ACTION TO BE PROMPT

ASSISTANT STATES ATTORNEY GENERAL HURRIES TO RUSK.

ARRESTED IN TEXARKANA

A. S. BUSBY, MISSING AGENT OF RUSK, SURRENDERS HIMSELF TO THE AUTHORITIES AT THAT PLACE

GOVERNOR LANHAM NOTIFIED

Receives Word Last Night From Texarkana of Busby's Voluntary Delivery of Himself to Officers—Sensations Expected to Be Disclosed as the Investigation Progresses.

AUSTIN, TEX. MAY 28.—GOVERNOR LANHAM RECEIVED WORD LAST NIGHT OF THE VOLUNTARY SURRENDER OF A. S. BUSBY, THE MISSING AGENT OF THE STATE PENITENTIARY AT RUSK, TO THE AUTHORITIES AT TEXARKANA.

This morning Assistant Attorney General Martin left for Rusk to represent the state's interest in the case. Chairman Oppenheimer and others of the State Penitentiary board are already at Rusk and as soon as Martin arrives the investigation will be commenced.

It is stated that the work will proceed as rapidly as possible. Some startling sensations are expected to develop from the testimony of Busby.

TRINITY UNIVERSITY COMMENCEMENT WEEK

WAXAHACHIE, TEX., MAY 28.—The commencement exercises of Trinity University and the Park High school will be held next week. The examinations are in progress at both institutions this week, and the graduating classes are looking forward to commencement with happy anticipations.

The commencement exercises of Trinity University will begin Saturday evening with an entertainment by the department of oratory. Saturday morning, May 31, the baccalaureate address will be delivered at the park auditorium by Rev. Charles Manton of Paris. At 3:30 o'clock in the afternoon the annual address will be delivered by Judge W. E. Poindexter of Cleburne. The department of music will give a recital at 10 a. m. Monday, and at 3 in the afternoon the graduating exercises of the department of oratory will be held. Tuesday morning, June 2, at 10 o'clock the dedicatory exercises of the university will be held. The following addresses will be made: "The Mission of the Christian College," Rev. J. Frank Smith of Dallas; "Education and Religious Progress," Dr. R. S. Hyde, rector Southwestern University, Georgetown; "Intercollegiate Ethics," Dr. E. C. Snow, Texas Christian University, Waco; "The College and the College Town," Dr. W. W. Bordenant, Austin College, Sherman.

Tuesday afternoon the alumnal dedication will take place. The address will be delivered by Hon. T. H. Conner of Fort Worth.

NORTH TEXAS BANK OFFICIALS CHANGED

BELLS, TEX., MAY 27.—H. W. Witcher, formerly of the drug firm of Witcher & Budgett, has bought more stock in the Farmers and Merchants' bank at this place and will actively engage in the banking business. Mr. Witcher has been president of this institution since it was established nearly two years ago.

WANT RENTAL FOR THE USE OF ROOFS

NEW YORK, MAY 28.—Rentals amounting to \$1,000,000 a year will be claimed by property owners in Greater New York for the use of their houses as supports for the wires of the Western Union Telegraph company, the Postal Telegraph company and the New York Edison company. A representative of property owners with claims for more than \$200,000 has begun legal proceedings to obtain a court

order to compel the offending companies to cease further trespass or to pay such rent for the privilege as shall be fixed by the court. More than thirty property owners have already consulted him. He says that there are at least 2,000 cases which will be pushed.

BUT A HIRED MAN IN A COLLEGE CAGE

CHICAGO, MAY 28.—The American college professor in many institutions is only "a hired man in a cage," according to M. Leopold Mabileau, the French sociologist who is delivering a series of lectures in French at the University of Chicago. He said that in American colleges founded by private individuals the professors were not free to think and write as they pleased, but were controlled to a large extent by the opinions of the board of trustees.

M. Mabileau, who is director of the Musee Sociale in Paris, is lecturing on "The Governing Ideas of Public Education in France."

In speaking of the relation of the French colleges and universities to the state he said:

"It is necessary that the professor be able to think and speak as he chooses, even though his ideas be contrary to the opinions of the trustees. This liberty does not exist in many of your American universities, many of which are founded by private individuals. I am told, however, that this condition is changing for the better."

LIVES MONTHS WITH BULLET IN BRAIN

GLENS FALLS, N. Y., MAY 28.—A case which is exciting the interest of the medical profession in Northern New York is that of Joseph Bailey of Glens Falls, who since November has lived with a 22-caliber bullet in his brain. Bailey, who is 19 years old, was shot in a street fight. He was taken to the hospital and after a month had recovered his health, but his mind was a blank and he is an imbecile.

Dr. W. C. McDonald, of the city hospital, will take Bailey to Albany, where an attempt will be made to locate the bullet by means of the X-Ray. If removed it is predicted that Bailey will recover his reason.

IRON CONDITIONS DURING PAST WEEK

NEW YORK, MAY 28.—In its review of the iron and steel market, the Iron Age today says:

The purchases of Bessemer pig by the United States Steel Corporation recently made appear to have been about 50,000 tons for delivery during the third quarter at \$18.50 at furnace, equivalent to \$19.25 at \$1.75 per ton for freight.

There has been some talk among the steel rail makers of an early meeting to discuss the question of prices for 1904 delivery. It is stated that some of the railroads are getting ready to place orders running into next year.

LONDON, MAY 27.—King Edward gave the customary dinner at Buckingham palace last night to the members of the Jockey Club on the occasion of the Derby.

TO PROTEST AGAINST KISHINEFF CRIMES

An appeal to humanity and a protest against the horrors of the Kishineff barbarities will be made at a mass meeting to be held at the city hall on the evening of June 4.

MURDERERS ARE AT LARGE

Reign of Terror Prevails in Patagonia Because of Conditions Prevailing in Country—Many Are Killed

SAN FRANCISCO, MAY 28.—Captain J. K. Wiggins, formerly of the Forty-fourth Volunteer Infantry in the Philippines, arrived here on the liner Menes from Patagonia. He has been gold mining for the past year. He says the Argentine Republic has a penal colony made up of murderers from military and civil courts, located on Staten Island. A short time ago, while removing the prisoners to Ushuah, fifty prisoners escaped, secured arms and ammunition and have since been terrorizing the residents. Murders have been of daily occurrence and the situation became so serious that the government issued orders that the despoilers were to be shot on sight.

The day before he took the steamer at Punta Arenas the chief of police was killed.

The government also has offered a reward of one pound sterling for every head of an Onaha, a savage tribe in the interior that is still unsubdued.

FOURTH TRIAL RACE OF YACHTS TODAY

MATINCOCK POINT, L. I., MAY 28.—It was dull and lowering when the crews of the cup yachts Reliance, Constitution and Columbia came on deck this morning to prepare for the fourth race over the Glen Cove course. But half a gale was blowing out of the south and southwest and there was every indication of some grand sport in the sound with free sheets, smooth seas and winds that follow fast. In fact it looked early in the morning as if the yachts would have another contest over the same course as sailed on Tuesday.

HEAVY SHIPMENTS TO SUPPLY THE WEST

CHICAGO, ILL., MAY 28.—Continued heavy shipments of general merchandise remain the chief feature of the traffic situation in the West. There appears to be no abatement of this class of freight and all officials report the movement greater than at this time last year. With the exception of the grain movement, the healthiest conditions prevail all over the West. Country merchants are now finding it difficult to keep their shelves filled with dry goods, hardware and other articles which go into almost daily consumption at this time of year.

THE UNITED STATES MUST PAY DAMAGES

NEW YORK, MAY 28.—Judge Adams, in the United States district court, has decided that the United States must pay for the British steamship Foscolia, which was rammed and sunk by the United States cruiser Columbia on the night of May 18, 1898, in a dense fog off Fire Island. The Columbia was one of the patrol squadron looking out for Cervera's fleet, which had sailed from Cape Verde for what destination was unknown. The question of responsibility having been decided the matter of damages will now go to a referee.

KIND EDWARD GIVES HIS DERBY DINNER

LONDON, MAY 27.—King Edward gave the customary dinner at Buckingham palace last night to the members of the Jockey Club on the occasion of the Derby.

TO PROTEST AGAINST KISHINEFF CRIMES

No admission fee will be charged. As a result of recent interviews appearing in the public press with Count Cassini, the Russian ambassador to the United States, in which he claimed that the Jews were to blame for the barbarities, the Jewish Daily News challenged the ambassador to a joint debate on the question and offered to donate \$25,000 to charity in case the judges of the debate should decide in the Russian's favor. The ambassador departed for Europe two days after the challenge was made public.

THEY WON'T LET IN POOR MRS. LOO LIN NEW YORK, May 28.—A council of eminent federal officials has been held at the custom house in this city to consider the case of Loo Lin Bin, the well-known Chinese merchant, whose wife is detained at San Francisco awaiting proof that her husband is a merchant. Mrs. Loo Lin has been detained at San Francisco thirty-six days. All concerned admit that under the spirit of the law the woman should be admitted.
Collector Stranahan listened to the arguments in favor of Loo Lin's status as a merchant, read many affidavits from responsible citizens supporting the contention and then gravely decided that while Loo Lin was undoubtedly a merchant, he was also interested in a restaurant and sold cooked food as well as uncooked food; he was therefore under the law not a merchant, but a laborer. The fact that he was a merchant entitled his wife admission, but he was construed to be a laborer, his wife could not come in.
Collector Stranahan based his decision upon the statements of Inspector of Chinese Berkshire, who reported adversely on the admission of Mrs. Loo Lin when the case was first submitted to him. The report meant that Mrs. Loo Lin would have to go back to China, and that she and her husband would have to be separated for months, perhaps for years.

BIG GUNS SHOOT BALLS OF FLAME

NEW YORK, May 28.—Tests were made yesterday at Sandy Hook proving ground of the two pieces of ordnance which have been under consideration by the United States army and naval boards for some time. The weapons tested were the McLean automatic one-pound gun and the Luger automatic pistol. The McLean gun can fire 800 shots a minute, each pull of the trigger discharging twenty-five one-pound projectiles. It was after dark when the test was made with the big guns, which discharged what appear to be huge balls of fire. The army officers at Sandy Hook refused to furnish information regarding the night tests, but it is understood that experiments are being made with an illuminated shell, intended for night use.

MANAGER THREATENS TO SHUT DOWN YARD

ELIZABETH, N. J., May 28.—There is a strong possibility that the large Crescent shipyard at Elizabethport will shut down for an indefinite period because of the frequent strikes at the plant. President Mason Chase of the Crescent Company has plainly intimated that this step might be taken if the annoyance that the management of the yard has had recently to contend with is not stopped.

GIRL WOMEN.

The general standard of measurement for a womanhood is "grown-up-ness." When a girl is emancipated from school and arrives at the dignity of trailing skirts and elaborate hair dressing she is looked upon as a young woman.

But nature knows nothing of such standards, and there is need of womanly care and caution. It is girlish ignorance or neglect at this critical time which often results in long years of after misery. Mothers who perceive the evidences of functional derangement in young girls should promptly have them begin the use of Dr. Pierce's Favorite Prescription. It establishes regularity, tranquilizes the nerves and tones up the whole system.

TO RECOMMEND THE PAVING WORK

REDEMPTION OF HOUSTON STREET IS NEAR AT HAND

When the Council instructs the City Attorney to proceed against non-resident property owners the work will be commenced.

"I am now ready to recommend to my company that the work of paving Houston street be begun and I will make this recommendation as soon as the city agrees to bring suit to force the non-resident owners of property on that street to pay for the paving in front of their respective lots."

The foregoing statement was made to a Telegram reporter by H. K. McCullum, representative of the Parker-Washington Company, this morning.

There are only three resident owners who have refused to sign contracts to pave; there are eight or ten non-resident owners who have yet to signify their willingness to pay for the work.

There is no doubt in the mind of E. C. Orrick, city attorney, that the non-resident owners can be forced to pave as they do not come within the scope of home-steaders. Mr. Orrick said today that he was confident that the city would be successful in all paving suits against non-resident property owners.

NEW AUDITOR FOR THE ROCK ISLAND RUMOR SAYS PROMOTIONS ARE TO OCCUR JUNE 1

Henry Lucas, of Amarillo, it is said, will come to Fort Worth—C. W. Rigby of the International and Great Northern Promoted—Carload of Carpets

A well-founded report has been in circulation for several days past, to the effect that beginning June 1, Henry Lucas, present auditor of the Choctaw, Oklahoma and Texas railroads at Amarillo, will be promoted to a similar position with the Chicago, Rock Island and Texas railroad, with headquarters at this city.

C. W. RIGBY PROMOTED Official circulars have been issued announcing the promotion of C. W. AVOIDABLE DANGER

In these days when everyone is familiar with electricity and its uses it seems almost unnecessary to call attention to the dangers attendant on its reckless regard. Yet the press reports of the past few days have furnished striking instances of accidents that came near being exceedingly serious, merely because of carelessness on the part of those who had to deal with powerful currents and neglected to use proper precautions.

The accidents referred to are especially those on electric cars, the east furnishing the greatest number because electricity is in more general use there.

Less than two weeks ago the passengers of a Philadelphia car were thrown into a panic by a blaze starting on a trolley car because the insulation of some wires was defective. An accident was only prevented when someone with unusual presence of mind snuff out the current and stopped the fire.

A few days later passengers on a Brooklyn car were treated to a two-mile ride at terrific speed because the car had caught on fire from the sparks of two crossed wires, and the motorman lost his head and decided to run to the car barns in order to have the fire put out. Several of the passengers were ladies and when the car finally did stop they were in hysterics and had to be sent home in carriages.

Last week a fuse burned out in a New York car. While the danger from the burning fuse was not great, the passengers were so frightened that they made a rush for the door and crowded a man through the glass, cutting him dangerously. Several other passengers were hurt in the crush.

One day this week, a fuse blew out in a Brooklyn car and, in the rush to escape, the passengers trampled over two men, pushing them off the platform and seriously injuring them.

The foregoing instances are taken at random from the dispatches of the past few days.

They indicate that men have not yet learned all there is to know about electricity, or else they have become careless through long familiarity. Carelessness with currents begets as much danger as follows a trifling regard with any powerful agency.

In the four cases mentioned, the danger from the electrical current itself or even the fire it started, was trivial compared with the panic caused each time from the passengers' attempt to reckon with a danger, the degree of which they could not estimate.

Properly handled and controlled, an electric current is about as dangerous as cold water, and a trolley car is as safe as a family driving horse. Improperly handled, or in the hands of inexperienced persons, the danger is not pleasant to contemplate.

In the growing demand for more electric cars, moving at a high rate of speed, or the purpose of moving the multitude, and in the demand for more current to move the cars, the true test of equipment and precautions for safety becomes apparent. The slight flaws coming from overhasty construction become sources of danger and foundations for accidents, the danger of which could have been precluded at the start, by the use of a little care.

The Dalhart Texan has issued a special edition with excellent half tones that will do more to give an idea of what Dalhart and vicinity are like, than would much descriptive matter. The Panhandle needs just such papers as the Texan to advertise its wonderful possibilities.

Because he had been punished at home, a little boy at Texarkana lay down on the railroad track and made an angel out of himself. Who said whipping wasn't good for boys?

We are getting more and more used to shocks every day. One arrest has been made in connection with the postal scandals and a Kentucky murderer has actually been indicted by a grand jury.

DAILY SHORT STORY

MISS ASHTON'S PROPOSAL

It is not to be denied that a rich old maid, who has accepted her age and her spinsterhood, has about the best of things as they go in life. She has, at once, all the financial independence of a man, and the privileges of a matron without her incumbrances, and may do pretty much as she chooses in a necessarily limited state of society.

Miss Ashton belonged to this enviable class, and was wont to make the most of her opportunities. Her sister-in-law, and other critics, said that she abused them, but when they lifted an eyebrow over some quite impossible person or fact she had taken up, she merely shrugged her shoulders.

"At my age, my dear," she would say, "a woman may know anybody, and hear all there is to tell," which was one of the reasons, perhaps, that at her house you always found the most interesting people—people whom you might never meet elsewhere in society, but who were never banal or tiresome.

In truth, Miss Ashton's insistence on her age was a trifle premature. Her 45 years sat lightly upon her, and only showed in a drift of gray in her abundant dark locks, and in giving to eyes and mouth that expression of sympathy and comprehension that is the final charm to a woman's face. For the rest, she had a certain mature luxuriance of beauty that made younger women look as pale and colorless as a spring daisy beside a gorgeous fall chrysanthemum.

She had been one of the women to whom the flowering time of life came late. She had had a starved youth, without joy, without beauty or anything that belonged to her years, passed in slavish attendance on an old uncle. Then one day, when she had already grown into a mature woman, the old man died, and she found herself not only free, but rich beyond her wildest dreams.

It always seemed to Miss Ashton that she was born again, with the change of fortune, into a new personality, and a new world. She turned her back on the old life, with all its hard grinding ways, and with a frank paganism gave herself up to enjoying the hour. Rich foods and luxurious living did for her body what travel and society did for her mind, and from having been angular, unbecoming, without grace of person or manner, she suddenly bloomed into a grande dame—daring, original, a little eccentric, perhaps, but with a fascination none denied.

To enjoy a feast to the fullest, one must have starved. Certainly Miss Ashton drained her cup of pleasure to the very bottom.

She had had enough of shadow, she would have nothing more but sunshine. She hated poverty, and she gave with a generous hand to those about her. She adored cleverness, and so she surrounded herself only with those who amused and entertained her, and no social prestige was great enough to open her doors to a bore.

It was in this way she came to know David Horton. He did not belong to the great world of fashion. He was merely a poor inventor, shabby as to clothes, but with great thoughts struggling for expression in his great brain. Shy as a schoolgirl he was, too, and it took all of Miss Ashton's tact to draw him into her charmed circle. Once there, however, the barriers broken down by her sympathy,

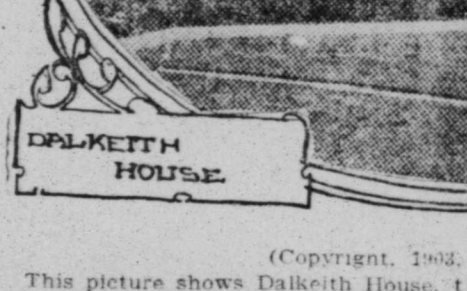

exercises are being held this week and the town is full of visitors. The "S. & S." packeries, to whom the Brownwood Business League recently wrote asking what inducements Brownwood could offer to get the location of the Texas packeries, write that they are only considering the erection of a lard and oil refinery in this state, and for that purpose will want a location in the center of the cotton district of Texas.

District court is in session here, but so far no important business has been before the court. This county is getting very much interested in the question of good roads and there will probably be a bond election in the latter part of the summer.

Crops were never better. Rain has been abundant, yet evenly enough distributed to allow the farmers to work their crops.

Z. V. GOOD FINED BY A WACO JUDGE

WACO, Tex., May 27.—A few weeks ago a man named Z. V. Good was arrested by officers here on a charge of theft of obtaining money under false pretenses. Good has just been tried in the county court and fined \$110 and sentenced to thirty days in jail.

His case will be recalled by newspaper readers. It is claimed that his plan of operations was to stop in a city, send a telegram to the next city, to himself, signing a fictitious name, stating that the family of Z. V. Good in Denver, Col., had just been burned out of house and home, two members of the family receiving serious physical injuries, and closing with an injunction to "Come at once." Good would then come on to the city where the telegram was sent, get it, and represent to the people that his family was in sore straits, showing the telegram as evidence, and saying that he had no money to pay for a ticket. He made up money here in that way, and is said to have operated in other Texas cities in a like manner.

TEACHERS CHOSEN FOR WEST SCHOOLS. WEST, Tex., May 27.—The following teachers have been elected for the West High school, term of 1933-34: H. N. Anderson, superintendent; S. H. Lattimore, principal, with four assistants, as follows: E. G. Erwin, Miss Clide Lumpkin, Miss Roxie Henderson and Miss Estelle Lumpkin. The teachers for the music, art and education departments will be chosen later.

Mrs. Lulu Westmoreland, aged 49, wife of W. H. Westmoreland, died suddenly of heart failure Monday morning while sitting in a chair.

Evangelist Tom Smith is still continuing his protracted meeting at the C. P. church, with much interest.

J. D. Singleton and family have moved to Amarillo, Tex. W. D. Edwards and family left Monday morning for a prospecting tour through Oklahoma.

E. W. Wilson and family left for Valley Mills, Tex., Wednesday to visit relatives. T. R. Snodgrass, a traveling salesman for Henry K. Wampole & Co., Dallas, is in West this week visiting his parents. Austin M. Robinson, a traveling salesman for the National Coffee company of Fort Worth, is here this week visiting his wife and children.

Early oats and wheat are now being harvested. Rain is needed to bring up late planting of cotton. Corn is also needing rain. B. R. Ingraham shipped three cars of fat cattle to Fort Worth Tuesday.

NOTICE TO THE PUBLIC. Having sold my entire business to the Crouch Hardware Company, but remaining in the capacity of the manager of the same, I wish to announce to my friends and customers that we will immediately put in the most complete stock of hardware, builders' supplies and house furnishing goods in the city. We will make a specialty of metal work. I also wish to thank my friends for their kind patronage of the past and solicit a continuation of the same in the future.

W. R. FRANCIS. FEAR FOR SAFETY OF THE BIG GUNS. NEW YORK, May 28.—All the guns of battleships in the navy yard are being examined by an expert from Washington. Rumor has it that the examination is a result of the recent explosion on board the Iowa, and that the Washington authorities are not satisfied with the condition of the ordnance. Among the other vessels which the expert examined is the Iowa. He made an exhaustive search for the cause of the recent fatal accident. It has been decided to repair the Iowa at a cost of \$100,000.

Each will continue to represent, as opportunity offers, the same interests heretofore represented, but in an individual capacity. The outstanding bills may be paid to either member of the old firm.

F. D. THOMPSON. BACON SAUNDERS. MAN IS BLOWN OFF FREIGHT CAR ROOF. CLARENDON, Tex., May 27.—A man was killed at Goodnight Tuesday. His death came about in a strange manner. He was riding on top of a box car during a heavy gale, and a sudden gust of wind took the top of the car off, blowing man and roof about 150 feet.

He was brought to Clarendon and prepared for burial. From papers on his person he was found to be Charles Reynolds of Aubrey, Denton county, and his father, W. B. Reynolds, was notified.

BUBONIC PLAGUE IN CHILEAN SEAPORT. SANTIAGO, Chile, May 28.—The report that cases of bubonic plague had been discovered at the Chilean seaport of Iquique is confirmed. There were ten cases Monday, six of which were fatal. The authorities have taken all steps possible to prevent the spread of the plague. The disease was brought to Iquique in a cargo of rice from India.

LETTERS TO THE TELEGRAM.

To the Editor of The Telegram.
FORT WORTH, Texas, May 28.—May I use your columns to tender acknowledgments and thanks to those who were most conspicuous in the entertainment of the Texas Press Association on their visit to this city last Saturday.

I know it is a little late, but it is never too late to do the right thing. Those who give of their time and money for the general good are entitled to thanks, even if belated.

J. J. Parker, chairman of the committee of arrangements, worked out all the details of the entertainment like a veteran, and to perfection, and is entitled to much praise for his work.

The Northern Texas Traction Company handled the crowd to the entire satisfaction of every one. C. W. Forbes, the passenger agent of the company, was unremitting in his attentions to the visitors and won their unstinted commendation.

The Texas Brewing Company preserved its record as a host, and as an entertainer. Everyone was profuse and emphatic in expressions of approval.

The Fort Worth Stock Yards Company and its liberal managers were unflinching in their efforts to see that their guests were made comfortable and happy during their visit to the stock yards and packing houses, and that their creature comforts were supplied at the cafe. They went away fully impressed with the magnitude of these enterprises, and the benefit that is to come to Texas through them.

The Broadway Presbyterian church is due thanks for complimentary tickets to its organ rental.

J. Z. Wheat, proprietor of the roof garden, and the Curtis Comedy Company gave the visitors a pleasant evening, and showed them the first roof garden ever opened to the public west of the Mississippi and south of Kansas City.

Finally, the good people, too numerous to mention, who left their business and assisted in receiving and entertaining the visitors did the city a service which cannot be computed.

Lastly—the best always comes last—the ladies, who from 8 a. m. till 11 p. m. were untiring in their attentions to the visiting ladies, deserve special thanks.

Yours truly,
B. B. PADDOCK.

The morning anthems will be repeated at this service.
Ethel M. Cotton, presenter of choir.

AMUSEMENTS

"Only a Volunteer" will be the play presented at the Wheat Roof Garden tonight by the Curtis Comedy company. The play is a four act military drama and is said to be one of unusual merit. The story deals with incidents in the late war and plenty of exciting situations are furnished. A love story weaves its threads throughout the play, and there is also enough pleasing comedy introduced to give variations to the tale.

The cast will include the best members of the Curtis company, and Mr. Atkinson will devote his best talents as stage director to give the play an accurate setting.

A complete change in specialties is announced for tonight, among which will be "The Holy City" as a trombone solo by J. B. D. Wilson.

The Germany army has a swimming school for troops, where everyone must learn to swim. The best swimmers are to cross a stream of several hundred yards width, even when carrying their clothing, rifle and ammunition.

CORSICANA WINS 11-INNING GAME

BATTLE SIMILAR TO ONE PLAYED HERE RECENTLY.
Neither Side Talled Until the Eleventh When Oil City Got 3—Paris Continues to Win—Moynihan's Clever Fielding—The Telegram a Loser.

Hise and Lockhead fought out an eleven inning game at Corsicana yesterday and the verdict went to the Oil City after a battle that in all respects was similar to one between the same teams here recently in which Hise and Buchanan were the pitchers. In the eleventh inning yesterday the Corsicans made three runs; up to that inning neither side was able to score. Exactly the same thing happened in the game played here a short time ago.

If Fort Worth was today she will have captured 4 out of 9 games on the trip—a record equal to that made on the first trip away from home. There is some solace for the local fans to be derived from yesterday's game. Lockhead pitched magnificently. His pitching recently has been gilt-edged. The team is badly crippled and so its weakness at bat is excusable.

PARIS HAS NICE LEAD.
Paris again defeated Dallas by hard hitting. The score was 10 to 6. The dispatches again announce that Moynihan's fielding was the feature. He accepted 12 out of 13 chances.

The first pennant series will come to a close on June 25. Paris now has a fat lead and unless the unexpected happens the other clubs will experience much difficulty in overhauling her.

On the whole Fort Worth's pitching staff is the best in the league but the local men are showing that they are not quite up to their opponents in batting and fielding. When the hospital members get back into fighting condition a general improvement and more games in the winning column may be confidently expected.

Fort Worth opens a series of 9 games at home tomorrow afternoon. Corsicana will oppose the Panthers tomorrow, Saturday and Sunday.

AT HAINES' PARK.
In a game that was replete with hits, errors, champion base running, excruciating slides, sensational put outs at the home plate and unparalleled rooting, The Telegram base ball club, after three straight victories, yesterday went down in defeat at the hands of the Register. The score was 15 to 7. The Telegram club got a bad start, the score being 10 to 0 against it at the end of the third inning.

After that the Register's rooters did not get much opportunity to cheer as The Telegram gained gradually. Indeed, one of the Register rooters admitted that The Telegram might have won if the game had lasted about 50 innings. The best fielding play of the game was pulled off by George Pierson whose accurate throw to the plate from center field not only cut off a run but stopped a hot rally. Pierson retired on his laurels after this play.

Pitchers Judkins and Provinie acquitted themselves creditably. Another game will be played between these two clubs in the near future.

AN HONEST SKEPTIC

And Where He Landed
An honest skeptic will learn things that a prejudiced and ignorant person misses. There have been many skeptics of the great rebuilding value of the pure food Grape-Nuts simply because they did not understand the scientific principle upon which it is based.

A Cincinnati man prepared to die and then got well and strong in spite of his convictions. He says: "I have always regarded your food as only another cat's paw to fool the public, but I am now forced through simple justice to admit that it is all you claim."

"I suffered for years from indigestion and had 'set my house in order' to die. Then I took up the study of the alimentary table, bought a set of chemical devices to analyze the different foods and set to work to intelligently study the food question.

"I selected and ate those vegetables and meats in which I found the most nutriment and which were supposed to be the most easily digested, but I continued to waste away and my stomach grew to be a veritable hell; sour, scalding eruptions came up in my mouth, taking my breath away for such a long while that I thought many times my end had come. I would fall in a faint and remain unconscious for some time and when revived would find great dark spots obscuring my vision to such an extent that it seemed to be almost night in my room.

"My stomach grew so weak that I could not digest even well boiled rice. While lying in bed, badly discouraged and more willing to die than live, a voice seemed to come to me 'Why don't you give up your prejudice and try Grape-Nuts.' I thought about it every little while during the day and late in the evening sent out for some and ate a little, expecting it would hurt me and cause all the terrible trouble over again, but an hour passed and everything was right, so I took another little meal and waited. I felt better and the old sick feeling quit. So about 3 o'clock I took a pretty good meal of Grape-Nuts and went to bed feeling good. I laid awake some time fearing my poor weak and scalded stomach would suffer, but strange to say I dropped off to sleep and slept sound and peaceful and enjoyed the most glorious night's rest I had for several years.

"I go heavy on Grape-Nuts now and I have gained ten pounds in the last five weeks; have sound, retreating sleep, no sour eruptions of the stomach, no dark blind spots and my nerves are as steady as can be. I am truly myself again and all due to having at last found the proper food." Name furnished by Postum Co., Battle Creek, Mich.

"I am greatly honored by being called to educational work in the South. It is greatly to the credit of this section of our great country that it is just awakening to the necessity of a great improvement in not only the spirit but the methods of education. A great wave, beginning at Virginia and sweeping all over the Southern states, of interest in education both manual, literary and christian."

CURES WHEN DOCTORS FAIL
Mrs. Frank Chlason, Patterson, La., writes June 8, 1901: "I had malaria fever in very bad form, was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herber's. I used a sample bottle of Herber's, found it helped me. Then bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herber's, 50c bottle at H. T. Pangburn & Co.'s.

WALCOTT-SMITH MATCH

PORTLAND, Ore., May 28.—Followers of pugilism in this section are looking forward to an interesting contest when Joe Walcott and "Mysterious Billy" Smith come together before the Portland Athletic club tonight for a 20-round bout. The fight was originally scheduled for several weeks ago, but postponed at the request of the club. Since that time both men have been keeping up their training and from all appearances they are in good shape for the encounter.

SAYS THEY'LL SPEND MILLIONS IN TEXAS

DALLAS, Texas, May 28.—Judge E. B. Perkins returned yesterday morning from a conference in Boston with the electrical interest magnates operating in Texas and with the Cotton Belt and Dallas Terminal financiers in New York.

Judge Perkins says the Boston capitalists are going to keep right on investing large sums of money in Texas cities and that the Cotton Belt financiers expressed the intention of spending from one to two millions more on Dallas terminals and nearby properties.

WILL CLEAR \$2000 FROM TWELVE ACRES

TYLER, Tex., May 27.—Members of the Texas Press association were entertained in this city. They were met by a party from Tyler at Mineola, and were escorted to the National hotel. Then, after arrangements were made for their convenience, the citizens of Tyler carried the party driving over different parts of the country. They were then escorted out

to Marvin church and heard a very able discourse by Dr. Packard, the pastor. The visitors were shown every courtesy while here. They left Monday for Jacksonville and Rusk, and thence to Houston and Beaumont.

H. J. Fancher, who lives three miles from this city, brought to town today a large basket of tomatoes. They are well ripened and of a nice size and the first on the market. He will begin to ship in car lots next week. He has over 12 acres of tomatoes and they are fine. He expects to clear \$2,000 off of his crop.

Last night as the Cotton Belt train, north bound, pulled in, the negro helper of the express company got in the express car to help unload and the messenger playfully pointed a pistol at him. It was accidentally discharged and just missed the negro's head. It is impossible to say which was the most frightened.

HARPER OPPOSED TO STRIKE BREAKING

CHICAGO, May 28.—President Harper of the University of Chicago, is strongly opposed to the idea of students acting as "strike breakers." A railroad company was apprised of this when it applied to the university for fifteen or twenty needy students to work as freight handlers, offering \$40 a month for their services. Dr. Harper's attitude is that the university should not become compromised in a labor dispute which does not concern itself.

MANY ORDERS FOR STRUCTURAL STEEL

NEW YORK, May 28.—Despite the great extent to which labor troubles have disturbed building operations all over the country, the makers of structural steel say there is no diminution in the volume of orders placed.

In steel circles it is freely predicted that the reduction in the price of pig iron will be a decided benefit to all branches of the industry.

WANT THE PLUM FOR FORT WORTH

The annual meeting of the Retail Grocers and Butchers association of Texas, will be held at Waco, June 9 and 10, to which the following persons have been selected as delegates from the local society:

The following circular has been issued by the officers of the Fort Worth society for the purpose of furthering the work of landing the selection of this city by the convention:

"Fort Worth, Tex., May 27, 1903. To Our Fellow Workers of Texas: The mother of the State Retail Grocers and Butchers association asks that honorable body to meet in Fort Worth in convention in 1904.

"In doing this, we feel that we can make it both pleasant and profitable for you to do so. The reputation of Fort Worth as an entertainer reaches beyond the borders of our fair Texas.

"We have the great packing houses, the railroad facilities, and a big-hearted hospitable people; in fact, everything that is needed to make it interesting and pleasant to all who come.

"Remember that we want you to come to the convention center in 1904. All roads lead to—Fort Worth. Respectfully, HARRY ADAMS, President.

"J. C. MARTIN, Secretary." There are about 1,500 members of the organization in the state. The state president is J. P. Kline, of Texas-kana, and H. Brown, of the same place is state secretary.

THE LARGEST WILL EVER PROBATED

PITTSBURG, Pa., May 28.—The will of R. F. Jones has been filed for probate. The estate is estimated at \$50,000,000, and the largest ever probated in this county.

The widow, Mrs. M. M. Jones, received all real estate and many stocks and bonds. At her death these go to the surviving children, Mrs. Mary F. Laughlin, Mrs. Alice J. Wilcock, Mrs. Elizabeth M. Horne and B. F. Jones, Jr. The residue of the estate is divided into five equal parts among the widow and children.

CORVELL COUNTY MAKES NEW RECORD

GATESVILLE, Tex., May 27.—Corvell county takes the prize for productive stock. G. W. Arrowood, living near Pecan Grove, has a fine mare that gave birth to three mule colts one day last week. All are living and doing well.

WHY MACHEN WAS PUT IN CUSTODY

WASHINGTON, D. C., May 28.—Fourth Assistant Postmaster General Bristow has issued the following official statement relative to the arrest of former superintendent of free delivery, A. W. Machen, which was made yesterday:

"A. W. Machen, general superintendent of free delivery, was arrested at 10 o'clock today. He is charged with receiving bribes amounting in all to about \$22,000, in connection with a contract held by Groff Brothers of Washington, D. C., for a patent fastener used on street letter boxes, known as the Groff fastener.

"The postoffice department in the past ten years has used about \$150,000 worth of these fasteners, and it is shown by ample evidence that for the past three years at least Mr. Machen has been receiving 40 per cent of the amounts paid to the Groffs. The transaction of the business is conducted by Diller B. Groff, who controls the patent of his brother, Samuel M., a policeman."

VISITING FRIENDS IN DALLAS TODAY

DALLAS, Tex., May 28.—It is reported that Oran Hoskins, the principal in the railroad damage suit sensation, is quietly visiting friends on Third avenue, East Dallas, today. He has not been seen in the hotels or other public places.

It is claimed that the record for life saving is held by Joseph Langley, a Chicago policeman, only 37 years old, who has rescued at least 100 persons from drowning.

Presentation of certificates and diplomas.

DAMAGE BY HAIL NEAR BROWNWOOD

BROWNWOOD, Texas, May 28.—Hail last night destroyed hundreds of acres of wheat in the northern part of this county. At Mulburn, W. A. Humphrey's store was unroofed and his stock was water soaked.

Every house in Mulburn was damaged by hail. Immense damage was done to the crops in that section of the county and the approach to the railway bridges at Winchell, on the new division of the Rio Grande, was washed away.

FOR TROLLEY LINE BETWEEN TWO TOWNS

TEMPLE, Texas, May 28.—The Board of Trade held a meeting Tuesday in its rooms that was well attended. A communication was read from the North Texas Brokerage Company relative to a trolley line between Temple and Belton.

The proposition called for a subscription of \$25,000 in stock by Temple people. The secretary was instructed to notify the writers that the matter could not be taken up in that shape just at this time. From sentiment displayed at the meeting there is no doubt that substantial encouragement would be given the proper kind of a plan in connection with this enterprise and that twice the amount named would be readily donated for the purpose of securing a new line of railroad for Temple.

LIPTON'S FLEET SAILS FOR AMERICA

GOUROCK, Scotland, May 28.—Sir Thomas Lipton's flotilla, consisting of Shamrock III, Shamrock II, a steam yacht and an ocean tug cruiser, whose combined crews number 170 men, sailed from here for Sandy Hook at 1 o'clock this afternoon.

Great crowds of people bade them farewell, flags were everywhere displayed and bands, whistles and sirens combined with the cheering of the spectators to give the cup challenger a great send off.

ELOCUTION MEDAL FOR MISS WHITE

Yesterday was the last day of commencement week at Polytechnic college.

The elocution medal given by W. E. Williams was awarded to Miss Hattie White, of this city. Miss Eula Keller, of Forest Hill, was presented with a gold medal for the best conduct in the young ladies' home.

Two orations, one by W. R. McCauley, of Corvell county and T. A. Ross, of Alvarado were delivered, both of whom took the B. L. degrees.

The others upon whom degrees were conferred were: P. N. Ingraham of Temple, B. S. degree; Frank Ellery, W. H. Dixon, Floyd Wood, J. B. Aiken and John Wilkinson, M. of Acct. degree.

Official announcement was made yesterday that the new building now in course of erection will be completed in time for the opening of school in September.

The program for yesterday's graduation exercises follow: Spinning song, from "Flying Dutchman," Misses Wood, Dunlap, White and Leeman; oration, "Know Thyself," W. R. McCauley; violin, Jacob Schreiner; oration, "The American Flag," T. A. Ross; presentation of medals by George Mulkey; baccalaureate address, Rev. H. A. Boaz.

CHLOROFORMER AT WORK ON NORTH SIDE

Residents of North Fort Worth living in the vicinity of Twelfth street and Clinton avenue are aroused over three attempts recently to perpetrate an outrage of some unknown character upon Mrs. J. White, wife of a North Side saloonkeeper, who resides on Clifton avenue. The third attempt was made just before 12 o'clock last night.

In all three cases the miscreant has tried to chloroform Mrs. White. Mrs. White was almost unconscious from the fumes of the drug last night when her condition was learned by her daughters. Dr. C. M. Galloway was called and succeeded in reviving her. Marshal R. D. Howell was summoned. An examination of the premises disclosed fresh foot prints just outside a window near which Mrs. White's bed is situated.

The screen evidently had been raised

enough to admit of the introduction of a hand holding a vial of chloroform. The drug was poured upon some clothes on a chair at the bedside.

Dr. Galloway said that if the chair had been a little closer to Mrs. White's head the woman would have been rendered entirely unconscious.

There is no clue to the chloroformer's identity, but Marshal Howell is making a thorough investigation of the mysterious case as possible. The object of the man is not known and can only be surmised.
