POLICEMEN AGAIN ASK AN ADVANCE

City Council Receives Petition Requesting Ten Dollar Monthly Raise

BRIDGE MATTERS CAUSE DISCUSSION

City Engineer to Ascertain the Cost of Re-Flooring Main Street Bridge

LEE CAMP GIVEN BURYING GROUND

Portion of City Cemetery Set Aside for Confederate Dead. Damage Suits Against City Are Reported

Ginger was injected into the proceedings of the city council last night by a little unpleasantness between Mayor Powell and Alderman Lehane of the Fourth ward over the question as to priority of motions in connection with the motion of Alderman Waggonman, who asked that the matter of rebuilding the suspension bridge be taken up at once.

REGULAR PROCEEDINGS "Your honor, there is so much 'crackin'' going on that I am unable to hear what is being said," said Alderman Moreland, who moved that it be stopped.

Alderman Newby was the only absent member when the session was called to order.

Table listing city departments and their budgets: Police department 2,387.96, Fire department 2,489.09, City engineer 209.66, etc.

A resolution was passed authorizing the city engineer to contract for gravelling intersections on Hattie street.

The finance committee reported favorably on receiving the report regarding the payment by S. M. Furman, as guardian, of the sum of \$248 for taxes on the Hanna estate.

The report of City Attorney Orrick, regarding a settlement with Blanchard's estate for paying in front of his premises on Main street, was ordered received and filed.

POLICEMEN WANT INCREASE A petition, signed by every member of the police department, was read by the secretary, praying the council to increase the monthly salary to \$10 per month.

ries drawn by similar officers in the cities of San Antonio, Houston and Dallas. The views of the different aldermen who spoke to the petition were in favor of the increase, particularly was Alderman Lehane in favor of the advance asked for, and he said that the police were deserving of more pay and wanted them to have it.

BRIDGE IMPROVEMENT MATTER Alderman Waggonman then introduced a resolution asking that the city at once ask for estimates on rebuilding the suspension bridge across the Trinity near the old water works station, and moved that it be adopted.

Alderman Henderson moved that the matter be referred to finance committee. Mayor Powell said that he would suggest that it go to the ways and means committee.

Alderman Waggonman was soon on his feet and said that the matter had been referred to all the committees and nothing had ever come of it, and he wanted to see something done with the proposition.

Alderman Henderson: "The bridge is in no worse fix than our finance. Besides, the city has no authority to contract for a bridge. There is no telling when we will have the money to build this bridge which would cost \$50,000."

Alderman Moreland moved that the city engineer be instructed to advertise for bids for repainting and reflooring the Main street bridge just back of the county jail, which is also said to be in a very bad condition, and to report at the next meeting of the council.

The committee on ways and means reported recommending that Fifth avenue be graded, provided the city's pro rata of the expense shall not exceed \$501.69, and also that the city be given six months' time in which to pay without interest. The proposition carried.

Alderman Henderson was opposed to making these improvements because he said there was no telling where it would stop, besides the city could not now tell when it would have the money to pay for the work when it became due.

A similar notification was received from Jack Thompson, who will bring suit against the city for \$1,000 damages alleging that his wife was thrown from a

wagon on Bessie street and badly injured, because of the bad condition of the street. Received and filed.

There was a warm debate on the application of the attorney for J. M. F. Moore to reduce the assessment of property, claiming that it was unduly raised from \$11,000 to \$25,000.

FOR CONFEDERATE DEAD A lengthy petition in the shape of an appeal to the council was read asking for a strip of ground in the cemetery for the use of R. E. Lee camp, in which to bury their Confederate dead.

MORGAN SAYS OUR COURSE IS UNLAWFUL Senator Believes That United States Is Acting Contrary to Treaty of 1846 in Treatment of Colombia

WASHINGTON, Nov. 7.—Senator Morgan said yesterday that soon after congress convenes in extra session he would introduce a resolution calling on the foreign relations committee of the senate to obtain from the state department a detailed report of the returns between the United States and Colombia under the treaty of 1846.

WASHINGTON, Nov. 7.—Senator Morgan said yesterday that soon after congress convenes in extra session he would introduce a resolution calling on the foreign relations committee of the senate to obtain from the state department a detailed report of the returns between the United States and Colombia under the treaty of 1846.

"This is the fourth time the United States has landed troops on the isthmus under the cloak of the treaty. Heretofore it has been for the suppression of rioting, and for the protection of Colombia. Now that it is against the wish of Colombia, it undoubtedly will provoke a just protest."

MESSENGER'S HELPER SHOT NEAR BASSETT Thomas Copeland Is Instantly Killed by Unknown Parties. Recent Strike Not Blamed for the Murder

TEXARKANA, Ark., Nov. 7.—Thomas Copeland, a messenger's helper in the service of the Pacific Express Company on the Cotton Belt run out of here, was shot and instantly killed near Bassett, forty miles from here, at 7 o'clock last night, by some unknown person.

The train had just pulled out from Bassett for Texarkana and Copeland was standing in the door of the car, when he was fired on from the dark, a shotgun loaded with buckshot being the weapon used. The full charges took effect in the back of Copeland's head.

OFFICERS TAKE STAND AGAINST RUFUS MARTIN

Patrolman Tom Snow and Detective Jim Thomason Tell of the Negro's Statement When Arrested—Swackhammer's Widow Presents Pathetic Figure While Telling of Finding Her Husband's Dead Body

The taking of testimony in the Rufus Martin murder trial was begun in the Fourth-eighth district court, Judge Irbly Dunklin presiding, Saturday morning, the jury having been completed late Friday afternoon, after 200 men had been examined.

ATTEMPTS TO EXCLUDE Attorney Davis, who is conducting the cross examination of the defense, made desperate attempts to have the testimony of Officer Tom Snow and Detective Jim Thomason as to what the negro said to them when arrested for the murder of Charles Swackhammer, ruled out on the grounds that the statements were made under threats and promises, and after the negro was under arrest and before he was warned that what he might say would be used as evidence against him.

THE TESTIMONY Mitchell Hilton, an 11-year-old boy, was the second witness. He told of the negroes picking cotton for the murdered man and of the return of the mules and wagon with the dead body; also of his actions, upon finding the body, as heretofore related in The Telegram.

CROSS EXAMINATION On cross examination the witness said that the officers told the negro that if he told the truth it would "go lighter with him," that if he lied his neck probably would be broken.

JIM THOMASON Detective Jim Thomason was called. He said that before questioning the negro he gave him warning that whatever he said might be used against him.

Even a larger crowd was in the court room at 2 o'clock when the taking of testimony was resumed.

Music and Drama

"WAY DOWN EAST"
Tonight—"Way Down East" The audience at Greenwall's last night to witness "The Chaparons" was a large one, and the performance was of that character which justified the advanced prices which were made necessary because of the large company and heavy expense which is required for the production. The stage settings are very fine, the costumes are beautiful, and the singing and dancing of the best. Miss May Daley, the leader among the Chaparons, was a delightful character, and her song, "The Chaparons," made a decided hit. Miss Mabel Hill as Phreda was an attractive member of the company, and her dancing and singing was the feature of the evening. The song, "Billie Is Very Good to Me" was very fetching.
The company is well constructed, and the burlesque is a good one. It has pleased here, it has pleased elsewhere, and will continue to do so when in the hands of such a competent company.

"ARIZONA"
The following pleasant episode happened during "Arizona" run in London last season: The king and queen, Princess Victoria and the Prince and Princess Charles of Denmark attended the performance on the second Monday of its presentation. At the conclusion of the play there was a pleasant little ceremony; Bonita, the leading lady of the piece, was summoned to the royal box, where she presented to the queen a beautiful bouquet composed of lilies of the valley, white orchids and white heather, bound with a ribbon in red, white and blue stripes—the American colors. The bouquet was presented on behalf of the American company, playing in "Arizona," and her majesty expressed her pleasure in accepting it, and said the play was "charming." His majesty said to Bonita, "It is a splendid play; well acted; I enjoyed it very much." Their majesties shook hands with the young actress, who was overwhelmed at their graciousness. On the preceding evening the Prince and Princess of Wales witnessed "Arizona."

"HER ONLY SIN"
Theater goers of Fort Worth will have an opportunity tonight at Greenwall's opera house to renew acquaintance with stern old "Squire Bartlett," who believes in "livin' cordin' to the scriptures," motherly Mrs. Bartlett, his typical wife, Anna Moore, who was more stung against than sinning; David Bartlett, the farmer's only son, and the other familiar characters in "Way Down East."

In presenting the bouquet, Bonita said: "I wish the fragrance of these flowers could convey to your majesties the deep love and respect felt for you by the American people." The king smiled and remarked: "Very pretty, very pretty." "Arizona" will be the attraction at Greenwall's opera house Monday night, November 9.

"HER ONLY SIN"
Lincoln J. Carter's emotional drama, "Her Only Sin," will come to Greenwall's opera house Tuesday matinee and night, November 10. Some exceedingly clever character work is shown in this play, and it might be well to mention that the portrayal of Adolphus Bond, by Mr. J. Hooker Wright, is considered one of the best eccentric characterizations that has been seen here this season. The scenic equipment is complete and above the average, even of Mr. Carter's own pieces which are noted for their equipment. Julia Gray has the leading role. Matinee prices, adults, 50c; children, 25c; night prices, 25c, 35c, 50c, 75c.

THE RANGE AT MIDLAND

Is in Splendid Condition Since Recent Rains
MIDLAND, Texas, Nov. 5.—The range over the greater portion of the Midland country is in fine condition. Since the recent rains the weather has been quite warm. There has been but little frost up to the present, hardly noticeable, especially on the grass, as in some portions of the country it is almost as green as a wheat field. Cattle are going into the winter in fine condition. The Midland country, on the southern plains of Texas, is noted for its fine cattle. Some of the best herds among the different breeds in the United States are located right here. For a breeding country it cannot be equaled in Texas.

There was a decrease of over 30 per cent in the exports of cheese from the United States in the fiscal year ending June 30, 1903, as compared with the year preceding.

JUVENILE COURTS ARE EFFECTIVE

Denver Judge Says They Not Only Prevent Crime But Turn Street Arabs Into Aids in Catching Criminals

CHICAGO, Ill., Nov. 5.—"One street arab, a newboy who has seen the workings of the juvenile court, will do more to prevent crime and arrest criminals than twenty policemen," said B. S. Lindsey, judge of the juvenile court of Denver, at the closing session of the boy conference in the Central Y. M. C. A.
"During the few years in which the juvenile court has been established in 'boy gangs' of Denver have brought in more criminals than the entire police force in the last twenty years, as the records of the court will show."
Professor C. R. Henderson of the University of Chicago, said:
"There's a number of important causes which make it easy for a boy to go astray. One is that our public schools present conducted are inadequate to the needs of the child. The churches are not doing all they should for the boy. All our forces should unite in securing more play grounds in the large cities."

ARE NOT MOVING CATTLE

Panhandle Stockmen Say They Will Ship No More to Dakotas
KANSAS CITY, Nov. 7.—Two cattlemen from the Panhandle country of Texas—E. H. Brainard and T. S. Jones—were registered at the Victoria hotel last night. Mr. Jones had just returned from South Dakota, where he sold some cattle. He said he was disappointed with his trip, because of the low prices paid for the cattle. He said he had several thousand head of cattle that he intended to ship to the Dakotas by way of Kansas City, but, owing to the condition of the market, he had decided to keep the stock on his ranch.
Mr. Jones says cattlemen of the Panhandle country are having trouble in getting ears. This, in a measure, was responsible for his being so late in shipping his cattle and caused him to get in after the price had gone down.

TIME TO BUY CATTLE

Now Is the Best Time to Buy Cattle, Says Old Cattleman
Hon. M. C. Campbell, member of the Kansas Live Stock Sanitary Board, and owning large ranch and cattle interests near Wichita, is well known by all Texas ranchmen. He is an experienced cattleman and his views on live stock matters are always read with interest. Mr. Campbell says: "The drought of 1901, followed by the hard winter and severe losses of stock last year and present low prices for cattle, is a bad combination of affairs for cattlemen to face. But now is the time to start in the cattle business. When cattle are low, then is the time to buy. This applies specially to the purchasing of young cattle. It is my opinion that cattle prices have reached the low point. For I do not think that the law of supply and demand has justified the depression in values. Indications are that during next year values will regain what they have lost this year."—West Texas Stockman.

ON THE GRIDIRON

Last Saturday's games showed great surprises in both east and west. Columbia was overwhelmed by Yale, although the first half ended 0 to 0.

The glory of the day belonged to the Indians, as they showed a field goal on Harvard in the first half and then in the second introduced a new trick on the kick-off by hiding the ball under the sweater of one of the players who proceeded, undiscovered, for a touch down.

Yale, too, plays a small game today in preparation for Princeton, and even with her heavy line, Yale is fearful of the result. From tackle to tackle there is no man weighing less than 200 on the Yale team, while the entire line averages 202.

THE CHAMPIONSHIP AND HARVARD about the same as on no real importance can be based on the game. It is worthy also to note that Amherst, Harvard's competitor, went down in ignominious defeat before Holy Cross, 33 to 0.
