MONDAY BARGAINS AND TELEGRAM MONEY JAR

The Telegram money jar is still on the move. Its travels today are taking it in the direction of Fort Worth's big department store and there it will remain all day tomorrow to give the crowds that frequent that popular emporium a chance to gaze upon it and make Sherlock Holmes deductions as to the contents. It is hardly necessary to give the name of the store, but lest some stranger may be left in doubt, suffice it to say that the Fair store, at corner of Fifth and Houston streets is referred to. The bargains that will be found especially for this occasion are too numerous to detail. They comprise practically everything within the walls of the store, and, as everyone knows, this will include something for everybody.

The VALUES range from a few cents up to as many dollars as you care to spend, and they will all be cut tomorrow in a way that will be a revelation to the searcher after new, serviceable and pretty things. The purchaser of 25 cents' worth of goods will be given a free guess on the contents of The Telegram money jar, which, as everyone knows, is to be given to the one who can most correctly compute the amount it holds. It will make a substantial present for someone; a present, by the way, that will enable the lucky guesser to assume at once the

LABITS OF A TRUST MAGNATE FOR AS LONG AS THE COIN-HOLDS OUT—MAYBE A WEEK, MAYBE A MONTH; WHO KNOWS?

If the Fair didn't have for sale something that you really need it wouldn't inaugurate this sale. It wouldn't suggest that you come and buy something you don't want merely for the purpose of making an estimate on the jar of money. But it does feel—it knows—that there isn't a person in Fort Worth that doesn't need something contained in the Fair's stock. Extra inducements for the purchaser to come tomorrow and buy what is needed are in the special bargains being made for Monday and for the chance of winning The Telegram pot of money. For details of the sale see the Fair's big ad. elsewhere in this paper.

PROBABLE SITE FOR NEW CONGREGATIONAL CHURCH

The new Congregational church which that denomination expects to build in Fort Worth soon, will probably be in the vicinity of the Fort Worth university. This is the plan at present, although no definite arrangements for a site have been made.

Rev. G. W. Kay of Cripple Creek, Colo., who came here recently for the purpose of organizing a local Congregational society, is still in the city, and is meeting with much encouragement in his work.

There are about 150 members of the Congregational denomination in Fort Worth, yet there is no regularly organized society. The rapidly increasing population of the city is bringing many additional members of the Congregational church here, and it is thought that when the new society is formally organized it will start off with at least fifty. There are four Congregational churches in Dallas.

WOMAN TAKES MORPHINE WITH SUICIDAL INTENT

An unsuccessful attempt at suicide was made by a woman, claiming to be the wife of D. Daniels, a dentist of this city, in her room at the Hotel Worth, late Friday afternoon.

Fifty-eight grains of morphine, self-administered, a dose sufficient to kill fifty people, was the condition which Dr. R. E. L. Miller encountered when he responded to the call. From 3 o'clock Friday afternoon until 5 o'clock Saturday morning he labored constantly to save the life of his patient. Three hours of this time he found it necessary to resort to the administration of artificial respiration in order to prolong life until the effect of antidotes administered could be obtained.

As the woman regained consciousness she pleaded with the physician to let her die and refused to accede to the doctor's course of treatment. This morning, however, she has recovered sufficiently as to be able to sit up and partake of food, her condition passing beyond the critical period.

"Mrs. D. Daniels, Mexico City," is the name and address entered on the hotel

REGISTER UPON THE ARRIVAL OF THE WOMAN

Friday morning. This, however, is not the woman's right name, it is said, she having made the statement that she is not married. She claims to have known Dr. Daniels for the past five years and does not hesitate to say that her action at the Worth hotel was for the purpose of getting "even with him." She would not give her right name.

The case is one of varied phases and all details of the affair are more or less shrouded in mystery, which the principles desire withheld from the public.

Dr. Daniels was not at his office yesterday, and the gentleman in charge said he was not in the city.

The woman is said to have a sister residing at Orange, Texas.

A Sweet Breath Kodol DYSPEPSIA CURE Like the fragrance of a rose comes a sweet breath from the healthy stomach. The breath is an index to the health.

Kodol Digests What You Eat—Makes the Stomach Sweet. Prepared only at the laboratory of E. C. DeWitt & Co., CHICAGO.

"I have suffered with heart-burn, and have had most severe attacks of same. I would awake in the night with most suffering pains. I read of Kodol Dyspepsia Cure and with no faith I tried a bottle. I kept it at my plate and I must say, found quick relief. In all, I have taken three small bottles, and for the past year have had no return attack."

"For a great many years I have been troubled with Dyspepsia, I have tried all the known remedies without obtaining any results. Kodol was recommended to me by my druggist and after taking a few bottles I am glad to say that I can eat anything I wish without suffering from indigestion. I recommend it to all sufferers from Dyspepsia, no matter how serious their case is."

Weather Conditions

WEATHER CONDITIONS... The fair weather which began in earnest yesterday morning will continue, according to the weather man, through today at least, but it will be cooler.

Yesterday morning was a warm time all over the country, Fort Worth included, but before night the weather man's promise of cooler air began to be fulfilled.

The weather is clear in the western portion of Texas, and thence northward to the upper Missouri valley; it is also a little colder, ranging from 20 degrees in the Texas Panhandle to 12 degrees above zero in Montana.

Fair and somewhat colder weather will prevail in Fort Worth vicinity till Monday; it is not likely to get colder than about 40 degrees.

WEATHER RECORD

Following is the weather record for the last twenty-four hours—minimum and maximum temperature, wind in miles per hour at 8 a. m., and rainfall in inches:

Lost a Quart of Blood Daily From Piles—Treatment Saved His Life.

Fort Worth, Tex., March 24, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: Just one year ago I took the train for Kansas City from Claco, Tex., intending to have you treat me for piles, with which I had suffered for fifteen years. When I left my home at Claco, my friends never expected to see me return alive. Words can not describe my suffering and my disease; no one ever will know how bad off I was, only you and myself. I had put off my treatment thirty days longer, I would have been in the graveyard, and probably sooner than that. I had bled before your treatment many times as much as a quart of blood while at stool, and at one time nearly a half gallon. My family physician said to me, "You are going to Kansas City to be butchered, are you?" But thanks be to God, he was mistaken one time. Now, Doctors, I feel so thankful to you for your kindness and skillful treatment I can not find words to express my gratitude to you. If you had not been moderate in your charges I could not have had you treat me, and you asked me no money till cured. I would not be back in the condition I was before you treated me for all the money in Texas, for it would do me no good. It is a pleasure for me to go to stool now, but before you treated me it was nothing but pain and misery. Now I am entirely well of my trouble and my general health is much better, and my advice to all friends who suffer from rectum trouble is, never let any other doctor treat you, but go to Drs. Thornton and Minor, of Kansas City, for they are the only and best doctors in the world for trouble of that kind. If your case is beyond a cure, they will be honest

enough to tell you so, and if they say they can cure you, you can depend upon being a sound person when they turn you loose.

I will close with my best wishes and regards to you and your employes. Very respectfully,
GEORGE A. HARRIS.
Cured of Fistula and Piles, and Pald When Satisfied of a Cure.

Fort Worth, Tex., March 24, 1902. Drs. Thornton & Minor, Kansas City, Mo.

Gentlemen: In July, 1901, I went from McKinney, Collins county, Tex., to your office in Kansas City, Mo., afflicted with fistula, and a bad case of Piles, after having been examined and assured that I could be cured, and further, that you would not accept a cent of money until I was cured. I submitted to your treatment. You remember you treated me first for Fistula, then in fourteen days you treated me for Piles, which was done with such care and completeness that I suffered no pain, and in thirteen days I was discharged and in good health. I was discharged and in good health and feel that the cure is permanent. Now in conclusion let me say that language here fails to express my gratitude to you and your assistants for the kind and tender care bestowed upon me, and would further state if there is anyone who is suffering with rectal trouble wishes to correspond with me, I will gladly answer all and give them facts. I will bring my wife sometime between the first and fifth of April to be treated by you and perhaps some others. Hoping that you may be permitted to live long and relieve all the afflicted that may call upon you, I remain your true friend, MACK SMITH.

In a Class by Ourselves

THE remarkable success of this institution during the past twenty-five years in treating Piles, Fistula and Diseases of the Rectum has placed us entirely in a class by ourselves. We are not ethical because we guarantee a cure and accept no money until the patient is satisfied a cure has been accomplished. This fact and the fact that we advertise would cause the regular or ethical physicians to condemn us, were it not for the wonderful and universal cures in the cases which we accept for treatment. The regular physician finds it impossible to stand out against the powerful and influential names signed to the letters in our books, and this evidence, together with the living testimony which daily moves in the highest social and commercial circles in our own city, has caused him to hesitate about classing us with the unscrupulous quacks who usually go to make up the advertising class. In other words, our honesty of purpose and unflinching success have seemingly swept away the barriers, and a condition exists in the relation between us and the regular practitioner which cannot be found in any other part of the country—namely, that in the majority of cases he is our warm supporter. Our method is mild and our cure is certain to last forever. We publish in our free books, letters of persons cured twenty-five years ago, who are just as well today as when first cured. All we ask is to be investigated, and the man, woman or child reading this page, who cannot recognize in the very character of these names a remarkable array of convincing proof is certainly not interested in being freed from a disease which undermines many strong constitutions every year. Write to any of these men or if a woman, get our free 100-page book containing letters from hundreds of files cured, as we never publish ladies' names in newspapers. We examine free and then tell how long a time will be required to cure, together with the price and all details; but we accept no money till cured, as any of these cured patients will cheerfully tell you. Write for our 200-page treatise, containing valuable information concerning Rectal Diseases, together with hundreds of these letters. This and the woman's book are sent free and postpaid.

Bankers are conceded to be about the most reliable class of business men in any town or city. Their word is usually considered as good as a bond, and handling the large sums of money and great interests which they do, they are naturally trained to become very conservative in their indorsement of a man, method or institution. We ask those afflicted with rectal trouble to read carefully the letters which we print today, as they are taken from amongst the many letters in our file from bankers whom we have treated in former years.

G. B. Gray, Cashier American National Bank, Kansas City, Mo., Writes Under Date of Nov. 17:
"I enclose herewith you will find my check in payment of bill rendered, and with it my sincere gratitude for the relief you have given me through your thorough and effective treatment of my case of Piles and Fistula. The suffering or pain occasioned by your treatment was slight indeed compared to the suffering and annoyance undergone by me previously. I shall ever feel thankful, and when occasion arises will recommend you to my friends."
Mr. J. F. Bow, President of the Kinder Bank, Kinder, Mo., Under Date of March 9, 1902, says:
"I often think of you and your kindness and gentle treatment of me. I think you will write a letter to the name which I inclose the party will come to see you, as he was in the bank today and I was telling him about you."

NATIONAL BANKERS WE HAVE CURED

Mr. J. C. Fast, Vice-President First National Bank, Hillsboro, Kan., says:
"When I placed my case in your hands I did not think it would be possible for you to rectify the miserable rectal work that had been done by others, but I can truthfully say that you have succeeded in curing me, and realize that I cannot make this letter strong enough. I can only ask any who are afflicted with rectal trouble to write me concerning your methods."
Mr. E. D. Nims, Bank President and Also Secretary of the Indian Territory Bankers' Association, Located at Rolf, I. T., says:
"Having been successfully treated by you for piles, I consider you reliable, thorough and capable, and you may refer anyone to me for information concerning your method."

United States Postmasters

Postmaster of Stillings, Mo., Stillings, Mo., Nov. 4, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: This is to certify that Drs. Thornton & Minor entirely cured me during the winter of 1902. I suffered untold agony and they cured me without a cent of money until I was entirely cured.
JOHN BELLOTT, Stillings, Mo., Postmaster of Elliott, Kan., Elliott, Kan., Jan. 22, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: I feel that your treatment has effected a permanent cure. Although at the time I did not expect to live long, I am now gaining in strength greatly and can go about my work and not be compelled to quit and lay up days at a time. Thanking you in connection with the small compensation I paid you for your work, I am, yours truly,
J. H. HEROY, Elliott, Kan., Postmaster of Miami, Mo., Miami, Mo., March 24, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: A little over a year ago I was treated by you for piles of 20 years' standing. I went to you in despair, but came away a different man and have never felt the least symptom of their return. Your method of demanding no pay until the patient is cured gives confidence to the suffering public. Sincerely yours,
J. M. NUL, Miami, Mo., Postmaster of Atchison, Kan., Atchison, Kan., March 2, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: I am pleased to say you have cured me of piles, fissure and ulceration of the rectum. The relief from pain and the strain on one's nerves are worth more to my estimation than the money for the price of a cure. Yours very truly,
FRANK E. CLOYES, Atchison, Kan.

Majors Cured

Mayor of Sabetha, Kansas, Sabetha, Kan., Dec. 10, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: My case was an aggravated one of external and internal piles and fissure. No one can possibly imagine the terrible suffering I endured with this disease. I must say that your treatment and cure of my case seems so wonderful to me. Your agreement to take no money until a cure is effected is certainly all the most skeptical could ask. Yours very truly,
A. N. McCLARY, Sabetha, Kan., Mayor of Holsington, Kansas, Holsington, Kan., April 5, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: I was troubled with piles and fistula for more than twenty years. At times I felt almost fatal hemorrhages. It is impossible for me to describe the suffering entailed. I am pleased to say that from your first treatment I enjoyed a degree of ease I had not known for years. I was able to go about all the time during treatment and my general health improved at once. I consider your moderate fee only a mere pittance compared with the benefit derived.
J. E. ALMOND, Holsington, Kan., Mayor of Versailles, Missouri, Versailles, Mo., March 15, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: I am feeling satisfied with your treatment and it is a perfect and permanent cure. It has been three years since you treated me and my health is so much better that I am glad to wish for your continuous success. Yours truly,
DAVID KIDWELL, Versailles, Mo.

A Cure Without the Knife

Hotel Proprietors Cured and Well

Clerk of Blossom House, Kansas City, Mo., Feb. 18, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: After a close and intimate acquaintance for more than twenty years of Drs. Thornton and Minor of this city, in which time I have witnessed their marvelous and delicate methods with not less than twenty employees of the Blossom House, including Fred Duggitt himself I take pleasure in recommending them to anyone suffering from rectal diseases.
G. E. De Hart, Clerk of Blossom House, Proprietor of Hotel Oldson, Downs, Kan., Nov. 15, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: I had piles twenty-seven years and suffered everything, but can say I am a well man since I took your treatment last March. Yours very truly, E. R. OLDSON, Prop. Hotel Oldson, Downs, Kan. Secretary of Baltimore Hotel Co., Proprietors of the Midland and Baltimore, Kansas City, Mo., March 15, 1902. Drs. Thornton & Minor, Kansas City, Mo. Gentlemen: It is a great pleasure to me indeed to thank you for the cure of my case of itching and bleeding piles of nearly twenty years' standing. My piles had become so critical that at times I could not stand, and at these times I could not stand at my desk at all. My disposition was going all to pieces, and severe headaches were frequent. After your treatment I feel like a new man and weigh even more than I ever did.
H. W. LYTLE, Sec. Baltimore Co.

Judges Cured by Us

SPACE prevents our reproducing the letters from all the judges we have cured, but we give herewith a few late letters and the names signed to other letters which may be found in our 200-page treatise on rectal diseases. We have treated these judges as well as many other prominent lawyers who have never yet been on the fact that never before has any medical institution been permitted to publish the names of such prominent men in a daily newspaper. This should be conclusive evidence of the extraordinary merit of our work.
Judge A. W. Kelso writes from Grant City, Mo.:
"I have never suffered a day with the piles since you treated me and have been enjoying better health than for years before."
Judge R. T. Thompson writes from Minneapolis, Kan.:
"I was treated by you for piles in 1888. The tumors were so large that they caused constipation and severe nervous headaches. I am fully satisfied that the cure in my case is complete and effective, and I am no longer troubled with constipation and headaches."
Judge W. H. Snell, of the Superior Court of Washington, writes from Tacoma, Washington:
"For over twenty years I suffered with piles and for over ten years with eczema and was never able to obtain relief until I came to you for treatment. I have been cured of both diseases and when you took my case you would not guarantee the eczema."
Judge L. J. Woodard, of the Probate Court, writes from Alta Vista, Kan.:
"Your treatment cured me of an unusually bad case of piles of thirty years' standing. My neighbors think it wonderful, because I am 70 years old and was not cured any pain."
Judge T. Stuttard of the Probate Court of Crawford County, writes from Girard, Kan.:
"From experience and observation I can heartily recommend your work."

Merchants We Have Cured

WE have not space to reproduce the entire list of merchants whom we have cured, so we give herewith a few late letters and the names signed to other letters which may be found in our 200-page book in which the letters are reproduced in full from these merchants. Anyone reading these letters and knowing the shrewd character of these business men will certainly appreciate the fact that they indorse our business methods and professional skill in unqualified terms.
J. J. Swafford, President of the Swafford Brothers Dry Goods Co., Kansas City, Mo., Writes:
"I was afflicted for years with piles and you effected a permanent cure without a day's loss from my business."
William Kassell, Proprietor of the Department Store, Olathe, Kan., Writes:
"Having been entirely cured by you during the past year of an extremely bad case of piles, fistula, fissure and ulceration, I cannot thank you enough for the service rendered. I feel that I am getting younger every day and my stomach is now in perfect condition."
L. B. Warner, Proprietor Department Store, Salisbury, Mo., Writes:
"You cured me of my rectal trouble years ago and I am glad to report that I have had no return of my complaint."
Henry J. Brunkhorst, General Merchant, Blackburn, Mo., Writes:
"I am entirely cured of piles of eight years' standing and I cheerfully recommend your treatment."
Andrew Rindquist, General Merchant, Richmond, Mo., Writes:
"I suffered fifteen years with bleeding piles until unfitted for business I tried to you last January. You cured me perfectly, well and asked no money until cured."
