

YAQUI REBELLION IS THING OF THE PAST

Mexican General Says That Forces of the Indians Have Been So Reduced That Only Small Bands Can Gather

Two important Mexican officials, General Luis E. Torres, retiring governor of the state of Sonora, and General Francisco Canedo, governor of the state of Sinaloa, were in West Texas this week. General Torres has just completed a hard siege in the field against the Yaquis. He has just relinquished the reins of government of the state of Sonora and will henceforth return to that state to resume command of the military zone with headquarters at Terime in the Rio Yaqui country.

Referring to the Yaqui troubles, General Torres says: "The Yaqui rebellion is a thing of the past. The rebellious Indians have been reduced in numbers to such a degree that they are now able to carry on hostilities against the authorities in bands of from five to twenty-five. They are in the same situation as the Apaches were in the latter days of the campaign of General Miles. As bandits, the surviving Yaquis have some advantage. Owing to the fact that the region is very sparsely settled and very thickly overgrown with forests and underbrush, the Indians are able to escape from the troops after committing depredations and murders. As the country is cleared and opened to settlement, the bandits will be exterminated. Every succeeding day the chances of the Yaquis to carry on hostilities against civilization are becoming fewer. There are still 3,999 soldiers stationed at Sonora. They have the situation well in hand. They will be kept there until the region of the Yaquis is thoroughly settled."

General Torres, referring to railroad matters in the republic, said: "Among the

railroads in project is one to Point Lobos. This is being handled by Governor Murphy of Arizona. It will be some time before the road is built, as no concession has, as yet, been secured. Another road that is projected is to go from Douglas, Ariz., to Tohbat, a harbor about fifty miles south of the mouth of the Yaqui river. A new port will be created at this point, and it will be a good one, for the reason that ships can find a fair haven of safety in the estuary of Tohbat, which is situated between an island of the same name and the coast of Sonora, and is well protected from storms and heavy seas. This railroad will open up a marvelously rich mining country, and as the wealthy mining firm of Phelps, Dodge & Co. is behind the project, there will not be much time lost in bringing it to completion.

Touching duties in the free zone, the general said: "At the present time the Mexican government is seriously concerned over the question of duties upon raw material brought from the United States into the free zone. While I cannot express my opinion as to what will be done, it may be that the present method of granting concessions will be abolished and something more satisfactory to the people substituted. It is certain that the industries of Sonora will be given greater impetus if a new order of things in this connection is instituted without loss of time. At the same time that the question of duties is being considered the government is seriously considering the problem of export taxes upon gold."

CROSSING GREAT SALT LAKE

Trestle Forty-Four Miles Long Almost Finished. A Wonderful Engineering Feat.

Before January 1 next it is expected that overland trains of the central route will be running over the new line crossing Great Salt Lake, known among railway men as the Ogden-Luon cut-off. By this engineering feat about 103 miles of crooked and back-number track are replaced for the direct grade and trestling of a little over forty-four miles across two arms of the lake. It involved all sorts of curious engineering freaks and it is no wonder the engineers and officials feel proud at seeing the satisfactory completion of this great work.

This cut-off line takes out all the steep grades, running as high as ninety feet to the mile and leaves no grade greater than twenty-one feet to the mile. The new engineering cuts out fully 4,000 degrees of curvature. The distance across the two arms of the Great Salt Lake is twenty-six and one-half miles. East of Promontory the roadbed is embanked except for one opening of 400 feet, provided for the outlet of the Bear river. West of Promontory the work is being embanked except about eleven miles out of a

distance of nineteen and a half miles. The trestling here is substantially done, and the engineers plan to fill in steadily, making a permanent embankment long before the piling begins to show signs of age.

With the completion of this Ogden-Luon cut-off, railroad men say that the saving of time on the main overland line will be such that the traveler may leave San Francisco at 8 o'clock in the afternoon instead of 10 o'clock in the morning as at present on the overland limited, and arrive in Chicago at the same time, thus effecting a saving of fully seven hours in the overland travel.

The last rail was laid Sunday on the cut-off. On Friday of this week President Harrison will make a trip of inspection of the new line.

The long stretch of track across the great inland salt sea is expected to prove one of the most picturesque features of transcontinental travel.

The last spike will be driven in the cut-off tomorrow, when a number of the Harriman party will perform the ceremony.

LAST COTTON REPORT OF THE FRISCO ISSUED

Conditions of the Crop Between Sherman and Brady Are Satisfactory and Most of the Yield Is Gathered

The last cotton bulletin of the Frisco general freight office has been issued by General Freight Agent W. C. Preston and shows a very satisfactory condition of the crop along that line from Sherman to Brady. Considerable of the crop has already been marketed, and the towns of Brownwood, Stephenville and Comanche make the best showing, about 45,000 bales being the output, the value of which is in the neighborhood of \$2,250,000.

The different towns on the Frisco referred to in the bulletin are:

Sherman—Cotton opening all right. Weather quite favorable. Corn in good condition.

Dorchester—Fine weather for last week. Farmers busy gathering corn and picking cotton. Cotton one-half bale per acre. Corn, forty bushels per acre.

Quinter—Cotton all open and nearly all gathered. One-half bale per acre.

Celina—Three-fifths of cotton crop marketed. Slightly less handled than at this time last year.

Prosper—Cotton about all gathered. Wheat doing nicely.

Frisco—Cotton moving at moderate speed. Wheat doing nicely.

Carrollton—Cotton in good condition. Three-fourths bale per acre. Corn, thirty bushels per acre.

Grapewine—Weather favorable past week. About seventy-five bales cotton per day. One-half bale per acre.

Cresson—Cotton one-fourth bale per acre. Weather fine. Corn, thirty bushels per acre.

Granbury—Corn, twenty bushels per acre. Cotton, one-half bale per acre. Opening rapidly.

Tolar—One-half bale per acre. Corn, fifteen bushels per acre. Cotton opening nicely.

Huffdale—Cotton almost gathered. Great many farmers through. Wheat that is up looking fine. Corn, twenty bushels per acre.

Stephenville—Weather fine. Receipts to date, 12,438 bales, 4,000 bales more to come. Corn fine.

Dublin—Eighty per cent of crop marketed. Cotton one-third bale per acre. Corn, forty bushels per acre.

Brookston—Cotton crop about all open. Eighty per cent gathered. Corn, thirty bushels per acre. General condition good.

Comanche—Cotton over half gathered. One-fifth bale per acre. Shipped to date, 15,962 bales.

Blanet—Estimate, 4,000 bales. Three-fourths crop gathered. One-half bale per acre.

Brownwood—Conditions good. One-half bale per acre. Three-fourths in. Corn in good condition.

Brady—Weather fine. Three-fourths of crop gathered. Receipts will be between 10,900 and 11,900 bales.

STRONG KIDNEYS MAKE STRONG MEN

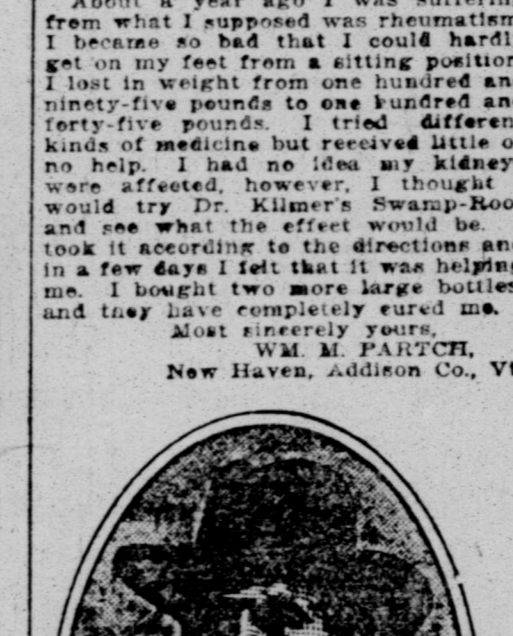

Thousands Have Weak Kidneys and Don't Even Suspect It.

2ND LIEUT. BAILY.

I was a constant sufferer for a number of years with back ache and frequent desire to urinate day and night and sometimes with smarting and burning sensation, but after using Dr. Kilmer's Swamp-Root I am entirely cured and cheerfully recommend it to any who suffer from these common complaints.

Most truly yours,
W. C. BAILY, 2nd Lieut. of Police,
Columbus, Ga.

CHIEF REYNOLDS.

I cheerfully recommend and endorse the Great Remedy, Dr. Kilmer's Swamp-Root for kidney trouble and bladder. I have used it and derived great benefit from it. I believe it has cured me entirely of kidney and bladder trouble, from which I suffered terribly.

Most gratefully yours,
A. REYNOLDS, Chief of Police,
Columbus, Ga.

POLICEMAN GUILFORD.

I have used Swamp-Root, the famous kidney, liver and bladder remedy, in my family with the most favorable results, and can cheerfully recommend it to the public as a reliable medicine.

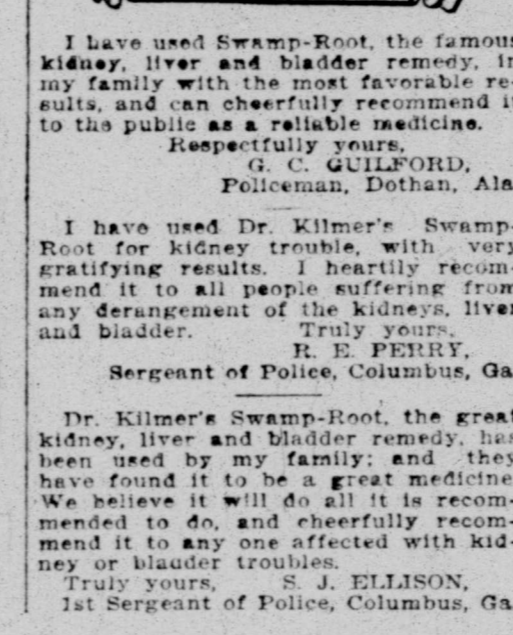

Respectfully yours,
G. C. GUILFORD,
Policeman, Dothan, Ala.

SERGT. PERRY.

I have used Dr. Kilmer's Swamp-Root for kidney trouble, with very gratifying results. I heartily recommend it to all people suffering from any derangement of the kidneys, liver and bladder.

Truly yours,
R. E. PERRY,
Sergeant of Police, Columbus, Ga.

SERGT. ELLISON.

Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, has been used by my family, and they have found it to be a great medicine. We believe it will do all it is recommended to do, and cheerfully recommend it to any one affected with kidney or bladder troubles.

Truly yours,
S. J. ELLISON,
1st Sergeant of Police, Columbus, Ga.

[Caption]

I have used Swamp-Root, the famous kidney, liver and bladder remedy, in my family with the most favorable results, and can cheerfully recommend it to the public as a reliable medicine.

Respectfully yours,
G. C. GUILFORD,
Policeman, Dothan, Ala.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

We often see a relative, a friend, or an acquaintance, apparently well, but in a few days we may be grieved to learn of their severe illness, or sudden death, caused by that fatal type of kidney trouble—Bright's Disease.

The mild and extraordinary effect of the world-famous kidney, liver and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince anyone.

EDITORIAL NOTICE—Swamp-Root has been tested in so many ways, and has proven so successful in every case, that a special arrangement has been made by which all readers of The Telegram who have not already tried it, may have a sample bottle sent absolutely free by mail. Also a book telling all about Swamp-Root, and containing many of the thousands upon thousands of testimonial letters received from men and women who owe their good health, in fact their very lives, to the wonderful curative properties of Swamp-Root. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention that you read this generous offer in The Fort Worth Telegram.

Swamp-Root is pleasant to take, and is for sale at all drug stores, in bottles of two sizes and two prices, fifty cents and one dollar. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WASHINGTON GOSSIP

William Hughes, member of congress for the Sixth district of (Paterson) New Jersey, a democrat, did not ride to Washington for the special session on a post-ride had the opportunity to do so, just as did all the other congressmen, and he didn't want the public to know anything about his declination, but the news leaked out.

No pratechies accompanied the refusal. The Baltimore and Ohio railroad was the only line that sent a pass. The

When a woman is nervous her imagination gives fantastic and threatening ideas to the most familiar objects. By day she starts in fear at every motion or unobtrusive sound. By night she is haunted by the furniture of her room taken on alighting forms of ghost or goblin. You can't reason with the nerves. Neither logic nor love can quiet them. They must be nourished and then the entry of the nerves will cease as naturally as a hungry child ceases to cry when fed.

For nervous women there is no better tonic and nerve than Dr. Pierce's Favorite Prescription. It cures the diseases which produce nervousness in women, irregularity, debilitating diseases, inflammation, atrophy and female weakness. It tranquillizes the nerves, encourages the appetite, and induces refreshing sleep.

"When I began taking your medicine I was able to stand on my feet ten minutes at a time," writes Mrs. Mattie Berradaile of 113 Spruce Street, Nashville, Tenn. "I had aching of my head, and my nerves were so weak that I could not do my work. I had several different doctors attending, but they could not do me any good. The last one I had said I would never get up again. I bought your medicine and took it according to the directions, and I feel like a new woman. I can do my work now, and I am able to stand on my feet ten minutes at a time."

Dr. Pierce's Favorite Prescription is sold by all druggists.

THE NEWS OF CLEBURNE

Two Men Who Will Have Time to Think Matters Over

CLEBURNE, Texas, Nov. 18.—John J. Luther, the penitentiary transfer agent, came here and took two prisoners in charge. One was Sam Gatlin, who is to serve a five year sentence for assault with intent to murder. The other, Ernest Murren, will serve a two year sentence for theft of a buggy.

County Commissioner H. F. Hestley had 250 pounds of seed cotton destroyed by fire. The mother sent their little boy out to get her some cotton. He struck a match and blew it out, then threw it down supposing it to be no longer aflame. It instantly set fire to the cotton and before it could be extinguished burned up some dollars worth.

News has been received here of a business change in the Coleman. Ivesicht & Co. wholesale house in Weatherford, of which there are several branch wholesale houses, one of which is in Cleburne. The Weatherford house has sold and the stockholders will go to Wichita Falls to locate. They will establish branch houses at Amarillo, Quanah, Canyon City, Seymour and other places. Frank Blair, who has recently been manager of the Cleburne house, and who married Miss Irene O'Connell, daughter of Mayor O'Connell, will go to Wichita Falls. Edgar Shumate, also connected with the firm, will go with them and he is to marry Miss Dayse Brins here November 25. The change will affect the Cleburne and Granbury houses, though just what extent has not yet been made public.

Rev. R. W. Little will succeed Rev. A. J. Bush as pastor of the First Christian church. Rev. Bush has accepted the management of the orphan asylum to be established near Falls.

The first span of the big Santa Fe viaduct, 150 feet long, is nearing completion. This elevated way will furnish a way across the tracks by overhead, passage and save the danger of accident.

In Wales there are 500,000 people who cannot speak English; in Ireland there are 30,000 who speak only Irish, and in Scotland there are 40,000 who speak only Gaelic.

BEST LINIMENT ON EARTH

I. M. McManey, Greenville, Texas, writes, November 2, 1903: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 75c, 50c and 25c at all drug stores.

A GUARANTEED CURE FOR PILES

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAGO OINTMENT fails to cure you in 6 to 10 days—50 cents.

WEATHERFORD COTTON

WEATHERFORD, Texas, Nov. 18.—At noon Wednesday the number of cotton bales marketed in Weatherford during the present season reached the 17,462 mark.

All the merchants of this place have agreed to close their doors on Thanksgiving day. On that date the only attraction will be the football game between the Hughes and Turner school of this place and the North Texas Normal of Denton.

Mrs. M. W. White of Fort Worth is here the guest of her mother, Mrs. John R. Switzer.

Anson Hawks of Tyler is here the guest of relatives.

Elmer Vincent of Dallas was here today.

County Attorney James Wilson has gone to Mineral Wells for the benefit of his health.

Miss Nellie Ewing of Cisco is here the guest of friends and relatives.

William Harmon of Thurber had business here today.

Miss Ruth Stephens went to Fort Worth today.

Miss Dela Watt returned today from Fort Worth, where she has been the guest of relatives.

NORTHER AT BREMOND

BREMOND, Texas, Nov. 18.—By far the coldest northern of the season reached here Monday afternoon at 1 o'clock. The weather has continually grown cooler until last night the thermometer ran as low as 26, and there was considerable ice this morning. The wind still blows briskly from the north.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free of charge.

TWO SIGNALS.

DANGER SIGNAL NO. 1.—Comes from the kidney secretions. The experienced physician knows at once the kidneys are sick when he examines the urine. You can tell for yourself. Urine that is pale and foamy—that is highly colored, reddish, blood-like—that contains sediment or "brick-dust like" deposit on standing, points to sick kidneys. Infrequent or too frequent urination and all urinary difficulties are danger signals which call for prompt use of Doan's Kidney Pills.

DANGER SIGNAL NO. 2.—Comes from the back. Back-ache pains in many forms—signal sick kidneys, tell of over-worked, congested kidneys; warn you of impending danger. A "back back" is misery enough of itself, but far worse is in store, for those who neglect its warning—nervous conditions—sleepless nights—despondency—falling eyesight—muscular soreness—Rheumatic pains and many exhaustive aches. Doan's Kidney Pills cure all ills of kidneys and bladder, and are endorsed by people you know.

HUNTING NEAR GILMER

Ducks Are Reported to Be Plentiful in Uppsher County

GILMER, Texas, Nov. 18.—The cold weather struck this place good and hard yesterday about 3 o'clock. Ice formed to a thickness of one-half inch. It is very dry and dusty. Rain is needed.

Duck hunting is the order hereabouts. Much game is being bagged.

"That's McClellan," said a lady in the house gallery yesterday, pointing to the major-elect.

"Who's McClellan?" asked the lady who sat next to her.

"Why, he's the new democratic mayor of New York."

"What's he doing here?"

"He is a member of congress."

"Goodness!" said the second lady, with a toss of her head. "Holding two offices isn't that just like those greedy democrats?"

DRAKE'S PALMETTO WINE

This wonderful tonic medicine will immediately help you and absolutely cure you. Every reader of The Telegram who desires to give this remarkable Palmetto medicine a thorough test is offered a trial bottle of Drake's Palmetto Wine free. One tablespoonful once a day immediately relieves and absolutely cures Indigestion, Flatulency, Constipation, Catarrh of the Mucous Membranes, Congestion of Liver or Kidneys and Inflammation of Bladder to stay cured. It is a wonderful tonic for the appetite, nervous system and blood, and promotes and maintains health and vigor.

Seventy-five cents at drug stores for a large bottle, usual dollar size, but a trial bottle will be sent free and prepaid to every reader of The Telegram who needs such a medicine. Address your letter or postal card to Drake Formula Company, Lake and Dearborn Streets, Chicago, Ill. A trial bottle will be sent prepaid.

Fort Worth Proof.

W. H. Davenport of 925 Jarvis street, the well-known jeweler, who is associated with W. P. Kruckman of 507 Main street, and who is also known as one of the finest musicians of Fort Worth, says: "Kidney complaint bothered me for a period of at least two months. It made itself known by a constant soreness across the small of my back directly over the kidneys, which annoyed me when stooping or straightening up, particularly in the mornings, when I first got up, when my back was so sore and lame that it seemed that I could hardly move. The disease came on me gradually and I paid little attention to it at first, thinking it would disappear as quickly as it came, but this was not the case. Instead of getting better it kept on growing worse, and one day I happened to be talking to a friend of mine, a Mr. Thornton, who advised me to try Doan's Kidney Pills, which he said had cured him of just such ailments, and which had done the same for other persons that he knew. I stepped into Weaver's Pharmacy and got a box and began to take them as directed. A short course cured me, and I can positively state that I have had no symptoms of a recurrence."

PRIVATE CITIZENS GRAFT

While it is generally understood that reforms go by waves, and that the movement soon loses its force, there is an indication that the protests against grafting in any line is not to rise up today and be cut down tomorrow, but will continue from day to day, until the people have succeeded in cutting it out. Grafting is shown in many lines. Politicians, some labor leaders, clerks, etc., are shown to be guilty, and to the shame of the country there are men who have taken the sacred oath of office who forget their duty to the people and engage in the practice of money making as a side issue. The latest is grafting in private life. Thirty-six young men living in Plymouth, Pa., refused to vote at the recent election because candidates for county offices declined to purchase ball tickets or provide funds for a supper incident to the dance. The strikers have formed a permanent organization, with constitution and by-laws. One of these provides that no candidate shall receive support unless he contributes a certain amount to the club funds. Practically the same scheme to get money or the essentials for a free carouse has been carried out in many of the election districts of Milwaukee prior to every hotly contested campaign. It is common in all parts of the United States. Nor did it originate on this side of the Atlantic. Dickens' description of the "Etansville" election indicates that in England sixty years ago there were electors who valued the glorious privilege of the ballot only at the price for which they could sell their suffrages, and who organized themselves into election clubs whose managers dickered with candidates till they found the one willing to pay most, the club taking his money and agreeing to give him its patriotic support.

Sometimes these smooth negotiators refuse to "stay bought." Frequently they take money from both sides if they can get it. In England and in various states of the union there are anti-corrupt practices laws, intended to prevent this sort of thing, but in practice these laws are not strictly enforced.

In this part of the country it has been the negroes who have refused to vote without the inducement of some consideration. It happened once in Waco during a good government campaign that the candidate who was not of the good government side was watched by the reformers so closely that he could not buy the votes, and the good government crowd had preached purity to such an extent that it would not risk buying the votes. The negroes refused to vote without they were bought. The polls closed in the evening with Mr. Nigger sitting on the fence without the money and without having exercised his suffrage. It would be a good idea if the candidates would form a little trust to meet the vote-grafters, and refuse to treat with them at all. The practice of forcing candidates to buy tickets to balls they do not want, to subscribe to church and library funds, to head general subscription lists, etc., is wrong. Now that the time for the campaign is approaching, let there be some action that will prevent this wholesale blackmail of a man wanting office. The idea that because a man asks your vote he must buy the friendship of the lodge, the church, the society or the library committee of your community is wrong. The class of people who bring such things about are not true and loyal to their duties as good citizens. Every one knows that entertainments, box socials and other grafts are arranged simply to "bleed" the candidates. It is a wrong policy and the people who do these things are doing wrong to themselves, their communities and to worthy men who ask for office. Approach the candidate legitimately and ascertain his views on questions affecting the office to which he aspires. If he is in line with your ideas of a proper administration of affairs, vote for him and if he is not, vote against him. The man who buys your good favor by patronizing your fair, your social or your dance, and who contributes to your subscription list, does so because he is

forced to and after he has done so he does not know whether you have sold out to him and will deliver the goods or whether you are simply "holding him up." Commenting on a paragraph in The Telegram, in which it is stated that Colonel E. S. Peters of the Texas Cotton Growers' Association has asked the cotton oil mill men to secure the non-infected seed for the next planting, the Houston Post says: "This is a matter which should commend itself to the attention of Texas farmers and mill men alike. Every possible blow should be struck against the boll weevil and the securing of non-infected seed is the first one and a necessary one. The secretary of the Cotton Growers' Association should communicate with all the mill men of the state and lay before them the suggestion of Colonel Peters. This matter is a vital one and the association should lose no time in taking action." Every newspaper in Texas will endorse the Peters' plan, and there is no reason why the oil mill men should refuse.

Hereford, Texas, is preparing for a big celebration of Thanksgiving day. On that occasion the new college building there will be dedicated. Union Thanksgiving services will be held in the college chapel on the morning of Thursday. Many prominent men and educators of the state have been invited to be present and have signified their acceptance of the invitation. Dr. Addison Clark and Governor Brownning of this city will deliver the chief dedicatory addresses. At 12 o'clock a Thanksgiving dinner will be served for the many visitors and friends on the college campus in tents provided for the purpose. Turkey and pumpkin pie are included in the menu. The afternoon of Thursday will be taken up with other addresses and speeches by other prominent men present.

The resolutions committee of the Texas State Federation of Labor is to be commended for the conservative policy which it followed in its work. The committee presented for adoption only those things which vitally affect the labor interests of the state, and discarded all other points. Its report showed that its members considered they were called upon only to look after the one line—the interests of the man who toils—and only in that interest did it make recommendations. It is by such conservative policy organized labor will get the sympathy of the people in its struggles.

The need of a new hotel in this city is evident to all, and if Secretary Paddock of the Board of Trade will keep up the agitation until he persuades some one to supply the demand, Fort Worth will be benefited.

In his annual address to the State Federation of Labor, President Max Andrew

A MAN CAN'T WORK WHEN HE IS SUFFERING WITH PILES

He Can't Eat, Can't Sleep, Can't Get Comfort Any Way But One—Pyramid Pile Cure Will Cure Him, Give Relief at Once—Never Known to Fail

Just a little pain may so distract a man's mind that it will cost him hundreds of dollars. Life is a battle. To succeed one needs all his energies and all his brain force to apply to the question at hand. Even a corn will make him irritable, cross, angry—and an angry man seldom succeeds. The itching pain of a corn is a pleasant feeling beside the agonizing ache of piles. That is a pain which seems to pervade the whole body. It communicates itself to all the parts near the seat of the trouble and brings on a heavy, dragging feeling in the perineum. Those who have never so suffered do not know what it means. It racks the nerves, prevents sleep, prevents concentrated thought and makes a man lose flesh as fast as he would with a virulent fever.

And yet piles are looked upon as a little thing. They are neglected—allowed to run on from month to month and year to year. By and by comes a dangerous surgical operation. Maybe it cures—maybe it kills.

There is only one sure, safe and quick cure for piles. It is the Pyramid Pile Cure. It is a recent discovery and its properties are such that it cleanses, soothes and heals the inflamed parts, reduces the inflammation at once, and with continued treatment removes all swelling and all trace of the disease. It puts the membranes in a healthy, active condition and cures completely and permanently.

said that the acts of one man like Sam Parks can undo years of good honest effort by the workmen. Truly spoken, and President Andrew further the interest of organized labor when he speaks out in condemnation of such a proceeding.

An auditorium here for large gatherings will bring people to this city who will spend money. Will you be one of the subscribers to the fund.

Don't overlook the auditorium question. It is a vital one, and if carried to success will mean much for Fort Worth.

STORIES OF THE DAY By The Optimist

In the office of John T. Montgomery, city secretary, the other day a group was relating anecdotes having to do with the late Hyde Jennings, when Alderman John P. Henderson spoke up.

"One day while we were chatting here in this office he told me an incident of his boyhood which interested me greatly, principally because it gave me such a true picture of his character," said Mr. Henderson. "The incident referred to occurred at a time when Mr. Jennings was 3 years old. He was going to school along with a brother who was some years his elder. There were ten or twelve boys in the school, who had formed a habit of swimming in a stream not far from the school house, during the noon hour.

"The school master learned of this practice and determined to put a stop to it. So he lined up the boys one day and told them that they must not go in swimming any more. He added that he would come any boys that violated the edict. After filing out of the school room the boys held a council of war and determined that they would go swimming, come what might. They formed a solemn pact that they would deny having been in swimming, if the schoolmaster questioned them when they returned. So off they went and enjoyed their swim. The schoolmaster met them as they guiltily returned to the school yard and lined them up again. Mr. Jennings' elder brother, being the oldest and largest boy in the crowd, stood at the head of the line, while Hyde, being the smallest, brought up the rear. The schoolmaster, after giving the line a searching scrutiny, put his question, beginning, of course, with the first boy—Hyde's big brother.

"Did you go in swimming today?" asked the teacher.

"The boy hesitated a minute and then replied, bravely: "Yes sir."

"The school master then asked each boy in turn and each replied in the affirmative until the boy at the end was reached.

"Did you go in swimming, Hyde?"

"No sir," replied Hyde, firmly.

"Are you sure you didn't?"

"Yes sir."

"The teacher thereupon dismissed all the boys except Hyde, to whom he administered a severe caning.

"Many years later, when Mr. Jennings had grown to manhood and had children of his own, he made a visit to the scene of his boyhood, and while there met his old schoolmaster, who at that time was over 70 years of age. After chatting for a while, the old pedagogue glanced at Mr. Jennings with a twinkle in his eyes and said:

"Hyde, I want you to tell me one thing—I've wondered about it all these years. Had you really been in swimming that day?"

"No, sir."

"Come, Hyde, I'm not going to whip you now. I could see that you had been in swimming. Why didn't you tell me the truth, as the other boys did?"

"Because I had made an agreement not to do so," was the terse reply.

Music and Drama

"Are You a Mason?" will be at Greenwall's tomorrow night and afternoon. This play has several seasons' success behind it and will no doubt draw the big crowd here that it has elsewhere.

"SHERLOCK HOLMES"

Mr. Herbert Kelcey and Miss Effie Shannon, together with their strong supporting company, will be the attraction at Greenwall's opera house on Saturday, matinee and night, November 21, in "Sherlock Holmes." Last year was Mr. Kelcey's and Miss Shannon's first visit to

Fort Worth and they created an exceedingly favorable impression. There is no question but that their visit this season will be attended by the same sort of a characterized their first advent in this city. Inasmuch as this is the farewell tour of this famous play, it should attract capacity business for both afternoon and evening performance.

"EAST LYNNE"

The old favorite, "East Lynne," is coming again. It will be here for a matinee and night on Monday, November 23. The company is said to be a good one in every respect.

FEDERATION OF NORTHERN CONFERENCE OF METHODISTS TURNS DOWN SOCIALISM

President Gompers Bitterly Attacks the Policy and Mitchell Also Speaks in Opposition. Discussed All Day

BOSTON, Mass., Nov. 13.—After a long debate, chiefly noteworthy because of the bitter language of President Samuel Gompers in dealing with socialism, the American Federation of Labor yesterday defeated resolutions pledging it to socialism. Nine resolutions presented by socialists and calling for the adoption of their principles, had been reported upon unfavorably by the committee on resolutions, and delegates representing a voting strength of 11,282 registered themselves in support of the committee's recommendation, while 2,815 votes were cast in favor of the resolutions.

The resolution was discussed all day. Just before the vote was taken yesterday afternoon considerable excitement was caused by Delegate Carey's condemnation of Vice President Duncanson's attack upon the socialists.

The climax came when President Gompers, in bitter and unqualified language, scoured socialism.

D. W. Richmond, president of the Railway Clerks' International Association, declared that his own organization would withdraw if the Federation adopted socialistic ideas.

John Mitchell, president of the United Mine Workers, said: "I have no desire to discuss the relative merits of trades unions and socialism. I recognize the right of every man to believe what he pleases. I wish to say that I regard it as a very great mistake on the part of our socialist friends to attempt to commit this movement to the principles in which they believe. It would be a sad day, indeed, if trades unions were made the tail end of a political organization."

President Gompers defended the position of Vice President Duncanson, who had been attacked by Mr. Carey.

In closing, he said: "I am at variance with your philosophy. Socially, you are wrong, and industrially, you are an impossibility. I have an abiding faith in the trades union movement, because it is the protector of labor today and of emancipation to come, and it must be the trade union that must achieve it."

Great applause followed the conclusion of Gompers' speech, and the roll call on the question of concurring in the committee's report resulted 11,282 in favor and 2,815 against, which meant the convention had refused to commit itself to socialism.

The announcement was hailed with cheers.

EAR GRAFTED TO HEAD OF MILLIONAIRE

Daring Operation by New York Surgeon Is Performed in Philadelphia—Twelve Days Needed for Success

PHILADELPHIA, Pa., Nov. 13.—Dr. Andrew L. Nelden of New York yesterday performed the operation of grafting an ear upon the head of a western millionaire, whose name, the surgeon says, he is under bond not to reveal. The operation was to have been performed in New York, but District Attorney Jerome is said to have interfered.

Dr. Nelden advertised for a man willing to sell an ear for \$5,000, and of 300 applicants he selected a young German who conducts a restaurant in New York. Dr. Nelden said today: "The operation has been performed and promises to be successful. I am under legal contract and heavy bond not to reveal the name of my patient. Generally speaking, he is a wealthy man from the west. The operation took place at a private hospital here, where I was assisted by a Philadelphia physician and one from New York. I think they will be willing to have their names known later.

"The two men were placed in opposite directions on an elongated bed. One-half of the volunteer's ear, the upper half, was cut off, together with about four inches of the skin behind the ear. "This was twisted around and fitted to a freshly prepared wound upon my patient's head. The half ear was held in place by bandages and the two men bound so they could not move their heads. "They must retain this position for at least twelve days to allow the circulation to come through the flap of skin that still remains a part of the volunteer's scalp. "If this half ear starts to knit properly the lower half of the ear will be grafted in the same manner."

REQUEST FOR STATE LABOR COMMISSIONER

Texas Federation of Labor Asks Creation of a New Office

BENEFITS OF TEXT BOOK LAW ASKED

Believed Working People of the Cities Are Entitled to Some Relief

CLERKS TO NO LONGER HAVE OPEN STORES

Delegate Habel Tells of Conditions in Eastern Texas—Legislative Committee Reports. Three Souvenirs Presented

Possibly the most important action of the Texas State Federation of Labor was the adoption of a resolution reciting the fact that laws have been passed against child labor and for the proper conduct of mines, and that these laws will fall of their own weight if not properly looked after, therefore the next state legislature should provide the office of commissioner of labor and factory and mine inspector to the end that such legislation will be enforced, and the mines and factories in this state will be inspected regularly as they are in other states of the union.

The resolution went through without a protest, and the legislative committee will urge it to the utmost.

FOR EXTENSION TEXT BOOK LAW There was a resolution passed providing that the legislature extend the text book law to all cities of the state. Delegate T. W. Dee of Galveston told of the immense cost which was necessary in the purchase of books this session for the schools. The matter was discussed at some length and it was decided the working people of the state should be entitled to the privileges of the uniform text book law, so they could pass through a few years without having to pay for new books every year because of the changes made by an ever changing school board. As it is the text book law applies to the rural precincts. There are few of the representatives of organized labor in the rural precincts. The working men consider that if the text book law is a good one and a system of economy for the farmer, it will work to his interest as well and it should be made to apply to those sections of the state where he lives.

One delegate said that the matter had been taken up at the polls in his town. The school board in his home is elected by the people. The board was asked to put the state adoption books in the city. The board refused and at the next election those who were candidates for re-election were defeated, and they are now waiting

for the next election to get the scalps of the other members.

There was a general sentiment in favor of the working people having the benefit of the state adoption.

IN THE SAW MILL DISTRICT Delegate Habel of Dallas had a long resolution in reference to the conditions in the lumber camps of the eastern part of the state. He told of a visit to that section of the state where he investigated the condition of the men. They are paid in brass checks at whatever time of the year the employers see fit to distribute them; they never see United States coin; they are taxed for an insurance fund which is to be applied to a payment of seventy-five cents per day as an indemnity in case one is injured, and soon after an injury occurs, the man is discharged and the payment of the per diem benefit is stopped. He said the men were not organized because the companies controlling the mills own all the land about, and an organizer is not allowed to visit the working people, the constabulary in every precinct being in the employ of the companies and doing their bidding. The "company store" system, he said, is followed and the working people are forced to pay higher prices for the necessities of life. Mr. Habel asked that the convention request the legislative committee to urge the passage of a law which would require that working people be paid in the money of the United States at stated periods; that the company store be made an unlawful institution, and that the check system be made unlawful in whatever form it may be used.

The resolution was carried with a whoop.

THEY ARE RECOGNIZED

The bartenders' union, the brewers and the cooks and waiters came before the organization with a request for recognition as legitimate branches of organized labor. They said that some unions had not given them the support they desired, and they wished to have the State Federation pass upon the question. The Federation passed a resolution endorsing them as legitimate branches of organized labor, and commended them all working organizations.

NO MORE OPEN SHOPS

The representatives of the retail clerks' union announced to the convention that the open shop in this state would no longer be countenanced. Union clerks will not be allowed in any store in which clerks are not members of the union. The convention was asked to endorse this movement and the union men are asked to patrolize no establishment which does not display the "store card" of the clerks' union, which is an indication that every clerk employed therein is a union man.

Mrs. Emma Lanphere, national organizer for the clerks, said that it has been decided that no longer will the clerks be willing to allow one or two clerks in an establishment to carry a card, simply as a bid for the workingman's patronage. This patronage will not go to individuals, but will go to unionized stores, where the proprietors have seen the force of the workingman's argument and who desire the patronage which will go with the "store card." Every proprietor who desires the union patronage will have to unionize his store.

The convention adopted the resolution on this line which was requested.

THE POLL TAX QUESTION The majority rule committee was instructed to ask all candidates for legislative office if they would be willing to vote for a re-submission of the poll tax qualification for voting.

It was decided by the committee on laws that the convention shall hereafter meet in August of each year. Adopted. The per capita tax was fixed at one cent per month, each union to pay that amount on its membership.

THE LEGISLATIVE BOARD

One of the interesting addresses before the convention was that by Walton Petzet, secretary of the official labor paper at San Antonio, and a member of the legislative committee on duty at the state capital. Mr. Petzet told of the success of the first attempt at joint action by the representatives of organized labor. There has for years been a representative of each of the railroad organizations on duty during a legislative session. The first time the State Federation of Labor has been represented was at the last session. Mr. Petzet as the Federation representative formed a joint committee as follows: J. A. Lawson, chairman legislative board, B. of R. T., chairman; Joseph H. Myers, chairman legislative board, R. of L. P., secretary; Ed B. Willis, legislative representative, O. R. C., treasurer; R. J. McCool, chairman legislative board, B. of L. N.; Walton Petzet, legislative representative, Texas Federation of Labor.

Mr. Petzet said the committee decided it would be in absolute unanimity on every question which affected the labor interests, and would have nothing whatever to do with questions which did not have to do with the interests of the man who toils. In that way the committee com-

manded the respect of the members of the legislature, their arguments were effective and their representations were given weight. He advised the same policy in the future. He said that if the Federation representative would follow the same policy it would mean much good to the working man. His report was applauded and later his policy was endorsed by the convention electing him chairman of the legislative committee.

The four railway members of the committee, Messrs. Lawson, Myers, Willis and McCool, were then called before the convention and introduced. There was some regret because Mr. Lawson has served his last term as legislative representative of his order. He has been appointed inspector of safety appliances under the jurisdiction of the Interstate commerce commission, and is devoting his time to the work. The convention, learning of this, adopted a resolution thanking the officials of the Interstate commerce commission who made the appointment.

HE IS GOOD MEMBER

There was some suggestion that in future no person be allowed a seat in the State Federation convention who is a candidate for a political office or who holds a political office. This was defeated, Delegate Tom W. Dee saying that if it carried it would bar out one of the best members of the Federation, a man who has attended its meetings and who has done everything he could for the cause. He mentioned Ed S. Hughes, state expert printer.

Mr. Hughes thanked the convention for the defeat of the proposition, in that it applied to him. He told of some of the workings of his office since he has had charge of it, and showed by figures and facts how he has saved the state money on the big printing contracts. This called for several speeches of indorsement of Mr. Hughes.

PRESENTED THREE SOUVENIRS

Walton Petzet, acting for Hon. Chris Callan, the only organized labor representative who is a member of the Texas legislature, presented the convention with three pens. One of these was used by the governor, one by Lieutenant Governor George D. Neal and one by Speaker Pat M. Noff, in signing the child labor law which passed through the influence of the legislative committee. It was decided by the convention that the pens be framed and kept as part of the archives of the State Federation.

ELECTION OF OFFICERS

At the meeting of the convention last night officers for the next year were elected as follows: President, Max Andrew of Houston; first vice president, Paul Stoffer of San Antonio; second vice president, Ed Cunningham, Bridgeport; third vice president, Julius Johnson of Austin; fourth vice president, J. William Parks of Dallas; fifth vice president, M. Oppenheimer of Denison; secretary-treasurer, C. W. Woodman of Fort Worth; legislative committee, Walton Petzet of San Antonio, chairman; Frank M. Graves of Cleburne, chairman; John McNeely of Houston, Jake Stine of Fort Worth and T. W. Dee of Galveston; sergeant at arms, W. S. Castell of Abilene.

President Andrew appointed the following on the majority rule committee: Chairman, J. R. Spencer of Waco, R. L. East of Houston, George Norhaus of San Antonio, G. E. Dequay of Galveston, M. S. Hughes of Austin, W. P. Bowdry of Thacher, P. Brooks of Lyra, J. Edwards of Strawn, J. Pitts of Beaumont, J. Dougherty of Denton, J. Warden of Sherman, Ed Cunningham of Bridgeport, J. E. Gellers of Dallas, W. W. McIlheny of Denison, W. S. Castell of Abilene, P. M. Graves of Cleburne, James Brasaman of Fort Worth.

On motion the chairman of the committee was authorized to name the successor of any vacancy as it may occur.

The convention adjourned to meet next year in Galveston, and after its adjournment the members were entertained with refreshments by the local committee. There was a dance later in Labor Temple.

There was a decrease of over 30 per cent in the exports of cheese from the United States in the fiscal year ending June 30, 1902, as compared with the year preceding.

CHRISTMAS DINNER FOR THE CITY'S POOR

The Salvation Army is preparing to give a fine Christmas dinner to every poor family in Fort Worth.

On that day of good will and rejoicing, Captain Cumble proposes that not a single family in this prosperous city shall sit secluded in its humble home, unthought of and unprovided for—forgotten by the happy, busy, merry world.

Captain Cumble proposes that the emotion of lonely despair which is stronger among the poor and the outcast on Christmas than on any other in the year—for it is only the poor and outcast that need be lonely—shall not find an abiding place in any heart in this city at the Yuletide of this year.

And The Telegram proposes to help Captain Cumble and his assistants in this good cause. It will help in every way in its power to make the dinner a success. Not only the grown-ups, but the children of the city are asked to help in the good work. Every dime contributed will go to swell the fund which is to provide good food and plenty of it for the poor on Christmas day.

TO BE A BASKET DINNER

At a conference between Captain Cumble and the management of The Telegram it was determined that a basket dinner would be given. This for obvious reasons is more welcome to the poor than would be a public spread, as has been demonstrated many times in past years on similar occasions.

Captain and Mrs. Cumble will have charge of all donations; will call for them, arrange them in baskets and distribute them. The baskets will be distributed from the Salvation Army emergency home, 203 Rusk street, early Christmas day. To any families which have no one to send after the baskets the provisions will be delivered.

The names of all donors of cash and food will be printed in The Telegram. Cash contributions may be sent to The Telegram office and Captain Cumble will call for all donations of food when notified to do so. For this dinner a list of articles of food required will be made up and the cash subscribed will be used in buying sufficient quantities of such food as is needed to make each basket complete.

When the list of articles to go into each basket is completed it will be printed in The Telegram and all may be sure that it will be of a character to insure a splen-

NOW IS THE TIME TO START IT

Although Christmas day is a little more than a month off, it is none too early to begin in making preparations for the dinner, as a vast amount of work will be required to gather the donations of food, make purchases and arrange the baskets. A careful account of all food and cash contributions will be kept and the receipts of all such will be acknowledged in The Telegram.

In tomorrow's paper a column will be started in which cash and other contributions will be acknowledged and this column will be continued from day to day. Letters sent along with contributions, if not too lengthy, will be given space.

Remember that every dime will make some deserving man, woman or child happy and that the earlier it is received the better it will be for those undertaking the work of preparing the dinner.

NOTHING BUT OPPORTUNITIES

"Your play as it now stands," said the dramatic critic, "is calculated to drive men to drink."

"Why do you think that?" asked the author-manager.

"Because it is split up into seven acts," replied the d. c.—Chicago News.

Miss Laura Drake Gill, dean of Bernard College, has been appointed advisor to women graduate students of Columbia University, an office created by the Columbia trustees about a year ago.

The Sunday Telegram now has 8 pages of colored, comic and magazine sections every Sunday, besides pages and pages of humorous and fiction articles. The Sunday Telegram is mailed out of Fort Worth on late Saturday night trains, making it possible to reach every Oklahoma and Indian Territory town on Sunday morning. The Sunday Telegram becomes, therefore, a Sunday paper for all Oklahoma and Indian Territory containing Sunday reading matter.

The New Sunday Telegram contains a full Associated Press and Telegraph report and is equal to any Chicago, New York or St. Louis Sunday Paper.

THE AWARDS

First—A \$400.00 Upright Piano.
Second—A Handsome Diamond Ring. A pure white stone without a flaw, set in the latest style Tiffany mounting and valued at \$200.00.
Third—A Ladies' Solid Gold Watch, Roman color satin finish, with seven whole cut diamonds set in the center of the case, valued at \$125.00.
Fourth—Two Round Trip Tickets to the World's Fair at St. Louis, 1904. In addition to the latter award, The Telegram will furnish free, tickets to the exposition grounds.

HOW THE VOTES COUNT

During the contest for every cent received by mail or delivered at The Telegram office on a prepaid subscription to The New Sunday Telegram, two votes will be counted for the lady of your choice until midnight, November 20, 1903, and one vote until midnight, December 1, 1903.

The price of The Sunday Telegram is as follows: One year, \$2.00, counting the schedule number of votes for the popular lady of your choice. Six months, \$1.00, counting the schedule number of votes for the popular lady of your choice. The same conditions will apply to The Daily Telegram. The subscription price is fifty cents per month.

CONDITIONS OF CONTEST

First—The lady in Oklahoma or Indian Territory receiving the largest number of votes by midnight, Tuesday, December 1, 1903, will receive the first award, a \$400.00 Upright Piano.
Second—The lady receiving the next largest number of votes will receive the second award, a \$200.00 Diamond Ring.
Third—The lady receiving the next largest number of votes will receive the third award, a \$125.00 Solid Gold Watch.
Fourth—The lady receiving the next largest number of votes will receive the fourth award, Two Round Trip Tickets to the World's Fair, 1904.

THE LATEST IN RAILROAD NEWS

Office Room Is a Problem Now Confronting Officials of the Rock Island

December 1 is the date on which the consolidation of the Rock Island lines in Texas is scheduled to take place, and while none of the officers of the company here are willing to give out a statement that such will be the case, it is generally understood that the final amalgamation of the system's lines in the state will take place in compliance with an act passed by the legislature.

The difficulty which confronts the company here is to provide adequate and convenient quarters for the additional forces that are to be added to the present general office forces on account of the consolidation. The general offices of the company here are already overcrowded, and the addition of the forces of the auditing department of the Choctaw, Oklahoma and Gulf, which is to be removed to Fort Worth from Dallas, will still further increase the present working force here and make conditions more crowded.

It is rumored that the building now occupied by the Rock Island general offices is to be enlarged by the addition of another story, which will give adequate room for the increased forces. This, it is said, will be a necessity, or other quarters must be secured.

STOCKMEN ARE CONFIDENT

Western live stock shippers are much put out over the action of the executive officers of the western roads, abolishing the practice of issuing free transportation to the men sent with the cattle to the markets. They are making strong efforts to have the action rescinded.

The opinion is that the new agreement will not be carried out, as there are always some roads that will court favor with the shippers, and if one or two break the agreement and grant free return transportation to stockmen, the roads will not be slow to follow.

Discussing the matter a prominent stockman said today:

"I cannot believe that the big railroads of the west will carry out any such arrangement. When they have had the time to reflect, they must conclude that a ruling of this kind will result in loss rather than profit to the roads. The inducements for shippers to make a short haul to avoid paying railroad fare in returning and the reduced revenues from freight business would in most cases leave a balance on the wrong side of the roads when final results were figured."

Another reason why the new agreement is not likely to stand is that the state of Missouri, through which a great deal of the live stock to the east passes, enacted a law a year or two ago making it obligatory upon the railroads to give free return transportation to live stock shippers. The railroads claim the Missouri law is invalid, as it conflicts with the interstate commerce law, but few of them show any inclination to fight out the matter in the courts.

ANOTHER MEXICAN ROAD

Another new railroad is a possibility in the near future for Sonora, if the plans of the Cieneguita Mining Company are carried out.

This company, of which George Beebe is at the head, owns some valuable copper property on the Yaqui river, about 150 miles east of Hermosillo, and which it is said will rival the Cananea property. The company owns a mountain of highly mineralized ore, which it proposes to work on a large scale. The company is now arranging to put up a smelter on the property and part of the plans are to build a railroad from Minas Prietas to their property, a distance of about 100 miles, on which to transport supplies and products.

There is now a small branch line from Torres station to Minas Prietas, which is used by the mining company at Minas Prietas and it is proposed to secure a traffic agreement with that company.

SHOPS AT CLEBURNE

Material is being placed on the ground for the erection of a freight depot for the Trinity and Brazos Valley road at Cleburne.

The shops of this company are to be located at Cleburne. It is said the abundance of artesian water secured for Cleburne these shops.

LIFE IN A MODERN FLAT

Mr. and Mrs. Alfred Vanderbilt Will Have Handsome Apartments

NEW YORK, Nov. 19.—A six-room flat in Madison avenue, with an airy front and thirty-third streets, will be the home of Mr. and Mrs. Alfred Gwynne Vanderbilt. The rent is \$6,000 a year. Mrs. Vanderbilt is the richest young matron in the United States.

Mrs. Vanderbilt already has settled up on the arrangement of the six rooms at her disposal. She has decided to dine downstairs in a restaurant whenever she and Mr. Vanderbilt are at home, so there is no dining room problem. There are in the Washington establishment a head waiter and assistants to care for the men's clothes and to do the hundred and one odd little things needed every day by a man of fashion. A full corps of maids is also at the call of the women of the house. The Vanderbilts will have only breakfast in their suite.

FIRST "AUTO" IN LAWTON

LAWTON, Ok., Nov. 19.—The first automobile here arrived yesterday. J. B. Chapman will use it as an omnibus from here to Mount Sheridan and to Cruterville, a summer resort near here.

GATES AT NEW ORLEANS

NEW ORLEANS, La., Nov. 19.—John W. Gates, a multi-millionaire, speculator and turf plunger, arrived here last night on his \$50,000 steam yacht, Roxana, bound for Port Arthur and Beaumont, where he has a winter home.

After Christmas he will again take up the cruise on the Roxana, going to Florida and Cuba. Mr. Gates will attend a meeting of the directors of his oil company in Beaumont.

Miss Anna L. Davis to Jake Back, part lot 3, block 3, Mansfield, \$110.

BRAIN FOOD

Is of Little Benefit Unless It Is Digested

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years' experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food eaten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestive; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.
