Divorce is Absolute After Three Months. Gets Custody of Three of the Children and Permission to See the Other—Bige-low Fights the Case

(By Associated Press.) NEW YORK, April 7.—Mrs. Edith E. Bigelow has obtained an absolute divorce from Poultney Bigelow on statutory grounds.

BIGELOW OBJECTS

Mr. Bigelow came here from Europe during the winter for the avowed purpose of contesting his wife's suit. The case was referred to Charles Donohue, former-ly a judge of the supreme court.

THE TRUE CAUSES OF ALBANIAN TROUBLE

(Copyright, 1902, by New York Herald.) PARIS, April 7.—Prince Don Juan d'Aladro Kastrioti, the acknowledged leader of the Albanian party, and who lives alternately in Rome and Paris, declares that the present armed revolution in Albania has been carefully planned.

SAYS ALBANIA WILL BE FREE

Prince Kastrioti is immensely wealthy and was for years in the diplomatic service. He said: "With the help of God Albania will soon be independent. I will devote thereto my last penny and my last drop of blood."

STATUTORY GROUNDS

"I was born in 1845 at Xeres de la Frontera, in the province of Cadiz. I am descended from the kings of Albania through my grandfather, who married Princess Kastrioti, direct heiress of the great George Kastrioti Shkanderberg, who liberated Albania."

STATUTORY GROUNDS

"I studied at Seville university and entered the diplomatic service in 1867. My advance was rapid. I occupied high posts in the embassies and legations at Paris, Vienna and Brussels, and was appointed minister plenipotentiary of Spain to The Hague and Bucharest. On the death of King Alfonso XII, with whom I was closely acquainted, I retired from the diplo-matic service and settled in Paris, where I was president of the international committee of Hispanio-Pyrenean railways."

STATUTORY GROUNDS

"In 1888 the Albanians first appealed to me. I recollect they said to me: "Your name is Kastrioti. In your veins flows the blood of the great George Kastrioti Shkanderberg. We suffer and we call to you for aid. Be our prince."

STATUTORY GROUNDS

"This touching appeal impressed me deeply, and thenceforth, although of Spanish nationality through my father, I, the exile, have devoted myself entirely to the cause of Albania, and have directed the numerous Albanian committees which were formed in Italy, the Balkans, Greece, Egypt and elsewhere."

STATUTORY GROUNDS

Prince Kastrioti showed a copy of the proclamation addressed to the Albanians on Jan. 31, 1902, which concludes as follows: "Albanian brothers: In the name of Kastrioti, which I maintain aloft and honor, impose upon me a great and sacred mission. This name resumes the whole history of Albanian glory and also recalls five centuries of mourning. I realize how grave are these duties towards you and towards the civilized world, but with God's help and yours I assume the whole burden. A humble servant of Albania, born on foreign soil through vicissitudes which caused the exile of my royal ancestor, John Kastrioti, son of George Kastrioti Shkanderberg, I have now by night fled to other nations in the world possessing a fatherland. Our cry is 'The Lord be with us.' The glorious name of Shkanderberg is our banner. With that cry on our lips, and under the shadow of that banner let us all unite, Musselman, orthodox and Catholic."

STATUTORY GROUNDS

"I, the humble servant of Albania, desire the honor of fighting by your side in the day of struggle for the deliverance of brave Albanians."

TO PROCLAIM THE REVOLUTION SOON

LONDON, April 7.—According to a news agency dispatch from Constantinople advices have been received from Monastir that the Macedonian revolutionary committee intends to proclaim a general insurrection in the European province of Turkey about April 20.

STATUTORY GROUNDS

CHICAGO, Ill., April 7.—Secretary Samuel Well has been back some days from his tour of inspection of the south. A representative of the National Provisioner saw him at the Schwarzschild & Sulzberger plant and went into the matter of his company building a plant in the south. The big packer was asked the direct question, "Will you build a plant in the south?" and made the unequivocal answer, "Yes."

STATUTORY GROUNDS

"Where?" In Tennessee, Louisiana or Texas?" he was further asked. "Somewhere in Texas. It is contemplating such a venture live stock, cotton oil, lard, fertilizer, soap, consumption and distribution grouped themselves in the business situation. Well, Texas, as no other state, has them all. In figuring over the proposition these facts kept presenting themselves and they could not be brushed aside. Texas has nearly 4,000,000 cattle, 2,000,000 sheep and 2,500,000 hogs. Texas has 5,000,000 hungry, because they are active, people. Texas has facilities for raising and for transporting cheap cattle. Texas grows over 3,000,000 bales of cotton, and has nearly 200 cotton oil mills. Texas has good ports and a flourishing state industry and trade. No other state can make a like showing. Besides, Texas is in the center of a trade which our company wishes to cultivate."

DESPONDENT MOTHER ENDS LIFE BY DROWNING

GUTHRIE, Ok., April 7.—In a fit of despondency Mrs. James Crum of Dewey county drowned herself in a small pool of water. She had been ill for weeks on account of the death of six children within six months. Her husband was guarding her but dropped asleep. When he awoke his wife was gone and was found drowned in the pond.

SAYS THAT THEY WILL BUILD IN TEXAS

STATUTORY GROUNDS

"What part of Texas have you fixed upon for your plant, Mr. Well?"

STATUTORY GROUNDS

"No place definitely settled. Dallas is a solid, live, hustling central city. But didn't it rain when I was there? Then there is Houston. Fort Worth seems full just now. There are a couple of other Lone Star points under advisement," he said, looking over some propositions from Mr. Well.

STATUTORY GROUNDS

"Yes, we will build in Texas at no distant date. Our southern plant will be the equal of any of our other plants or of any in Texas. The Schwarzschild & Sulzberger Company never put up a second-rate factory. It will be a general packing-house embodying a slaughter-house, lard refinery, soap and fertilizer works, provision and general curing plant, wool factory, oleomargarine factory and such other installations as the trade from that point will make necessary. Just as soon as the site is decided upon the plans will be drawn and the work of construction begun. Texas is a great state and the Schwarzschild & Sulzberger Company has decided to become an important member of its business family."

BLOOD AND THUNDER MUST LEAVE STAGE

JERSEY CITY, N. J., April 7.—Prosecutor Speer, in reply to a request from Chief of Police Murphy for an official opinion as to the latter's power to stop the theatrical performances tending to glorify criminals, says: "If the performance is designed and has a clear tendency to elevate vice and degrade virtue and to furnish a glittering and attractive enticement to youth to enter upon a career of vice and crime it is corruptive of public morals and indecent as a public nuisance. Plays which shock the public sense of decency and incite to crime are indictable at common law of the state of New Jersey."

NEGRO IS LYNCHED AT LITTLE ROCK

LITTLE ROCK, Ark., April 7.—John Turner, colored, was lynched at Warren, Ark., Sunday night for an attempted assault on Mrs. W. H. Neely, a white woman who lives about seven miles west of that town. This attempt occurred last Friday and the negro was arrested Saturday and taken before Mrs. Neely, who was positive in her identification. Shortly after midnight a mob broke into the county jail, and taking Turner out strung him to a limb in front of the courthouse, where several other negroes had been lynched at different times in the history of this town. Turner denied his guilt to the last, notwithstanding his identification by Mrs. Neely. There was little noise, and parties residing next door failed to hear the disturbance attending the lynching. Not a shot was fired and the body of the negro was left for the coroner, who cut it down and held an inquest, which developed the lynching was at the hands of unknown parties.

IMPORTANT DEAL IN TELEPHONE LINES

DALLAS, Texas, April 7.—The Southwestern Telegraph and Telephone Company has purchased the lines of the Northwestern, which has 600 miles of wire and extends along the Texas and Pacific road from Abilene to Weatherford. It has also completed along distance line to Lando, thereby bringing Texas and Mexico in direct connection. By May 1 its lines will reach Tennessee and Missouri.

VANDALS ARE AT WORK WITHIN WINDSOR CASTLE

NEW YORK, April 7.—Within the last few days, says a London dispatch to the Tribune, several mysterious acts of vandalism have been committed in Windsor Castle by some unknown persons. About a week ago two historical portraits of royal personages of the Georgian period were found in a mutilated condition, having been apparently slashed across with a knife. Since then another painting has also been deliberately injured almost in a similar manner.

THE LEGISLATORS ARE AVOIDING SUNSTROKE

(Special to The Telegram.) AUSTIN, Texas, April 7.—There is so little doing in the legislature that today's record is almost a blank. The house met this morning at 9:30, but roll call showed seven members less than a quorum. The house went under call and recessed till 2:30 o'clock. The senate met with a quorum and spent the entire morning session discussing the resolution offered last week to reduce the clerical force of the senate. A number of speeches were made for and against the proposition. The resolution is still pending.

NEW INDUSTRIAL PLANTS IN TEXAS

CHATTANOOGA, Tenn., April 7.—The progress in Texas industrial development for the week just closed as reported by The Tradesman, includes the following new organizations as among the most important: Corpus Christi—Cotton gin and milling company. Dallas—\$75,000 planing mill; \$50,000 mining company; telephone company. Beaumont—\$50,000 oil company. Houston—Coffee and manufacturing company. Gonzalez—Oil company. Nederland—\$50,000 supply company. McKinney—\$100,000 cotton mill. Stephenville—\$10,000 buggy and plow factory. El Paso—\$100,000 oil company. Aquila—Lumber company.

WAXAHACHIE GETS THE COUNTY NORMAL

WAXAHACHIE, Texas, April 7.—The Ellis county summer normal will be held in Waxahachie this year. This matter was decided at Ennis Saturday afternoon by the committee which met there to select a place. It was intended to hold the normal jointly with Navarro county, but after the committee met at Ennis it was found that Navarro had already made arrangements for her normal. The normal will be held in Trinity university. The date has not yet been fixed.

MURDER TRIAL IN WAXAHACHIE COURT

WAXAHACHIE, Texas, April 7.—The evidence in the Clarence Curry murder case was concluded Saturday afternoon and yesterday was devoted to the argument of the case. The case went to the jury early this morning. The defendant is a Dallas county boy, and the charge against him is that of killing Horace Witherspoon at India, a small village in Ellis county, one night last October. The killing was the result of a difficulty among a number of boys who had congregated at a schoolhouse where a magic lantern show was being given. The defendant is about 20 years old, and the boy he killed was about 15.

THIS SCIENTIST HAS DONE SOMETHING WORTH WHILE

HALIFAX, N. S., April 7.—Advices from St. Pierre, Michigan, state that a scientist in the employ of the French government has discovered a bait fish which is good for the whole season, replacing the herring-caplin and probably squid. The experiment has been made on the coast of Iceland. The French government has patented the discovery and will probably prohibit the importation of bait fish from New Foundland. A naval commission will report if the discovery is suitable for deep sea fishing.

MRS. SWIFT ASKS DIVORCE FROM HUSBAND

CHICAGO, Ill., April 7.—Charles H. Swift, son of the late Gustavus F. Swift, the multi-millionaire packer, was made the defendant in a bill for divorce filed Saturday in the circuit court. Lulu M. Swift, the complainant, charges cruelty. The story that lies behind the bill asking separation from the son of one of Chicago's foremost citizens may not be revealed until the case comes to trial. Mrs. Swift is in Europe, and Charles H. Swift last night refused to discuss the matter beyond saying that he did not know of the beginning of the case, and that his wife was abroad.

TEXAS ATTORNEY

The same information as to the whereabouts of Mrs. Swift was obtained at the home, 2904 Prairie avenue. Mrs. Swift's attorney is R. A. Dewey, whose office address is that given in the law directory, Terlingua, Texas. According to the facts in the bill the couple were married in this city June 27, 1894, and lived together until Nov. 15, 1902. The complainant asserts that her husband has been guilty of extreme and repeated cruelty and has abused and ill treated her. In specifying particular acts of cruelty the complainant declares that her husband "struck her with his fist Nov. 1, 1901, and on or about the first day of March, 1902, and again on or about the tenth day of November, 1902, he again struck complainant with his fist."

SWIFT SAYS NOTHING

Charles H. Swift was at the residence of his mother, Mrs. G. F. Swift, 4848 El-lis avenue, when interviewed over the telephone. "Have you anything to say in regard to the bill for divorce that was filed against you in the circuit court?" he was asked. "I didn't know that such a suit had been filed," was the reply. "Would you care to make a statement regarding it?" "I have nothing to say," he replied. "Your wife is in Europe, is she not?" he was asked. "Yes, that is true."

SHOT FIVE TIMES DIES INSTANTLY

SOUTH MALESTER, I. T., April 7.—Murray Smith, living at Dow, shot and killed Lon Stewart, a water hauler. Smith surrendered to United States Deputy Marshal Miller and was brought to jail here. He says that Stewart became enraged and made an assault on him with a knife. Stewart was shot five times, the last shot penetrating his heart. Smith is a son of a wealthy Alabamian.

GENERAL SHAFER MEETS HIS BROTHER

SAN ANTONIO, Texas, April 7.—General William R. Shafter of San Francisco, Captain John N. Shafter of Ciudad Juarez, Mexico, and James N. Shafter of Sandwich, Ill., held a happy reunion at the Menger hotel.

AMERICAN COMPANY FINISHES BRIDGE

NEW YORK, April 7.—The American Bridge Company has completed the erection of twenty-seven viaducts on the Ugard railway, cables the London representative of the Tribune. Six thousand tons of steel have been utilized in this huge undertaking, which, notwithstanding tremendous difficulties, was carried out exactly in fifty-one weeks. The company has disposed of its machinery and plant, rather than convey them back to the United States.

ROCK ISLAND MEN SIGN AN AGREEMENT

PROVIDENCE, R. I., April 7.—An agreement to arbitrate all disputes which may arise during the next five years has been signed by the strikers' union. This has averted a general strike of the craft in this city.

MRS. VANDERBILT'S ROOMS A GOOD INVESTMENT

NEW YORK, April 7.—Jacob H. Vanderbilt, who has just died a shop this week, left an avenue with special rooms for women on shopping expeditions. Her experiment was a success. Yesterday she had a party of five at her boutique. The room was thronged, while in the morning a room proper for seven or eight persons was occupied. Mrs. Vanderbilt also is selling her articles of vertu. She stated that she had a business also was a curiosity, chiefly because of a ranging from \$100 to \$1,000.

OIL LANDS TO ADVANCE

CEOLOGICAL EXPERTS PREDICT A RISE

THE RUSSIAN FAILURE

SCARCITY DUE TO GRADUAL FALLING OFF IN SIBERIAN FIELDS

INCREASE OF ACTIVITY

Development of Texas, Indiana and Kansas Holdings Will Have to be Increased in Order to Meet the World's Demand. Will Affect Value of Texas Land.

WASHINGTON, April 7.—Officials of the geological survey are predicting a boom in the price of oil lands and in the product of oil wells in the United States within the next year. They have been collecting data from the oil fields of the world, and have discovered that the source of supply is falling in many of the foreign countries, and the result will be an increased demand and consequently better prices for the American product.

THE RUSSIAN FAILURE

The most noted failure shown in the reports is in Russia. For many years the country has supplied most of its own demands from the Baku oil fields and has exported large quantities annually. Recent reports show that the Baku fields are falling and that Russia is threatened with an entire loss of her export trade, and may be compelled to buy for her own consumption. The effect of this is already being felt in this country, and the price of crude oil has advanced from 35 to 40 per cent in most of the oil regions.

AN AUTO RIDE IS NEARLY A TRAGEDY

MANHASSET, L. I., April 7.—Dr. Charles M. Niesley, a prominent physician of this village, with his two sons—Charles, 9 years old, and Paul, 7 years old—had a narrow escape from being killed in an automobile accident. Dr. Niesley had his right arm fractured and his two boys were badly hurt. While preparing to start down Spinnaker hill, the side bar of the machine slipped. Instantly the machine dashed down the steep incline. It scurried from the road and ran full speed up a bank, killing Dr. Niesley and rendering unconscious his two boys. Dr. Niesley was rendered unconscious. His two boys staggered to their feet, stunned, and when unable to get to their father managed to drag themselves to the village, where help was summoned.

IOWA EDITORS AND VISIT TO FORT WORTH

Iowa editors and the members of their families will be in Fort Worth tomorrow and will take a good look at the Denver road. They have been touring Texas, and Fort Worth hospitality is not going to dim in comparison with the entertainment afforded these men of the press by other Texas towns.

A committee composed of A. J. Sandegard, J. B. Buchanan and C. D. Reimers has been at work this morning arranging the details of entertainment in Fort Worth. The following program has been set out: Arrival at the Texas and Pacific depot at 12:30 p. m. Street cars, kindly furnished by the Northern Texas Traction company, will be in waiting to take the visitors to the Worth hotel.

After this the visitors will be at liberty to see Fort Worth in the manner in which they most desire. It was originally announced that the visitors would remain in Fort Worth until 6 o'clock but plans were changed this afternoon by which they will be in the city until the departure of the late night train on the Denver road. After luncheon at the Worth is over Mayor Powell will make an address of welcome to the visitors and a response will be made. Captain B. E. Padlock will tell the guests something about "Greater Fort Worth" and another of the visitors will be asked for a response.

Mayor T. J. Powell, Dr. Cooper, A. N. Evans, F. G. McPeak, W. G. Newby, W. T. Maddox, W. B. Harrison, N. Harding, D. S. Hare, W. G. Turner, Captain M. B. Loyd, A. Z. Stirling, D. Van Gilson, B. B. Paine's Celery Compound The World's Ideal Health Builder, Does the Blessed Work

Thousands of prominent Christian ministers, through the use of Paine's Celery Compound, are happily pursuing their pastoral duties and ministering with success to their congregations. Heart trouble, sleeplessness, nervousness, sluggishness, and impure blood, weak digestion, and variable appetite, resulting from overwork, overstudy, worry, anxiety are the troubles that drag clergymen down to deep sufferings and perils. Today Paine's Celery Compound is the home medicine of all wise and prudent clergymen. A vast number of them owe their lives and present good health to Dr. Phelps' world renowned prescription that "makes sick people well." The Rev. Dr. S. G. A. Fields, Crescent, Oklahoma, says: "I thank you most sincerely for the marvelous benefits I derived from the use of your Paine's Celery Compound. I can boast of heart trouble banished, my nervousness is gone, my sleep is refreshing, appetite, and digestion in splendid condition, and my strength is increasing daily. All this blessed work has been accomplished by your Paine's Celery Compound."

## BRYANT GIVES HIS FINAL DECISION

BEAUMONT, Texas, April 7.—Judge Bryant in the Federal court yesterday rendered a final decision, dismissing the complainant's bill in the case of August A. Busch & Co. against the commissioners court of Grayson county, wherein it was sought to enjoin the commissioners from publishing the result of a recent local option election. On constitutional grounds the court also refused to extend

a temporary restraining order pending an appeal which has been taken, unless restrained by the supreme court of the United States. This will leave the commissioners free to publish the result after April 1.

# Test For Yourself the Wonderful Curative Properties of Swamp-Root

## Thousands Have Kidney Trouble and Never Suspect It.

To prove What Swamp-Root, the World-Famous Kidney, Liver and Bladder Remedy, Will do for YOU, Every Reader of "The Telegram" May Have a Sample Bottle Sent Free by Mail

I wrote to Dr. Kilmer & Co., at Binghamton, N. Y., for a free sample bottle of Swamp-Root, and its effect upon me was so noticeable that I bought a supply, and after taking a few bottles of Swamp-Root I had entirely recovered, and in six months I became the man you see me now. I had kidney trouble, aggravated by bladder trouble. Was obliged to pass water often day and night, had back ache, and was run down generally. A few bottles of this remedy did more for me than a dozen physicians could.

Hugo Hutt  
865 Stillman St., Philadelphia, Pa., Fire Dept.

I am a firm believer in that wonderful remedy Dr. Kilmer's Swamp-Root. It's a great medicine when a man is not feeling well; after exposure or loss of sleep and irregular meals. It is also a great medicine to tone up and regulate a man. There is such a pleasant taste to it and it seems to go right to the spot. I use it and recommend it. There is more Swamp-Root used by Kansas City firemen than any other medicine twice over.

Alex. Henderson  
Assistant Chief, Kansas City, Kan., Fire Dept.

I cheerfully give my endorsement to Dr. Kilmer's Swamp-Root, which I sincerely believe, from my own experience, stands at the head of all known curatives for kidney, liver and bladder troubles.

I own cure and also my personal observation during years of service in the Toledo Fire Department, have convinced me that Swamp-Root is a medicine of wonderful merit. I have seen many who had been pronounced incurable, speedily restored to health by Swamp-Root.

Yours respectfully,  
J. M. Fraser  
No. 1 Engine House, Toledo, Ohio, Fire Dept.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism.

EDITORIAL NOTICE.—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing, be sure and mention reading this generous offer in The Fort Worth Daily Telegram when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

grave, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

Goodnow, now professor of administrative law, has been appointed to the chair.

## A Prominent Minister Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy

Rev. Francis J. Davidson, pastor of the St. Matthew Baptist church and president of the Third District Baptist Association, 2731 Second street, New Orleans, writes as follows: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for cramps and pains in the stomach and found it excellent. It is in fact the best cramp and colic remedy I have ever used. Also several of my parishioners have used it with equally satisfactory results." For sale by all druggists.

## DESTRUCTIVE FIRE AT PUTNAM, TEXAS

PUTNAM, Texas, April 7.—J. E. Steadham's livery stable and W. A. Talbert's shoe shop were burned yesterday morning about 6 o'clock. The origin of the fire is unknown.

Steadham's livery stable was insured in the Mutual Guaranty of Houston, Texas. W. A. Talbert's shoe shop was a total loss.

## TWO THEORIES ARE OFFERED BY DEFENSE

HILLSBORO, Texas, April 7.—The J. A. Bennett murder case went to the jury late this evening, but a verdict is not expected before tomorrow evening. The defense had a double theory as to the death of Mrs. Mary Jenkins, who he was indicted for killing—namely, that she either killed herself or that the killing was done by another party who has figured in the prosecution of Bennett.

## HILLSBORO OFFICERS HAVE NO OPPOSITION

HILLSBORO, Texas, April 7.—The following officers were elected in the city election today: Marshal, H. W. Kennedy; attorney, J. W. Marshall; secretary, Melvin Traylor; treasurer, W. M. Williams; assessor and collector, Ed Harvey; aldermen, G. W. Wright, W. P. Alderson, A. L. Blanchard and A. L. Smith.

## DEMOCRATS MAKE A CLEAN SWEEP

CLEVELAND, Ohio, April 7.—Complete returns from yesterday's municipal election give Mayor Johnson (democrat) a plurality of 5,985. Lapp (democrat) has a plurality of over 10,000 for president of the council. The democrats made practically a clean sweep.

### PARTIES BREAK EVEN

CINCINNATI, Ohio, April 7.—While the aggregate pluralities in Ohio cities yesterday show republican gains, the parties break almost even in the changes in local administrations. The most noted changes of democratic to republican are at Columbus, Mansfield, Zanesville, Defiance, Delphos, Van Wert and Shelby. Among the cities changing from republican to democratic are Youngstown, Springfield, Marion, Troy and probably Findlay.

### NO LICENSE ISSUE

LINCOLN, Neb., April 7.—The weather is perfect and a large vote will be cast in towns where the agitation for "no license" liquor traffic is advocated. The party lines in many instances will be disregarded entirely.

### ELECTION AT PUEBLO

PUEBLO, Col., April 7.—Election day is clear and warm. The heaviest vote in the history of the city will be polled.

## THOMAS ORCHESTRA IS HERE TOMORROW

Tomorrow afternoon the Thomas Orchestra concert takes place. A capacity house is expected. All railroads have put on special rates and a large contingent is expected from the towns tributary to this city. The orchestra is composed of sixty men with two soloists. ## REACH HERE SAFE FROM GREAT DANGER

CHICAGO, Ill., April 7.—A dispatch to the Record-Herald from New Orleans says:

Dr. W. R. Gillespie, W. M. Dillhoefer and F. E. Miller of Cleveland and Fred W. Weidich and Fred Miller of Dubuque, Iowa, composing the party of American prospectors who were in peril in Spanish Honduras, and to guarantee whose safety Senator Hanna asked a warship sent, arrived here last night direct from Honduras, safe and sound. Dr. Gillespie said the revolutionists were in control of all ports in Spanish Honduras. Consul Campbell, it is said, is practically being held for ransom in Tegucigalpa, Honduras, by the Sierra forces. He has been forced to contribute \$100,000 to the campaign against Bonilla.

## A SUGGESTION FOR FORT WORTH HERE

ST. LOUIS, April 7.—The civic improvement league has issued an announcement requesting all citizens to do their part in assisting to keep the city clean, and especially during the fair dedication period.

The league has arranged for a festival to be known as civic cleaning days, April 24, 25 and 26, the purpose being to inaugurate a movement which will permanently clean and make the city more attractive and sanitary. Every man, woman and child is requested to devote April 24 to putting the gutters, alleys, yards, vacant lots, etc., in order in their own localities. April 25 will be proclaimed a legal holiday by the mayor, and to emphasize the significance of the movement, badges and flags will be displayed. Sunday, April 26, all clergymen are requested, in connection with their regular service, to emphasize the importance and benefits to be derived from a more healthful and attractive local environment.

WORTH ONE DOLLAR EACH The daily issue of The Fort Worth Telegram of April 15, 1903, will be worth \$1 to the holder. "Look up notice on that date."

## ALL WILL RECITE "MARCO BOZARRIS"

NEW YORK, April 7.—Today is the "Independence Day" of the Greeks, the anniversary of the defeat of the Turks April 7, 1821, which resulted in Grecian independence. In the large local Greek colony on the lower East Side the day is as religiously observed as in Athens itself, business being entirely suspended and the day devoted to celebration.

## UNDER THE ROSE

BY FREDERIC S. ISHAM. ILLUSTRATED BY "THE STROLLERS" HOWARD CHANDLER CHRISTY.

"UNDER THE ROSE," Frederic S. Isham's new novel, contains the very qualities which made "Monsieur Beaucaire" precisely what it was; but it deals not with a single incident, but with a whole series of incidents, and its plan is on a larger scale.

"UNDER THE ROSE" is "Monsieur Beaucaire" in respect to its art; and "The Prisoner of Zenda" in respect to the ingenuity and the excitement of its episodes. —Harry Thurston Peck in the New York American.

The illustrations, by Howard Chandler Christy, are richly colored, remarkable examples of what can be done in the way of color printing. Nothing more attractive has been seen in any of the year's novels.—Chicago Tribune.

## HERE MOST FREED FROM IMPRISONMENT

NEW YORK, April 7.—After one year's imprisonment, less about two months, commutation sentence for good behavior, on Blackwell's Island, Johann Most, the anarchist, has been released. Most was convicted for publication of an article in his paper, the "Freiheit" which was held by the courts to endanger the public peace in that it was an incitement to murder of rulers.

## PECAN GAP FARMER IS MINUS A LIP

PARIS, Texas, April 7.—While J. J. Freese, a farmer near Pecan Gap, was returning home he was fired on with a double-barreled shotgun loaded with buckshot. His lip was shot off and some of the shot took effect in his arm, leg and

neck. He will recover. An arrest was made.

WAS A NINCOMPPOW HIMSELF Unexpected frankness now and then gives a special zest to the humor of a situation in congress. When "Gabe" Bouck was the representative from the Oshkosh district of Wisconsin a pension bill came before the house, to his great vexation of spirit; for, while his personal convictions were directly opposed to it, his political interests were strong enough to whip him into line. On the day the bill came up for final disposal a fellow member met Bouck in the space between the last row of seats, walking back and forth and gesticulating excitedly, bringing his clenched right fist down into the hollow of his left hand, to the accompaniment of expletives which would hardly look well in print.

"What's the trouble, Gabe?" inquired his friend. "Why all this excitement?" "Trouble!" snorted the bristly lawmaker. "Trouble enough! That pension bill is up and all the cowardly nincompops in the house are going to vote for it. It's sure to pass—sure to pass."

"But why don't you get the floor and speak against it—try to stop it?" suggested the other.

"Try to stop it?" echoed Bouck. "Try to stop it? Why, I'm one of the cowardly nincompops myself!"—From Francis E. Leupp's "Some More Humors of Congress," in April Century.

NOT IN FORT WORTH. "The people living or doing business on Houston street will submit without complaint to the inconvenience which must result from closing the street temporarily while the pavement is being repaired."

No, gentle reader, this is not an item from The Evening Telegram of April 6, 1905. It is merely a clipping from a San Antonio paper. There are other Houston streets.

WHY SUCH INTERESTS? It is puzzling to know just what are the motives actuating ex-president Grover Cleveland in his sudden display of interested and beneficent feeling towards the negro.

A few days ago the dispatches announced that Mr. Cleveland expects to preside over a meeting held in New York city for the benefit of Booker T. Washington and his school at Tuskegee. Yesterday the dispatches told that he had displayed great interest in William Pickens, a young negro orator who won the Teneyck prize at Yale last week, and had written the young man a letter asking for a full copy of it.

Do these evidences of interest mean that Mr. Cleveland is viewing with alarm the protestations of loyalty towards President Roosevelt that are coming from the negroes of the South? Is he making a coy attempt to do a little political work so that his name will not be wholly unknown to the colored vote?

As a "L. D." and an honored alumnus of Princeton University it is of course proper that Mr. Cleveland should display a wholesome interest in all educational movements and incidentally in the educational advancement of the negro. But the interest that is being shown just now is at least worthy of note.

POSTOFFICE SCANDAL. The latest government scandal comes from the postoffice department. Investigations in connection with the retirement of the chief of the department, George W. Beavers, have stirred up unpleasant odors that must be peculiarly irritating to the nostrils of the present administration.

It is said that hundreds of postoffice clerks throughout the country are now receiving salaries in excess of the ones to which they are legally entitled and that there are more high-salaried clerks on the rolls of the department than the government ever intended should be, while at the same time there are not enough of the low-salaried kind. The scandal does not develop in the payment of hardworking clerks advanced salaries, but in giving exorbitant wages to those who have been holding positions that may be classed as "soft snaps."

The scandals, however, not only deal with a prodigality of expenditure in the matter of salaries, but also in a truly amazing desire on the part of the department to foster American inventive genius by purchasing all sorts of new machines for various purposes, and sending them out to the various postoffices of the country, often when there was absolutely no need for them.

The charges of wastefulness in this latter regard are laid, it is said, directly to the door of Perry S. Heath of Indiana, and date back to the time of his connection with the department. Considering that Mr. Heath has been a Republican star of more than usual candle-power, the fact that he may have been connected with gross mismanagement during his time of ser-

vice, will be another chance for a Republican campaign speech on the great advances in the postal department since the time of Rowland Hill.

A street car conductor who has been employed in the city the past three years, being on the City Belt line for most of that time, says: "There are three times as many people traveling over the line now as there were at this time last year. Often in the afternoons a year ago this spring I used to make trips around the line with perhaps but one or two passengers. Now I have never less than five or six." Much better proof that Fort Worth is growing could not be asked.

To show what a Texas newspaper can do when it wants to do something worth while, the El Paso Times recently got out an "International Edition" that would have been a credit to any newspaper in the United States. The cover was a masterpiece of lithography and the interesting and valuable descriptive articles contained within were amply illustrated by fine half-tones and cuts.

Dr. Isaac Haldeman of New York remarks that Dr. Funk is daring hell fire to go into a spiritualistic seance with the spirit of the late Henry Ward Beecher. It is safe to venture that as long as the newspaper notoriety lasts, Dr. Funk will continue to risk the singeing.

More than one Texas cattleman is just now considerably concerned regarding how that proposed new survey of the Texas panhandle for the purpose of fixing the state boundary line will pan out.

The New York society leaders who think to start a new fad by giving dinners to their friends in their stables, are greatly behind the times. Take Noah, for instance.

The Arlington Journal has recently grown a column broader and now has just that much more of good news matter every week on each of its pages. The Journal's typographical appearance would be hard to improve.

The Wabash railway has settled its controversy with its employees and the result is a general increase in wages for the latter. It was another bloodless victory for union labor.

CURES CATARRH

"Hymel the Most Wonderful Cure for Catarrh Ever Discovered," Says Mayor Yard. Do not try to cure catarrh by taking drugs into the stomach; it cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the bacilli of catarrh and prevent their growth. Hymel is the only known method of treatment that accomplishes this. It is the simplest, most pleasant, and the only absolute cure for catarrh that has ever been discovered.

Thousands of unsolicited testimonials have been received from the most prominent men and women in the country who have been cured by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians have sent testimonials as to the remarkable powers of Hymel to cure catarrh.

Former Mayor Emory M. Yard, of Trenton, N. J., writes: "You have my permission to say that I believe Hymel to be one of the most wonderful cures for catarrh and throat trouble that has ever been discovered. In my case the effect has been marvelous. I enclose you money order for two outfits for friends of mine to whom I am recommending Hymel and who I am anxious shall have the benefit of this remarkable panacea."

The complete Hymel outfit costs but \$1.00, consisting of an inhaler, dropper and sufficient Hymel to last over a month. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use is necessary, and then extra bottles of Hymel (a month's treatment), can be obtained for 50 cents. It is not alone the best (it might be called the only) method of curing catarrh, but it is also the most economical.

Weaver's Pharmacy has so much confidence in the power of Hymel to cure catarrh, that it will for a limited time, sell this medicine under its personal guarantee to refund the money if the purchasers can say that it did not help them.

Hon. J. C. Petersen, Low With Bright's Disease.

DOCTORS TESTED HIS URINE AND PRONOUNCED IT BRIGHT'S DISEASE, BUT COULD NOT HELP HIM. WARNER'S SAFE CURE Completely Cured Him After Everything Else Had Failed.

HON. J. C. PETERSEN

Gentlemen: I always enjoyed good health until five years ago when I began to notice repeated backache, which kept increasing. I had sharp stitches and my back felt lame and sore. I had my urine examined, the doctor found it highly colored, with considerable brick-dust, and pronounced it Bright's disease. I had little faith in his prescriptions and soon changed, taking some greatly advertised Kidney Cures but with unsatisfactory results until I used Warner's Safe Cure. Within ten days I felt greatly relieved, the pain gradually decreased and soon disappeared, the urine assumed a natural, healthy color, and within four months my health was fully and completely restored.

I have now enjoyed good health for over four years and endorse Warner's Safe Cure as the one infallible remedy for kidney trouble.

Yours very truly, Hon. J. C. PETERSEN, 722 Plymouth Ave., Minneapolis, Minn.

"SAFE CURE" CURES BACKACHE.

If you have pains in the back, rheumatism, uric acid poison, rheumatic gout, diabetes, Bright's disease, inflammation of the bladder and urinary organs; scalding pains when you urinate, eczema, jaundice, swellings or torpid liver; if a woman, bearing-down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney diseases seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a 50c. bottle of Safe Cure at your druggists. It will relieve you at once and effect a permanent cure. It kills all disease germs.

Doctors prescribe and hospitals use "Safe Cure" exclusively in all cases of kidney or bladder trouble.

IF IN DOUBT MAKE THIS TEST: Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy or contains a reddish, brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased.

ANALYSIS FREE.

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease. All letters from women, read and answered by a woman doctor. All correspondence in strictest confidence.

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate, it is a most valuable and effective tonic; it is a stimulant to digestion and awakens the torpid liver. It repairs the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives it strength and restores energy. You can buy Safe Cure at any drug store or direct. 50 CENTS AND \$1 A BOTTLE.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

HORSE TRADERS VIE WITH CANDIDATES

DENTON, Texas, April 7.—There seemed to be a rivalry in Denton yesterday between the candidates and the horse traders, it being the day preceding this city election and stray sale day. When a man would be seen talking enthusiastically to another man one could not tell if one was not personally acquainted with the talker whether he was trying to get a vote or sell or swap a "heavy" or rheumatic horse.

Today is election day and the candidates have a little the better of it. Interest in the outcome of the election is considerable and many votes are being polled.

WALKS WITHOUT CRUTCHES

I was much afflicted with sciatica, writes Ed. C. Nud, Iowa, Sedgewick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1.00 at H. G. Pangburn & Co's.

For the first thirty days, Rheumatic and Paralytic Cripples will be treated free of all cost. Through this wonderful treatment the deaf will be made to hear and the blind to see.

Consultation and examination free to all. The doctor offers \$1000 for any case of Rheumatism or Paralysis he fails to cure under this wonderful treatment.

Catarrh, Stomach, Kidney and Liver Troubles will be cured free for the first thirty days. Also Blood Poison, Scrofula, Tumors, Cancers and all Contagious Diseases. Office hours daily, 9 a. m. to 9 p. m., Sunday hours, 10 a. m. to 11 a. m., 1 p. m. to 4 p. m., Sunday evening 7 p. m. to 9 p. m.

No one can form any idea of the miraculous cures performed by Dr. Carlyle without the aid of any medicines, knife or poisonous drugs. A man on crutches for years is cured in a few weeks of the time simply by this new method of Vital Healing. "Miraculous" is the expression one hears on all sides. Any one going to his office will be convinced of the days of miracles of the past, and wonder at the strange events of the prehistoric ages, little dreaming that the same mysterious cures are done in this, our own city, yet incredulity and unbelief are stamped so indelibly upon our minds that we are loath to believe our own eyes. We doubt and wonder if it can be true. Today people can be seen walking our streets like young men, who but a few short months ago were crippled and upon crutches never expecting any relief this side of the grave, but by the mysterious power of Dr. Carlyle they have been healed, the deaf to hear and the blind to see. These things are truly strange, and seemingly more strange from the fact that they are cured by so simple a method.

Dr. Carlyle's name and fame have been hurled by the glad voices of men, women and children to every city, town, hamlet and village in this country. For what he has and is doing for suffering humanity, without a dose of medicine or drawing a drop of blood, with a surgeon's knife. All manner of diseases, no matter how long the patient has suffered, yield alike to this wonderful treatment. The mighty, vital power given through this doctor's wonderful physical touch often changes the suffering one instantly from a condition of agony to peaceful rest and perfect health. Mothers are bringing to Dr. Carlyle's office scores of sick, emaciated helpless children. Some have hip diseases, others are paralyzed and deformed with spinal diseases. All are rapidly relieved and many restored to perfect use of themselves. Other little ones, blind and mentally weak, as well as deformed in body, are brought to the use of their mental faculties, and their weak, helpless bodies revive with new vitality, and are thus enabled to develop as nature intended they should. Old men and women are lifted back from feeble, faltering footsteps to stately carriage and almost youthful vivacity. There is nothing in all the past or present healing that has cured so many people suffering from all manner of diseases as the method practiced by Dr. Carlyle at his office. Every mother, every father that has a sick child that other doctors cannot cure take it to Dr. Carlyle and he will restore it to speedy and perfect health, without medicine or causing the poor little sufferer a moment's pain. Young man or young woman, if you are suffering from any ailment and cannot get well, go and see Dr. Carlyle, he will tell you what to do, get well and keep well. Your diseases and their causes explained to you in the simplest of language without asking you a single question.

**Dr. Miles' Nervine Cured Me.**

Dr. Miles' Restorative Nervine brings rest and sweet sleep to the tired brain worn out with the cares and anxieties of the sick room. Read the following:  
"I have always been healthy with the exception of a touch of rheumatism since my age came on, up to the time of my husband's last illness some years ago. I assisted in nursing my husband for nearly three months when he departed this life and the mental strain I think caused my trouble. Aside from extreme nervousness my trouble consisted with sore throat and neuralgia. My physician gave me purgative doses which weakened me very much and my stomach for a time seemed inactive. Mental strain and the dormant condition of my stomach soon told upon my general health. I had little appetite and was soon forced to stay in bed a greater part of the time. Within a week after the time I began taking Dr. Miles' Restorative Nervine and Tonic I was up about the house. I continued to use until completely cured. My faith in Dr. Miles' Remedies has been strengthened by experience of other people, our daughter having used Restorative Nervine with splendid results in a case of paralysis and a friend to whom I sent a box of the Anti-Pain Pills reports that she has been completely cured of neuralgia by their use. I know of a number of others whom your medicine has helped in a large degree. I wish you continued success."

**FREIGHT WRECK ON THE DENVER**

ALMOST ENTIRE TRAIN PRECIPITATED INTO THE DITCH  
Northern Capital Invested in Rich Holdings Along the Mexican Railway—Railroad Briefs and Personals of Local and General Interest

A freight wreck on the Denver, near Bowie, yesterday morning, delayed traffic on that road most of the entire day. The train wrecked was extra No. 19. There were fourteen cars of the total eighteen precipitated into the ditch. It is said as the result of the rails spreading.  
During the time the wreckage was being cleared, trains were operated over the Rock Island tracks from here to Bowie, thence over the Denver. The damage was confined entirely to property, there being no one injured.

**NORTHERN CAPITAL IN MEXICAN LAND**

A number of an Iowa-Minnesota party, headed by W. H. Cook, of Webster City, Iowa, passed through the city last evening en route home from Mexico, where extensive purchases of land have been made by the northern men along the Mexican railway. The purchase represents 150,000 acres of sugar and coffee land. It is located between the Rockies and the gulf at an altitude of about 1,200 feet. The land was formally owned by General Pacheco, and has undergone considerable improvement for land in that section of the country. It is very rich, the soil being from twenty to thirty feet in depth. The enterprise will be operated direct by the owners of the property. Their headquarters in the south will be Cardona.

**RAILROAD BRIEFS AND PERSONALS**

**C. E. Satterlee of New York,** secretary and treasurer of the Texas and Pacific railway, making a tour of the Rio Grande division, after having attended the recent meeting of the directors of the road at Dallas.  
It is expected that **George J. Gould,** president of the Texas and Pacific Railroad Company, who is now making an extensive tour of his lines in the southwest, will visit Fort Worth in the near future. Thomas' orchestra arrived in the city over the Santa Fe this afternoon at 1:30, and went to Sherman over the Texas and Pacific. It will return to this city on a special train tomorrow to fill its engagements here.

**R. E. George of Waco,** division passenger agent for the Houston and Texas Central, is in the city.  
An extensive shipment of cattle was made via Fort Worth today from San Angelo, Texas, to Porter and Wagoner, I. T., where the stock will be put on passenger cars. The shipment comprised several cars and was made over the Santa Fe and the Katy.  
**James P. Fell,** assistant general yard master and C. J. Wares, yard clerk, at the local Texas and Pacific yards, are attending court at Coleman.  
**Conductors Louis and Sheffall** of the Texas and Pacific are attending court at San Angelo.

**Weather Conditions**

The weather in the southern states is warm and mostly cloudy. Rain is falling in the Cumberland, Tennessee and Ohio valleys, also in the western portion of Tennessee and in Arkansas, with thunderstorms during the night. Texas weather continues moderately warm with partly cloudy conditions in the eastern portion and clear in western portion; clear weather prevails throughout the middle west and northwest sections of the country. Killing frost occurred in New Mexico and Utah.  
The weather in Fort Worth vicinity will continue generally fair during the succeeding thirty-six hours, with a cooler temperature at night.

**NEW GAME LAWS FOR TEXAS SPORTSMEN**

The following section of the new Texas game law is the one most vital concerning Texas sportsmen and the protection of the wild game and birds of the state:  
Sec. 9. It shall be unlawful for any person to kill, ensnare or entrap, or in any way destroy any wild deer in the period of time embraced between the first day of January and the first day of November in each year; provided it shall be unlawful for any person at any season of the year to take, kill, trap or ensnare any wild female deer or spotted fawn within this state; and provided further, that it shall be unlawful for any person to take, kill, trap or ensnare more than six wild buck deer during the months of November and December of any one year; or any wild turkey in the period of time embraced between the first day of February and the first day of November of each year; or any prairie chicken (pinnated grouse) in the period of time embraced between the first day of February and the first day of November of each year; or any dove within the period of time embraced between the first day of February and the first day of September in each year; provided it shall be unlawful for any person at any time to kill or destroy more than twenty-five of the birds or fowls mentioned in section 1 of this act, in any one day. It shall further be unlawful for any person at any time to hunt deer or other game mentioned in section 1 of this act by aid of what is commonly known as a hunting lamp or lantern, or any other light used for the purpose of hunting at night; and after the space of five years next after this act takes effect it shall be unlawful for any person to kill, trap or ensnare, or in any way destroy any wild antelope or wild Rocky Mountain sheep in the period of time embraced between the first day of January and the first day of November in each year; provided further, that it shall be unlawful for any person to kill, trap or ensnare more than two wild antelope, or one Rocky Mountain sheep during the months of November and December of any year; or any wild Mongolian or English pheasant in the period of time embraced between the first day of February and the first day of November in each year. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than \$10 nor more than \$100, or be imprisoned for not more than thirty days, or may be subject to both such fine and imprisonment.

**NO SWEET CORN AT ANY PRICE**

Seed sweet corn can't be had at any price. The proprietor of one of the local seed stores said he had a little, but that it was gone, and in the sale of the 24 bushels, all he had, at \$2.50 per bushel, he said he had witnessed a condition which had never been equalled in his business career. He said he could have sold the same corn for \$5 per bushel soon afterwards, and, in fact, is unable to replace his supply at any price.

**WAX BEANS SCARCE**

"It seemed to me I was treated for all the ills that flesh is heir to, but without avail. Finally I was frankly told by my physician that I had better put my business matters in order as I could live but a short time. I had actually resigned myself to die when a friend who knew what I was talking about made me change my food to try Grape-Nuts. It was a long time before I commenced, for it seemed impossible that the food would help me over so many able physicians had failed to cure me. Well, to make a long story short I at last decided to try Grape-Nuts and the food showed me what was the matter. "The effect was magical. One by one the shackles of disease fell from me. My brain became clear, headaches disappeared and it seemed I could feel the improvement daily. I experienced the delicious glow of strong, rich, revivifying blood flowing through my veins. **DIDN'T HEED FATHER AND WAS SHOT**

Flynn Davidson, the 12-year-old son of Rev. H. W. Davidson, of Birdville, sustained a wound under the left eye, this morning, from a stray shot from a gun in the hands of Carl Scheller. The boys were out hunting, being on opposite sides of Hovenkamp's lake, when the Scheller boy fired a duck shot. The load of shot struck the water, from which one of the missiles glanced with the above result. The wound is some distance below the eye and is not considered serious. Mr. Davidson had refused his son permission to go hunting, but the youth on the pretext of going to the bank to look at his fish hooks, left the house early this morning, and after his departure joined the Scheller boy in a hunting trip.

**THE SEED TRADE WAS NEVER BETTER**

ACREAGE OF ALFALFA IN NORTHERN TEXAS LARGEST IN HISTORY

Seed is Scarce and Colorado Crop is Being Shipped to Supply Local Demand. Seed Sweet Corn Can't Be Had at Any Price

There never was a better spring for the seed trade in Fort Worth than the present, according to the statement of a local seed merchant today. Especially is this condition true regarding alfalfa. In all the history of Texas there has never been the universal demand for alfalfa that has been experienced during the past year. And there is said to be no question but that such demand will continue to increase until it finally becomes one of the staple productions of the state. There are any number of farmers in the vicinity of Fort Worth who, even a year ago, would not give alfalfa the slightest attention, who are now planting it in Kansas, where this commodity has come to be one of the staples of the agricultural sections of the state, farmers went to the threshers last season and carried their seed home direct from the machine. There is such a demand always for alfalfa there that they know if the seed was permitted to get into the hands of the seed men that when the seedling time came they would have to pay considerable more for it, hence they took advantage of the opportunity of buying and holding. They were compelled to pay as high as 12 cents, in some instances, though, at the machines.  
That is what makes alfalfa seed so high here and everywhere else. The Telegram's informant stated that he had a shipment of alfalfa on the road from Colorado, but after paying the expense of shipping it so far it will have to be sold at 17 1/2 cents at least. What little there is on the market at present is selling at 15 cents, but there is not enough obtainable at that price to even begin supplying the demand, there is not enough obtainable at that price that might be termed the "enterprising farmers," who have grown alfalfa ever since they have adopted Texas as their home, but the masses have been waiting to see what the crop will do one year after another in this soil and climate. They have found out and now are raising it in quantities never before heard of in this state.

**NO CLOVER IN TEXAS**

As is well known, clover is not practical in Texas. There are a few farmers who were accustomed to raising it in their north or in their native state and feel that they cannot conduct a farm without it, but their efforts, in a majority of cases, are in vain. It is a crop that does not do well, and the clover seed business is one with which Texas seed men have but very little to do.

**PLENTY OF ONION SETS**

There are plenty of onion sets for the demand of the local trade. The white sets are in a manner scarce, but there are a great plenty of the "reds" and "yellows." Sets of the white and red varieties bring \$2.25 per bushel, while the "Yellow Danvers" are slow sale at \$1.50.

**WAX BEANS SCARCE**

Wax beans are as scarce, especially certain varieties. The latter includes the black wax, and the Wardwell's kidney wax variety is out of the market. All "Texas" beans to the present time have had a sufficient, but they are pretty well sold out now.

In the northern states and those raised in Texas, and a scarcity here cannot be supplied by an abundance from the north. People bedded early this spring and the cold rains caused the potatoes to rot in the ground, and in many instances re-planting was necessary. This has made the present stock of seed scarce, but a good yield from the present crop will not have any effect on the price in the way of advancement, because of the present scarcity.

**DEATHS**

**MARTIN**  
The death of Rev. Israel N. Martin, which occurred at his home in Childress March 23, marks the passing of a Texas pioneer and of a man who while in the state devoted his time and talents to its betterment without reward, except such as came from the satisfaction of his work.  
Rev. Martin was born in Warren county, Ind., sixty-seven years ago. He came to Texas in the early 50s, settling about six miles from Dallas. In 1881 he went to Kentucky with General Gano and joined Morgan's cavalry. He was wounded in battle and taken prisoner at Mulford, Ky. He was in the federal prison about eighteen months, when the war ended and he was released.  
In 1889 or 1870 he married Miss Amanda Monday in Denton county. They settled at Childress about twenty years ago, going there from Cook county.  
Rev. Martin, though an ordained minister of the gospel, made no charge for his preaching. He founded Chalk's chapel, which was built on his land in Cook county. Wherever he was preached in some church, he being a special agent in his denomination. He was a Mason for about thirty-five years and the Masonic fraternity was largely represented at his funeral. Rev. Martin was a brother of Judge J. E. Martin of this city. A sister, Mrs. Medina Bates, resides in Cook county.

**TEXAS COTTON MEN TO MEET AT WACO**

WACO, Texas, April 7.—The Texas Cotton Manufacturers' association will meet in this city April 14, and it is expected the meeting will be attended by representatives from all of the cotton mills in the state. At present there are fourteen of these mills in the state and the membership is composed of the officers and managers of these mills.  
Morning session—Meeting at 10 o'clock in Business Men's Club rooms. Welcome address—Mayor Allen D. Sanford.  
President's address—H. W. Fairbanks, Dallas.  
Afternoon session—Short addresses on the following subjects:  
"What Advantages Do We Gain by Insuring With the Factory Mutuals?" T. J. Thornhill, Corsicana.  
"Probable Effect on the Protective Legislation on Cotton Manufacturing Industry in Texas," J. G. Saunders, Bonham.  
"How Can We Interest and Hold Sufficient Home Labor to Run the Cotton Mills in Texas?" W. M. Fly, Galveston.  
"Probable Effect of the Boll Weevil on the Average Harvest of the Texas Cotton Crop," D. C. Giddings, Jr., Brenham.  
"Comparative Value of Texas Lignite as Compared with the Different Grades of McAlister Coal for Fuel for Cotton Mills," W. H. Webb, Itasca.  
The night will be given to a social session and banquet at the banquet, President Fairbanks will act as toastmaster and the following toasts will be responded to:  
"Texas, the Greatest State in the Union in Many Ways; Shall She Become Great in Manufacturing?" Mayor Allan D. Sanford, Waco.  
"Why Texas Should Supply the Cotton Goods Trade of the Orient," Congressman R. L. Henry, Waco.

**LOCAL YOUNG MEN IN Y. M. C. A. CHORUS**

The opening of the popular Bible class last night at the Y. M. C. A., under the leadership of Rev. G. W. Ray, was quite satisfactory. A large number of men were present and entered heartily into the study of the book of Matthew. The class will meet every Monday night at 8 o'clock and is open to all men who want to study the great book.  
The male chorus, which promises to add so much to the men's gospel meetings every Sunday, was organized last night with twenty-five in attendance. This is a good thing in two ways. It will reach the young men to read music and furnish a great chorus for the Sunday meetings. The chorus will sing next Sunday.  
At 6:15 this evening the first two teams will be lined up on the Y. M. C. A. lawn court for basket ball. Draughton's Business College team, under the leadership of Professor Draughton, and the association team with Mr. Jack as captain will be the competing for the Sunday evening.  
About fifty applications were received for the membership last week. Only a few applications were received yesterday, but the work will begin today in earnest.

TALKS ABOUT THE PHILIPPINE POLICY

FARGO, N. D., April 7.—The president reached here early this morning. He was in excellent spirits and enjoyed a short drive with the local reception committee and members of his party. At 10 o'clock he delivered an address on the Philippine islands and the army. The local references in the address were loudly applauded. On the conclusion of his address the president left on his journey westward.

THE PRESIDENT'S ADDRESS My Fellow Citizens:

The northwest, whose sons in the civil war added such brilliant pages to the honor roll of the republic, likewise bore a full share in the struggle of which the war with Spain was the beginning; a struggle slight indeed when compared with the gigantic death wrestle which for four years stamped to and fro across the southern states in the civil war; but a struggle fraught with consequences to the nation, and indeed to the world, out of all proportion to the smallness of the effort upon our part.

Three and a half years ago President McKinley spoke in the adjoining state of Minnesota on the occasion of the return of the Thirtieth Minnesota volunteers from the Philippine islands, where they had served with your own gallant sons of the North Dakota regiment. After heartily thanking the returned soldiers for their valor and patriotism, and their contemptuous refusal to be daunted or misled by the outcry raised at home by the men of little faith who wished us to abandon the islands, he spoke of the islands themselves as follows:

"That congress will provide for them a government which will bring them blessings, which will promote their material interests as well as advance their people in the path of civilization and intelligence, I confidently believe. They will not be governed as vassals or serfs or slaves. They will be given a government of liberty, regulated by law, honestly administered, without oppressive exactions, taxation without tyranny, injustice without bribe, education without distinction of social condition, freedom of religious worship, and protection in life, liberty, and the pursuit of happiness."

What he said then lay in the realm of promise. Now it lies in the realm of positive performance.

It is a good thing to look back upon what has been said and compare it with the record of what has actually been done. If promises are violated, if pledged word is not kept, then those who have failed in their duty should be held up to reprobation. If, on the other hand, the promises have been substantially made good; if the achievement has kept pace and more than kept pace with the prophecy, then they who made the one and are responsible for the other are entitled of just right to claim the credit which attaches to those who serve the nation well. This credit I claim for the men who have managed so admirably the military and the civil affairs of the Philippine islands, and for those other men who have so heartily backed them in congress, and without whose aid and support not one thing could have been accomplished.

DEFENDS ARMY

When President McKinley spoke the first duty was the restoration of order; and to this end the use of the army of the United States—an army composed of regulars and volunteers alike—was necessary. To put down the insurrection and restore peace to the islands was a duty not only to ourselves but to the islanders also. We could not have abandoned the conflict without shirking this duty, without proving ourselves recreants to the memory of our forefathers. Moreover, if we had abandoned it we would have inflicted upon the Philippines the most cruel wrong and would have done them to a bloody jumble of anarchy and tyranny. It seems strange, looking back, that any of our people should have failed to recognize a duty so obvious; but there was such failure, and the government at home, the civil authorities in the Philippines, and above all our gallant army, had to do their work amid a storm of detraction. The army in general was attacked in a way which finally did good, for in the end it aroused the hearty resentment of the great body of the American people, not against the army, but against the army's traducers. The circumstances of the war made it one of peculiar difficulty, and our soldiers were exposed to peculiar wrongs. They fought in dense tropical jungles against enemies who were very treacherous and very cruel, not only toward our own men, but toward the great numbers of friendly natives, the most peaceable and most civilized among whom eagerly welcomed our rule. Under such circumstances, among a hundred thousand hot-blooded and powerful young men serving in small detachments on the other side of the globe, it was impossible that occasional instances of wrongdoing should not occur. The fact that they occurred in retaliation for well-nigh intolerable provocation cannot for one moment be admitted in the way of excuse or justification.

FEEL BAD?

Don't know exactly what's the matter but not sick enough to see the doctor? Dollars to doughnuts its your stomach, kidneys or bowels or liver that causes it. Cleanse and cure the stomach and bowels—stimulate your liver and kidneys and your troubles will disappear like a fog before an August sun. Get things going right inside you and you will feel like a new man. Don't drug and poison yourself—catarrh and pills do no permanent good.

Heptol Split

"THE SPLIT THAT'S IT." Drug Stores, Soda Fountains, Bars. What is HEPTOL SPLIT, Anyway? It's a delicious, sparkling, aperient water, for use when things go wrong inside you. It acts directly upon the liver, stimulates the bowels, cures constipation and headache and assists digestion. It takes the place of calomel and patent pills. It is leading the system with drugs. Called Split because it comes in bottles of two colors and leaves a white, frothy split that does not taste bad and leaves a very pleasant after-taste. FORT WORTH DISTRIBUTOR, FARMER, JOHN H. PARKER, distributor. Family cases Heptol Splits (25 bottles), at \$3 per case.

tion. All good Americans regret and deplore them, and the war department has taken every step in its power to punish the offenders and to prevent or minimize the chance of repetition of the offense. But these offenses were the exception and not the rule. As a whole our troops showed not only signal courage and efficiency, but great humanity and the most sincere desire to promote the welfare and liberties of the islanders. In a series of exceedingly harassing and difficult campaigns they completely overthrew the enemy, reducing them finally to a condition of mere brigandage; and wherever they conquered, they conquered only to make way for the rule of the civil government, for the introduction of law, and of liberty under the law. When, by last July, the last vestige of organized insurrection had disappeared, peace and amity were proclaimed.

As rapidly as the military rule was extended over the islands by the defeat of the insurgents, just so rapidly was it replaced by the civil government. At the present time the civil government is supreme and the army in the Philippines has been reduced until it is sufficient merely to provide against the recurrence of trouble. In Governor Taft and his associates we sent to the Philippines as upright, as conscientious, and as able a group of administrators as ever any country has been blessed with having. With them and under them we have associated the best men among the Filipinos, so that the great majority of the officials, including many of the highest rank, are themselves natives of the islands. The administration is incorruptible, honest; justice is as jealously safeguarded as here at home. The government is conducted purely in the interests of the people of the islands; they are protected in their religious and civil rights; they have been given an excellent and well administered school system, and each of them now enjoys rights to "life, liberty, and the pursuit of happiness" such as were never before known in all the history of the islands.

LEGISLATION The congress which has just adjourned has passed legislation of high importance and great wisdom in the interests of the Filipino people. First and foremost, they conferred upon them by law the present admirable civil government; in addition to that, the government is conducting, they passed a measure allowing the organization of a native constabulary; and they provided, in the interests of the islands, for a reduction of 25 per cent in the tariff on Filipino articles brought to this country. I asked that a still further reduction should be made. It

GOOD FOR CHILDREN The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and La Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues.

ON SOLDIERS' FARE FORT YELLOWSTONE NATIONAL PARK, Mont., April 7.—Three weeks tramping through the snow drifts, living on hunter's fare and passing the nights in the little cabins of the soldiers is the program mapped out for the chief executive of the nation. The presidential train is scheduled to reach this vicinity tomorrow and the two weeks of rest and recreation anticipated by President Roosevelt will begin at once. Accompanied by Dr. Rixey, the surgeon general of the navy, and John Burroughs, the famous naturalist and poet, the president will enter the park and during the two weeks of his stay will visit all the chief points of interest. "To do this he'll go part of the way on horseback and trails will be broken over him through the snow for that purpose, but there are long stretches

of miles in length—where he can go only on snow shoes. A very limited number of soldiers, two or three, will accompany the party as orderlies and messengers. Through men and through relays at the various patrol stations the president will be kept in daily communication with the rest of his party. A telegraph line will be stretched into the presidential train, where an executive office, directed by Secretary Lueb, will be established. The presidential party will fare exactly as do the soldiers who patrol the reserves. The president will get no better shelter than the little cabins erected for the shelter of the patrolling troops. Each little cabin contains a bunk, a stove, a supply of fuel, some bacon, beans, coffee, tea and a few other necessities.

LAUDS RIZAL

Remember always that in the Philippines the American government has tried and is trying to carry out exactly what the greatest genius and most revered patriot ever known in the Philippine islands—Jose Rizal—steadfastly advocated. This man, shortly before his death, in a message to his countrymen, under date of Dec. 16, 1898, condemned unparagonably the insurrection of Aguinaldo, terminated just before our navy appeared upon the scene, and pointed out the path his people should follow to liberty and enlightenment. Speaking of the insurrection and of the pretense that Filipino independence of a wholesome character could thereby be obtained, he wrote: "When, in spite of my advice, a movement was begun, I offered of my own accord, not only my services, but my life and even my good name to be used in any way they might believe effective, in stifling the rebellion. I thought of the disaster which would follow the success of the revolution, and I deemed myself fortunate if by any sacrifice I could block the progress of such a useless calamity. "My countrymen, I have given proof that I was one who sought liberty for our country, and I still seek it. But as a first step I insisted upon the development of the people in order that by means of education and of labor they might acquire the proper individual character and force which would make them worthy of it. In my writings I have compelled you to study and do virtue, without which our redemption does not exist. \* \* \* I cannot do less than condemn, and I do condemn, this absurd and savage insurrection planned behind my back, which dishonors us before the Filipinos and discredits us with those who otherwise would argue in our behalf. I abominate its criminality and disavow any kind of connection with it, regretting with all the sorrow of my soul that these reckless men have allowed themselves to be deceived. Let them return, then, to their homes, and may God pardon those who have acted in bad faith."

THE RIVER STATIONARY NOW AT NEW ORLEANS NEW ORLEANS, La., April 7.—The river here continues stationary at 39.2 feet. At Lake Providence the river gauge shows a fall of about two feet as the result of the Holybrook break, but much water is going through there now that will ultimately return to the Mississippi. The work continues at the Hymelia crevasse.

WOMEN WILL BREAK RECORD

WICHITA, Kan., April 7.—Perfect weather prevails and a record-breaking vote will be polled, the women voting in large numbers.

HERBINE CURES

Fever and Ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Stroud, Midlothian, Texas, May 31, 1899, writes: "We have used Herbine in our family for eight years and found it the best medicine we have ever used for a grippé, bilious fever and malaria." 50c at H. G. Pangburn & Co's.

AMUSEMENTS

The Knowles opened a week's engagement at Greenwall's last evening, when the attendance was limited only by the capacity of the house. This is not the first appearance of these celebrated hypnotists in Fort Worth, and future exhibitions of their achievements in the science is what justified the patronage accorded on this occasion. Last night more than 75 per cent of the subjects, volunteering as such, proved susceptible to the hypnotic mind of the professors. The demonstrations were entertaining and instructive. In the afternoon, yesterday, Professor Knowles gave a public demonstration of his ability in mind reading. In the test of driving a team over a certain route previously covered and locating a hidden object, all the while being blindfolded. A committee of four citizens assisted him in the demonstration. Tonight a subject will be placed in a cataleptic state and will not be awakened from the hypnotic sleep for twenty-four and perhaps not for forty-eight hours. The program is changed nightly. There will be a matinee Saturday.

SAYS SHORTAGE HAS BEEN GREATLY OVERESTIMATED

WAXAHACHIE, Texas, April 7.—Colonel W. M. G. Hill, former financial agent of the state penitentiary, returned this morning from Bask. He says the first reports of Busby's shortage were greatly exaggerated. The amount of misappropriated funds will fall away below the first estimates. The books are now being checked over by the state officials and the exact amount of shortage will be known in a few days. Mr. Hill has engaged an expert accountant to assist him in checking up Busby's accounts.
