IN WILD PANIC AT FIRE MEN TRAMPLE ON WOMEN TO ESCAPE

500 MEN, WOMEN AND BOYS RUSH FROM CIGAR FACTORY BECAUSE OF FIRE IN ADJOINING BUILDING AND IN THE CRUSH THREE WOMEN ARE KILLED AND MANY BADLY INJURED

(By Associated Press.) NEW YORK, Jan. 23.—Three women were killed and five women and one man seriously injured in a panic fire in an adjoining building, the result of a fire in an adjoining building. The dead are: Jennie Messina, aged 25 years; Fannie Kottberg, aged 22; Mrs. Mary Sparran, aged 24. The flames from the burning building beat against the wall of the cigar factory, causing a panic among the five hundred men, women and boys.

FAST TRAIN RUNS INTO AN OPEN SWITCH

NEW ORLEANS SPECIAL COL- LIDES WITH FREIGHT CARS AND TRAINMEN ARE BADLY INJURED

(By Associated Press.) MEMPHIS, Tenn., Jan. 23.—The Illinois Central's New Orleans special, from Memphis to New Orleans, which left this city at 12:15 o'clock this morning, was derailed and badly wrecked by an open switch at a lumber company's side track in an industrial suburb in the southern part of the city.

Five of the seven coaches were derailed and overturned and the locomotive was badly smashed. Not a single passenger was injured and none of the train crew was killed outright, although the engineer and fireman are fatally injured and three other members of the train crew are seriously hurt.

The fatally injured: Harry Norton, engineer, Memphis; John McDaniel, fireman, Water Valley, Miss.

The seriously injured: J. P. Meyrick, baggage master, Fulton, Ky.

Frank Etheridge, mail clerk; Reuben Davis, mail clerk. The switch at the siding was open, although the switch lamp showed a clear track. It is believed that it was deliberately opened and the lamp set with the white light showing by wreckers for the purpose of derauling the train.

The engine collided with a number of heavily loaded box cars on the side track, and the entire forward section of the train left the track. The mail car was badly crushed and the combination buffet and baggage coach was cut squarely in two. One of the Pullman sleepers was thrown at right angles to the track but remained in an upright position. The rear sleepers did not leave the rails and the occupants escaped with a slight shaking up.

There were about sixty-five passengers on the train. The engineer and fireman were caught in the ruins of the engine and are badly scalded and burned. Both will die.

The train is the fastest and handsomest on the southern lines of the Illinois Central. It consisted of a mail coach, combination buffet and baggage coach, two day coaches and three Pullman sleeping cars.

GERMAN WARSHIP IS ENTITLED TO ITS NAME

THE PANTHER PROVES TO BE FEROCIOUS WHEN IT COMES TO VENEZUELAN FORTS—SAN CARLOS DESTROYED

(By Associated Press.) BERLIN, Jan. 23.—The first official report of the bombardment of Fort San Carlos has been received from the commander of the cruiser Falke, saying that the fort was shelled and set on fire by the Panther and Vineta. The fort was ultimately destroyed. A Report Unconfirmed. CARACAS, Jan. 23.—Up to 10 a. m. today no news had been received tending to confirm the report that the German warship Panther had entered Lake Maracaibo and that the Venezuelan cruiser Maranda had surrendered to her.

Germany Hears It at Last. BERLIN, Jan. 23.—The report of the bombardment of Fort San Carlos in Venezuela was received at the navy department at noon today, but it is being communicated to the imperial chancellor before being published. The foreign office has not received any representations from Secretary of War Hay relative to the bombardment.

MARCONI HINTS AT TROUBLE FOR US

SAYS GOVERNMENT MUST NOT TAKE UP THE WIRELESS TELEGRAPH OF ANOTHER INVENTOR AS IS LIKELY

(By Associated Press.) BOSTON, Mass., Jan. 23.—Before leaving this city for New York Mr. Marconi dropped a hint of possible serious complications for the United States government. It appears that he has already had negotiations with the United States concerning the right to use a system of wireless telegraphy over this entire country. The terms were considered by the president and were finally rejected as too high. For nearly a year experiments have been made in Washington and many officers think they have an invention which will equal Marconi's. The Italian inventor knows of this, and intends to stand up for what he believes his rights in the matter.

"This thing is to be settled in the courts. I do not care to say much about it now, but I will say that an action will be brought for an infringement of the invention," he said, positively.

OVERDUE SHIPS A CAUSE OF MUCH ANXIETY

APPREHENSION FELT FOR BOATS ON THE ATLANTIC BECAUSE OF RECENT HEAVY WEATHER

(By Associated Press.) BOSTON, Jan. 23.—Anxiety, in view of the heavy weather on the Atlantic, is being felt for some of the foreign steamers now on their way here with coal from British ports. The British steamer Farnham left the Tyne Dec. 21, and was last reported off the Deal two days later. The British steamer Cleopatra sailed from New Castle, England, Dec. 20, and the Hazelmore, also British, sailed from Shields the same day. The Exmoore left Cardiff Jan. 1; the Morocco left Hull Jan. 2, and six other steamers left coal ports on Jan. 3. None of them have yet been sighted.

SHOW CAUSE FOR EXCLUDING SMOOT

MINISTERIAL ASSOCIATION OF SALT LAKE WILL APPEAR BEFORE COMMITTEE AND FIGHT THE MORMON

(By Associated Press.) SALT LAKE CITY, Jan. 23.—The Ministerial association of Salt Lake City, which has been conducting a systematic fight against the election of the Apostle Reed Smoot to the United States senate, has sent a telegraphic protest to Senator Burrows, chairman of the senate committee of privileges and election, against seating Smoot. The committee will appear at the proper time to show cause for Smoot's exclusion.

RAILROADS TO SPEND VAST SUMS OF MONEY

(By Associated Press.) NEW YORK, Jan. 23.—Expenditures for railroad betterments and extensions during 1903 will exceed \$300,000,000. The Pennsylvania work alone, which will begin in a short time, will amount to \$80,000,000. Of this sum the Pennsylvania budget sets aside \$30,000,000 for immediate use in New York city, and a large portion of this will be used in taking up options on real estate. The New York Central will spend fully \$25,000,000 in this city alone. The Baltimore and Ohio Railroad company has decided to spend \$30,000,000 in addition to the \$80,000,000 already expended. The seven Pacific directors have decided to continue the expenditures on that system on a par with the previous year. The total amount of these will approximate \$40,000,000. The directory of the Chicago and Rock Island has decided to spend \$2,000,000 in improvements on the lines in Iowa and Nebraska and as far west as Denver. Atchison interests are to spend \$20,000,000 in the construction of new lines in Oklahoma, consisting of about 1,000 miles of road, touching all the principal points in Oklahoma.

EXPLOSION OF DYNAMITE IN TUNNEL KILLS TWO. PITTSBURGH, Pa., Jan. 23.—Two men were killed and four seriously injured this morning in the Wabash tunnel by an explosion of dynamite. It is said, to someone turning on an electrical current without receiving the proper signal. The dead are: Frank Taylor, night foreman, married, crusaded to death; Harry Florence, day foreman, single man, head blown off. Germany's tallest soldier is a non-commissioned officer 6 feet 8 inches in height.

LYNCH IS SENTENCED TO DEATH FOR TREASON

IRISH MEMBER OF PARLIAMENT IS FOUND GUILTY FOR ACTS AGAINST GREAT BRITAIN COMMITTED DURING THE EARLY PART OF THE BOER WAR

(By Associated Press.) LONDON, Jan. 23.—Colonel Lynch was found guilty and sentenced to death. The jury was out half an hour before returning a verdict of guilty. When asked if he wished to say anything Lynch replied: "Thank you, I will say nothing." Sentence of death was then passed for each of four counts in the indictment. The prisoner bowed to the court and was removed in custody of officers. This morning the counsel for the defense summed up. No attempt was made to deny that Lynch had supported the boers, but his counsel contended that naturalization in no way prompted treasonable intent. Solicitor General Sir Edward Carson maintained that Lynch joined the boer army as a discontented Irishman, "thereby committing the most cowardly and most serious act of treason." This is the first trial for treason in England for upward of sixty years. The last was that of a youth who fired a pistol at the late Queen Victoria as she was riding down Constitution Hill. The youth, whose name was Francis, was condemned to death, but the sentence was commuted to life imprisonment. He was released in 1867. Drawing, quartering and beheading accompanied the death penalty for treason until 1867, when they were abolished. The death penalty, however, remains.

THE DIX AND ALL ON BOARD REPORTED LOST

(By Associated Press.) SEATTLE, Wash., Jan. 23.—An unconfirmed rumor was current among shipping men late last night to the effect that the transport Dix had gone down this side of Yokohama with all on board. No details of the wreck were given and it is impossible to locate the origin of the story. The Dix sailed from Seattle Dec. 31, bound for Manila, by way of Nagasaki, with a heavy cargo. Captain Hopkins was in command of the transport, with Captain Sternberg of the United States army in charge of the vessel. Major Bingham of the quartermaster's department stated this morning that he had had no word of the wreck, and that when the Dix left this port it was to proceed to Nagasaki. This course would bring the transport in the route of Japanese steamers, and possibly a report will come from that source.

SITUATION AT DENVER REMAINS UNCHANGED

DENVER, Jan. 23.—The situation here is unchanged. W. H. Kelley, the missing democratic member of the house, was found in his lodgings this morning. He said he would attend this afternoon's session of the house. An armed guard is still holding the senate chamber.

DALLAS, Tex., Jan. 23.—The prohibition election that has been called for Feb. 17 in Dallas county has brought on a hot fight, and organizations are being formed with the battlecry, "pay your poll tax."

NO DANGER OF THE BUBONIC FEVER ENTERING TEXAS

(Special to The Telegram.) AUSTIN, Tex., Jan. 22.—Dr. W. M. Brumby, city health officer of Houston, is in the city a guest of the Driskill. Speaking of the bubonic plague now raging in some parts of Mexico, Dr. Brumby said: "There is but little danger of the plague penetrating into Texas if the people will but observe the least precautions. To preclude its entrance, it is necessary for the sanitary conditions of a city to be in the best possible situation, and for the people to observe cleanliness in all things. In view of this, I am safe in saying that it will be almost impossible for the disease to obtain a foothold in any of our Texas cities."

LESS THAN 2,000 ARE QUALIFIED TO VOTE

In spite of the efforts of the authorities and others to impress on Fort Worth the necessity of immediate payment of poll taxes before Feb. 1, it is evident that unless there is a decided rush, less than 2,000 Fort Worth voters will be qualified. Up to 2 o'clock this afternoon, 2,169 tax receipts for taxes due in 1902 have been issued, and as a large per centage of these do not include poll taxes, a good deal less than 2,000 voters have qualified. Separate poll taxes are being paid at the offices of the city collector and assessor at the rate of perhaps fifty a day. There will have to be a decided rush in business within the next week or Fort Worth's vote at any special election which may come up this year will be decidedly light.

DISTRICT COURT HAS A BUSY DAY

CRIMINAL SUITS DISPOSED OF AND NEW ACTIONS FILED

Joe O'Connor on Trial This Afternoon, Charged With an Aggravated Offense—Big Damages Sought by Mrs. Dixon and J. B. Peightal—Verdict For Mrs. Anderson—Jake Johnson Punished

Business was brisk in the Seventeenth district court. Besides the sentences passed upon "Kid" Shine and John Daniels, referred to in another column, Joe O'Connor is on trial this afternoon charged with a criminal assault upon Frances Riger, the nine-year old daughter of Christ Riger. Several new cases were filed. Esther A. Brooks seeks to foreclose on thirty acres of the Joseph Walker survey to satisfy a debt which she claims to be due from A. Earl, et al. Mrs. May Dixon instituted action against Swift and Company to recover \$20,000 for the death of her husband, H. C. Dixon, a laborer employed at the packing house, who was killed by

the fall of an elevator Nov. 23 and J. B. Peightal filed a claim of \$10,000 against the Houston and Texas Central railway for damages sustained through the loss of his leg in an accident at Ennis, Texas, Nov. 10.

In the Forty-eighth district court the jury was discharged for the week last night after awarding \$5,500 damages to Mrs. B. E. Anderson in her suit against the Cameron Mill and Elevator company. Her thirteen-year old son fell into an excavation left by employees of the company on Monroe near front street in April, 1902 and sustained injuries which resulted in partial paralysis.

The county attorney and his assistants have tried eleven cases in the Seventeenth district court this week and secured convictions in all of them.

The County Court
Jake Johnson, colored, pleaded guilty to betting before Judge Milam in the county court this morning and was fined \$10.00 and costs.

SENATOR TELLER MAKES ADDRESS

DEMOCRATIC MEMBERS OF LEGISLATURE HEAR HIM

THOSE SIX DEMOCRATS

The Failure of That Number to Cast Their Ballots in the Session of Wednesday is Deeply Regretted by Leaders—Wolcott Says He Will Not Withdraw

(By Associated Press.)

Denver, Jan. 23.—Before the Democratic members of the senate and house assembled in joint session at noon Thursday they held a meeting at which they listened to speeches by Senator Teller and other leaders. United States Senator Thomas H. Petterson said that senator felt keenly the neglect of six Democrats to vote at the joint session Wednesday, thereby defeating his election. He said that the conference had been called in order that Senator Teller might make a statement. Former Governor Adams, Chas. S. Thomas and Thomas J. O'Donnell declared that Teller was the only logical candidate and that the only thing for the party to do was to elect him senator.

Senator Teller was greeted with applause. He said that he had not attended the meeting for the purpose of finding fault. He declared that he believed the Democratic party was paramount to the interests of any one man. He said he had not withdrawn and did not intend to withdraw if things came to such a pass that the party would not agree upon him. He was willing that his friends should support the party choice. Senator Teller said the senate acted properly in calling for the joint session Wednesday. When the last election was over, the Democrats had a majority of ten on the first ballot and by every precedent in American politics the Democrats were entitled to the senatorship.

The senator criticized the Republicans for their action in the house. He also denounced the Republican senators and held that the question to the Democrats was whether the majority of the law should be maintained.

The meeting then adjourned and at noon the joint session was called to order. Fifty Democratic members of the legislature, one short of a quorum, were present.

Representative Wm. H. Kelly, Democrat, was absent and the senate sergeant at arms was instructed to bring in absentees. No attempt was made, however, to force the attendance of Republican members.

The Democratic senators who are holding the senate chamber have agreed if necessary to spend the remainder of the ninety days of the session in the chamber.

They have adopted a set of rules and regulations which will govern the members as long as the present conditions hold out.

Each senator was assigned to a certain amount of duty as captain of the guard and a list was made out giving six senators a night together.

Lieutenant Governor Taggart's senate held an executive session Thursday and some of its members conferred with Governor Peabody. Various rumors as to plans of the Republicans are in circulation, but no definite announcement of what they will do has been made.

Attorney General Miller is looking up the law bearing on the controversy and it is believed Governor Peabody will be governed by Miller's advice.

"Certainly not," said E. O. Wolcott, leading Republican for senator, when asked Thursday whether he would withdraw if Senator Teller would do so.

Wolcott said no contingency could arise which would cause him to withdraw.

THE EMPIRE'S BIG DEFICIT

Socialists Ascribe it to German's Efforts to be First

Berlin, Jan. 23.—During the budget debate in the reichstag Thursday Herr Bebel, Socialist, ascribed the empire's deficit to the enormous expenditure for the army and navy and to the "Fe title efforts to play the first role in the world," which Germany was unable to do. "The government," he continued, "was afflicted with the malady of suddenness, which defeated its own aims."

The speaker instanced the rearmament of the army with artillery which had already been relegated to the second rank. The United States, Herr Bebel said, had entered into the competition for armaments and owing to her great resources and energy, will soon outstrip Europe.

Herr Bebel further said the empire's expenditures for the army and navy were likely to grow even greater under the present conception of the foreign policy.

Germany wanted to be first everywhere. Its attitude toward weaker states would never be tolerated toward itself.

Its action toward Hayti was brusque, and now, the speaker asked, can the Panther's bombardment of Fort San Carlos be justified?

Continuing, Herr Bebel remarked: "President Castro is struggling for life and the maintenance of the presidency. We can not take it ill for a man under such circumstances if he resists excessive demands. The coercion of Venezuela is in the interests of great capitalists and the Krupp firm has a share in it. Such violence should be resorted to only in the most extreme cases."

SOUTHWEST STOCK NOTES

The San Angelo Standard says that E. M. Fink, who is buying steers in the Angelo country for shipment to California offered Sol Mayer \$28 a head on a cut of 2,500 from a bunch of 6,000 of the Mayer & Childress steers. The proposition was turned down, Mr. Mayer holding the steers at \$30.

In a recent letter to the Texas Farm and Ranch, F. N. Page, a Donley county, Tex., ranchman, stated that during the past fall T. F. B. Soham of Chillicothe, Mo., through Judge O. H. Nelson had handled over 8,500 head of fine Hereford and shorthorn calves, all raised and bred in the counties of Donley, Armstrong and Carson. The prices paid for these calves born in 1902 was \$14 to \$20.40 per head on the range.

The fact that Billy Anson, the Coleman, Tex., stockman, raised a steer which sold recently when a 4-year-old at \$340 per cwt and weighed 1,820 pounds, caused the editor of the San Angelo Standard to ask for enlightenment as to how it was accomplished.

In reply Mr. Anson wrote as follows: "He was roughed and fed through his first winter as a coming yearling, and was then not fed till November as a coming two, from then on he was fed continually till shipped, but he was never confined to a feed lot, and all the roughness he ever got was the native grass. I fed him this way in order to show that it is not the climate which prevents our cattle growing large, but the fact of starving them every winter. He weighed 1,820 pounds on the market, and sold for \$5.40, which was exactly one dollar per hundred over the tops of the best native cattle that day. He lacked just four months of being 4 years old. He was never fed a heavy feed of grain until four months before shipping; he was allowed just enough to keep him in good growing flesh."

M. R. Ballou, foreman of the GOS outfit, and H. P. Barksdale, foreman of the Diamond Bar, in Grant county, N. M., have resigned their positions and leased everything belonging to C. A. Burdick outfit in Socorro county, N. M., including the TJ connected brand of 7,000 cattle.

Col. Bill Waddell and Col. Tom Martin, two of the most prominent cowmen in Midland, Tex., have purchased 23,000 acres of land in Ector county, the purchase including a part of the town site of Odessa. C. F. Spangler of Zanesville, Ohio, was the former owner of the land and the purchase price was \$46,000.

Ed and Howard Smith recently purchased the Lemberg & Allen pasture near Mason, Tex., paying \$20,000 for the same, and Mrs. Anna Martin & Sons bought the ranch of Ed Smith, also lying near Mason, for \$20,000.

Piepie Childress, manager of the immense interests of the Val Verde Land and Cattle company, and Miss Nellie Henderson were married recently in Ozona, Crockett county, Tex.

BOMBARDMENT IS KEPT UP

VENEZUELAN GETTING BADLY DAMAGED

A DOZEN KILLED AS RESULT

Firing From Three German Boats Continues Wednesday Afternoon Until Six O'Clock and Begins Again Promptly Next Day—Associated Press Correspondent is Close In

(By Associated Press.)

Caracas, Jan. 23.—The bombardment of Fort San Carlos by the German cruisers Vineta, Panther and Falke was continued Wednesday afternoon until 6 o'clock. It was resumed Thursday morning at daybreak. The first shells were hurled at the fort at 4 o'clock at long range. At 6 o'clock the Panther, being of light draught, closed in and again became actively engaged. The fort replied. At 8 o'clock the engagement was proceeding as fiercely at Wednesday. Twelve dead and fifteen badly wounded Venezuelan soldiers were counted in the fort at 7 o'clock Wednesday night by the correspondent of the Associated Press.

The Panther left her position close into Fort San Carlos, which she took up early in the day, Wednesday afternoon at 3 o'clock, and joined the Falke. This was half a mile outside the bar and about five miles from the fort.

At 3 o'clock the correspondent of the Associated Press, in a rowboat, approached one side of the fort, out of range and from this point witnessed the long range firing of the German cruisers, which was continued from 3 until 6 o'clock. The Vineta and the Falke were close together and nearer the fort than the Panther.

The first two vessels, at a range of four and a half miles, poured in a continuous rain of shell upon the fort and only stopped firing with the advent of dusk at 6 o'clock. At this hour the German vessels retired seaward after having made a second ineffectual attempt to land troops in the village of San Carlos, situated at the base of the fort.

At 7 o'clock Wednesday afternoon the correspondent of the Associated Press, who was accompanied by a government telegrapher, bearing a telegram from President Castro to the island and entered the fort. The walls of the fort were terribly battered and there were many evidences of the fierce engagement. Twelve dead Venezuelan soldiers were counted behind the ramparts and fifteen other men, seriously wounded, were lying on a low platform. The fort is literally covered with pieces of broken shells. It was seen that a great many of the German shells had not exploded. The magazine had a very narrow escape, two shells having come within an ace of penetrating it. The walls of the fort, which face towards the entrance of the lake, suffered particularly and were greatly damaged.

It is estimated by the commandant, Gen. Bollo, that the German ships fired more than 1600 shells at Fort San Carlos.

One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood.

A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest. It heals. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood.

THE RULER OF ELKS'S COMING

George P. Cronk of Omaha Will Visit Orders at Dallas

Omaha, Neb., Jan. 23.—Geo. P. Cronk, grand exalted ruler of the Elks leaves here Saturday night for an official visit to Dallas, Texas, where the lodges of that state meet January 26 to form a state organization. They will be a three days' session and the ceremony of dedicating the new Elks club in that city will be part of the program. Following his visit to Dallas Elks Mr. Cronk will go to New Orleans, Birmingham and Richmond, stopping at Bedford, Va., to inspect the Elks' home. He will reach New York Feb. 9. The grand exalted ruler goes in his official capacity and will visit as many lodges in the south as possible with a view to strengthening the order in the southern states.

MUCH ORATORY WASTED ON QUESTION OF THE FLAG

Guthrie, Okla., Jan. 23.—After a day and a half in oratory wasted in the house on bills to place a flag on every schoolhouse the measure was defeated Thursday for the reason that it could not under the law be made mandatory. It would have cost each school district \$3, and some counties have 300 districts. A feature of the discussion was a free schoolbook speech by Speaker Bowles, advocating free textbooks.

Statehood Bill Discussed.

Washington, Jan. 23.—The statehood bill occupied the entire attention of the senate Thursday except for a few routine matters which came up during the morning hour. Mr. Burnham, who spoke in opposition to the omnibus statehood bill, made the principal speech of the day and did not conclude his remarks. The legislative, executive and judicial appropriation bill was sent to conference and Messrs. Cullom, Warren and Cockrell were named as conferees.

By Unanimous Vote.

Guthrie, Okla., Jan. 23.—Two house resolutions memorializing congress were passed by the Oklahoma senate by a unanimous vote. The first asks congress to refund all town lot sale moneys to the three counties of the new country and the second seeks to secure the Fort Supply military reservation and buildings for an Oklahoma penitentiary. The first involves \$400,000, which is now in the United States treasury.

OKLAHOMA STOCK SANITATION

Colonel Albert Dean Confers About Legislation

GUTHRIE, Okla., Jan. 23.—Colonel Albert Dean of Kansas City, agent of the bureau of animal industry for the entire west, was here by invitation of Governor Ferguson, with whom he was in secret conference all day and left for Kansas City. Members of the live stock sanitary board were also called in, but none of the parties to the conference would say more than that probable legislation was discussed. John Sullivan, now territorial live stock inspector at Hobart, was suspended because of alleged irregularities in letting cattle cross the line and will be tried when the board meets in Norman, Feb. 12. It is understood no quarantine laws will be passed until after Colonel Dean's address at Oklahoma City, Feb. 10.

KANSAS STOCK YARDS BILL

If Passed, Kansas City Quarantine Yards Must Be Moved

TOPEKA, Kan., Jan. 23.—Another bill drafted against the Kansas City stock yards was introduced in the senate. Allen of Doniphan is its sponsor. It is a measure relating to quarantine yards, and if passed will force the Kansas City Stock Yards Company to move its quarantine yards. Section 1 provides that it shall be unlawful for any person, company or corporation to keep, maintain or establish quarantine yards within one mile of any city or town where native cattle are kept. Section 2 defines the term quarantine yards to be any yards, corral or other place where any cattle or other animals are capable of communicating Texas splenic or Spanish fever or any other infectious or contagious diseases, and shall include all cattle coming into the state from south of the quarantine line. The penalty is a fine of from \$500 to \$1,000 and imprisonment from six months to a year in jail.

INQUEST HELD OVER CONZALES

VERDICT GIVEN AS TO CAUSE OF HIS DEATH

J. H. TILLMAN IS NAMED

The State Senators Who Were With Tillman When the Killing Occurred Testify to the Facts as They Have Been Published in the Newspapers—100 People Present

Columbia, S. C., Jan. 23.—Less than 100 people, including the jury, officers and witnesses, were present at the inquest in the Gonzales' tragedy conducted by Coroner Green in the county court house, J. W. Thurmond of Edgefield, prosecuting attorney of the Fifth circuit, ex-Attorney General G. Duncan Bell, who has been called in to assist him, and C. L. Bleaz, of counsel for defense, were present, but merely as spectators, State Senators Brown and Talbird who were with Tillman when he fired the shot. J. F. Sims, A. G. Lamotte, County Physician Knowlton, who performed the autopsy and clerk of court, J. Frost Walker, were examined. The verdict found in less than five minutes after the jury retired was a plain statement that the deceased, N. G. Gonzales, came to his death from a gunshot wound inflicted by the hand of James Tillman on the 15th of January, 1903.

Senator Talbird was the most important witness. New matter in his testimony was that he saw Mr. Gonzales, who approached within ten or fifteen feet and Tillman said, "How are you, Mr. Gonzales?"

The latter made no reply but obliquely to the left to the inside of the sidewalk, Tillman being on the outside. When he was almost on a line with Tillman and himself Tillman said: "I received your message" and almost instantly fired. Talbird rushed to Gonzales and exclaimed: "This must stop."

Gonzales said: "Here I am, finish me," or something to that effect.

CATARRH

Often begins with a cold in the head, but it never stops there. The tendency is always from bad to worse. The simple cold becomes a protracted, stubborn one, while the discharge from the nose grows more profuse and offensive. The inflammation extends to the throat and bronchial tubes, causing hoarseness, attacking and aggravating cough. The foul matter that is continually dropping back into the throat finds its way into the stomach, resulting in a distressing form of dyspepsia, nausea, and loss of appetite and strength. The catarrhal poisons are absorbed into the blood, and all the membranes and the mucous membranes of the body become infected, and what was supposed to be purely a local disease has become constitutional, deep seated and chronic. Sprays, washes, powders, salves and other external remedies give only temporary relief, and the disappointed and disgusted patient finally gives up in despair and declares catarrh incurable. The only way to get rid of catarrh permanently is to treat it through the blood. The system must be toned up and all impurities removed from the blood, and this S. S. S. does promptly and thoroughly. It expels from the circulation everything of an irritating, poisonous character, allowing the inflamed membranes to heal when the mucous discharges cease, and the damage done to the health is soon repaired. S. S. S. keeps the blood in such a healthy, vigorous condition that cold, damp weather or sudden changes in the temperature are not so apt to bring on catarrhal troubles. S. S. S. is a vegetable medicine unequalled as a blood purifier, and the best of all tonics—just the remedy needed to thoroughly and effectually cure catarrh. The Swift Specific Co., Atlanta, Ga.

TO THE LADIES. Freedom from aches, good general and special health and bodily vigor, tend to render you happy, contented and attractive to make life worth living and give you peace of mind. What is the use of dragging through existence only half alive, for no one notices such a person? Why do many of you do it? Because you think there is no cure? You are very much mistaken. Women are made much alike—all are subject to or liable to the same ailments, pains, aches and nervousness. These ills come to many—may come to all. G. F. P. has cured thousands of them, will cure the others if given a chance to do so. "I had suffered for a year and three bottles has restored my health entirely. Physicians had told me my life was over, but to G. F. P. I owe my life. You have my permission to publish this letter that other suffering women may know of this wonderful remedy and be cured." —Mrs. Carrie Richardson, Graces, Miss. —One of the nicest facts about G. F. P. is that it cures women's special ills in the privacy of the home without offensive examinations or expensive treatment—there is no offended modesty and no wasted money. G. F. P.—Gerstle's Female Painscure is the best remedy in the world for the cure of all the diseases to which the female sex is peculiarly subject. It is not a new remedy, but on the contrary it is a very old one, being the prescription of a famous German physician who used it many years ago with such marked success that his formula has been preserved and handed down to the present generation as a female tonic that has stood the test of time and trial without a single failure being recorded against it. This medicine is sold by nearly all medicine dealers at the uniform price of a bottle for 50 cents, but in case you cannot get it from your dealer it will be sent to you at the above prices, all charges prepaid, if you send the money to L. A Question of Effect

The more I have thought about it, the more I'm convinced that the question which has been troubling me is one of serious import to the American, and especially the Fort Worth, theater-going public, who are interested in the elevation of the drama and the fostering of true art.

The question is this: "Would grand opera prima donnas secure a better effect with the audience if they took off their stockings on the stage?"

It struck me then and there that grand opera singers could learn much from the way the audience appreciated that little act.

Whether or not the fig leaf will be the only limit to this decree, is a matter of taste. When such a limit is reached, I would prefer attending performances at which all the players would sing with just their heads showing above a discreet screen.

AMUSEMENTS

"Lovers' Lane" The play is full of heart and human interest. The promise that it would be for the whole family, from the eldest down to the smallest child, brought out the best family audience that has attended any performance this season.

The cast last night was good. The play moved naturally and was broken only in its thread by occasional laughter or applause from the audience.

NOT DUE TO CLIMATE. Catarrh is found everywhere. Catarrh is at home anywhere and everywhere. While more common in cold, changeable climates, it is by no means confined to them.

Catarrh of the throat and bronchial tubes as well as catarrh of the stomach and liver are almost as common as nasal catarrh and generally more difficult to cure.

Catarrh is undoubtedly a blood disease and can only be successfully eradicated by an internal treatment.

Every time Rudyard Kipling writes a poem he gives an additional proof that Alfred Austin ought not to be the poet laureate.

"I tried troches and cheap cough cures and sometimes got relief, but only for a short time, until this winter when I learned of the new catarrh cure, Stuart's Catarrh Tablets."

Stuart's Catarrh Tablets deserves to lead the list as a household remedy, to cheer and break up coughs and colds, because unlike many other catarrh and cough cures these tablets contain no opiate, cocaine or any injurious drug.

Washington, Jan. 20.—[Special.]—The last week or two have seen a flood of bills for relieving the coal situation, ranging all the way from a mild resolution of inquiry as to why there is not a sufficient coal supply to propositions for the United States to seize and operate the mines.

What Reed Intended. Since the death of Tom Reed there has been some discussion as to what he intended doing had he lived.

Champ Clark's Quips. Champ Clark made a speech in the house recently which the average reporter called "characteristic."

Of course the house laughed. Clark said that Maine might be apportioned so as to elect a Democratic congressman.

Let me tell you about that," said Clark. "If you will repeat that prohibition law you have got up there [laughter]—that sounds very funny, but you repeat that prohibition law that is used as a Republican election machine, and that state will go Democratic tomorrow."

Clark was criticizing a law in Kansas when Grosvenor interrupted him with the statement, "That very wise provision in the Kansas law was copied from a law long on the statute books of Ohio."

Will Talk on Pensions. Senator Scott of West Virginia will deliver a speech next week in the senate on the subject of pensions.

Two Leaders Jest. Senator Beveridge often goes over to the seat occupied by Senator Quay and discusses the steeplechase bill and the various things in connection with the contest.

"How long before you are going to give up?" inquires Beveridge. "You must realize that your bill cannot pass."

"I don't know about that," responds Quay. "When are you going to allow a vote to be taken?"

THE Mississippi Bubble

A NOVEL BY EMERSON HOUGH.

(Copyright, 1902, by the Bowen-Merrill Company.)

"My dearest enemy," replied Law, calmly. "The old rat may seek another burrow."

"But, look you!" she went on, "how Mr. Law feathers his own nest. He bought lately, for a half million livres, the house of the Comte de Tesse; and on the same day, as you know, the Hotel Mazarin. There is no limit to his buying of estate. This, so says my husband, is the great proof of his honesty. He puts his money here in France, and does not send it over seas. He seems to have no doubt, and indeed no fear, of anything."

CHAPTER X. Master and Man. John Law, idle, preoccupied, sat gazing out at the busy scenes of the street before him.

The system was at its height. The bubble was blown to its last limit. The popular delirium had grown to its last possible degree.

Yet it was a scene not altogether without its fascinations. Hither came titled beauties of Paris, peers of the realm, statesmen, high officials, princes of the blood; all these animated but by one purpose—to bid and outbid for these bits of paper, which for the moment meant wealth, luxury, ease, every imaginable desire.

Law looked over this familiar scene, indifferent, calm, almost moody, his cheek against his hand, his elbow on his chair.

"Your honor, there are no quotations," replied the attendant. "This only as one is able to buy. The actions of the last issue, three hundred thousand in all, were swept away at a breath at fifteen thousand livres the share."

"Your honor, the Prince de Conti is in the ante-chamber and would see you," at length ventured the attendant, after listening for some time with his ear at an aperture in the door.

SHREWDER TRIAL IS INTERESTING

PRELIMINARY HEARING OF SLAYER OF BLAIR TODAY

Burden of Testimony Is that Shrewder Was Sober and That Blair Was in Troublesome Mood—Unwilling Witnesses Brought in on Attachments, Dead Man's Remains Taken to Sherman for Burial

The examining trial of Sam S. Shrewder for the killing of Dan Blair, which has been in progress since yesterday morning before Justice Terrell, is attracting large crowds to the court room and the proceedings are watched with interest.

Tom Daughterty's Story
The witness whose testimony attracted the most interest was Tom Daughterty, the night bartender at Wheat & Co.'s Stag saloon, where the shooting occurred.

He stated, in effect, that Blair was intoxicated at the time of the trouble and that he had declined to give him any more wine to drink. Blair then said he was going out to get his "smoke wagon," and that when he returned with it that there would be so much smoke and fire about the place that Chief Maddox would have to be called upon to put the flames out. Shrewder, he said, had seemed to construe this as a personal threat, and though Dan did not make any hostile demonstration at the time, he started towards the door as though going out after a pistol, as he had intimated that he intended to do. It was soon after that the shooting took place.

This Morning's Testimony
Will Thomas was the first witness called this morning, and he said he had left the saloon a few minutes before the shot was fired. He, however, testified to the details of the quarrel as already recited. He stated that he had seen Dan drinking in the wine room earlier in the evening, and had overheard the bartender refuse to serve him with any more drinks.

Shrewder Was Sober
According to the evidence submitted by Will Trezevant, Shrewder was perfectly sober and remarkably cool after the shooting. He affirmed the statement that Blair had remarked "If you fool with me there will be a graveyard around here." Continuing, Trezevant said: "After the shooting the defendant remained in the saloon about ten minutes, took the shell from his pistol, put the pistol in his pocket and then took a drink, inviting several friends who were in the saloon to drink with him."

Attachments Are Issued
Several witnesses who seemed reluctant to appear, were brought in on attachments by Deputy Constable H. C. Cantrell. Among these was Wiley Pierce, who testified that Blair was intoxicated at the time of the trouble, but that Shrewder was perfectly sober and cool.

The remains of the deceased were taken to his former home at Sherman for burial this morning.
The preliminary hearing of Sam Shrewder before Justice Rowland, on the charge of killing Dan Blair, was concluded at noon. The attorneys for the defense placed no witnesses on the stand and Shrewder, himself, did not testify.

Shrewder was remanded to jail without bail to await the action of the grand jury, which meets early in February.

THURBER'S BUSINESS IN 1902

The Camp's Shipments Show Greatest Output in Its History
THURBER, Tex., Jan. 23.—Manager Gordon of the Thurber coal mines and brick plant was asked as to the business of the company during the past year. He said that the brick plant had been considerably enlarged during the year and that the business had been highly satisfactory. As to the output, he stated that during the year 1902 the shipments had run as follows: Cars of brick, 3,000; cars of coal, about 17,000; total shipments, 20,000 cars.

COFFEE HEART

Life Insurance Companies Now Recognize the Disease
The "Dietetic and Hygienic Gazette," a famous authority, said in a recent issue: "Medical examiners for life insurance companies have added the term 'Coffee Heart' to their regular classification of the functional derangements of that organ. Its effect is in shortening the long beat of the heart. 'Coffee Toppers,' they say, are plentiful and as much tied to their cups as the whisky toper. The effect of coffee upon the heart is more lasting and consequently worse than that of liquor."

A well known physician specialist of Ladoza, Indiana, tells how he treats such cases. He has had many such. He says: "I will mention one case in my practice—Mrs. H., age 54, very fleshy, family history good, had been for more than three years a constant sufferer from headache, heart trouble and smothering spells, accompanied by nervousness. Had to get down when attacked by these spells. She was treating all the time but got worse. 'I soon found out that she had 'coffee heart' and promptly cured her in this way: I forbade her coffee and put her on Postum Cereal Coffee instead. She reported in five weeks and said she had not had a bad spell since and felt sound and well. This was four years ago and she is now a picture of perfect health and happiness. 'This is only one case out of many. I knew the doctor's bills would bring lots of others to me. Few people realize the great value of Postum. It is not a 'cure-all,' but it has been the means of relief to perhaps more people than any one thing ever introduced in the American bill of fare. I have seen some wonderful results from its use.'" Name given by Postum Co., Battle Creek, Mich.

THE TINNERS' UNION ELECTION

Officers Chosen at a Meeting Held in the City Last Evening
At a meeting of the tanners' union, held last night, the following officers were elected: L. J. Lewis, president; H. H. Harrison, vice president; Herbert Foster, recording and corresponding secretary; Charles Umbenhour, treasurer; Harvey Harrison, conductor; W. B. Shoemaker, warden; L. H. Lilli, Herbert Foster and James E. Turnbull, delegates to the Building Trades' council. It was also decided to lower the initiation fee one-half for a period of one month to enable those not already members to join.

Deaths

Virgil Brown, the infant son of Rev. and Mrs. C. D. Brown, died early yesterday morning at their home, corner of New York avenue and Oak street, after a short illness. The funeral was held from the home yesterday at 1:30 p. m., burial taking place at the city cemetery.

TO ESTABLISH A NEW COLONY

RESIDENTS OF OKLAHOMA WILL LOCATE IN MEXICO

Immense Tract of Land in State of Tamaulipas Will Be Divided Up Among Shareholders, Who Expect to Depart for Their New Piece of Abode the First of February

The thriving little town of Mangum, Greer county, Okla., bids fair to become nearly depopulated within the next few weeks, all because of the fact that many of its most substantial residents have caught the Mexican fever and are about to depart for the land of the Montezumas to take up their permanent abode.

An enterprising concern, styled the Baylock Colony company, has secured 185,200 acres of land in a tract twenty-four and one-half miles long by eleven and one-half miles wide, in the state of Tamaulipas, and will establish there a settlement of former residents of Oklahoma, who are intent upon bettering their condition.

The company which will control the colony is capitalized at \$100,000, all of which has been subscribed. Its officers are: George E. Baylock, president; George T. Ingram, vice president; George R. Moore, treasurer, and Joseph Sweet, secretary.

A Charming Location
The proposed site of the colony is in a cove on the east side of the Sierra Madre mountains. The elevation of the ridge to the west is 3,000 feet, and that on the east 1,800 feet above the gulf coast, from which it is distant about seventy-five miles. The cove is shaped like a horseshoe, with the open end towards the full. It is well watered, insuring good crops every year without irrigation. Corn last year yielded fifty bushels to the acre on land which had been under cultivation continuously in this same crop since 1892.

The land was purchased on very liberal terms from a banking institution in the City of Mexico, by William H. Smith, manager of the Tampico branch of the International Bank and Trust company. A concession has been secured from the Mexican government to admit farming implements, household furniture and supplies free of duty. Arrangements have also been made to secure reduced rates on the railroads for settlers. About two hundred persons will start from Mangum for the colony Feb. 1.

There are at present sixteen ranches in the tract, which was purchased on very liberal terms. An initial sum of \$6,000 was paid, and on the 3rd of last December \$24,000 more was paid. The sum of \$25,000 is to be paid in two years, with 6 per cent interest in gold. There are 110 stockholders, the largest owning twenty shares of a par value of \$50 each, and the smallest five shares. The average is ten shares for each person. Every stockholder is required to establish a residence on the property within twelve months after receiving a certificate of stock.

Are Old Settlers
Many of the prospective colonists have resided in Greer county twenty years, and others from twelve to fifteen years. They are principally engaged in farming and stock raising. No more of the stock will be disposed of until it has been divided pro rata among the present subscribers. At present 2,000 persons reside on the land and most of these will be employed in farm work by the American settlers.

S. C. Talley of Mangum, a former director of the company, has been in the city since Sunday morning, the guest of his granddaughters, Misses Blanche and Effie Talley, of 712 St. Louis avenue. He is en route home from Chamal Hacienda, which is located on the property and, when seen by a reporter for The Telegram yesterday, spoke enthusiastically of the beauties of the locality. Mr. Talley left for home today. Though 75 years of age, he is still hale and hearty and says he intends to go to Mexico to grow up with the country.

GENERAL ORDER TO TEXAS BRIGADES

Plans for Installation of Officers and Inspections in Texas Companies of the Uniform Rank

A general order has been issued from the headquarters of the Texas brigade, Uniform Rank, Knights of Pythias, in this city, calling upon brigade commanders to detail an officer for each of the sixty-four companies in the state to install the officers and conduct the annual inspections. It is requested that the appointments be made on Jan. 25 or within five days thereafter. Installations all over the state are appointed for the 19th of February, or within thirty days thereafter.

The order is signed by J. H. Tiller, brigadier general of Texas brigade, and attested by T. T. McDonald, colonel and acting adjutant general. The acting assistant brigade inspector and installing officer for Fort Worth company, No. 2, is Col. R. H. Beckham; Commander De Lion company, No. 5, of Dallas, Col. J. W. Baird, and for Dallas company, No. 18, Gen. S. B. Hopkins.

TRIES TRACTS ON THE COURT

NEW SYSTEM OF PLEADING AND PRACTISE IS INTRODUCED

Case of Tom Ray Brought Before Judge Stewart Yesterday Not Tried, the Defendant Agreeing to Plead Guilty Next Week—Trying to Reform His Life

Secret letters, tender missives of love, deeds, conveyances, notes, wills, mortgages and even whole books of accounts have often figured in court proceedings, but yesterday, for the first time in the history of the city, pink and white tracts with lurid headlines, played a star part in a justice court case. The case was called before Judge Stewart yesterday afternoon. It was against Tom Ray, who was sentenced to one year in jail and fined \$250 for assaulting wife, the late Dolly Love.

Here are the tracts that were received by Judge Stewart in connection with the trial:
"Cursed With a Curse."
"For the License Voter."
"Five Card-Sharpers and the Fortune Teller."
"The Pirate's Plea."

The tracts came in a letter which reached Judge Stewart a little while before the trial began. The one about the card sharpers and the fortune teller caught the court's eye, because it was printed on pink paper, and he might have read it through had not the case been called.

But before hearing the testimony the judge read the letter accompanying the tracts. It was from a prominent minister of the city, asking leniency for Ray, and stating that the latter was a man of good character, and was trying to lead a better life. The case made against Ray yesterday was for vagrancy, otherwise gambling.

When the court had finished reading the letter, which was heavily underscored in a number of effective places, he called the case.
The writer of the letter, the defendant and the circumstances of the case were all new to the court, but he braced himself to hear "The Pirate's Plea," and said with a little emotion as possible, "Open court, Mr. Marshall."

The five tracts were evidently unknown to the defendant as well as they had been to the judge, for without fighting his case, he arranged with the prosecuting attorney to enter a plea of guilty next week.

The tracts will carefully be preserved among the court records as evidence submitted to influence the mind of the court, unless the court decides to distribute them in the city prison.

Railroad Notes and Personals

W. H. Firth, general passenger and ticket agent of the Rock Island, will arrive home tomorrow from San Antonio, where he attended the convention of the Transcontinental Passenger Association.

J. L. Pennington, live stock agent of the Frisco, arrived in Fort Worth this morning after spending several days in the Indian territory on business for the company.

George Holman, claim agent for the Houston and Texas Central Railway, with headquarters at Ennis, is in the city today.

A one-way colonist rate of \$25 to California points will be in force on the Sunset-Central lines from Feb. 15 to Feb. 28.

G. C. Montague, superintendent of telegraphs for the Cotton Belt system, was in the city from Tyler today.

Colonel J. A. Wilson, general live stock agent for the Chicago and Alton, returned last night from a business trip through the territories.

LONE STAR CAMP

INSTALLS OFFICERS

A public installation of the newly elected officers of Lone Star camp, No. 2, Woodmen of the World, took place last evening at the hall, Houston and Fourteenth streets. The ceremonies were impressively conducted by Judge W. R. Parker, past consul commander, assisted by William McDill as sovereign escort.

W. H. Lennon had the honor of being inducted into office for the eighth consecutive term as consul commander. The other officers installed were: R. L. Rogers, advisory lieutenant; W. F. Helmcamp, escort; John Rufner, watchman; Jesse Ware, sentinel; J. A. Todd, clerk; C. C. Cunningham, banker; G. S. Miller, manager, and Drs. A. P. Brown, R. B. West, J. B. McLean and P. L. Hooper, camp physicians.

During the ceremonies Judge Parker delivered an address in which he told of what had been accomplished by the order in the way of fraternal insurance. A program followed the exercises, consisting of selections by the Woodmen's band, under the leadership of Prof. John La Comba, and recitations by Miss Selma Lennon. Lone Star camp now has nearly a thousand members in good standing, and is the largest branch of the order in the United States. It was organized in January, 1891.

LOOK FORWARD TO THE VISIT OF GEN. BOOTH

Local Members of the Salvation Army Are Expecting their Leader on January 31

Local members of the Salvation Army are looking forward with a good deal of interest to the visit of General Booth, the founder and present head of the Salvation Army, who will visit Dallas Feb. 1. The visit is not so much to Dallas as it is to Texas, the state divisional headquarters being located there. The Salvation Army expects to gather all its forces from the entire state for a special council with the general, and it is expected that great crowds will be in Dallas on the occasion of his visit.

All railroads have announced a rate of one fare plus 10 per cent for the round trip. General Booth will probably pass through Fort Worth on his way to Dallas, but will not stop here.

DEPUTY MARSHAL IN CHARGE OF JACKSONVILLE CONCERN

Several Notes Torn Up Which Are Declared by Alleged Principals to Be Forgeries—Assets Are Worth Five Hundred Dollars

JACKSONVILLE, Tex., Jan. 23.—United States Deputy Marshal George W. Eason took charge of the Fleeger & Sons bank, which failed to open its doors and against which action in involuntary bankruptcy has been taken by the local depositors. The cash in the vault amounted to 10 cents. There were notes or accounts to be accepted as available assets. The office furniture is valued at about \$500.

The deposits and capital of the bank should be, it is estimated, about \$85,000. A number of notes have been sent here for collection which are declared by those named in them as principles to be forgeries. One New York bank holds \$10,000 of alleged bad paper. Some of these notes are: Slayton and Monkress, \$1,650; L. Douglas, \$1,800; H. L. Hodges, \$800; the Devereaux-Bolin Drug Company, \$4,000; W. A. Newson, \$2,500.

Charter Amendment Notice

By virtue of a resolution passed by the city council at a regular meeting held Jan. 16, 1903, and of the revised statutes of the state of Texas made, and provided, notice is hereby given to all concerned that the legislature of the state of Texas will be asked to take legislative action, or change the charter of the city of Fort Worth, to prevent a compulsory raise in the rate of taxation in said city; and to provide ways and means to improve the streets of said city, and to make necessary improvements in public school buildings, and school facilities in said city; and to confer upon the city government the power to sell the city water works, subject to a popular vote of the voters of said city; and to make changes in the corporate court law of said city; and to provide ways and means of enforcing special assessments for abutting street improvements in said city; and to prohibit ticket scalping in said city.

WATERS AT COLLINSVILLE MAY RIVAL CARLSBAD

Strong Flow of Mineral Water Discovered in a Well That Resembles Those of the German Resort

COLLINSVILLE, Tex., Jan. 22.—In cleaning out a well on Prof. J. B. King's place in West Collinsville, a strong flow of mineral water was discovered. It resembles the Carlsbad waters very much.

A few days ago the well began to smoke, and for several days the smoke was visible. It gave forth a strong sulphuric smell. Now oil has risen on the water and much speculation has been made as to whether oil can be found in paying quantities. The bottom of the well is a very hard blue sandstone, resembling the oil bearing sand of the Illinois oil fields. A company is being organized to investigate.

TWO MEN FIGHT A DUEL IN NEW YORK STREETS

NEW YORK, Jan. 23.—Two unknown men fought a duel in sight of Oak street station inside this city last night, but both being shots, escaped unscathed. There were two victims of their bullets, however, a boy and a girl. The boy, Willie McLaughlin, was shot in the body and perhaps fatally wounded. The girl, 14 years of age, received a wound in the leg. After emptying their revolvers, the men escaped.

COL. ROBERTSON OF MONTEREY AND OTHERS FINED

Were Charged in Federal Court at Dallas With Conspiracy to Violate Lottery Laws—Col. Robertson Was Bryan's Host—Had Been Indicted by Grand Jury Last January

DALLAS, Tex., Jan. 23.—Colonel J. A. Robertson, a citizen of Monterey, Mexico, his son, T. Ayres Robertson of the same city, and R. B. Bach, lawyer of Brooklyn, N. Y., were taken before Judge Meek of the United States court on the charge of conspiring to violate the United States lottery laws. The defendants pleaded guilty and J. A. Robertson was fined \$1,500, T. Ayres Robertson was fined \$500 and R. B. Bach was assessed the same amount.

These three men were indicted by the federal grand jury for conspiring to use the United States mail in violation of the lottery laws in January, 1902, and their case was brought up today.

R. B. Bach, the Brooklyn attorney, was arrested a year ago by the United States marshal in New York and gave bond for his appearance in Dallas. Service was had on the Robertsons at San Antonio.

Colonel J. A. Robertson was the host of Colonel W. J. Bryan during the latter's stay in Monterey a few weeks ago.

WHAT CATTLE SHOULD DRESS

Noted Expert Says That 62 Per Cent Is About Right

John Gosling, the noted meat expert, made a statement at Ames, Iowa, the other day, when conducting a carcass exhibition, that 62 per cent was the happy dressing medium. An animal dressing over that would, in his opinion, have too much fat. At this exhibition a prime steer dressed 69 per cent, a spayed heifer 61.3 per cent, and a canner cow 43.2 per cent. Any animal that dresses 60 per cent, or better, will always find favor with killers, and the average buyer with his trained eye experiences no difficulty in picking it out.—Live Stock World.

In Bed Four Weeks With La Grippe
We have received the following letter from Mr. Roy Kemp of Angola, Ind.: "I was in bed four weeks with la grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and now I use it exclusively in my family." Take no substitutes. Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

WANTED TO IMITATE ANNA HELD'S CHORUS

But Got Into Trouble Because She Chose an All-Night Restaurant Instead of the Stage for Her Act. How a Policeman Cured a Deaf and Dumb Man's Affliction

Malvenie Anderson is not French, and even the most gallant man would not declare her handsome. These facts, coupled with the statement that she wore a gingham skirt and a loose dressing sacque instead of a Paris gown probably account for her failure to make a hit when she tried to take off her stockings in an all-night restaurant on lower Main street, in imitation of Anna Held's chorus girls.

Malvenie was charged with trespassing. Her prosecutor, who was also colored, said that Malvenie had dropped in on his place of business at 12:30 o'clock yesterday morning. He thought she wanted something to eat, but instead she sat down before the fire and took off her shoes. He didn't object to that, he explained to the court, because she looked so wet and muddy he felt rather sorry for her.

Along about 3 o'clock he tried to get her to leave, but instead of leaving she threw herself on the floor and began praying. She confessed a large percentage of her sins, and by strange mutterings and vociferous gesticulations so frightened the proprietor that he said in court this morning, "He was afeared she was a-goin' to have a spell."

Malvenie kept refusing to leave and finally, seated on the floor of the restaurant, deliberately removed her stockings and refused to budge.

The restaurant man said he wanted to close up, but he didn't want to send Malvenie out in the cold world so early an hour, so it was finally sug-

gested to him by his helper that the police be summoned to take Malvenie to jail for the rest of the night.

That is how she came to appear in corporation court this morning. Her case was not disposed of today.

Deaf and Dumb, but Could Run

He was big and black and burly, and he said his name was Will Anderson when brought into corporation court this morning to face a charge of vagrancy. Yesterday afternoon he was apparently deaf and dumb and was begging in the neighborhood of Colorado and Hill streets. His actions frightened a number of ladies. Officer Coley was sent for, and he tried to arrest the negro, but the latter, after starting to accompany the officer to a house for identification, darted away and gave the policeman an exciting chase. Officer Coley had all kinds of trouble arresting the man, and finally Detective Zimmerman and the wagon went out to assist him.

This morning Anderson said he worked at housecleaning, but the recent bad weather forced him to beg. He was fined \$2 and costs, a very moderate sum to pay for being cured of his affliction.

A Victim of Morphine

"Tennessee Cole," an old man, who the officers testified is a hard worker, but whose savings all go to satisfy an insatiable longing for morphine, answered to a charge of being drunk. "I plead guilty, your honor," said the old man in a quavering voice that showed the effects of the drug on his wrecked system. "I'm done drinking now, and won't do it any more."

"But you use morphine, and that's worse," said the court.

"I know it, judge," said the old man, pitifully, "but I can't help it. I work like a dog to get money enough for it, but I won't drink any more."

"One dollar and costs," said the court. "And don't come back again."

HOTEL WAITERS IN CONTEST

A Show of Speed and Efficiency for a Prize

(Special to The Telegram.)

AUSTIN, Tex., Jan. 23.—During the two days prior to inauguration day there were not less than 500 people fed each day at the Driskill, while on that day there was in the neighborhood of 700. This army of people was waited on by but twelve waiters, and it speaks well for their efficiency and swiftness that not a single claim of bad service or attendance was made.

Headwaiter Walter Wilson has secured a corps of the best colored waiters in the state, and under his judicious supervision they accomplish wonders.

On Tuesday evening five of the speediest colored waiters of the Driskill had a contest to determine which was the most popular, the prize being a brand-new jacket. It was won by Milton O'Neil, who was pronounced by the judges to be the most capable and efficient waiter in the room. Those taking part in the unique contest were Milton O'Neil, Ed Wilson, C. Jones, F. J. Clark and J. W. Reall.

GENERAL SNYMAN IS COMING

Former Leader of the Boer Army to Tour Texas

(Special to The Telegram.)

HOUSTON, Tex., Jan. 23.—Colonel S. F. B. Morse, passenger traffic manager for the Southern Pacific, passed through Houston last night en route from San Antonio to New Orleans, where he will meet General Snymman and probably a few other representatives of the boer republic, who are looking through America for suitable locations for boer immigrants who desire to vacate south Africa and seek homes elsewhere in the world.

General Snymman will be taken over the state of Texas by Colonel Morse, everything shown him in an agricultural way as a means of favorably impressing him with this country as desirable for his countrymen to locate in.

Texas is in about the same latitude north as the boer republic is south, and agricultural conditions are pretty much the same. It is believed that General Snymman's visit will result in the establishment of a boer colony in this state.

The United States has 200,000 miles of railways, upon which there are 548 employees for each 100 miles. The cost of operating these roads with steam power is \$502,600,000 a year; but to carry on the same amount of work with men and horses would cost the country \$11,508,500,000.

TEXAS LOSES AN HISTORIC MAN

DR. J. W. BARNETT WHO DIED AT BIG SPRINGS LONG A FACTOR IN THE STATE'S PROGRESS

BIG SPRINGS, Tex., Jan. 23.—Texas lost a historic character yesterday by the death of Dr. J. W. Barnett Sr., which occurred at his home in this city. Dr. Barnett was 72 years old, and his life was one of stirring activity and usefulness both to himself and his country. He was a homeopathic physician and surgeon, graduating at the first universities of his day and time. At the outbreak of the civil war he promptly enlisted in the cause of the south and commanded company F, Eighteenth Arkansas infantry, with signal courage and ability. After the war he moved to Texas from Arkansas, locating in Parker county, which he afterward represented in the Twelfth and Thirteenth legislatures. He was one of the foremost members of the constitutional convention of 1876 and afterward ran for congress in 1884 in the Parker county district, but was defeated by the present governor, S. W. T. Lanham. A quarter of a century ago Dr. Barnett moved to west Texas and fourteen years ago was elected treasurer of this (Howard) county, which office he filled to the time of his death, having been re-elected last year without opposition. He was a man of strong mind and character and convictions, and was universally loved and respected by the people of this section. He is survived by his wife and several children, all of whom reside here. Dr. Barnett was buried here at 10:30 today, in Odd Fellows cemetery, he having been an honored member of that fraternity.

Weather Conditions

A storm of considerable energy is central in Oklahoma this morning, and dominating the conditions in Texas, Kansas, Arkansas and eastward to the lower Mississippi river. The results are high winds in portions of west and north Texas, the territories and Arkansas. Snow is falling in Kansas and Nebraska, and light snow fell over portions of the Panhandle during last night. The storm is moving eastward, and the area of increasing cloudiness extends eastward into the south Atlantic states. Clear and cold weather prevails along the Rocky mountain slope, but it is moderating in the upper portion.

Colder weather is indicated for Fort Worth vicinity, probably close to freezing, by Saturday.

Geo. Reeder, Official in Charge.

TRUCKGROWERS SEND CABBAGE TO THIS CITY

(Special to The Telegram.)

CUERO, Tex., Jan. 23.—The Arneckeville Truck Growers' Association today shipped a car of cabbage to Fort Worth through its selling agent, J. R. Nagel & Son. About 29,000 pounds went into the car. The growers will receive a cent a pound free on board at Cuero, or \$200 net, for the car. The freight will be 20 cents a hundred pounds, which is very reasonable. The cabbage is of very good quality and one of the growers said that he picked the largest heads from four and a half acres and secured 4,000 pounds. He has already sold \$50 worth from the patch and there are thousands of good young heads left. This is the best boll weevil remedy we know of and it only misses once in a while. A failure two years in five would leave a profit in excess of a full crop of cotton every year, which is not possible even without the weevil.

POLICE FOLLOW DISCOVERY OF BODY IN THE RIVER

(Special to The Telegram.)

PHILADELPHIA, Jan. 23.—The body of John McAndrews, aged 25 years, who had been missing since Christmas has been recovered from the Delaware river. Four men and one woman are under arrest pending the coroner's investigation.

On Christmas day McAndrews and the others were guests at a house party, at which a quarrel is said to have occurred. McAndrews left the house, it is alleged, and was followed by some of the guests. The police are endeavoring to ascertain whether the fight was renewed on the street.
