

ANOTHER NEW BUSINESS FOR FORT WORTH

Something About the Business and Personnel of the New Firm.

York Doctors is the firm as the name suggests, its purpose being to treat the general diseases, but these doctors are specialists and surgeons of un-ability and standing, and we work to chronic, special diseases of men, women and children. We have an open book which earnestly invite all who are interested to investigate for them. They came to Fort Worth very highest professional and endorsement. They have with the law regulating the medicine. These doctors hold from the following colleges and which are the recognized centers: Bellevue College, New York; Creighton Medical College, Omaha, Neb.; Tulane Medical College, New Orleans, La.; Vanderbilt University, Nashville, Tenn.; Department of University of Nashville, Tenn. They also hold certificates of post graduate courses from the Chicago Eye and Ear College, New Orleans; Polytechnic College, Physicians and Surgeons, College of New York and the Baltimore College of Physicians and Surgeons. Besides, they hold special diploma for diseases of women surgery; eye, ear, nose and throat, and electricity.

scarcely be called competitors to the general practitioner, as we answer no calls, either does not want to treat or because he is not prepared. We never speak adversely of the family doctor. He is as a rule a fine type of man, and has a noble work and does more for less money than any other man in other callings. We have his work. We have ours. The better doctors are our friends, where we have offices. We accept the merchantable idea in advertising. We tell the people that we are prepared to handle their cases, and cure them. It costs much to equip our offices, and we feel that the public will be glad to know that they formerly had to go to Chicago or other larger cities for, and in order to become acquainted with the suffering public, WE ARE GOING TO GIVE THREE MONTHS' TREATMENT ABSOLUTELY FREE to all who call for the next few days; only a small charge for the necessary medicines. This is not a charitable proposition, but open to rich and poor alike. We are going to make some free cures for advertising. If you are a sufferer from any chronic or private diseases, call and be examined. After we examine you, we will tell you your exact condition, without asking you a single question. Any first-class doctor should be able to do this.

"REMEMBER OUR FREE OFFER BEGINS TUESDAY, 9 a. m., and lasts but a short time."
Office, 613 Main street, over Texas and Pacific ticket office.
Hours, from 9 a. m. to 12 m., and from 1 p. m. to 6 p. m. Special hours for ladies from 2 to 4 p. m.

REMOVAL CAUSES TALK

Generally Believed That Alexief Doesn't Want to Be Trapped

PEKIN, Nov. 2.—The fact that Viceroy Alexief has removed his headquarters from Port Arthur to Vladivostok has caused great surprise in Pekin. It is generally conjectured that he was unwilling to risk passing the winter at a port which the Japanese probably would make a strong attempt to blockade in the event of war, thereby preventing the viceroy from communicating with his government.

The Chinese government is greatly disturbed at the reoccupation of Mukden, the capital of Manchuria, by the Russian troops. The foreign office is appealing to the friendly foreign legations for help and advice, admitting its own helplessness in the matter.

The Russians returned to Mukden on Thursday of last week.

According to advices received by the Chinese government, 1,500 Russian soldiers took possession of the official building there, barricaded the gates and evic-

ed the Chinese officials. There are between ten and twenty thousand Chinese troops in and about Mukden, but the Chinese commanders in Manchuria have been given imperative orders in no wise to resist the Russian government, and to use every effort to avert collisions.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

WILL FEED AT DENTON

Scaling & Webb Ship 2,000 Cattle to That Place

BOUND ELECTRIC CO.
Will be open for business after November 1, 1906 Houston st.

A FIERCE BATTLE WITH WYOMING INDIANS

Sheriff and His Deputy Are Killed and Three Redskins Also Slain—Cowboys Start For the Scene

DOUGLAS, Wyo., Nov. 2.—Sheriff John A. McDermott of Converse county has just received word of a battle fought between the sheriff of Western county and a posse and a band of Indians they went out to arrest, in which the sheriff was fatally shot and Deputy Sheriff Falkenburg was killed. Three Indians were killed. A number of cowboys armed with rifles left this morning and another posse headed by Deputy Sheriff Cook left this afternoon for the scene of the trouble. Another large posse left LaSalle tonight. Sheriff Miller and his deputies left tonight two days ago. Ranchmen had reported that the Indians were slaughtering large numbers of deer and antelope and also killing cattle and sheep, stealing horses and committing other depredations. The Indians were trailed to near the head of Beaver creek.

CORPSE TORN FROM COFFIN

And Four Members of a Funeral Party Are Killed by a Train

CHARLOTTE, N. C., Nov. 2.—Four people, all white, were instantly killed, and a corpse was torn from its coffin by a locomotive of a fast southbound passenger train on the Southern railway at a point four miles from Concord yesterday. All the victims lived in the vicinity of the tragedy. They were in a wagon with the corpse of Mrs. Kate Lewis, and were on their way to a neighboring burying ground. The point where the accident occurred runs alongside the railroad for a considerable distance, the track being level and straight and the view unobstructed.

The engineer of the train saw the funeral party, but there was no cause for him to anticipate a tragedy. Just before the train was abreast of the wagon the mules drawing it became unmanageable and swerved to one side, carrying the wagon, with its load, directly across the track in front of the train.

The casket containing the corpse was broken to pieces, and the corpse was hurled through the air with the victims. The bodies were badly mangled and the corpse mutilated.

LIARS

Any person in Fort Worth claiming to be prepared to furnish you liquor in any quantity, is a liar.
There is but one house in Fort Worth licensed to sell liquor in any quantity. That is
H. BRANN & CO.

CROMER-RICHARDSON
Duvamah A. Cromer and Miss Ethel Richardson of this city were married yesterday at the residence of Rev. C. U. Hutton, near Star 6 on the interurban. The ceremony was performed in the presence of Messrs. J. A. Richardson and H. R. Cromer, T. J. Cromer and Misses Lora Richardson and Alice Eve Robinson. Mr. and Mrs. Cromer will be at home after November 10 on East Twentieth street, Chambers Hill.

Hood's Pills

And you'll be all right in the morning.

A GRAVE CHARGE FOR THREE BOYS

They Confess Having Broken Into a Store in Which is a Postoffice and Are Arrested by United States Marshal

COLORADO, Texas, Nov. 1.—(Special.)—Last night Deputy United States Marshal J. B. Girard of Abilene came into Colorado from Scurry county with three boys under arrest, charged with breaking into a postoffice at the small county town of Hudd, in the northeastern part of Scurry county. The boys gave their names to the Telegram reporter as Harlie Hughes, who is about 13 years old, and whose home was Rice, Fisher county; Ernest Spivey, about 11 years old, and Jimmie Jones, about 15 years old; the latter two live near Hudd. They said to the reporter that they broke into the store and got a little roll of ribbon, but did not interfere with the postoffice in any way whatever. The postoffice, however, was in the store building. Mr. Girard is the postmaster and proprietor of the store, and a well-known citizen of that county. The boys' fathers went on to Abilene to make bond for them.

Gregg Kinchen, a newspaper man of Snyder, is spending a few days in town. He came with his wife to have her eyes treated by a specialist, and says her sight is being rapidly restored.

A. F. Hancock, adjuster for the Austin Fire Insurance Company, spent today in town adjusting the recent loss sustained by T. J. Mathews. He says the Texas company has met with great success the first twelve months of business existence.

E. P. Alsbury & Son, the bridge men from Houston, arrived today, accompanied by several expert bridge builders, for the purpose of beginning Monday on the erection of the large steel bridge across the Colorado river in the west suburbs of this city. They estimate they will have the bridge complete and ready for travel in six weeks. It will be greatly appreciated by the public for a large per cent of the travel into the city comes that way and the ford is almost impassable.

Robert McNairy shipped twelve cars of cattle yesterday from Stanton to St. Louis. McNairy's ranch is in Terry county and he has some fine cattle.

A. B. Robertson a few days ago shipped twenty cars of fat cattle from his Crosby county ranch to Fort Worth and St. Louis. He shipped from Stanton.

Sam Wilkes is here today from Kent county with cattle, waiting for cars to ship them in.

J. M. Williams has just returned from Wyoming with a bunch of fine bulls. He had fine luck in getting them to Texas, and unloaded at Canyon City and put them in Scott & Robertson's pasture.

Brooks Bell, one of our most prominent and widely known merchants, has just returned from a business trip out through Amarillo, Canyon City and Roswell. He says the country in some places looked all right and others not so well.

R. F. Gary, whose ranch is a few miles south of town, has just finished vaccinating about 200 calves. His are doing well, though a few on other ranches have died after being vaccinated.

Norman Rogers, ex-sheriff of Kent county, is in town today. He says that there is very little trading in lands or cattle in his county at present, though he says the range is fairly good, and he thinks that cattle will go through the winter in first rate shape.

Ed Dupree is in the market for unbranded 1 and 2-year-old colts. He pays a fair price, buys a good many and trades them out in East Texas.

SOME VISITORS HERE AND WHAT THEY SAY

(By James Hays Quarles.)

Hon. Hosea Townsend, judge of the United States district court for the Southern district of the Indian Territory, and District Attorney W. B. Johnson were here last night en route to Chickasha, where court opens today. There are seven courts in the Southern district of the Indian Territory and they meet each two times a year. The terms are therefore necessarily short. Judge Townsend and Mr. Johnson live at Ardmore, but to go from that point to Chickasha it is necessary to pass through Texas. The gentlemen discussed conditions in the territory this morning. "Crops were never finer," said Judge Townsend. "There is plenty and happiness in the territory, the farmers are getting much cotton off their lands, the cotton is bringing a good price and they are paying up old scores. The boll weevil has not reached that country, and the product is being gathered without that pest to contend with. The merchants report excellent business conditions at all points."

"How about the investigation being made by the government?" he was asked. "I know nothing of that. It does not come under my jurisdiction, and all that I know I have read in the papers. I met one of the inspectors recently and had a pleasant social chat with him, but I know nothing of the matter myself."

Judge Townsend is one of the prominent federal judges in the country. Speaking of the meeting of the United States circuit court of appeals in Fort Worth, he said: "Fort Worth should be proud to have the circuit court of appeals here. It is an important tribunal, and the judges are very able men. The new set during a

term of that court in Fort Worth adds to the importance of the city to some extent."

Colonel R. M. Johnston, president of the Houston Printing company, the corporation which owns the Post, was here yesterday, accompanied by his wife and daughter. They had visited Dallas, and Colonel Johnston attended a smoker given complimentary to George D. Armistead, who is to go to Washington as the staff correspondent of the Post. Numerous friends met the colonel while here and congratulated him personally on the success which the Post is making.

Colonel Johnston is one of the prominent newspaper men of Texas. He is a member of the national democratic executive committee, and is well known in all parts of the South. His rise in Texas journalism is a part of the history of Texas as newspaper men. He started out in life as a printer, back in Georgia. He has gone up the ladder until now he is at the top. Years ago he was a correspondent at Austin, and from that position he has advanced, going the whole line of desks in the editorial room, until he is now in control of a very fine newspaper property. His newspaper judgment is considered of the best, and there are many good newspaper men in this state who have been trained under his personal supervision. Colonel Johnston's visit was a social one, and his friends here were glad to see him.

CIRCUIT COURT OF APPEALS IS IN SESSION

Higher Tribunal Holds Its First Term in This City. Many Attorneys Present at the Opening

There was a large number of attorneys present this morning in the federal court, to attend the opening of the term of the United States circuit court of appeals, Fifth district. It is the first sitting of this court in Texas, and is in pursuance of an act of congress extending the sittings to Texas. The court has formerly held its sessions in New Orleans.

The court is composed of:
Hon. Don A. Pardee, presiding justice, Atlanta.
Hon. A. P. McCormick, associate justice, Dallas.
Hon. D. E. Shelby, associate justice, Huntsville, Ala.

Charles H. Lednum, New Orleans, clerk. United States Marshal George H. Green was in attendance upon the court, with his deputy, L. E. Farish of Dallas. Marshal Spooner was appointed court crier, Jesse Melton, S. R. Green, Ed Rowe, bailiffs; J. W. La Grove, Bruce D. Moore and C. W. Tuft, messengers.

The hour fixed for court to meet was 11 o'clock, but Judge Pardee was delayed by a late train, and it was nearly noon when the justices entered, Judge Pardee leading the way. According to custom, the bar rose as the judges entered. The custom of the federal judiciary, which has not been followed in Texas, that of wearing long flowing robes of silk, was introduced by this new court which comes annually to sit in Fort Worth, and it added much to the imposing appearance of the court. Judge Pardee had upon his right Judge Shelby, while Judge McCormick was at his left.

There were no motions to be submitted, and in response to the request for those who desired to be admitted to practice before the court, Sidney L. Samuels, James S. P. Green, Judge Miller of Matlock, Miller & Dycus, John C. Scott, Morris E. Locke and J. Burt Stanley were introduced. The oath was administered by Clerk Lednum and their names were entered on the roster of the court.

The court called the cases set for today. D. D. Pitts et al vs. Weber Gas and Gasoline Engine company was first called. John W. Wray answered in the case, asking that the appeal be dismissed, as the case had been compromised. It was so ordered.

The next case called was that of the Cooper Grocery company vs. T. F. Bryan, trustee. It was passed, no attorneys answering.

James Stillman vs. D. H. Hart, clerk, was next called. Mr. Miller of Fieset & Miller, Austin, answered for the appellee and argued the case.

When the argument commenced the attorneys who had been present to give the proper reception to the court retired.

JUDGE MCCORMICK'S RECEPTION

Prior to the opening of the federal court of appeals, Judge McCormick visited the court room and was warmly greeted by many friends who were among those present at the meeting. He is well known throughout the state, and the greeting was a cordial one.

ONE FARE PLUS 52

Round Trip Rate Via Chicago Great Western Railway
To points in Canada; northwest, Minnesota, North Dakota, Manitoba, Idaho. Ample return limits. Tickets on sale November 2 and 17. For further information apply to George W. Lincoln, traveling passenger agent, 7 West Ninth street, Kansas City, Mo.

SERMON TO THE EAGLES

Fifty fifth members of Aerie No. 62, Fraternal Order of Eagles, attended services at the Peach Street Methodist church last night, where they heard a sermon by the pastor of the church, Rev. N. B. Read, who is a member of the order. Rev. Mr. Read accompanied the degree team as chaplain, on its memorable trip to New York recently. It will be remembered that the degree team captured the national prize of \$500, offered by the grand lodge at the New York meeting. It was a great junket for the members of the local aerie, and Rev. Mr. Read last night referred in a happy vein to the principal events of the trip. "The Love of God" was his theme.

Today's Market Quotations

Latest and Most Complete Report Printed in North Texas

NORTH FORT WORTH, Nov. 2.—The receipts of marketable cattle today for the local market were close around 2,000 head, although the entire run for yesterday and today figured close around 4,000 head, with sixty cars in sight. Out of this heavy receipts a large number of calves and steers were forwarded out, leaving a nominal Monday supply. The market on good quality stuff generally ruled steady, showing a little weakness on the common quality and poor stuff. Fair to good butcher steers, averaging 1,013 pounds, sold at \$3, with a range in sales between \$2.25 and \$3. J. W. Kirk of Garvin, I. T., sold to M. Sansom 128 good feeder steers at \$2.25 to \$2.40.

All good quality cows sold early at steady prices, the usual run of common to fair quality stuff selling slow. Tom Cowden of Midland had on the market sixty-eight choice quality range cows, averaging 637 pounds, which sold at \$2.25, with seventy-two heifers, averaging 546 pounds, at the same price. Medium to fair butcher cows sold at \$1.65 to \$2, light to medium and common stuff at \$1.25 to \$1.65. The supply of calves was liberal and sold steady with last week's close. Good quality calves and veals, weighing 136 pounds, brought \$2.50, with the bulk of sales at \$2.50 to \$3.

A fair run of hogs were in today, about 1,000 head being received for the morning market. Northern markets all came in steady to strong and with moderate receipts and favorable reports the local market opened to the scales was kept up during the entire morning. R. C. McCormick of Weston, Ok., topped the market with one load of choice medium weight hogs, averaging 217 pounds, at \$5.30, with the bulk of sales on good Oklahoma at \$5.15 to \$5.27 1/2. Good quality pigs were in demand and the light run sold strong with a top of \$5.25 and a range in sales from \$5.20 to \$5.25.

No fresh arrivals of stockers and feeders were among the receipts today and bidding on the few held over from Saturday was about steady. Choice sorted hogs, weighing 210 pounds and up, are quoted at \$5.25 to \$5.30; good quality mixed butchers at \$5.20 to \$5.27 1/2, and pigs and rights at \$5 to \$5.35.

INJUNCTION GOES UP ON AN APPEAL Rosenbaum has Restraining Order Against the Railroad Commission Continued—The State Takes it to Higher Court

In the Federal court, for the Northern district of Texas, this morning, on motion of Capps & Gant, attorneys for the Rosenbaum Grain Company, Judge Meek continued the temporary injunction granted some time ago against the railroad commission of Texas, and Hon. C. K. Bell, attorney general of Texas, representing the state, gave notice of appeal to the United States court of appeals, Fifth circuit. The appeal was perfected at once.

This is the case which was taken up by Judge Meek during vacation. The railroad commission of Texas issued an order instructing the Chicago, Rock Island and Texas railway company to enforce certain tariffs on grain transported for the Rosenbaum Grain Company, and to cancel a contract at that time existing. The Rosenbaum Grain company asked for an injunction restraining the railroad commission of Texas from enforcing the tariffs and restraining the Rock Island railroad from cancelling the contract. Judge Meek did not grant the injunction restraining the cancellation of the contract, as proper relief would be under another form of law in case the railroad sought to do so. He granted a temporary injunction against the railroad commission of Texas restraining it from enforcing the tariff it proposed, holding that it was interstate business over which the commission had no jurisdiction. When the injunction was continued this morning, Judge Bell appealed on the question as to whether it was proper for Judge Meek to issue the temporary injunction in the first instance. That question and that only is to go before the circuit court of appeals.

THE LAW DOCKET The United States district court for the northern district of Texas, November term, Hon. Edward R. Meek, judge presiding, opened this morning, the attendance of attorneys being quite large. John H. Finks, clerk of the court, and George H. Green, marshal, are in attendance. On account of the sitting of the United States circuit court of appeals in this city, Judge Meek gave way and allowed the use of his court room. He transferred his court to the large grand jury room, where temporary quarters have been arranged. The calling of the law docket was the first, and the following disposition of cases being made:

Frederick P. Olcott vs. Robert Moody, trespass to try title, set for December 7. Charles O. Carpenter vs. William A. Williamson et al. trespass to try title; judgment for plaintiff by agreement. Andrew A. Blair et al. vs. D. T. Finley et al. trespass to try title; set for December 1.

The Matador Land and Cattle Company, limited, vs. Mrs. Annie B. Copper et al. trespass to try title; set for December 7. Interstate National Bank of Kansas City vs. John Ledbetter, suit for debt; set for December 7. Matador Land and Cattle Company vs. F. P. Jones et al. suit for damages; set for December 8.

S. B. Glazier vs. Texas and Pacific Railway Company, suit for damages; dismissed at defendant's costs, as per agreement. William Poland vs. the Missouri, Kansas and Texas Railway Company of Texas et al. suit for damages; set for December 1.

Charles Dietz vs. the Texas and Pacific Railway Company, suit for damages; set for December 1. Dollie Wilson vs. the Texas and Pacific Railway Company, suit for damages; passed for settlement. Bristol Young vs. the Texas and Pacific Railway Company, suit for damages; dismissed at defendant's costs, as per agreement. Central Telephone Company vs. the Southwestern Telegraph and Telephone Company, suit for debt; continued by agreement. Frederick P. Olcott vs. J. W. Wislham, trespass to try title; set for December 14. Frederick P. Olcott vs. Phillip S. Witherspoon, trespass to try title; two cases set for December 14 and one case set for December 15.

William Moran vs. the Texas and Pacific Railway Company, suit for damages; set for December 15. Mrs. H. M. Roughton et al. vs. the Texas and Pacific Railway Company, suit for damages; dismissed at defendant's costs. G. E. Glass vs. the Texas and Pacific Railway Company, suit for damages; set for December 15.

CAR STRIKES VEHICLE AND LADY IS HURT Mrs. Henry Scharf Tossed out of Buggy This Afternoon and Internally Injured—Eye-witness' Story.

At 1:30 o'clock this afternoon car No. 88 on the City Belt line, southbound, while running between Texas street and Thirtieth, on Jennings avenue, struck a buggy in which Mrs. Henry Scharf of 814 Tenth avenue was sitting. Mrs. Scharf was tossed out of the vehicle. She fell on her left side and was seriously injured. She was taken to the office of Dr. C. A. Parker, on Jennings avenue. Her condition was convulsive and it is evident internal injuries were sustained in the fall.

Thomas Billard, a cabinet maker and fixture dealer on Jennings avenue, between Texas and Thirtieth streets, was in conversation with Mrs. Scharf at the time of the accident. He gives the following account of it: "The accident happened right in front of my shop. Mrs. Scharf had stopped her buggy and called me. I saw the car just as it got to Texas street. It must have been sixty or seventy feet away, and I at once told Mrs. Scharf to drive off the track. She shook up her horse, which was slow to get in motion. At the same time that I told her to drive off the track I motioned to the motorman to stop his car. He either did not see the buggy or my signal or else paid no heed, for the car came bearing down upon the buggy. I motioned to him again. As the car then showed no signs of slowing up, I grasped the buggy wheels in my hands and tried to drag the rig off the track. Just as I tugged at it the car struck the buggy and whirled it about so that the horse was toward me. I helped pick up the lady. I did not see the motorman make any attempt to stop the car before it struck the buggy."

GOVERNOR IS TO GET REPORT OF AFFAIR Lieutenant Hare Returns From Denison Where He Has Been Investigating Report of Misconduct by Soldiers

AUSTIN, Texas, Nov. 2.—(Special.)—Railroad Commissioners Storey, Mayfield and Colquitt and Secretaries McLean and Stubbfield will leave for Fort Worth tonight for the hearing tomorrow. Hearing at San Antonio on the 11th has been cancelled on account of yellow fever and will be held in Houston on that date.

Major Luther Hare has returned from Denison, where the conduct of the troops returning from Fort Riley was investigated. He is making a report to the governor, and has nothing for publication, but says the affair sheds no credit on those engaged in it.

R. S. Lovett is here to look after suits filed against the express companies by the state. The health department has advice that the fever situation in San Antonio is unchanged and conditions very hopeful.

The following charters were approved today: Lufkin Fruit and Orchard Company, Lufkin, capital \$10,000. The supreme court overruled a motion for a rehearing in the case of J. W. Christwell vs. H. A. Lussier, of Dallas. It refused the motion of Charles Trimble to allow him to become a party defendant. In the case of W. C. Sherrod vs. Land Commissioner Terrell, a petition for mandamus was heard and the case was reset for December 14. W. A. Boswell vs. J. J. Terrell, land commissioner.

Bishop Dunkin has arrived from Spartanburg to preside over the conference to be held here Wednesday. FOUND DEAD ON TRACK Norman, Okla., Young Man Is Killed by Train ARDMORE, I. T., Nov. 2.—(Special.)—Oscar Putnam, a young man aged 22, was found dead yesterday morning on the Santa Fe trestle near Pauls Valley with his head severed from his body. He was a clerk in a store at Norman, Okla., but was well known at Pauls Valley. He was a member of the Knights of Pythias and his body was taken in charge by that order. A PHYSICIAN IS JAILED BEAUMONT, Tex., Nov. 2.—(Special.)—E. D. Bernard, physician for the Guffey company at Fort Arthur, was jailed last night on a charge of practicing medicine without a license and murder. The alleged crimes were committed in July. The alleged victim was a young lady from Memphis, Tenn., known as Miss Ollie Cole.

NURSERY STOCK Fruit and Shade Trees planted and guaranteed. Choice monthly roses \$2.50 per dozen. DRUMM SEED & FLORAL CO., PHONE 101. STORE 507 HOUSTON ST., FORT WORTH, TEX.

DRUNKEN FREAK MAY BE CAUSE Alleged That Coney Island Fire Was Started Purposely By Two Persons

NEW YORK, Nov. 2.—Fourteen solid blocks of buildings are in ruins, one life lost, five hundred persons homeless and a financial loss of a million and a half dollars is the outcome of an alleged drunken freak of Frank Connelly and Peter Shelly. It is claimed by Barney Wolf that he heard the two men say they would set the fire in order to live things up on the island. Wolf says he saw the men start the fire and he asserts they started a second fire, but he put it out. Today there was a great scarcity of food on the island and hundreds are suffering for the necessities of life.

NON-UNION MEN FREED They Are Acquitted of Violating the City Ordinances In Judge Prewett's court this morning Bob Lamb and Gus Bates, Pacific Express Company drivers, were acquitted of the charge of permitting their horses to stand on Houston street unattended for a longer time than is allowed by the city ordinances. There were a number of witnesses on both sides. The complaining witnesses were members of the Expressmen's Union, which is at present out on strike.

Fourteen fines, amounting in each case to \$4.95, costs included, were imposed today. Five cases were against gamblers. About fifty gambling cases were passed until tomorrow. PROMOTION FOR TRIMBLE R. R. Trimble left this morning for St. Louis where he has accepted a position as secretary to the general freight agent of the Missouri Pacific. Mr. Trimble has been stenographer to Commercial Agent E. M. Winstead of the Frisco some time.

KILLED WIFE AND SELF WASHINGTON, Nov. 2.—Louis Mortfield today shot and killed his wife and then committed suicide in a boarding house. Mortfield was a paroled patient from a hospital for the insane and it is believed the deed was committed because of fear of being returned to the asylum. ANOTHER CASE IS FOUND SAN ANTONIO, Texas, Nov. 2.—(Special.)—The San Antonio sanitary inspectors in their house to house canvass up to this afternoon, had visited 6,014 houses and found 118 cases of slight ailments. A case was reported at 410 Seventh street this afternoon. Dr. Richardson says it is yellow fever. He says it will not affect the raising of the quarantine Wednesday.

CONSPIRACY CASES SET WASHINGTON, Nov. 2.—The cases of August Machen and Samuel and Dillon Groff and George and Martha Lorenz, indicted on charges of conspiracy for the sale of letter box fasteners to the postoffice department, today were set for trial on Nov. 23 in the criminal court No. 1, District of Columbia. THANKED REV. MYERS The Brotherhood of Railway Expressmen held a meeting this morning and appointed J. H. Riggle, E. M. Gardner and R. H. Jones a committee to draft resolutions, thanking Rev. J. S. Myers for his able sermon delivered Sunday night at the Tabernacle in the interest of their cause, and in defense of labor union principles generally. NOTICE TO BONDHOLDERS WASHINGTON, Nov. 2.—Secretary Shaw has given notice that on Feb. 2, 1904, interest will cease on such 5 per cent bonds of 1904 as may be outstanding at that date. The redemption of these bonds continue with interest until maturity.

HONESTY IS THE SLOGAN

The Kansas City Star, independent, has always been considered favorable to the republican party in political contests, but its independence is shown in the present state campaign, in that it puts honesty above all other considerations.

In the period since the termination of the civil war, the two names that stand out on the democratic roster in characters of living light are Samuel J. Tilden and Grover Cleveland.

These two illustrious democrats have been distinguished from other conspicuous men in their party by their imical attitude toward political immorality and public venality.

The tremendous wave of public confidence on which both Samuel J. Tilden and Grover Cleveland were carried to positions of the highest honor and dignity, proved, in the most definite and convincing manner, the popular appreciation of political integrity.

In the face of these notable examples, it is well worth while for the democratic party of Missouri to pause and consider whether, as a part of the national organization which is seeking restoration to power, or as an institution desiring to retain control of the state government, it can afford to give an inferential consent to hoodluming by turning its back on Joseph W. Folk because he has dared to assert the sort of integrity which immortalized Tilden and Cleveland.

Truly spoken, but there could have been another mentioned, who rose to fame, although not to the presidency—Sam Randall. His was an honest life and one opposed to misrule of any character.

The argument of the Star is not confined to the campaign in Missouri nor to governors especially. It can be taken to heart by every voter in regard to every officeholder. As the country has progressed, so have those who have been engaged in public affairs, and that advancement has been to better control the "grafts" which are to be created in public service.

Suppose we start the week gathering in all the gun totes and the grand jury will then have less work to do with murder cases.

That \$75 fine imposed by City Judge Prewitt should be a warning to the fellow with a gun in his pocket. There really should be a jail sentence to all such offenses, and there would be fewer guns carried.

Suppose we start the week gathering in all the gun totes and the grand jury will then have less work to do with murder cases.

There is quite as much virtue in knowing how to work as in working. Housework without GOLD DUST

not necessary to enumerate them. The only thing is that these things are wrong. The officeholders are employed by the people and their duty is to serve the people faithfully, being unbiased in favor of one interest and unprejudiced against the other.

The accident which wrecked a train carrying football players and friends was a deplorable affair, and is to be regretted. It is a reminder that we are ever in the presence of the Grim Visitor, and that he may beckon at any moment to one or the other of any party.

The persistence of The Telegram in its fight for the paving of Houston street has resulted in forcing the Parker-Washington Company to at last bring its asphalt plant to Fort Worth.

People living in other parts of the country will have an idea that the folk in Tarrant county have no respect for law and order, when they read that the officers of the county hurried the murderer Martin to Dallas for safe keeping.

Adjutant General Hulen announces that an inquiry will be made into the report from Denison that the soldiers caused a disturbance while passing through that city a few days ago.

That \$75 fine imposed by City Judge Prewitt should be a warning to the fellow with a gun in his pocket.

Suppose we start the week gathering in all the gun totes and the grand jury will then have less work to do with murder cases.

Sleanings From the Exchanges...

The Venus Times is eight years of age and Editor Robinson is to be congratulated on the success he is having with the publication.

The attorneys who succeeded in having Judge Mike Smith of this county issue an injunction restraining the publication of a prohibition proclamation in Cooke county, ought to protect the dignity of the court to the extent of giving the judge official notice that the injunction order was violated.

If Judge Smith is so particular about his judicial dignity, he should keep it closer at home.—Terrell Transcript.

It matters not what others may say, Ann is 18 years of age now and all state exchanges are requested to take notice.

We know of a gentleman who is thinking seriously of making the race for the legislature, before the democratic primaries for representative of Johnson county.

Find out his name and print it in big letters. The people should know of all such people.

LEADERS THE SAME TODAY advertisement with a large 'X' graphic.

The Awards: FIRST—The voting lady receiving the largest number of votes by midnight, Saturday, November 1, will be elected sponsor of the Marine Band of North Fort Worth, and receive a \$400.00 horse and buggy.

CONDITIONS OF THE CONTEST: During the contest, for every cent received by mail, or delivered at The Telegram office on a prepaid subscription one vote will be counted for the lady of your choice until midnight, Saturday, November 7.

MAXIM & GAY CO., INCORPORATED UNDER THE LAWS OF THE STATE OF NEW YORK. \$50.00 WON \$201.75

EVERY WEEK A WINNER IN OCTOBER. Average Profit Earned Weekly on \$50 in October, \$50.44. Total Profits Earned on \$50 in October \$201.75

Table showing race results for various weeks (First, Second, Third, Fourth) with columns for Day, First Week, Second Week, and Net Daily Result.

WE PICK THE WINNERS. The system we employ to locate winners is identical with that used by "Pittsburg Phil" John A. Drake, John Gates, W. Langdon, Joe Yeager and other famous plunger who win hundreds of thousands on the turf every year.

OUR CLIENTS WON A MILLION DOLLARS. As it is well known that our clients have collectively won as much as a million dollars at a single race meeting, it is sometimes asked: "Why do not Maxim & Gay simply sit down and bank their own selections instead of advertising a considerable clerical force and spending large sums in advertising in newspapers throughout the country?"

A Few of Hundreds of Recent Endorsements of the Press. Cincinnati Commercial-Tribune, March 1, 1903. Maxim & Gay, who have been so successful in selecting winners at the New Orleans races, are in a class by themselves and have no relation in their system of operation to the "get-rich-quick" schemes that have recently gone to pieces disastrously.

Memphis Evening Schmitzer, March 2, 1903. The Maxim & Gay Co., well known purveyors of turf information, should not be confounded with "get-rich-quick" turf investment or concerns of similar character.

St. Paul Dispatch, February 28, 1903. An investigation of the methods of the Maxim & Gay Co. shows them to be conducting their business on straightforward business lines. They have been established three years; their methods have been thoroughly investigated and are entirely different from those pursued by the "get-rich-quick" schemes, such as the "get-rich-quick" schemes, which have recently been recently closed by the authorities.

JOIN OUR WINNING ARMY. The greatest race meeting in the history of the South begins at New Orleans within a fortnight. In magnitude it will eclipse all other turf gatherings of the past.

THE NEWS OF ABILENE

Town Enjoying a Steady Growth of Substantial Character

ABILENE, Tex., Oct. 31.—(Special).—Captain S. W. Grimes has been in Corsicana this week.

Mrs. Carmichael of Comanche county has been the guest of her daughter, Mrs. R. L. Over, this week.

Express Agent G. F. Britton has been in Austin this week, testifying as to express rates before the railroad commission.

Felix Raines and wife have returned from Big Springs, where the former has been for several months in the interest of the Friends-in-Need society.

The Abilene Dry Goods company has sold its Nugent store to King Roberts of the latter place.

Dr. L. W. Hollis and E. N. Kirby have returned from Davis mountains, where they spent several days hunting. They killed eight deer and two bears while on this trip.

Margaret Butler, the 5-year-old daughter of Mr. and Mrs. Ed Butler of this place, died Friday of diphtheria.

Abilene is enjoying a steady growth of a substantial character. Many new buildings are being erected, while there are a great many who are improving their homes by building new additions or remodeling their old houses. Abilene has a large corps of carpenters, and they are kept continually busy and it is difficult to get enough men to do the work awaiting them.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute.

GEN. McGRADY IS DEAD

Author of the "Eight-Box" Law Expires at Home in Charleston

CHARLESTON, S. C., Nov. 2.—General Edward McGrady, author of a standard history of South Carolina, died suddenly at his home here, aged 71 years. He was distinguished in the military service in the civil war, and was the author of the "eight-box" law, which made impossible the supremacy of the negro in this state.

THE SANTA FE'S CUT OFF IS IMPORTANT

New Route Will Give That System Short Line From Chicago to Pacific Coast. Freight Movement

The projected cut-off of the Santa Fe between Isleta and Texico, Texas, a small town on the line between Texas and New Mexico, is conceded to be a very important piece of construction, as it will shorten the Santa Fe's time between Chicago and San Francisco from four days to two and one-half days. The distance by the present route is 2,577 miles, while by the new route it will be 577 miles less, besides it will avoid the steep grade in the Raton mountains between Raton and Trinidad.

By the new route the Santa Fe will make a great saving, not only in distance, but in fuel and motive power, and will adopt it for the transcontinental traffic. It will skirt the mountains, running southeast of them, and the steepest grade will be sixty-six feet to the mile and it will cross the level plains of southern New Mexico and the Panhandle of Texas. Lajunta will be completely cut off from the main line traffic, as will Albuquerque and Santa Fe, all through trains running thirty miles south of Albuquerque, passing through Isleta.

At Texico the cut-off will connect with the main line of the Santa Fe system operating south from Kansas City and connecting with the Pecos Valley road, which is owned by the Santa Fe, at Amarillo and Washburn. The transcontinental traffic of the Santa Fe, therefore, will pass through the Panhandle of Texas.

President Ripley was here this week looking over the property of the company in this state, and left over the Fort Worth and Denver City for Washburn. At this point he made a trip over the Pecos Valley and went on to California, for the purpose of further inspecting the physical condition of the property. When Mr. Ripley returns to headquarters he will be able to give the necessary instructions as to how the work is to be done in constructing the cut-off.

In connection with the story of the Santa Fe cut-off project, it is reported that the Rock Island will have a hand in the undertaking and will use the cut-off. Touching this feature of the plan, the Houston Chronicle says:

It is persistently reported that the Rock Island is behind this move on the part of the Santa Fe and just as soon as the cut-off is completed the traffic agreement between the Southern Pacific and Rock Island, whereby the latter uses the tracks of the former west of El Paso, will be terminated, and the Rock Island will use the tracks of the Santa Fe.

It is further reported that the Rock Island is arranging to secure control of the Santa Fe, and again that the Union Pacific is seeking a controlling interest. This report is as persistently denied as it is persistently circulated.

It is generally accepted that interests friendly to the Rock Island hold sufficient influence over the Atchison's policy should at any time developments threaten the Rock Island's affairs.

It is also conceded that the Union Pacific has acquired enough friendly interests in the Atchison to keep on amicable terms with its policy.

The Atchison is one road of the country which is not involved in a fight for control of the property. The management does not hold its office by virtue of its stock holdings, and in fact represents a small fraction of a majority. To obtain control of the majority of the stock is well nigh impossible, as shares are scattered about over the entire world. A considerable amount is held in London, some in Amsterdam, and other blocks are held in other parts of the world.

The task of securing a majority of this in one pool to control the Atchison property is too great an undertaking for either the Rock Island or the Union Pacific to attempt when they have so many other affairs to attend to demanding more immediate attention.

We Paid \$100,000

For the American rights to Ligozone before we made the first bottle. We first tested the product for two years, through physicians and hospitals, in this country and others. We proved it in thousands of the most difficult cases obtainable. Then we paid the highest price ever paid for similar rights on any scientific discovery.

We tell you this fact because it best shows the value of Ligozone. Claims are easily made; but men don't pay \$100,000 save for a product of vital importance to humanity. We have not staked our fortunes and reputations on Ligozone without knowing that it does what we claim.

And the making of Ligozone is very expensive, as compared with the cost of medicine. It takes 14 days to produce it. The making requires immense apparatus, and the process is in charge of the best chemists in Chicago. It is not a small matter when we offer you a full-size bottle of such a product free.

The value of Ligozone lies in this fact: It forms the only way known—the only way one can conceive of—to kill germs in the body, without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine cannot reach inside germs.

Some of these diseases have been considered incurable, simply for lack of a germ killer. All of them often continue in spite of the best medical treatment. That is because medicine is not for germ troubles; and any physician who relies on it doesn't know what Ligozone does. He should write us.

Ligozone is now employed by the best physicians and the leading hospitals everywhere. It is recognized by all medical authorities as the only way to destroy inside germs. Its value and necessity have been too well questioned. No man who knows it can doubt that it will do more for sick humanity than all the drugs in the world combined.

normal conditions will be restored within the next few days.

PROMOTIONS AND RETIREMENTS

W. E. Jefferson, formerly of Temple, has been made superintendent of terminals at Echo on the Texas and New Orleans railway, the appointment being made by Superintendent Resig. For a number of years Mr. Jefferson was a Santa Fe passenger conductor out of Temple.

J. P. O'Donnell of Fort Smith, Ark., former receiver for the Gulf and Interstate road, has just been made general agent for the Fort Smith and Western railroad, headquarters at Guthrie, Ok. Mr. O'Donnell is well known in Texas railroad circles.

It is reported that General Passenger Agent T. H. Goodman of the Southern Pacific will shortly be retired on pension and be succeeded by George Gardiner of Cincinnati.

NEW PANHANDLE ROAD

The Line from Amarillo to Plainview Seems Assured

AMARILLO, Tex., Oct. 31.—(Special).—The first real blizzard of the season reached us last night. It rained during the entire night and up to noon today, with an occasional mixture of snow. A heavy snow is reported at Dalhart and Texjine. The sun is now shining brightly. Every evidence of fair weather.

Major Gordon of Georgia met the citizens yesterday in the Commercial club rooms here and informed them what was necessary for us to do to secure the Amarillo, Plainview and Southern railway, which will be constructed from here to Lubbock in the near future. The required amount of money is being rapidly subscribed by our people, and the road is now a seeming certainty. This road will traverse an entire new field, and some of the richest part of the Panhandle.

Amarillo has a new morning paper, the Amarillo Post. It has Associated Press service and is a credit to the enterprise of the promoters.

COURT AT GAIL

GAIL, Tex., Oct. 29.—(Special).—Judge J. L. Sheppard and Attorney Ben Randall closed their fall term of district court here yesterday.

The following land title cases were continued by agreement: C. C. Slaughter vs. J. C. Dorward, Henry Boatler, L. P. Cosby and J. R. Roper.

The following land cases were dismissed at cost of plaintiffs: R. C. Ware vs. W. A. Bedell, Hub Ellis, T. R. Walsh and W. H. Green; E. J. Powell vs. Fred A. Groves and Ernest Wheeler.

The grand jury was in session two days and returned no bills.

Among the visiting attorneys were S. H. Morrison, Big Springs; G. G. Wright, Dallas, and Ed J. Hamner, Colorado.

NEWS OF GATESVILLE

GATESVILLE, Tex., Nov. 1.—The Methodist preachers are winding up their year's work, preparatory to getting off to Fort Worth to attend the annual conference. The people hope that the Rev. Emmett Hightower will be returned to this place.

The initial number of Persy's Farm Journal has made its appearance. Mr. Persy is an old newspaper man.

The fine rain Friday, followed by warm weather, will bring up wheat that has been sown.

We Shall Spend \$500,000. To Give Ligozone Away.

To let all people know Ligozone—liquid oxygen—we shall buy a 50c bottle and give it free to everyone who needs it. This offer appears in every great newspaper in America. The cost of the offer, we expect, will reach \$500,000. We pay that price to convince those who suffer from germ troubles that Ligozone does kill germs. Will you—for your own sake—let us prove it to you?

Just Oxygen.

No drugs—no Alcohol—in it.

Ligozone is simply liquid oxygen; no drug of any kind is employed in it. It is the discovery of Paul, the great German chemist, who spent 20 years in learning how to liquify oxygen. His object was to get such an excess of oxygen in staphylococcus into the blood that no germ could live in any membrane or tissue.

Ligozone does that. It changes the blood with a germicide so powerful and certain that we publish an offer of \$1,000 for a disease germ which it cannot kill.

Oxygen, as you know, is the vital part of air. It is not only harmless, but the greatest of tonics—the very source of vitality—the most essential element of life. In this liquid form its effects are exhilarating, vitalizing, purifying. But germs are vegetables, and an excess of oxygen—the very life of an animal—goes wherever the blood goes; and as no germ can escape it, and none can resist it, the results are inevitable. A germ disease must end when the germs are destroyed; nothing is more certain than that.

We Paid \$100,000

For the American rights to Ligozone before we made the first bottle. We first tested the product for two years, through physicians and hospitals, in this country and others. We proved it in thousands of the most difficult cases obtainable. Then we paid the highest price ever paid for similar rights on any scientific discovery.

We tell you this fact because it best shows the value of Ligozone. Claims are easily made; but men don't pay \$100,000 save for a product of vital importance to humanity. We have not staked our fortunes and reputations on Ligozone without knowing that it does what we claim.

And the making of Ligozone is very expensive, as compared with the cost of medicine. It takes 14 days to produce it. The making requires immense apparatus, and the process is in charge of the best chemists in Chicago. It is not a small matter when we offer you a full-size bottle of such a product free.

The value of Ligozone lies in this fact: It forms the only way known—the only way one can conceive of—to kill germs in the body, without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine cannot reach inside germs.

Some of these diseases have been considered incurable, simply for lack of a germ killer. All of them often continue in spite of the best medical treatment. That is because medicine is not for germ troubles; and any physician who relies on it doesn't know what Ligozone does. He should write us.

Ligozone is now employed by the best physicians and the leading hospitals everywhere. It is recognized by all medical authorities as the only way to destroy inside germs. Its value and necessity have been too well questioned. No man who knows it can doubt that it will do more for sick humanity than all the drugs in the world combined.

Germ Diseases.

These are the known germ diseases. Every trouble in this list is caused by inside germs, and medicine cannot destroy them. Medicine often aids Nature to overcome the germs, and cures in that way. But those results are indirect and uncertain. They depend on the patient's condition. And there are some of these germs which Nature, aided to the utmost, never destroys. Ligozone kills all the germs, wherever they are, and the results are inevitable. It destroys the cause of the trouble invariably, and the trouble then must end. In any stage of any disease in this list, the results are so certain that we send to every patient who asks it an absolute guarantee.

Asthma
Abscess—Anemia
Bronchitis
Blood Poison
Bright's Disease
Bowel Troubles
Coughs—Colds
Consumption
Colic—Croup
Constipation
Catarrh—Cancer
Dysentery—Diarrhea
Dandruff—Dropsy
Dyspepsia
Eczema—Erysipelas
Fever—Gall Stones
Gout—Gout
Gonorrhea—Gleet
Hay Fever—Influenza

Kidney Diseases
La Grippe
Leucorrhoea
Liver Troubles
Malaria—Neuralgia
Many Heart Troubles
Piles—Pneumonia
Pleurisy—Quinsy
Rheumatism
Skin Diseases
Scrofula
Syphilis
Stomach Troubles
Throat Troubles
Tuberculosis
Tumors—Ulcers
Varicocele
Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Ligozone acts as a vitalizer, accomplishing what no drug can do.

We Will Buy

A 50c Bottle and Give It to You to Try

If you need Ligozone, and have never tried it, please send us the coupon below. We will then mail you an order on your druggist for a full-sized bottle, and will pay your druggist, ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is and what it can do. To accept it places you under no obligations whatever.

This is a remarkable offer, but it seems the best way—the right way—to quickly get this help to those who need it. All we could say about Ligozone might not convince one in ten. But no sick one can refuse to test it when we pay for the test ourselves. And the very fact of the offer will convince you that Ligozone does what we claim. We would certainly not pay for a bottle, and give it away, if there was any doubt of results.

This offer is possible only because Ligozone never fails in a germ trouble. And those who use it tell others about it. In one city where Ligozone was entirely unknown, we sold 2,500 bottles through giving one bottle to a hopeless consumptive, and curing her.

Let Us Convince You.

If you will send us this coupon we will send you a book explaining how Ligozone acts in your particular trouble. We will send you overwhelming evidence from cured ones. And we will send you an order on your druggist for a 50c bottle free.

We do this because Ligozone is a product which most of the sick must have. It does what no skill can accomplish without it. Diseases which have resisted medicine for years yield at once to it. And it cures diseases which medicine never cured. We want you to know it.

Won't you be as fair with yourself? If you need this help, will you merely send us this coupon to learn what this product is? If you don't need it, will you tell us a friend who does? There is no greater service that you can do a sick friend than to place him in the way to get Ligozone.

Ligozone is sold in two sizes—50c and \$1.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to the Liquid Ozone Co., 221-229 Kinzie St., Chicago.

My disease is

I have never tried Ligozone, but if you will supply me a 50c bottle free I will take it.

Give full address—write plainly.

Any physician or hospital not yet using Ligozone will be gladly supplied for a test.

LEAD MAY BE FOUND IN DENTON COUNTY

DENTON, Texas, Nov. 2.—(Special).—A. W. Robertson, a well-known resident of Denton, and one of the oldest citizens of the county, this morning showed to The Telegram correspondent a specimen of some kind of metal, which looks very much like lead and which may be silver, which was picked up on the banks of Hickory creek in the southeastern part of the county by a man named Berry, who lives on Mr. Robertson's farm in that locality.

The metal is a rough molded lump and looks as if it had been melted long ago. A Mr. Bradley, who has been a miner the greater part of his life, says that it is lead, although it has never been exam-

ined by a chemist. It was found in the vicinity of the old Beal place.

There used to be tradition among the residents of Denton county that lead existed in paying quantities in several parts of the county, and the story to the effect that a man by the name of Rufus Brown used to coin counterfeit dollars near the town of old Alton from the minerals found thereabouts is said to be well founded. Brown was a blacksmith and used his forge as a melting plant. It being war time Brown was not molested to any great extent.

Not long since an article of some two columns in length appeared in The Fort Worth Telegram, in regard to an old melt-

ing grate discovered near Birdville, in the northern portion of Tarrant county, near the Denton county line, and alleging that there was lead and other valuable minerals in the vicinity. Mr. Roberts says: "Everybody knows that there has long existed a rumor that there was lead or other valuable ores in the south part of this county. I know there is some there, but whether it will ever amount to anything or not I cannot say. Geological surveys who went over the ground several years ago failed to discover anything of the kind."

Fine Cabinet Photographs. \$3 a dozen, at Leffler's, corner Fifth and Houston streets.

THANKS TO THE HORNET
(Vernon Hornet.)

It gives the Hornet much pleasure, as well as information, to peruse the columns of that magnificent afternoon paper. The Fort Worth Evening Telegram. Fort Worth is no doubt proud of The Telegram.

THE TARGET.

CUPID REACHES A MAN'S HEART THROUGH THE STOMACH.

There is no disputing the fact that man's heart is often reached through the stomach. Happy the housewife who can please her husband's appetite with well cooked food for the table. Many a man is grouchy, ugly, nervous, suffering from distress after eating, heart palpitation, and all through the overworked stomach. No chain is stronger than its weakest link. No man is stronger than his stomach. If the proper elements in the food are not taken up by the blood in the stomach and carried to the vital organs of the body, one's health breaks down and one leaves the gates open for the entrance of disease germs. The germs of typhoid fever, grip, malaria, pneumonia and consumption cannot pass through the stomach into the intestines, where alone they are capable of going unless the stomach has first been weakened by disease, indigestion, dyspepsia or errors in diet. Keep the stomach healthy, the bowels regulated and the blood pure and rich and your body is a stronghold against which the germs of disease cannot make a successful attack. If your blood is impure and you are sometimes pale or have the other signs of bad blood, such as pimples, boils and eruptions, you should at once take warn-

the stomach and other organs of digestion and nutrition, are cured also.

THE FARMER FAILS

In health just as does the city-man, and he fails commonly from the same cause, "stomach trouble." The farm is a wholesome place to live; the farmer's life is a healthy life; but no external advantages can overcome the effects of a diseased stomach. When the stomach and its allied organs of digestion and nutrition are diseased, the food eaten is imperfectly digested and assimilated, and the consequent loss of nutrition results in physical debility.

DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. What the danger was he might not understand, but he would take no chances. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out, when sleep is troubled and broken, when there is loss of flesh, when there is a constant feeling of dullness and languor, Nature is hoisting the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for the prompt use of Dr. Pierce's Golden Medical Discovery.

A \$3,000 FORFEIT

Will be paid by the World's Dispensary Medical Association, of Buffalo, N. Y., the proprietors and manufacturers of Dr. Pierce's Golden Medical Discovery, if they cannot show the original signatures of the individuals who volunteer the testimonials below, and of the writers of every testimonial among the thousands which they are constantly publishing. "Words cannot express what I suffered for three years from the effects of a torpid liver," writes Jas. E. Hawkins, Esq., President Order Golden Circle, No. 41, of America, Box 1053, St. Louis, Mo. "I had I but known of your 'Golden Medical Discovery' sooner what misery I might have been spared. I was bilious, tongue was coated, appetite poor, and I had frequent distressing pains in the side and under shoulder-blades, but within a week after I commenced Dr. Pierce's Golden Medical Discovery there was a marked change for the better, so I kept on using it, three times a day, for over a month, with an occasional dose of Dr. Pierce's Pleasant Pellets to regulate the bowels, and the results were all and more than I could wish. My appetite is splendid—I feel ten years younger, and am entirely free from pain of any kind. Your 'Golden Medical Discovery' is certainly all that its name implies, and I gratefully endorse it."

"Mrs. Alice Everly, of Creedville, Ohio, says: 'Sometime ago I wrote you in regard to my case, asking your advice, also what I needed in the medicine line. The advice came promptly and after following your directions I find myself entirely relieved of any distressing symptoms of my old troubles, and feel I am entirely cured. I had liver complaint and indigestion of the bowels. Took eight bottles of Dr. Pierce's Golden Medical Discovery, also three vials of Dr. Pierce's Pleasant Pellets. Your remedies have proven very satisfactory in my case, and I am delighted to be my old self once more. I thank you for your good and valuable advice, which was so promptly given. My husband is taking the 'Golden Medical Discovery,' and also feels that it is doing him good. One thing we are very positive of, is that it will give a wholesome appetite when all else fails.'"

Music and Drama

MURRAY AND MACK

"The real fun show" is what an Eastern critic says of Murray and Mack's latest and merriest bunch of mirth and merriment, which, for advertising purposes, has been happily entitled "A Night on Broadway." It is a jolly affair from start to finish; laughter and songs, and plenty of both; a wealth of costly costuming and sumptuous scenery. It is just the kind of an entertainment that pleases the old as well as the young; nothing to offend, but all to amuse, and it is the attraction at Greenwall's opera house tonight.

"A STRANGER IN NEW YORK"

Two of the late Charles Hoyt's most successful comedies will be presented at Greenwall's opera house. "A Stranger in New York" will be the attraction Tuesday night, November 3, and "A Trip to Chinatown" will be seen Wednesday, matinee and night, November 4. Although these plays are wholly dissimilar, they are written on the same general lines, and it is claimed that they are the most representative of all the Hoyt plays. They both contain some clever satire, plenty of good character sketches and the skillful commingling of the most absurd happenings with everyday occurrences. Some of the raciest lines from Hoyt's pen are said to occur in these plays.

The scenic production, music, songs, dances and vaudeville featured of each play, it is claimed by the management, are entirely separate and distinct—nothing duplicated, while the music, songs, etc., are the latest successes of popular authors.

FIELD'S MINSTRELS

John Blackford is the crack colored comedian of the country, and his tour with the Al G. Field Greater Minstrels last season was a continued ovation. He is at his best in delineation of the negro character and his cleverness should be soon to be appreciated. There is nothing coarse or ribald in Blackford's work and he stands at the head of the best. Memories of the negro when Stephen C. Foster sang of "Old Black Joe" are revived when Blackford is on the stage. Field's Minstrels come to Greenwall's opera house Thursday night, November 5.

"THE CHAPERONS"

The merry, rollicking comedy opera, "The Chaperons" is to be seen in the city at Greenwall's opera house Friday, matinee and night, November 6, in all its gorgeous splendor. An Oriental tinge is always essential in producing the most brilliant stage effects, and to this end, no doubt, the authors of "The Chaperons" located the last and most elaborate scene in the opera in Alexandria, Egypt. The widest scope for the display of female finery is afforded and is said to have suggested to the management a lavish outlay in this direction. This season's company contains the names of the chief popularizers of the successful "Chaperons," and with an experienced eye to the well being of the music and laughter departments, there will be seen such time-tried players as John G. Sparks, Mabel Hite, Thomas Whiffen, May Boley, W. V. Strantz, Arthur, Earnest, Mac Stebbins and a chorus of forty. "The Chaperons" has enjoyed a three months' run in New York and one or more prosperous visits to all the principal cities, and in this, its third season, is expected to outlast all competition in the comedy opera field.

"WAY DOWN EAST"

"Way Down East," Little Blair Parker's play of New England life, comes to Greenwall's opera house Saturday, matinee and night, November 7. It appeals not to a limited class, but to everybody with a spark of sympathy, a liking for an interesting story and a relish for clean, wholesome fun. There are many reasons for its popularity: its pathetic theme, its genial humor, its charming pictures of country life, its quaint characters and striking realism; but its more potent element undoubtedly is the strong human interest that permeates every scene. To this all classes and creeds must yield their sympathy. Miss Parker's work, so admirably produced under the skillful direction of Mr. Joseph Grismer, will be interpreted by a cast that has been especially selected for their different characters.

Rheumatism, more painful in this climate than any other affliction, cured by Prescription No. 2851, by Elmer & Amend. E. F. SCHMIDT, Houston, Texas, Sole Agent.

Magazines

The Review of Reviews is keeping up its reputation. The November number deals with the postal investigation, the fall elections, the recent exposures of "high finance" in trust organizations, the Panama canal situation, the award of the Alaska boundary tribunal, the protectionist movement in England, and the issue in the far east between Russia and Japan. Contributed articles describe "Men and Issues of the New York City Campaign," just closing; "The National's Print Shop and Its Methods," including a review of the famous "Miller case," and its outcome and the whole question of the status of labor unions in the government printing office; "The Fort Riley Maneuvers" which began on October 15; "The New Springfield Rifle and the Improvement in Small Arms;" "Galveston's Great Sea Wall;" and "The Rebirth of the Japanese Language and Literature," a history of the movement for the adoption of the Roman character in writing and printing, in place of the Chinese systems of picture-writing. Dr. George F. Kunz writes an authoritative account of the discovery of radium, and the uses and properties of that wonderful element. In this number also appears the defense of Russia, policy in Finland, which was addressed last month by Minister de Plehve to Mr. W. T. Stead.

TWO MEN HURT IN WRECK. WAXAHACHIE, Texas, Oct. 31.—(Special.)—A wreck occurred on the Katy a mile or two south of Waxahachie last night, in which two trainmen were badly injured, though not seriously. Soon after a freight train left the city for the south, two or three boxes of cotton rolled off a flat car. They fell under the wheels of the caboose, derailing it and causing it to turn over. The caboose was occupied by

HELD ON ROBBERY CHARGE. WAXAHACHIE, Texas, Oct. 31.—As the result of investigations made yesterday by the grand jury into a robbery which occurred in the city Wednesday night, two indictments were filed with the officers late in the evening. The indictments were against George Mason, a young white man, and Mag Love, a negro. They were arrested last night and lodged in the county jail. They are accused of having held up a farmer in the city and robbed him of \$40.

"A tailor's news."
—Shakespeare.

Here's tailor's news that will stir into action the put-it-off-till-tomorrow folks who've not yet ordered their Fall Suits.

The average tailor buys his entire season's stock quite a while in advance of the season—and that's the end of his buying.

The styles he's got may or may not turn out to be favorites with the well-dressed public; but he's got them, and he's simply got to sell them.

We're not average tailors; here's practical proof that we're not—

Now that the season's far enough advanced for the here-to-stay styles (those whose real worth has made them approved by the more conservative makers of the fashion) to be clearly determined, we've done what average tailors dare not think of doing—

We've replenished our stock by a special mid-season purchase of the choicest Eastern style successes; we've bought fifty pieces of the most opulent novelty woolsens the season has brought forth.

They've arrived; come see them and render your verdict. Need't order a suit unless the desire for possession overcomes you.

Extremely moderate prices add the final charm to their desirableness. They range down from \$50 to \$18.

You know how satisfactorily we make suits. If not, here's a splendid opportunity to learn.

THE BOARD'S DIRECTORY TO MEET TUESDAY

Secretary Paddock Requests a Full Attendance at the Last Meeting of the Year—Important Business to Come Up

One of the most important meetings of the directory of the Fort Worth Board of Trade is to be held in board headquarters Tuesday afternoon at 4 o'clock at which arrangements are to be perfected for the regular general annual meeting of the full board, which is to be held November 10.

The meeting tomorrow will be the last for the current year and Secretary Paddock earnestly requests that there be a full attendance of the directory, as he has many questions of great importance to the board and to the city of Fort Worth which will be laid before them.

In view of the fact that during the past twelve months the Board of Trade has accomplished many things that have been of benefit to Fort Worth, it is hoped that every member of the directory will be on hand. At this meeting, questions affecting the material welfare of the city are to be brought up for discussion. Secretary Paddock said today that just at this time the board had under consideration several matters that require the immediate attention of a full directory and he sincerely hoped that every member would show up tomorrow afternoon.

The efficiency of the Board of Trade has been demonstrated by the work accomplished during the year just ending, and it is desired that greater things be accomplished during the coming year. The board has been the means of increasing the growth of Fort Worth the past twelve months in more ways than one, and Secretary Paddock believes that this city is and has been on the eve of greater things for some time, and he asks that every member of the directory attend the meeting tomorrow.

The membership of the Fort Worth Board of Trade is 295, but the secretary believes that at least 250 new members should be added before the close of the present year.

TEXAS BAPTISTS MEET IN DALLAS

Fort Worth Churches Will Send 100 Messengers to the Meeting

The Texas Baptist general convention will be convened in Dallas November 4 and will continue to the 10th, inclusive, and will be the largest gathering of that denomination held in the state this year. It is expected that several hundred delegates for messengers will be present. From Fort Worth alone something like 100 messengers will be on hand.

Rev. Luther Little, pastor of the First Baptist church of this city, is down on the program to deliver an address on the subject of "The Preacher on the Street."

It is expected that the attendance from Fort Worth will be very large, as through the courtesy of the Northern Texas Traction company a reduced rate for the round trip is to be granted, provided those who attend hold certificates signed by Rev. Little. Such tickets are for the benefit of messengers and visitors alike, and can be secured from Rev. Little at his church from 11:30 to 12:30 Tuesday.

This courtesy is to be extended to members of other churches in Fort Worth who may wish to attend the sessions of the Dallas conference.

READLYN.
A New Townsite in Bremer County, Iowa
Opening sale of lots will take place November 10. On that date special trains will be run from Dubuque, Marshalltown, Fort Dodge and Melrose, Iowa, and intermediate stations. The lots are owned by E. H. Maxwell, manager townsite department, Chicago Great Western railway, Fort Dodge, Iowa.

ROBBERY AT NASHVILLE
Cashier of Cumberland Telephone Company, Assaulted
NASHVILLE, Tenn., Nov. 2.—Melville Wheeler, assistant cashier of the Cumberland Telephone company, was assaulted in his office this morning and the company's safe was robbed of \$5,000. Mr. Wheeler was not seriously injured. Two persons have been arrested on suspicion.

ON THE ANXIOUS SEAT
Fate of Holdenville Men Indicted by the Grand Jury Still Unknown
HOLDENVILLE, I. T., Nov. 1.—(Special.)—The fate of the Holdenville men who were indicted on a charge of introducing and selling liquor in the territory, still hangs in the balance. All have been in attendance upon court for the past several days, but the cases only came up at the last day of the term. A plea of not guilty had been previously entered in each case, but after some negotiations, which are not now known, the counsel for the defense withdrew that and entered the plea of guilty. By common agreement between the opposing sides, the cases were confined until the first day of the next term of court for sentence. This is considered a favorable sign for the convicted men, for it makes it appear that the au-

thorities realize the penitence of the offenders and the continuance is merely in the nature of a period of probation. However, their position is still very serious, for there are over 50 cases against Holdenville men alone, there being as high as ten indictments against one man.

EX-SLAVES' HOME MOVEMENT BEGUN

Texas Confederates Favor the Plan and Will Aid Its Accomplishment

"The Confederate veterans, sons and daughters of the entire South are in perfect sympathy with the movement which will result in providing a home for the old ex-slaves," said W. P. Lane, commander of the Texas division of the Sons of the Confederacy, this morning, in referring to the fact that the Daughters of the Confederacy had secured an option on a tract of 400 acres of land near Atlanta, Ga., for the purpose of colonizing the class of negroes mentioned above.

The movement has the hearty support of all Southern people, who are willing to aid in providing for the care of the indigent old slaves—those who remained loyal to the Confederacy during war times. The land will be turned into a truck farm and so conducted that the wards will, in a short time, be self-supporting without being subjected to hard labor. The work will be fashioned after that at the different Confederate homes in the South.

Mr. Lane said the people in the South were in hearty sympathy with the movement and that from Texas would come assistance, as the people in this state have often expressed themselves in favor of just such action being taken. He said they even endorsed the suggestion made in the United States senate by Mark Hanna, who introduced a resolution which in effect was to provide a pension for the old ex-slaves, but that when Hanna discovered he had made a political mistake, endeavoring to shift the responsibility of fathering the resolution, The Hanna resolution was quickly endorsed by the Confederates all over the South, for they favored the plan proposed by the Ohio senator, but that was as far as the matter ever progressed. "The movement now inaugurated by the Daughters of Georgia will meet a ready response from all sympathizers in the cause in Texas," said Mr. Lane.

RACE RIOT IN MORGAN PARK

Chief of Police Killed by Negro and Lynching Almost Results

CHICAGO, Ill., Nov. 2.—The celebration of Halloween was responsible for the killing of the chief of police of Morgan Park in a threatened race war early yesterday morning. It was only after a desperate struggle between the police and a mob of desperate whites that a double lynching was prevented.

A woman's Halloween prank started the trouble, which resulted in the killing of George A. Airie, chief of police of Morgan Park, by Mack Wylie, a young negro. A sister of Wylie and three friends started out for a lark, and while they were overturning a lumber pile, it is said, the woman was struck by Airie. The negroes went for reinforcements, and upon their return a second meeting with the chief resulted, in which he was stabbed in the neck by Wylie.

The news of the tragedy spread through the suburbs, and soon a crowd of half a hundred men and boys marched to the Morgan Park jail, where four of the negroes had been locked up. While the place was surrounded by a mob clamoring for vengeance, several shotguns being in evidence in the crowd, Wylie and his companions were placed between a number of police, who had been summoned from Harvey and other adjoining suburbs, and a dash was made for a carriage that had been sent for. Despite the threats that any interference by the crowd meant instant death, the villagers, who by this time had secured a rope, rushed on to the prisoners. A fierce fight followed, in which the negroes were knocked and bruised with sticks and stones, but the officers finally managed to get the negroes in the carriage and drove off under a shower of bricks, stones and other missiles.

The prisoners were taken to Englewood jail, where Wylie confessed to having killed Airie.

Deaths
MRS. MARY FOUTS
DENTON, Tex., Nov. 2.—Mrs. Mary A. Fouts, wife of A. J. Fouts, a prominent citizen here, died of erysipelas at her home in the west part of the city Friday. The funeral took place at the Hickory Street Christian tabernacle at 3 o'clock yesterday. Interment at the Odd Fellows' cemetery.

PREWITT
GATESVILLE, Tex., Nov. 2.—(Special.)—Mr. Prewitt, aged about 75 years, died here yesterday.

QUARANTINE IS RAISED
Eagle Pass Raises the Bars Against San Antonio
SAN ANTONIO, Tex., Nov. 2.—(Special.)—The Light received the following telegram this morning:

"Quarantine is raised at Eagle Pass. Our people can come here."
(Signed) "R. M. LANE, County Physician."

CHURCH DEBT IS WIPED OUT BY ST. PAUL'S

Congregation Now Free From Encumbrance—Good Work of Membership in Securing Desired Result

Yesterday was a great day for the members of St. Paul's Methodist church, being the closing of a long but now successful struggle to free their building from debt.

For seven years the members have undertaken to reduce and finally extinguish the debt which originally amounted to \$19,000, having for several years carried an interest charge of \$1,500 per annum, and all this at a time when several thousand dollars had to be raised to place the finishing touches upon the building to make it habitable.

Harvey Webb organized the church in 1877, and soon erected a building on the corner of Main and Ninth streets. After this site became unsuitable the congregation decided to move to its present location and erected a commodious structure. Fort Worth was on a boom at that time and part of the subscriptions which covered the entire cost of the building were in real estate. Before the structure was completed and before the real estate could be sold the collapse which swept many of the best citizens off their feet, overtook the enterprise and it looked as if it must fail.

Friends of the church rallied to its support and completed the building, although it involved borrowing \$19,000, for which they also pledged their private incomes. Meantime, the work of finishing what had already begun was undertaken. Windows were put in, the chapel completed, temporary seating arrangements made and a big load of fixed charges carried.

Seven years ago the church began to reduce its debt, under the pastorate of Rev. J. L. McLaughlin, who remained but a short time, to be succeeded by Rev. George MacAdam, D. D., now president of the Fort Worth University, under whose inspiration, assisted by Bishop C. C. McCabe, \$9,000 in pledges were made, which formed the basis for the present achievement. A considerable amount was paid in during the pastorate of Dr. MacAdam; the church doubled in membership and thoroughly organized for a forward financial movement. Then came Rev. J. F. Boeve, the present pastor. At once he began the task of money-raising by personal solicitation. A proposition was made that if \$4,000 were paid in six weeks the church could secure the cancellation of \$1,800 accrued interest. At the appointed time the money was ready and \$4,000 cash cancelled \$5,800 of obligations.

Upon his reappointment one year since Mr. Boeve said the year 1903 must find the debt provided for. He went at his task, seeing old subscribers, getting new subscribers, until he secured by this personal solicitation \$7,500, all in good subscription.

Rev. Boeve called his congregation together yesterday for the final charge upon the debt. It began coming slowly at first, but when the first \$500 was reached some breathed easier. When the thousand-dollar notch was passed it looked possible. When \$1,500 was passed it began to get warmer, and finally closed with a total of \$3,250, amidst shouts, tears and applause. The members and friends then crowded the altar, and sang "Praise God, From Whom all Blessings Flow," in a manner that indicated there was an extraordinary meaning to it this time.

A pleasant feature of the morning was the presence of Dr. MacAdams, whose remarkable pastorate so well prepared the way for this last triumph, and who was able to see the culmination of his highest hopes for St. Paul's.

"Our American Boys' Library."
Ready Thursday, November 5th

A FREE CIRCULATING INSTITUTION FOR OUR YOUNG CUSTOMERS.....

How to Become a Member

Every boy whose parents make this establishment their shopping home can become a member without a cent of cost. The library contains books by the best authors, showing scores of elegant titles which can be selected from the catalogue, taken home and read and another given in place when the same is returned. We want every youth in this city to take advantage of this educational feature, because nothing but good, healthy, instructive literature is represented in the selection.

In Our Boys' Clothing Department.

FENCIBLES WERE NOT IN ROW AT DENISON

"The Fencibles were not in that trouble at Denison and neither was the Hillsboro company," said Captain "Brac" Carter of the Fort Worth company today. "Denison was the coffee station of these two companies. When we reached that city we marshaled our men together and marched them into the coffee house at the station. When we had drunk our coffee we went directly back to the train and the company was eating lunch when the trouble took place. "The row, from what I know of it, has been greatly exaggerated. There was no shooting of pistols in the streets. The men are not allowed to carry pistols. The report grew out of the fact that some blank cartridges were placed on the track and exploded by the train." "As previously stated in The Telegram, the upheaval by the Texas troops at Denison is under investigation by Colonel Luther Hare."

NORTH SIDE AND ROSEN HEIGHTS

Social Club is Organized With Large Membership—Notes and Personals

Saturday evening at the residence of Mr. and Mrs. Magoffin, on Clinton avenue, a large number of North Side young people met and organized a social club to be known as the North Side Pleasure club. Professor J. J. McCook was elected president; Miss Ethel Magoffin, vice president; Miss Buelah Fulgham, secretary; Miss Rebecca Cloud, treasurer, and Dr. C. H. Hickman, critic. The club will meet every second and fourth Mondays of each month.

NEW BUSINESS HOUSE
G. W. Hewitt is erecting a large two-story store building on Main street, opposite the Rosen Inn. The building will be occupied about the 15th of this month.

HALLOWEEN PRANKS
The effects of Halloween night are to be seen on every hand on the North Side. A crowd of boys, not being satisfied with removing gates and indulging in other customary pranks of Halloween, cut the ropes of the large Presbyterian tent on Main street, causing considerable loss to the owner of the property. Numerous complaints have been made to the police, but as yet no arrests have been made.

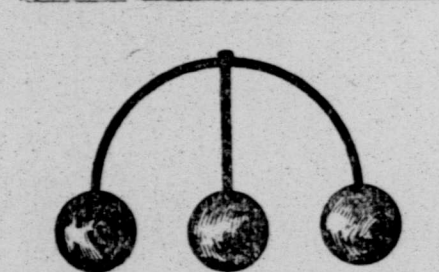

The tower for the large tank which is to supply the North Side with water has been completed and work will commence on the tank at once.

Professor B. E. Looney, instructor of languages at Trinity university, Waxahachie, spent Sunday visiting his wife and children, who are the guests of Mrs. Looney's mother, Mrs. S. D. Hartman.

Born to Mr. and Mrs. Dray of Rosen Heights, Sunday night, a ten-pound girl, Tillman Butler of Granbury spent yesterday with friends on the North Side.

Old newspapers to put under your matting and for other household uses, at 5 cents per bundle at news department of Haddaway's Drug Store, Main street and Central avenue, North Fort Worth, and Twenty-fifth street and Pearl avenue, Rosen Heights.

GIVE IT AWAY FREE
Liberal Offer of a Big Medicine Bottle to the Afflicted
For several weeks the advertising columns of The Telegram have been used by the Liquid Ozone Company for the exploitation of their Liquezone, a liquid oxygen, is a deadly enemy of every kind of germ which can get into the human system. Pangburn is handling this germ killer and to The Telegram states that the medicine is having a phenomenal sale. To let the people know what an excellent remedy they have, the Liquid Ozone Company is giving away absolutely free a 50-cent bottle to everyone who wants it, safe in the belief that their remedy will give almost immediate results to those who suffer from asthma, bowel trouble, blood poison, coughs and colds, catarrh, dyspepsia, kidney diseases, liver troubles, many heart troubles, rheumatism, stomach trouble and scores of other diseases. This unusual way of introducing a remedy to the public—and the company is spending \$500,000 in this way—has interested many people of this city. Mr. Pangburn has given away scores of bottles of the medicine and he has already had many come back to the store and buy the remedy. There is a bona fide offer with each bottle that \$1,000 will be paid if the remedy will not kill any kind of a germ. The remedy is employed by physicians and hospitals the world over. There is nothing injurious to the system in the remedy. Liquezone is claimed to be simply a liquid oxygen and that there is no drug of any kind in it. It is the discovery of Paul, the great German scientist. Paul's object was to get such an excess of oxygen in stable form into the blood that no germ could live in any membrane or tissue. Liquezone does that. The remedy is attracting attention the world over. Fort Worth people can call at Pangburn's drug store, corner Ninth and Houston streets, and learn all about this germ-destroying article and get, at the same time, a free 50-cent bottle. See the advertisement of Liquezone on page 5 of today's Telegram.
