## THE NEW WAISTS!

In calling attention to our line of ladies' Shirt Waists, we wish to emphasize price, range and fair quality. We are now showing the most extensive line ever opened in this city. Not only do you find the finest and best styles here but also the medium and lower grades.

You can come here and find a percale and madras waist in many styles, at 49c, 75c and ..... 98c

Much attention has been given these three prices above—having contributed largely to enable use to give the best you ever bought for that money. Then comes the medium waists, made of this seasons latest mercerized and oxford fabrics in white figured spots, checks, stripes and plaids, at \$1.25, \$1.49, \$1.68, \$2 25

These waists come in the most beautiful colorings made in the most approved spring styles and sure to please the most fastidious tastes. Shirt Waists for early spring are brought out in the mercerized oxford, also beautiful damassee and madras patterns, then to the white lawns, ponge, tissues, madras, zephyrs and linens, they are brought out in beautiful styles, so different from last season, so much prettier and more becoming. These range in price \$2.49, \$2.98, \$3.25, \$3.49, \$3.98, \$4.49, \$4.98, \$5.08, \$6.49, \$7.50. A more attractive line has never been shown in the entire South. Grades and styles to satisfy every want—prices pleasing to every purse. We ask you to call and see this most extravagant line of spring waists.

It's our pleasure to show you even though you don't care to buy at present.

## ENGINEER SAYS "I AM RESPONSIBLE"

NEW YORK, Jan. 28.—Policeman Lurch, speaking of last night's accident at Graceland, N. J., said this morning: "I assisted in the carrying of Davis, the engineer, from the engine. I am terribly injured. He said: 'I am responsible for the accident. I saw the danger signal, but expected it to turn white.'"

Dead Number Twenty-One  
NEW YORK, Jan. 28.—Two wrecking crews worked all night taking bodies from the wreck caused by the collision of the Philadelphia and Reading express train and the local express, on the Central Railroad of New Jersey at Graceland, N. J., last night.

In all twenty-one bodies have been taken from the wreckage, and the following identifications have been made:  
ROWLAND R. CHAS. DILLER, Plainfield, N. J.  
THOMAS A. CUMMINGS, Plainfield, N. J.  
EDWARD FLYNN, Plainfield, N. J.  
C. P. THAYER, Plainfield, N. J.  
H. W. TOMLINSON, Plainfield, N. J.  
EDGAR W. WILLIAMS, Plainfield, N. J.  
R. WALZER, Plainfield, N. J.  
HARVEY S. PATTERSON, Dunellen, N. J.  
GEORGE T. REED, Scottish Plains, N. J.  
W. E. DAVIS, engineer of the Reading express, who died today.

## AYS UNCLE SAM GROVER SAYS HE WES HIM BIG MONEY DOES NOT KNOW

CLAIM FOR \$14,000 FILED AGAINST GOVERNMENT ON COTTON WAR CLAIM

ROME, Ga., Jan. 28.—A large cotton war claim has been filed against the United States government by Stoffred of this city. The claim is for \$14,000, and for cotton belonging to late H. G. Peters at Columbus, Ga. Peters was a wealthy German, and was neutral during the war. Stoffred is a nephew of Peters and is heir to his estate.

WAS FELLOW HAD A CLOSE CALL  
grover Is Rescued From Hands of New Mexico Mob

QUERQUE, N. M., Jan. 28.—A man named Stoney Ball has been rescued from a mob which was about to assault him at Belen. He was charged with assaulting a little Mexican girl.

SUSPICION IN TWO VERY SUDDEN DEATHS  
WEISER, Idaho, Jan. 28.—Two little daughters of J. N. Fisher, one of Idaho's richest men, have died within the past two days, each dying eighteen hours after being taken ill. The doctor suspects the children were poisoned and their stomachs will be analyzed.

POLICE THINK THEY HAVE STAMP THIEVES  
HAYFORD, Conn., Jan. 28.—Three men had been arrested while attempting to steal postage stamps. The police think the men are the ones who secured a \$500 worth of goods in a store in Long Valley, R. I., a few weeks ago. They gave their names as James McCoy, John McQuinton (supposed to be in Wheeler) and Chas. Pike. The latter set fire to his clothing when he was backed up and as a result nearly burned.

## ROB BULLION CAR OF \$40,000 IN SILVER

SOMEWHERE BETWEEN ALAMOGORDO, NEW MEXICO AND EL PASO THIEVES GET INTO A BONDED CAR LOADED WITH SILVER BARS AND THROW OUT A LOT TO CONFEDERATES—MEXICANS FOUND IN CAR

(By Associated Press.)  
ALAMOGORDO, N. M., Jan. 28.—Somewhere between this place and El Paso a United States bonded car, in transit from the El Paso smelter to Chicago, loaded with 500 bars of silver bullion, was entered by robbers and eighty bars stolen.  
At Jerillo Junction the broken seal was discovered, and an investigation revealed three Mexicans in the car. When an attempt was made to eject them they pulled out long knives and a lively fight took place, which drove the robbers out at Dog Canyon. Sheriff Hunter saw the three Mexicans, who took to the brush. A call to halt was answered by a fusillade and a running fight ensued. Hunter shot a Mexican through the heart and the other two men escaped. A posse is after them.  
Officials are of the opinion that the bonded car was entered just outside of El Paso by the robbers, who threw the bars out of the car, to be gathered by confederates. The value of the missing bullion is estimated at \$40,000.

## CHINA IN THROES OF A BLOODY REVOLUTION

VICTORIA, B. C., Jan. 28.—The steamer Shimo Maru, from the orient, brings further news of the spread of the revolution in south China, which, after being dormant for months, broke out recently with a larger scope than before.  
On Dec. 19 a battle was fought in which two hundred of the imperial troops were killed by the rebels. The rebels sustained small losses. An order has been received at the arsenal at Canton to have in readiness as many rifles as possible and the manufacture of ammunition has been increased.  
In all over 30,000 men are under arms, divided into four sections, each under an able commander.

GENERAL MILES IN TROUBLE  
Pekin correspondents of Japanese papers report that in an audience with the emperor dowager at Peking General Miles praised the virtues of the emperor dowager after she had enthusiastically referred to American achievements in the Philippines. He is quoted as saying that her qualities surpassed those of Queen Victoria. The dispatches state that Britishers at Peking were much incensed in this regard.

## COAL IS GETTING COMMON IN EAST

NEW YORK, Jan. 28.—A greater quantity of coal was delivered here yesterday than in any single day in the last nine months. Retail prices, however, showed no change, though the high temperature forced the independent operators to adopt a \$7 and \$7.50 a ton, \$7.50 free on board being the outside price asked. Some dealers are said to have made contracts which will quickly reduce the price here to \$6.50 a ton free on board.

## RIGHTS OF TEXAS PRESS ARE UPHOLD

HOUSTON, Tex., Jan. 28.—The state court of criminal appeals at Dallas today ordered the discharge from custody of Marcellus E. Foster, editor of the Houston Chronicle.  
It will be recalled that the Chronicle printed the testimony in the Williams murder trial after Judge Gillespie ordered the reporter not to do so.  
Foster was fined \$100 for contempt. Resort was then had to a higher court by means of habeas corpus proceedings, in which the right of the press to print court proceedings was contended for.  
Foster's discharge was ordered and the contention of the Chronicle upheld all along the line in an elaborate opinion rendered today by Presiding Judge Henderson.

The Chronicle was the only paper in Houston that dared to print the testimony in the Williams case and contend for the rights of the Texas press.

## HILLSBORO OPPOSES THE BILL

Opposition to Stewart's Measure for a New School  
HILLSBORO, Tex., Jan. 28.—Strong opposition has developed here against the bill introduced by Representative Stewart of Tarrant county for the creation of a new school at Austin. It is claimed there is too much danger of its being dominated by politicians if located in Austin, and that it will better serve the purpose of its conception if located at Bryan.

## NEGROES MUST RIDE ALONE

This Is Beaumont's Contention Regarding Street Cars  
BEAUMONT, Tex., Jan. 28.—A monster petition will be presented to the Beaumont city council demanding the enforcement of the street railroad charter clause which requires separate coaches for negroes.

## EMPLOYES IN CHEWING GUM FACTORY FAINT

CHICAGO, Jan. 28.—A peculiar atmospheric condition due, it is believed, to a heavy fog outside, has prostrated eight employees of a chewing gum factory in West Harrison street. Victor Stuecker, 17 years old, was so severely affected that his condition is considered critical. In addition to those who fainted, twenty were made dizzy and ill.  
In the belief that the trouble was caused by escaping gas, the company was notified and a repair man hurried to the factory.  
A short investigation showed there was no leak, and then the fire department was appealed to. The firemen could not explain the trouble, so the proprietor telephoned to the health department. An inspector went to the plant, but could do no more than the firemen. A physician who treated the unconscious employees said the heavy atmosphere probably was to blame.

**Ladies' Oxford Waists** TOMORROW MORNING

## BLOOD POISON GIVES WAY TO NEW TREATMENT

Successful in New York  
NEW YORK, Jan. 28.—It is said at the Hahnemann hospital that the young man patient who was treated there some days ago with the new formalin method for septicaemia was making satisfactory progress toward complete recovery. In this case, which was one of the first by which the attention of physicians was called to the use of formalin in treating blood poisoning, about seven hundred cubic centimeters of formalin was injected in a vein in the patient's arm. His improvement has since then been steady.

## CRACKER PACKERS WIN THEIR FIGHT

CHICAGO, Jan. 28.—An adjustment of the grievances of the 500 cracker packers at the Kennedy bakery of the National Biscuit company, situated here, exploded this morning, killing five persons instantly and wounding several others. The cause of the explosion is not known. Surgeons and relief parties have gone to the scene of the accident.  
The dead are:  
Thomas Birch, pipe fitter.  
Ike Hardy, carmaker.  
J. A. Forte, boilermaker.  
John Mitchell.  
Charles Strong.  
Twenty others are injured, among the most seriously being W. H. Lewis, who will die, and Clyde Price, who will also die.  
The dead were immediately carried to undertaking shops and the injured are being cared for by a corps of physicians.  
A heavy police force is now clearing away the debris. It is probable that it never will be known what caused away the debris. It is probable that sicilians.

## LITTLE BELGIUM TO DO THE WORK

PARIS, Jan. 28.—It is learned that Belgium will undertake the administration of the Venezuelan custom in behalf of all its other foreign claimants, thus relieving the United States and other parties interested from the responsibility of administering a settlement.

## HOOD COUNTY VOTES BONDS

A Bridge Will Now Be Built Across the Brazos  
GRANBURY, Tex., Jan. 28.—The bond election held in this county yesterday resulted in a majority for the issuance of bonds to build a bridge in the north part of Hood county, across the Brazos river, between Granbury and Thorp Springs.

## KANSAS TO GIVE WOMEN SUFFRAGE

TOPEKA, Kan., Jan. 28.—The woman suffrage supporters have been assured by leading members of the legislature that a bill granting to women the privilege of the ballot would be passed at this session. Republicans generally favor the measure.

## DUCK DINNERS

Duck dinners are the latest society fad in America. The ladies who attend are dressed to imitate ducks. Duck decorations appear on the table, and the menu includes ducks cooked in various styles. Even the ices are made up in duck shapes.

### NEGOTIATORS IN CONFERENCE

JOINT MEETING OF THE DIPLOMATS

### HELD IN BOWEN'S ROOMS

Haggle Over the Question of the Payment of Money, the Question Being Raised As to Amount of the Monthly Payment to Each of the Powers—Cable the Results

Washington, Jan. 28.—The first joint conference of the Venezuelan negotiators occurred Tuesday afternoon by Mr. Bowen's apartment.

ing diplomat, Dignor Mayr, and the Italian ambassador, and representations in French.

question under discussion was of the mere detail, the wishing to know whether the payments to the allies should proportion to the amount of the powers or whether Great Britain, Germany and Italy would receive the same amount each month until the indemnity was paid.

Mr. Bowen said he was willing to leave this to the powers themselves to settle and that any agreement they might make would be satisfactory to Venezuela.

Another detail which has not been cleared up involves the question of preferential treatment of the allied powers as against France, Denmark, Belgium, Norway and Sweden.

Belgium, Spain and the United States in payment of indemnity.

The point was made by Venezuela's representative that should the issue be referred to The Hague tribunal the powers would be required to act on an equality and furthermore as this question did not form part of the treaty, it did not seem fair that it should be presented essential, now that Venezuela is compelled with the original proposition and offered a satisfactory guarantee.

This answer was cable to the signatories at London, Berlin and Rome.

### TWENTY NEW MEASURES

House of Congress Passes that Many

Washington, Jan. 28.—The house today Tuesday to bills reported from the judicial committee, passing about Most of them were of a minor character, but two were of general importance. One was to meet the original package decision of the supreme court by making intoxicating liquors imported into states subject to the jurisdiction of such states. The bill is designed to prevent evasion under original package decision of liquor laws in prohibition states.

The other bill is the senate bill to increase the salaries of federal judges. It raises the salary of the chief justice of the supreme court to \$13,000, associate justices to \$12,500, circuit judges to \$7000, district judges to \$6500, associate justices to \$5000 and the chief justice of the supreme court of the District of Columbia to \$6000.

Mr. Randell of Texas offered an amendment to prohibit federal judges from accepting free transportation on railroads or telegraph or telephone lines.

"I move to amend by adding 'members of congress,' said Mr. Babcock. "I accept the amendment," replied Mr. Randell.

Mr. Mann, however, made a point of order against it and was sustained. The bill was passed—125 to 74.

### FAILED TO HOLD THEM

Quay Made Effort to Keep Quorum in Senate

Washington, Jan. 28.—Senator Quay made an effort Tuesday to hold the senate in continuance session to consider the statehood bill, but failed to hold a quorum and was compelled to adjourn at 6:30 p. m. He secured an order, however, to test the senate, to adjourn at 6:30 p. m. The day was spent in consideration of the statehood bill with the exception of an hour devoted to a speech by Mr. Scott of West Virginia on the pension bill.

The feature of the day was the special consideration of a proposition. It was charged that the territory was being held by the state of Arizona. Mr. Quay moved that late Democratic candidate for governor of New York.

Mr. Beveridge presented a petition for the Indian Territory for statehood, which was read at the senator's request. He then proceeded to explain the reason for the reading, whereupon Mr. Beveridge remonstrated, saying that he was opposed to the senate rules to read a petition in detail and also to enter into debate upon it. He said that the practices were growing in the senate and that both were reprehensible.

### A Scientific Discovery

Dr. Fowler's discovery of a method for the stomach that which is unable to do for itself, even when slightly disordered or overloaded. It supplies the natural juices of the stomach and does the work of the stomach, relaxing the nervous tension, the flattened muscles of the stomach, allowing them to rest and heal. Knows that you eat and enables you to eat and digestive organs to work all food into rich, red blood.

### MORE NAMES ARE ADDED

Governor Lanham Sends to Senate Other Appointees

Austin, Tex., Jan. 28.—Governor Lanham Tuesday announced the remainder of his appointments, sending the nominations to the senate. The list embraces a number of members of the board of pardon advisors, penitentiary commissioners and the boards of the various educational and eleemosynary institutions. In many instances the incumbents were reappointed.

General Henry E. Shelley of Austin was reappointed a member of the board of pardon advisors. Five of the eight members of the board of regents of the university were reappointed.

The new members are: Hon. J. N. Browning, late lieutenant governor; Jon B. Cain, a prominent attorney of Fyler, and H. M. Chapman of Fort Worth, also a well-known attorney.

The only members of the board of managers of the Confederate home who were reappointed were E. P. Reynolds of Hays county and A. W. McIver of Burleson county.

The only member of the penitentiary board reappointed was S. M. Fry of Fort Worth.

Senator Davidson of DeWitt secured a suspension of the rules and final passage of the bill making effective the poll tax amendment as far as it would affect contested elections, and that a prima facie case of illegal voting is established where the evidence shows voters cast their ballots without having paid said poll tax.

Senator Harbeson secured a suspension of the rules and final passage of the bill creating a new district court for Grayson and Collin counties. Bill in the house to exempt dentists from occupation tax was recommitted.

House bill by Mr. Beatty, to tax bank surplus and undivided profits, was passed finally.

House bill by Mr. Glenn, providing for extension of corporate limits of any town or village incorporated for free school purposes only, was passed.

House bill by Messrs. Harris and Linn, to provide for raising the grade of the city of Galveston which has been made a special order for 1:30 o'clock, was taken up and passed.

The bill by Mr. Browne of Karnes allowing a stepfather to marry his stepdaughter was passed on engrossment.

House bill extending time of paying taxes in Nacogdoches county because of the distress caused by the failure of the Wettermark tank was laid before the house. It was amended to include Burleson, Brazos, Washington, Burnet, Colorado and Zapata counties and passed.

The bill by Mr. Browne of Karnes allowing a stepfather to marry his stepdaughter was passed on engrossment.

House bill extending time of paying taxes in Nacogdoches county because of the distress caused by the failure of the Wettermark tank was laid before the house. It was amended to include Burleson, Brazos, Washington, Burnet, Colorado and Zapata counties and passed.

The bill by Mr. Browne of Karnes allowing a stepfather to marry his stepdaughter was passed on engrossment.

### AN APPALLING TRAIN WRECK

#### LIMITED PLOUGHS INTO A LOCAL EXPRESS

#### LOSS OF LIFE IS GREAT

The Engine and Three of the Cars Were Piled in a Heap Containing at Least One Hundred Dead and Injured—Occurs on the B. & O. Near Westfield, N. J.

New York, Jan. 28.—One of the most appalling railroad wrecks that has happened in the vicinity of New York for many years, the estimated loss of life, ranging from twelve to thirty persons, occurred Tuesday night at Graceland, on the Central Railroad of New Jersey, near Westfield, N. J., when the Royal Blue Line express ploughed at top speed into the rear end of a local train.

After the crash three cars of the local train took fire rendering impossible the rescue of many of the wounded, who were pinned fast in the wreck. Many bodies are believed to have been consumed.

On board the flyer all the passengers, although badly shaken up, escaped unharmed except for trifling bruises.

Passengers on the flyer say the engineer applied all the brakes hard a minute or so before the wreck. The train ahead had sent a flagman back, but it seems he was recalled when the train got under way, and, although he left torpedoes, the Royal Blue did not heed them, or else was going too fast to stop in the short distance remaining. The man who went back to flag the train had just swung into the rear end of his train and is among the dead.

The engine and the three worst wrecked cars were piled in a heap containing at least 100 dead and injured. From the mass came fearful cries for aid. A minute later the wreck caught fire from the firebox. The passengers in the two forward cars of the first train and all the men from the express and every one in the neighborhood started at work to get out the injured before the flames could reach them. At times while toiling in the wreckage the flames reached the rescuers and their clothing took fire, but they worked on though in danger of death themselves.

Some of the injured were burned to death in sight of the men who were working with desperation to save them.

DR. ABDILL, Dentist. In Columbia Building, Cor. 7th and Main Sts. If you have lost your back teeth he can replace them without plates.

ELKS ORGANIZE AT DALLAS. W. H. Patterson of That City Elected President. Dallas, Jan. 28.—The Elks organized a State grand lodge Tuesday. W. H. Patterson of Dallas was elected president; C. F. Drake of Austin, first vice president; D. A. Duff of Greenville, second vice president; H. M. Knight of Austin, third vice president; F. F. Crittenden of Fort Worth, secretary; W. W. Seeley of Waco, treasurer; Louis Lindsey of Gainesville, tiler; H. D. McCoy of Cleburne inner guard; Rev. W. K. Lloyd of Paris, chaplain; Bros. Harrison of Sherman, Lewis of Waco and Gardner of Waxahatchie, C. N. Rhode of Galveston, H. W. Williams of Greenville and George C. Timmons of Houston were elected trustees of the new association.

There was a reception and ball attended by 800 persons.

Waco holds next meeting.

GOLD IS DISCOVERED AT WOOTEN WELLS, TEX. Wooten Wells, Tex., Jan. 28.—Much interest is aroused here over the reported discovery of a strong vein of gold a few miles south of here. The land is owned by a negro, Ike Lewis. There were indications of gold were brought to his notice by dirt from a well he was boring.

Ten Business Houses Burn. Hereford, Tex., Jan. 28.—Ten business houses were destroyed by fire Tuesday morning. It started in the bath room of G. W. Dale. The heaviest losers are Mr. Hill of McKinney, D. T. Blankenship, F. H. Brittain, C. G. Orr and George M. Hay, on buildings, none of whom, except Hay, had any insurance.

Killed His Daughter and Himself. Roanoke, Va., Jan. 28.—James W. Ray, a Franklin county farmer, shot and killed his sixteen-year-old daughter, Bettie, and blew out his own brains in his home, twelve miles south of this city.

Steamer Sinks. London, Jan. 28.—The British steamer Graffo from Glasgow for Buenos Ayres was sunk off Ramsey island. One man lost his life and sixteen are missing.

Unconscious From Croup. During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures Coughs, Colds, La Grippe and all Throat and Lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood.

COUNCIL MEETS IN NORTH TOWN

APPLICATION TO ESTABLISH NEW TELEPHONE EXCHANGE Citizens Petition the Mayor and Council to Devise Some System of Drainage Whereby Surplus Water May Be Removed From the Streets—Other Public Improvements Are Discussed

The town council of North Fort Worth met last evening and transacted considerable business. A proposition was received from J. A. Elliott and his associates to construct and operate a telephone line and local exchange in competition with the Southwestern company, which now holds a monopoly.

When Secretary John Grant called the roll the aldermen were present with one exception. Mayor J. D. Farmer presided. After the minutes of the last meeting had been read and approved Alderman B. C. Smith moved that the council order S. D. Gilmore a salary of \$20 a month as town physician. This motion was carried and an amended ordinance to this effect will be introduced at the next meeting.

Alderman B. C. Smith moved that the council receive bids from druggists for the medicine required in providing the pauper population of the town with help during sickness. This was also decided upon.

It was reported by Alderman Lydon that the calaboose heretofore used as a cage for convicts employed on the public roads had arrived from Arlington and been installed on the lot reserved for it. He stated with apparent pride that two prisoners had already enjoyed the hospitality of the jail, and that a contract had been let for the building of an inclosure to prevent the prisoners from suffering in cold weather.

A report for the committee on public improvements was submitted by Alderman Smith, who stated that he and his associates had been figuring with the owners of a triangular tract fronting on Main street, on which was located the office of the North Fort Worth Townsite Company, but that it could not be purchased for less than \$5,000. Mayor Farmer expressed the opinion that this price was entirely too high and the tract was not quite large enough for the purpose required. Action on the purchase of a piece of land was deferred.

A motion to have Town Attorney Will McLean investigate regarding the franchise rights of the street car and telephone companies was carried. New Telephone Exchange An ordinance for the establishment of a new telephone exchange and system was introduced by Alderman Grant and on motion of Alderman Smith was referred to the committee on public improvements, which will report in two weeks. Attorney J. M. Mothershead, representing Mr. Elliott and his associates, was present and stated that the company which he represented had in successful operation a telephone system at Arlington. He stated that if a franchise were granted his company better rates would be secured.

A budget of bills was introduced and referred to the finance committee. Alderman Smith moved that the secretary be authorized to draw warrants for the claims. Want Water Drained Off A petition signed by forty residents of the town, asking that the council devise some method of relieving the streets of the vast amount of water which had accumulated during the recent rainy spell, was read and Alderman Lydon, McCarty and Smith were appointed a street and alley committee to try and devise a proper system of drainage.

The council is already beginning to have some experience with place hunters, and there are indications that enough jobs to go around will not be in sight long. T. J. Rasberry put in an application for a position, stating that he had been employed as a constable, but that he had been discharged, and explained that he sought a position in the police department as a jail guard. Rasberry was, he said, a former member of the police force at Waxahachie. A recommendation signed by ten citizens of the town accompanied the request. Rasberry's credentials were finally referred to the police committee and it is likely that he will get the job.

Better Grades Needed The advisability of grading Main street as high as the street car tracks or of requiring the traction company to lower its tracks to grade was discussed, and it was the opinion of the mayor and council that the latter method was preferable. The attorney was requested to ascertain the mutual rights of the street car company and the town and report to the secretary.

The need of better fire protection was brought up by Alderman Smith. Alderman Grant reported that he had received communications from several insurance firms on the subject. Action on this matter was deferred.

Alderman Lydon spoke of the large number of "squatters" in tents who are within the corporate limits of the town, and said that he believed they should be required to move outside. They paid no taxes, he argued, and expected the town to provide medical attendance in case of sickness. Attorney McLean suggested that the best remedy would be to pass an ordinance making it a penal offense for anyone to encamp on another's land without permission of the owner.

Reference was also made to the dilapidated condition of the bridge over the slough and the street and alley committee was instructed to look after the necessary repairs.

DRUNKS AND VAGS UNUSUALLY PLENTIFUL

Corporation Court Dock is Crowded Every Morning to Overflowing With Miserable Specimens of Humanity. Every Section of the Country Seems to Have Delegates in Fort Worth For the past several days the prisoner's dock in corporation court has been crowded beyond the limit, and has been filled with miserable specimens of humanity, either drunks or vagrants. They are not criminals as a rule, but for the most part are members of the class who work long enough to earn money sufficient to go on a drunk twice as long as the time they worked. This morning \$54.70 was assessed against a half dozen plain drunks, nearly all of the class described, all but one being given the lowest fine.

Apart from these were some vagrants and some trespassers. Columbus Ivy, colored, was arrested last night at 11:30 while standing in the rear of Adam Conrad's saloon on Jennings avenue and peering in the window. Columbus said he wasn't trying to discover anything particular, but he was fined \$2 and costs for trespassing.

Two plain vagrants—one claiming to be from New York and the other from California—found a common place of meeting this morning in the prisoner's dock and will work side by side on the streets for some time to come. Each was fined \$5 and costs. There seems to be no limit to the supply of vagrants, the police arresting a half dozen or so every night. The Soudan district is flooded and the saloons in that quarter are full of them. The recent campaign of heavy fines has taught them one thing, however. They no longer claim that they came here to get work at the packing houses.

REV. ROBERT D. WEAR ON LECTURE PLATFORM First Appearance in New Field is a Success—A Large Audience Hears Him on "Cranks"

Before a large audience at the city hall last evening Rev. Robert D. Wear, formerly of this city, made his first appearance on the lecture platform, speaking on the subject of "Cranks."

While here as a pastor Mr. Wear established a reputation for being a polished and graceful speaker, and his lecture last night showed careful study and well-chosen language. At times his language was beautiful, winning involuntary applause from his audience.

Taking up "Cranks" first as a word, the speaker traced the derivation of the language down to the place where the word "crank" came to be used first and then followed its use until it came to be understood in its present double meaning.

Taking up the use of the word "crank" as applied to people who are different from the majority of folks, he spoke of the different kinds of cranks, the good and the bad, the harmless and the harmful, dwelling at length on the many kinds with which people are familiar at the present time.

He then spoke of the people who are working with a single purpose, and who are regarded as "cranks" by their fellows until success comes to them. Columbus and many other ancient and modern examples of men who were at first regarded as "cranks" were cited as instances.

The lecture was an appeal for the necessity of fixed purpose in order to win success. Throughout this idea was kept before the audience. As a lecturer Mr. Wear promises even greater success than he has heretofore attained. All of those who heard him last evening were more than favorably impressed, and by their hearty applause throughout the progress of the address showed their appreciation and approval. The lecture was given for the benefit of the Cannon Avenue Cumberland Presbyterian church.

News For Morning Marketers Cabbages are the star vegetables on the local markets this week. Good-sized, hard-headed and green-leaved specimens are selling at 4 cents a bushel and find ready takers. The cabbages commenced coming in several days ago and in consequence cold slaw is a popular dish. Turnips are the only other vegetables which are really plentiful.

In meats and game there is a better offering than has been on the markets since before Christmas. Venison is selling at from 25 to 50 cents a pound, depending on the cuts. Squirrels, both ordinary and "jacks," are plentiful. The quail seem to sell rather slowly, but the supply of prairie chickens is not greater than the demand.

There is a good demand for the North Fort Worth packing house products, though the price is no lower than that of the Kansas City stock. Fort Worth people are patriotic to home industry, and market men say they have more calls for the North Fort Worth goods than for any other kind.

Some Quotations New tomatoes, per lb. 12 1/2 Endives, per bunch. 10 Cranberries, per quart. 15 Beets, per bunch. 10 Celery, 12 stalks. 80 Irish Potatoes, per bushel. 1.00 Turnips, per bushel. 75 Radishes, per bunch. 75 Carrots, per pound. 24 Cabbage, per pound. 24 Lettuce, per bunch. 95 Onions, per pound. 44 Green Onions, per bunch. 95 Sweet potatoes, per bushel. 1.16 Lemons, per dozen. 1.25 Oranges, per dozen. 25c and 25c Bananas, per dozen. 15c and 25c Strawberries, per box. 25 Pumpkins, each. 20 Parsley, per bunch. 95 Spinach, per peck. 20 Mustard greens, per bunch. 95 Game, Poultry, Etc. Looking for a Bargain He leaned against a trolley post and asked the starter in the street when the next car would go. "Up or down?" the starter inquired. "I don't care (hic). Which way's cheapest?"—Brooklyn Eagle

THE FATAL QUESTION How to obtain good servants when we are nicely fixed in our new homes. You want to make no mistake in the beginning; therefore, depend entirely upon The Evening Telegram's classified ads for every vacancy to be filled.

HIS APPOINTMENT MEETS WITH FAVOR

SATISFACTION OVER MR. CHAPMAN'S NOMINATION He is Well Qualified for the Position of University Regent, to Which Governor Lanham Has Appointed Him. Brief Sketch of His Career—Former Member of School Board

General satisfaction is expressed in Fort Worth over the appointment of Henry M. Chapman as a member of the board of regents of the state university. The position was conferred upon him without solicitation, though Mr. Chapman received an intimation recently that his name was being considered.

"The act of the governor was somewhat of a surprise to me," said Mr. Chapman this morning. "But I knew that there was a possibility of my selection to the office. About ten days ago a mutual friend of Governor Lanham and myself called and asked if I would consent to serve if chosen. I at first expressed a desire to remain off the board on account of the pressure of business, but finally told him that if the governor saw fit to make the appointment I would accept. The position is an honorary one without emoluments of any kind. I have never served on the board heretofore, but wish to say that if my appointment is confirmed by the senate I shall do all in my power to place the Texas state university, which now ranks among the best in the south, in the front rank of similar institutions in our country. I fully appreciate the importance and dignity of the position and realize the necessity for higher education."

Sketch of His Career Mr. Chapman is a native of Warren county, Kentucky, where he was born Feb. 22, 1854. He graduated from Warren college with the title of A. B. and afterward attended Cumberland university at Lebanon, Tenn., completing his course there with the degree of LL. B. For a time he practiced law at Bowling Green, Ky., but came to Texas in 1877 and located in Weatherford, where he became identified with Albert Stephenson and Judge J. W. Stephens, who is now a judge of the court of civil appeals, which convenes in this city. While there he formed the intimate acquaintance of Governor Lanham. In 1883 he located in Fort Worth and has since been a member of the Tarrant county bar. He served as a member of the school board in this city four years, but has never held any other political office.

Charter Amendment Notice By virtue of a resolution passed by the city council at a regular meeting held Jan. 16, 1903, and of the revised statutes of the state of Texas, and provided, notice is hereby given to all concerned that the legislature of the state of Texas will be asked to take legislative action, or change the charter of the city of Fort Worth, to prevent a compulsory raise in the rate of taxation in said city; and to provide ways and means to improve the streets of said city; and to make necessary improvements in public school buildings, and school facilities in said city; and to confer upon the city government the power to sell the city water works subject to a popular vote of the voters of said city; and to make changes in the corporation court law of said city; and to provide ways and means of enforcing special assessments in said city; and to prohibit ticket scalping in said city.

J. N. T. MONTGOMERY, City Secretary. A Life at Stake If you but knew the splendid merit of Foley's Honey and Tar you would never be without it. A dose or two will prevent an attack of pneumonia or la grippe. It may save your life. Reeves' Pharmacy, Ward's Pharmacy and Arlington Drug Co.

HORSE SHOW COLORS CHERRY AND WHITE Attractive Combination is Selected by Washer Brothers for the Event The colors for the Fort Worth horse show, to be held at the end of April, will be the cherry and white. The selection was made yesterday, it being the suggestion of Washer Brothers. The two colors will offer many pleasing combinations and will be used in decorating the big tent in which the show will be held.

W. V. Galbreath, who will have charge of the program for the show, will begin the work of arranging it in a few days. The advertising will be commenced in earnest until the latter part of February and it will then be pushed to the limit.

Bright's Disease and Diabetes Are Positively Curable. Judge Henry S. Foote, a former member of our State Supreme Court Commission, and one of the best known jurists on the Coast, makes the following certificate:

"I am asked to certify the following facts. A well-known physician in active practice put two cases of Bright's Disease and Diabetes on the Fulton Compound. He is willing the results should be known, but for professional reasons without his name. As the results are so squarely opposed by all medical works, I was asked to investigate and report the facts, which I did, and I find and certify as follows:

"An old-school physician of unquestioned standing and ability has just tested the Fulton Compound in three cases with these results: Case No. 1.—Mrs. T., chronic Bright's Disease: usual albuminuria dropsy, etc. limbs swollen almost to bursting. (See treatment with result.) Under the Compound the dropsy disappeared in thirty days, and last of the albumin in 30. Case No. 2.—Mr. H., chronic Bright's Disease of 5 years' standing; albumen large, dropsy, etc. In 3 weeks albumen scarce a half, and a few weeks later albumen down to a trace and dropsy entirely gone. Patient regained his weight and left for an extended trip. (See early.) It is believed, for permanency.) Case No. 3.—Mrs. F., Chronic Diabetes: physician states—'typical case, worst I ever saw.' First ten days pain disappeared and sugar decreasing. Second ten days—'sugar reduced; half improvement; wonderful; sugar getting low every test.' 'Asked what percentage are curable by these Compound, the physician replied: 'I don't know, but it must be large—nearly a hundred, if my own cases are any criterion.'"

"Attest: HENRY S. FOOTE. "I am satisfied the cure has been found."

Medical works agree that Bright's Disease and Diabetes are incurable, but 95 per cent. are positively recovering under the Fulton Compound. (Common Name of Kidney complaint and numerous others, but short resistance.) Price, 50c for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 420 Montgomery St., San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet sent free.

H. T. Pangburn & Co., sole agents.

With Confidence we Direct You to the Never-Failing Health Builder

Paine's Celery Compound

Quickly Elevates the Constitutional Condition of all Run-down and Sick People

In the winter season, when many people, especially women and children, are confined in close and stuffy apartments which lack proper ventilating facilities, the blood becomes watery, pale, sluggish and impure; the nervous system is impaired, the brain is tired, insomnia begins its terrible work, and a general collapse of the whole system ensues.

Our object at this time is to suggest the true means of succor and help for pale, languid, nervous, irritable and weakened women and children. Thousands of such nerveless and frail victims will soon be cut down if help is delayed and time lost.

Paine's Celery Compound is the life-line of the sufferer and a tried anchor of hope that all may lay hold of with a certainty of new life and vigorous health. Paine's Celery Compound is doing the same Heaven-blessed work today for sufferers that it has so well done in the past. It quickly furnishes the new, pure, and fresh blood which is the foundation of true health; it promotes cell-growth, builds up flesh, tones up tissues, and elevates the constitutional condition of every sick person, and defends them from germ and bacterial dangers. Try Paine's Celery Compound, read dearer, and your efforts will be fully and happily rewarded.

Do not throw away old clothes. Make them look like new with DIAMOND DYES

Direction book and 45 dyed samples free. DIAMOND DYES, Burlington, Vt.

\*\*\*\*\* If some important municipal matter should be the cause of a special election some time this year would you like to have it decided by only the 800 voters who have fulfilled the legal requirements for right of franchise? It will be decided by you unless you pay your poll tax before Feb. 1. \*\*\*\*\*

Biddlesden, which contains one house with three inmates, is Northamptonshire's smallest parish.

IMPORTANT MEETING HELD LAST EVENING

Parents' and Teachers' Club of the Sixth Ward Enrolls Many New Members An important meeting of the Sixth Ward Parents' and Teachers' club was held last evening at the Sixth ward school house. There were more than one hundred visitors present, and twenty-seven new members were enrolled. J. W. Spencer, Alderman Newby and Dr. J. L. Cooper were present, and each made short talks. Alderman Newby pledged his assistance in getting the city council to provide for a curbing around the Sixth ward school grounds. Mrs. Brady, Mrs. Wood and Mrs. Lattimore, the two last named being members of the Eighth ward club, also made short talks.

The club has about \$137 in the treasury which will be used for further improvement of the Sixth ward school grounds as soon as the city provides for curbing.

A Physician's Tests.

Bright's Disease and Diabetes Are Positively Curable. Judge Henry S. Foote, a former member of our State Supreme Court Commission, and one of the best known jurists on the Coast, makes the following certificate:

"I am asked to certify the following facts. A well-known physician in active practice put two cases of Bright's Disease and Diabetes on the Fulton Compound. He is willing the results should be known, but for professional reasons without his name. # REV. SAM JONES TELLS OF A WEEK SPENT IN TEXAS

To the Atlanta Journal.

I left home the night of the 18th of January and came to Texas via Nashville and Memphis. I spent four hours in Memphis and found it the liveliest place I have seen since I left for the southwest. Memphis grows rapidly and is easy the city between New Orleans and St. Louis and Louisville. It is the metropolis of Tennessee, and it does not take but a few hours there to convince a fellow that it's a business town. I was in Paris, Tex., Tuesday and Terrell yesterday. The former, a good town of 17,000, and the latter a thriving town of 7,000. But I find all Texas has a black eye. The rains have been almost constant since the first of October, and there are tens of thousands of bales of cotton still un-picked in the fields and no plowing done to date. To my astonishment I see tens of thousands of bales stored in the cotton yards over the state. If they can have a season of fair weather they will yet harvest more than two hundred thousand bales of cotton in Texas, I am told. But the rains and mud of Texas have made farmer and merchant blue. The estimate is now 3,200,000 bales for Texas and Indian Territory and the total estimate of 11,170,000, as Sterling Price, of Paris, Tex., puts the present crop, and I am told he came in 10,000 of the crop last year. And by the way, I was his guest while in Paris the other day. He had just returned home from a tour of the southern states and he told me that he cabled to Europe Monday last his estimate, and I noticed next day that Liverpool went off 3 to 6 points. If there is a 11,250,000 bale crop then 8 cents will be the limit as soon as that fact is determined. If I had cotton I believe I would sell now, but I am only speaking for myself, and do not advise others.

Tennessee and Texas have just inaugurated their new governors. Gov. Frazier, of Tennessee, is a clean, honest, courageous man, and Tennessee is to be congratulated on the change from McMillin to Frazier. Mack wasn't much, in my judgment, and there was nothing big about him but his blunders, but I ought not to speak evil of the dead (politically) and will only add "requiescat in pace" or words to that effect concerning him.

Texas yesterday inaugurated the most splendid man who has been governor of this state in a score of years. Gov. Lanham, a temperance man, who, I am told, has said in public speeches that he would appoint no man to office who drank or gambled. He is the choice of the best people of Texas, and represents the growing sentiment of this state in favor of prohibition and good morals.

The sentiment in Texas and Tennessee against whisky is more aggressive and universal now than in any states of the union. I am now impounded by many of the larger towns and cities of Texas to help in the local option fights which are to be brought on this year, and almost every week local option whips out the saloons in Tennessee and Texas towns, and seldom does temperance lose a battle. Both Texas and Tennessee have had enough of debauchery, murders, gambling, etc., and the good people are now thoroughly aroused. When the good sentiment of communities and states is thoroughly aroused it's a cyclone indeed, and everything must give way before it. Every temperance sentiment I utter in my lectures is cheered to the echo in Texas or Tennessee, and it is not true so much in other states.

As I said, trade is badly cut off in Texas by rain and mud, and the consequent effect upon the farmer. Mer-

chants and drummers say it is the dull they ever saw. A Texan in a good humor and in good spirits cares less for money and will spend it quicker and care less what he spends it for than any fellow I know, but when he is blue and grumbles while he keeps it has, and grumbles while he keeps it. Georgia, Alabama and Tennessee all have poor crops of corn and cotton, and the farmers in those states. Some fellows, instead of trying to find a way to pay out, are hunting for an excuse or reason why they can't pay, and a fellow is as mean as a dog who does that way.

It is always a pleasure to me to visit Texas, and Georgians are thick in Texas, and we are all kin when we meet out here. Several Georgians have just left my room, and they are as jolly a set as ever lived.

I shall be three weeks out here on this tour, covering the state from north to south. If I was only strong like I once was, I would enjoy it more, but I am easily fatigued now, and am no longer my former self in physical strength. Thirty years of constant wear and tear on the nerves will tell. It has told on me. But there is life in the old man yet.

I met Dr. Willett, the old-young preacher and lecturer, a few days ago. He is now 82 years old, spry and full of life, still making the world laugh by his lectures on "Sunshine." I am only 55, and shall I help the world to laugh and help me to be good until I am 82? Maybe so, maybe not! I've no kick in any event, for no man living has preached more sermons, delivered more lectures, and, perhaps, to no more people than your uncle Jones.

Will write from Texas again next week. Yours truly,  
**SAM P. JONES.**  
 Dallas, Tex., Jan. 22, 1903.

# FIGHT BEING MADE ON FORTY HOUR LAW

The forty-hour law seems to be held up in the senate on account of opposition which is said to come from the packing interests in Chicago. The packing interests should be careful how they throw stones in the pathway of the cattle raiser, lest he, as per President Springer's suggestion, refuse to sell them cattle.—Live Stock World.

**STOCK NOTES**

**Texas Stockman and Farmer:** This ought to prove a good year for Texas breeders of pure-bred cattle. Ranchmen and farmers have not been in the market for improved stock for the past two years, owing to the scarcity and high price of feed. It looks as though feed and grass will be abundant in Texas this year, and if this is the case the grower of pure-bred live stock will reap his reward. The best animals and more, too, will all be needed.

**Farm and Ranch:** Just why scab or mange on horses, which prevails mainly in the west, should be called Texas itch is hard to understand. The disease is due to a parasite, something like the scab mite of sheep, and is likely to spread anywhere from affected animals or from stables or cars in which affected animals have been kept. The disease is not peculiar to Texas, did not originate in Texas, and is not as prevalent in Texas as in the north and middle west.

**Devils River News:** G. M. Harbison of Green county, Oklahoma, is in the Sonora country with 1,800 sheep. Mr. Harbison and his nephew, I. E. Harbison, drove these sheep from the territory to the "stockman's paradise" in about two months. The sheep have constantly improved, and so has the health of the owners.

**Chicago Drivers' Journal:** Stockmen in western Texas are much dissatisfied with the present method of leasing the school lands in that part of the state, and never know exactly where they stand from one year to the next. There has been a squabble about this matter for a number of years and will never get nearer solution until the state legislature clearly defines the rights and limitations of stockmen. With the possibility of being excluded every year stockmen do not feel that they care to go to any great expense. If they could get an absolute lease for a term of years they could go ahead and put in improvements of some benefit.

**One Hundred Dollars a Box**  
 is the value H. A. Tisdale, Summertown, S. C. places on De Witt's Witch Hazel Salve. He says: "I had the piles for 20 years. I tried many doctors and medicines, but all failed except De Witt's Witch Hazel Salve. It cured me." It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases.

## A BURGLAR IS SLAIN

**El Paso Photographer Kills Intruder in House**

El Paso, Tex., Jan. 28.—At an early hour Tuesday morning Fred J. Feldman shot and instantly killed a burglar, who was in the act of entering his residence. The man was subsequently identified as T. C. Casey, a former traveling salesman of Seattle. A dirk, a bunch of skeleton keys and a bottle of chloroform were found on the body of the deceased. He was peculiarly clad, wearing seven socks on one foot and six on the other. He also wore six shirts and several pairs of trousers. Feldman was exonerated.

## A Doctor's Bad Plight

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarborough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for thirty-five years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by W. J. Fisher, 502 Main street and 413 Houston street. 50c and \$1.00. Trial bottles free.

## SPECIAL NOTICE

Notice is hereby given that the undersigned companies will apply to the Legislature of the State of Texas, convening in January, 1903, for the passage of a local or special law authorizing the St. Louis, San Francisco and Texas Railway Company to purchase or to lease for a term of years not exceeding 999 years, all of the railroads (constructed and to be constructed), and all other properties, and all of the rights, franchises and privileges pertaining thereto, and to consolidate with its own line, and to own and operate under its charter as a part of its own line, and to assume the indebtedness of the Red River, Texas and Southern Railway Company, the Fort Worth and Rio Grande Railway Company, the Paris and Great Northern Railroad Company, the Blackwell, Enid and Texas Railway Company, and the Oklahoma City and Texas Railroad Company, or either or any of them, and authorizing the last five named companies, or either or any of them, and their respective stockholders, to so sell or lease to the first named company all of their said railroads (constructed or to be constructed) and all other properties, rights, franchises and privileges, and authorizing the first named company to construct, own and operate as a part or parts of its own line, the unfinished portion or portions of said five last named companies, or either or any of them, between the termini as defined in their respective charters; and to construct, own and operate as a part or parts of its line, all extensions and branches of said last five named companies or either or any of them under or as authorized in and by the charter of the first named company, or any amendment thereof made or to be made in pursuance of the general laws of the state of Texas; and authorizing a corresponding increase of the aggregate amount of the bonds of the bonds and stock of the first named company, and to regulate reports of the operation of said properties, and authorizing said companies and each of them to execute all necessary contracts, agreements and conveyances to accomplish said purchases and sales.

## LORD CHARLES BERESFORD

Copyright, 1903, by W. R. Hearst.

Lord Charles Beresford arrived in New York on Jan. 13. He did not hesitate to scold England and the other powers for their attitude in the Venezuela embroglio. He praised the Monroe doctrine diplomacy of our government.

## TOOK A STRAW VOTE

Interesting Experiment in a Restaurant

An advertising agent, representing a prominent New York magazine, while on a recent western trip, was dining one evening in a Pittsburgh restaurant.

While waiting for his order he glanced over his newspaper and noticed the advertisement of a well known dyspepsia preparation, Stuart's Dyspepsia Tablets; as he himself was a regular user of the tablets he began speculating as to how many of the other traveling men in the dining room were also friends of the popular remedy for indigestion.

He says: "I counted twenty-three men at the tables and in the hotel office of taking one or two of Stuart's them and was surprised to learn that nine of the twenty-three made a practice of taking one or two of Stuart's Dyspepsia Tablets after each meal."

One of them told me he had suffered so much from stomach trouble that at one time he had been obliged to quit the road, but since using Stuart's Dyspepsia Tablets had been entirely free from indigestion, but he continued their use, especially while traveling, on account of irregularity in meals and because like all traveling men he was often obliged to eat what he could get and not always what he wanted.

Another, who looked the picture of health, said he never ate a meal without taking a Stuart Tablet afterward because he could eat what he pleased and when he pleased, without fear of a sleepless night or any other trouble.

Still another used them because he was subject to gas on stomach, causing pressure on heart and lungs, shortness of breath and distress in chest, which he no longer experienced since using the tablets regularly.

Another claimed that Stuart's Dyspepsia Tablets was the only safe remedy he had ever found for sour stomach and acidity. He had formerly used common soda to relieve the trouble, but the tablets were much better and safer to use.

After smoking, drinking or other excesses which weaken the digestive organs, nothing restores the stomach to a healthy, wholesome condition so effectively as Stuart's Tablets.

Stuart's Dyspepsia Tablets contain the natural digestive, pepsin, diastase, which every weak stomach lacks, as well as nux, hydrastin and yellow pella, and can be safely relied upon as a radical cure, for every form of poor digestion. Sold by druggists every where.

## MATTERS IN MEXICO

Happenings of Interest in the Republic in the Southwest

(By Associated Press.)

**City of Mexico, Jan. 28.**—President Diaz is suffering from a slight attack of grip.

**United States Ambassador Clayton** has gone to Cuernavaca, to recover from an obstinate attack of bronchitis having been for some time confined to his room here.

Arrangements for the sale of the Mexico railway, which runs southward 110 kilometers from this city, in the direction of the City of Puebla, have been concluded between the owners and G. W. Weaver, representing New York parties. The price is \$2,000,000. The road is a three foot gauge and gets freight from cotton factories, paper mills, flour mills, etc. Thomas Braniff, a well known American millionaire of this city, is one of the principal owners of the line.

## TO SUE STORES FOR SELLING BIRD PLUMAGE

(By Associated Press.)

**NEW YORK, Jan. 28.**—To test the constitutionality and standing of the laws for the protection of songbirds, and with the intention of demanding a rigid enforcement of them if they are upheld by the courts, suits have been brought against several department stores to recover damages for having on sale the plumage of birds which are not allowed to be killed except for scientific purposes. Only nominal damages are asked and the stories on which the suits are based are of trifling importance, as the desire is not so much to inflict a penalty in these particular instances as to settle the disputed question as to whether further prosecutions under the laws as they stand can be successfully carried out.

## DALLAS COTTON DEALER IS ARRESTED IN NEW YORK

(By Associated Press.)

**New York, Jan. 28.**—William Landau, a former cotton merchant of Dallas, Tex., surrendered to United States Commissioner Shields to answer an indictment found against him in Dallas charging him with using the mails for fraudulent purposes. Landau waived examination and furnished bail to appear in Dallas at the next term of criminal court.

## Regular Sun

**Guthrie, Okla., Jan. 28.**—The senate resolution by Mr. Hickam of Payne county passed that body of the Oklahoma legislature, providing for turning into the state treasury of Oklahoma all fees in excess of \$1800 annually received in the office of Territorial Secretary Grimes, thus cutting his annual salary to \$3600.

## Teaching English Compulsory

**Puebla, Mex., Jan. 23.**—The state government has issued a decree making the teaching of the English language compulsory in all the schools of the state.

## Lattimer Succeeds McLaurin

**Columbia, S. C., Jan. 28.**—Congressman Asbury C. Lattimer received the unanimous vote of both branches of the general assembly for United States senator to succeed John L. McLaurin.

## ATTACKED BY LIONS IN CAGE

**Young Boy Goes Into Den With Trainer and Will Die**

(By Associated Press.)

**CHARLESTON, S. C., Jan. 28.**—Raymond Bowman, aged 12, is dying at a hospital here from wounds received in a lions' cage. He was admitted by Miss Hall, the trainer, against the protest of attendants. The largest of the four beasts jumped over the woman and seized Bowman in the left thigh. He was badly mangled. The smell of blood excited the lion's mates and they all joined in the attack. Several men armed with pitchforks went to the boy's rescue and he was dragged out

**Married Life**

Just as good for Scalds, Burns, Bruises, Cuts, Corns, Blisters, Skin Eruptions, and Piles. Sold at W. J. Fisher's drug stores, 502 Main street and 413 Houston street.

# RHEUMATISM "THE PAIN KING."

No one who has ever felt the keen, cutting pains of Rheumatism will question its right to be called "The King of Pain." It inflicts the most excruciating suffering upon its victims. The strongest constitutions are undermined and the entire system is threatened with wreck and ruin when this Demon of Misery takes possession of the body.

Rheumatism often steals upon you without a moment's warning, beginning with a burning fever and thirst, the patient is soon groaning and tossing in a delirium of pain, muscles and joints begin to inflame, and when the disease has spent its fury, strength is exhausted, nerves are shattered and the sufferer perhaps an invalid and cripple for life.

Sometimes it develops slowly, little shifting pains are felt at intervals in the muscles and joints, just severe enough to keep one anxious and uneasy. But the disease is all the while taking possession of your system, and unless you stop its further advance will wreck your constitution and make your life a veritable torment.

Rheumatism is caused by Uric Acid and other corrosive, irritating poisons in the blood, which are carried through the circulation to the remotest parts of the system. Every muscle, joint, membrane and nerve in the body becomes saturated with these dangerous poisons and coated with fine particles of insoluble caustic matter, and the deep piercing pains that only Rheumatism can inflict are felt with every effort of the blood to force its way through the sore and tender parts.

The longer the blood remains impure the greater will be your suffering and your chances of a cure are lessened with every day's delay. There is no other way of escape from the clutches of "The Pain King" except through the purification of the blood and removal of all obstructions to a full and free circulation.

When the whole volume of blood is poisoned and the disease is running hot in your system you cannot expect permanent relief from liniments and plasters, or blistering and bring about a complete cure, the Uric Acid poison and other inflammatory matter will be expelled, and you can't do this with external remedies. S. S. S. neutralizes the dissolves the hard, gritty particles that have accumulated in the muscles and joints, they are carried out of the body through the natural channels of waste, when the inflammation and swelling subsides and you not only get rid of your pains, but the tonic effects of S. S. S. the general health rapidly improves, and you are fortified against further attacks from your old enemy. In all Rheumatic troubles whether acute, chronic, muscular, articular, inflammatory or sciatic, S. S. S. will be found a perfect specific, a reliable and certain cure.

Gentlemen—I was attacked by acute rheumatism in my shoulders, arms and legs below the knee was practically helpless. I could not raise my hair to comb my hair. Doctors prescribed for me for two months without giving me any relief. I saw S. S. S. advertised and decided to try it. Immediately I felt better, and remarked to my mother that I had at last found some relief. I continued its use until I am entirely well. MRS. ALICE HORTON, 311 12th St., Bowling Green, Ky.

S. S. S. is guaranteed a strictly vegetable remedy, that can be taken with perfect safety by old and young. Send for book on Rheumatism, and write us about your case, and physicians will advise without charge.

# DOINGS OF A DAY AT THE STATE CAPITAL

## HANGER DRAWS A LONG TERM IN SENATE—WANT A NAVY YARD AT GALVESTON

AUSTIN, Tex., Jan. 28.—The house this morning passed a bill extending the time in which Nacogdoches, Burleson, Washington and other counties have to pay their taxes to March 1, 1903.

A resolution was adopted giving instruction to the Texas senators in congress to work for a navy yard for the head of Galveston bay.

A resolution was introduced providing for the appointment of a committee from the house and senate to revise the entire school laws. It was referred to the educational committee.

### Hanger Gets Long Term

In the senate this morning the following senators drew the long, or four years, terms:

Beatty, Brachfield, Davidson of De Witt, Davidson of Galveston, Decker, Faulk, Hale, Hanger, Hicks, Hill, Martin, McKamy, Paulus, Stafford, Wallace and Wilson, sixteen in number.

The following senators drew the short, or two years, terms:

Cain, Douglass, Faubion, Faust, Grinnan, Harbison, Harper, Henderson, Lipscomb, Mills, Morris, Patterson, Perkins, Savage and Sebastian, fifteen in number.

### Oil Legislation Probable

It is very evident that it is the intention of the members of the legislature to have some kind of legislation this session upon oil products. There seems to be a growing sentiment to the effect that the product should be taxed in order that it may pay its proportion of taxes into the coffers of the state. The best remedy suggested is that the product shall be placed upon the same basis as reality.

### Life Insurance Taxes

The old Banquo ghost is going to make itself evident again this year in the matter of a bill taxing life insurance companies very heavily. It is current that within a very short time a bill will be introduced seeking to levy 3 per cent upon the gross premium receipts of insurance companies doing business in the state. This is an exceedingly heavy tax, but the proposition will be presented in that shape for consideration at the hands of the legislature.

### No Sunday Hunting

A bill was introduced in the house yesterday morning by Representative Cottrell, which will make many of the sportsmen of the state turn around three times if passed. It provides a fine of \$10 to \$25 for any person who goes hunting anywhere on Sunday with dogs or a gun or who ventures forth to fish along the quiet banks of some secluded mountain brook. Mr. Cottrell's bill, in short requires every man to stay at home on Sunday so far as hunting or fishing is concerned.

### Whisky Is No Excuse

A bill was introduced in the house yesterday which provides that murder committed by a man under the influences of either whisky or a drug is murder just the same. These cannot be offered as any excuse for the crime.

### Feeders Have a Lien

A bill was introduced in the senate yesterday stipulating that all feeders who supply food for cattle shall have the first lien on them and regulates the mode of foreclosure and the like.

### A Marriage Breaker

A bill was introduced in the senate yesterday morning providing that it shall be illegal for any divorced parties to remarry within twelve months from the time of securing a divorce.

### Lobbyists Merging

The lobby in attendance upon this session of the legislature are not nearly so numerous as attended former legislatures. Some explain that it is too early for the third house to secure its full membership, and while that may prove true in the main it is still a stubborn fact that must not be overlooked that the third house interests have in a large measure been "merged." In other words, a few men have been left here to look after interests in general. In former years the third house membership was kept at the top notch here at considerable expense to those interests that were represented and their practice of combining on a few men who are to look after matters may be an indication of the fact that the third house has the spirit of retrenchment and reform in it that has developed in so many legislatures in the past.

## VISITING ELKS HAVE AN ENJOYABLE TIME

Nearly Fifty Attended the Ball Given by the Dallas Lodge Last Evening. Nearly fifty Fort Worth Elks and their ladies went to Dallas last evening in the special Interurban car. They were to attend the ball given by the Dallas lodge, No. 71, on the occasion of the dedication of their new building. The Fort Worth party left about 8 o'clock, returning at 1 o'clock. While in Dallas they were royally entertained, and they are delighted with the new club building, which is perhaps the finest in the state. During the evening lunch was served in the cafe in the basement of the club.

## What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it to-day. Try

# Jell-O,

a delicious and healthful dessert. Prepared in two minutes. No boiling! No baking! Add boiling water and set to cool. Flavors:—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocers to-day. 10 cts.

## Colonel Lynch, Whose Death Sentence Has Been Commuted

Copyright, 1903, by W. R. Hearst. The trial and conviction of Col. Arthur Lynch for high treason in London, has attracted world-wide attention. The accompanying picture of the famous convict is taken from a snapshot of him in conversation with President Roosevelt while they were on a Pennsylvania ferry boat during Col. Lynch's last visit to this country.

## Weather Conditions

The weather in Texas continues warm, and it is somewhat cloudy this morning; no rain of any importance occurred during the past twenty-four hours, however. Rain is falling this morning over the greater portion of the east gulf and south Atlantic states, and throughout the Mississippi, Ohio and Missouri valleys, except the upper portion of the Missouri, where it is snowing. The weather is stormy throughout the Rocky mountain region.

The weather for Fort Worth and vicinity will likely continue generally fair till Thursday night, although with more or less cloudiness and somewhat cooler.

### Weather Record

Table with columns for Stations, Min. Max. Wind, Rain, and fall. Lists weather data for various Texas cities like Abilene, Amarillo, Atlanta, etc.

### The Great Dismal Swamp

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills and fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fail to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, Ohio, "but never found anything as good as Electric Bitters." Try them. Only 50c. W. J. Fisher, 502 Main street and 413 Houston street, guarantees satisfaction.

## THE WEST TEXAS CATTLEMEN OPPOSE REPEAL OF LEASE LAW

AUSTIN, Tex., Jan. 28.—West Texas cattlemen are opposed to certain bills introduced in the legislature seeking to repeal the land lease laws. Three representatives from the vicinity of Colorado City are responsible for the anti-lease law bills. They are Messrs. Brelsford, Gray and Bryan.

### RILEY GRANNAN, THE PLUNGER, IS A FINANCIAL AND PHYSICAL WRECK

NEW ORLEANS, La., Jan. 28.—Riley Grannan, in many respects the greatest plunger the American turf has ever had, is a wreck financially and physically. He has lost his "bank roll" of \$18,000 and quit the block. He was so ill that he had to be taken from the Crescent City track to his hotel. The young plunger, in the parlance of the racetrack, "went down and out" when Andes beat O'Hagen Friday. Riley did not fancy Jas. McArthur's horse and he made up his mind to "kill him" to the extent of his bank account. The old spirit, to dare all in one plunge, mastered him and he laid top price against Andes until the race was started.

IT'S HIGH TIME that everyone in Fort Worth knew where they can get their linen laundered in the best style of the art of laundry work, but there may be some who have been in the habit of having their shirts, collars and cuffs done up at home that would like to know where they can have them laundered just like new in color and finish, and that is at Fort Worth Steam Laundry, LIPSCOMB & DAGGETT Phone 201

## REACHES CITY ON LONG TRIP

YOUNG DANISH NEWSPAPER MAN TRAVELING ON HEAVY WAGER Comes to Fort Worth From El Paso and Goes From Here Directly to New Orleans—Must Travel 44,000 Miles to Win \$16,000—Is Paying His Own Expenses

M. Bernstorff-Schroeder, with the Polkess Avis, one of the leading newspapers of Copenhagen, Denmark, reached the city at 12:30 this afternoon from El Paso. He is on of three men sent out by the Police Gazette on a 44,000-mile race for \$16,000.

The conditions of the novel race are that each of the contestants must wear handcuffs throughout the trip, the handcuffs being removed only when 1,000 miles have been traveled. Schroeder's handcuffs were taken off when he was in El Paso, and will not be removed again until he reaches New Orleans.

After leaving Copenhagen, Schroeder visited Germany, France, Italy, Austria, Turkey, Russia, Siberia, Finland, Sweden, Norway, England and then the United States.

## THIS IS CHINESE NEW YEAR DAY

NEW YORK, Jan. 28.—The old and for the most part dilapidated structures included in that motley section of the lower east side, bounded by Mott and Pell streets and the Bowery, and which enjoys the geographical appellation of Chinatown, was decked out in holiday attire today. Red and yellow flags and banners showing the rampant dragon fluttered over the narrow streets and from the latticed verandas were suspended paper lanterns and streamers of bright red paper.
