YAQUIS ALMOST DESTROY BATTALION OF MEXICANS

DEFEATED IN BATTLE THE INDIANS RETREAT AND DRAW PURSUERS INTO AN AMBUSCADE, WHILE ANOTHER PARTY CLOSURES UP THE REAR—THE FATALITIES ARE REPORTED SEVERAL HUNDRED BUT PROBABLY EXAGGERATED

(By Associated Press.) TUCSON, Ariz., Feb. 2.—Word has just been received here that the Twelfth battalion of Mexican regulars has been almost annihilated in a battle with the Yaquis, whom they were pursuing, after having defeated them in the fight at San Marcial. The regulars were caught in a trap and retreat was cut off by a second band of whose existence they knew nothing.

HONDURAS READY FOR ANOTHER REVOLUTION

TWO PRESIDENTS ARE CLAIMING ELECTION AND WAR MAY HAVE ALREADY BEGUN

(By Associated Press.) NEW ORLEANS, Feb. 2.—Passengers arriving on the United Fruit company's steamer Breakwater, direct from Puerto Cortez, report the Americans fleeing from Spanish Honduras in expectation of a revolution which has been brewing for the past two months, on account of the refusal of President Sierra, the present incumbent, to surrender the presidential seal to Señor Bonilla, who reports say, has been officially elected. The successor to Sierra, President Bonilla, it was expected would be inaugurated last Sunday, but the Breakwater left Puerto Cortez before the expected declaration of hostilities. The conservatism of which Sierra the leader, have been making secret preparations to fight, Bonilla, who is the leader of the liberals, also has been active and is fully prepared to put up a hard struggle.

MAN SECOND IN A CONTEST WITH TIGRESS

CAGED BENGAL BEAST CHEWS HER TAMER UNTIL HE IS RESCUED BY OTHERS

(By Associated Press.) SYRACUSE, N. Y., Feb. 3.—C. A. Reeves of Philadelphia, a lion tamer, has had a desperate encounter with a big Bengal tigress in a cage at the winter quarters of a circus. Reeves had entered the cage to train the beast. With a roar she sprang at his throat, and with her claws and teeth terribly lacerated his head and shoulders and chewed his arm to the bone. Men armed with crowbars and hot irons entered the cage and finally succeeded in dragging Reeves from his perilous position.

SUICIDE FOLLOWS A TALE OF MURDER

MAN TELLS HIS WIFE THAT HE HAD STABBED A SWEDIE AND THEN KILLS HIMSELF

(By Associated Press.) JAMESTOWN, N. Y., Feb. 3.—Bont Larson, familiarly known as "California Larson," committed suicide yesterday. Before killing himself Larson told his wife that while out driving Sunday he had quarreled with a man known as the "Crazy Swede." In self-defense he stabbed and seriously wounded the Swede. Larson left his home Sunday night with the avowed intention of ascertaining the extent of the Swede's injuries. He returned late at night and appeared ill at ease. He refused to talk about the result of his trip. Yesterday, while Mrs. Larson was out the house, Larson shot himself, dying in a few minutes. The coroner, who is investigating the case, has been unable to find the Swede. It is thought that Larson may have hidden the body on his second trip Sunday night.

BILL FRAMED TO OUTLAW TEXAS TURF EXCHANGES

(Special to The Telegram.) DALLAS, Texas, Feb. 3.—Hon. Curtis Hancock, one of Dallas county's representatives in the lower house of the Legislature, has introduced a bill which is for the purpose of stopping of turf exchanges or betting on horse races at other places than at the track where the animals go at the raise of the barrier. The bill is drawn in concise terms and clearly defines the ideas of its author as shown by the following introduction: An act to prohibit the buying and selling of pools or receiving or making bets on horse racing except on the day and within two hundred feet of the race track or grounds where the speed of such animals are to be tested; to prohibit the leasing of premises for pool rooms and to provide a penalty for its violation.

AUSTIN STATESMEN BUSY WITH SMALL MATTERS

(Special to The Telegram.) AUSTIN, Texas, Feb. 3.—The house of representatives this morning consumed most of the session with the bill fixing the fees of the court stenographers. A number of amendments were offered. Most of them were defeated. Finally the bill was recommitted. The house passed the engrossment bill deficiency, carrying an appropriation of \$280,000. The rule to seat gentlemen in the lobby in the house Mr. Griggs made an attempt to secure consideration of the bill regulating terms of the criminal district court of Galveston and Harris counties.

MONEY MICROBES CAUSE LOSS OF SIGHT

(By Associated Press.) NEW YORK, Feb. 3.—Clinton N. Moffat, treasurer at Daly's theater, several years ago injured one of his eyes and the wound never entirely healed. Last Friday while handling some paper money the eye irritated him and he rubbed it. On Sunday it became greatly inflamed and he consulted a physician, who said he must have gotten some injurious microbes from the money and put them into his eye while rubbing it. As the condition of the eye rapidly became worse and the other eye was affected, the physician decided that Mr. Moffat must have the injured organ removed in order to save the sight of the other one.

AT THE LOCAL STOCKYARDS

HOGS AGAIN REACH THE HALF

TARRANT COUNTY PRODUCT BRINGS \$6.50 ON NORTH FORT WORTH MARKET

DEMAND FOR HOGS GOOD AND MARKET REMAINS STRONG FROM OPEN TO CLOSE—CATTLE MARKET HAS ALSO A FIRMER TONE AND SEVERAL LOTS BRING AS HIGH AS \$3.40

NORTH FORT WORTH, Feb. 3.—After a rather drab opening, the cattle market today brought up considerably and closed much stronger than yesterday. Receipts were lighter, being only a little over 500 head and of these the majority were cows. The best head-tot steers are not being sent to the Fort Worth market, being shipped instead to Kansas City and Chicago. As a result packers have to depend on the better grade of cows for the best stuff, and while the market is for this class of cattle as good, it is not the class the packers would like. Three dollars and forty cents was the top price paid today, 59 head shipped by J. C. Butler and 22 head shipped by H. Morgan bringing this figure. The hog market opened strong and closed strong. S. S. Smithson of Mansfield getting the top price of the day, \$6.50 for 33 that averaged 224 pounds each.

The offering of good steers was light and sales this morning were consequently few. Ranchmen seem to be sending their better grade of finished steers to the Kansas City and Chicago markets, as every day prices from a cent and a half to two cents better are being paid. But the stock that brings \$4.50 and \$5 weighs better than 800 pounds.

Some of this morning's representative sales of steers were:

- 5 steers, average 722 pounds, \$2.40
- 2 steers, average 800 pounds, \$2.60
- 25 steers, average 825 pounds, \$2.75
- 24 steers, average 851, \$2.95
- 5 steers, average 910, \$3.35
- 30 steers, average 970, \$3.40
- 20 steers, average 1,000, \$3.40
- 22 steers, average 1,040, \$3.40

Five carloads of fancy steers, the average running considerably over 1,000 pounds, were also sold at a private price to two packing firms of San Bernardino, Cal. It is believed the price paid was higher than any made in open market. The cattle were shipped in by Briggs & Harold of Waxahachie, and were extra fine.

Cows and Heifers

As a rule, offerings of cows and heifers are better than those of steers. Better finished cows are being shipped and the better prices paid for them show that there is a good market in Fort Worth if the right kind of stuff is offered. The cows being shipped in are of better grade than the steers also, and on them the packers are compelled to depend for most of their supply of good stuff.

Some representative sales this morning were:

- 26 cows, average 880 pounds, \$2.40
- 28 cows, average 844 pounds, \$2.75
- 1 cow, weight 950 pounds, \$2.65
- 29 cows, average 920 pounds, \$2.45
- 5 cows, average 970 pounds, \$2.35
- 24 cows, average 748 pounds, \$2.35
- 23 cows, average 900 pounds, \$2.85

Hogs

The hog market opened strong, though the receipts were light and continued at a good tone throughout. The heaviest buyer of the morning was the Fort Worth Packing Company, which took the majority of the offerings. There is a steady demand for good hogs, and the price paid and rapid sales at good prices are bringing more and more hogs in daily.

Some of this morning's representative sales were as follows:

- 8 hogs, average 85 pounds, \$6.25
- 81 hogs, average 187 pounds, \$6.20
- 29 hogs, average 212 pounds, \$6.30
- 27 hogs, average 110 pounds, \$6.30
- 27 hogs, average 128 pounds, \$6.30
- 54 hogs, average 172 pounds, \$6.20
- 2 hogs, average 220 pounds, \$6.30
- 25 hogs, average 113 pounds, \$6.55
- 1 hog, weight 210 pounds, \$6.45
- 86 hogs, average 227 pounds, \$6.45
- 23 hogs, average 251, \$6.30
- 25 hogs, average 141, \$6.30
- 18 hogs, average 121, \$6.10

PACKING PLANTS WILL BE MORE THAN DOUBLED IN PRODUCING POWER

BOTH SWIFT AND ARMOUR QUIETLY PLANNING BIG EXTENSIONS IN NORTH FORT WORTH—EACH WILL KILL 1,500 CATTLE AND 4,000 HOGS DAILY—LARD REFINERIES NOW LARGEST IN THE WORLD

Plans are virtually completed by both Swift & Co. and the Armour Packing Company for more than doubling the capacity of the packing plants in North Fort Worth.

Each concern is acting independently of the other and the plans have been guarded carefully, each packer trying to keep his rival in ignorance, it is said, of his intentions.

The present capacity of each plant is 500 hives and 2,000 hogs daily. The proposition is to triple the capacity in each case for cattle, making it 1,500, and double the capacity for hogs, making it 4,000.

The engineers and contractors have the details of the plans virtually complete now, it is said, and within sixty days the actual work necessary on the buildings in order to make the increase desired will be under way.

Buildings Left Unvalued

The buildings now erected have been left unvalued on one side in order that additions may be easily built, and workmen are now making excavations which, it is believed, are for the extension to be made to the main building of the Swift plant.

A well-founded rumor regarding the proposed increase of capacities has been doing the rounds for several days, and by business men is taken as a further indication of the fact that Fort Worth is eventually to be the great packing center of the country.

The land redevlopment in the next end are admittedly now the largest in the world, and it is believed eventually the remainder of the plants will approach the same high standard.

By killing and packing their meat here the packers, it is estimated, save more than half the amount of the freight on live stock from here to Chicago and the other northern packing centers. As regards lard, it is said, they save the freight on cottonseed oil, which is largely used in making lard. The rate is very high, outside of Texas and the expense at present of shipping oil to Chicago and Kansas City is no small item.

Export Business From Fort Worth

A feature of the business from Fort Worth, according to present plans is to be the export trade. It costs the packers about 60 cents a hundred on export stuff from Kansas City and Chicago and only 30 cents from Fort Worth, shipments from here being by the gulf.

The four lines from Fort Worth to Galveston, which are the Santa Fe, the Missouri, Kansas and Texas, the International and Great Northern and the Houston and Texas Central, make shipment from here to the seaboard easy. The Texas and Pacific line direct from here to New Orleans also furnishes great facilities.

All rail business from Fort Worth to the seacoast is already being developed by the packers, and within the past few weeks many cars of packing-house products have been billed from here to Jersey City and other Atlantic points.

"When you take all these things into consideration and then remember that Fort Worth is right in the cattle country, with railroads to bring cattle and hogs here easier than anywhere else, it is no wonder that the packers are going to make their plants bigger. People who believe in Fort Worth have been expecting it and are not surprised," said a business man this morning.

TRACTION COMPANY FILES BIG MORTGAGE

IT IS TO SECURE THE RECENT BOND ISSUE

Securities Are Held by the Prudential Trust Company of Cleveland, Ohio—All Lines in Tarrant and Dallas County Included in the Transaction—Some Proposed Extensions

The Northern Texas Traction company filed in Dallas today a mortgage on all its property in Dallas county, and a voluminous document, covering everything which the corporation owns in Tarrant county, has been prepared. Up to 3 o'clock this afternoon this had not yet been filed at the court house.

Both mortgages were drawn up by Capes & Canty, and cover a valuation of \$2,500,000 on franchises and equipment. The mortgages are drawn in favor of the Prudential Trust company of Cleveland, Ohio, and are to secure an issue of \$3,000,000 of bonds, which will bear interest at the rate of 5 per cent per annum. They are dated January 1, 1903. The bonds will reach maturity January 1, 1912.

All lines in Fort Worth now in operation and to be constructed are covered by the mortgage, also the interurban road and the line between Dallas and Oak Cliff. The proposed lines mentioned are on Hampshire street from Daggett avenue to the city limits, and beyond over Porter Heights' addition; from Front and Jones streets past the Santa Fe depot to Seventh street, and west to the city park; from Seventh street and Summit avenue, south over the latter thoroughfare, 3 1/2 street and Seventh street to Magnolia and on Evans avenue from Magnolia to the city limits.

The National Live Stock Commission Company, is in from a trip through central Texas. He says the outlook for spring shipments is excellent.

Sam Hunnicutt of Greenville was at the yards today with a car load of dry-fed cows and steers. They had been fed under shelter for about two months and brought \$2.85.

If You Have Pain in Your Back

Do Not Be Deceived. You Have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Let us give you a piece of advice: Pain in the back is an almost infallible sign of kidney disease; a sure sign is the condition of your urine. If you have a pain in the back then look to the condition of your urine. It is easily done. Take a glass tumbler and fill it with urine, after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

G. F. Sammer of No. 409 Tloga street, Syracuse, N. Y., in a recent letter says: "I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief; for over two years I scarcely had a good night's rest on account of backache in a most distressing form. I bought a bottle of Dr. David Kennedy's Favorite Remedy and commenced to use it, and I must say I never imagined I should find such a wonderful cure. Why I feel like a young man again in spite of my 59 years."

All druggists sell Dr. David Kennedy's Favorite Remedy in the new 50 cent size and the regular \$1.00 size bottles. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

THE ENCAMPMENT OF ODD FELLOWS AT DALLAS

ABOUT TWO HUNDRED ARE PRESENT AS DELEGATES, WITH C. L. ELDER PRESIDING

(Special to The Telegram.)

Dallas, Feb. 3.—Monday the encampment of Texas Odd Fellows was called to order, Grand Patriarch C. L. Elder of Gainesville presiding.

On calling the roll the following grand officers were noted as being absent: Harry Eeles, grand high priest, and J. W. Butler of Tyler, grand senior warden. Letter came later.

The advance reports of the last year of the grand senior officer, which showed an increase in both membership and finances, was adopted.

On roll call thirty-eight encampments were accredited with having delegates present.

The new officers installed for the ensuing year were: Grand patriarch, H. G. Schnelle, who was unanimously elected in place of Harry Eeles, resigned; J. W. Butler of Tyler, grand high priest; J. G. Gossett of Denison, grand senior warden; J. E. Ritford of Fort Worth, grand junior warden; S. W. Porter of Sherman, grand treasurer, and Charles L. Sauer of San Antonio, re-elected to the sixth term as grand scribe.

John Spellman of Dallas was elected grand representative to the sovereign grand lodge, to be held in Baltimore in September.

THE ARMY APPROPRIATION

Measure Under Consideration By the Senate

(By Associated Press.)

Washington, Feb. 3.—The senate discussed army appropriation bill Monday. It was about to be passed when Mr. Pettus of Alabama requested that it go over to permit some amendments to be offered. During the reading of the bill Messrs Hale and Cockrell got into a discussion over the general staff provision, the former contending that it was general legislation and had no place in the bill. Mr. Cockrell insisted otherwise.

Mr. Quay, during the discussion, injected the remark that the provision was properly in the bill. The point of order against general legislation was not pressed.

Mr. Berry criticized as remarkable a defense made several days ago by Mr. Proctor of Vermont of Captain Brownell, said to have been connected with the death of Father Augustin in the Philippines.

The committee amendments to the army bill were agreed to. An amendment by Mr. Foraker was agreed to authorizing the president to appoint an officer of the signal corps as chief of the telegraph and cipher bureau of the white house with the rank of major.

An amendment by Mr. Macon was also agreed to appropriating \$2,000,000 to supply and equip the organized militia of the several states in accordance with the militia bill recently passed.

An amendment by Mr. Teller was agreed to, granting officers who have been retired by reason of wounds or disability incurred in active service equal benefits enjoyed by other officers in cases of retirements.

The statehood bill was up for a short time and Messrs. Bard and Quarrels spoke in opposition to it. After an executive session of ten minutes the senate adjourned at 4:30 p. m., out of respect to the memory of the late Representative Rumble of Iowa.

Called at State Department.

Washington, Feb. 3.—M. Jusserand, the new French ambassador, who arrived in Washington Saturday night, called at the state department Monday accompanied by M. Boefueve, the ambassador of the French embassy. The ambassador speaks English perfectly and had half an hour's private conversation with Secretary Hay. No date has yet been fixed for his presentation at the white house.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three-year-old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes. Sold by Reeves' Pharmacy, Ward Pharmacy and Arlington Drug Co.

WORK FOR TEMPERANCE

Mexican Officials Gratified Over Sunday Closing

(By Associated Press.)

City of Mexico, Feb. 3.—The authorities on receiving the reports of the results of the Sunday closing of bar rooms and all drinking places for the lower classes were much gratified. All bar-rooms and pulque shops were closed sharply at noon Sunday and no attempt was made in this city or any of the towns in the federal district to evade the law. There were no rear door or side entrances.

Foreigners resident here were surprised to find the law so universally obeyed. The result on criminal statistics was at once felt, there having been only one-fifth of the usual number of arrests. This fact justifies the law in the eyes of all respectable and law abiding people and the federal district government is praised for its effective temperance work.

The federal district government has in contemplation other measures for controlling the liquor trade with a view to diminishing the volume of crime and misery.

General Viljoen, the Boer leader lectured here on the Boer war, its causes and how it was waged.

HEARTY WELCOME FOR THE BOERS AT AUSTIN

GOVERNOR LANHAM AND LEGISLATURE DO THE PROPER

THING BY THEM

(By Associated Press.)

Austin, Feb. 3.—Dr. F. W. Reitz, former president of the Orange Free State, and his party, arrived here Monday afternoon. They were given a most cordial reception by the governor and by the legislature, and seemingly were greatly impressed with the representatives of Texas.

When Governor Lanham received the party in his reception room he told them he was glad to extend them a welcome, that there was a bond of sympathy between Texans and the Boers, for the Boers, like the people of the south, had fought for a hopeless but glorious cause. Dr. Reitz was moved to tears at the governor's words.

From the governor's reception room the party was escorted to the hall of representatives, to which they had been invited by a resolution passed during the morning session, and to which Mr. Schluter spoke eloquently. There the members of both branches of the legislature, state officials and many citizens were presented to them.

At 3:30 o'clock an informal meeting of the members of the legislature was held, with Representative R. C. Duff presiding. The visitors were escorted to the speaker's stand by Speaker Neff and Representatives Standifer and Kyle.

Mr. Duff welcomed them in an eloquent speech.

In reporting Dr. Reitz spoke briefly. His remarks were frequently applauded, especially his declaration that he would not live under a tyrant.

Hon. A. W. Terrell of Austin was called upon for a speech and paid a glowing tribute to the Boers, extending to such of them as wished to leave their home in South Africa a cordial invitation to come to Texas.

The chair appointed Speaker Neff and Messrs. Standifer, Foster, Mays and Love a committee to escort the visitors over the capitol and show them the halls.

Cancer Cured!!

Mr. W. W. Prickett, Smithfield, Ill., writes, Sept. 10, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it can not be too highly recommended." 15c. 50c and \$1.00. For sale by H. T. Pangburn & Co.

The Easy Pill

Do Witt's Little Early Risers do not crüpe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble.

Cured Consumption

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We can not do without it. For coughs and colds, it has no equal." 25c. 50c and \$1.00 bottle at H. T. Pangburn & Co's.

WILL NOT ACCEPT PREFERENTIAL PAYMENTS

MINISTER BOWEN TURNS DOWN POINT BLANK THE PROPOSITIONS OF THE POWERS

(By Associated Press.)

Washington, Feb. 3.—Herbert W. Bowen, Venezuela's representative in the negotiations at Washington for a settlement of the claims against that country, has sent through the British ambassador at Washington, what amounts to an ultimatum to the allied powers of Great Britain, Germany and Italy, regarding their insistence for preferential treatment in the settlement of their claims against Venezuela.

This note was cabled at once to London, copies of it being transmitted to the Italian and German embassies for transmission to Rome and Berlin. It is in reply to the proposal submitted at a joint conference of the negotiators by the British ambassador that the allied powers be allowed two-thirds of 30 per cent of the customs receipts of the ports of Guayra and Porto Cabello, and that the United States and the other claimant nations, France, Belgium, Holland, Denmark, Spain and Norway and Sweden content themselves with the remaining one-third of this percentage; that is, 10 per cent of the receipts of those two posts.

In the note received by the British ambassador from Mr. Bowen the latter refuses point blank the proposal for a 20 and 10 per cent division on the ground to recognize the principle it embodies it would be absolutely offensive to modern civilization. In view of the fact that the negotiators are agreed on all save the question of preferential treatment, the ambassador is informed that Venezuela has decided to submit the question to The Hague tribunal. The acceptance of this proposal, Venezuela contends, carries with it a raising of the blockade, the general understanding being that the blockade would end when the negotiators at Washington had reached an agreement.

It is understood that in refusing this last proposal submitted by the British ambassador on behalf of the allies, Mr. Bowen takes the ground that he can not accept in principle the contention that blockades and bombardments of forts and the consequent killing of helpless men, women and children entitles any power or alliance of powers to preferential treatment at the hands of a civilized nation.

THE BREWERY WORKERS

One Hundred Fifty Delegates in Session at Cincinnati

Cincinnati, Feb. 3.—One hundred and fifty delegates from all parts of the country were present when the convention of United Brewery Workers reconvened here.

The committee on credentials reported favorably upon all the delegates except the fourteen from New York who were not accorded seats. It was charged that they took sides with the brewers in the recent trouble which grew out of the prohibition over engineers and firemen, and that at the recent convention of the American Federation of Labor at New Orleans, they made an effort to have the charter of the brewery workers revoked. It was stated that the action was taken against the delegates personally and not against their union.

CAR WINDOWS SMASHED IN CONNECTICUT STRIKE

Waterbury, Conn., Feb. 3.—The first disturbance of Monday evening occurred at the railway power house in the Brooklyn district, where the Blues, a New Haven company were stationed on patrol. The rain early in the evening was succeeded by a thick fog which made it difficult to distinguish objects half a block away. Taking advantage of this a gang of hoodlums gathered across the street from the power house and threw stones at empty cars. The windows on one side of the cars were smashed.

One Minute Cough Cure gives relief in one minute, because it kills the microbes which irritate the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old.

WEAK AND LOW-SPIRITED

A Correspondent Thus Describes His Experience "I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depression and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c a bottle at H. T. Pangburn & Co's.

Foley's Honey and Tar is best for croup and whooping cough, contains no opiates, and cures quickly. Careful mothers keep it in the house. Sold by Reeves' Pharmacy, Ward Pharmacy and Arlington Drug Co.

COURTESIES BY THE HOUSE

Extended to the Party of Visiting Boers

(Special to The Telegram.)

Austin, Tex., Feb. 3.—Mr. Schluter offered a resolution extending the courtesies of the house to Dr. F. R. Reitz of South Africa, formerly chief justice of the South African republic and secretary of state during the war, and the members of his party now in Texas seeking a suitable location for a Boer colony.

In a few appropriate remarks, Mr. Schluter highly eulogized the courage of the Boers as shown during the recent war in South Africa and said they would make fine citizens of Texas should they decide to locate in the state.

The resolution was adopted unanimously. House bill by Mr. Love, providing for the appointment of official stenographers for the district courts of one county or less, was discussed.

To Postpone Action.

Austin, Feb. 3.—At a meeting of the house committee on penitentiaries it was decided, on the author's suggestion, to postpone action on Mr. Guinn's bill providing for the continuation and enlargement of the iron industry at the Rusk penitentiary until a return of a subcommittee which is to be sent to Rusk next week with the members of the new penitentiary board to investigate the subject.

Louisville, Ky., Feb. 3.—According to a cablegram received here from Guatemala City by William Hunter from his father, Dr. Godfrey Hunter, formerly United States minister to Guatemala, Godfrey Hunter, Jr., was acquitted of the murder of William Fitzgerald of Grand Rapids, Mich., in Guatemala City several months ago. The message of Mr. Hunter states that during the trial thirty-six witnesses swore to the fact that there was a conspiracy against the life of Godfrey Hunter, Jr. Mr. William Hunter stated that his father and brother would return to the United States at once.

REVOLUTIONARY CIRCULAR DISTRIBUTED AT CARACAS

Caracas, Feb. 3.—A revolutionary circular was distributed Monday dated Curacao, Dec. 27. It reads: "General Matos' committee has received a notification from Europe that the Venezuelan blockade will not be raised, if it ever is raised, for several weeks longer. The revolutionists should join the army before Feb. 5, to march on Caracas."

Venezuelan Company Formed.

Joplin, Mo., Feb. 3.—The Venezuela Company, which was organized several days ago to enlist men for colonization in Venezuela, has it was said, booked more than 1000 men all with military training and some of whom are said to have held commissions in the United States army and navy. Applications for membership are pouring in from all parts of the United States and Canada. The company expects to secure large land grants from the Venezuelan government.

ARE YOUR KIDNEYS WEAK?

Thousands Have Kidney Trouble and Never Suspect it.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of The Telegram May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—this is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

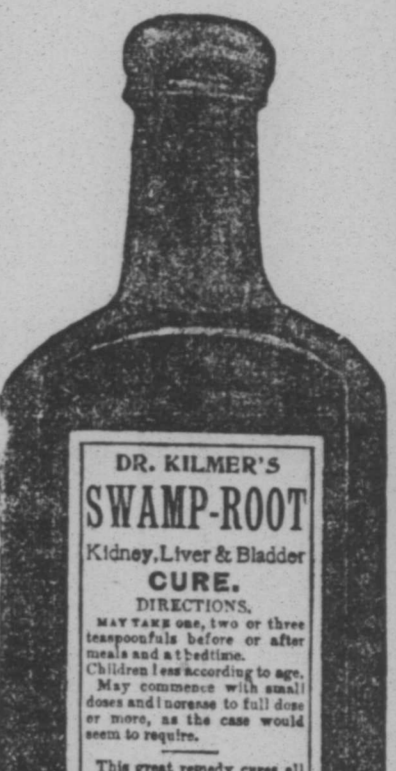

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless, and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention. Swamp-Root is pleasant to take and is recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver, and bladder troubles.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar bottles at the drug stores every where. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

EDITORIAL NOTE—You may have a sample bottle of this wonderful remedy, Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root, and containing many of the thousands upon thousands of testimonial letters received from men and women who owe their good health, in fact their very lives, to the great curative properties of Swamp-Root. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in The Fort Worth Daily Telegram.

DR. KILMER'S SWAMP-ROOT Kidney, Liver & Bladder CURE DIRECTIONS: MAY TAKE ONE, TWO OR THREE TABLETS BEFORE OR AFTER MEALS AND A BEDTIME. Children (and according to age) May commence with small doses and increase to full dose or more, as the case would seem to require. This great remedy cures all kidney, liver, bladder and urinary troubles and disorders due to weak kidneys, such as catarrh of the bladder, gravel, rheumatism, jaundice and Bright's Disease, which is the worst form of kidney disease. It is pleasant to take. PREPARED ONLY BY DR. KILMER & CO., BINGHAMTON, N. Y. Sold by all Druggists.

Washington was a state that was guaranteed to be Democratic, but it was only so during the time that the silver question was of so much interest.

How to Fight Indians. The presence of General O. O. Howard in Washington recalled to Lieutenant Colonel McCain of the adjutant general's department an experience he had in his salad days at West Point.

"How would you conduct a campaign against a hostile band of Indians?" "I thought it was a part of the discipline and instruction," relates McCain, "and I told the fellow all I knew - in fact, outlined a military situation and told him how I would handle it."

"Not in the way you mean. I once had the dearest little girl as a pal, but—well, I lost her—and I've never found her. Somehow I don't fancy I'll have you ever cared for anyone?"

"Joyce? Yes, she and her governess, Nancy Brown—pretty name—that have come back looking like two rosy apples. It does my heart good to hear them laugh. That's the result of letting them run wild at Haying Island for four months. They were a sorry looking pair when I sent them off."

"Please ma'am, what can we do? Prior's just fallen upstairs and twisted her ankle and his friend can't move, and there's master and his friend coming in for dinner in an hour."

"Why, I will, cook, if you won't look quite so tragic," and Nancy Brown danced into the room with the pet of the house—3-year-old Joyce, in her arms.

"Don't think Mr. Raymond Morris will mind," replied Nancy in rather a cold tone. "A rich, successful barrister isn't likely to take much notice of a nursery governess."

"I wonder if he—oh, no, he won't—I expect he's quite forgotten"—and resolutely banishing a tear, Nancy ran off to help cook dish up.

"Why, yes. She says so. Do you think you have discovered some famous criminal in her?" laughed the doctor.

"What was the matter with Miss-Nancy Brown?" "Insufficient food, fresh air, and everything else. Trying to live—no, not live—exist respectably on about ten shillings a week. Heaps of girls are trying the same game, poor creatures. The result in her case was general weakness, debility—bad cold, acute attacks of pleurisy—and then—through collapse. Young Staines—you know him, brought her to the hospital one night. She was coughing and the exertion made her faint. The conductor of the bus in which they were called a policeman and then Staines volunteered to bring her to us, and there she stayed. The wife heard all about her from me, and when we were at our wits' end to know what to do with her, for the poor thing had no friends, she proposed sending her away with Joyce, and, well, you should see her now. Staines would hardly believe she was the same girl. But you'll see her tomorrow—you're dining with us?"

STEAM PIPE BURSTS ONE MAN SCALDED

ACCIDENT AT CITIZENS' LIGHT AND POWER COMPANY PLANT

Charles Richardson, an Oiler, Blistered About the Body and Thrown From a Scaffold From the Effects of the Explosion—Plant Shut Down Nearly an Hour as a Result of the Mishap

An accident occurred at the plant of the Citizens' Light and Power Company, Thirteenth and Monroe streets, this morning at 11:30 o'clock. Charles Richardson, an oiler employed there, who lives at 1905 Texas street, was severely scalded about the chest and sustained internal injuries of a serious nature from the effects of falling from a scaffold. He was attended by Drs. Thompson and Saunders at their offices, Houston and Ninth streets, and afterward removed to St. Joseph's infirmary. The extent of his wounds cannot as yet be determined.

Richardson was engaged in turning on one of the valves of a pipe leading from the steam head to the boiler when the mishap occurred. Overpressure caused the threads to give way and the connection blew out. There was a tremendous rush of steam, the force of which threw Richardson from the platform on which he was standing to the ground, a distance of ten feet. The steam had penetrated his clothing and blistered his body, but he was still conscious and ran from the building, screaming with pain. Outside near the door he sank down overcome, but was picked up by Clay Largent and George Hatman, employees of the Cameron Mill and Elevator Company, who procured a carriage and conveyed him to the office of the physicians, who temporarily attended his wounds.

The accident had the effect of shutting down the plant for about fifty minutes while repairs were being made.

LIGHT CROPS IN 1902

Weather Bureau in Reports Says Cause Was Small Rainfall

The report of the climate and crop service of the weather bureau for Texas has just been issued from Washington, reviewing in detail the temperature, rainfall and crop conditions of the state during the past year.

Regarding the cereal crops of the state the report says:

"The cereal crops for the state at large were the shortest for a number of years, due to the unusually light precipitation during the preceding fall and winter months and ravages by the green bug. The yield from the corn crop was very short, and only in favored sections of the northern portions of the state and scattered areas of limited extent elsewhere was there a sufficient supply for domestic use. Rice and sugar cane made fine crops and the yields from these crops were in excess of any ever secured in this state. The yield from rice, however, is largely due to the greatly increased acreage to this crop. Fruit of all kinds was abundant, especially in the eastern portions of the state. The returns to truck growers generally were extremely satisfactory. Pasture and water for stock were extremely short until the latter half of the year, and in consequence large droves of cattle were transported to pasture in higher latitudes."

"The following estimate of the production per acre of the principal farm crops of the state of Texas for 1902 is from an authoritative source: Cotton, 148 pounds; timothy, 8.1 bushels; wheat, 9 bushels; oats, 23.2 bushels; barley, 21.3 bushels; rye, 9.9 bushels; Irish potatoes, 65 bushels; hay, 1.10 tons; tobacco, 650 pounds."

BOYS WITH PISTOLS TERRORIZE WHOLE WARD

Judge Stewart of the corporation court instructed Officer Rufner this morning to prosecute a vigorous campaign against small boys who are terrorizing the seventh ward by the promiscuous discharge of pistols every night.

The officer made a good start on his campaign last night when he arrested John Wittie, aged 15, and Lewis White, aged 16 years. There are said to be at least five boys in the gang, and an attempt will be made to arrest them all.

Young Wittie was charged with carrying a pistol. He pleaded guilty and was fined \$25 and costs. White was charged with peace disturbance. He denied the charge and the case was continued until tomorrow morning.

"Yes, sir; I carried a pistol," said Wittie to the court. "There were five of us. We were just shooting for fun. We didn't shoot at anybody, but straight into the air. We didn't mean no harm."

White said he heard the shots and was near the crowd of boys, but he denied that he was a member of their gang or did any shooting. He told them, he said, not to shoot.

Every night for weeks residents of the seventh ward have been alarmed by frequent pistol shots. Several times, it is said, people have reported attempts at highway robbery and in a number of cases windows have been shattered by pistol bullets.

"The people out there have complained about it often," said Officer Rufner in court this morning. "and I decided to break up the gang if possible. I have heard the shots almost every night. Last night about 9 o'clock I came across this gang of boys at Evans and Irma avenues. I heard shots and after I got in sight of them saw the flashes of the pistols. I think there were five boys, but they separated and I succeeded in getting only Wittie and White."

SOCIABILITY GOT WARREN IN TROUBLE

Siloam Springs Man Forgot the Number of Drinks

Sociability got Claude Warren into trouble and he was one of the occupants of the prisoners' dock in the corporation court this morning.

"I met an acquaintance and he asked me to take a drink, I don't know how many I took, but I did wrong, I know, for I neglected my family," said Warren.

"That's true," said Judge Stewart "and the best thing you can do is get right out of town before you lose horses, wagon and all you've got."

Warren's wife and small boy were in court this morning and pleaded with the judge to release the husband and father.

"They said they had come from Siloam Springs in a wagon and were on their way to Lawton, Okla."

"I will release you," said the court to Warren. "If you will take your family away at once. Don't you neglect them or get in trouble again. If you do, it won't be so easy for you."

Forgot His Name

"I guess I was so muddled; I didn't know my name, your honor," said Jerry Sullivan in the corporation court this morning. "Did I say I was Joe Shanks? Well, I'm Jerry Sullivan sure."

Sullivan was arrested last night for being drunk. He gave his name at the station as Joe Shanks, and when he was called by that title this morning he made no response. It was until somebody "tipped him off" that he was Shanks did he get to his feet and plead guilty, adding the little speech on a name.

CITIZENS OF GLENWOOD WILL MEET TONIGHT

Citizens of Glenwood will meet in the Glenwood schoolhouse at 8 o'clock tonight to discuss the plan to incorporate for municipal purposes. The statement yesterday that the meeting would be held Friday night was an error. The meeting issued yesterday morning having given tonight as the time.

The indications today are that the meeting will be largely attended, as the plan to incorporate is receiving careful discussion informally and the greatest interest is being shown. There is not unanimity of sentiment regarding the proposition, considerable opposition having arisen in some quarters, but it is believed that both sides will be represented at the meeting tonight and some decision reached.

ISSUE SOUVENIR OF WORK

Bird Brass Works' Miniature Engine Bell Excites Much Favorable Comment

The Bird Brass works, which is located on East Fort street, has issued one of the most artistic annual souvenirs ever manufactured by a local firm. Recently it will be remembered by readers of the Telegram, the firm began the casting of engine bells, being the first brass foundry in Texas to attempt such work.

The most successful of the firm's recent work in this direction their annual souvenir is a miniature engine bell, perfect in detail, but exactly one twenty-second the size of the regular bells cast by the foundry. The bell is perfect in form and tone and is mounted on a polished bell metal base, which bears a suitable inscription of the foundry's name and address. The bell and stand are both highly polished and make one of the most pleasing and useful souvenirs ever devised.

The idea is the conception of J. M. Bird, proprietor of the foundry, and he has received congratulations from every one of the hundred lucky recipients of one of the gifts.

Odesa is again to have a governor general, who will exercise almost the same power as under martial law. Such uneasiness prevails there in consequence.

PROTEST AGAINST QUARANTINE BILL

(Special to The Telegram.)

BIG SPRINGS, Texas, Feb. 2.—At a roosting meeting of the citizens of Howard county, which was attended by representatives of all classes, the following petition was unanimously adopted:

"The citizens of Howard county, realizing the disaster that will be caused by the enactment into law of some of the provisions of the quarantine bill introduced in the house of representatives by Hon. W. J. Bryan of Taylor county, most respectfully protest against the passage of said bill for the following reasons:

1. It will cause the United States government and other states to absolutely prohibit the moving of Texas cattle to northern pastures, and will only allow them moved for immediate slaughter. Clean cattle can now be moved at certain seasons north of the present lines, and after that can be moved at most opportune times. But should the entire state be placed below the line this state's cattle both above and below the line will be reduced in price, and it will require years to undo the evil.

2. That provision of the proposed law which allows an open season has been tried in the past and was done away with when actual experience had demonstrated that it was unwise. We know of no instance after instance where an open season was allowed that untold disaster was caused to cattle above the present line that could be traced to no other cause. And such disasters have not occurred since the establishment of the present provisions.

3. We specially condemn the provisions of the proposed law wherein provision is made that when a herd is once inspected and a certificate is issued that they shall not again be stopped, and imposing heavy penalties for violation of said provisions, and we ask those advocating said provisions why, if cattle, after having a certificate of health, should be discovered to be again infected and communicating disease to other cattle, they should be allowed to go on indefinitely to bring perhaps ruin to all in their way? We ask, if possible, that men will allow such cattle to pass through their pastures? And is there not danger that such provisions would only encourage lawless government?

We have no objection to clean cattle being moved at any time of the year, but strong provisions should be made to insure that there is not danger of them bringing disaster to others. We know that some provisions of the present law work hardships on interested parties below the line. But all provisions of law protecting the health of the citizen or stock necessarily work some hardships. Because such hardships are worked we do not think disaster should be brought to the interests below the line as now established. If as the result of the proposed bill into the law the United States government should place the entire state below the line, those below the line as now established would receive no benefit, and untold disaster would be worked on those above the line. We ask for simple justice to many people and large interests of our great state.

The resolutions were ordered forwarded to the members of the legislature. The meeting was largely attended, and a unanimity of purpose prevailed.

TWO LINES REFUSE GRAIN FOR THE GULF

ROCK ISLAND AND SANTA FE ISSUE STRINGENT ORDERS

Car Famine the Cause—Business Is So Great That Operation of Railroads Is Impeded—Officials Pray for Less Prosperity—Shops Work Day and Night

The heavy movement of grain from the north by way of Kansas City to the gulf ports has received a severe shock by the issuance of orders by the Rock Island and the Santa Fe forbidding the receipt of grain for shipment from Kansas City to the gulf.

Shortage of cars is the reason given for the order, and it will be in effect until the shortage is relieved. Nearly all the roads entering Kansas City are suffering severely from the car famine and the Burlington has gone so far as to refuse shipments beyond their own lines in Burlington cars.

The Santa Fe recently placed hurry up orders for 1,200 boxcars and other lines are pursuing the same course until every engine and car shop in the country is running double time in a vain effort to keep up with business.

H. H. Embury, general freight agent for the Rock Island west of the Missouri river, in discussing the situation last week said:

"All of the railroads are suffering because of the abnormal freight traffic demanding attention. We could operate much more satisfactorily if we had less tonnage offered us to handle. There is more business than we have equipment to handle. It has become necessary to refuse shipments of grain from Kansas City and St. Louis to Galveston and gulf ports because of the shortage of cars. This is occasioned by the unusual movement of grain combined with the fact that the movement is almost altogether toward the southwest. There is also a heavy merchandise movement from Chicago. This, with the southward movement of grain, has taken the cars into the southwest territory. The traffic is moving too much in one direction. There are trains to be loaded for the gulf ports and empty trains to haul to Chicago. There is not a line out of Kansas City able to supply the demand for cars. There is altogether too much prosperity. The demand for cars and motive power results in the overworking of all equipment and a consequently greater expense than if we had less freight to handle."

PASSES FOR ALL DELEGATES

Railway Y. M. C. A. Convention Extended

Cricketed by All Lines

All the delegates which attend the national convention of the railway branch of the Young Men's Christian association in Topeka, Kan., next April, will ride on passes. They will number at least 1,200 and not only the railroad companies, but the Pullman company as well, has offered them unusual courtesies.

Among the visitors at the convention will be railroad presidents as well as men from the ranks of every branch of railroading service from the highest to the lowest being represented.

Topeka has a new railway Y. M. C. A. building, which cost \$30,000. Of this amount the Santa Fe gave \$20,000. There are 100 such buildings in the country. The Topeka railway association has 887 members and last year served 55,000 cups of hot coffee to railroad men for lunches.

MAY NOT REACH SAN ANTONIO

Mexican Central May Connect With International and Great Northern

The Mexican Central may not build into San Antonio, although the surveys from Pecos to San Antonio are completed. Instead it may build only to Laredo, connecting there with the International and Great Northern.

Regarding the effect of such arrangement the El Paso Herald says:

"At Laredo the line can connect very nicely with the International and Great Northern, which line, since the sale of the Mexican National to the Harriman interests, has practically no outlet into Mexico. Formerly all business handled by the Mexican National was handled by the International and Great Northern from San Antonio to Laredo and a great deal of it the International and Great Northern got a long haul on, but now since the completion of the deal whereby the Harriman interests secured control of the Mexican National, nearly all the traffic routed by way of Corpus Christi and the Morgan Line's steamers or the San Antonio and Aransas Pass railroad, which line is also owned and controlled by Harriman."

The International and Great Northern is now in a position to make a very good traffic agreement with the Mexican Central for the hauling of the latter line's traffic into San Antonio.

"The branch line will give the Mexican Central the shortest through line between the United States and Mexico and will mean much for the development of that line, as well as the country through which the new branch will pass."

Something That Will Do You Good.

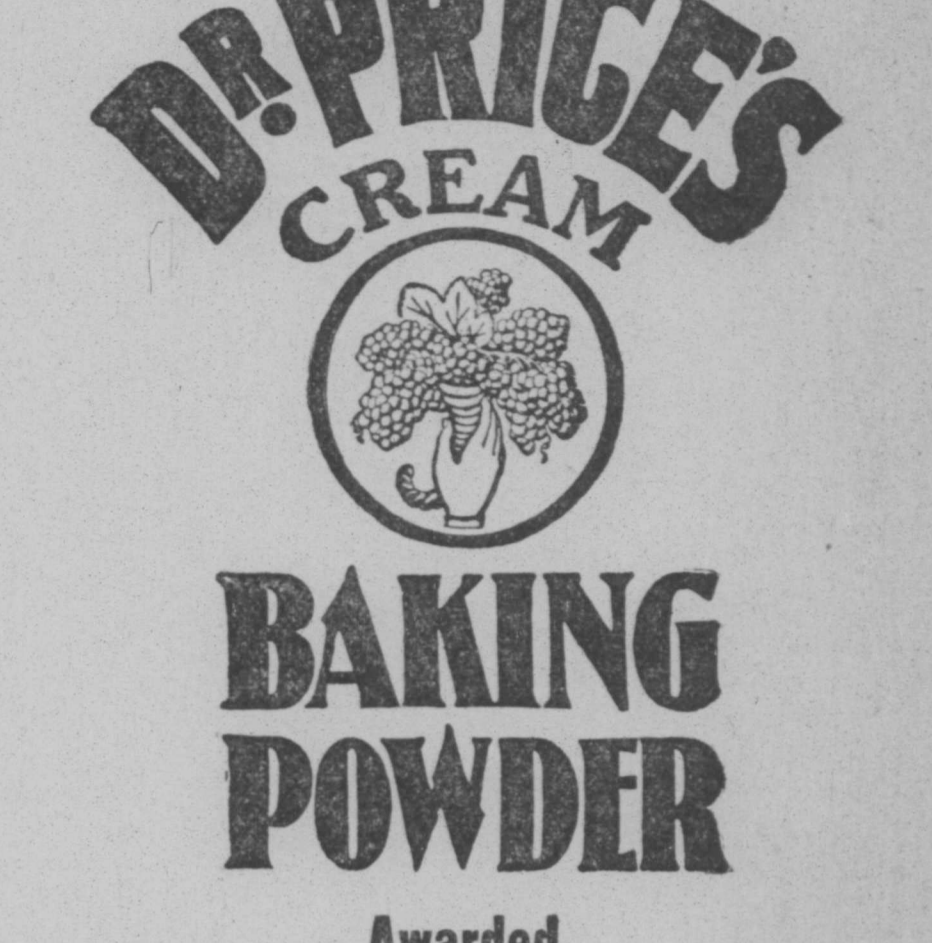

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) ROLL OF POLL TAXES IS BEING PREPARED

Though the rush of business at the office of County Collector J. W. Walker is over, the clerks are still busily at work. A supplement roll of the poll taxes paid up to the first of February is being prepared, and when it is completed Mr. Walker will be able to announce definite figures on the amount collected under the new law and the actual number of citizens entitled to the right of franchise. After looking over the books this morning he estimated that the total number who have paid their state and county poll taxes is between 8,000 and 10,000.

"We had an unprecedented run the last day," he added, "and did not attempt, at the time, to keep track of the actual number of receipts issued. Our income on Saturday was over \$25,000, the largest amount ever collected in one day since I took charge of the office."

FLAMES IN WRECK ARE CAUSED BY GAS

RAILROAD MAN ATTRIBUTES THE HORRIBLE BURNING GENERALLY TO USE OF PINTSCH GAS

EL PASO, Texas, Feb. 3.—Speaking of the Southern Pacific wreck at Tucson and the terrible loss of life therein, a well-known railroad man said yesterday:

"Railroads have had wrecks and I suppose always will have them, but it is only in recent time that the horror of fire has been added to these catastrophes.

Formerly when wrecks occurred we never heard of the awful holocausts which now almost invariably follow in the wake of a collision between passenger trains.

"Most people are attributing this to the use of oil on the engines for fuel. I am inclined to believe that the fires that follow the latter-day railway wrecks are caused by the use of Pintsch gas. True, it was the oil which aggravated the fire in the Tucson wreck, but it is my opinion that the Pintsch gas used in the cars was the primary cause of the fire.

"Take, for instance, the memorable Maxon Springs wreck. At that time the Southern Pacific was not using oil for fuel, yet the loss of life by fire was even greater and more horrible than that of the Tucson wreck.

"But whether it is Pintsch gas or oil which is responsible matters not. Both are known to be dangerous agencies for starting and communicating fires, and I think that it is time that the lawmakers of the country are taking some steps to prevent the use of either on passenger trains.

"Of course, the era of steel coaches is not yet here, but within the next twenty years you won't see a passenger train with a foot of wood about it. This will obviate the danger of fire, and, in a measure, the terrible destruction of cars which is responsible for so many deaths in wrecks."

They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at W. J. Fisher's, 592 Main street and 413 Houston street.

\$100 REWARD FOR KILLING A WOLF

Lobo in Hall County Shot After Destroying \$4,000 Worth of Cattle

CHILDRESS, Texas, Feb. 3.—For several years a lobo wolf has caused great loss to olive stock around Salisbury, Hall county. His depredations got so numerous that a reward of \$100 was offered for his scalp. Thursday morning J. R. Barnes got a shot at his wolfship and killed him. The carcass was expressed to Childress to W. C. Stone, who will have it mounted. It is said that the wolf has killed over \$4,000 worth of cattle in the Salisbury neighborhood during the past four or five years.

HIDDEN AWAY

A Discovery Worth While. It starts me when he comes to know absolutely that wrong selection of food is the direct cause of the weak eyes, kidney troubles, dyspepsia or whatever may be the form disease takes, and that right food will work a natural cure.

"Five months ago I was in despair, not knowing the cause of my desperate condition. I had run down to 105 pounds and suffered from a chronic sore throat, sore eyes and what was hardest to bear, sore nerves almost ran into insanity. 'Finally a large swelling appeared in the throat and I feared cancer. The nervousness got worse and when I found I could stand it no longer and no medicine could take the advice of the Postum Cereal company and change diet. My stomach never hurt me so I thought that was all right, anyhow. But I learned a thing or two. 'Well I quit tea and coffee entirely and began eating Grape-Nuts three times a day. I began to improve and get well. What a relief. My sore eyes, throat trouble and terrible nervousness gradually left and I have gained thirty-five pounds in weight. It proved to be a hidden stomach trouble that did not show except in other parts of the body, but the real trouble came from stomach, and so when the right food like Grape-Nuts was given to the stomach, it quickly got well and made good blood that cured the other ailments.' Name furnished upon application to Postum Co., Battle Creek, Mich. 'People don't realize the great truth that the stomach and the food are responsible in most all cases for man's happiness or distress. 'Nothing is more sure than for people to improve their condition when they are on Grape-Nuts.'"
