR. KILMER & CO., Binghamton, N. Y.
About two years ago I had a very severe case of kidney and bladder trouble. The pain in the small of my back was so severe that I could not stand to stay in one position more than a moment or two, and was obliged to pass water very often day and night. I tried medicines and doctors without getting relief. Noticing an advertisement in the Topeka State Journal of Swamp-Root, I determined to give it a trial and bought a bottle. By the time I had finished the first bottle the pain had entirely disappeared from my back. The pain and frequent desire to pass water ceased. However, I continued to take the medicine, using about six bottles in all. That was over a year ago and I have had no return of the trouble since.

FINE TRAINS ON WESTERN ROADS

ARE WRESTING LAURELS FROM EASTERN LINES

THE SERVICE IS IMPROVING

No Less Than Three Superb Trains for Service West of Chicago Have Been Put Into Commission and Their Equipment Equals That of Any in the Country

"The western roads are taking away the laurels from those of the east in the matter of fine trains," said F. J. Carten, superintendent for the Pullman company at Fort Worth, speaking of the many fine cars which have recently been sent through the state. The Empire State and Black Diamond Express, the White Fyer, and many of the famous trains of the east would have to hurry if they would keep up with the pace the western roads are setting.

The magnificent train bearing the party of Chicago visitors, which passed through here the morning of Nov. 7, was but the regular equipment of the Santa Fe for its new California Limited which went into commission at Chicago Nov. 16 for the service from Chicago to Los Angeles—a wonderful run, by the way. The combination Pullmans are among the finest ever turned out of the company's shops and it is little wonder, Paul Morton, vice president of the line, was proud of the train and its initial trip. The cars are fully equipped before leaving Chicago and the only things they have to take on during the long run are coal and gas, both of which can be supplied with very little loss of time. The same porters and conductors run directly through, passing through not less than eight different states and territories on the trip.

Then there is the new Sunset Limited on the Southern Pacific which is undoubtedly the finest train running through the southern part of the state. The cars are perfect in details and are magnificently furnished and finished. Save in length of run made, the train is equal to that of the Santa Fe.

Another fine train which is the rival of any in the east, is the Rock Island's Golden State Limited, which while on

exhibition in the Grand Central Station in New York, excited the admiration and envy of all the eastern railroad men used to fine trains every day in the year. Like the two other trains, the Golden State Limited has electrically lighted cars, even the berths having individual lamps. For cost of manufacture, maintenance and equipment, these three trains are probably the most expensive in the United States today.

While none visit Fort Worth, there is one train which leaves daily that is worthy of note. That is the Frisco's World's Fair Special, and everybody concedes it to be the best train entering or leaving the union station. The cafe observation car is a great drawing card and it is somewhat amusing to see passengers who for the first time are introduced to that style of traveling, immediately seat themselves on the rear platform as soon as they board the train though it be 20 minutes before starting time, and sit on the rear platform gazing impressively at the entrance to the station.

All of these trains go to show that the west and the southwest are in every particular the equals of the east when it comes to fine service. The time is not far away when the New Yorker may come to Texas to enjoy the most modern and luxurious traveling in the world.

ANOTHER MASS MEETING HELD

NORTH FORT WORTH DOING THE "CITIZENS' STUNT"

'RE'-NOMINATED A TICKET

Only Two Changes From the Former Ticket Named — A Three Hour's Session at Pritchard's Hall Last Night — The Proceedings and Result in Detail

The North Fort Worth people are doing the mass meeting stunt with a vengeance. Their latest was held last night and the figures showed they "massed" to the number of 108 bona fide voters. "There were others" there—many others. They voted, voted again and then voted some more. Voted from 8 to 11 p. m.

Mr. Farmer was "re"-nominated for mayor. Messrs. Lydon, Smith, Grant and McCarty were "re"-nominated for aldermen. Dick Howell was substituted for W. H. Sprinkle for city marshal and William Mink took the place of Shannon for fifth man in the aldermanic race. Mr. Shannon, however, was seventh man in the contest—and may run as formerly announced. He may not.

Mr. Sprinkle was not proposed for city marshal. He did not rustle for it, having been put on the former ticket by friends, would have made the race, but was not tearing his shirt for it.

How it All Came About

Last week, following the election held at which incorporating was unanimously decided upon, a citizens' meeting was held. At this meeting a ticket for mayor, marshal and five aldermen was authorized. This list included James D. Farmer for mayor, W. H. Sprinkle for city marshal, Messrs. Lydon, Smith, Grant, McCarty and Shannon for aldermen. There was some dissatisfaction expressed by a few over the action of that meeting and the ticket. No special objection to the men but the claim was made that the meeting was not sufficiently advertised to make it general and that all the people wanted a say.

Those who were dissatisfied called another meeting for last night.

They Had The Meeting

There were perhaps 150 or 200 people at Pritchard's hall. All of them were not voters, not having resided in the district long enough, but they will eventually be voters.

Judge W. R. Booth was made chairman. It was decided that all voters give their names to the secretary, Mr. Herd, in order to determine between those who were entitled to vote and those not.

It was then agreed, without any iron-clad provisions, that the result would be abided by.

Farmer "Re"-nominated

Chairman Booth called for nominations for mayor. The names of James D. Farmer, J. W. Moore and H. A. Muhlolland were announced. Chairman Booth announced Messrs. J. F. Hopkins and R. L. Lassiter as tellers. The vote resulted: Farmer, 59; Moore, 10; Muhlolland, 39. (Mr. Moore, the drugist, was not present and did not authorize his name used.) Mr. Farmer, having received a majority over both, was declared the victor.

Mr. Farmer was called to the front for a speech. He had prepared his speech and brought it with him. He had copied John P. Kings' (ex-county clerk) speech in full, and recited it. It was as follows:

"Ladies and Gentlemen:—I thank you from the bottom of my heart."

Dick Howell For City Marshal

Nominations for city marshal were then called for. Six or eight were named. All withdrew except Messrs. C. M. Bishop, R. E. Ayers and Dick Howell. The vote resulted: Howell, 72; Bishop, 23; Ayers, 22.

Mr. Howell having received a majority over both was declared the nominee. He thanked the "congregation."

The Aldermanic Ticket

Chairman Booth called for nominations for five aldermen. Prof. M. H. Moore moved that all tickets voted must have five names on or else they would not be counted, it carried.

It appeared as if everybody wanted the honor of naming a candidate. There were twenty named. Three withdrew, leaving seventeen in the race. They were Messrs. John Grant, Billy Mink, Cal Smith, Cal Outlow, John Galloway, Dr. Galloway, John McCarty, Dave Shannon, John Lydon, McTier, R. E. Ayers, Dan Hedge, J. G. Capps, W. H. Sprinkle, J. P. Cope, Buck Cooper, E. A. Haywood, Nation. All received some votes, but the following five (four of them from the original list) received some more than the other twelve: Messrs. John Lydon, 77; John Grant, 58; William Mink, 49; John McCarty, 48; Cal Smith, 45. These five were, by the chair, declared the nominees. The meeting adjourned at 11 o'clock. The election is authorized for Saturday, December 6.

Only Hold Until April

The nominees of last night, if elected, will only hold until the regular election to be held next April. The town of North Fort Worth has not yet had its ward lines drawn. A peculiar feature is in the fact that the candidates for aldermen may or may not be next door neighbors, may or may not all reside in the same ward. If the ward lines are established by next April, this little discrepancy can be remedied by the selection of men from the various wards.

AMUSEMENTS

"A Stranger in New York"
Two of the late Charles Hoyt's most successful comedies will be presented at Greenwall's opera house. "A Stranger in New York" will be the attraction tonight and "A Trip to Chinatown" will be seen tomorrow matinee and night.

Although these plays are wholly dissimilar they are written on the same general lines and it is claimed that they are the most representative

of all the Hoyt plays. They both contain some clever satire, plenty of good character sketches and the skillful commingling of the most absurd happenings with every day occurrences. Some of the raciest lines from Hoyt's clever pen are said to occur in these plays.

The scenic production, music, songs, dances and vaudeville features of each play, it is claimed by the management, are entirely separate and distinct—nothing duplicated, while the music, songs, etc., are the latest successes of popular authors.

The company is a large and carefully selected one and is said to be fully up to the requirements of these plays.

"At the Old Cross Roads"
"At the Old Cross Roads" is the title of a five-act play of Southern life which had its metropolitan presentation at the Grand opera house, New York City, last season, where it turned people away at every performance, matinees included. The engagement here which takes place at Greenwall's opera house Friday night, Nov. 21, promises to call out one of the largest audiences of the present season.

The play is credited with being one with a most powerful human interest, with comedy well interspersed of a bright biting kind. A company of great merit headed by Estha Williams, who scored such a success in the leading role last season has been engaged to interpret the play.

"Lord Strathmore"
Perhaps no American actress of this day but Virginia Drew Trescott could begin to interpret the fierce passion and the swift changes of motion which Ouida has pictured in "Lady Vavasour," the heroine of "Lord Strathmore." Miss Trescott is said to strikingly and convincingly impersonate that character and to have caught the spirit of love, passion, hatred, revenge, remorse, humiliation which controls this drawing room queen and ruler of all mankind who come beneath her sway.

"Lord Strathmore" comes to Greenwall's opera house Saturday matinee and night, Nov. 22.

Great Demand for Grau Seats

There will unquestionably be a rush for seats Friday morning at 9 a. m. at the box office, as the sale then begins for "The Wizard of the Nile." The famous comedian, Mr. John Henderson, supported by Grau's popular company will present this great New York success. It is estimated that 6,000,000 people have seen this great opera.

Grau will also present "El Capitán" Tuesday night. Prices during this engagement 25c, 50c and 75c, notwithstanding the fine company and grand production.

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by N. E. Grammer, druggist.

ELKS' FAIR TO OPEN TONIGHT

ELLIS HALL WILL BE A SCENE OF LIFE AND GAIETY

PREPARATIONS FINISHED

Lights, Bright Colors and Sweet Music Will Add Their Fascination — Hundreds Will Thrill Through the Hall Between the Hours of 8 O'clock and Midnight — The Attractions

Mirth and jollity will rule tonight at the opening of the Elks' Charity Fair at Ellis hall, Third and Trenchard streets. The doors open at 7:30 o'clock and from then until midnight there will be a stream of people going and coming, patronizing the many booths and enjoying the abundant entertainments provided for visitors.

Preparations for the fair are complete and the interior of the hall looks like fairyland, with its gorgeous colors of purple and white and fluttering streamers and banners. Colored electric lights will add their effect and the scene will be one of color, life and beauty.

Some of the attractions about which a good deal of secrecy is being kept will be eye openers to the visitors. The giant cake of flaming ice is one of the wonders and will draw hundreds of visitors to the booth where it is concealed. Then there will be a Kangaroo court and an Elks' Jail in which prisoners convicted of various crimes during the fair, will be confined. Besides these will be two booths the contents of which are kept in greatest secrecy and are known only to the promoters of the show.

Sis Hopkins and her Pa will have charge of the country store and articles of many sorts will be sold during the progress of the entertainment.

There will be seventeen booths in all, everyone attractive and everyone having something novel and interesting on display. The donations to the fair have been beyond the expectations of any member of the lodge. Already the Elks have several hundred dollars in cash donations and added to what will be realized from the gifts of various kinds of goods, they expect to easily get the \$4,000 needed for their purpose.

As has been stated, the plan of the fair is to raise this \$4,000, of which \$1,000 is to go to the Kindergarten association, \$1,000 to the Fort Worth Benevolent Home, and the remaining \$2,000 is to go to the Elks to be used in improving their lodge room and otherwise expending it for the benefit of the organization.

Everything looks like their success is assured.

A Large Attendance at Pythian Temple Last Night—Guests Enjoyed a Musical and Dramatic Treat

Eureka Lodge No. 99, United Benevolent association, entertained its friends last night most delightfully, carrying out the program with two exceptions, as given in The Telegram last evening. The program consisted of high class dramatic and musical selections participated in by a number of Fort Worth's popular entertainers, all of whom acquitted themselves in a manner to elicit encores, which were responded to most cheerfully.

Hon. G. W. Clark made a short preliminary talk, assuring the visitors that their presence was appreciated. Prof. Heathcote, aided by some of his pupils, contributed largely in the complete success of the evening. The entertainment was given in Pythian Temple and the attendance, in response to invitations private and public, was most gratifying.

THE FOGS AT EARLY MORNING Promise Unpleasant Day, but Later the Prediction for Fine Weather Comes True

Fogs from Frecey, filled the early morning sky and promised an unpleasant day contrary to the forecast made yesterday for warmer weather. But fogs are too unstable to long resist the official forecast, so when the sun rose to a sufficient height, being followed by more pleasant skies. Warmer, it was today, though the minimum temperature last night was 28 as that of night before.

Better weather, from the standpoint of the man whose overcoat is still in pawn, will be here tomorrow.

Thousands of Women Suffer, and Many Die, Owing to False Treatment.

PAIN'S CELERY COMPOUND

Never Fails to Banish Disease and Re-establish Lasting Health.

Thousands of women are kept in sickness for months and years owing to false treatment and the use of worthless medicines, and we are inclined to believe that Milton thought of this class of almost dying women when he said:— "The angelic guards ascended, mute and sad."

The common sense treatment of today for weak, run-down and suffering women, is Paine's Celery Compound. This marvelous medicine is spoken of in every part of the civilized world, and men and women of all classes derive new life from its use. M. Elizabeth Messick, Marietta, Ohio, writes about her rescue from a low condition of physical weakness; she says:— "Eight years ago I was most successfully operated on for an ovarian tumor weighing twenty-five pounds. After the operation tonics and foods were used in vain to bring back strength. In some way Paine's Celery Compound came to the rescue, and it really seemed that four doses produced a change. I was then sixteen years old and had three years more of school work. Your Compound is the only thing I have to thank for strength during the last three years at school. Now I am eight months of each year in the South in home missionary work among the freedmen. This last spring I would have had to give up, but one bottle of Paine's Celery Compound made me over again. My sister cured her eczema with Paine's Celery Compound. We recommend it to all."

JUDGE TILLMAN SMITH IS NON-COMMITTAL

Will Not Say Positively Whether or Not He is a Candidate For The Appointment to City Attorney's Office

City Attorney W. D. Williams said today that he would hand in his resignation at the next meeting of the city council Friday night, November 21. The resignation will be effective at the first meeting of the council in December, which will be on Friday night, December 5. He said he did this in order to give his successor ample time to get himself in readiness to defend the city in the bond suit in the federal court set for January 5 of next year.

Judge Smith Not Talking Asked concerning the report that he was a candidate for Mr. Williams' position as city attorney, Judge Tillman Smith replied to The Telegram reporter with a smile and a faraway look. He said that he would not decline so good a position if it were offered him. It was not a race before the people, still he was being urged to announce for it. There were just nine men to vote upon the proposition and he did not know just the majority of these nine men.

He had not said that he was a candidate, but added that "I think I am competent to fill it, and would not turn down a chance to get it, if such chance came my way."

"Can I say that you are a candidate?" asked The Telegram reporter. "Not on my authority," smiled the judge. "You need not quote me on the matter at all. I told one young man who called to ask me about it that I was asleep. You can just say that I was still asleep. Won't you have a seat? It is a nice day."

Judge Smith's friends say he is a candidate for the position and will submit his name to the council for appointment. They further say that he stands a good chance for getting it, at any rate the worst he would get out of eight votes would be a tie, but if the ninth vote is cast much depends on that ninth vote.

MORE HEREFORDS COMING TO TEXAS.

These cattle will undoubtedly be the best lot ever sold in Texas. They will be sold in the northern pens of the Ft. Worth stock yards on Tuesday and Wednesday, November 25th and 26th. They come from three of the largest and best known herds of Hereford cattle in the world, Gudgeff & Simpson, Independence, Mo.; Scott & March, Belton, Mo.; and Sunny Slope Farm, Emporia, Kan. For four years these parties have been making an annual sale at Ft. Worth. They now announce that they will sell the best lot of cattle that have ever been sold in one sale in Texas, which means that people wanting Herefords will have an opportunity to buy some of the best cattle from Kansas and Missouri, without going to the expense of a trip north to get them. These breeders have shipped good cattle to Texas, have done by their customers as they agreed to and are worthy of the confidence and patronage of the Texas cattlemen.

SQUARE GIVES GOOD EXAMPLE

HOW BRICK PAVEMENT HAS SHOWN ITS USEFULNESS NEAR UNION DEPOT

WONDERFUL DURABILITY

Though Down Little Over a Year It Is Beginning to Sag and Crack and Much of It Should Be Replaced With New Pavement—Heavy Traffic

"Say, you reporter," said one of the union station employes to a representative of The Telegram this morning, "You're talking so much about asphalt pavement, why don't you look at the brick here in front of the station and about the square?"

The reporter looked. Strange to say no photographs of the remarkable piece of paving have been yet exhibited as evidence in the controversy over the merits of asphalt and brick for Houston street.

Though in place but a little over a year, the pavement is cracked and worn. Near the street car tracks it sags down as if there were absolutely no foundation below it.

A better place for a paving test could not be found in the city as undoubtedly the traffic is heavier than anywhere else. People are constantly driving over the square, either to the fountain to water their horses or across it on one of the streets leading to the station. The result has been that the brick paving which is supposed to last so long, has worn as rapidly as any other kind would.

Even now, much of it should be replaced with new brick, or granite blocks, or something that would not chip, crack or sag. Advocates for brick pavement have been silent about the shining example at the union station. Asphalt people have evidently overlooked it. It is worth inspecting.

INDIAN BASKET WORK

Mrs. J. J. Nunnally Will Demonstrate in Basket Making for Elks

Among the very interesting attractions to be seen at the Elks' carnival will be a demonstration in Indian basket weaving, given from 2 to 5 p. m., Wednesday, Thursday, Friday and Saturday.

Mrs. Nunnally visited in Colorado during the summer. She had read much of the Indian squaws' work in this art, and while in Denver she took a several weeks' course of lessons from some of the most expert in basket weaving. She perfected herself in the art, and is very enthusiastic in the work, so much so that since her return home she has been prevailed upon by a number of ladies to teach them.

Learning of this, the ladies' committee on the Elks' carnival secured her consent to teach in a booth at Elks' hall, from 2 to 5 p. m., in a booth at Elks' hall. She will demonstrate all the technique of the art. The baskets are woven in reeds, all the colors imaginable being used, from Raffia grass, a grass peculiar to Indian usages.

Mrs. Nunnally says the baskets retail from \$5 to \$50 from first hands, and she saw a receipt for one valued at \$1,500, made for the government, and now at the Smithsonian Institute. They are made in all shapes and sizes, and are used by the Indians in serving fruits, food and for "catchalls," decorating, etc.

REMARKABLE SUCCESS

Of a New Catarrh Cure

A large and constantly increasing majority of the American people are catarrh sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really catarrh. Formerly the name catarrh was applied almost exclusively to the common nasal catarrh, but the throat, stomach, liver, bladder, kidneys and intestines are subject to catarrhal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeding ground for catarrh. The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

A new internal preparation which has been on the market only a short time, has met with remarkable success as a genuine, radical cure for catarrh. It may be found in any drug store, sold under the name of Stuart's Catarrh Tablets, large pleasant tasting lozenges, composed principally of antiseptic ingredients, Bloodroot, Red Gum and similar catarrh specifics.

Dr. Ainslee in speaking of the new catarrh cure says: "I have tried the new catarrh remedy, Stuart's Catarrh Tablets, upon 30 or 40 patients with remarkable satisfactory results. They clear the head and throat more effectively and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them as I know them to be free from cocaine and opiates, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach, liver or bladder will find Stuart's Catarrh Tablets remarkably effective, pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.

Jumped On a Ten Penny Nail. The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Fortland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by N. E. Grammer, druggist.

Texas railroads last year earned \$58,890,496.

How the eyes of those Chicago people who didn't get to come on the Texas trip will bug out when they hear the marvelous tales of those who did.

The flower show at Waco was not a financial success, but after all who expects to make money out of flowers? They serve a better purpose than that.

The railroads don't seem to be seriously alarmed over any prospective loss of traffic by the navigation of the Trinity river from Dallas to the coast.

A matrimonial promoter up at St. Louis has been sentenced to the penitentiary for eighteen months. It's dangerous, this matrimonial business; don't monkey with it.

The experiment of cotton raising in Africa has been fairly successful, but because of the conditions that surround the industry there in the unreliability of the labor available, it is not believed that it will ever threaten the supremacy of the South.

They are talking about running States Attorney Folk of St. Louis for Governor of Missouri. Better leave him where he is. He seems to have found that particular niche in the temple of usefulness that Providence intended him for. Each additional booster he sends to the "pen" adds weight to this assertion.

The returns of the New York Journal of Commerce for the month of October show the addition of 100,000 spindles and 3,150 looms to the total spindleage and loomage of the South, involving an expenditure of approximately \$2,000,000. And October was not a record month in cotton manufacturing progress, either.

The Republicans of the West who favor tariff revision might just as well give up trying to get a statement from Cannon, candidate for speaker, that will clearly indicate just where he stands. Cannon has been dodging questions of that kind for the last half century. Getting satisfaction out of him against his will is like trying to ring the gold watch on a circus day street fakir's stand.

Fort Worth's bank clearings for last week amounted to \$3,273,769; which is but a few thousands less than those of Atlanta, Ga., and Toledo, Ohio, both cities of much greater size. Its clearings are higher than those of Des Moines, Ia., Hartford, Conn., or Nashville, Tenn. It is evident from these figures where this city stands in com-

mercial importance; and that it is not now twice as large in population as it is, is only because people could not move here as fast as business has grown.

This paper has always been the friend and advocate of the Board of Trade. It pays its dues regularly and cheerfully because it is in position to know and appreciate what it is doing for the city. If every citizen knew as well as this paper does the advantage of united and concerted effort every citizen would be a member of the organization.

METHODISTS WILL COME HERE

There was considerable rivalry among various cities as to which should secure the meeting of the next conference of the Northwest Texas Methodists. Abilene, Hillsboro, Mineral Wells, Waco and Fort Worth were after it. Each claimed to have advantages afforded by no other city in the universe. Fort Worth finally brought down the 'possum, largely through the eloquence of Rev. Mr. Werlein. He invited the conference to come here so that all the brethren could see and enjoy the luxury and elegance of a first-class city with fine cars, depots and water in abundance to supply all the wants of all. He explained, however, that Fort Worth did not intend to furnish them only the thin diet of water; but would feast them on fine meats from its big packeries and the fat of the land generally. The good brethren listened carefully and then voted for Fort Worth. When they came they will see all that Reverend Werlein described and much more too, for the city is growing so fast between conferences that it is impossible for any speaker to keep up to date on its advantages.

Virginia is having trouble already over its new constitution. Saturday two negro petitioners filed a document praying that the state board of canvassers be restrained from canvassing the vote of the last congressional election on the ground that the new constitution of the state under which the petitioners are disfranchised is in conflict with the constitution of the United States. Should the petition be granted the entire congressional vote will be held up and Virginia will be without representation in congress until the question is disposed of. The case may get to the United States supreme court before final settlement. The petitioners allege that no representative of the government exists in Virginia. The electoral board is composed of the governor, secretary of the commonwealth, auditor of public accounts, treasurer and attorney general. The board meets on the 24th of this month.

The decline of the dueling spirit was never more forcibly illustrated than at St. Louis last week. Following a difficulty over the question of a woman's honor, a man named Arlund sent a challenge to the redoubtable Colonel Moses Wetmore. Both men left the city immediately after, one going westward to Kansas City and the other Eastward to Louisville. The question has now arisen, which left St. Louis first. That duel will never be fought, or if it is, it will be over the long distance telephone. In the meantime both Wetmore and his challenger are the laughing stock of St. Louis. People nowadays can't take duels seriously.

The psalmist says, "There is a time for all things." Just now is the time for Fort Worth to buckle on its armor and do its most ardent and valiant work in pressing upon public attention the advantages it certainly enjoys. The public should be made acquainted with the facts. No individual can do this. It requires the cooperation of the entire city. The Board of Trade is the medium through which this can be done.

Seats on the New York Cotton Exchange have more than doubled in price during the last year. They are now held at \$8,000. Quite a good price to pay for the privilege of sitting down. It even costs ten times more in the Stock Exchange. Those Easterners are a tired lot.

There will no doubt be people uncharitable enough to say that it would have been a good thing if that would-be assassin had taken better aim at old King Leopold. People shouldn't say such things. Lizards and snakes have their uses, and so, no doubt, has Leopold.

If the coal operators and their twenty-eight lawyers make anything off of John Mitchell on the witness stand it will be more than they were ever able to do off of it.

MAN DIES AMONG STRANGERS

He Had Been Traveling in Search of Health—Leaves a Widow K. D. Bacon died at the room occupied by himself and family, 113 North Houston street, this morning. Deceased had been in poor health for some time, and he and his family had traveled from place to place during the past two years hoping to find a climate which would give new vigor to his failing condition. By reason of this roving they were in reduced circumstances. Chief Rea was appealed to by the wife. He had the remains removed to Undertaker Robertson's, Chief Rea then wired deceased's father at Indianapolis, Ind., but at 2:30 p. m. had not received a reply. The widow, it is said, is dependent upon charity just at this time, and Chief Rea will make an effort to have her wants provided for.

A FIGHT ON THE CANTEEN

W. G. T. U. WILL RESIST REPEAL OF THE LAW

THE OPINIONS OF MOTHERS

These Will Be Sought by Each of the 10,000 Local Chapters of the Organization—In the Army Every Department Commander Favors the Present Law

(Special to The Telegram.) CHICAGO, Nov. 18.—Opinions of mothers of regular army soldiers are to be used by the Women's Christian Temperance Union in support of the contention that the anti-canteen law should not be repealed by congress. This step has been decided upon by the national officers of the union at Rest Cottage, Evanston.

The opinions of the mothers is about the most effective argument we could present before a congressional committee," said Mrs. Lillian M. N. Stevens, national president. "We anticipate some effort to bring about a change in the anti-canteen law, and we will certainly oppose it."

Each of the 10,000 local chapters of the organization will be urged to communicate with the mothers of soldiers in their localities and ask them their opinion of the canteen. The mothers also will be asked whether their sons send more or less money home since the canteen was abolished than they did before.

The Canteen Will Be Established

By many officers of the army it is believed that the canteen will be established by congress, the experience of the last two years, in the belief of the higher authorities, warranting its re-establishment.

In the army there is probably not a department commander who does not favor the canteen. Especially has the fight for the canteen been going on in the West. Brig. Gen. Frederick Funston, commanding the Department of Colorado, uses probably the strongest language in favor of the establishment of the canteen. He expresses the belief that the great number of desertions of the last two years may be traced directly to the lack of a canteen within the military reservations. In the annual report of the adjutant general of the army, which has just been issued, General Funston devotes some space to the canteen. Likewise there are other commanders who do the same.

Dives Have Sprung Up

Attention is called to the number of saloons and "dives" that have sprung up around garrisons where there is no law prohibiting the proprietor from selling liquor to soldiers at all hours, whether or not they are in an intoxicated condition. Under canteen regulations it was impossible for men to purchase and imbibe liquor to excess. The discipline was better at the posts, and there was less dissatisfaction among the men. At least, many officers have no hesitancy in saying this.

Best Liniment on Earth I. M. McHany, Greenville, Tex., writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism."

And then he never could tell just who brought this about, whether it was Mrs. Burton or Miss Allyn, with their tears and tribulations; whether it was Nevins, with his bold accusations, or Petty, with his insidious tales, but indeed them all the old colonel was induced to send his adjutant and acting aide to examine certain baggage of Loring's stored at the hotel. Never having given up his room when hurrying off to Gate City, expecting to be back within a week and merely to pay room rent when absent, as was the arrangement of the day, Loring had left his trunks and desk securely locked.

Two officers and the protesting hotel clerk were present at the opening. The locksmith even seemed to hate his job; the adjutant had never a meaner one, but Petty was eager. Fresh from an interview with Geraldine, he was the directing spirit. It was his hand that directed from deep down under the packed clothing in the trunk a small tin box, wrapped in a silk handkerchief. Within the box, when opened, were certain letters in a woman's hand, Geraldine Allyn's—letters written to Loring in the days of their brief engagement, letters long since returned to her under his hand and seal, and with them, in closely folded wraps of tissue paper, enclosed in stout envelope, a valuable solitaire and as valuable a ring. The regimental adjutant it was who opened the box and who made these discoveries. Half an hour later they were identified by Nevins, in the presence of old Pecksniff, as the diamonds entrusted to Loring's care in Arizona, and Nevins promised to be disappointed because the watch, too, was not found with them.

Not until late July did Loring learn of the action taken in his enforced absence and of the resulting developments. Not a word would he vouchsafe in explanation when old Pecksniff, writing under the criticisms of his superiors, sent his adjutant to "invite remarks."

The court has been ordered," said Loring, with coolness described as contemptuous. "I'll make my remarks there."

But long before that court could meet the colonel, as has been said, went back to his post. The new commander arrived and ordered Nevins to an Iowa prison to serve out the year awarded him, sent Captain Petty summarily to Laramie, and bade Mrs. Burton go about her business when that lachrymose person came to urge that he should do something "to make Lieutenant Loring settle."

HE COULD HARDLY GET UP. P. H. Duffy, of Ashley, Ill., writes: "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Sold by Reeves' Pharmacy, Ward Pharmacy and Arlington Drug Co.

KATY ISSUES ORDERS TO BUILD

Colgate Extension Will Go at Once From That Point Northwestward

Orders have been issued for the construction of the first forty miles of the Missouri, Kansas and Texas extension between Colgate and Oklahoma City and work will begin at once from Colgate. This extension was mentioned some time ago in The Telegram and passes through very valuable territory.

Already the Katy has a short line from Atoka to the coal fields of Colgate and the new line will be but an extension of this for about 100 miles. The outlet south from this line will be over the Katy's main line down to Denison and Sherman. The new line will be about half way between the Choctaw, Oklahoma and Gulf and the Santa Fe and will practically bisect the triangle made by those two lines, the apex of which is at Oklahoma City. By this it will be seen, the new line will draw support from both, being at no time more than forty miles from each line. It is a very shrewd piece of railroad extension and one which was not announced until all plans had been completed.

HIS SISTER LIVES HERE

Chief of Police Rea received the following message from Galveston late this afternoon:

"Thomas Kelly, a cripple, found dead. His sister in Fort Worth, answer at once. J. Levy & Bro., undertakers."

Chief Rea at once began search to locate relatives of the dead man, though he was not known here. No further description was received from Galveston.

BOYS' SHOES

Boys generally find all the mud holes and rough places there are—try them, too, just to see how bad they are, it seems. Incidentally they try their Shoes—and if not good, woe unto the pocket book that pays the Shoe bills. We invite such purses, if they've been strained, to rest here for awhile. We do Shoe the boys well—no Shoes offered but what we know from the factory to the foot. Best upper stocks of box calf, satin calf and dongola or vic-mannish looking toes and soles—and built in every seam like a house on a rock. We make them good against everything but cuts and burns. Dress Shoes a little higher—but that's another thing. We fit boys' feet.

Do Not Neglect This

IF YOU DO YOU WILL REGRET IT.

THIS WEEK

ENDS THE FACTORY SALE OF HIGH GRADE PIANOS

ON EASY TERMS AT 300 MAIN ST.

There are many reasons why you should not neglect the unprecedented opportunity offered you in this factory cost piano sale of high grade pianos. The quality, the styles, the prices, and the terms will certainly appeal to you now as never before.

Please bear in mind that this is not a sale of cheap pianos or second-hand ones, but all are new, modern, up-to-date, latest styles, different fancy woods and thoroughly worthy instruments with the very latest improvements and fully warranted by the manufacturers.

A few reasons why we can sell a piano cheaper than others:

We appreciate the fact that we are fought by all dealers who do not handle our pianos. Why is this? Because we are today putting a first-class, high grade piano within the reach of all at about the price the dealer pays for the same grade of goods. We have one of the largest piano factories in the world, and with brains and money, we are able to make a piano that ranks with any other made; this enables us to sell direct to the people at a price no other house can duplicate. New and elegant piano in fancy carved case, three pedals, double over-strung bass, and fully warranted for five years. Dealers usually ask \$350 for it. Our factory sale price, \$197.

Come and see us before it is too late, as this will positively be our last week.

Can you afford to miss this chance? 200 Main street, corner Second.
